

2025 Renewable Energy Program Prospective Product Content LABEL¹

The Renewable Energy Program is certified by Green-e® Energy. As part of this certification, we are required to provide you with detailed information about the product, including this Product Content Label and the program’s Price, Terms and Conditions.

When you enroll in the Renewable Energy Program, you match up to 100% of your monthly kilowatt-hour (kWh) energy usage with renewable energy. The product is comprised of the following new renewable resources averaged annually.

Green-e® Energy Certified New² Renewable Source

	2025 Prospective	2026 Prospective ³	Generation Location
Solar	0%	59.2%	Calhoun County, MI
Wind	100%	40.8%	Tuscola County, MI
TOTAL	100%	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the RECs you purchased.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.

3. In future years, new solar resources will be added to the Renewable Energy Program electric fuel mix.

For comparison, Consumers Energy’s electric fuel mix includes: Coal (21.4%), Nuclear (5.2%), Oil (0.1%), Natural Gas (60.9%), Hydroelectric (1.2%), Wind (6.5%), Solar (1.8%) and Renewable Fuels (2.9%). This resource mix was prepared in accordance with Consumers Energy [Consumers Energy Fuel Mix](#)

The average home in Consumers Energy’s service territory uses 603 kWh per month. Source: U.S. EIA, 2023

Price, Terms, and Conditions

Company	Consumers Energy
How much does it cost?	Participants can select how much renewable energy they would like to subscribe to. They will be charged at an agreed upon fixed subscription fee per kilowatt hour. Check out the enrollment calculator on the Renewable Energy Program website to see the subscription cost and the impact your enrollment can make.
Will my subscription costs change over time?	Your subscription fee will remain fixed for the duration that you are enrolled in the program. However, the bill credit you receive will vary monthly due to changes in the market value of renewable energy.
What happens if I move?	If you move within Consumers Energy’s electric service territory, your enrollment in the program will move with you. If you move out of Consumers Energy’s electric service territory, your subscription will be canceled and there is no penalty.
Can I cancel participation in the program?	Yes, the program is optional and after the initial 12-month commitment residential customers can cancel with no penalty. For contracted C&I customers an early termination fee may apply.
Where can I go for more information?	For more program information, contact us at renewableprogram@consumersenergy.com or visit consumersenergy.com/renewable-energy-program .
