Spring Emergency Plan

- * Create a support network of family. Practice your plan with them.
- * Make sure they have an extra key to your home, know where you keep your emergency supplies and how to use lifesaving equipment or administer medicine.
- * If you undergo routine treatments administered by a clinic or hospital, find out their emergency plans and work with them to identify back-up providers.
- * If you have a communication-related disability, note the best way to communicate with you.
- * Don't forget our pets or service animals. Not all shelters accept pets so plan for alternatives
- * Prepare an emergency kit for you and your pet.
- * For related information visit www.ready.gov.
