How it works

1. Schedule a day and time for a trained Energy Expert visit your home and review your energy use.
2. During your scheduled appointment, our Energy Experts will deliver and install your free energy saving kit, check your home for gas leaks, and test for carbon monoxide (CO).
3. Following your appointment, you'll receive a custom home energy report detailing your home's energy use and savings. Customers can expect to see bill savings of up to \$150 yearly and improved home comfort.

Included in your kit

- Indoor and outdoor LED bulbs
- LED nightlights
- Pipe wrap, showerheads, and aerators for customers with electric water heaters

Additional upgrades may be available for customers at or below 200% of the Federal Poverty Level.

Schedule today and reserve your FREE lighting kit while supplies are available.
