Consumers Energy
BusinessSolutions

Save money on your bill. Use it to grow your business.

Consumers Energy Business Solutions are designed to save you money. You can reallocate those resources into what matters most to your business—facility improvements, staff or more efficient and sustainable processes.

Getting Started Is Easy

1. Start with a free energy assessment. Get up to \$500 in free energy-efficient products and a detailed report providing ways to cut down on your energy use.
2. Get up to \$30,000 in rebates for equipment and labor to help reduce energy use.
3. Discover highly discounted energy efficient products (with free shipping) by visiting our online Small Business Marketplace.
