

# Home Energy Analysis

You can count on us to make your home comfortable, safe, and help you with tips to save money on your energy bills with a free Home Energy Analysis.

One of our trained energy experts will walk through your home, providing you with one-on-one education and free energy saving products.

**During your appointment, you will receive the following energy saving upgrades at no cost:**

- Indoor and outdoor LED bulbs
- LED nightlights
- Carbon monoxide (CO) and gas leak checks
- Custom home energy report
- Pipe wrap, showerheads and aerators for customers with electric water heaters
- **Savings of up to \$150 in yearly electricity costs**

**Some households may qualify for free premium upgrades such as refrigerator, dehumidifier and AC unit replacement.**

*Eligibility is determined at the time of the appointment.*
