**Consumers Energy**

*Count on Us®*

# Discover the many benefits of a new home furnace

With winter around the corner, now is the best time to upgrade your heating system. Replacing your furnace will help you stay warm and comfortable all season long while avoiding a costly system breakdown.

## More than just comfort

A new furnace is a home comfort booster, but that's not all. It benefits you and Michigan, too. High efficiency heating equipment can prevent energy waste (saving you money) and reduce your greenhouse gas emissions, which helps create a cleaner and brighter energy future.

## Turn comfort into savings

Energy efficient equipment can be a big home investment. To help reduce the cost, we offer **rebates up to \$400\*** on qualifying natural gas furnaces. Plus, your participating contractor will submit the rebate application for you, so you can take it easy and enjoy your improved home comfort.

Visit [ConsumersEnergy.com/hvac](https://ConsumersEnergy.com/hvac) to learn more about rebates and qualifying equipment.

\* Valid on services completed on or after Jan 1, 2021. Funds for offer redemption are limited and available on a first-come, first-served basis. This offer is valid for Consumers Energy residential natural gas or combination service (natural gas and electric) customers only. Not valid for new home construction. No cash value. Offer valid for original bill insert recipient only.
