<b>TOTAL PAYMENT .....</b>		<b>\$ _____</b>

**SCHEDULE OF REFUNDS**

1. Original Customers

At the end of each of the five 12-month periods during the five-year period beginning three months following the date the line extension is completed, the Company will refund to the Applicant three times the amount that actual revenue from original permanent customers exceeds the base annual revenue. The 'base annual revenue' equals the total estimated annual revenue from permanent customers stated above; provided that if for any 12-month refund period the actual revenue upon which the refund is based exceeds the base annual revenue. Said actual 12-month revenue will be the base annual revenue for calculations of future refunds.

2. Additional Connected Customers

The Company will refund \$1,000 for each permanent residential customer and/or three times the first year's estimated annual revenue for each permanent general service customer who during the five-year refund period connects directly to the line extension covered by this Agreement. Directly connected customers are those who do not require the construction of more than 300 feet of primary and/or secondary distribution line. Refunds will not be made until the original customer(s) or equivalent is actually connected to the extension. Refund will not include any amount of Nonrefundable contribution.
