IS YOUR HOME READY FOR THE COLD?

**UPGRADE YOUR HEATING SYSTEM TODAY TO STAY
COMFORTABLE AND SAVE ENERGY THIS SEASON.**

KEEP THE COLD OUT.

When temperatures drop, your furnace has to work harder to keep your home comfortable. Maintaining or upgrading your heating system now will ensure you're prepared this winter.

High-efficiency heating equipment uses less energy, runs quieter and helps keep home temperatures comfortable and consistent.

MAXIMIZE YOUR SAVINGS!

Upgrading to energy-efficient equipment can be a big investment. To help cover the cost, we offer **rebates up to \$400*** on qualifying natural gas furnaces.

Plus, you can save an additional \$100 on a furnace when a participating contractor installs it by Dec. 15, 2018. Just use the promo code on this coupon!

Visit **ConsumersEnergy.com/schedule** to find a participating contractor near you. For more information, call **866-234-0445** or visit **ConsumersEnergy.com/hvac**
