Application for Consumers Energy Lake Allegan Shoreline Use Permit

Consumers Energy Company is authorized by Article 408 of its license from the Federal Energy Regulatory Commission to issue permits for use and occupancy of project lands and waters. The types of use and occupancy of project lands and waters for which Consumers Energy may grant permission are: boat docks, non-commercial piers, breakwaters, landings, or other similar structures and facilities; bank stabilization for erosion control to protect the existing shoreline; the placement or removal of dredged or fill material from or into project lands or waters; and landscape plantings. Any changes to a facility having an existing permit number require modification approval. Permit numbers remain with the property

Completed permit applications not requiring agency review may take up to 6 weeks to process. Submittal of an application and fees, or the depositing of those fees, does not constitute or guarantee the issuance of a permit. If necessary information and/or appropriate fee(s) are not provided, the application cannot be processed, nor can a permit be issued.

*When issued, permits will be sent via email (if an email address is provided), unless a hard copy is requested to be sent via mail.

Application is hereby made for a permit(s) to authorize the structures and/or activities described in Section 3 above. I understand & hereby acknowledge that the Calkins Bridge Dam is a Federal Project subject to the jurisdiction of the United States Government and its agencies and that this License is subject to all requirements and restrictions that are or may be issued by the United States Government and Consumers Energy Company. I further understand and acknowledge that Consumers Energy Company assumes no responsibility or liability for any of the above-described activities or for any damage to the facilities which are the subject of the application that may result from the operation of the Project. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, accurate and complies with Consumers Energy permit guidelines in effect at the time of the application. I further certify that I possess authority to undertake the proposed activities.

Applicant's Printed Name **Applicant's Signature** **Date**

Does your packet include the following?

- Completed application
- Drawing
- Fees**
- Specification sheet (dock/pump or bank stabilization)
- Engineer-sealed plans (docks 3,000 sq. ft. or more, breakwater or pump over 2HP)
- Certificate of liability insurance (for breakwater)
- For transfers also submit deed and approved electrical inspection

E-Mail completed application to: hydro@cmsenergy.com or mail to the address at the top of this page.
