Initial Term: _____ months beginning with the Effective Date of Agreement stated.

The Company agrees to supply and the Customer agrees to purchase electric energy in accordance with the Contract For Electric Service between Company and Customer dated _____ and the applicable Company’s General Service Rate provision identified above, a copy of which is attached hereto and made a part hereof, and in accordance with such amendments thereto as may be filed with and approved by the Michigan Public Service Commission during the term of this Agreement.

Aggregate Peak Demand Service Provision (GAP): This provision is available to any customer with 7 accounts or more who desire to aggregate their On-Peak Billing Demands for power supply billing purposes. To be eligible, each account must have a minimum average On-Peak Billing demand of 250 kW and be located within the same billing district. The aggregate maximum capacity of all customers served under this provision shall be limited to 200,000 kW. This provision commences with service rendered on and after June 20, 2008 and remains in effect until terminated by a Commission Order. Interval Data Meters are required for service under this provision. Provision shall be based on the limitations, terms and eligibility as described in the Company’s Electric Rate Book as approved by the Michigan Public Service Commission.

Educational Institution Service Provision (GEI): When service is supplied to a school, college or university, a credit shall be applied during all billing months. As used in this provision, “school” shall mean buildings, facilities, playing fields, or property directly or indirectly used for school purposes for children in grades kindergarten through twelve, when provided by a public or nonpublic school. School does not include instruction provided in a private residence or proprietary trade, vocational training or occupational school. “College” or “University” shall mean buildings located on the same campus and used to impart instruction, including all adjacent and appurtenant buildings owned by the same customer which are located on the same campus and which constitute an integral part of such college or university facilities. Provision shall be based on the limitations, terms and eligibility as described in the Company’s Electric Rate Book as approved by the Michigan Public Service Commission.

At the Company’s discretion, the customer may reduce the contracted amount one time within the annual contracted period.
