[illegible]

SCHEDULE OF REFUNDS

1. Additional Residential Customers

A one-time refund will be paid to the customer either (a) five years from completion date of the line extension or (b) at an earlier date if selected by the Applicant. The Company will refund to the Applicant \$1,000 for each additional permanent residential customer who connects directly* to the line extension covered by this Agreement. Refunds shall not include any amount of contribution in aid of construction for underground service made under the provisions of Rule C6.2, Underground Policy, of the Company's Schedule of Rates Governing the Sale of Electric Service. Total refund(s) shall not exceed the original amount of the deposit subject to refund.

2. Additional General Service Customers

A one-time refund will be paid to the customer either (a) five years from completion date of the line extension or (b) at an earlier date if selected by the Applicant. The Company will refund to the Applicant three times the first year's estimated annual revenue for each additional permanent general service customer who connects directly* to the line extension covered by this Agreement. Refunds shall not include any amount of contribution in aid of construction for underground service made under the provisions of Rule C6.2, Underground Policy, of the Company's Schedule of Rates Governing the Sale of Electric Service. Total refund(s) shall not exceed the original amount of the deposit subject to refund.

* Directly connected customers are those who do not require the construction of more than 300 feet of primary and/or secondary distribution line.
