

\$300 Bonus Terms & Conditions:

Customer may receive up to a \$300 bonus contingent on total project cost. Bonus will not exceed 100% of project cost. Bonus will be paid on the next project completed only. The bonus will not be applied to multiple completed projects.

For example, two projects are identified in your facility, one for \$500 and one for \$250. To receive the full bonus amount, complete the \$500 project first and receive the full bonus amount of \$300. By completing the \$250 project first, the bonus would be \$250 and the additional \$50 would be forfeited under this offer. One bonus of up to \$300 is allowed per facility address.

Customer must complete and return this customer information form and W-9, a link to the IRS W-9 website is found below, to receive the bonus check after the project payment has been issued.

Please email completed forms to ConsumersEnergySmallBusinessSolutions@cmsenergy.com.
