CONSUMERS 2014 SECURITIZATION FUNDING LLC

CONSUMERS ENERGY COMPANY

\$378,000,000 SENIOR SECURED SECURITIZATION BONDS, SERIES 2014A

UNDERWRITING AGREEMENT

July 14, 2014

To the Representatives named in Schedule I hereto
of the Underwriters named in Schedule II hereto

Ladies and Gentlemen:

1. Introduction. Consumers 2014 Securitization Funding LLC, a Delaware limited liability company (the "Issuer"), proposes to issue and sell \$378,000,000 aggregate principal amount of its Senior Secured Securitization Bonds, Series 2014A (the "Bonds"), identified in Schedule I hereto. The Issuer and Consumers Energy Company, a Michigan corporation and the Issuer's direct parent ("Consumers"), hereby confirm their agreement with the several Underwriters (as defined below) as set forth herein.

The term "Underwriters" as used herein shall be deemed to mean the entity or several entities named in Schedule II hereto and any underwriter substituted as provided in Section 7 hereof and the term "Underwriter" shall be deemed to mean any one of such Underwriters. If the entity or entities identified in Schedule I hereto as representatives (the "Representatives") are the same as the entity or entities listed in Schedule II hereto, then the terms "Underwriters" and "Representatives", as used herein, shall each be deemed to refer to such entity or entities. All obligations of the Underwriters hereunder are several and not joint. If more than one entity is named in Schedule I hereto as Representatives, any action under or in respect of this underwriting agreement ("Underwriting Agreement") may be taken by such entities jointly as the Representatives or by one of the entities acting on behalf of the Representatives and such action will be binding upon all the Underwriters.

2. Description of the Bonds. The Bonds will be issued pursuant to an indenture to be dated as of July 22, 2014, as supplemented by one or more series supplements thereto (as so supplemented, the "Indenture"), between the Issuer and The Bank of New York Mellon, as trustee (the "Indenture Trustee"). The Bonds will be senior secured obligations of the Issuer and will be supported by securitization property (as more fully described in the Financing Order (as defined below) relating to the Bonds, "Securitization Property"), to be sold to the Issuer by Consumers pursuant to the Securitization Property Purchase and Sale Agreement, to be dated as of July 22, 2014, between Consumers and the Issuer (the "Sale Agreement"). The

Securitization Property securing the Bonds will be serviced pursuant to the Securitization Property Servicing Agreement, to be dated as of July 22, 2014, between Consumers, as servicer, and the Issuer, as owner of the Securitization Property sold to it pursuant to the Sale Agreement (the "Servicing Agreement").

3. Representations and Warranties of the Issuer. The Issuer represents and warrants to the several Underwriters that:

(a) The Issuer and the Bonds meet the requirements for the use of Form S-3 under the Securities Act of 1933, as amended (the "Securities Act"). The Issuer, in its capacity as co-registrant and issuing entity with respect to the Bonds, and Consumers, in its capacity as co-registrant and as sponsor for the Issuer, have filed with the Securities and Exchange Commission (the "Commission") a registration statement on such form on May 2, 2014 (Registration Nos. 333-195654 and 333-195654-01), as amended by Amendment No. 1 thereto filed June 10, 2014 and Amendment No. 2 thereto filed June 25, 2014, including a prospectus and a form of prospectus supplement, for the registration under the Securities Act of up to \$389,600,000 aggregate principal amount of the Bonds. Such registration statement, as amended ("Registration Statement Nos. 333-195654 and 333-195654-01"), has been declared effective by the Commission and no stop order suspending such effectiveness has been issued under the Securities Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of the Issuer, threatened by the Commission. No securitization bonds registered with the Commission under the Securities Act pursuant to Registration Statement Nos. 333-195654 and 333-195654-01 have been previously issued. References herein to the term "Registration Statement" shall be deemed to refer to Registration Statement Nos. 333-195654 and 333-195654-01, all documents incorporated by reference therein pursuant to Item 12 of Form S-3 ("Incorporated Documents") and any information in a prospectus or a prospectus supplement deemed or retroactively deemed to be a part thereof pursuant to Rule 430B under the Securities Act ("Rule 430B") that has not been superseded or modified. "Registration Statement" without reference to a time means the Registration Statement as of the Applicable Time (as defined below), which the parties agree is the time of the first contract of sale (as used in Rule 159 under the Securities Act) for the Bonds, and shall be considered the "Effective Date" of the Registration Statement relating to the Bonds. Information contained in a form of prospectus or prospectus supplement that is deemed retroactively to be a part of the Registration Statement pursuant to Rule 430B shall be considered to be included in the Registration Statement as of the time specified in Rule 430B. The final prospectus and the final prospectus supplement relating to the Bonds, as filed with the Commission pursuant to Rule 424(b) under the Securities Act, are referred to herein as the "Final Prospectus"; and the most recent preliminary prospectus and prospectus supplement that omitted information to be included upon pricing in a form of prospectus filed with the Commission pursuant to Rule 424(b) under the Securities Act and that was used after the initial effectiveness of the Registration Statement and prior to the Applicable Time (as defined below) is referred to herein as the "Pricing Prospectus". The Pricing Prospectus and the Issuer Free Writing Prospectuses identified in Section B of Schedule III hereby considered together are referred to herein as the "Pricing Package".

(b) (i) At the earliest time after the filing of the Registration Statement that the Issuer or another offering participant made a bona fide offer (within the meaning of Rule 164(h)(2) under the Securities Act) of the Bonds and (ii) at the date hereof, the Issuer was and is not an “ineligible issuer,” as defined in Rule 405 under the Securities Act.

(c) At the time the Registration Statement initially became effective, at the time of each amendment (whether by post-effective amendment, incorporated report or form of prospectus) and on the Effective Date relating to the Bonds, the Registration Statement fully complied, and the Final Prospectus, both as of its date and at the Closing Date, and the Indenture, at the Closing Date, will fully comply in all material respects with the applicable provisions of the Securities Act and the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and, in each case, the applicable instructions, rules and regulations of the Commission thereunder; the Registration Statement, at each of the aforementioned dates, did not and will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading; the Final Prospectus, both as of its date and at the Closing Date, will not include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and on said dates the Incorporated Documents, taken together as a whole, fully complied and will fully comply in all material respects with the applicable provisions of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the applicable rules and regulations of the Commission thereunder; provided that the foregoing representations and warranties in this paragraph (c) shall not apply to statements or omissions made in reliance upon and in conformity with any Underwriter Information as defined in Section 11(b) below or to any statements in or omissions from any Statements of Eligibility on Form T-1 (or amendments thereto) of the Indenture Trustee under the Indenture filed as exhibits to the Registration Statement or Incorporated Documents or to any statements or omissions made in the Registration Statement or the Final Prospectus relating to The Depository Trust Company’s book-entry system that are based solely on information contained in published reports of The Depository Trust Company.

(d) As of its date, at the Applicable Time (as defined below) and on the date of its filing, if applicable, the Pricing Prospectus and each Issuer Free Writing Prospectus (as defined below) (other than the Pricing Term Sheet, as defined in Section 5(b) below), did not include any untrue statement of a material fact, nor when considered together, omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading (except that the principal amount of the Bonds, the tranches, proceeds to Issuer, underwriter allocation for each tranche, selling concession, reallowance discounts, issuance date, scheduled payment dates, the initial principal balances, the scheduled final payment dates, the final maturity dates, the expected weighted average lives and related sensitivity data, the expected amortization schedule and the expected sinking fund schedule described in the Pricing Prospectus were subject to completion or change based on market conditions, the servicing fee, the amounts initially deposited into the capital subaccount, amounts of initial other qualified costs and the interest rate, price to the public and underwriting discounts and commissions for each tranche as well as certain other information

dependent on the foregoing and other pricing related information was not included in the Pricing Prospectus). The Pricing Package, at the Applicable Time, did not and at all subsequent times through the completion of the offer and the sale of the Bonds on the Closing Date, will not, include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances in which they are made, not misleading. The two preceding sentences do not apply to statements in or omissions from the Pricing Prospectus, the Preliminary Term Sheet (as defined below), the Pricing Term Sheet or any other Issuer Free Writing Prospectus in reliance upon and in conformity with any Underwriter Information. "Issuer Free Writing Prospectus" means any "issuer free writing prospectus," as defined in Rule 433(h) under the Securities Act, relating to the Bonds, in the form filed or required to be filed with the Commission or, if not required to be filed, in the form required to be retained in the Issuer's records pursuant to Rule 433(g) under the Securities Act. References to the term "Free Writing Prospectus" shall mean a free writing prospectus, as defined in Rule 405 under the Securities Act. References to the term "Applicable Time" mean 3:55 PM, eastern time, on the date hereof, except that if, subsequent to such Applicable Time, the Issuer, Consumers and the Underwriters have determined that the information contained in the Pricing Prospectus or any Issuer Free Writing Prospectus issued prior to such Applicable Time included an untrue statement of a material fact or omitted to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading and the Issuer, Consumers and the Underwriters have agreed to terminate the old purchase contracts and have entered into new purchase contracts with purchasers of the Bonds, then "Applicable Time" will refer to the first of such times when such new purchase contracts are entered into. The Issuer represents, warrants and agrees that it has treated and agrees that it will treat each of the free writing prospectuses listed on Schedule III hereto as an Issuer Free Writing Prospectus, and that each such Issuer Free Writing Prospectus has fully complied and will fully comply with the applicable requirements of Rules 164 and 433 under the Securities Act, including timely Commission filing where required, legending and record keeping.

(e) Each Issuer Free Writing Prospectus, as of its issue date and at all subsequent times through the completion of the offer and sale of the Bonds on the Closing Date or until any earlier date that the Issuer or Consumers notified or notifies the Representatives as described in the next sentence, did not, does not and will not, include any information that conflicted, conflicts or will conflict with the information then contained in the Registration Statement. If at any time following issuance of an Issuer Free Writing Prospectus an event or development has occurred or occurs, the result of which is that such Issuer Free Writing Prospectus conflicts or would conflict with the information then contained in the Registration Statement or includes or would include an untrue statement of a material fact or, when considered together with the Pricing Package, omits or would omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances prevailing at that subsequent time, not misleading, (i) Consumers or the Issuer has promptly notified or will promptly notify the Representatives and (ii) Consumers or the Issuer has promptly amended or will promptly amend or supplement such Issuer Free Writing Prospectus to eliminate or correct such conflict, untrue statement or omission. The foregoing two sentences do not

apply to statements in or omissions from any Issuer Free Writing Prospectus in reliance upon and in conformity with any Underwriter Information.

(f) The Issuer has been duly formed and is validly existing as a limited liability company in good standing under the Delaware Limited Liability Company Act, as amended, with full limited liability company power and authority to execute, deliver and perform its obligations under this Underwriting Agreement, the Bonds, the Sale Agreement, the bill of sale contemplated by the Sale Agreement, the Servicing Agreement, the intercreditor agreement to be dated as of the Closing Date among the Issuer, Consumers, the Indenture Trustee, the indenture trustee for Consumers' existing securitization and the administrative agent for Consumers' accounts receivable transaction, among others (the "Intercreditor Agreement"), the Indenture, the amended and restated limited liability company agreement of the Issuer to be dated as of the Closing Date (the "LLC Agreement"), and the administration agreement to be dated as of the Closing Date between the Issuer and Consumers (the "Administration Agreement") (collectively, the "Issuer Documents") and to own its properties and conduct its business as described in the Pricing Prospectus; the Issuer has been duly qualified as a foreign limited liability company for the transaction of business and is in good standing under the laws of each other jurisdiction in which it owns or leases properties or conducts any business so as to require such qualification, except where failure to so qualify or to be in good standing would not have a material adverse effect on the business, properties or financial condition of the Issuer; the Issuer has conducted and will conduct no business in the future that would be inconsistent with the description of the Issuer's business set forth in the Pricing Prospectus; the Issuer is not a party to or bound by any agreement or instrument other than the Issuer Documents and other agreements or instruments incidental to its formation, the rating of the Bonds and the engagement of professionals such as lawyers, accountants and the trustee entered into in the connection with the issuance of the Bonds; the Issuer has no material liabilities or obligations other than those arising out of the transactions contemplated by the Issuer Documents and as described in the Pricing Prospectus; the limited liability company interests of the Issuer have been issued only to Consumers; and based on current law, the Issuer is not classified as an association taxable as a corporation for United States federal income tax purposes.

(g) The issuance and sale of the Bonds by the Issuer, the purchase of the Securitization Property by the Issuer from Consumers and the consummation of the transactions herein contemplated by the Issuer, and the fulfillment of the terms hereof on the part of the Issuer to be fulfilled, will not result in a breach of any of the terms or provisions of, or constitute a default under the Issuer's certificate of formation or limited liability company agreement (collectively, the "Issuer Charter Documents"), or any indenture, mortgage, deed of trust or other agreement or instrument to which the Issuer is now a party.

(h) This Underwriting Agreement has been duly authorized, executed and delivered by the Issuer, which has the necessary limited liability company power and authority to execute, deliver and perform its obligations under this Underwriting Agreement.

(i) The Issuer (i) is not in violation of the Issuer Charter Documents, (ii) is not in default and no event has occurred which, with notice or lapse of time or both, would constitute such a default, in the due performance or observance of any term, covenant or condition contained in any indenture, mortgage, deed of trust or other agreement or instrument to which it is a party or by which it is bound or to which any of its properties is subject, except for any such defaults that would not, individually or in the aggregate, have a material adverse effect on its business, property or financial condition, and (iii) is not in violation of any law, ordinance, governmental rule, regulation or court decree to which it or its property may be subject, except for any such violations that would not, individually or in the aggregate, have a material adverse effect on its business, property or financial condition.

(j) The Indenture has been duly authorized by the Issuer, and, on the Closing Date, will have been duly executed and delivered by the Issuer and will be a valid and binding instrument, enforceable against the Issuer in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other similar laws relating to or affecting creditors' or secured parties' rights generally and by general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law; and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy. On the Closing Date, the Indenture will (i) comply as to form in all material respects with the requirements of the Trust Indenture Act and (ii) conform in all material respects to the description thereof in the Pricing Prospectus and Final Prospectus.

(k) The Bonds have been duly authorized by the Issuer for issuance and sale to the Underwriters pursuant to this Underwriting Agreement and, when executed by the Issuer and authenticated by the Indenture Trustee in accordance with the Indenture and delivered to the Underwriters against payment therefor in accordance with the terms of this Underwriting Agreement, will constitute valid and binding obligations of the Issuer entitled to the benefits of the Indenture and enforceable against the Issuer in accordance with their terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other similar laws relating to or affecting creditors' or secured parties' rights generally and by general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law; and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy, and the Bonds, when issued, will conform in all material respects to the description thereof in the Pricing Prospectus and Final Prospectus. The Issuer has all requisite limited liability company power and authority to issue, sell and deliver the Bonds in accordance with and upon the terms and conditions set forth in this Underwriting Agreement and in the Pricing Prospectus and Final Prospectus.

(l) There is no litigation or governmental proceeding to which the Issuer is a party or to which any property of the Issuer is subject or which is pending or, to the knowledge of the Issuer, threatened against the Issuer that could reasonably be expected

to, individually or in the aggregate, result in a material adverse effect on the Issuer's business, property or financial condition.

(m) No approval, authorization, consent or order of any public board or body (except such as have been already obtained, including, in this regard, the Registration Statement and the financing order issued to Consumers by the Michigan Public Service Commission ("MPSC") on December 6, 2013 (the "Financing Order"), and other than in connection or in compliance with the provisions of applicable blue-sky laws or securities laws of any state, as to which the Issuer makes no representations or warranties), is legally required for the issuance and sale by the Issuer of the Bonds.

(n) The Issuer is not, and, after giving effect to the sale and issuance of the Bonds, will not be an "investment company" within the meaning of the Investment Company Act of 1940, as amended (the "1940 Act").

(o) The nationally recognized accounting firm which has performed certain procedures with respect to certain statistical and structural information contained in the Pricing Prospectus and the Final Prospectus, are independent public accountants with respect to the Issuer.

(p) Each of the Sale Agreement, the Servicing Agreement, the Administration Agreement and the Intercreditor Agreement will have been duly authorized by the Issuer on or prior to the Closing Date, and when executed and delivered by the Issuer and the other parties thereto, will constitute a valid and legally binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other similar laws relating to or affecting creditors' or secured parties' rights generally and by general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law, and limitations on enforceability of rights to indemnification by federal or state securities laws or regulations or by public policy.

(q) The Issuer has complied with the written representations, acknowledgements and covenants (the "17g-5 Representations") relating to compliance with Rule 17g-5 under the Exchange Act set forth in the (i) undertaking letter, dated as of February 26, 2014, by the Issuer to Moody's (as defined below) and (ii) undertaking letter, dated March 4, 2014, from the Issuer to S&P (as defined below, and together with Moody's, the "Rating Agencies") (collectively, the "Rating Agency Letters"), other than (x) any noncompliance of the 17g-5 Representations that would not have a material adverse effect on the rating of the Bonds or the Bonds or (y) any noncompliance arising from the breach by an Underwriter of the representations and warranties and covenants set forth in Section 13 hereof.

(r) The Issuer will comply, and has complied, in all material respects, with its diligence and disclosure obligations in respect to the Bonds under Rule 193 under the Securities Act and Items 1111(a)(7) and 1111(a)(8) of Regulation AB.

4. Representations and Warranties of Consumers. Consumers represents and warrants to the several Underwriters that:

(a) Consumers, in its capacity as co-registrant and sponsor for the Issuer, meets the requirements for the use of Form S-3 under the Securities Act and has filed with the Commission (along with the Issuer, as co-registrant) Registration Statement Nos. 333-195654 and 333-195654-01 for the registration under the Securities Act of up to \$389,600,000 aggregate principal amount of the Bonds. Registration Statement Nos. 333-195654 and 333-195654-01 have been declared effective by the Commission and no stop order suspending such effectiveness has been issued under the Securities Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of Consumers, threatened by the Commission.

(b) (i) At the earliest time after the filing of the Registration Statement that the Issuer or another offering participant made a bona fide offer (within the meaning of Rule 164(h)(2) under the Securities Act) of the Bonds and (ii) at the date hereof, Consumers was not and it is not an “ineligible issuer”, as defined in Rule 405 under the Securities Act.

(c) At the time the Registration Statement initially became effective, at the time of each amendment (whether by post-effective amendment, incorporated report or form of prospectus) and on the Effective Date relating to the Bonds, the Registration Statement fully complied, and the Final Prospectus, both as of its date and at the Closing Date, and the Indenture, at the Closing Date, will fully comply in all material respects with the applicable provisions of the Securities Act and the Trust Indenture Act, and, in each case, the applicable instructions, rules and regulations of the Commission thereunder; the Registration Statement, at each of the aforementioned dates, did not and will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading; the Final Prospectus, both as of its date and at the Closing Date, will not include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; and on said dates the Incorporated Documents, taken together as a whole, fully complied and will fully comply in all material respects with the applicable provisions of the Exchange Act and the applicable rules and regulations of the Commission thereunder; provided, that the foregoing representations and warranties in this paragraph (c) shall not apply to statements or omissions made in reliance upon and in conformity with any Underwriter Information or to any statements in or omissions from any Statements of Eligibility on Form T-1 (or amendments thereto) of the Indenture Trustee under the Indenture filed as exhibits to the Registration Statement or Incorporated Documents or to any statements or omissions made in the Registration Statement or the Final Prospectus relating to The Depository Trust Company’s book-entry system that are based solely on information contained in published reports of The Depository Trust Company.

If in the event of such a default no non-defaulting Underwriter shall give such notice, then this Underwriting Agreement may be terminated by the Issuer, upon like notice given to the non-defaulting Underwriters, within a further period of 36 hours. If in such case the Issuer shall not elect to terminate this Underwriting Agreement it shall have the right, irrespective of such default:

In the event the Issuer shall exercise its rights under (a) and/or (b) above, the Issuer shall give written notice thereof to the non-defaulting Underwriters within such further period of 36 hours, and thereupon the Closing Date shall be postponed for such period, not exceeding three business days, as the Issuer shall determine.

In the computation of any period of 36 hours referred to in this Section 7, there shall be excluded a period of 24 hours in respect of each Saturday, Sunday or legal holiday that would otherwise be included in such period of time.

Any action taken by the Issuer or Consumers under this Section 7 shall not relieve any defaulting Underwriter from liability in respect of any default of such Underwriter under this Underwriting Agreement.

(vi) Consumers, to the extent not paid for by the Issuer, will, except as herein provided, pay or cause to be paid all reasonable expenses and taxes described in Section 8(a)(vi).

(vii) As soon as practicable, but not later than 16 months, after the date hereof, Consumers will make generally available (by posting on its website or otherwise) to its security holders, an earning statement (which need not be audited) that will satisfy the provisions of Section 11(a) of the Securities Act.

(viii) To the extent, if any, that any rating necessary to satisfy the condition set forth in Section 9(s) of this Underwriting Agreement is conditioned upon the furnishing of documents or the taking of other actions by Consumers on or after the Closing Date, Consumers shall furnish such documents and take such other actions to the extent reasonably requested by any Rating Agency.

(ix) The initial securitization charge for the Bonds will be calculated in accordance with the Financing Order.

(x) Consumers will not file any amendment to the Registration Statement or amendment or supplement to the Final Prospectus or amendment or supplement to the Pricing Package during the period when a prospectus relating to the Bonds is required to be delivered under the Securities Act, without prior notice to the Underwriters or to which Counsel for the Underwriters shall reasonably object by written notice to Consumers within two days of notification thereof.

(xi) So long as the Bonds are rated by a Rating Agency, Consumers, in its capacity as sponsor with respect to the Bonds, will cause the Issuer to comply with the 17g-5 Representations, other than (x) any noncompliance of the 17g-5 Representations that would not have a material adverse effect on the rating of the Bonds or the Bonds or (y) any noncompliance arising from the breach by an

Underwriter of the representations and warranties and covenants set forth in Section 13 hereof.

9. Conditions to the Obligations of the Underwriters. The obligations of the Underwriters to purchase the Bonds shall be subject to the accuracy of the representations and warranties on the part of the Issuer and Consumers contained in this Underwriting Agreement, on the part of Consumers contained in Article III of the Sale Agreement, and on the part of Consumers contained in Section 6.01 of the Servicing Agreement as of the Closing Date, to the accuracy of the statements of the Issuer and Consumers made in any certificates pursuant to the provisions hereof, to the performance by the Issuer and Consumers of their obligations hereunder, and to the following additional conditions:

(q) The LLC Agreement, the Administration Agreement, the Sale Agreement, the Servicing Agreement, the Indenture and the Intercreditor Agreement and any amendment or supplement to any of the foregoing shall have been executed and delivered.

(r) Since the respective dates as of which information is given in each of the Registration Statement and in the Pricing Prospectus and as of the Closing Date there shall have been no (i) material adverse change in the business, property or financial condition of Consumers and its subsidiaries, taken as a whole, whether or not in the ordinary course of business, or of the Issuer or (ii) adverse development concerning the business or assets of Consumers and its subsidiaries, taken as a whole, or of the Issuer which would be reasonably likely to result in a material adverse change in the prospective business, property or financial condition of Consumers and its subsidiaries, taken as a whole, whether or not in the ordinary course of business, or of the Issuer or (iii) development which would be reasonably likely to result in a material adverse change, in the Securitization Property, the Bonds or the Financing Order.

(“Moody’s”) and Standard & Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business (“S&P”), respectively, and the Issuer shall have delivered to the Underwriters a letter from each such rating agency, or other evidence satisfactory to the Underwriters, confirming that the Bonds have such ratings, and (ii) none of Moody’s and S&P shall have, since the date of this Underwriting Agreement, downgraded or publicly announced that it has under surveillance or review, with possible negative implications, its ratings of the Bonds.

(t) The Issuer and Consumers shall have furnished or caused to be furnished to the Representatives at the Closing Date certificates of officers or managers of Consumers and the Issuer, reasonably satisfactory to the Representatives, as to the accuracy of the representations and warranties of the Issuer and Consumers herein, in the Sale Agreement, Servicing Agreement and Intercreditor Agreement at and as of the Closing Date, as to the performance by the Issuer and Consumers of all of their obligations hereunder to be performed at or prior to such Closing Date, as to the matters set forth in subsections (b) and (r) of this Section and as to such other matters as the Representatives may reasonably request.

Any opinion letters delivered on the Closing Date to the Rating Agencies beyond those being delivered to the Underwriters above shall either (x) include the Underwriters as addressees or (y) be accompanied by reliance letters addressed to the Underwriters referencing such letters.

If any of the conditions specified in this Section 9 shall not have been fulfilled when and as provided in this Underwriting Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Underwriting Agreement shall not be in all material respects reasonably satisfactory in form and substance to the Representatives and Counsel for the Underwriters, all obligations of the Underwriters hereunder may be canceled at, or at any time prior to, the Closing Date by the Representatives. Notice of such cancellation shall be given to the Issuer in writing or by telephone or facsimile confirmed in writing.

10. Conditions of Issuer's Obligations. The obligation of the Issuer to deliver the Bonds shall be subject to the conditions that no stop order suspending the effectiveness of the Registration Statement shall be in effect at the Closing Date and no proceeding for that purpose shall be pending before, or threatened by, the Commission at the Closing Date. In case these conditions shall not have been fulfilled, this Underwriting Agreement may be terminated by the Issuer upon notice thereof to the Underwriters. Any such termination shall be without liability of any party to any other party except as otherwise provided in Sections 8(a)(vi) and 11 hereof.

11. Indemnification and Contribution.

(a) The Issuer and Consumers agree, to the extent permitted by law, to indemnify and hold harmless each of the Underwriters, their officers and directors and each person, if any, who controls any such Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the Securities Act, Exchange Act or otherwise, and to reimburse the Underwriters and such controlling person or persons, if any, for any legal or other expenses incurred by them in connection with defending any action, suit or proceeding (including governmental investigations) as provided in Section 11(c) hereof, insofar as such losses, claims, damages, liabilities or actions, suits or proceedings (including governmental investigations) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Pricing Prospectus, the Pricing Package or the Final Prospectus, or if the Final Prospectus shall be amended or supplemented, in the Final Prospectus as so amended or supplemented (if such Final Prospectus or such Final Prospectus as amended or supplemented is used after the period of time referred to in Sections 8(a)(iv) and 8(b)(iii) hereof, it shall contain or be used with such amendments or supplements as the Issuer and Consumers deem necessary to comply with Section 10(a) of the Securities Act), the information contained in the Term Sheets, any other Issuer Free Writing Prospectus or any issuer information (within the meaning of Rule 433 under the Securities Act) filed or required to be filed pursuant to Rule 433(d) under the Securities Act or arise out of or are based upon any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as such losses, claims, damages, liabilities or actions, suits or proceedings (including governmental investigations) arise out of or are based upon any such untrue statement or alleged untrue statement or omission or alleged omission that was made in such Registration Statement, the Pricing Package, Final Prospectus, the Term Sheets or any other Issuer Free Writing Prospectus or any issuer information (within the meaning of Rule 433 under the Securities Act) filed or required to be filed pursuant to Rule 433(d) under the Securities Act in reliance upon and in conformity with information furnished in writing to the Issuer and Consumers through the Representatives on behalf of any Underwriters expressly for use therein. Notwithstanding the foregoing, the indemnity agreement contained in this Section 11(a) with respect to any untrue statement in or omission from the Pricing Prospectus shall not inure to the benefit of the Underwriters (or any other party described in this Section 11(a)) to the extent that the sale of the Bonds to the person or entity asserting any such loss, claim, damage or liability was an initial resale by the Underwriters and any such loss, claim, damage or liability with respect to the Underwriters results from the fact that both (i) copies of the Preliminary Term Sheet or Pricing Term Sheet were not conveyed to such person or entity at or prior to the written confirmation of the sale of such Bonds to such person or entity and (ii) the untrue statement in or omission from the Pricing Prospectus was corrected in such Preliminary Term Sheet or Pricing Term Sheet.

The indemnity agreement contained in this Section 11(a), and the covenants, representations and warranties of the Issuer and Consumers contained in this

Agreement, shall remain in full force and effect regardless of any investigation made by or on behalf of any person, and shall survive the delivery of and payment for the Bonds hereunder, and the indemnity agreement contained in this Section 11 shall survive any termination of this Agreement. The liabilities of the Issuer or Consumers in this Section 11(a) are in addition to any other liabilities of the Issuer or Consumers under this Agreement or otherwise.

(b) Each Underwriter agrees, severally and not jointly, to the extent permitted by law, to indemnify, hold harmless and reimburse the Issuer and Consumers, each of the Issuer's and Consumers' managers and directors and such of the officers of the Issuer and Consumers as shall have signed the Registration Statement and each person, if any, who controls the Issuer or Consumers within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, to the same extent and upon the same terms as the indemnity agreement of the Issuer and Consumers as set forth in Section 11(a) hereof, but only with respect to alleged untrue statements or omissions made in the Registration Statement, the Pricing Package, the Final Prospectus, as amended or supplemented (if applicable), the Term Sheets or any other Issuer Free Writing Prospectus in reliance upon and in conformity with information furnished in writing to the Issuer and the Consumers through the Representatives on behalf of such Underwriter expressly for use therein. The Issuer and Consumers acknowledge that the only such information furnished in writing to the Issuer and Consumers as of the date hereof is set forth in Schedule IV hereto (the "Underwriter Information").

The indemnity agreement on the part of each Underwriter contained in this Section 11(b) and the covenants, representations and warranties of such Underwriter contained in this Underwriting Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the Issuer, Consumers or any other person, and shall survive the delivery of and payment for the Bonds hereunder, and the indemnity agreement contained in this Section 11 shall survive any termination of this Agreement. The liabilities of each Underwriter in this Section 11(b) are in addition to any other liabilities of such Underwriter under this Agreement or otherwise.

(c) If a claim is made or an action, suit or proceeding (including governmental investigation) is commenced or threatened against any person as to which indemnity may be sought under Section 11(a) hereof or Section 11(b) hereof, such person (the "Indemnified Person") shall notify the person against whom such indemnity may be sought (the "Indemnifying Person") promptly after any assertion of such claim, promptly after any threat is made to institute an action, suit or proceeding or, if such an action, suit or proceeding is commenced against such Indemnified Person, promptly after such Indemnified Person shall have been served with a summons or other first legal process, giving information as to the nature and basis of the claim. Failure to so notify the Indemnifying Person shall not, however, relieve the Indemnifying Person from any liability that it may have on account of the indemnity under Section 11(a) hereof or Section 11(b) hereof if the Indemnifying Person has not been prejudiced in any material respect by such failure. Subject to the immediately succeeding sentence, the Indemnifying Person shall assume the defense of any such litigation or proceeding, including the employment of counsel and the payment of all expenses, with such counsel

being designated, subject to the immediately succeeding sentence, in writing by the Representatives in the case of parties indemnified pursuant to Section 11(b) hereof and by the Issuer or Consumers in the case of parties indemnified pursuant to Section 11(a) hereof. Any Indemnified Person shall have the right to participate in such litigation or proceeding and to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such Indemnified Person unless (i) the Indemnifying Person and the Indemnified Person shall have mutually agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include (x) the Indemnifying Person and (y) the Indemnified Person and, in the written opinion of counsel to such Indemnified Person, representation of both parties by the same counsel would be inappropriate due to actual or likely conflicts of interest between them, in either of which cases the reasonable fees and expenses of counsel (including disbursements) for such Indemnified Person shall be reimbursed by the Indemnifying Person to the Indemnified Person. If there is a conflict as described in clause (ii) above, and the Indemnified Person(s) have participated in the litigation or proceeding utilizing separate counsel whose fees and expenses have been reimbursed by the Indemnifying Person and the Indemnified Person(s), or any of them, are found in a final judicial determination to be liable, such Indemnified Person(s) shall repay to the Indemnifying Person such fees and expenses of such separate counsel as the Indemnifying Person shall have reimbursed. It is understood that the Indemnifying Person shall not, in connection with any litigation or proceeding or related litigation or proceedings in the same jurisdiction as to which the Indemnified Person(s) are entitled to such separate representation, be liable under this Agreement for the reasonable fees and out-of-pocket expenses of more than one separate firm (together with not more than one appropriate local counsel) for all such Indemnified Persons. Subject to the next paragraph, all such fees and expenses shall be reimbursed by payment to the Indemnified Person(s) of such reasonable fees and expenses of counsel promptly after payment thereof by the Indemnified Person(s).

In furtherance of the requirement above that fees and expenses of any separate counsel for the Indemnified Person(s) shall be reasonable, the Underwriters, the Issuer and Consumers agree that the Indemnifying Person's obligations to pay such fees and expenses shall be conditioned upon the following:

- (1) in case separate counsel is proposed to be retained by the Indemnified Person(s) pursuant to clause (ii) of the preceding paragraph, the Indemnified Person(s) shall in good faith fully consult with the Indemnifying Person in advance as to the selection of such counsel;
- (2) reimbursable fees and expenses of such separate counsel shall be detailed and supported in a manner reasonably acceptable to the Indemnifying Person (but nothing herein shall be deemed to require the furnishing to the Indemnifying Person of any information, including, without limitation, computer print-outs of lawyers' daily time entries, to the extent that, in the judgment of such counsel, furnishing such information might reasonably be expected to result in a waiver of any attorney-client privilege); and

(3) the Issuer, Consumers and the Representatives shall cooperate in monitoring and controlling the fees and expenses of separate counsel for Indemnified Person(s) for which the Indemnifying Person is liable hereunder, and the Indemnified Person(s) shall use reasonable effort to cause such separate counsel to minimize the duplication of activities as between themselves and counsel to the Indemnifying Person.

The Indemnifying Person shall not be liable for any settlement of any litigation or proceeding effected without the written consent of the Indemnifying Person, but, if settled with such consent or if there be a final judgment for the plaintiff, the Indemnifying Person agrees, subject to the provisions of this Section 11, to indemnify the Indemnified Person from and against any loss, damage, liability or expense by reason of such settlement or judgment. The Indemnifying Person shall not, without the prior written consent of the Indemnified Person(s), effect any settlement of any pending or threatened litigation, proceeding or claim in respect of which indemnity has been properly sought by the Indemnified Person(s) hereunder, unless such settlement includes an unconditional release by the claimant of all Indemnified Persons from all liability with respect to claims that are the subject matter of such litigation, proceeding or claim and does not include a statement as to or an admission of fault, culpability or a failure to act, by or on behalf of any Indemnified Person.

(d) If the indemnification provided for above in this Section 11 is unavailable to or insufficient to hold harmless an Indemnified Person under such Section 11 in respect of any losses, claims, damages or liabilities (or actions, suits or proceedings (including governmental investigations) in respect thereof) referred to therein, then each Indemnifying Person under this Section 11 shall contribute to the amount paid or payable by such Indemnified Person as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Indemnifying Person on the one hand and the Indemnified Person on the other from the offering of the Bonds. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law, then each Indemnifying Person shall contribute to such amount paid or payable by such Indemnified Person in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of each Indemnifying Person, if any, on the one hand and the Indemnified Person on the other in connection with the statements or omissions that resulted in such losses, claims, damages or liabilities (or actions, suits or proceedings (including governmental investigations) in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Issuer and Consumers on the one hand and the Underwriters on the other shall be deemed to be in the same proportion as the total net proceeds from the offering (before deducting expenses) received by the Issuer and the total discounts or commissions received by the Underwriters, in each case as set forth in the table on the cover page of the Final Prospectus, bear to the aggregate public offering price of the Bonds. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Issuer and Consumers on the one hand or the Underwriters on the other and the parties' relative intent, knowledge, access to

information and opportunity to correct or prevent such statement or omission. The Issuer, Consumers and the Underwriters agree that it would not be just and equitable if contribution pursuant to this Section 11 were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to above in this Section 11. The amount paid or payable by an Indemnified Person as a result of the losses, claims, damages or liabilities (or actions, suits or proceedings (including governmental proceedings) in respect thereof) referred to above in this Section 11 shall be deemed to include any legal or other expenses reasonably incurred by such Indemnified Person in connection with investigating or defending any such actions, suits or proceedings (including governmental proceedings) or claims, provided that the provisions of this Section 11 have been complied with (in all material respects) in respect of any separate counsel for such Indemnified Person. Notwithstanding the provisions of this Section 11, no Underwriter shall be required to contribute any amount in excess of the purchase discount or commission applicable to the Bonds purchased by such Underwriter hereunder. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters' obligations in this Section 11 to contribute are several in proportion to their respective underwriting obligations and not joint.

The agreement with respect to contribution contained in this Section 11(d) shall remain in full force and effect regardless of any investigation made by or on behalf of the Issuer, Consumers or any Underwriter, and shall survive delivery of and payment for the Bonds hereunder and any termination of this Agreement.

12. Termination. This Agreement shall become effective upon the execution and delivery of this Agreement by the parties hereto.

This Agreement may be terminated at any time prior to the purchase of the Bonds by the Representatives if, prior to such time, any of the following events shall have occurred: (i) trading in Consumers's securities shall have been suspended by the Commission or the New York Stock Exchange ("NYSE") or trading in securities generally on the NYSE shall have been suspended or limited or minimum prices shall have been established on such exchange; (ii) a banking moratorium shall have been declared either by U.S. federal or New York State authorities; (iii) any material disruption of securities settlement or clearance services; or (iv) any outbreak or escalation of hostilities, declaration by the United States of a national emergency or war or other calamity, crisis or disruption in financial markets, the effect of which on the financial markets of the United States is such as to impair, in the judgment of the Representatives, the marketability of the Bonds.

If the Representatives elect to terminate this Agreement, as provided in this Section 12, the Representatives will promptly notify the Issuer and Consumers and each other Underwriter by telephone or facsimile, confirmed by letter. If this Agreement shall not be carried out by any Underwriter for any reason permitted hereunder, or if the sale of the Bonds to the Underwriters as herein contemplated shall not be carried out because the Issuer and Consumers are not able to comply with the terms hereof, the Issuer and Consumers shall not be under any

obligation under this Agreement except as provided in Section 8(a)(vi) and Section 11 hereof and shall not be liable to any Underwriter or to any member of any selling group for the loss of anticipated profits from the transactions contemplated by this Agreement and the Underwriters shall be under no liability to the Issuer and Consumers nor be under any liability under this Agreement to one another.

13. Representations, Warranties and Covenants of the Underwriters. The Underwriters, severally and not jointly, represent, warrant and agree with the Issuer and Consumers that, unless the Underwriters obtained, or will obtain, the prior written consent of the Issuer or Consumers, the Representatives (x) have not delivered, and will not deliver, any Rating Information (as defined below) to any Rating Agency until and unless the Issuer or Consumers advises the Underwriters that such Rating Information is posted to the Issuer's website maintained by the Issuer pursuant to paragraph (a)(3)(iii)(B) of Rule 17g-5 under the Exchange Act in the same form as it will be provided to such Rating Agency, and (y) have not participated, and will not participate, with any Rating Agency in any oral communication of any Rating Information without the participation of a representative of the Issuer or Consumers. For purposes of this Section 13, "Rating Information" means any information provided to a Rating Agency for the purpose of determining an initial credit rating on the Bonds or maintaining a credit rating on the Bonds.

14. Absence of Fiduciary Relationship. Each of the Issuer and Consumers acknowledges and agrees that the Underwriters are acting solely in the capacity of an arm's length contractual counterparty to the Issuer and Consumers with respect to the offering of the Bonds contemplated hereby (including in connection with determining the terms of the offering) and not as a financial advisor or a fiduciary to, or an agent of, the Issuer or Consumers. Additionally, none of the Underwriters is advising the Issuer or Consumers as to any legal, tax, investment, accounting or regulatory matters in any jurisdiction. The Issuer and Consumers shall consult with their own advisors concerning such matters and shall be responsible for making their own independent investigation and appraisal of the transactions contemplated hereby, and the Underwriters shall have no responsibility or liability to the Issuer or Consumers with respect thereto. Any review by the Underwriters of the Issuer or Consumers, the transactions contemplated hereby or other matters relating to such transactions will be performed solely for the benefit of the Underwriters and shall not be on behalf of the Issuer or Consumers.

15. Notices. All communications hereunder will be in writing and may be given by United States mail, courier service, telecopy, telefax or facsimile (confirmed by telephone or in writing in the case of notice by telecopy, telefax or facsimile) or any other customary means of communication, and any such communication shall be effective when delivered, or if mailed, three days after deposit in the United States mail with proper postage for ordinary mail prepaid, and if sent to the Representatives, to it at the address specified in Schedule I hereto; and if sent to Consumers, to it at One Energy Plaza, Jackson, Michigan 49201, Attention: Executive Vice President and Chief Financial Officer (Facsimile 517-788-2186); and if sent to the Issuer, to it at One Energy Plaza, Jackson, Michigan 49201, Attention: Melissa M. Gleespen, Vice President and Corporate Secretary (Facsimile 517-788-6911). The parties hereto, by notice to the others, may designate additional or different addresses for subsequent communications.

16. Successors. This Underwriting Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the managers, officers and directors and controlling persons referred to in Section 11 hereof, and no other person will have any right or obligation hereunder.
17. Applicable Law. This Underwriting Agreement will be governed by and construed in accordance with the laws of the State of New York.
18. Counterparts. This Underwriting Agreement may be signed in any number of counterparts, each of which shall be deemed an original, which taken together shall constitute one and the same instrument.
19. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) among the Issuer, Consumers and the Underwriters, or any of them, with respect to the subject matter hereof.

If the foregoing is in accordance with your understanding of our agreement, please sign and return to us the enclosed duplicate hereof, whereupon this letter and your acceptance shall represent a binding agreement among Consumers, the Issuer and the several Underwriters.

Very truly yours,

AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT OF
CONSUMERS 2014 SECURITIZATION FUNDING LLC

This AMENDED AND RESTATED LIMITED LIABILITY COMPANY AGREEMENT (this "Agreement") of CONSUMERS 2014 SECURITIZATION FUNDING LLC, a Delaware limited liability company (the "Company"), is made and entered into as of July 22, 2014 by CONSUMERS ENERGY COMPANY, a Michigan corporation (including any additional or successor members of the Company other than Special Members, the "Member").

WHEREAS, the Member has caused to be filed a Certificate of Formation with the Secretary of State of the State of Delaware to form the Company under and pursuant to the LLC Act and has entered into a Limited Liability Company Agreement of the Company, dated as of March 5, 2014 (the "Original LLC Agreement"); and

WHEREAS, in accordance with the LLC Act, the Member desires to enter into this Agreement to amend and restate in its entirety the Original LLC Agreement and to set forth the rights, powers and interests of the Member with respect to the Company and its Membership Interest therein and to provide for the management of the business and operations of the Company.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, the Member, intending to be legally bound, hereby agrees to amend and restate in its entirety the Original LLC Agreement as follows:

ARTICLE I

GENERAL PROVISIONS

SECTION 1.01 Definitions.

- (a) Unless otherwise defined herein, capitalized terms used herein shall have the meanings assigned to them in Appendix A attached hereto.
- (b) All terms defined in this Agreement shall have the defined meanings when used in any certificate or other document made or delivered pursuant hereto unless otherwise defined therein.
- (c) The words "hereof," "herein," "hereunder" and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular provision of this Agreement; Article, Section, Schedule, Exhibit and Appendix references contained in this Agreement are references to Articles, Sections, Schedules, Exhibits and Appendices of or to this Agreement unless otherwise specified; and the terms "includes" and "including" shall mean "includes without limitation" and "including without limitation", respectively.

(d) The definitions contained in this Agreement are applicable to the singular as well as the plural forms of such terms.

(e) Non-capitalized terms used herein which are defined in the LLC Act, shall, as the context requires, have the meanings assigned to such terms in the LLC Act as of the date hereof, but without giving effect to amendments to the LLC Act.

SECTION 1.02 Sole Member; Registered Office and Agent.

(a) The initial sole member of the Company shall be Consumers Energy Company, a Michigan corporation, or any successor as sole member pursuant to Sections 1.02(c), 6.06 and 6.07. The registered office and registered agent of the Company in the State of Delaware shall be The Corporation Trust Company, 1209 Orange Street, Wilmington, New Castle County, Delaware 19801. The Member may change said registered office and agent from one location to another in the State of Delaware. The Member shall provide notice of any such change to the Indenture Trustee.

(b) Upon the occurrence of any event that causes the Member to cease to be a member of the Company (other than upon continuation of the Company without dissolution upon the transfer or assignment by the Member of all of its limited liability company interest in the Company and the admission of the transferee or an additional member of the Company pursuant to Sections 1.02(c), 6.06 and 6.07), each Person acting as an Independent Manager pursuant to the terms of this Agreement shall, without any action of any Person and simultaneously with the Member ceasing to be a member of the Company, automatically be admitted to the Company as a Special Member and shall continue the Company without dissolution. No Special Member may resign from the Company or transfer its rights as Special Member unless (i) a successor Special Member has been admitted to the Company as Special Member by executing a counterpart to this Agreement, and (ii) such successor has also accepted its appointment as an Independent Manager pursuant to this Agreement; provided, however, the Special Members shall automatically cease to be members of the Company upon the admission to the Company of a substitute Member. Each Special Member shall be a member of the Company that has no interest in the profits, losses and capital of the Company and has no right to receive any distributions of Company assets (and no Special Member shall be treated as a member of the Company for federal income tax purposes). Pursuant to Section 18-301 of the LLC Act, a Special Member shall not be required to make any capital contributions to the Company and shall not receive a limited liability company interest in the Company. A Special Member, in its capacity as Special Member, may not bind the Company. Except as required by any mandatory provision of the LLC Act, each Special Member, in its capacity as Special Member, shall have no right to vote on, approve or otherwise consent to any action by, or matter relating to, the Company, including the merger, consolidation or conversion of the Company. In order to implement the admission to the Company of each Special Member, each Person acting as an Independent Manager pursuant to this Agreement shall execute a counterpart to this Agreement. Prior to its admission to the Company as Special Member, each Person acting as an Independent Manager pursuant to this Agreement shall not be a member of the Company. A "Special Member" means, upon such Person's admission to the Company as a member of the Company pursuant to this Section 1.02(b), a Person acting as an Independent Manager, in such Person's capacity as a member of the Company. A Special Member shall only have the rights and duties

expressly set forth in this Agreement. For purposes of this Agreement, a Special Member is not included within the defined term "Member".

(c) The Company may admit additional Members with the affirmative vote of a majority of the Managers, which vote must include the affirmative vote of each Independent Manager. Notwithstanding the preceding sentence, it shall be a condition to the admission of any additional Member that the sole Member shall have received an opinion of outside tax counsel (as selected by the Member in form and substance reasonably satisfactory to the Member and the Indenture Trustee) that the admission of such additional Member shall not cause the Company to be treated, for federal income tax purposes, as having more than a "sole owner" and that the Company shall not be treated, for federal income tax purposes, as an entity separate from such "sole owner".

SECTION 1.03 Other Offices. The Company may have an office at One Energy Plaza, Jackson, Michigan 49201, or at any other offices that may at any time be established by the Member at any place or places within or outside the State of Delaware. The Member shall provide notice to the Indenture Trustee of any change in the location of the Company's office.

SECTION 1.04 Name. The name of the Company shall be "Consumers 2014 Securitization Funding LLC". The name of the Company may be changed from time to time by the Member with ten (10) days' prior written notice to the Managers and the Indenture Trustee, and the filing of an appropriate amendment to the Certificate of Formation with the Secretary of State of the State of Delaware as required by the LLC Act.

SECTION 1.05 Purpose; Nature of Business Permitted; Powers. The purposes for which the Company is formed are limited to:

(a) acquire, own, hold, administer, service or enter into agreements regarding the receipt and servicing of the Securitization Property and the other Securitization Bond Collateral, along with certain other related assets;

(b) manage, sell, assign, pledge, collect amounts due on or otherwise deal with the Securitization Property and the other Securitization Bond Collateral and related assets to be so acquired in accordance with the terms of the Basic Documents;

(c) negotiate, authorize, execute, deliver, assume the obligations under, and perform its duties under, the Basic Documents and any other agreement or instrument or document relating to the activities set forth in clauses (a) and (b) above; provided, that each party to any such agreement under which material obligations are imposed upon the Company shall covenant that it shall not, prior to the date which is one year and one day after the termination of the Indenture and the payment in full of the Securitization Bonds and any other amounts owed under the Indenture, acquiesce, petition or otherwise invoke or cause the Company to invoke the process of any Governmental Authority for the purpose of commencing or sustaining an involuntary case against the Company under any federal or state bankruptcy, insolvency or similar law or appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Company or any substantial part of the property of the Company; or ordering the winding up or liquidation

of the affairs of the Company; and provided, further, that the Company shall be permitted to incur additional indebtedness or other liabilities payable to service providers and trade creditors in the ordinary course of business in connection with the foregoing activities;

(d) file with the U.S. Securities and Exchange Commission one or more registration statements, including any pre-effective or post-effective amendments thereto and any registration statement filed pursuant to Rule 462(b) under the Securities Act of 1933, as amended (including any prospectus supplement, prospectus and exhibits contained therein) and file such applications, reports, surety bonds, irrevocable consents, appointments of attorney for service of process and other papers and documents necessary or desirable to register the Securitization Bonds under the securities or "Blue Sky" laws of various jurisdictions;

(e) authorize, execute, deliver, issue and register the Securitization Bonds;

(f) make payments on the Securitization Bonds;

(g) pledge its interest in Securitization Property and other Securitization Bond Collateral to the Indenture Trustee under the Indenture in order to secure the Securitization Bonds; and

(h) engage in any lawful act or activity and exercise any powers permitted to limited liability companies formed under the laws of the State of Delaware that, in either case, are incidental to, or necessary, suitable or convenient for, the accomplishment of the above-mentioned purposes.

The Company shall engage only in any activities related to the foregoing purposes or required or authorized by the terms of the Basic Documents or other agreements referenced above. The Company shall have all powers reasonably incidental, necessary, suitable or convenient to effect the foregoing purposes, including all powers granted under the LLC Act. The Company, the Member, any Manager (other than an Independent Manager), or any officer of the Company, acting singly or collectively, on behalf of the Company, may enter into and perform the Basic Documents and all registration statements, underwriting agreements, documents, agreements, certificates or financing statements contemplated thereby or related thereto, all without any further act, vote or approval of any Member, Manager or other Person, notwithstanding any other provision of this Agreement, the LLC Act, or other applicable law, rule or regulation. Notwithstanding any other provision of this Agreement, the LLC Act or other applicable law, any Basic Document executed prior to the date hereof by any Member, Manager or officer on behalf of the Company is hereby ratified and approved in all respects. The authorization set forth in the two preceding sentences shall not be deemed a restriction on the power and authority of the Member or any Manager, including any Independent Manager, to enter into other agreements or documents on behalf of the Company as authorized pursuant to this Agreement and the LLC Act. The Company shall possess and may exercise all the powers and privileges granted by the LLC Act or by any other law or by this Agreement, together with any powers incidental thereto, insofar as such powers and privileges are incidental, necessary, suitable or convenient to the conduct, promotion or attainment of the business purposes or activities of the Company.

SECTION 1.06 Limited Liability Company Agreement; Certificate of Formation. This Agreement shall constitute a “limited liability company agreement” within the meaning of the LLC Act. Catherine M. Reynolds, as an authorized person within the meaning of the LLC Act, has caused a certificate of formation of the Company to be executed and filed in the office of the Secretary of State of the State of Delaware on March 6, 2014 (such execution and filing being hereby ratified and approved in all respects). The existence of the Company as a separate legal entity shall continue until the cancellation of the Certificate of Formation of the Company as provided in the LLC Act.

SECTION 1.07 Separate Existence. Except for financial reporting purposes (to the extent required by generally accepted accounting principles) and for federal income tax purposes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, the Member and the Managers shall take all steps necessary to continue the identity of the Company as a separate legal entity and to make it apparent to third Persons that the Company is an entity with assets and liabilities distinct from those of the Member, Affiliates of the Member and any other Person, and that, the Company is not a division of any of the Affiliates of the Company or any other Person. In that regard, and without limiting the foregoing in any manner, the Company shall:

- (a) allocate fairly and reasonably any overhead for shared office space;
- (b) maintain the assets of the Company in such a manner that it is not costly or difficult to segregate, identify or ascertain its individual assets from those of any other Person, including any Affiliate;
- (c) conduct all transactions with Affiliates on a basis consistent with an arm's-length basis;
- (d) not guarantee, become obligated for or pay the debts of any Affiliate or hold the credit of the Company out as being available to satisfy the obligations of any Affiliate or other Person (nor, except as contemplated in the Basic Documents, indemnify any Person for losses resulting therefrom), nor, except as contemplated in the Basic Documents, have any of its obligations guaranteed by any Affiliate or hold the Company out as responsible for the debts of any Affiliate or other Person or for the decisions or actions with respect to the business and affairs of any Affiliate, nor seek or obtain credit or incur any obligation to any third party based upon the creditworthiness or assets of any Affiliate or any other Person (i.e. other than based on the assets of the Company) nor allow any Affiliate to do such things based on the credit of the Company;
- (e) except as expressly otherwise permitted hereunder or under any of the other Basic Documents, not permit the commingling or pooling of the Company's funds or other assets with the funds or other assets of any Affiliate;
- (f) maintain separate deposit and other bank accounts and funds (separately identifiable from those of the Member or any of its other Affiliates or any other Person) to which no Affiliate has any access (except Consumers Energy in its capacity as Servicer, Administrator or Sponsor), which accounts shall be maintained in the name and,

to the extent not inconsistent with applicable federal tax law, with the tax identification number of the Company;

(g) maintain full books of accounts and records (financial or other) and financial statements separate from those of its Affiliates or any other Person, prepared and maintained in accordance with generally accepted accounting principles (including, all resolutions, records, agreements or instruments underlying or regarding the transactions contemplated by the Basic Documents or otherwise);

(h) pay its own liabilities out of its own funds, including fees and expenses of the Administrator pursuant to the Administration Agreement and the Servicer pursuant to any Servicing Agreement;

(i) not hire or maintain any employees, but compensate (either directly or through reimbursement of the Company's allocable share of any shared expenses) all consultants, agents and Affiliates, to the extent applicable, for services provided to the Company by such consultants, agents or Affiliates, in each case, from the Company's own funds;

(j) allocate fairly and reasonably the salaries of and the expenses related to providing the benefits of officers shared with the Member, any of its other Affiliates or any Manager;

(k) allocate fairly and reasonably any overhead shared with the Member, any of its other Affiliates or any Manager;

(l) pay from its own bank accounts for accounting and payroll services, rent, lease and other expenses (or the Company's allocable share of any such amounts provided by one or more other Affiliates) and not have such operating expenses (or the Company's allocable share thereof) paid by any Affiliates; provided, that the Member shall be permitted to pay the initial organization expenses of the Company and certain of the expenses related to the transactions contemplated by the Basic Documents as provided therein;

(m) maintain adequate capitalization to conduct its business and affairs considering the Company's size and the nature of its business and intended purposes and, after giving effect to the transactions contemplated by the Basic Documents, refrain from engaging in a business for which its remaining property represents unreasonably small capital;

(n) conduct all of the Company's business (whether in writing or orally) solely in the name of the Company through the Member and the Company's Managers, officers and agents, hold the Company out as an entity separate from any Affiliate and cause all actions taken on behalf of the Company by individuals who are both Managers or officers of the Company and officers, directors or employees of the Member or any of its other Affiliates to be taken solely in the name and on behalf of the Company, and not in the name or on behalf of the Member or any such other Affiliate;

- (o) not make or declare any distributions of cash or property to the Member except in accordance with appropriate limited liability company formalities and only consistent with sound business judgment to the extent that it is permitted pursuant to the Basic Documents and not violative of any applicable law;
- (p) otherwise practice and adhere to all limited liability company procedures and formalities to the extent required by this Agreement, all other appropriate constituent documents and the laws of its state of formation and all other appropriate jurisdictions;
- (q) not appoint an Affiliate or any employee of an Affiliate as an agent of the Company, except as otherwise permitted in the Basic Documents (although such Persons can qualify as a Manager or as an officer of the Company);
- (r) not acquire obligations or securities of or make loans or advances to or pledge its assets for the benefit of any Affiliate, the Member or any Affiliate of the Member (other than the Company);
- (s) except as expressly provided in the Basic Documents, not permit the Member or any Affiliate to guarantee, pay or become liable for the debts of the Company nor permit any such Person to hold out its creditworthiness as being available to pay the liabilities and expenses of the Company nor, except for the indemnities in this Agreement and the other Basic Documents, indemnify any Person for losses resulting therefrom;
- (t) maintain separate minutes of the actions of the Member and the Managers, in their capacities as such, including actions with respect to the transactions contemplated by the Basic Documents;
- (u) cause (i) all written and oral communications, including letters, invoices, purchase orders, and contracts, of the Company to be made solely in the name of the Company, (ii) the Company to have its own tax identification number (to the extent not inconsistent with applicable federal tax law), stationery, checks and business forms, separate from those of any Affiliate, (iii) all Affiliates not to use the stationery or business forms of the Company, and cause the Company not to use the stationery or business forms of any Affiliate, and (iv) all Affiliates not to conduct business in the name of the Company, and cause the Company not to conduct business in the name of any Affiliate;
- (v) direct creditors of the Company to send invoices and other statements of account of the Company directly to the Company and not to any Affiliate and cause the Affiliates to direct their creditors not to send invoices and other statements of accounts of such Affiliates to the Company;
- (w) cause the Member to maintain as official records all resolutions, agreements, and other instruments underlying or regarding the transactions contemplated by the Basic Documents;
- (x) disclose, and cause the Member to disclose, in its financial statements the effects of all transactions between the Member and the Company in accordance with

generally accepted accounting principles, and in a manner which makes it clear that (i) the Company is a separate legal entity, (ii) the assets of the Company (including the Securitization Property transferred to the Company pursuant to the Sale Agreement) are not assets of any Affiliate and are not available to pay creditors of any Affiliate and (iii) neither the Member nor any other Affiliate is liable or responsible for the debts of the Company;

(y) treat and cause the Member to treat the transfer of Securitization Property from the Member to the Company as a sale under the Securitization Law;

(z) except as described herein with respect to tax purposes and financial reporting, describe and cause each Affiliate to describe the Company, and hold the Company out, as a separate legal entity and not as a division or department of any Affiliate, and promptly correct any known misunderstanding regarding the Company's identity separate from any Affiliate or any other Person;

(aa) so long as any of the Securitization Bonds are outstanding, treat the Securitization Bonds as debt for all purposes and specifically as debt of the Company, other than for financial reporting, state or federal regulatory or tax purposes;

(bb) solely for purposes of federal taxes and, to the extent consistent with applicable state, local and other tax law, solely for purposes of state, local and other taxes, so long as any of the Securitization Bonds are outstanding, treat the Securitization Bonds as indebtedness of the Member secured by the Securitization Bond Collateral unless otherwise required by appropriate taxing authorities;

(cc) file its own tax returns, if any, as may be required under applicable law, to the extent (i) not part of a consolidated group filing a consolidated return or returns or (ii) not treated as a division or disregarded entity for tax purposes of another taxpayer, and pay any taxes so required to be paid under applicable law;

(dd) maintain its valid existence in good standing under the laws of the State of Delaware and maintain its qualification to do business under the laws of such other jurisdictions as its operations require;

(ee) not form, or cause to be formed, any subsidiaries; and

(ff) comply with all laws applicable to the transactions contemplated by this Agreement and the other Basic Documents.

SECTION 1.08 Limitation on Certain Activities. Notwithstanding any other provisions of this Agreement, the Company, and the Member or Managers on behalf of the Company, shall not:

(a) engage in any business or activity other than as set forth in Article I hereof;

(b) without the affirmative vote of the Member and the affirmative vote of all of the Managers, including each Independent Manager, file a voluntary petition for relief under the Bankruptcy Code or similar law, consent to the institution of insolvency or bankruptcy proceedings against the Company or otherwise institute insolvency or bankruptcy proceedings with respect to the Company or take any company action in furtherance of any such filing or institution of a proceeding;

(c) without the affirmative vote of all Managers, including each Independent Manager, and then only to the extent permitted by the Basic Documents, convert, merge or consolidate with any other Person or sell all or substantially all of its assets or acquire all or substantially all of the assets or capital stock or other ownership interest of any other Person;

(d) take any action, file any tax return, or make any election inconsistent with the treatment of the Company, for purposes of federal income taxes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, as a disregarded entity that is not separate from the Member;

(e) incur any indebtedness or assume or guarantee any indebtedness of any Person (other than the indebtedness incurred under the Basic Documents);

(f) issue any bonds other than the Securitization Bonds contemplated by the Basic Documents; or

(g) to the fullest extent permitted by law, without the affirmative vote of its Member and the affirmative vote of all Managers, including each Independent Manager, execute any dissolution, liquidation, or winding up of the Company.

So long as any of the Securitization Bonds are outstanding, the Company and the Member shall give written notice to each applicable Rating Agency of any action described in clause (b), (c) or (g) of this Section 1.08 which is taken by or on behalf of the Company with the required affirmative vote of the Member and all Managers as therein described.

SECTION 1.09 No State Law Partnership. No provisions of this Agreement shall be deemed or construed to constitute a partnership (including a limited partnership) or joint venture, or the Member a partner or joint venturer of or with any Manager or the Company, for any purposes.

ARTICLE II

CAPITAL

SECTION 2.01 Initial Capital. The initial capital of the Company shall be the sum of cash contributed to the Company by the Member (the "Capital Contribution") in the amount set out opposite the name of the Member on Schedule A hereto, as amended from time to time and incorporated herein by this reference.

SECTION 2.02 Additional Capital Contributions. The assets of the Company are expected to generate a return sufficient to satisfy all obligations of the Company under this Agreement and the other Basic Documents and any other obligations of the Company. It is expected that no capital contributions to the Company will be necessary after the purchase of the Securitization Property. On or prior to the date of issuance of the Securitization Bonds, the Member shall make an additional contribution to the Company in an amount equal to at least 0.50% of the initial principal amount of the Securitization Bonds or such greater amount as agreed to by the Member in connection with the issuance by the Company of the Securitization Bonds, which amount the Company shall deposit into the Capital Subaccount (as defined in the Indenture) established by the Indenture Trustee as provided in the Indenture. No capital contribution by the Member to the Company will be made for the purpose of mitigating losses on Securitization Property that has previously been transferred to the Company, and all capital contributions shall be made in accordance with all applicable limited liability company procedures and requirements, including proper record keeping by the Member and the Company. The Managers acknowledge and agree that, notwithstanding anything in this Agreement to the contrary, such additional contribution will be managed by an investment manager selected by the Indenture Trustee who shall invest such amounts only in investments eligible pursuant to the Basic Documents, and all income earned thereon shall be allocated or paid by the Indenture Trustee in accordance with the provisions of the Indenture.

SECTION 2.03 Capital Account. A Capital Account shall be established and maintained for the Member on the Company's books (the "Capital Account").

SECTION 2.04 Interest on Capital Account. No interest shall be paid or credited to the Member on its Capital Account or upon any undistributed profits left on deposit with the Company. Except as provided herein or by law, the Member shall have no right to demand or receive the return of its Capital Contribution.

ARTICLE III

ALLOCATIONS; BOOKS

SECTION 3.01 Allocations of Income and Loss.

(a) Book Allocations. The net income and net loss of the Company shall be allocated entirely to the Member.

(b) Tax Allocations. Because the Company is not making (and will not make) an election to be treated as an association taxable as a corporation under Section 301.7701-3(a) of the Treasury Regulations, and because the Company is a business entity that has a single owner and is not a corporation, it is expected to be disregarded as an entity separate from its owner for federal income tax purposes under Section 301.7701-3(b)(1) of the Treasury Regulations. Accordingly, all items of income, gain, loss, deduction and credit of the Company for all taxable periods will be treated for federal income tax purposes, and for state and local income and other tax purposes to the extent permitted by applicable law, as realized or incurred directly by the Member. To the extent not so permitted, all items of income, gain, loss, deduction and credit of the Company shall be allocated entirely to the Member as permitted by

applicable tax law, and the Member shall pay (or indemnify the Company, the Indenture Trustee and each of their officers, managers, employees or agents for, and defend and hold harmless each such Person from and against its payment of) any taxes levied or assessed upon all or any part of the Company's property or assets based on existing law as of the date hereof, including any sales, gross receipts, general corporation, personal property, privilege, franchise or license taxes (but excluding any taxes imposed as a result of a failure of such person to properly withhold or remit taxes imposed with respect to payments on any Securitization Bond). The Indenture Trustee (on behalf of the Secured Parties) shall be a third party beneficiary of the Member's obligations set forth in this Section 3.01, it being understood that Holders shall be entitled to enforce their rights against the Member under this Section 3.01 solely through a cause of action brought for their benefit by the Indenture Trustee.

SECTION 3.02 Company to be Disregarded for Tax Purposes. The Company shall comply with the applicable provisions of the Code and the applicable Treasury Regulations thereunder in the manner necessary to effect the intention of the parties that the Company be treated, for federal income tax purposes, as a disregarded entity that is not separate from the Member pursuant to Treasury Regulations Section 301.7701-1 et seq. and that the Company be accorded such treatment until its dissolution pursuant to Article IX hereof and shall take all actions, and shall refrain from taking any action, required by the Code or Treasury Regulations thereunder in order to maintain such status of the Company. In addition, for federal income tax purposes, the Company may not claim any credit on, or make any deduction from the principal or premium, if any, or interest payable in respect of, the Securitization Bonds (other than amounts properly withheld from such payments under the Code or other tax laws) or assert any claim against any present or former Holder by reason of the payment of the taxes levied or assessed upon any part of the Securitization Bond Collateral.

SECTION 3.03 Books of Account. At all times during the continuance of the Company, the Company shall maintain or cause to be maintained full, true, complete and correct books of account in accordance with generally accepted accounting principles, using the fiscal year and taxable year of the Member. In addition, the Company shall keep all records required to be kept pursuant to the LLC Act.

SECTION 3.04 Access to Accounting Records. All books and records of the Company shall be maintained at any office of the Company or at the Company's principal place of business, and the Member, and its duly authorized representative, shall have access to them at such office of the Company and the right to inspect and copy them at reasonable times.

SECTION 3.05 Annual Tax Information. The Managers shall cause the Company to deliver to the Member all information necessary for the preparation of the Member's federal income tax return.

SECTION 3.06 Internal Revenue Service Communications. The Member shall communicate and negotiate with the Internal Revenue Service on any federal tax matter on behalf of the Member and the Company.

ARTICLE IV

MEMBER

SECTION 4.01 Powers. Subject to the provisions of this Agreement and the LLC Act, all powers shall be exercised by or under the authority of, and the business and affairs of the Company shall be controlled by, the Member pursuant to Section 4.04. The Member may delegate any or all such powers to the Managers. Without prejudice to such general powers, but subject to the same limitations, it is hereby expressly declared that the Member shall have the following powers:

(a) To select and remove the Managers and all officers and agents of the Company, prescribe such powers and duties for them as may be consistent with the LLC Act and other applicable law and this Agreement, fix their compensation, and require from them security for faithful service; provided, that, except as provided in Section 7.06, at all times the Company shall have at least two Independent Managers. Prior to issuance of any Securitization Bonds, the Member shall appoint at least two Independent Managers. An "Independent Manager" means an individual who (1) has prior experience as an independent director, independent manager or independent member, (2) is employed by a nationally-recognized company that provides professional Independent Managers and other corporate services in the ordinary course of its business, (3) is duly appointed as an Independent Manager and (4) is not and has not been for at least five years from the date of his or her or its appointment, and will not be while serving as Independent Manager, any of the following:

- (i) a member, partner, equityholder, manager, director, officer or employee of the Company or any of its equityholders or Affiliates (other than as an independent director, independent manager or special member of the Company or an Affiliate of the Company that is not in the direct chain of ownership of the Company and that is required by a creditor to be a single purpose bankruptcy remote entity); provided, that the indirect or beneficial ownership of stock of the Member or its Affiliates through a mutual fund or similar diversified investment vehicle with respect to which the owner does not have discretion or control over the investments held by such diversified investment vehicle shall not preclude such owner from being an Independent Manager;
- (ii) a creditor, supplier or service provider (including provider of professional services) to the Company, the Member or any of their respective equityholders or Affiliates (other than a nationally-recognized company that routinely provides professional Independent Managers and other corporate services to the Company, the Member or any of its Affiliates in the ordinary course of its business);
- (iii) a family member of any such member, partner, equityholder, manager, director, officer, employee, creditor, supplier or service provider; or

- (iv) a Person that controls (whether directly, indirectly or otherwise) any of (i), (ii) or (iii) above.

A natural person who otherwise satisfies the foregoing definition and satisfies subparagraph (i) by reason of being the independent manager or independent director of a “special purpose entity” affiliated with the Company shall be qualified to serve as an Independent Manager of the Company, provided that the fees that such individual earns from serving as an independent manager or independent director of affiliates of the Company in any given year constitute in the aggregate less than five percent (5%) of such individual’s annual income for that year. For purposes of this paragraph, a “special purpose entity” is an entity, whose organizational documents contain restrictions on its activities and impose requirements intended to preserve such entity’s separateness that are substantially similar to the Special Purpose Provisions of this Agreement.

The Company shall pay each Independent Manager annual fees totaling not more than \$10,000 per year (the “Independent Manager Fee”). Such fees shall be determined without regard to the income of the Company, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Company and shall be considered a fixed Operating Expense of the Company. Each Manager, including each Independent Manager, is hereby deemed to be a “manager” within the meaning of Section 18-101(10) of the LLC Act.

Promptly following any resignation or replacement of any Independent Manager, the Member shall give written notice to each applicable Rating Agency of any such resignation or replacement.

(b) Subject to Sections 1.07 and 1.08 and Article VII hereof, to conduct, manage and control the affairs and business of the Company, and to make such rules and regulations therefor, consistent with the LLC Act and other applicable law and this Agreement.

(c) To change the registered agent and office of the Company in Delaware from one location to another; to fix and locate from time to time one or more other offices of the Company; and to designate any place within or without the State of Delaware for the conduct of the business of the Company.

SECTION 4.02 Compensation of Member. To the extent permitted by applicable law, the Company shall have authority to reimburse the Member for out-of-pocket expenses incurred by the Member in connection with its service to the Company. It is understood that the compensation paid to the Member under the provisions of this Section 4.02 shall be determined without regard to the income of the Company, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Company and shall be considered an Ongoing Other Qualified Cost of the Company subject to the limitations on such expenses set forth in the Financing Order.

SECTION 4.03 Other Ventures. Notwithstanding any duties (including fiduciary duties) otherwise existing at law or in equity, it is expressly agreed that the Member, the Managers and any Affiliates, officers, directors, managers, stockholders, partners or employees of the Member, may engage in other business ventures of any nature and description, whether or

not in competition with the Company, independently or with others, and the Company shall not have any rights in and to any independent venture or activity or the income or profits derived therefrom.

SECTION 4.04 Actions by the Member. All actions of the Member may be taken by written resolution of the Member which shall be signed on behalf of the Member by an authorized officer of the Member and filed with the records of the Company.

ARTICLE V

OFFICERS

SECTION 5.01 Designation; Term; Qualifications.

(a) Officers. Subject to the last sentence of this Section 5.01(a), the Managers may, from time to time, designate one or more Persons to be officers of the Company. Any officer so designated shall have such title and authority and perform such duties as the Managers may, from time to time, delegate to them. Each officer shall hold office for the term for which such officer is designated and until its successor shall be duly designated and shall qualify or until its death, resignation or removal as provided in this Agreement. Any Person may hold any number of offices. No officer need be a Manager, the Member, a Delaware resident, or a United States citizen. The Member hereby confirms the appointment of the Persons identified on Schedule C to be the officers of the Company.

(b) President. The President shall be the chief executive officer of the Company, shall preside at all meetings of the Managers, shall be responsible for the general and active management of the business of the Company and shall see that all orders and resolutions of the Managers are carried into effect. The President or any other officer authorized by the President or the Managers may execute all contracts, except: (i) where required or permitted by law or this Agreement to be otherwise signed and executed, including Section 1.08; and (ii) where signing and execution thereof shall be expressly delegated by the Managers to some other officer or agent of the Company.

(c) Vice President. In the absence of the President or in the event of the President's inability to act, the Vice President, if any (or in the event there be more than one Vice President, the Vice Presidents in the order designated by the Managers, or in the absence of any designation, then in the order of their election), shall perform the duties of the President, and when so acting, shall have all the powers of and be subject to all the restrictions upon the President. The Vice Presidents, if any, shall perform such other duties and have such other powers as the Managers may from time to time prescribe.

(d) Secretary and Assistant Secretary. The Secretary shall be responsible for filing legal documents and maintaining records for the Company. The Secretary shall attend all meetings of the Managers and record all the proceedings of the meetings of the Company and of the Managers in a book to be kept for that purpose and shall perform like duties for the standing committees when required. The Secretary shall give, or shall cause to be given, notice of all meetings of the Member, if any, and special meetings of the Managers, and shall perform such

other duties as may be prescribed by the Managers or the President, under whose supervision the Secretary shall serve. The Assistant Secretary, or if there be more than one, the Assistant Secretaries in the order determined by the Managers (or if there be no such determination, then in order of their designation), shall, in the absence of the Secretary or in the event of the Secretary's inability to act, perform the duties and exercise the powers of the Secretary and shall perform such other duties and have such other powers as the Managers may from time to time prescribe.

(e) Treasurer and Assistant Treasurer. The Treasurer shall have the custody of the Company funds and securities and shall keep full and accurate accounts of receipts and disbursements in books belonging to the Company and shall deposit all moneys and other valuable effects in the name and to the credit of the Company in such depositories as may be designated by the Manager. The Treasurer shall disburse the funds of the Company as may be ordered by the Manager, taking proper vouchers for such disbursements, and shall render to the President and to the Managers, at its regular meetings or when the Managers so require, an account of all of the Treasurer's transactions and of the financial condition of the Company. The Assistant Treasurer, or if there shall be more than one, the Assistant Treasurers in the order determined by the Managers (or if there be no such determination, then in the order of their designation), shall, in the absence of the Treasurer or in the event of the Treasurer's inability to act, perform the duties and exercise the powers of the Treasurer and shall perform such other duties and have such other powers as the Managers may from time to time prescribe.

(f) Officers as Agents. The officers of the Company, to the extent their powers as set forth in this Agreement or otherwise vested in them by action of the Managers are not inconsistent with this Agreement, are agents of the Company for the purpose of the Company's business and, subject to Section 1.08, the actions of the officers taken in accordance with such powers shall bind the Company.

(g) Duties of Managers and Officers. Except to the extent otherwise provided herein, each Manager (other than the Independent Managers) and officer of the Company shall have a fiduciary duty of loyalty and care similar to that of directors and officers of business corporations organized under the General Corporation Law of the State of Delaware.

SECTION 5.02 Removal and Resignation. Any officer of the Company may be removed as such, with or without cause, by the Managers at any time. Any officer of the Company may resign as such at any time upon written notice to the Company. Such resignation shall be made in writing and shall take effect at the time specified therein or, if no time is specified therein, at the time of its receipt by the Managers.

SECTION 5.03 Vacancies. Any vacancy occurring in any office of the Company may be filled by the Managers.

SECTION 5.04 Compensation. The compensation, if any, of the officers of the Company shall be fixed from time to time by the Managers. Such compensation shall be determined without regard to the income of the Company, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Company and shall be considered

a fixed Operating Expense of the Company subject to the limitations on such expenses set forth in the Financing Order.

ARTICLE VI

MEMBERSHIP INTEREST

SECTION 6.01 General. “Membership Interest” means the limited liability company interest of the Member in the Company. The Membership Interest constitutes personal property and, subject to Section 6.06, shall be freely transferable and assignable in whole but not in part upon registration of such transfer and assignment on the books of the Company in accordance with the procedures established for such purpose by the Managers of the Company.

SECTION 6.02 Distributions. The Member shall be entitled to receive, out of the assets of the Company legally available therefor, distributions payable in cash in such amounts, if any, as the Managers shall declare. Notwithstanding any provision to the contrary contained in this Agreement, the Company shall not make a distribution to the Member on account of its interest in the Company if such distribution would violate the LLC Act or any other applicable law or any Basic Document.

SECTION 6.03 Rights on Liquidation, Dissolution or Winding Up.

(a) In the event of any liquidation, dissolution or winding up of the Company, the Member shall be entitled to all remaining assets of the Company available for distribution to the Member after satisfaction (whether by payment or reasonable provision for payment) of all liabilities, debts and obligations of the Company.

(b) Neither the sale of all or substantially all of the property or business of the Company, nor the merger or consolidation of the Company into or with another Person or other entity, shall be deemed to be a dissolution, liquidation or winding up, voluntary or involuntary, for the purpose of this Section 6.03.

SECTION 6.04 Redemption. The Membership Interest shall not be redeemable.

SECTION 6.05 Voting Rights. Subject to the terms of this Agreement, the Member shall have the sole right to vote on all matters as to which members of a limited liability company shall be entitled to vote pursuant to the LLC Act and other applicable law.

SECTION 6.06 Transfer of Membership Interests.

(a) The Member may transfer its Membership Interest, in whole but not in part, but the transferee shall not be admitted as a Member except in accordance with Section 6.07. Until the transferee is admitted as a Member, the Member shall continue to be the sole member of the Company (subject to Section 1.02) and to be entitled to exercise any rights or powers of a Member of the Company with respect to the Membership Interest transferred.

(b) To the fullest extent permitted by law, any purported transfer of any Membership Interest in violation of the provisions of this Agreement shall be wholly void and

shall not effectuate the transfer contemplated thereby. Notwithstanding anything contained herein to the contrary and to the fullest extent permitted by law, the Member may not transfer any Membership Interest in violation of any provision of this Agreement or in violation of any applicable federal or state securities laws.

SECTION 6.07 Admission of Transferee as Member.

(a) A transferee of a Membership Interest desiring to be admitted as a Member must execute a counterpart of, or an agreement adopting, this Agreement and, except as permitted by paragraph (b) below, shall not be admitted without unanimous affirmative vote of the Managers, which vote must include the affirmative vote of each Independent Manager. Upon admission of the transferee as a Member, the transferee shall have the rights, powers and duties and shall be subject to the restrictions and liabilities of the Member under this Agreement and the LLC Act. The transferee shall also be liable, to the extent of the Membership Interest transferred, for the unfulfilled obligations, if any, of the transferor Member to make capital contributions to the Company, but shall not be obligated for liabilities unknown to the transferee at the time such transferee was admitted as a Member and that could not be ascertained from this Agreement. Except as set forth in paragraph (b) below, whether or not the transferee of a Membership Interest becomes a Member, the Member transferring the Membership Interest is not released from any liability to the Company under this Agreement or the LLC Act.

(b) The approval of the Managers, including each Independent Manager, shall not be required for the transfer of the Membership Interest from the Member to any successor pursuant to Section 5.02 of the Sale Agreement or the admission of such Person as a Member. Once the transferee of a Membership Interest pursuant to this paragraph (b) becomes a Member, the prior Member shall cease to be a member of the Company and shall be released from any liability to the Company under this Agreement and the LLC Act.

ARTICLE VII

MANAGERS

SECTION 7.01 Managers.

(a) Subject to Sections 1.07 and 1.08, the business and affairs of the Company shall be managed by or under the direction of two or more Managers designated by the Member. Subject to the terms of this Agreement, the Member may determine at any time in its sole and absolute discretion the number of Managers. Subject in all cases to the terms of this Agreement, the authorized number of Managers may be increased or decreased by the Member at any time in its sole and absolute discretion, upon notice to all Managers; provided, that, except as provided in Section 7.06, at all times the Company shall have at least two Independent Managers. The initial number of Managers shall be five, two of which shall be Independent Managers. Each Manager designated by the Member shall hold office until a successor is elected and qualified or until such Manager's earlier death, resignation, expulsion or removal. Each Manager shall execute and deliver the Management Agreement in the form attached hereto as Exhibit A. Managers need not be a Member. The initial Managers designated by the Member are listed on Schedule B hereto.

(b) Each Manager shall be designated by the Member and shall hold office for the term for which designated and until a successor has been designated.

(c) The Managers shall be obliged to devote only as much of their time to the Company's business as shall be reasonably required in light of the Company's business and objectives. Subject to Section 7.02, a Manager shall perform his or her duties as a Manager in good faith, in a manner he or she reasonably believes to be in the best interests of the Company, and with such care as an ordinarily prudent Person in a like position would use under similar circumstances.

(d) Except as otherwise provided in this Agreement, the Managers shall act by the affirmative vote of a majority of the Managers. Each Manager shall have the authority to sign duly authorized agreements and other instruments on behalf of the Company without the joinder of any other Manager.

(e) Subject to the terms of this Agreement, any action may be taken by the Managers without a meeting and without prior notice if authorized by the written consent of a majority of the Managers (or such greater number as is required by this Agreement), which written consent shall be filed with the records of the Company.

(f) Every Manager is an agent of the Company for the purpose of its business, and the act of every Manager, including the execution in the Company name of any instrument for carrying on the business of the Company, binds the Company, unless such act is in contravention of this Agreement or unless the Manager so acting otherwise lacks the authority to act for the Company and the Person with whom he or she is dealing has knowledge of the fact that he or she has no such authority.

(g) To the extent permitted by law, the Managers shall not be personally liable for the Company's debts, obligations or liabilities.

SECTION 7.02 Powers of the Managers. Subject to the terms of this Agreement, the Managers shall have the right and authority to take all actions which the Managers deem incidental, necessary, suitable or convenient for the day-to-day management and conduct of the Company's business.

Each Independent Manager may not delegate his, her or its duties, authorities or responsibilities hereunder. If any Independent Manager resigns, dies or becomes incapacitated, or such position is otherwise vacant, no action requiring the unanimous affirmative vote of the Managers shall be taken until a successor Independent Manager is appointed by the Member and qualifies and approves such action.

To the fullest extent permitted by law, including Section 18-1101(c) of the LLC Act, and notwithstanding any duty otherwise existing at law or in equity, the Independent Managers shall consider only the interests of the Company, including its creditors, in acting or otherwise voting on the matters referred to in Section 1.08. Except for duties to the Company as set forth in the immediately preceding sentence (including duties to the Member and the Company's creditors solely to the extent of their respective economic interests in the Company but excluding (i) all other interests of the Member, (ii) the interests of other Affiliates of the

Company, and (iii) the interests of any group of Affiliates of which the Company is a part), the Independent Managers shall not have any fiduciary duties to the Member, any Manager or any other Person bound by this Agreement; provided, however, the foregoing shall not eliminate the implied contractual covenant of good faith and fair dealing. To the fullest extent permitted by law, including Section 18-1101(e) of the LLC Act, an Independent Manager shall not be liable to the Company, the Member or any other Person bound by this Agreement for breach of contract or breach of duties (including fiduciary duties), unless the Independent Manager acted in bad faith or engaged in willful misconduct.

No Independent Manager shall at any time serve as trustee in bankruptcy for any Affiliate of the Company.

Subject to the terms of this Agreement, the Managers may exercise all powers of the Company and do all such lawful acts and things as are not prohibited by the LLC Act, other applicable law or this Agreement directed or required to be exercised or done by the Member. All duly authorized instruments, contracts, agreements and documents providing for the acquisition or disposition of property of the Company shall be valid and binding on the Company if executed by one or more of the Managers.

Notwithstanding the terms of Section 7.01, 7.07 or 7.09 or any provision of this Agreement to the contrary, (x) no meeting or vote with respect to any action described in clause (b), (c) or (g) of Section 1.08 or any amendment to any of the Special Purpose Provisions shall be conducted unless each Independent Manager is present and (y) neither the Company nor the Member, any Manager or any officer on behalf of the Company shall (i) take any action described in clause (b), (c) or (g) of Section 1.08 or (ii) adopt any amendment to any of the Special Purpose Provisions unless each Independent Manager has consented thereto. The vote or consent of an Independent Manager with respect to any such action or amendment shall not be dictated by the Member or any other Manager or officer of the Company.

SECTION 7.03 Compensation. To the extent permitted by applicable law, the Company may reimburse any Manager, directly or indirectly, for out-of-pocket expenses incurred by such Manager in connection with its services rendered to the Company. Such compensation shall be determined by the Managers without regard to the income of the Company, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Company and shall be considered a fixed Operating Expense of the Company subject to the limitations on such expenses set forth in the Financing Order.

SECTION 7.04 Removal of Managers.

(a) Subject to Section 4.01, the Member may remove any Manager with or without cause at any time.

(b) Subject to Sections 4.01 and 7.05, any removal of a Manager shall become effective on such date as may be specified by the Member and in a notice delivered to any remaining Managers or the Manager designated to replace the removed Manager (except that it shall not be effective on a date earlier than the date such notice is delivered to the remaining Managers or the Manager designated to replace the removed Manager). Should a Manager be

removed who is also the Member, the Member shall continue to participate in the Company as the Member and receive its share of the Company's income, gains, losses, deductions and credits pursuant to this Agreement.

SECTION 7.05 Resignation of Manager. A Manager other than an Independent Manager may resign as a Manager at any time by thirty (30) days' prior notice to the Member. An Independent Manager may not withdraw or resign as a Manager of the Company without the consent of the Member. No resignation or removal of an Independent Manager, and no appointment of a successor Independent Manager, shall be effective until such successor (i) shall have accepted his or her appointment as an Independent Manager by a written instrument, which may be a counterpart signature page to the Management Agreement in the form attached hereto at Exhibit A, and (ii) shall have executed a counterpart to this Agreement.

SECTION 7.06 Vacancies. Subject to Section 4.01, any vacancies among the Managers may be filled by the Member. In the event of a vacancy in the position of Independent Manager, the Member shall, as soon as practicable, appoint a successor Independent Manager. Notwithstanding anything to the contrary contained in this Agreement, no Independent Manager shall be removed or replaced unless the Company provides the Indenture Trustee with no less than two (2) business days' prior written notice of (a) any proposed removal of such Independent Manager, and (b) the identity of the proposed replacement Independent Manager, together with a certification that such replacement satisfies the requirements for an Independent Manager set forth in this Agreement.

SECTION 7.07 Meetings of the Managers. The Managers may hold meetings, both regular and special, within or outside the State of Delaware. Regular meetings of the Managers may be held without notice at such time and at such place as shall from time to time be determined by the Managers. Special meetings of the Managers may be called by the President on not less than one day's notice to each Manager by telephone, facsimile, mail, telegram or any other means of communication, and special meetings shall be called by the President or Secretary in like manner and with like notice upon the written request of any one or more of the Managers.

SECTION 7.08 Electronic Communications. Managers, or any committee designated by the Managers, may participate in meetings of the Managers, or any committee, by means of telephone conference or similar communications equipment that allows all Persons participating in the meeting to hear each other, and such participation in a meeting shall constitute presence in Person at the meeting. If all the participants are participating by telephone conference or similar communications equipment, the meeting shall be deemed to be held at the principal place of business of the Company.

SECTION 7.09 Committees of Managers.

(a) The Managers may, by resolution passed by a majority of the Managers, designate one or more committees, each committee to consist of one or more of the Managers. The Managers may designate one or more Managers as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee.

(b) In the absence or disqualification of a member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not such members constitute a quorum, may unanimously appoint another Manager to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Managers, shall have and may exercise all the powers and authority of the Managers in the management of the business and affairs of the Company. Such committee or committees shall have such name or names as may be determined from time to time by resolution adopted by the Managers. Each committee shall keep regular minutes of its meetings and report the same to the Managers when required.

SECTION 7.10 Limitations on Independent Managers. All right, power and authority of each Independent Manager shall be limited to the extent necessary to exercise those rights and perform those duties specifically set forth in this Agreement.

ARTICLE VIII

EXPENSES

SECTION 8.01 Expenses. Except as otherwise provided in this Agreement or the other Basic Documents, the Company shall be responsible for all expenses and the allocation thereof including without limitation:

- (a) all expenses incurred by the Member or its Affiliates in organizing the Company;
- (b) all expenses related to the business of the Company and all routine administrative expenses of the Company, including the maintenance of books and records of the Company, and the preparation and dispatch to the Member of checks, financial reports, tax returns and notices required pursuant to this Agreement;
- (c) all expenses incurred in connection with any litigation or arbitration involving the Company (including the cost of any investigation and preparation) and the amount of any judgment or settlement paid in connection therewith;
- (d) all expenses for indemnity or contribution payable by the Company to any Person;
- (e) all expenses incurred in connection with the collection of amounts due to the Company from any Person;
- (f) all expenses incurred in connection with the preparation of amendments to this Agreement;
- (g) all expenses incurred in connection with the liquidation, dissolution and winding up of the Company; and
- (h) all expenses otherwise allocated in good faith to the Company by the

Managers.

ARTICLE IX

PERPETUAL EXISTENCE; DISSOLUTION, LIQUIDATION AND WINDING-UP

SECTION 9.01 Existence.

(a) The Company shall have a perpetual existence. So long as any of the Securitization Bonds are outstanding, the Member shall not be entitled to consent to the dissolution of the Company.

(b) Notwithstanding any provision of this Agreement, the Bankruptcy of the Member or Special Member will not cause such Member or Special Member, respectively, to cease to be a member of the Company, and upon the occurrence of such an event, the business of the Company shall continue without dissolution. For purposes of this Section 9.01(b), "Bankruptcy" means, with respect to any Person (A) if such Person (i) makes an assignment for the benefit of creditors, (ii) files a voluntary petition in bankruptcy, (iii) is adjudged a bankrupt or insolvent, or has entered against it an order for relief, in any bankruptcy or insolvency proceedings, (iv) files a petition or answer seeking for itself any reorganization, arrangement, composition, readjustment, liquidation or similar relief under any statute, law or regulation, (v) files an answer or other pleading admitting or failing to contest the material allegations of a petition filed against it in any proceeding of this nature, or (vi) seeks, consents to or acquiesces in the appointment of a trustee, receiver or liquidator of the Person or of all or any substantial part of its properties, or (B) if 120 days after the commencement of any proceeding against the Person seeking reorganization, arrangement, composition, readjustment, liquidation or similar relief under any statute, law or regulation, if the proceeding has not been dismissed or if within 90 days after the appointment without such Person's consent or acquiescence of a trustee, receiver or liquidator of such Person or of all or any substantial part of its properties, the appointment is not vacated or stayed, or within 90 days after the expiration of any such stay, the appointment is not vacated. The foregoing definition of "Bankruptcy" is intended to replace and shall supersede and replace the definition of "Bankruptcy" set forth in Sections 18-101(1) and 18-304 of the LLC Act. Upon the occurrence of any event that causes the last remaining member of the Company to cease to be a member of the Company or that causes the Member to cease to be a member of the Company (other than upon continuation of the Company without dissolution upon an assignment by the Member of all of its limited liability company interest in the Company and the admission of the transferee pursuant to Sections 6.06 and 6.07), to the fullest extent permitted by law, the personal representative of such member is hereby authorized to, and shall, within ninety (90) days after the occurrence of the event that terminated the continued membership of such member in the Company, agree in writing (i) to continue the Company and (ii) to the admission of the personal representative or its nominee or designee, as the case may be, as a substitute member of the Company, effective as of the occurrence of the event that terminated the continued membership of the last remaining member of the Company or the Member in the Company.

SECTION 9.02 Dissolution. The Company shall be dissolved and its affairs shall be wound up upon the occurrence of the earliest of the following events:

(a) subject to Section 1.08, the election to dissolve the Company made in writing by the Member and each Manager, including each Independent Manager, as permitted under the Basic Documents and after the discharge in full of the Securitization Bonds;

(b) the termination of the legal existence of the last remaining member of the Company or the occurrence of any event that causes the last remaining member of the Company to cease to be a member of the Company unless the business of the Company is continued without dissolution in a manner permitted by the LLC Act or this Agreement; or

(c) the entry of a decree of judicial dissolution of the Company pursuant to Section 18-802 of the LLC Act.

SECTION 9.03 Accounting. In the event of the dissolution, liquidation and winding-up of the Company, a proper accounting shall be made of the Capital Account of the Member and of the net income or net loss of the Company from the date of the last previous accounting to the date of dissolution.

SECTION 9.04 Certificate of Cancellation. As soon as possible following the occurrence of any of the events specified in Section 9.02 and the completion of the winding up of the Company, the Person winding up the business and affairs of the Company, as an authorized person, shall cause to be executed a Certificate of Cancellation of the Certificate of Formation and file the Certificate of Cancellation of the Certificate of Formation as required by the LLC Act.

SECTION 9.05 Winding Up. Upon the occurrence of any event specified in Section 9.02, the Company shall continue solely for the purpose of winding up its affairs in an orderly manner, liquidating its assets, and satisfying the claims of its creditors. The Member, or if there is no Member, the Managers, shall be responsible for overseeing the winding up and liquidation of the Company, shall take full account of the liabilities of the Company and its assets, shall either cause its assets to be sold or distributed, and if sold as promptly as is consistent with obtaining the fair market value thereof, shall cause the proceeds therefrom, to the extent sufficient therefor, to be applied and distributed as provided in Section 9.06.

SECTION 9.06 Order of Payment of Liabilities Upon Dissolution. After determining that all debts and liabilities of the Company, including all contingent, conditional or unmatured liabilities of the Company, in the process of winding-up, including, without limitation, debts and liabilities to the Member in the event it is a creditor of the Company to the extent otherwise permitted by law, have been paid or adequately provided for, the remaining assets shall be distributed in cash or in kind to the Member.

Except as otherwise specifically provided in this Agreement, the Member shall only be entitled to look solely to the assets of Company for the return of its positive Capital Account balance and shall have no recourse for its Capital Contribution and/or share of net income (upon dissolution or otherwise) against any Manager.

SECTION 9.08 Limitation on Liability. Except as otherwise provided by the LLC Act and except as otherwise characterized for tax and financial reporting purposes, the debts, obligations and liabilities of the Company, whether arising in contract, tort or otherwise, shall be solely the debts, obligations and liabilities of the Company, and no Member or Manager shall be obligated personally for any such debt, obligation or liability of the Company solely by reason of being a Member or a Manager.

ARTICLE X

INDEMNIFICATION

SECTION 10.01 Indemnity. Subject to the provisions of Section 10.04 hereof, to the fullest extent permitted by law, the Company shall indemnify any Person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the Company, by reason of the fact that such Person is or was a Manager, Member, officer, controlling Person, legal representative or agent of the Company, or is or was serving at the request of the Company as a member, manager, director, officer, partner, shareholder, controlling Person, legal representative or agent of another limited liability company, partnership, corporation, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by such Person in connection with the action, suit or proceeding if such Person acted in good faith and in a manner which such Person reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to a criminal action or proceeding, had no reasonable cause to believe such Person's conduct was unlawful; provided that such Person shall not be entitled to indemnification if such judgment, penalty, fine or other expense was directly caused by such Person's fraud, gross negligence or willful misconduct or, in the case of an Independent Manager, bad faith or willful misconduct.

SECTION 10.02 Indemnity for Actions By or In the Right of the Company. Subject to the provisions of Section 10.04 hereof, to the fullest extent permitted by law, the Company shall indemnify any Person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Company to procure a judgment in its favor by reason of the fact that such Person is or was a Member, Manager, officer, controlling Person, legal representative or agent of the Company, or is or was serving at the request of the Company as a member, manager, director, officer, partner, shareholder, controlling Person, legal representative or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise, against expenses, including amounts paid in settlement and attorneys' fees actually and reasonably incurred by such Person in connection with the defense or settlement of the actions or suit if such Person acted in good faith and in a manner which such Person reasonably believed to be in or not opposed to the best interests of the Company; provided that such Person shall not be entitled to indemnification if such judgment, penalty, fine or other expense was directly caused by such Person's fraud, gross negligence or willful misconduct or, in the case of an Independent Manager, bad faith or willful misconduct. Indemnification may not be made for any claim, issue or matter as to which such Person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the Company or for amounts paid in settlement to the Company, unless

and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the Person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

SECTION 10.03 Intentionally Omitted.

SECTION 10.04 Expenses. Any indemnification under Sections 10.01 and 10.02, as well as the advance payment of expenses permitted under Section 10.05 unless ordered by a court or advanced pursuant to Section 10.05 below, must be made by the Company only as authorized in the specific case upon a determination that indemnification of the Manager, Member, officer, controlling Person, legal representative or agent is proper in the circumstances. The determination must be made:

- (a) by the Member if the Member was not a party to the act, suit or proceeding; or
- (b) if the Member was a party to the act, suit or proceeding by independent legal counsel in a written opinion.

SECTION 10.05 Advance Payment of Expenses. The expenses of each Person who is or was a Manager, Member, officer, controlling Person, legal representative or agent, or is or was serving at the request of the Company as a member, manager, director, officer, partner, shareholder, controlling Person, legal representative or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise, incurred in defending a civil or criminal action, suit or proceeding may be paid by the Company as they are incurred and in advance of the final disposition of the action, suit or proceeding, upon receipt of an undertaking by or on behalf of such Person to repay the amount if it is ultimately determined by a court of competent jurisdiction that such Person is not entitled to be indemnified by the Company. The provisions of this Section 10.05 shall not affect any rights to advancement of expenses to which personnel other than the Member or the Managers (other than each Independent Manager) may be entitled under any contract or otherwise by law.

SECTION 10.06 Other Arrangements Not Excluded. The indemnification and advancement of expenses authorized in or ordered by a court pursuant to this

Article X:

(a) does not exclude any other rights to which a Person seeking indemnification or advancement of expenses may be entitled under any agreement, decision of the Member, consent or action of the Managers or otherwise, for either an action of any Person who is or was a Manager, Member, officer, controlling Person, legal representative or agent, or is or was serving at the request of the Company as a member, manager, director, officer, partner, shareholder, controlling Person, legal representative or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise, in the official capacity of such Person or an action in another capacity while holding such position; and

(b) continues for a Person who has ceased to be a Member, Manager, officer, legal representative or agent and inures to the benefit of the successors, heirs, executors and administrators of such a Person.

ARTICLE XI

MISCELLANEOUS PROVISIONS

SECTION 11.01 No Bankruptcy Petition; Dissolution.

(a) To the fullest extent permitted by law, the Member and each Manager hereby covenant and agree (or shall be deemed to have hereby covenanted and agreed) that, prior to the date which is one year and one day after the termination of the Indenture and the payment in full of the Securitization Bonds and any other amounts owed under the Indenture, it will not acquiesce, petition or otherwise invoke or cause the Company to invoke the process of any court or Governmental Authority for the purpose of commencing or sustaining an involuntary case against the Company under any federal or state bankruptcy, insolvency or similar law or appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Company or any substantial part of the property of the Company, or ordering the winding up or liquidation of the affairs of the Company; provided, however, that nothing in this Section 11.01 shall constitute a waiver of any right to indemnification, reimbursement or other payment from the Company pursuant to this Agreement. This Section 11.01 is not intended to apply to the filing of a voluntary bankruptcy petition on behalf of the Company which is governed by Section 1.08 of this Agreement.

(b) To the fullest extent permitted by law, the Member and each Manager hereby covenant and agree (or shall be deemed to have hereby covenanted and agreed) that, until the termination of the Indenture and the payment in full of the Securitization Bonds and any other amounts owed under the Indenture, the Member and such Manager will not consent to, or make application for, or institute or maintain any action for, the dissolution of the Company under Section 18-801 or 18-802 of the LLC Act or otherwise.

(c) In the event that the Member or any Manager takes action in violation of this Section 11.01, the Company agrees that it shall file an answer with the court or otherwise properly contest the taking of such action and raise the defense that the Member or Manager, as the case may be, has agreed in writing not to take such action and should be estopped and precluded therefrom and such other defenses, if any, as its counsel advises that it may assert.

(d) The provisions of this Section 11.01 shall survive the termination of this Agreement and the resignation, withdrawal or removal of the Member or any Manager. Nothing herein contained shall preclude participation by the Member or a Manager in assertion or defense of its claims in any such proceeding involving the Company.

SECTION 11.02 Amendments.

(a) The power to alter, amend or repeal this Agreement shall be only with the consent of the Member, provided, that the Company shall not alter, amend or repeal any provision of Sections 1.02(b) and (c), 1.05, 1.07, 1.08, 3.01(b), 3.02, 6.06, 6.07, 7.02, 7.05, 7.06, 9.01, 9.02, 11.02 and 11.06 of this Agreement or the definition of "Independent Manager" contained herein or the requirement that at all times the Company have at least two Independent Managers (collectively, the "Special Purpose Provisions") without, in each case, the affirmative

vote of a majority of the Managers, which vote must include the affirmative vote of each Independent Manager.

So long as any of the Securitization Bonds are outstanding, the Company and the Member shall give written notice to each Rating Agency of any amendment to this Agreement. The effectiveness of any amendment of the Special Purpose Provisions shall be subject to the Rating Agency notice conditions set forth in the Basic Documents (other than an amendment which is necessary: (i) to cure any ambiguity or (ii) to correct or supplement any such provision in a manner consistent with the intent of this Agreement).

(b) The Company's power to alter or amend the Certificate of Formation shall be vested in the Member. Upon obtaining the approval of any amendment, supplement or restatement as to the Certificate of Formation, the Member on behalf of the Company shall cause a Certificate of Amendment or Amended and Restated Certificate of Formation to be prepared, executed and filed in accordance with the LLC Act.

(c) Notwithstanding anything in this Agreement to the contrary, including Sections 11.02(a) and (b), unless and until the Securitization Bonds are issued and outstanding, the Member may, without the need for any consent or action of, or notice to, any other Person, including any Manager, any officer, the Indenture Trustee or any Rating Agency, alter, amend or repeal this Agreement in any manner.

SECTION 11.03 Governing Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, WITHOUT REFERENCE TO ITS CONFLICT OF LAW PROVISIONS, AND THE OBLIGATIONS, RIGHTS AND REMEDIES OF THE PARTIES HEREUNDER SHALL BE DETERMINED IN ACCORDANCE WITH SUCH LAWS.

SECTION 11.04 Headings. The headings of the various Articles and Sections herein are for convenience of reference only and shall not define or limit any of the terms or provisions hereof.

SECTION 11.05 Severability. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remainder of such provision (if any) or the remaining provisions hereof (unless such construction shall be unreasonable), and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 11.06 Assigns. Each and all of the covenants, terms, provisions and agreements contained in this Agreement shall be binding upon and inure to the benefit of the Member, and its permitted successors and assigns.

SECTION 11.07 Enforcement by Each Independent Manager. Notwithstanding any other provision of this Agreement, the Member agrees that this Agreement constitutes a legal, valid and binding agreement of the Member, and is enforceable against the Member by each Independent Manager in accordance with its terms.

SECTION 11.08 Waiver of Partition; Nature of Interest. Except as otherwise expressly provided in this Agreement, to the fullest extent permitted by law, each of the Member and the Special Members hereby irrevocably waives any right or power that such Person might have to cause the Company or any of its assets to be partitioned, to cause the appointment of a receiver for all or any portion of the assets of the Company, to compel any sale of all or any portion of the assets of the Company pursuant to any applicable law or to file a complaint or to institute any proceeding at law or in equity to cause the dissolution, liquidation, winding up or termination of the Company. The Member shall not have any interest in any specific assets of the Company, and the Member shall not have the status of a creditor with respect to any distribution pursuant to this Agreement.

SECTION 11.09 Benefits of Agreement; No Third-Party Rights. Except for the Indenture Trustee with respect to the Special Purpose Provisions and Persons entitled to indemnification hereunder, none of the provisions of this Agreement shall be for the benefit of or enforceable by any creditor of the Company or by any creditor of the Member or Special Member. Nothing in this Agreement shall be deemed to create any right in any Person (other than the Indenture Trustee with respect to the Special Purpose Provisions and Persons entitled to indemnification hereunder) not a party hereto, and this Agreement shall not be construed in any respect to be a contract in whole or in part for the benefit of any third Person.

THIS CROSS REFERENCE TABLE SHALL NOT, FOR ANY PURPOSE, BE DEEMED TO BE PART OF THIS INDENTURE.

This INDENTURE, dated as of July 22, 2014, is by and between CONSUMERS 2014 SECURITIZATION FUNDING LLC, a Delaware limited liability company, and THE BANK OF NEW YORK MELLON, a New York banking corporation, in its capacity as trustee for the benefit of the Secured Parties and in its separate capacity as a securities intermediary.

In consideration of the mutual agreements herein contained, each party hereto agrees as follows for the benefit of the other party hereto and each of the Holders:

RECITALS OF THE ISSUER

The Issuer has duly authorized the execution and delivery of this Indenture and the creation and issuance of the Securitization Bonds issuable hereunder, which will be of substantially the tenor set forth herein and in the Series Supplement.

The Securitization Bonds shall be non-recourse obligations and shall be secured by and payable solely out of the proceeds of the Securitization Property and the other Securitization Bond Collateral as provided herein. If and to the extent that such proceeds of the Securitization Property and the other Securitization Bond Collateral are insufficient to pay all amounts owing with respect to the Securitization Bonds, then, except as otherwise expressly provided hereunder, the Holders shall have no Claim in respect of such insufficiency against the Issuer or the Indenture Trustee, and the Holders, by their acceptance of the Securitization Bonds, waive any such Claim.

All things necessary to (a) make the Securitization Bonds, when executed by the Issuer and authenticated and delivered by the Indenture Trustee hereunder and duly issued by the Issuer, valid obligations, and (b) make this Indenture a valid agreement of the Issuer, in each case, in accordance with their respective terms, have been done.

NOW, THEREFORE, THIS INDENTURE WITNESSETH:

That the Issuer, in consideration of the premises herein contained and of the purchase of the Securitization Bonds by the Holders and of other good and lawful consideration, the receipt and sufficiency of which are hereby acknowledged, and to secure, equally and ratably without prejudice, priority or distinction, except as specifically otherwise set forth in this Indenture, the payment of the Securitization Bonds, the payment of all other amounts due under or in connection with this Indenture (including all fees, expenses, counsel fees and other amounts due and owing to the Indenture Trustee) and the performance and observance of all of the covenants and conditions contained herein or in the Securitization Bonds, has hereby executed and delivered this Indenture and by these presents does hereby and by the Series Supplement will convey, grant, assign, transfer and pledge, in each case, in and unto the Indenture Trustee, its successors and assigns forever, for the benefit of the Secured Parties, all and singular the property described in the Series Supplement (such property herein referred to as the "Securitization Bond Collateral"). The Series Supplement will more particularly describe the obligations of the Issuer secured by the Securitization Bond Collateral.

AND IT IS HEREBY COVENANTED, DECLARED AND AGREED between the parties hereto that all Securitization Bonds are to be issued, countersigned and delivered and

that all of the Securitization Bond Collateral is to be held and applied, subject to the further covenants, conditions, releases, uses and trusts hereinafter set forth, and the Issuer, for itself and any successor, does hereby covenant and agree to and with the Indenture Trustee and its successors in said trust, for the benefit of the Secured Parties, as follows:

ARTICLE II

THE SECURITIZATION BONDS

SECTION 2.01. Form. The Securitization Bonds and the Indenture Trustee’s certificate of authentication shall be in substantially the forms set forth in Exhibit A, with such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Indenture or by the Series Supplement and may have such letters, numbers or other marks of identification and such legends or endorsements placed thereon as may, consistently herewith, be determined by the officers executing the Securitization Bonds, as evidenced by their execution of the Securitization Bonds.

The Securitization Bonds shall be typewritten, printed, lithographed or engraved or produced by any combination of these methods (with or without steel engraved borders), all as determined by the officers executing the Securitization Bonds, as evidenced by their execution of the Securitization Bonds.

Each Securitization Bond shall be dated the date of its authentication. The terms of the Securitization Bonds set forth in Exhibit A are part of the terms of this Indenture.

SECTION 2.02. Denominations of Securitization Bonds. The Securitization Bonds shall be issuable in the Authorized Denominations specified in the Series Supplement.

The Securitization Bonds may, at the election of and as authorized by a Responsible Officer of the Issuer, be issued in one or more Tranches, and shall be designated generally as the "Senior Secured Securitization Bonds, Series 2014A" of the Issuer, with such further particular designations added or incorporated in such title for the Securitization Bonds of any particular Tranche as a Responsible Officer of the Issuer may determine. Each Securitization Bond shall bear the designation so selected for the Tranche to which it belongs. All Securitization Bonds shall be identical in all respects except for the denominations thereof, the Holder thereof, the numbering thereon and the legends thereon, unless the Securitization Bonds are comprised of one or more Tranches, in which case all Securitization Bonds of the same Tranche shall be identical in all respects except for the denominations thereof, the Holder thereof, the numbering thereon, the legends thereon and the CUSIP number thereon. All Securitization Bonds of a particular Tranche shall be in all respects equally and ratably entitled to the benefits hereof without preference, priority or distinction on account of the actual time or times of authentication and delivery, all in accordance with the terms and provisions of this Indenture.

The Securitization Bonds shall be created by the Series Supplement authorized by a Responsible Officer of the Issuer, which Series Supplement shall specify and establish the terms and provisions thereof, including the following (which terms and provisions may differ as between Tranches):

- (a) designation of any Tranches thereof;
- (b) the principal amount (and, if more than one Tranche is issued, the respective principal amounts of such Tranches);
- (c) the Bond Interest Rate;
- (d) the Payment Dates;
- (e) the Scheduled Payment Dates;
- (f) the Scheduled Final Payment Date(s);
- (g) the Final Maturity Date(s);
- (h) the issuance date;

- (i) the Authorized Denominations;
- (j) the Expected Amortization Schedule(s);
- (k) the place or places for the payment of interest, principal and premium, if any;
- (l) any additional Secured Parties;
- (m) the identity of the Indenture Trustee;
- (n) the Securitization Charges and the Securitization Bond Collateral;
- (o) whether or not the Securitization Bonds are to be Book-Entry Securitization Bonds and the extent to which Section 2.11 should apply; and
- (p) any other terms of the Securitization Bonds (or Tranches thereof) that are not inconsistent with the provisions of this Indenture and as to which the Rating Agency Condition is satisfied.

SECTION 2.03. Execution, Authentication and Delivery. The Securitization Bonds shall be executed on behalf of the Issuer by any of its Responsible Officers. The signature of any such Responsible Officer on the Securitization Bonds may be manual or facsimile.

Securitization Bonds bearing the manual or facsimile signature of individuals who were at any time Responsible Officers of the Issuer shall bind the Issuer, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of the Securitization Bonds or did not hold such offices at the date of the Securitization Bonds.

At any time and from time to time after the execution and delivery of this Indenture, the Issuer may deliver Securitization Bonds executed by the Issuer to the Indenture Trustee pursuant to an Issuer Order for authentication; and the Indenture Trustee shall authenticate and deliver the Securitization Bonds as in this Indenture provided and not otherwise.

No Securitization Bond shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose, unless there appears on such Securitization Bond a certificate of authentication substantially in the form provided for therein executed by the Indenture Trustee by the manual signature of one of its authorized signatories, and such certificate upon any Securitization Bond shall be conclusive evidence, and the only evidence, that such Securitization Bond has been duly authenticated and delivered hereunder.

SECTION 2.04. Temporary Securitization Bonds. Pending the preparation of Definitive Securitization Bonds pursuant to Section 2.13, the Issuer may execute, and upon receipt of an Issuer Order the Indenture Trustee shall authenticate and deliver, Temporary Securitization Bonds that are printed, lithographed, typewritten, mimeographed or otherwise produced, of the tenor of the Definitive Securitization Bonds in lieu of which they are issued and with such variations not inconsistent with the terms of this Indenture as the officers executing the

Securitization Bonds may determine, as evidenced by their execution of the Securitization Bonds.

If Temporary Securitization Bonds are issued, the Issuer will cause Definitive Securitization Bonds to be prepared without unreasonable delay. After the preparation of Definitive Securitization Bonds, the Temporary Securitization Bonds shall be exchangeable for Definitive Securitization Bonds upon surrender of the Temporary Securitization Bonds at the office or agency of the Issuer to be maintained as provided in [Section 3.02](#), without charge to the Holder. Upon surrender for cancellation of any one or more Temporary Securitization Bonds, the Issuer shall execute and the Indenture Trustee shall authenticate and deliver in exchange therefor a like principal amount of Definitive Securitization Bonds of authorized denominations. Until so delivered in exchange, the Temporary Securitization Bonds shall in all respects be entitled to the same benefits under this Indenture as Definitive Securitization Bonds.

SECTION 2.05. Registration; Registration of Transfer and Exchange of Securitization Bonds. The Issuer shall cause to be kept a register (the "Securitization Bond Register") in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of Securitization Bonds and the registration of transfers of Securitization Bonds. The Indenture Trustee shall be "Securitization Bond Registrar" for the purpose of registering the Securitization Bonds and transfers of Securitization Bonds as herein provided. Upon any resignation of any Securitization Bond Registrar, the Issuer shall promptly appoint a successor or, if it elects not to make such an appointment, assume the duties of Securitization Bond Registrar.

If a Person other than the Indenture Trustee is appointed by the Issuer as Securitization Bond Registrar, the Issuer will give the Indenture Trustee prompt written notice of the appointment of such Securitization Bond Registrar and of the location, and any change in the location, of the Securitization Bond Register, and the Indenture Trustee shall have the right to inspect the Securitization Bond Register at all reasonable times and to obtain copies thereof, and the Indenture Trustee shall have the right to rely conclusively upon a certificate executed on behalf of the Securitization Bond Registrar by a Responsible Officer thereof as to the names and addresses of the Holders and the principal amounts and number of the Securitization Bonds (separately stated by Tranche).

Upon surrender for registration of transfer of any Securitization Bond at the office or agency of the Issuer to be maintained as provided in [Section 3.02](#), provided that the requirements of Section 8-401 of the UCC are met, the Issuer shall execute, and the Indenture Trustee shall authenticate and the Holder shall obtain from the Indenture Trustee, in the name of the designated transferee or transferees, one or more new Securitization Bonds in any Authorized Denominations, of the same Tranche and aggregate principal amount.

At the option of the Holder, Securitization Bonds may be exchanged for other Securitization Bonds in any Authorized Denominations, of the same Tranche and aggregate principal amount, upon surrender of the Securitization Bonds to be exchanged at such office or agency as provided in [Section 3.02](#). Whenever any Securitization Bonds are so surrendered for exchange, the Issuer shall, provided that the requirements of Section 8-401 of the UCC are met, execute, and, upon any such execution, the Indenture Trustee shall authenticate and the Holder

shall obtain from the Indenture Trustee, the Securitization Bonds that the Holder making the exchange is entitled to receive.

All Securitization Bonds issued upon any registration of transfer or exchange of other Securitization Bonds shall be the valid obligations of the Issuer, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Securitization Bonds surrendered upon such registration of transfer or exchange.

Every Securitization Bond presented or surrendered for registration of transfer or exchange shall be duly endorsed by, or be accompanied by: (a) a written instrument of transfer in form satisfactory to the Indenture Trustee duly executed by the Holder thereof or such Holder's attorney duly authorized in writing, with such signature guaranteed by an institution that is a member of: (i) The Securities Transfer Agent Medallion Program (STAMP); (ii) The New York Stock Exchange Medallion Program (MSP); (iii) The Stock Exchange Medallion Program (SEMP); or (iv) such other signature guaranty program acceptable to the Indenture Trustee; and (b) such other documents as the Indenture Trustee may require.

No service charge shall be made to a Holder for any registration of transfer or exchange of Securitization Bonds, but the Issuer or the Indenture Trustee may require payment of a sum sufficient to cover any tax or other governmental charge or any fees or expenses of the Indenture Trustee that may be imposed in connection with any registration of transfer or exchange of Securitization Bonds, other than exchanges pursuant to Section 2.04 or Section 2.06 not involving any transfer.

The preceding provisions of this Section 2.05 notwithstanding, the Issuer shall not be required to make, and the Securitization Bond Registrar need not register, transfers or exchanges of any Securitization Bond that has been submitted within 15 days preceding the due date for any payment with respect to such Securitization Bond until after such due date has occurred.

SECTION 2.06. Mutilated, Destroyed, Lost or Stolen Securitization Bonds. If (a) any mutilated Securitization Bond is surrendered to the Indenture Trustee or the Indenture Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Securitization Bond and (b) there is delivered to the Indenture Trustee such security or indemnity as may be required by it to hold the Issuer and the Indenture Trustee harmless, then, in the absence of notice to the Issuer, the Securitization Bond Registrar or the Indenture Trustee that such Securitization Bond has been acquired by a Protected Purchaser, the Issuer shall, provided that the requirements of Section 8-401 of the UCC are met, execute, and, upon the Issuer's written request, the Indenture Trustee shall authenticate and deliver, in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Securitization Bond, a replacement Securitization Bond of like Tranche, tenor and principal amount, bearing a number not contemporaneously outstanding; provided, however, that, if any such destroyed, lost or stolen Securitization Bond, but not a mutilated Securitization Bond, shall have become or within seven days shall be due and payable, instead of issuing a replacement Securitization Bond, the Issuer may pay such destroyed, lost or stolen Securitization Bond when so due or payable without surrender thereof. If, after the delivery of such replacement Securitization Bond or payment of a destroyed, lost or stolen Securitization Bond pursuant to the proviso to the preceding sentence, a Protected

Purchaser of the original Securitization Bond in lieu of which such replacement Securitization Bond was issued presents for payment such original Securitization Bond, the Issuer and the Indenture Trustee shall be entitled to recover such replacement Securitization Bond (or such payment) from the Person to whom it was delivered or any Person taking such replacement Securitization Bond from such Person to whom such replacement Securitization Bond was delivered or any assignee of such Person, except a Protected Purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the Issuer or the Indenture Trustee in connection therewith.

Upon the issuance of any replacement Securitization Bond under this Section 2.06, the Issuer and/or the Indenture Trustee may require the payment by the Holder of such Securitization Bond of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other reasonable expenses (including the fees and expenses of the Indenture Trustee and the Securitization Bond Registrar) in connection therewith.

Every replacement Securitization Bond issued pursuant to this Section 2.06 in replacement of any mutilated, destroyed, lost or stolen Securitization Bond shall constitute an original additional contractual obligation of the Issuer, whether or not the mutilated, destroyed, lost or stolen Securitization Bond shall be found at any time or enforced by any Person, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securitization Bonds duly issued hereunder.

The provisions of this Section 2.06 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securitization Bonds.

SECTION 2.07. Persons Deemed Owner. Prior to due presentment for registration of transfer of any Securitization Bond, the Issuer, the Indenture Trustee, the Securitization Bond Registrar and any agent of the Issuer or the Indenture Trustee may treat the Person in whose name any Securitization Bond is registered (as of the day of determination) as the owner of such Securitization Bond for the purpose of receiving payments of principal of and premium, if any, and interest on such Securitization Bond and for all other purposes whatsoever, whether or not such Securitization Bond be overdue, and none of the Issuer, the Indenture Trustee or any agent of the Issuer or the Indenture Trustee shall be affected by notice to the contrary.

SECTION 2.08. Payment of Principal, Premium, if any, and Interest; Interest on Overdue Principal; Principal, Premium, if any, and Interest Rights Preserved.

(a) The Securitization Bonds shall accrue interest as provided in the Series Supplement at the applicable Bond Interest Rate, and such interest shall be payable on each applicable Payment Date. Any installment of interest, principal or premium, if any, payable on any Securitization Bond that is punctually paid or duly provided for on the applicable Payment Date shall be paid to the Person in whose name such Securitization Bond (or one or more Predecessor Securitization Bonds) is registered on the Record Date for such Payment Date by wire transfer to an account maintained by such Holder in accordance with payment instructions

delivered to the Indenture Trustee by such Holder, and, with respect to Book-Entry Securitization Bonds, payments will be made by wire transfer in immediately available funds to the account designated by the Holder of the applicable Global Securitization Bond unless and until such Global Securitization Bond is exchanged for Definitive Securitization Bonds (in which event payments shall be made as provided above) and except for the final installment of principal and premium, if any, payable with respect to such Securitization Bond on a Payment Date, which shall be payable as provided below.

(b) The principal of each Securitization Bond of each Tranche shall be paid, to the extent funds are available therefor in the Collection Account, in installments on each Payment Date specified in the Series Supplement; provided, that installments of principal not paid when scheduled to be paid in accordance with the Expected Amortization Schedule shall be paid upon receipt of money available for such purpose, in the order set forth in the Expected Amortization Schedule. Failure to pay principal in accordance with such Expected Amortization Schedule because moneys are not available pursuant to Section 8.02 to make such payments shall not constitute a Default or Event of Default under this Indenture; provided, however, that failure to pay the entire unpaid principal amount of the Securitization Bonds of a Tranche upon the Final Maturity Date for the Securitization Bonds of such Tranche shall constitute an Event of Default under this Indenture as set forth in Section 5.01. Notwithstanding the foregoing, the entire unpaid principal amount of the Securitization Bonds shall be due and payable, if not previously paid, on the date on which an Event of Default shall have occurred and be continuing, if the Indenture Trustee or the Holders of the Securitization Bonds representing a majority of the Outstanding Amount of the Securitization Bonds have declared the Securitization Bonds to be immediately due and payable in the manner provided in Section 5.02. All payments of principal and premium, if any, on the Securitization Bonds shall be made pro rata to the Holders entitled thereto unless otherwise provided in the Series Supplement. The Indenture Trustee shall notify the Person in whose name a Securitization Bond is registered at the close of business on the Record Date preceding the Payment Date on which the Issuer expects that the final installment of principal of and premium, if any, and interest on such Securitization Bond will be paid. Such notice shall be mailed no later than five days prior to such final Payment Date and shall specify that such final installment will be payable only upon presentation and surrender of such Securitization Bond and shall specify the place where such Securitization Bond may be presented and surrendered for payment of such installment.

(c) If interest on the Securitization Bonds is not paid when due, such defaulted interest shall be paid (plus interest on such defaulted interest at the applicable Bond Interest Rate to the extent lawful) to the Persons who are Holders on a subsequent Special Record Date, which date shall be at least 15 Business Days prior to the Special Payment Date. The Issuer shall fix or cause to be fixed any such Special Record Date and Special Payment Date, and, at least ten days before any such Special Record Date, the Issuer shall mail to each affected Holder a notice that states the Special Record Date, the Special Payment Date and the amount of defaulted interest (plus interest on such defaulted interest) to be paid.

SECTION 2.09. Cancellation. All Securitization Bonds surrendered for payment, registration of transfer or exchange shall, if surrendered to any Person other than the Indenture Trustee, be delivered to the Indenture Trustee and shall be promptly canceled by the Indenture Trustee. The Issuer may at any time deliver to the Indenture Trustee for cancellation any

Securitization Bonds previously authenticated and delivered hereunder that the Issuer may have acquired in any manner whatsoever, and all Securitization Bonds so delivered shall be promptly canceled by the Indenture Trustee. No Securitization Bonds shall be authenticated in lieu of or in exchange for any Securitization Bonds canceled as provided in this Section 2.09, except as expressly permitted by this Indenture. All canceled Securitization Bonds may be held or disposed of by the Indenture Trustee in accordance with its standard retention or disposal policy as in effect at the time.

SECTION 2.10. Outstanding Amount; Authentication and Delivery of Securitization Bonds. The aggregate Outstanding Amount of Securitization Bonds that may be authenticated and delivered under this Indenture shall not exceed the aggregate of the amounts of Securitization Bonds that are authorized in the Financing Order but otherwise shall be unlimited.

Securitization Bonds created and established by the Series Supplement may at any time be executed by the Issuer and delivered to the Indenture Trustee for authentication and thereupon the same shall be authenticated and delivered by the Indenture Trustee upon Issuer Request and upon delivery by the Issuer to the Indenture Trustee, and receipt by the Indenture Trustee, or the causing to occur by the Issuer, of the following; provided, however, that compliance with such conditions and delivery of such documents shall only be required in connection with the original issuance of the Securitization Bonds:

(b) Authorizations. (d) Authorizing Certificate. An Officer's Certificate, dated the Closing Date, of the Issuer certifying that (i) the Issuer has duly authorized the execution and delivery of this Indenture and the Series Supplement and the execution and delivery of the Securitization Bonds

(e) The Securitization Bond Collateral. The Issuer shall have made or caused to be made all filings with the Commission and the Michigan Department of State pursuant to the Financing Order and the Securitization Law and all other filings necessary to perfect the Grant of the Securitization Bond Collateral to the Indenture Trustee and the Lien of this Indenture.

(f) Certificates of the Issuer and the Seller.

(i) An Officer's Certificate from the Issuer, dated as of the Closing Date:

(A) to the effect that (1) the Issuer is not in Default under this Indenture and that the issuance of the Securitization Bonds will not result in any Default or in any breach of any of the terms, conditions or provisions of or constitute a default under the Financing Order or any indenture, mortgage, deed of trust or other agreement or instrument to which the Issuer is a party or by which it or its property is bound or any order of any court or administrative agency entered in any Proceeding to which the Issuer is a party or by which it or its property may be bound or to which it or its property may be subject and (2) all conditions precedent provided in this Indenture relating to the execution, authentication and delivery of the Securitization Bonds have been complied with;

Issuer and Consumers Energy), in full force and effect and, to the knowledge of the Issuer, that no party is in default of its obligations under such agreements; and

(E) certifying that the Securitization Bonds have received the ratings from the Rating Agencies required by the Underwriting Agreement as a condition to the issuance of the Securitization Bonds.

(ii) An officer's certificate from the Seller, dated as of the Closing Date, to the effect that:

(A) in the case of the Securitization Property identified in the Bill of Sale, immediately prior to the conveyance thereof to the Issuer pursuant to the Sale Agreement: the Seller was the original and the sole owner of such Securitization Property, free and clear of any Lien; the Seller had not assigned any interest or participation in such Securitization Property and the proceeds thereof other than to the Issuer pursuant to the Sale Agreement; the Seller has the power, authority and right to own, sell and assign such Securitization Property and the proceeds thereof to the Issuer; the Seller has its chief executive office in the State of Michigan; and the Seller, subject to the terms of the Sale Agreement, has validly sold and assigned to the Issuer all of its right, title and interest in and to such Securitization Property and the proceeds thereof, free and clear of any Lien (other than Permitted Liens) and such sale and assignment is absolute and irrevocable and has been perfected;

(g) Accountant's Certificate or Letter. One or more certificates or letters, addressed to the Issuer, of a firm of Independent registered public accountants of recognized national reputation to the effect that (i) such accountants are Independent with respect to the Issuer within the meaning of this Indenture and are independent public accountants within the meaning of the standards of the Public Company Accounting Oversight Board and (ii) with respect to the Securitization Bond Collateral, they have applied such procedures as instructed by the addressees of such certificate or letter.

(h) Requirements of Series Supplement. Such other funds, accounts, documents, certificates, agreements, instruments or opinions as may be required by the terms of the Series Supplement.

(i) Other Requirements. Such other documents, certificates, agreements, instruments or opinions as the Indenture Trustee may reasonably require.

SECTION 2.11. Book-Entry Securitization Bonds. Unless the Series Supplement provides otherwise, all of the Securitization Bonds shall be issued in Book-Entry Form, and the Issuer shall execute and the Indenture Trustee shall, in accordance with this Section 2.11 and the Issuer Order, authenticate and deliver one or more Global Securitization Bonds, evidencing the Securitization Bonds, which (a) shall be an aggregate original principal amount equal to the aggregate original principal amount of the Securitization Bonds to be issued pursuant to the Issuer Order, (b) shall be registered in the name of the Clearing Agency therefor or its nominee, which shall initially be Cede & Co., as nominee for The Depository Trust Company, the initial Clearing Agency, (c) shall be delivered by the Indenture Trustee pursuant to such Clearing Agency's or such nominee's instructions and (d) shall bear a legend substantially to the effect set forth in Exhibit A.

Each Clearing Agency designated pursuant to this Section 2.11 must, at the time of its designation and at all times while it serves as Clearing Agency hereunder, be a "clearing agency" registered under the Exchange Act and any other applicable statute or regulation.

No Holder of Securitization Bonds issued in Book-Entry Form shall receive a Definitive Securitization Bond representing such Holder's interest in any of the Securitization Bonds, except as provided in Section 2.13. Unless (and until) certificated, fully registered Securitization Bonds (the "Definitive Securitization Bonds") have been issued to the Holders pursuant to Section 2.13 or pursuant to the Series Supplement relating thereto:

- (i) the provisions of this Section 2.11 shall be in full force and effect;
- (ii) the Issuer, the Servicer, the Paying Agent, the Securitization Bond Registrar and the Indenture Trustee may deal with the Clearing Agency for all purposes (including the making of distributions on the Securitization Bonds and the giving of instructions or directions hereunder) as the authorized representative of the Holders;
- (iii) to the extent that the provisions of this Section 2.11 conflict with any other provisions of this Indenture, the provisions of this Section 2.11 shall control;
- (iv) the rights of Holders shall be exercised only through the Clearing Agency and the Clearing Agency Participants and shall be limited to those established by law and agreements between such Holders and the Clearing Agency and/or the Clearing Agency Participants. Pursuant to the Letter of Representations, unless and until Definitive Securitization Bonds are issued pursuant to Section 2.13, the initial Clearing Agency will make book-entry transfers among the Clearing Agency Participants and receive and transmit

distributions of principal of and interest on the Book-Entry Securitization Bonds to such Clearing Agency Participants; and

(v) whenever this Indenture requires or permits actions to be taken based upon instruction or directions of the Holders evidencing a specified percentage of the Outstanding Amount of Securitization Bonds, the Clearing Agency shall be deemed to represent such percentage only to the extent that it has received instructions to such effect from the Holders and/or the Clearing Agency Participants owning or representing, respectively, such required percentage of the beneficial interest in the Securitization Bonds and has delivered such instructions to a Responsible Officer of the Indenture Trustee.

SECTION 2.12. Notices to Clearing Agency. Unless and until Definitive Securitization Bonds shall have been issued to Holders pursuant to Section 2.13, whenever notice, payment or other communications to the holders of Book-Entry Securitization Bonds is required under this Indenture, the Indenture Trustee, the Servicer and the Paying Agent, as applicable, shall give all such notices and communications specified herein to be given to Holders to the Clearing Agency.

SECTION 2.13. Definitive Securitization Bonds. If (a) (i) the Issuer advises the Indenture Trustee in writing that the Clearing Agency is no longer willing or able to properly discharge its responsibilities under any Letter of Representations and (ii) the Issuer is unable to locate a qualified successor Clearing Agency, (b) the Issuer, at its option, advises the Indenture Trustee in writing that it elects to terminate the book-entry system through the Clearing Agency or (c) after the occurrence of an Event of Default hereunder, Holders holding Securitization Bonds aggregating a majority of the aggregate Outstanding Amount of Securitization Bonds maintained as Book-Entry Securitization Bonds advise the Indenture Trustee, the Issuer and the Clearing Agency (through the Clearing Agency Participants) in writing that the continuation of a book-entry system through the Clearing Agency is no longer in the best interests of the Holders, the Issuer shall notify the Clearing Agency, the Indenture Trustee and all such Holders in writing of the occurrence of any such event and of the availability of Definitive Securitization Bonds to the Holders requesting the same. Upon surrender to the Indenture Trustee of the Global Securitization Bonds by the Clearing Agency accompanied by registration instructions from such Clearing Agency for registration, the Issuer shall execute, and the Indenture Trustee shall authenticate and deliver, Definitive Securitization Bonds in accordance with the instructions of the Clearing Agency. None of the Issuer, the Securitization Bond Registrar, the Paying Agent or the Indenture Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be fully protected in relying on, such instructions. Upon the issuance of Definitive Securitization Bonds, the Indenture Trustee shall recognize the Holders of the Definitive Securitization Bonds as Holders hereunder.

Definitive Securitization Bonds will be transferable and exchangeable at the offices of the Securitization Bond Registrar.

SECTION 2.14. CUSIP Number. The Issuer in issuing any Securitization Bonds may use a "CUSIP" number and, if so used, the Indenture Trustee shall use the CUSIP number provided to it by the Issuer in any notices to the Holders thereof as a convenience to such

Holders; provided, that any such notice may state that no representation is made as to the correctness or accuracy of the CUSIP number printed in the notice or on the Securitization Bonds and that reliance may be placed only on the other identification numbers printed on the Securitization Bonds. The Issuer shall promptly notify the Indenture Trustee in writing of any change in the CUSIP number with respect to any Securitization Bond.

SECTION 2.15. Letter of Representations. The Issuer shall comply with the terms of each Letter of Representations applicable to the Issuer.

SECTION 2.16. Tax Treatment. The Issuer and the Indenture Trustee, by entering into this Indenture, and the Holders and any Persons holding a beneficial interest in any Securitization Bond, by acquiring any Securitization Bond or interest therein, (a) express their intention that, solely for the purposes of U.S. federal taxes and, to the extent consistent with applicable state, local and other tax law, solely for the purposes of state, local and other taxes, the Securitization Bonds qualify under applicable tax law as indebtedness of the Member secured by the Securitization Bond Collateral and (b) solely for the purposes of U.S. federal taxes and, to the extent consistent with applicable state, local and other tax law, solely for purposes of state, local and other taxes, so long as any of the Securitization Bonds are outstanding, agree to treat the Securitization Bonds as indebtedness of the Member secured by the Securitization Bond Collateral unless otherwise required by appropriate taxing authorities.

SECTION 2.17. State Pledge. Under the laws of the State of Michigan in effect on the Closing Date, pursuant to Section 10n(2) of the Securitization Law, the State of Michigan has pledged for the benefit and protection of the Holders, the Indenture Trustee, other Persons acting for the benefit of the Holders and Consumers Energy that the State of Michigan will not take or permit any action that would impair the value of Securitization Property, reduce or alter, except as allowed under Section 10k(3) of the Securitization Law, or impair the Securitization Charges to be imposed, collected and remitted to the Holders, the Indenture Trustee and other Persons acting for the benefit of the Holders until the principal, interest and premium, and any other charges incurred and contracts to be performed in connection with the Securitization Bonds have been paid and performed in full.

The Issuer hereby acknowledges that the purchase of any Securitization Bond by a Holder or the purchase of any beneficial interest in a Securitization Bond by any Person and the Indenture Trustee's obligations to perform hereunder are made in reliance on such agreement and pledge by the State of Michigan.

SECTION 2.18. Security Interests. The Issuer hereby makes the following representations and warranties. Other than the security interests granted to the Indenture Trustee pursuant to this Indenture, the Issuer has not pledged, granted, sold, conveyed or otherwise assigned any interests or security interests in the Securitization Bond Collateral and no security agreement, financing statement or equivalent security or Lien instrument listing the Issuer as debtor covering all or any part of the Securitization Bond Collateral is on file or of record in any jurisdiction, except such as may have been filed, recorded or made by the Issuer in favor of the Indenture Trustee on behalf of the Secured Parties in connection with this Indenture. This Indenture constitutes a valid and continuing lien on, and first priority perfected security interest in, the Securitization Bond Collateral in favor of the Indenture Trustee on behalf of the Secured

Parties, which lien and security interest is prior to all other Liens and is enforceable as such as against creditors of and purchasers from the Issuer in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other similar laws affecting creditors' rights generally or by general equitable principles, whether considered in a proceeding at law or in equity and by an implied covenant of good faith and fair dealing. With respect to all Securitization Bond Collateral, this Indenture, together with the Series Supplement, creates a valid and continuing first priority perfected security interest (as defined in the UCC) in such Securitization Bond Collateral, which security interest is prior to all other Liens and is enforceable as such as against creditors of and purchasers from the Issuer in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium and other similar laws affecting creditors' rights generally or by general equitable principles, whether considered in a proceeding at law or in equity and by an implied covenant of good faith and fair dealing. The Issuer has good and marketable title to the Securitization Bond Collateral free and clear of any Lien of any Person other than Permitted Liens. All of the Securitization Bond Collateral constitutes Securitization Property or accounts, deposit accounts, investment property or general intangibles (as each such term is defined in the UCC), except that proceeds of the Securitization Bond Collateral may also take the form of instruments. The Issuer has taken, or caused the Servicer to take, all action necessary to perfect the security interest in the Securitization Bond Collateral granted to the Indenture Trustee, for the benefit of the Secured Parties. The Issuer has filed (or has caused the Servicer to file) all appropriate financing statements in the proper filing offices in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Securitization Bond Collateral granted to the Indenture Trustee. The Issuer has not authorized the filing of and is not aware, after due inquiry, of any financing statements against the Issuer that include a description of the Securitization Bond Collateral other than those filed in favor of the Indenture Trustee. The Issuer is not aware of any judgment or tax lien filings against the Issuer. The Collection Account (including all subaccounts thereof) constitutes a "securities account" within the meaning of the UCC. The Issuer has taken all steps necessary to cause the Securities Intermediary of each such securities account to identify in its records the Indenture Trustee as the Person having a security entitlement against the Securities Intermediary in such securities account, no Collection Account is in the name of any Person other than the Indenture Trustee, and the Issuer has not consented to the Securities Intermediary of the Collection Account to comply with entitlement orders of any Person other than the Indenture Trustee. All of the Securitization Bond Collateral constituting investment property has been and will have been credited to the Collection Account or a subaccount thereof, and the Securities Intermediary for the Collection Account has agreed to treat all assets credited to the Collection Account as "financial assets" within the meaning of the UCC. Accordingly, the Indenture Trustee has a first priority perfected security interest in the Collection Account, all funds and financial assets on deposit therein, and all securities entitlements relating thereto. The representations and warranties set forth in this [Section 2.18](#) shall survive the execution and delivery of this Indenture and the issuance of any Securitization Bonds, shall be deemed re-made on each date on which any funds in the Collection Account are distributed to the Issuer or otherwise released from the Lien of the Indenture and may not be waived by any party hereto except pursuant to a supplemental indenture executed in accordance with [Article IX](#) and as to which the Rating Agency Condition has been satisfied.

ARTICLE III

COVENANTS

SECTION 3.01. Payment of Principal, Premium, if any, and Interest. The principal of and premium, if any, and interest on the Securitization Bonds shall be duly and punctually paid by the Issuer, or the Servicer on behalf of the Issuer, in accordance with the terms of the Securitization Bonds and this Indenture; provided, that, except on a Final Maturity Date or upon the acceleration of the Securitization Bonds following the occurrence of an Event of Default, the Issuer shall only be obligated to pay the principal of the Securitization Bonds on each Payment Date therefor to the extent moneys are available for such payment pursuant to Section 8.02. Amounts properly withheld under the Code, the Treasury regulations promulgated thereunder or other tax laws by any Person from a payment to any Holder of interest or principal or premium, if any, shall be considered as having been paid by the Issuer to such Holder for all purposes of this Indenture.

SECTION 3.02. Maintenance of Office or Agency. The Issuer shall initially maintain in Dallas, Texas an office or agency where Securitization Bonds may be surrendered for registration of transfer or exchange. The Issuer shall give prompt written notice to the Indenture Trustee of the location, and of any change in the location, of any such office or agency. The Issuer hereby initially appoints the Indenture Trustee to serve as its agent for the foregoing purposes, and the Corporate Trust Office of the Indenture Trustee shall serve as the offices provided above in this Section 3.02. If at any time the Issuer shall fail to maintain any such office or agency or shall fail to furnish the Indenture Trustee with the address thereof, such surrenders may be made at the office of the Indenture Trustee located at the Corporate Trust Office, and the Issuer hereby appoints the Indenture Trustee as its agent to receive all such surrenders.

SECTION 3.03. Money for Payments To Be Held in Trust. As provided in Section 8.02(a), all payments of amounts due and payable with respect to any Securitization Bonds that are to be made from amounts withdrawn from the Collection Account pursuant to Section 8.02(d) shall be made on behalf of the Issuer by the Indenture Trustee or by another Paying Agent, and no amounts so withdrawn from the Collection Account for payments with respect to any Securitization Bonds shall be paid over to the Issuer except as provided in this Section 3.03 and Section 8.02.

Each Paying Agent shall meet the eligibility criteria set forth for any Indenture Trustee under Section 6.11. The Issuer will cause each Paying Agent other than the Indenture Trustee to execute and deliver to the Indenture Trustee an instrument in which such Paying Agent shall agree with the Indenture Trustee (and if the Indenture Trustee acts as Paying Agent, it hereby so agrees), subject to the provisions of this Section 3.03, that such Paying Agent will:

(a) hold all sums held by it for the payment of amounts due with respect to the Securitization Bonds in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided and pay such sums to such Persons as herein provided;

(b) give the Indenture Trustee and the Rating Agencies written notice of any Default by the Issuer of which it has actual knowledge in the making of any payment required to be made with respect to the Securitization Bonds;

(c) at any time during the continuance of any such Default, upon the written request of the Indenture Trustee, forthwith pay to the Indenture Trustee all sums so held in trust by such Paying Agent;

(d) immediately, with notice to the Rating Agencies, resign as a Paying Agent and forthwith pay to the Indenture Trustee all sums held by it in trust for the payment of Securitization Bonds if at any time the Paying Agent determines that it has ceased to meet the standards required to be met by a Paying Agent at the time of such determination; and

(e) comply with all requirements of the Code, the Treasury regulations promulgated thereunder and other tax laws with respect to the withholding from any payments made by it on any Securitization Bonds of any applicable withholding taxes imposed thereon and with respect to any applicable reporting requirements in connection therewith.

The Issuer may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, by Issuer Order direct any Paying Agent to pay to the Indenture Trustee all sums held in trust by such Paying Agent, such sums to be held by the Indenture Trustee upon the same trusts as those upon which the sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Indenture Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Subject to applicable laws with respect to escheat of funds, any money held by the Indenture Trustee or any Paying Agent in trust for the payment of any amount due with respect to any Securitization Bond and remaining unclaimed for two years after such amount has become due and payable shall be discharged from such trust and be paid to the Issuer on an Issuer Request; and, subject to Section 10.14, the Holder of such Securitization Bond shall thereafter, as an unsecured general creditor, look only to the Issuer for payment thereof (but only to the extent of the amounts so paid to the Issuer), and all liability of the Indenture Trustee or such Paying Agent with respect to such trust money shall thereupon cease; provided, however, that the Indenture Trustee or such Paying Agent, before being required to make any such repayment, may, at the expense of the Issuer, cause to be published once, in a newspaper published in the English language, customarily published on each Business Day and of general circulation in The City of New York, notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining will be repaid to the Issuer. The Indenture Trustee may also adopt and employ, at the expense of the Issuer, any other reasonable means of notification of such repayment (including mailing notice of such repayment to Holders whose right to or interest in moneys due and payable but not claimed is determinable from the records of the Indenture Trustee or of any Paying Agent, at the last address of record for each such Holder).

SECTION 3.04. Existence. The Issuer shall keep in full effect its existence, rights and franchises as a limited liability company under the laws of the State of Delaware (unless it becomes, or any successor Issuer hereunder is or becomes, organized under the laws of any other

State or of the United States of America, in which case the Issuer will keep in full effect its existence, rights and franchises under the laws of such other jurisdiction) and will obtain and preserve its qualification to do business in each jurisdiction in which such qualification is or shall be necessary to protect the validity and enforceability of this Indenture, the other Basic Documents, the Securitization Bonds, the Securitization Bond Collateral and each other instrument or agreement referenced herein or therein.

SECTION 3.05. Protection of Securitization Bond Collateral. The Issuer shall from time to time execute and deliver all such supplements and amendments hereto and all filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State pursuant to the Financing Order or to the Securitization Law and all financing statements, continuation statements, instruments of further assurance and other instruments, and shall take such other action necessary or advisable, to:

- (a) maintain or preserve the Lien (and the priority thereof) of this Indenture and the Series Supplement or carry out more effectively the purposes hereof;
- (b) perfect, publish notice of or protect the validity of any Grant made or to be made by this Indenture;
- (c) enforce any of the Securitization Bond Collateral;
- (d) preserve and defend title to the Securitization Bond Collateral and the rights of the Indenture Trustee and the Holders in such Securitization Bond Collateral against the Claims of all Persons, including the challenge by any party to the validity or enforceability of the Financing Order, the Securitization Property or any proceeding relating thereto and institute any action or proceeding necessary to compel performance by the Commission or the State of Michigan of any of its obligations or duties under the Securitization Law, the State Pledge, or the Financing Order; or
- (e) pay any and all taxes levied or assessed upon all or any part of the Securitization Bond Collateral.

The Indenture Trustee is specifically authorized to file financing statements covering the Securitization Bond Collateral, including financing statements that describe the Securitization Bond Collateral as "all assets" or "all personal property" of the Issuer and/or reflecting Section 10m(9) of the Securitization Law, it being understood that in no event shall the Indenture Trustee be responsible for filing any such financing statements.

SECTION 3.06. Opinions as to Securitization Bond Collateral.

(a) On the Closing Date, the Issuer shall furnish to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer either stating that, in the opinion of such counsel, such action has been taken with respect to the recording and filing of this Indenture, any indentures supplemental hereto and any other requisite documents, and with respect to the execution and filing of any filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State pursuant to the Securitization Law and the Financing Order, financing statements and continuation statements, as are necessary to perfect

and make effective the Lien and the perfected security interest created by this Indenture and the Series Supplement, and, based on a review of a current report of a search of the appropriate governmental filing office, no other Lien that can be perfected solely by the filing of financing statements under the applicable Uniform Commercial Code ranks equal or prior to the Lien of the Indenture Trustee in the Securitization Bond Collateral, and reciting the details of such action, or stating that, in the opinion of such counsel, no such action is necessary to make effective such Lien.

(b) Within 90 days after the beginning of each calendar year beginning with the calendar year beginning January 1, 2015, the Issuer shall furnish to the Indenture Trustee an Opinion of Counsel of the Issuer either stating that, in the opinion of such counsel, such action has been taken with respect to the recording, filing, re-recording and refiling of this Indenture, any indentures supplemental hereto and any other requisite documents, and with respect to the execution and filing of any filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State pursuant to the Securitization Law and the Financing Order, financing statements and continuation statements, as are necessary to maintain the Lien and the perfected security interest created by this Indenture and the Series Supplement and reciting the details of such action, or stating that, in the opinion of such counsel, no such action is necessary to maintain such Lien. Such Opinion of Counsel shall also describe the recording, filing, re-recording and refiling of this Indenture, any indentures supplemental hereto and any other requisite documents and the execution and filing of any filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State, financing statements and continuation statements that will, in the opinion of such counsel, be required within the 12-month period following the date of such opinion to maintain the Lien and the perfected security interest created by this Indenture and the Series Supplement.

(c) Prior to the effectiveness of any amendment to the Sale Agreement or the Servicing Agreement, the Issuer shall furnish to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer either (i) stating that, in the opinion of such counsel, all filings, including UCC financing statements and other filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State pursuant to the Securitization Law or the Financing Order have been executed and filed that are necessary fully to preserve and protect the Lien of the Issuer and the Indenture Trustee in the Securitization Property and the Securitization Bond Collateral, respectively, and the proceeds thereof, and reciting the details of such filings or referring to prior Opinions of Counsel in which such details are given, or (ii) stating that, in the opinion of such counsel, no such action shall be necessary to preserve and protect such Lien.

SECTION 3.07. Performance of Obligations; Servicing; SEC Filings.

(a) The Issuer (i) shall diligently pursue any and all actions to enforce its rights under each instrument or agreement included in the Securitization Bond Collateral and (ii) shall not take any action and shall use its best efforts not to permit any action to be taken by others that would release any Person from any of such Person's covenants or obligations under any such instrument or agreement or that would result in the amendment, hypothecation, subordination, termination or discharge of, or impair the validity or effectiveness of, any such instrument or agreement, except, in each case, as expressly provided in this Indenture, the Series

Supplement, the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement or such other instrument or agreement.

(b) The Issuer may contract with other Persons to assist it in performing its duties under this Indenture, and any performance of such duties by a Person identified to the Indenture Trustee herein or in an Officer's Certificate shall be deemed to be action taken by the Issuer. Initially, the Issuer has contracted with the Servicer to assist the Issuer in performing its duties under this Indenture.

(c) The Issuer shall punctually perform and observe all of its obligations and agreements contained in this Indenture, the Series Supplement, the other Basic Documents and the instruments and agreements included in the Securitization Bond Collateral, including filing or causing to be filed all filings with the Commission, the Secretary of State of the State of Delaware or the Michigan Department of State pursuant to the Securitization Law or the Financing Order, all UCC financing statements and all continuation statements required to be filed by it by the terms of this Indenture, the Series Supplement, the Sale Agreement and the Servicing Agreement in accordance with and within the time periods provided for herein and therein.

(d) If the Issuer shall have knowledge of the occurrence of a Servicer Default under the Servicing Agreement, the Issuer shall promptly give written notice thereof to the Indenture Trustee and the Rating Agencies and shall specify in such notice the response or action, if any, the Issuer has taken or is taking with respect to such Servicer Default. If a Servicer Default shall arise from the failure of the Servicer to perform any of its duties or obligations under the Servicing Agreement with respect to the Securitization Property, the Securitization Bond Collateral or the Securitization Charges, the Issuer shall take all reasonable steps available to it to remedy such failure.

(e) As promptly as possible after the giving of notice of termination to the Servicer and the Rating Agencies of the Servicer's rights and powers pursuant to Section 7.01 of the Servicing Agreement, the Indenture Trustee may and shall, at the written direction of the Holders evidencing a majority of the Outstanding Amount of the Securitization Bonds, appoint a successor Servicer (the "Successor Servicer"), and such Successor Servicer shall accept its appointment by a written assumption in a form acceptable to the Issuer and the Indenture Trustee. A Person shall qualify as a Successor Servicer only if such Person satisfies the requirements of the Servicing Agreement and the Intercreditor Agreement. If, within 30 days after the delivery of the notice referred to above, a new Servicer shall not have been appointed, the Indenture Trustee may petition the Commission or a court of competent jurisdiction to appoint a Successor Servicer. In connection with any such appointment, Consumers Energy may make such arrangements for the compensation of such Successor Servicer as it and such successor shall agree, subject to the limitations set forth in Section 8.02 and in the Servicing Agreement.

(f) Upon any termination of the Servicer's rights and powers pursuant to the Servicing Agreement, the Indenture Trustee shall promptly notify the Issuer, the Holders and the Rating Agencies. As soon as a Successor Servicer is appointed, the Indenture Trustee shall notify

the Issuer, the Holders and the Rating Agencies of such appointment, specifying in such notice the name and address of such Successor Servicer.

(g) The Issuer shall (or shall cause the Sponsor to) post on its website (which for this purpose may be the website of any direct or indirect parent company of the Issuer) and, to the extent consistent with the Issuer's and the Sponsor's obligations under applicable law, file with or furnish to the SEC in periodic reports and other reports as are required from time to time under Section 13 or Section 15(d) of the Exchange Act, the following information (other than any such information filed with the SEC and publicly available to investors unless the Issuer specifically requests such items to be posted) with respect to the Outstanding Securitization Bonds, in each case to the extent such information is reasonably available to the Issuer:

- (i) statements of any remittances of Securitization Charges made to the Indenture Trustee (to be included in a Form 10-D or Form 10-K, or successor forms thereto);
 - (ii) the Semi-Annual Servicer's Certificate as required to be submitted pursuant to the Servicing Agreement (to be filed with a Form 10-D, Form 10-K or Form 8-K, or successor forms thereto);
 - (iii) the Monthly Servicer's Certificate as required to be submitted pursuant to the Servicing Agreement;
 - (iv) the text (or a link to the website where a reader can find the text) of each filing of a True-Up Adjustment and the results of each such filing;
 - (v) any change in the long-term or short-term credit ratings of the Servicer assigned by the Rating Agencies;
 - (vi) material legislative or regulatory developments directly relevant to the Outstanding Securitization Bonds (to be filed or furnished in a Form 8-K);
- and
- (vii) any reports and other information that the Issuer is required to file with the SEC under the Exchange Act.

Notwithstanding the foregoing, nothing herein shall preclude the Issuer from voluntarily suspending or terminating its filing obligations as Issuer with the SEC to the extent permitted by applicable law. Any such reports or information delivered to the Indenture Trustee for purposes of this Section 3.07(g) is for informational purposes only, and the Indenture Trustee's receipt of such reports or information shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Issuer's compliance with any of its covenants hereunder (as to which the Indenture Trustee is entitled to conclusively rely on an Officer's Certificate).

(h) The Issuer shall direct the Indenture Trustee to post on the Indenture Trustee's website for investors (based solely on information set forth in the Semi-Annual Servicer's Certificate) with respect to the Outstanding Securitization Bonds, to the extent such information is set forth in the Semi-Annual Servicer's Certificate, a statement showing the

balance of Outstanding Securitization Bonds that reflects the actual payments made on the Securitization Bonds during the applicable period.

The address of the Indenture Trustee's website for investors is <https://gctinvestorreporting.bnymellon.com>. The Indenture Trustee shall immediately notify the Issuer, the Holders and the Rating Agencies of any change to the address of the website for investors.

(i) The Issuer shall make all filings required under the Securitization Law relating to the transfer of the ownership or security interest in the Securitization Property other than those required to be made by the Seller or the Servicer pursuant to the Basic Documents.

SECTION 3.08. Certain Negative Covenants. So long as any Securitization Bonds are Outstanding, the Issuer shall not:

(c) terminate its existence or dissolve or liquidate in whole or in part, except in a transaction permitted by Section 3.10;

(d) (i) permit the validity or effectiveness of this Indenture or the other Basic Documents to be impaired, or permit the Lien of this Indenture and the Series Supplement to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations with respect to the Securitization Bonds under this Indenture except as may be expressly permitted hereby, (ii) permit any Lien (other than the Lien of this Indenture or the Series Supplement) to be created on or extend to or otherwise arise upon or burden the Securitization Bond Collateral or any part thereof or any interest therein or the proceeds thereof (other than tax liens arising by operation of law with respect to amounts not yet due) or (iii) permit the Lien of the Series Supplement not to constitute a valid first priority perfected security interest in the Securitization Bond Collateral;

(e) enter into any swap, hedge or similar financial instrument;

(f) elect to be classified as an association taxable as a corporation for U.S. federal income tax purposes or otherwise take any action, file any tax return or make any election inconsistent with the treatment of the Issuer, for U.S. federal income tax purposes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, as a disregarded entity that is not separate from the sole owner of the Issuer;

(g) change its name, identity or structure or the location of its chief executive office, unless at least ten Business Days prior to the effective date of any such change the Issuer delivers to the Indenture Trustee (with copies to the Rating Agencies) such documents, instruments or agreements, executed by the Issuer, as are necessary to reflect such change and to continue the perfection of the security interest of this Indenture and the Series Supplement;

(h) take any action that is subject to a Rating Agency Condition without satisfying the Rating Agency Condition;

(i) except to the extent permitted by applicable law, voluntarily suspend or terminate its filing obligations with the SEC as described in Section 3.07(g); or

(j) issue any securitization bonds (as defined for this purpose in the Securitization Law) under the Securitization Law (other than the Securitization Bonds) or issue any other debt obligations.

SECTION 3.09. Annual Statement as to Compliance. The Issuer will deliver to the Indenture Trustee and the Rating Agencies not later than March 31 of each year (commencing with March 31, 2015), an Officer's Certificate stating, as to the Responsible Officer signing such Officer's Certificate, that:

(a) a review of the activities of the Issuer during the preceding 12 months ended December 31 (or, in the case of the first such Officer's Certificate, since the Closing Date) and of performance under this Indenture has been made; and

(b) to the best of such Responsible Officer's knowledge, based on such review, the Issuer has in all material respects complied with all conditions and covenants under this Indenture throughout such 12-month period (or such shorter period in the case of the first such Officer's Certificate), or, if there has been a default in the compliance of any such condition or covenant, specifying each such default known to such Responsible Officer and the nature and status thereof.

SECTION 3.10. Issuer May Consolidate, etc., Only on Certain Terms.

(a) The Issuer shall not consolidate or merge with or into any other Person, unless:

(i) the Person (if other than the Issuer) formed by or surviving such consolidation or merger shall (A) be a Person organized and existing under the laws of the United States of America or any State, (B) expressly assume, by an indenture supplemental hereto, executed and delivered to the Indenture Trustee, in form and substance satisfactory to the Indenture Trustee, the performance or observance of every agreement and covenant of this Indenture and the Series Supplement on the part of the Issuer to be performed or observed, all as provided herein and in the Series Supplement, and (C) assume all obligations and succeed to all rights of the Issuer under the Sale Agreement, the Servicing Agreement and each other Basic Document to which the Issuer is a party;

(v) any action as is necessary to maintain the Lien and the perfected security interest in the Securitization Bond Collateral created by this Indenture and the Series Supplement shall have been taken as evidenced by an Opinion of Counsel of external counsel of the Issuer delivered to the Indenture Trustee; and

(vi) the Issuer shall have delivered to the Indenture Trustee an Officer's Certificate and an Opinion of Counsel of external counsel of the Issuer each stating that such consolidation or merger and such supplemental indenture comply with this Indenture and the Series Supplement and that all conditions precedent herein provided for in this Section 3.10(a) with respect to such transaction have been complied with (including any filing required by the Exchange Act).

(b) Except as specifically provided herein, the Issuer shall not sell, convey, exchange, transfer or otherwise dispose of any of its properties or assets included in the Securitization Bond Collateral, to any Person, unless:

(i) the Person that acquires the properties and assets of the Issuer, the conveyance or transfer of which is hereby restricted, (A) shall be a United States citizen or a Person organized and existing under the laws of the United States of America or any State, (B) expressly assumes, by an indenture supplemental hereto, executed and delivered to the Indenture Trustee, in form and substance satisfactory to the Indenture Trustee, the performance or observance of every agreement and covenant of this Indenture on the part of the Issuer to be performed or observed, all as provided herein and in the Series Supplement, (C) expressly agrees by means of such supplemental indenture that all right, title and interest so sold, conveyed, exchanged, transferred or otherwise disposed of shall be subject and subordinate to the rights of Holders, (D) unless otherwise provided in the supplemental indenture referred to in Section 3.10(b)(i)(B), expressly agrees to indemnify, defend and hold harmless the Issuer and the Indenture Trustee against and from any loss, liability or expense arising under or related to this Indenture, the Series Supplement and the Securitization Bonds, (E) expressly agrees by means of such supplemental indenture that such Person (or if a group of Persons, then one specified Person) shall make all filings with the SEC (and any other appropriate Person)

required by the Exchange Act in connection with the Securitization Bonds and (F) if such sale, conveyance, exchange, transfer or disposal relates to the Issuer's rights and obligations under the Sale Agreement or the Servicing Agreement, assumes all obligations and succeeds to all rights of the Issuer under the Sale Agreement and the Servicing Agreement, as applicable;

(ii) immediately after giving effect to such transaction, no Default, Event of Default or Servicer Default shall have occurred and be continuing;

(iii) the Rating Agency Condition shall have been satisfied with respect to such transaction;

(iv) the Issuer shall have delivered to Consumers Energy, the Indenture Trustee and the Rating Agencies an opinion or opinions of outside tax counsel (as selected by the Issuer, in form and substance reasonably satisfactory to Consumers Energy and the Indenture Trustee, and which may be based on a ruling from the Internal Revenue Service) to the effect that the disposition will not result in a material adverse U.S. federal or state income tax consequence to the Issuer, Consumers Energy, the Indenture Trustee or the then-existing Holders;

(v) any action as is necessary to maintain the Lien and the perfected security interest in the Securitization Bond Collateral created by this Indenture and the Series Supplement shall have been taken as evidenced by an Opinion of Counsel of external counsel of the Issuer delivered to the Indenture Trustee; and

(vi) the Issuer shall have delivered to the Indenture Trustee an Officer's Certificate and an Opinion of Counsel of external counsel of the Issuer each stating that such sale, conveyance, exchange, transfer or other disposition and such supplemental indenture comply with this Indenture and the Series Supplement and that all conditions precedent herein provided for in this [Section 3.10\(b\)](#) with respect to such transaction have been complied with (including any filing required by the Exchange Act).

SECTION 3.11. Successor or Transferee.

(a) Upon any consolidation or merger of the Issuer in accordance with [Section 3.10\(a\)](#), the Person formed by or surviving such consolidation or merger (if other than the Issuer) shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under this Indenture with the same effect as if such Person had been named as the Issuer herein.

(b) Except as set forth in [Section 6.07](#), upon a sale, conveyance, exchange, transfer or other disposition of all the assets and properties of the Issuer in accordance with [Section 3.10\(b\)](#), the Issuer will be released from every covenant and agreement of this Indenture and the other Basic Documents to be observed or performed on the part of the Issuer with respect to the Securitization Bonds and the Securitization Property immediately following the consummation of such acquisition upon the delivery of written notice to the Indenture Trustee from the Person acquiring such assets and properties stating that the Issuer is to be so released.

SECTION 3.12. No Other Business. The Issuer shall not engage in any business other than financing, purchasing, owning, administering, managing and servicing the Securitization Property and the other Securitization Bond Collateral and the issuance of the Securitization Bonds in the manner contemplated by the Financing Order and this Indenture and the other Basic Documents and activities incidental thereto.

SECTION 3.13. No Borrowing. The Issuer shall not issue, incur, assume, guarantee or otherwise become liable, directly or indirectly, for any indebtedness except for the Securitization Bonds and any other indebtedness expressly permitted by or arising under the Basic Documents.

SECTION 3.14. Servicer's Obligations. The Issuer shall enforce the Servicer's compliance with and performance of all of the Servicer's material obligations under the Servicing Agreement.

SECTION 3.15. Guarantees, Loans, Advances and Other Liabilities. Except as otherwise contemplated by the Sale Agreement, the Servicing Agreement or this Indenture, the Issuer shall not make any loan or advance or credit to, or guarantee (directly or indirectly or by an instrument having the effect of assuring another's payment or performance on any obligation or capability of so doing or otherwise), endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other Person.

SECTION 3.16. Capital Expenditures. Other than the purchase of Securitization Property from the Seller on the Closing Date, the Issuer shall not make any expenditure (by long-term or operating lease or otherwise) for capital assets (either realty or personalty).

SECTION 3.17. Restricted Payments. Except as provided in Section 8.04(c), the Issuer shall not, directly or indirectly, (a) pay any dividend or make any distribution (by reduction of capital or otherwise), whether in cash, property, securities or a combination thereof, to any owner of an interest in the Issuer or otherwise with respect to any ownership or equity interest or similar security in or of the Issuer, (b) redeem, purchase, retire or otherwise acquire for value any such ownership or equity interest or similar security or (c) set aside or otherwise segregate any amounts for any such purpose; provided, however, that, if no Event of Default shall have occurred and be continuing or would be caused thereby, the Issuer may make, or cause to be made, any such distributions to any owner of an interest in the Issuer or otherwise with respect to any ownership or equity interest or similar security in or of the Issuer using funds distributed to the Issuer pursuant to Section 8.02(e)(x) to the extent that such distributions would not cause the balance of the Capital Subaccount to decline below the Required Capital Level. The Issuer will not, directly or indirectly, make payments to or distributions from the Collection Account except in accordance with this Indenture and the other Basic Documents.

SECTION 3.18. Notice of Events of Default. The Issuer agrees to give the Indenture Trustee and the Rating Agencies prompt written notice of each Default or Event of Default hereunder as provided in Section 5.01, and each default on the part of the Seller or the Servicer of its obligations under the Sale Agreement or the Servicing Agreement, respectively.

SECTION 3.19. Further Instruments and Acts. Upon request of the Indenture Trustee, the Issuer shall execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture and to maintain the first priority perfected security interest of the Indenture Trustee in the Securitization Bond Collateral.

SECTION 3.20. Inspection. The Issuer agrees that, on reasonable prior notice, it will permit any representative of the Indenture Trustee, during the Issuer's normal business hours, to examine all the books of account, records, reports and other papers of the Issuer, to make copies and extracts therefrom, to cause such books to be audited annually by Independent registered public accountants, and to discuss the Issuer's affairs, finances and accounts with the Issuer's officers, employees and Independent registered public accountants, all at such reasonable times and as often as may be reasonably requested. The Indenture Trustee shall and shall cause its representatives to hold in confidence all such information except to the extent disclosure may be required by law (and all reasonable applications for confidential treatment are unavailing) and except to the extent that the Indenture Trustee may reasonably determine that such disclosure is consistent with its obligations hereunder. Notwithstanding anything herein to the contrary, the preceding sentence shall not be construed to prohibit (a) disclosure of any and all information that is or becomes publicly known, or information obtained by the Indenture Trustee from sources other than the Issuer, provided such parties are rightfully in possession of such information, (b) disclosure of any and all information (i) if required to do so by any applicable statute, law, rule or regulation, (ii) pursuant to any subpoena, civil investigative demand or similar demand or request of any court or regulatory authority exercising its proper jurisdiction, (iii) in any preliminary or final prospectus, registration statement or other document a copy of which has been filed with the SEC, (iv) to any affiliate, independent or internal auditor, agent, employee or attorney of the Indenture Trustee having a need to know the same, provided that such parties agree to be bound by the confidentiality provisions contained in this Section 3.20, or (v) to any Rating Agency or (c) any other disclosure authorized by the Issuer.

SECTION 3.21. Sale Agreement, Servicing Agreement, Intercreditor Agreement and Administration Agreement Covenants.

(a) The Issuer agrees to take all such lawful actions to enforce its rights under the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement, the Administration Agreement and the other Basic Documents, and to compel or secure the performance and observance by the Seller, the Servicer, the Administrator and Consumers Energy of each of their respective obligations to the Issuer under or in connection with the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement, the Administration Agreement and the other Basic Documents in accordance with the terms thereof. So long as no Event of Default occurs and is continuing, but subject to Section 3.21(f), the Issuer may exercise any and all rights, remedies, powers and privileges lawfully available to the Issuer under or in connection with the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement and the Administration Agreement; provided, that such action shall not adversely affect the interests of the Holders in any material respect.

(b) If an Event of Default occurs and is continuing, the Indenture Trustee may, and at the direction (which direction shall be in writing) of Holders of a majority of the

Outstanding Amount of the Securitization Bonds of all Tranches affected thereby shall, exercise all rights, remedies, powers, privileges and claims of the Issuer against the Seller, Consumers Energy, the Administrator and the Servicer, as the case may be, under or in connection with the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement and the Administration Agreement, including the right or power to take any action to compel or secure performance or observance by the Seller, Consumers Energy, the Administrator or the Servicer of each of their obligations to the Issuer thereunder and to give any consent, request, notice, direction, approval, extension or waiver under the Sale Agreement, the Servicing Agreement, the Intercreditor Agreement and the Administration Agreement, and any right of the Issuer to take such action shall be suspended.

(c) Except as set forth in Section 3.21(d), the Administration Agreement, the Sale Agreement, the Servicing Agreement and the Intercreditor Agreement may be amended in accordance with the provisions thereof, so long as the Rating Agency Condition is satisfied in connection therewith, at any time and from time to time, without the consent of the Holders of the Securitization Bonds, but with the consent of the Trustee; provided, that the Trustee shall provide such consent upon receipt of an Officer's Certificate of the Issuer evidencing satisfaction of such Rating Agency Condition and an Opinion of Counsel of external counsel of the Issuer evidencing that such amendment is in accordance with the provisions of such Basic Document.

(d) Except as set forth in Section 3.21(e), if the Issuer, the Seller, Consumers Energy, the Administrator, the Servicer or any other party to the respective agreement proposes to amend, modify, waive, supplement, terminate or surrender, or agree to any amendment, modification, waiver, supplement, termination or surrender of, the terms of the Sale Agreement, the Administration Agreement, the Servicing Agreement or the Intercreditor Agreement, or waive timely performance or observance by the Seller, Consumers Energy, the Administrator, the Servicer or any other party under the Sale Agreement, the Administration Agreement, the Servicing Agreement or the Intercreditor Agreement, in each case in such a way as would materially and adversely affect the interests of any Holder of Securitization Bonds, the Issuer shall first notify the Rating Agencies of the proposed amendment, modification, waiver, supplement, termination or surrender and shall promptly notify the Indenture Trustee and the Holders of the Securitization Bonds in writing of the proposed amendment, modification, waiver, supplement, termination or surrender and whether the Rating Agency Condition has been satisfied with respect thereto (or, pursuant to an Issuer Request, the Indenture Trustee shall so notify the Holders of the Securitization Bonds on the Issuer's behalf). The Indenture Trustee shall consent to such proposed amendment, modification, waiver, supplement, termination or surrender only if the Rating Agency Condition is satisfied and only with the prior written consent of the Holders of a majority of the Outstanding Amount of Securitization Bonds of the Tranches materially and adversely affected thereby. If any such amendment, modification, waiver, supplement, termination or surrender shall be so consented to by the Indenture Trustee or such Holders, the Issuer agrees to execute and deliver, in its own name and at its own expense, such agreements, instruments, consents and other documents as shall be necessary or appropriate in the circumstances.

(e) If the Issuer or the Servicer proposes to amend, modify, waive, supplement, terminate or surrender, or to agree to any amendment, modification, supplement, termination, waiver or surrender of, the process for True-Up Adjustments, the Issuer shall notify

the Indenture Trustee and the Holders of the Securitization Bonds and, when required, the Commission in writing of such proposal (or, pursuant to an Issuer Request, the Indenture Trustee shall so notify the Holders of the Securitization Bonds on the Issuer's behalf) and the Indenture Trustee shall consent thereto only with the prior written consent of the Holders of a majority of the Outstanding Amount of Securitization Bonds of the Tranches affected thereby and only if the Rating Agency Condition has been satisfied with respect thereto.

(f) Promptly following a default by the Seller under the Sale Agreement, by the Administrator under the Administration Agreement or by any party under the Intercreditor Agreement, or the occurrence of a Servicer Default under the Servicing Agreement, and at the Issuer's expense, the Issuer agrees to take all such lawful actions as the Indenture Trustee may request to compel or secure the performance and observance by each of the Seller, the Administrator or the Servicer, and by such party to the Intercreditor Agreement, of their obligations under and in accordance with the Sale Agreement, the Servicing Agreement, the Administration Agreement and the Intercreditor Agreement, as the case may be, in accordance with the terms thereof, and to exercise any and all rights, remedies, powers and privileges lawfully available to the Issuer under or in connection with such agreements to the extent and in the manner directed by the Indenture Trustee, including the transmission of notices of any default by the Seller, the Administrator or the Servicer, respectively, thereunder and the institution of legal or administrative actions or Proceedings to compel or secure performance of their obligations under the Sale Agreement, the Servicing Agreement, the Administration Agreement or the Intercreditor Agreement, as applicable.

SECTION 3.22. Taxes. So long as any of the Securitization Bonds are Outstanding, the Issuer shall pay all taxes, assessments and governmental charges imposed upon it or any of its properties or assets or with respect to any of its franchises, business, income or property before any penalty accrues thereon if the failure to pay any such taxes, assessments and governmental charges would, after any applicable grace periods, notices or other similar requirements, result in a Lien on the Securitization Bond Collateral; provided, that no such tax need be paid if the Issuer is contesting the same in good faith by appropriate proceedings promptly instituted and diligently conducted and if the Issuer has established appropriate reserves as shall be required in conformity with generally accepted accounting principles.

SECTION 3.23. Notices from Holders. The Issuer shall promptly transmit any notice received by it from the Holders to the Indenture Trustee.

ARTICLE IV

(a) This Indenture shall cease to be of further effect with respect to the Securitization Bonds, and the Indenture Trustee, on reasonable written demand of and at the expense of the Issuer, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture with respect to the Securitization Bonds, when:

(i) Either:

(A) all Securitization Bonds theretofore authenticated and delivered (other than (1) Securitization Bonds that have been destroyed, lost or stolen and that have been replaced or paid as provided in [Section 2.06](#) and (2) Securitization Bonds for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust, as provided in the last paragraph of [Section 3.03](#)) have been delivered to the Indenture Trustee for cancellation; or

(ii) the Issuer has paid or caused to be paid all other sums payable hereunder by the Issuer; and

(iii) the Issuer has delivered to the Indenture Trustee an Officer's Certificate, an Opinion of Counsel of external counsel of the Issuer and (if required by the Trust Indenture Act or the Indenture Trustee) an Independent Certificate from a firm of registered public accountants, each meeting the applicable requirements of [Section 10.01\(a\)](#) and each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture with respect to the Securitization Bonds have been complied with.

(b) Subject to [Section 4.01\(c\)](#) and [Section 4.02](#), the Issuer at any time may terminate (i) all its obligations under this Indenture with respect to the Securitization Bonds ("[Legal Defeasance Option](#)") or (ii) its obligations under [Section 3.04](#), [Section 3.05](#), [Section 3.06](#), [Section 3.07](#), [Section 3.08](#), [Section 3.09](#), [Section 3.10](#), [Section 3.12](#), [Section 3.13](#), [Section 3.14](#), [Section 3.15](#), [Section 3.16](#), [Section 3.17](#), [Section 3.18](#) and [Section 3.19](#) and the operation of [Section 5.01\(c\)](#) with respect to the Securitization Bonds ("[Covenant Defeasance Option](#)"). The Issuer may exercise the Legal Defeasance Option with respect to the Securitization Bonds notwithstanding its prior exercise of the Covenant Defeasance Option.

If the Issuer exercises the Legal Defeasance Option, the maturity of the Securitization Bonds may not be accelerated because of an Event of Default. If the Issuer

exercises the Covenant Defeasance Option, the maturity of the Securitization Bonds may not be accelerated because of an Event of Default specified in Section 5.01(c).

Upon satisfaction of the conditions set forth herein to the exercise of the Legal Defeasance Option or the Covenant Defeasance Option with respect to the Securitization Bonds, the Indenture Trustee, on reasonable written demand of and at the expense of the Issuer, shall execute proper instruments acknowledging satisfaction and discharge of the obligations that are terminated pursuant to such exercise.

(c) Notwithstanding Section 4.01(a) and Section 4.01(b), (i) rights of registration of transfer and exchange, (ii) substitution of mutilated, destroyed, lost or stolen Securitization Bonds, (iii) rights of Holders to receive payments of principal, premium, if any, and interest, (iv) Section 4.03 and Section 4.04, (v) the rights, obligations and immunities of the Indenture Trustee hereunder (including the rights of the Indenture Trustee under Section 6.07 and the obligations of the Indenture Trustee under Section 4.03) and (vi) the rights of Holders as beneficiaries hereof with respect to the property deposited with the Indenture Trustee payable to all or any of them, each shall survive until this Indenture or certain obligations hereunder have been satisfied and discharged pursuant to Section 4.01(a) or Section 4.01(b). Thereafter the obligations in Section 6.07 and Section 4.04 shall survive.

SECTION 4.02. Conditions to Defeasance. The Issuer may exercise the Legal Defeasance Option or the Covenant Defeasance Option with respect to the Securitization Bonds only if:

(a) the Issuer has irrevocably deposited or caused to be irrevocably deposited in trust with the Indenture Trustee (i) cash and/or (ii) U.S. Government Obligations that through the scheduled payments of principal and interest in respect thereof in accordance with their terms are in an amount sufficient to pay principal, interest and premium, if any, on the Securitization Bonds not therefore delivered to the Indenture Trustee for cancellation and Ongoing Other Qualified Costs and all other sums payable hereunder by the Issuer with respect to the Securitization Bonds when scheduled to be paid and to discharge the entire indebtedness on the Securitization Bonds when due;

(b) the Issuer delivers to the Indenture Trustee a certificate from a nationally recognized firm of Independent registered public accountants expressing its opinion that the payments of principal of and interest on the deposited U.S. Government Obligations when due and without reinvestment plus any deposited cash will provide cash at such times and in such amounts (but, in the case of the Legal Defeasance Option only, not more than such amounts) as will be sufficient to pay in respect of the Securitization Bonds (i) principal in accordance with the Expected Amortization Schedule therefor, (ii) interest when due and (iii) Ongoing Other Qualified Costs and all other sums payable hereunder by the Issuer with respect to the Securitization Bonds;

(c) in the case of the Legal Defeasance Option, 95 days pass after the deposit is made and during the 95-day period no Default specified in Section 5.01(e) or Section 5.01(f) occurs that is continuing at the end of the period;

(d) no Default has occurred and is continuing on the day of such deposit and after giving effect thereto;

(e) in the case of an exercise of the Legal Defeasance Option, the Issuer shall have delivered to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer stating that (i) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or (ii) since the date of execution of this Indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the Holders of the Securitization Bonds will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred;

(f) in the case of an exercise of the Covenant Defeasance Option, the Issuer shall have delivered to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer to the effect that the Holders of the Securitization Bonds will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

(g) the Issuer delivers to the Indenture Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent to the Legal Defeasance Option or the Covenant Defeasance Option, as applicable, have been complied with as required by this [Article IV](#);

(h) the Issuer delivers to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer to the effect that: (i) in a case under the Bankruptcy Code in which Consumers Energy (or any of its Affiliates, other than the Issuer) is the debtor, the court would hold that the deposited moneys or U.S. Government Obligations would not be in the bankruptcy estate of Consumers Energy (or any of its Affiliates, other than the Issuer, that deposited the moneys or U.S. Government Obligations); and (ii) in the event Consumers Energy (or any of its Affiliates, other than the Issuer, that deposited the moneys or U.S. Government Obligations) were to be a debtor in a case under the Bankruptcy Code, the court would not disregard the separate legal existence of Consumers Energy (or any of its Affiliates, other than the Issuer, that deposited the moneys or U.S. Government Obligations) and the Issuer so as to order substantive consolidation under the Bankruptcy Code of the Issuer's assets and liabilities with the assets and liabilities of Consumers Energy or such other Affiliate; and

(i) the Rating Agency Condition shall have been satisfied with respect to the exercise of any Legal Defeasance Option or Covenant Defeasance Option.

Notwithstanding any other provision of this [Section 4.02](#), no delivery of moneys or U.S. Government Obligations to the Indenture Trustee shall terminate any obligation of the Issuer to the Indenture Trustee under this Indenture or the Series Supplement or any obligation of the Issuer to apply such moneys or U.S. Government Obligations under [Section 4.03](#) until principal of and premium, if any, and interest on the Securitization Bonds shall have been paid in accordance with the provisions of this Indenture and the Series Supplement.

SECTION 4.03. Application of Trust Money. All moneys or U.S. Government Obligations deposited with the Indenture Trustee pursuant to Section 4.01 or Section 4.02 shall be held in trust and applied by it, in accordance with the provisions of the Securitization Bonds and this Indenture, to the payment, either directly or through any Paying Agent, as the Indenture Trustee may determine, to the Holders of the particular Securitization Bonds for the payment of which such moneys have been deposited with the Indenture Trustee, of all sums due and to become due thereon for principal, premium, if any, and interest; but such moneys need not be segregated from other funds except to the extent required herein or in the Servicing Agreement or required by law. Notwithstanding anything to the contrary in this Article IV, the Indenture Trustee shall deliver or pay to the Issuer from time to time upon Issuer Request any moneys or U.S. Government Obligations held by it pursuant to Section 4.02 that, in the opinion of a nationally recognized firm of Independent registered public accountants expressed in a written certification thereof delivered to the Indenture Trustee (and not at the cost or expense of the Indenture Trustee), are in excess of the amount thereof that would be required to be deposited for the purpose for which such moneys or U.S. Government Obligations were deposited; provided, that any such payment shall be subject to the satisfaction of the Rating Agency Condition.

SECTION 4.04. Repayment of Moneys Held by Paying Agent. In connection with the satisfaction and discharge of this Indenture or the Covenant Defeasance Option or Legal Defeasance Option with respect to the Securitization Bonds, all moneys then held by any Paying Agent other than the Indenture Trustee under the provisions of this Indenture shall, upon demand of the Issuer, be paid to the Indenture Trustee to be held and applied according to Section 3.03 and thereupon such Paying Agent shall be released from all further liability with respect to such moneys.

ARTICLE V

REMEDIES

SECTION 5.01. Events of Default. “Event of Default” means any one or more of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

- (a) default in the payment of any interest on any Securitization Bond when the same becomes due and payable (whether such failure to pay interest is caused by a shortfall in Securitization Charges received or otherwise), and such default shall continue for a period of five Business Days;
- (b) default in the payment of the then unpaid principal of any Securitization Bond of any Tranche on the Final Maturity Date for such Tranche;
- (c) default in the observance or performance of any covenant or agreement of the Issuer made in this Indenture (other than defaults specified in Section 5.01(a) or Section 5.01(b)), and such default shall continue or not be cured, for a period of 30 days after the earlier of (i) the date that there shall have been given, by registered or certified mail, to the Issuer by the

Indenture Trustee or to the Issuer and the Indenture Trustee by the Holders of at least 25 percent of the Outstanding Amount of the Securitization Bonds, a written notice specifying such default and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder or (ii) the date that the Issuer has actual knowledge of the default;

(d) any representation or warranty of the Issuer made in this Indenture or in any certificate or other writing delivered pursuant hereto or in connection herewith proving to have been incorrect in any material respect as of the time when the same shall have been made, and the circumstance or condition in respect of which such representation or warranty was incorrect shall not have been eliminated or otherwise cured, within 30 days after the earlier of (i) the date that there shall have been given, by registered or certified mail, to the Issuer by the Indenture Trustee or to the Issuer and the Indenture Trustee by the Holders of at least twenty-five (25) percent of the Outstanding Amount of the Securitization Bonds, a written notice specifying such incorrect representation or warranty and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder or (ii) the date the Issuer has actual knowledge of the default;

(e) the filing of a decree or order for relief by a court having jurisdiction in the premises in respect of the Issuer or any substantial part of the Securitization Bond Collateral in an involuntary case or proceeding under any applicable U.S. federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Issuer or for any substantial part of the Securitization Bond Collateral, or ordering the winding-up or liquidation of the Issuer's affairs, and such decree or order shall remain unstayed and in effect for a period of 90 consecutive days;

(f) the commencement by the Issuer of a voluntary case under any applicable U.S. federal or state bankruptcy, insolvency or other similar law now or hereafter in effect, or the consent by the Issuer to the entry of an order for relief in an involuntary case or proceeding under any such law, or the consent by the Issuer to the appointment or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of the Issuer or for any substantial part of the Securitization Bond Collateral, or the making by the Issuer of any general assignment for the benefit of creditors, or the failure by the Issuer generally to pay its debts as such debts become due, or the taking of action by the Issuer in furtherance of any of the foregoing;

(g) any act or failure to act by the State of Michigan or any of its agencies (including the Commission), officers or employees that violates the State Pledge or is not in accordance with the State Pledge; or

(h) any other event designated as such in the Series Supplement.

The Issuer shall deliver to a Responsible Officer of the Indenture Trustee and to the Rating Agencies, within five days after a Responsible Officer of the Issuer has knowledge of the occurrence thereof, written notice in the form of an Officer's Certificate of any event (i) that is an Event of Default under Section 5.01(a), Section 5.01(b), Section 5.01(f), Section 5.01(g) or Section 5.01(h) or (ii) that with the giving of notice, the lapse of time, or both, would become an

Event of Default under Section 5.01(c), Section 5.01(d) or Section 5.01(e), including, in each case, the status of such Default or Event of Default and what action the Issuer is taking or proposes to take with respect thereto.

SECTION 5.02. Acceleration of Maturity; Rescission and Annulment. If an Event of Default (other than an Event of Default under Section 5.01(g)) should occur and be continuing, then and in every such case the Indenture Trustee or the Holders representing a majority of the Outstanding Amount of the Securitization Bonds may declare the Securitization Bonds to be immediately due and payable, by a notice in writing to the Issuer (and to the Indenture Trustee if given by Holders), and upon any such declaration the unpaid principal amount of the Securitization Bonds, together with accrued and unpaid interest thereon through the date of acceleration, shall become immediately due and payable.

At any time after such declaration of acceleration of maturity has been made and before a judgment or decree for payment of the money due has been obtained by the Indenture Trustee as hereinafter in this Article V provided, the Holders representing a majority of the Outstanding Amount of the Securitization Bonds, by written notice to the Issuer and the Indenture Trustee, may rescind and annul such declaration and its consequences if:

(a) the Issuer has paid or deposited with the Indenture Trustee a sum sufficient to pay:

(i) all payments of principal of and premium, if any, and interest on all Securitization Bonds due and owing at such time as if such Event of Default had not occurred and was not continuing and all other amounts that would then be due hereunder or upon the Securitization Bonds if the Event of Default giving rise to such acceleration had not occurred; and

(ii) all sums paid or advanced by the Indenture Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee and its agents and counsel; and

(b) all Events of Default, other than the nonpayment of the principal of the Securitization Bonds that has become due solely by such acceleration, have been cured or waived as provided in Section 5.12.

No such rescission shall affect any subsequent default or impair any right consequent thereto.

SECTION 5.03. Collection of Indebtedness and Suits for Enforcement by Indenture Trustee.

(a) If an Event of Default under Section 5.01(a) or Section 5.01(b) has occurred and is continuing, subject to Section 10.16, the Indenture Trustee, in its own name and as trustee of an express trust, may institute a Proceeding for the collection of the sums so due and unpaid, and may prosecute such Proceeding to judgment or final decree, and, subject to the limitations on recourse set forth herein, may enforce the same against the Issuer or other obligor upon the Securitization Bonds and collect in the manner provided by law out of the property of

the Issuer or other obligor upon the Securitization Bonds wherever situated the moneys payable, or the Securitization Bond Collateral and the proceeds thereof, the whole amount then due and payable on the Securitization Bonds for principal, premium, if any, and interest, with interest upon the overdue principal and premium, if any, and, to the extent payment at such rate of interest shall be legally enforceable, upon overdue installments of interest, at the respective rate borne by the Securitization Bonds or the applicable Tranche and in addition thereto such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Indenture Trustee and its agents and counsel.

(b) If an Event of Default (other than Event of Default under Section 5.01(g)) occurs and is continuing, the Indenture Trustee shall, as more particularly provided in Section 5.04, proceed to protect and enforce its rights and the rights of the Holders, by such appropriate Proceedings as the Indenture Trustee shall deem most effective to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy or legal or equitable right vested in the Indenture Trustee by this Indenture and the Series Supplement or by law, including foreclosing or otherwise enforcing the Lien of the Securitization Bond Collateral securing the Securitization Bonds or applying to a court of competent jurisdiction for sequestration of revenues arising with respect to the Securitization Property.

(c) If an Event of Default under Section 5.01(e) or Section 5.01(f) has occurred and is continuing, the Indenture Trustee, irrespective of whether the principal of any Securitization Bonds shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Indenture Trustee shall have made any demand pursuant to the provisions of this Section 5.03, shall be entitled and empowered, by intervention in any Proceedings related to such Event of Default or otherwise:

(i) to file and prove a claim or claims for the whole amount of principal, premium, if any, and interest owing and unpaid in respect of the Securitization Bonds and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Indenture Trustee (including any claim for reasonable compensation to the Indenture Trustee and each predecessor Indenture Trustee, and their respective agents, attorneys and counsel, and for reimbursement of all expenses and liabilities incurred, and all advances made, by the Indenture Trustee and each predecessor Indenture Trustee, except as a result of negligence or bad faith) and of the Holders allowed in such Proceedings;

(ii) unless prohibited by applicable law and regulations, to vote on behalf of the Holders in any election of a trustee in bankruptcy, a standby trustee or Person performing similar functions in any such Proceedings;

(iii) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute all amounts received with respect to the claims of the Holders and of the Indenture Trustee on their behalf; and

(iv) to file such proofs of claim and other papers and documents as may be necessary or advisable in order to have the claims of the Indenture Trustee or the Holders allowed in any judicial proceeding relative to the Issuer, its creditors and its property;

and any trustee, receiver, liquidator, custodian or other similar official in any such Proceeding is hereby authorized by each of such Holders to make payments to the Indenture Trustee, and, in the event that the Indenture Trustee shall consent to the making of payments directly to such Holders, to pay to the Indenture Trustee such amounts as shall be sufficient to cover reasonable compensation to the Indenture Trustee, each predecessor Indenture Trustee and their respective agents, attorneys and counsel, and all other expenses and liabilities incurred, and all advances made, by the Indenture Trustee and each predecessor Indenture Trustee except as a result of negligence or bad faith.

(d) Nothing herein contained shall be deemed to authorize the Indenture Trustee to authorize or consent to or vote for or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securitization Bonds or the rights of any Holder thereof or to authorize the Indenture Trustee to vote in respect of the claim of any Holder in any such proceeding except, as aforesaid, to vote for the election of a trustee in bankruptcy or similar Person.

(e) All rights of action and of asserting claims under this Indenture, or under any of the Securitization Bonds, may be enforced by the Indenture Trustee without the possession of any of the Securitization Bonds or the production thereof in any trial or other Proceedings relative thereto, and any such action or proceedings instituted by the Indenture Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment, subject to the payment of the expenses, disbursements and compensation of the Indenture Trustee, each predecessor Indenture Trustee and their respective agents and attorneys, shall be for the ratable benefit of the Holders of the Securitization Bonds.

(f) In any Proceedings brought by the Indenture Trustee (and also any Proceedings involving the interpretation of any provision of this Indenture to which the Indenture Trustee shall be a party), the Indenture Trustee shall be held to represent all the Holders of the Securitization Bonds, and it shall not be necessary to make any Holder a party to any such Proceedings.

SECTION 5.04. Remedies; Priorities.

(a) If an Event of Default (other than an Event of Default under Section 5.01(g)) shall have occurred and be continuing, the Indenture Trustee may do one or more of the following (subject to Section 5.05):

(i) institute Proceedings in its own name and as trustee of an express trust for the collection of all amounts then payable on the Securitization Bonds or under this Indenture with respect thereto, whether by declaration of acceleration or otherwise, and, subject to the limitations on recovery set forth herein, enforce any judgment obtained, and collect from the Issuer or any other obligor moneys adjudged due, upon the Securitization Bonds;

- (ii) institute Proceedings from time to time for the complete or partial foreclosure of this Indenture with respect to the Securitization Bond Collateral;
- (iii) exercise any remedies of a secured party under the UCC, the Securitization Law or any other applicable law and take any other appropriate action to protect and enforce the rights and remedies of the Indenture Trustee and the Holders of the Securitization Bonds;
- (iv) at the written direction of the Holders of a majority of the Outstanding Amount of the Securitization Bonds, either sell the Securitization Bond Collateral or any portion thereof or rights or interest therein, at one or more public or private sales called and conducted in any manner permitted by law, or elect that the Issuer maintain possession of all or a portion of the Securitization Bond Collateral pursuant to Section 5.05 and continue to apply the Securitization Charge Collection as if there had been no declaration of acceleration; and
- (v) exercise all rights, remedies, powers, privileges and claims of the Issuer against the Seller, the Administrator or the Servicer under or in connection with, and pursuant to the terms of, the Sale Agreement, the Administration Agreement or the Servicing Agreement;

provided, however, that the Indenture Trustee may not sell or otherwise liquidate any portion of the Securitization Bond Collateral following such an Event of Default, other than an Event of Default described in Section 5.01(a) or Section 5.01(b), unless (A) the Holders of 100 percent of the Outstanding Amount of the Securitization Bonds consent thereto, (B) the proceeds of such sale or liquidation distributable to the Holders are sufficient to discharge in full all amounts then due and unpaid upon the Securitization Bonds for principal, premium, if any, and interest after taking into account payment of all amounts due prior thereto pursuant to the priorities set forth in Section 8.02(e) or (C) the Indenture Trustee determines that the Securitization Bond Collateral will not continue to provide sufficient funds for all payments on the Securitization Bonds as they would have become due if the Securitization Bonds had not been declared due and payable, and the Indenture Trustee obtains the written consent of Holders of at least two-thirds of the Outstanding Amount of the Securitization Bonds. In determining such sufficiency or insufficiency with respect to clause (B) above and clause (C) above, the Indenture Trustee may, but need not, obtain and conclusively rely upon an opinion of an Independent investment banking or accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the Securitization Bond Collateral for such purpose.

(b) If an Event of Default under Section 5.01(g) shall have occurred and be continuing, the Indenture Trustee, for the benefit of the Secured Parties, shall be entitled and empowered, to the extent permitted by applicable law, to institute or participate in Proceedings necessary to compel performance of or to enforce the State Pledge and to collect any monetary damages incurred by the Holders or the Indenture Trustee as a result of any such Event of Default, and may prosecute any such Proceeding to final judgment or decree. Such remedy shall be the only remedy that the Indenture Trustee may exercise if the only Event of Default that has occurred and is continuing is an Event of Default under Section 5.01(g).

- (c) If the Indenture Trustee collects any money pursuant to this Article V, it shall pay out such money in accordance with the priorities set forth in Section 8.02(e)

SECTION 5.05. Optional Preservation of the Securitization Bond Collateral. If the Securitization Bonds have been declared to be due and payable under Section 5.02 following an Event of Default and such declaration and its consequences have not been rescinded and annulled, the Indenture Trustee may, but need not, elect to maintain possession of all or a portion of the Securitization Bond Collateral. It is the desire of the parties hereto and the Holders that there be at all times sufficient funds for the payment of principal of and premium, if any, and interest on the Securitization Bonds, and the Indenture Trustee shall take such desire into account when determining whether or not to maintain possession of the Securitization Bond Collateral. In determining whether to maintain possession of the Securitization Bond Collateral or sell or liquidate the same, the Indenture Trustee may, but need not, obtain and conclusively rely upon an opinion of an Independent investment banking or accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the Securitization Bond Collateral for such purpose.

SECTION 5.06. Limitation of Suits. No Holder of any Securitization Bond shall have any right to institute any Proceeding, judicial or otherwise, to avail itself of any remedies provided in the Securitization Law or to avail itself of the right to foreclose on the Securitization Bond Collateral or otherwise enforce the Lien and the security interest on the Securitization Bond Collateral with respect to this Indenture and the Series Supplement, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- (a) such Holder previously has given written notice to the Indenture Trustee of a continuing Event of Default;
- (b) the Holders of a majority of the Outstanding Amount of the Securitization Bonds have made written request to the Indenture Trustee to institute such Proceeding in respect of such Event of Default in its own name as Indenture Trustee hereunder;
- (c) such Holder or Holders have offered to the Indenture Trustee indemnity satisfactory to it against the costs, expenses and liabilities to be incurred in complying with such request;
- (d) the Indenture Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute such Proceedings; and
- (e) no direction inconsistent with such written request has been given to the Indenture Trustee during such 60-day period by the Holders of a majority of the Outstanding Amount of the Securitization Bonds;

it being understood and intended that no one or more Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holders or to obtain or to seek to obtain priority or preference over any other Holders or to enforce any right under this Indenture, except in the manner herein provided.

In the event the Indenture Trustee shall receive conflicting or inconsistent requests and indemnity from two or more groups of Holders, each representing less than a majority of the Outstanding Amount of the Securitization Bonds, the Indenture Trustee in its sole discretion may determine what action, if any, shall be taken, notwithstanding any other provisions of this Indenture.

SECTION 5.07. Unconditional Rights of Holders To Receive Principal, Premium, if any, and Interest. Notwithstanding any other provisions in this Indenture, the Holder of any Securitization Bond shall have the right, which is absolute and unconditional, (a) to receive payment of (i) the interest, if any, on such Securitization Bond on the due dates thereof expressed in such Securitization Bond or in this Indenture or (ii) the unpaid principal, if any, of the Securitization Bonds on the Final Maturity Date therefor and (b) to institute suit for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder.

SECTION 5.08. Restoration of Rights and Remedies. If the Indenture Trustee or any Holder has instituted any Proceeding to enforce any right or remedy under this Indenture and such Proceeding has been discontinued or abandoned for any reason or has been determined adversely to the Indenture Trustee or to such Holder, then and in every such case the Issuer, the Indenture Trustee and the Holders shall, subject to any determination in such Proceeding, be restored severally and respectively to their former positions hereunder, and thereafter all rights and remedies of the Indenture Trustee and the Holders shall continue as though no such Proceeding had been instituted.

SECTION 5.09. Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Indenture Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 5.10. Delay or Omission Not a Waiver. No delay or omission of the Indenture Trustee or any Holder to exercise any right or remedy accruing upon any Default or Event of Default shall impair any such right or remedy or constitute a waiver of any such Default or Event of Default or an acquiescence therein. Every right and remedy given by this Article V or by law to the Indenture Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Indenture Trustee or by the Holders, as the case may be.

SECTION 5.11. Control by Holders. The Holders of a majority of the Outstanding Amount of the Securitization Bonds of an affected Tranche or Tranches shall have the right to direct the time, method and place of conducting any Proceeding for any remedy available to the Indenture Trustee with respect to the Securitization Bonds of such Tranche or Tranches or exercising any trust or power conferred on the Indenture Trustee with respect to such Tranche or Tranches; provided, that:

- (a) such direction shall not be in conflict with any rule of law or with this Indenture and shall not involve the Indenture Trustee in any personal liability or expense;
- (b) subject to other conditions specified in Section 5.04, any direction to the Indenture Trustee to sell or liquidate any Securitization Bond Collateral shall be by the Holders representing 100 percent of the Outstanding Amount of the Securitization Bonds;
- (c) if the conditions set forth in Section 5.05 have been satisfied and the Indenture Trustee elects to retain the Securitization Bond Collateral pursuant to Section 5.05, then any direction to the Indenture Trustee by Holders representing less than 100 percent of the Outstanding Amount of the Securitization Bonds to sell or liquidate the Securitization Bond Collateral shall be of no force and effect; and
- (d) the Indenture Trustee may take any other action deemed proper by the Indenture Trustee that is not inconsistent with such direction;

provided, however, that the Indenture Trustee's duties shall be subject to Section 6.01, and the Indenture Trustee need not take any action that it determines might involve it in liability or might materially adversely affect the rights of any Holders not consenting to such action. Furthermore and without limiting the foregoing, the Indenture Trustee shall not be required to take any action for which it reasonably believes that it will not be indemnified to its satisfaction against any cost, expense or liabilities.

SECTION 5.12. Waiver of Past Defaults. Prior to the declaration of the acceleration of the maturity of the Securitization Bonds as provided in Section 5.02, the Holders representing a majority of the Outstanding Amount of the Securitization Bonds of an affected Tranche may waive any past Default or Event of Default and its consequences except a Default (a) in payment of principal of or premium, if any, or interest on any of the Securitization Bonds or (b) in respect of a covenant or provision hereof that cannot be modified or amended without the consent of the Holder of each Securitization Bond of all Tranches affected. In the case of any such waiver, the Issuer, the Indenture Trustee and the Holders shall be restored to their former positions and rights hereunder, respectively, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto.

Upon any such waiver, such Default shall cease to exist and be deemed to have been cured and not to have occurred, and any Event of Default arising therefrom shall be deemed to have been cured and not to have occurred, for every purpose of this Indenture, but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereto.

SECTION 5.13. Undertaking for Costs. All parties to this Indenture agree, and each Holder of any Securitization Bond by such Holder's acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Indenture Trustee for any action taken, suffered or omitted by it as Indenture Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit,

having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section 5.13 shall not apply to (a) any suit instituted by the Indenture Trustee, (b) any suit instituted by any Holder, or group of Holders, in each case holding in the aggregate more than ten percent of the Outstanding Amount of the Securitization Bonds or (c) any suit instituted by any Holder for the enforcement of the payment of (i) interest on any Securitization Bond on or after the due dates expressed in such Securitization Bond and in this Indenture or (ii) the unpaid principal, if any, of any Securitization Bond on or after the Final Maturity Date therefor.

SECTION 5.14. Waiver of Stay or Extension Laws. The Issuer covenants (to the extent that it may lawfully do so) that it will not at any time insist upon or plead or, in any manner whatsoever, claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture; and the Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Indenture Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

SECTION 5.15. Action on Securitization Bonds. The Indenture Trustee's right to seek and recover judgment on the Securitization Bonds or under this Indenture shall not be affected by the seeking, obtaining or application of any other relief under or with respect to this Indenture. Neither the Lien of this Indenture nor any rights or remedies of the Indenture Trustee or the Holders shall be impaired by the recovery of any judgment by the Indenture Trustee against the Issuer or by the levy of any execution under such judgment upon any portion of the Securitization Bond Collateral or any other assets of the Issuer.

ARTICLE VI

THE INDENTURE TRUSTEE

SECTION 6.01. Duties of Indenture Trustee.

(a) If an Event of Default has occurred and is continuing, the Indenture Trustee shall exercise the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

(b) Except during the continuance of an Event of Default:

(i) the Indenture Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Indenture Trustee; and

(ii) in the absence of bad faith on its part, the Indenture Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Indenture Trustee and conforming to the requirements of this Indenture (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

- (c) The Indenture Trustee may not be relieved from liability for its own negligent action, its own bad faith, its own negligent failure to act or its own willful misconduct, except that:
- (i) this Section 6.01(c) does not limit the effect of Section 6.01(b);
 - (ii) the Indenture Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer unless it is proved that the Indenture Trustee was negligent in ascertaining the pertinent facts; and
 - (iii) the Indenture Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it hereunder.
- (d) Every provision of this Indenture that in any way relates to the Indenture Trustee is subject to Section 6.01(a), Section 6.01(b) and Section 6.01(c).
- (e) The Indenture Trustee shall not be liable for interest on any money received by it except as the Indenture Trustee may agree in writing with the Issuer.
- (f) Money held in trust by the Indenture Trustee need not be segregated from other funds held by the Indenture Trustee except to the extent required by law or the terms of this Indenture, the Sale Agreement, the Servicing Agreement or the Administration Agreement.
- (g) No provision of this Indenture shall require the Indenture Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayments of such funds or indemnity satisfactory to it against such risk or liability is not reasonably assured to it.
- (h) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Indenture Trustee shall be subject to the provisions of this Section 6.01 and to the provisions of the Trust Indenture Act.
- (i) In the event that the Indenture Trustee is also acting as Paying Agent or Securitization Bond Registrar hereunder, the protections of this Article VI shall also be afforded to the Indenture Trustee in its capacity as Paying Agent or Securitization Bond Registrar.
- (j) Except for the express duties of the Indenture Trustee with respect to the administrative functions set forth in the Basic Documents, the Indenture Trustee shall have no obligation to administer, service or collect Securitization Property or to maintain, monitor or otherwise supervise the administration, servicing or collection of the Securitization Property.
- (k) Under no circumstance shall the Indenture Trustee be liable for any indebtedness of the Issuer, the Servicer or the Seller evidenced by or arising under the Securitization Bonds or the Basic Documents.
- (l) Commencing with March 15, 2015, on or before March 15th of each fiscal year ending December 31, so long as the Issuer is required to file Exchange Act reports, the

Indenture Trustee shall (i) deliver to the Issuer a report (in form and substance reasonably satisfactory to the Issuer and addressed to the Issuer and signed by an authorized officer of the Indenture Trustee) regarding the Indenture Trustee's assessment of compliance, during the preceding fiscal year ended December 31, with each of the applicable servicing criteria specified on Exhibit C as required under Rule 13a-18 and Rule 15d-18 under the Exchange Act and Item 1122 of Regulation AB and (ii) deliver to the Issuer a report of an Independent registered public accounting firm reasonably acceptable to the Issuer that attests to and reports on, in accordance with Rule 1-02(a)(3) and Rule 2-02(g) of Regulation S-X under the Securities Act and the Exchange Act, the assessment of compliance made by the Indenture Trustee and delivered pursuant to Section 6.01(D)(i).

SECTION 6.02. Rights of Indenture Trustee.

- (a) The Indenture Trustee may conclusively rely and shall be fully protected in relying on any document believed by it to be genuine and to have been signed or presented by the proper person. The Indenture Trustee need not investigate any fact or matter stated in such document.
- (b) Before the Indenture Trustee acts or refrains from acting, it may require and shall be entitled to receive an Officer's Certificate or an Opinion of Counsel, which counsel may be an employee of or counsel to the Issuer or the Seller and which shall be reasonably satisfactory to the Indenture Trustee, or, in the Indenture Trustee's sole judgment, external counsel of the Issuer (at no cost or expense to the Indenture Trustee) that such action is required or permitted hereunder. The Indenture Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on such Officer's Certificate or Opinion of Counsel.
- (c) The Indenture Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys or a custodian or nominee, and the Indenture Trustee shall not be responsible for any misconduct or negligence on the part of, or for the supervision of, any such agent, attorney, custodian or nominee appointed with due care by it hereunder. The Indenture Trustee shall give prompt written notice to the Issuer, in which case the Issuer shall then give prompt written notice to the Rating Agencies, of the appointment of any such agent, custodian or nominee to whom it delegates any of its express duties under this Indenture; provided, that the Indenture Trustee shall not be obligated to give such notice (i) if the Issuer or the Holders have directed the Indenture Trustee to appoint such agent, custodian or nominee (in which event the Issuer shall give prompt notice to the Rating Agencies of any such direction) or (ii) of the appointment of any agents, custodians or nominees made at any time that an Event of Default on account of non-payment of principal or interest on the Securitization Bonds or bankruptcy or insolvency of the Issuer has occurred and is continuing.
- (d) The Indenture Trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within its rights or powers; provided, however, that the Indenture Trustee's conduct does not constitute willful misconduct, negligence or bad faith.
- (e) The Indenture Trustee may consult with counsel, and the advice or opinion of counsel with respect to legal matters relating to this Indenture and the Securitization Bonds

shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) The Indenture Trustee shall be under no obligation to take any action or exercise any of the rights or powers vested in it by this Indenture or any other Basic Document, or to institute, conduct or defend any litigation hereunder or thereunder or in relation hereto or thereto, at the request, order or direction of any of the Holders pursuant to the provisions of this Indenture and the Series Supplement or otherwise, unless it shall have received security or indemnity satisfactory to it against the costs, expenses and liabilities that may be incurred.

(g) The Indenture Trustee may conclusively rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties.

(h) Any request or direction of the Issuer mentioned herein shall be sufficiently evidenced by an Issuer Request or an Issuer Order.

(i) Whenever in the administration of this Indenture the Indenture Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Indenture Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, conclusively rely upon an Officer's Certificate.

(j) The Indenture Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Indenture Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Indenture Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Issuer, personally or by agent or attorney at the sole cost of the Issuer, and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation.

(k) In no event shall the Indenture Trustee be responsible or liable for special, indirect or consequential loss or damage of any kind whatsoever (including loss of profit) irrespective of whether the Indenture Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(l) In no event shall the Indenture Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services, it being understood that the Indenture Trustee shall use reasonable efforts

that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

SECTION 6.03. Individual Rights of Indenture Trustee. The Indenture Trustee in its individual or any other capacity may become the owner or pledgee of Securitization Bonds and may otherwise deal with the Issuer or its Affiliates with the same rights it would have if it were not Indenture Trustee. Any Paying Agent, Securitization Bond Registrar, co-registrar or co-paying agent or agent appointed under Section 3.02 may do the same with like rights. However, the Indenture Trustee must comply with Section 6.11 and Section 6.12.

SECTION 6.04. Indenture Trustee's Disclaimer.

(a) The Indenture Trustee shall not be responsible for and makes no representation (other than as set forth in Section 6.13) as to the validity or adequacy of this Indenture or the Securitization Bonds, it shall not be accountable for the Issuer's use of the proceeds from the Securitization Bonds, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Securitization Bonds or in the Securitization Bonds other than the Indenture Trustee's certificate of authentication. The Indenture Trustee shall not be responsible for the form, character, genuineness, sufficiency, value or validity of any of the Securitization Bond Collateral (or for the perfection or priority of the Liens thereon), or for or in respect of the Securitization Bonds (other than the certificate of authentication for the Securitization Bonds) or the Basic Documents, and the Indenture Trustee shall in no event assume or incur any liability, duty or obligation to any Holder, other than as expressly provided in this Indenture. The Indenture Trustee shall not be liable for the default or misconduct of the Issuer, the Seller or the Servicer under the Basic Documents or otherwise, and the Indenture Trustee shall have no obligation or liability to perform the obligations of such Persons.

(b) The Indenture Trustee shall not be responsible for (i) the validity of the title of the Issuer to the Securitization Bond Collateral, (ii) insuring the Securitization Bond Collateral or (iii) the payment of taxes, charges, assessments or Liens upon the Securitization Bond Collateral or otherwise as to the maintenance of the Securitization Bond Collateral. The Indenture Trustee shall have no duty to ascertain or inquire as to the performance or observance of any of the terms of this Indenture or any of the other Basic Documents. The Indenture Trustee shall not be responsible for filing any financing or continuation statements or recording any documents or instruments in any public office at any time or times or otherwise perfecting or maintaining the perfection of any security interest in the Securitization Bond Collateral.

SECTION 6.05. Notice of Defaults. If a Default occurs and is continuing, the Indenture Trustee shall mail to each Rating Agency and each Holder notice of the Default within ten Business Days after actual notice of such Default was received by a Responsible Officer of the Indenture Trustee (provided that the Indenture Trustee shall give the Rating Agencies prompt notice of any payment default in respect of the Securitization Bonds). Except in the case of a Default in payment of principal of and premium, if any, or interest on any Securitization Bond, the Indenture Trustee may withhold the notice of the Default if and so long as a committee of its Responsible Officers in good faith determines that withholding such notice is in the interests of Holders. In no event shall the Indenture Trustee be deemed to have knowledge of a Default

unless a Responsible Officer of the Indenture Trustee shall have actual knowledge of a Default or shall have received written notice thereof .

SECTION 6.06. Reports by Indenture Trustee to Holders.

(a) So long as Securitization Bonds are Outstanding and the Indenture Trustee is the Securitization Bond Registrar and Paying Agent, upon the written request of any Holder or the Issuer, within the prescribed period of time for tax reporting purposes after the end of each calendar year, the Indenture Trustee shall deliver to each relevant current or former Holder such information in its possession as may be required to enable such Holder to prepare its U.S. federal income and any applicable local or state tax returns. If the Securitization Bond Registrar and Paying Agent is other than the Indenture Trustee, such Securitization Bond Registrar and Paying Agent, within the prescribed period of time for tax reporting purposes after the end of each calendar year, shall deliver to each relevant current or former Holder such information in its possession as may be required to enable such Holder to prepare its U.S. federal income and any applicable local or state tax returns.

(b) On or prior to each Payment Date or Special Payment Date therefor, the Indenture Trustee will deliver to each Holder of the Securitization Bonds on such Payment Date or Special Payment Date a statement as provided and prepared by the Servicer, which will include (to the extent applicable) the following information (and any other information so specified in the Series Supplement) as to the Securitization Bonds with respect to such Payment Date or Special Payment Date or the period since the previous Payment Date, as applicable:

- (i) the amount of the payment to Holders allocable to principal, if any;
- (ii) the amount of the payment to Holders allocable to interest;
- (iii) the aggregate Outstanding Amount of the Securitization Bonds, before and after giving effect to any payments allocated to principal reported under Section 6.06(b)(i);
- (iv) the difference, if any, between the amount specified in Section 6.06(b)(iii) and the Outstanding Amount specified in the related Expected Amortization Schedule;
- (v) any other transfers and payments to be made on such Payment Date or Special Payment Date, including amounts paid to the Indenture Trustee and to the Servicer; and
- (vi) the amounts on deposit in the Capital Subaccount and the Excess Funds Subaccount, after giving effect to the foregoing payments.

(c) The Issuer shall send a copy of each of the Certificate of Compliance delivered to it pursuant to Section 3.03 of the Servicing Agreement and the Annual Accountant's Report delivered to it pursuant to Section 3.04 of the Servicing Agreement to the Rating Agencies and to the Servicer for posting on the 17g-5 Website in accordance with Rule 17g-5 under the Exchange Act. A copy of such certificate and report may be obtained by any Holder by a request in writing to the Indenture Trustee.

(d) The Indenture Trustee may consult with counsel, and the advice or opinion of such counsel with respect to legal matters relating to this Indenture and the Securitization Bonds shall be full and complete authorization and protection from liability with respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

SECTION 6.07. Compensation and Indemnity. The Issuer shall pay to the Indenture Trustee from time to time reasonable compensation for its services. The Indenture Trustee's compensation shall not, to the extent permitted by law, be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Indenture Trustee for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Indenture Trustee's agents, counsel, accountants and experts. The Issuer shall indemnify and hold harmless the Indenture Trustee and its officers, directors, employees and agents against any and all cost, damage, loss, liability, tax or expense (including reasonable attorneys' fees and expenses) incurred by it in connection with the administration and the enforcement of this Indenture, the Series Supplement and the other Basic Documents and the Indenture Trustee's rights, powers and obligations under this Indenture, the Series Supplement and the other Basic Documents and the performance of its duties hereunder and thereunder and obligations under or pursuant to this Indenture, the Series Supplement and the other Basic Documents other than any such tax on the compensation of the Indenture Trustee for its services as Indenture Trustee. The Indenture Trustee shall notify the Issuer as soon as is reasonably practicable of any claim for which it may seek indemnity. Failure by the Indenture Trustee to so notify the Issuer shall not relieve the Issuer of its obligations hereunder. The Issuer shall defend the claim, the Indenture Trustee may have separate counsel, and the Issuer shall pay the reasonable fees and expenses of such counsel. The Issuer need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Indenture Trustee through the Indenture Trustee's own willful misconduct, negligence or bad faith.

The payment obligations to the Indenture Trustee pursuant to this Section 6.07 shall survive the discharge of this Indenture and the Series Supplement or the earlier resignation or removal of the Indenture Trustee. When the Indenture Trustee incurs expenses after the occurrence of a Default specified in Section 5.01(e) or Section 5.01(f) with respect to the Issuer, the expenses are intended to constitute expenses of administration under the Bankruptcy Code or any other applicable U.S. federal or state bankruptcy, insolvency or similar law.

SECTION 6.08. Replacement of Indenture Trustee and Securities Intermediary.

(a) The Indenture Trustee may resign at any time upon 30 days' prior written notice to the Issuer subject to Section 6.08(c). The Holders of a majority of the Outstanding Amount of the Securitization Bonds may remove the Indenture Trustee by so notifying the Indenture Trustee and may appoint a successor Indenture Trustee. The Issuer shall remove the Indenture Trustee if:

- (i) the Indenture Trustee fails to comply with Section 6.11;

- (ii) the Indenture Trustee is adjudged a bankrupt or insolvent;
- (iii) a receiver or other public officer takes charge of the Indenture Trustee or its property;
- (iv) the Indenture Trustee otherwise becomes incapable of acting; or
- (v) the Indenture Trustee fails to provide to the Issuer any information reasonably requested by the Issuer pertaining to the Indenture Trustee and necessary for the Issuer or the Sponsor to comply with its respective reporting obligations under the Exchange Act and Regulation AB and such failure is not resolved to the Issuer's and the Indenture Trustee's mutual satisfaction within a reasonable period of time.

Any removal or resignation of the Indenture Trustee shall also constitute a removal or resignation of the Securities Intermediary.

(b) If the Indenture Trustee gives notice of resignation or is removed or if a vacancy exists in the office of Indenture Trustee for any reason (the Indenture Trustee in such event being referred to herein as the retiring Indenture Trustee), the Issuer shall promptly appoint a successor Indenture Trustee and Securities Intermediary.

(c) A successor Indenture Trustee shall deliver a written acceptance of its appointment as the Indenture Trustee and as the Securities Intermediary to the retiring Indenture Trustee and to the Issuer. Thereupon the resignation or removal of the retiring Indenture Trustee shall become effective, and the successor Indenture Trustee shall have all the rights, powers and duties of the Indenture Trustee and Securities Intermediary, as applicable, under this Indenture and the other Basic Documents. No resignation or removal of the Indenture Trustee pursuant to this [Section 6.08](#) shall become effective until acceptance of the appointment by a successor Indenture Trustee having the qualifications set forth in [Section 6.11](#). Notice of any such appointment shall be promptly given to each Rating Agency by the successor Indenture Trustee. The successor Indenture Trustee shall mail a notice of its succession to Holders. The retiring Indenture Trustee shall promptly transfer all property held by it as Indenture Trustee to the successor Indenture Trustee.

(d) If a successor Indenture Trustee does not take office within 60 days after the retiring Indenture Trustee resigns or is removed, the retiring Indenture Trustee, the Issuer or the Holders of a majority in Outstanding Amount of the Securitization Bonds may petition any court of competent jurisdiction for the appointment of a successor Indenture Trustee.

(e) If the Indenture Trustee fails to comply with [Section 6.11](#), any Holder may petition any court of competent jurisdiction for the removal of the Indenture Trustee and the appointment of a successor Indenture Trustee.

(f) Notwithstanding the replacement of the Indenture Trustee pursuant to this [Section 6.08](#), the Issuer's obligations under [Section 6.07](#) shall continue for the benefit of the retiring Indenture Trustee.

SECTION 6.09. Successor Indenture Trustee by Merger. If the Indenture Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another corporation or banking association, the resulting, surviving or transferee corporation or banking association without any further act shall be the successor Indenture Trustee; provided, however, that, if such successor Indenture Trustee is not eligible under Section 6.11, then the successor Indenture Trustee shall be replaced in accordance with Section 6.08. Notice of any such event shall be promptly given to each Rating Agency by the successor Indenture Trustee.

In case at the time such successor or successors by merger, conversion, consolidation or transfer shall succeed to the trusts created by this Indenture any of the Securitization Bonds shall have been authenticated but not delivered, any such successor to the Indenture Trustee may adopt the certificate of authentication of any predecessor trustee and deliver the Securitization Bonds so authenticated; and, in case at that time any of the Securitization Bonds shall not have been authenticated, any successor to the Indenture Trustee may authenticate the Securitization Bonds either in the name of any predecessor hereunder or in the name of the successor to the Indenture Trustee; and in all such cases such certificates shall have the full force that it is anywhere in the Securitization Bonds or in this Indenture provided that the certificate of the Indenture Trustee shall have.

SECTION 6.10. Appointment of Co-Trustee or Separate Trustee.

(a) Notwithstanding any other provisions of this Indenture, at any time, for the purpose of meeting any legal requirement of any jurisdiction in which any part of the trust created by this Indenture or the Securitization Bond Collateral may at the time be located, the Indenture Trustee shall have the power and may execute and deliver all instruments to appoint one or more Persons to act as a co-trustee or co-trustees, or separate trustee or separate trustees, of all or any part of the trust created by this Indenture or the Securitization Bond Collateral, and to vest in such Person or Persons, in such capacity and for the benefit of the Secured Parties, such title to the Securitization Bond Collateral, or any part hereof, and, subject to the other provisions of this Section 6.10, such powers, duties, obligations, rights and trusts as the Indenture Trustee may consider necessary or desirable. No co-trustee or separate trustee hereunder shall be required to meet the terms of eligibility as a successor trustee under Section 6.11 and no notice to Holders of the appointment of any co-trustee or separate trustee shall be required under Section 6.08. Notice of any such appointment shall be promptly given to each Rating Agency by the Indenture Trustee.

(b) Every separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(i) all rights, powers, duties and obligations conferred or imposed upon the Indenture Trustee shall be conferred or imposed upon and exercised or performed by the Indenture Trustee and such separate trustee or co-trustee jointly (it being understood that such separate trustee or co-trustee is not authorized to act separately without the Indenture Trustee joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed the Indenture Trustee shall be incompetent or unqualified to perform such act or acts, in which event such

rights, powers, duties and obligations (including the holding of title to the Securitization Bond Collateral or any portion thereof in any such jurisdiction) shall be exercised and performed singly by such separate trustee or co-trustee, but solely at the direction of the Indenture Trustee;

- (ii) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder; and
- (iii) the Indenture Trustee may at any time accept the resignation of or remove any separate trustee or co-trustee.

(c) Any notice, request or other writing given to the Indenture Trustee shall be deemed to have been given to each of the then-separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Article VI. Each separate trustee and co-trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Indenture Trustee or separately, as may be provided therein, subject to all the provisions of this Indenture, specifically including every provision of this Indenture relating to the conduct of, affecting the liability of, or affording protection to, the Indenture Trustee. Every such instrument shall be filed with the Indenture Trustee.

(d) Any separate trustee or co-trustee may at any time constitute the Indenture Trustee, its agent or its attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Indenture Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

SECTION 6.11. Eligibility; Disqualification. The Indenture Trustee shall at all times satisfy the requirements of Section 310(a)(1) of the Trust Indenture Act, Section 310(a)(5) of the Trust Indenture Act and Section 26(a)(1) of the Investment Company Act. The Indenture Trustee shall have a combined capital and surplus of at least \$50,000,000 as set forth in its most recent published annual report of condition and shall have a long-term debt rating from each of Moody's and S&P in one of its generic rating categories that signifies investment grade. The Indenture Trustee shall comply with Section 310(b) of the Trust Indenture Act, including the optional provision permitted by the second sentence of Section 310(b)(9) of the Trust Indenture Act; provided, however, that there shall be excluded from the operation of Section 310(b)(1) of the Trust Indenture Act any indenture or indentures under which other securities of the Issuer are outstanding if the requirements for such exclusion set forth in Section 310(b)(1) of the Trust Indenture Act are met.

SECTION 6.12. Preferential Collection of Claims Against Issuer. The Indenture Trustee shall comply with Section 311(a) of the Trust Indenture Act, excluding any creditor relationship listed in Section 311(b) of the Trust Indenture Act. An Indenture Trustee who has

resigned or been removed shall be subject to Section 311(a) of the Trust Indenture Act to the extent indicated therein.

SECTION 6.13. Representations and Warranties of Indenture Trustee. The Indenture Trustee hereby represents and warrants that:

(a) the Indenture Trustee is a banking corporation validly existing and in good standing under the laws of the State of New York; and

(b) the Indenture Trustee has full power, authority and legal right to execute, deliver and perform its obligations under this Indenture and the other Basic Documents to which the Indenture Trustee is a party and has taken all necessary action to authorize the execution, delivery and performance of obligations by it of this Indenture and such other Basic Documents.

SECTION 6.14. Annual Report by Independent Registered Public Accountants. The Indenture Trustee hereby covenants that it will cooperate fully with the firm of Independent registered public accountants performing the procedures required under Section 3.04 of the Servicing Agreement, it being understood and agreed that the Indenture Trustee will so cooperate in conclusive reliance upon the direction of the Issuer, and the Indenture Trustee makes no independent inquiry or investigation to, and shall have no obligation or liability in respect of, the sufficiency, validity or correctness of such procedures.

SECTION 6.15. Custody of Securitization Bond Collateral. The Indenture Trustee shall hold such of the Securitization Bond Collateral (and any other collateral that may be granted to the Indenture Trustee) as consists of instruments, deposit accounts, negotiable documents, money, goods, letters of credit and advices of credit in the State of New York. The Indenture Trustee shall hold such of the Securitization Bond Collateral as constitute investment property through the Securities Intermediary (which, as of the date hereof, is The Bank of New York Mellon). The initial Securities Intermediary hereby agrees (and each future Securities Intermediary shall agree) with the Indenture Trustee that (a) such investment property shall at all times be credited to a securities account of the Indenture Trustee, (b) the Securities Intermediary shall treat the Indenture Trustee as entitled to exercise the rights that comprise each financial asset credited to such securities account, (c) all property credited to such securities account shall be treated as a financial asset, (d) the Securities Intermediary shall comply with entitlement orders originated by the Indenture Trustee without the further consent of any other Person, (e) the Securities Intermediary will not agree with any Person other than the Indenture Trustee to comply with entitlement orders originated by such other Person, (f) such securities accounts and the property credited thereto shall not be subject to any Lien or right of set-off in favor of the Securities Intermediary or anyone claiming through it (other than the Indenture Trustee) and (g) such agreement shall be governed by the internal laws of the State of New York. Terms used in the preceding sentence that are defined in the UCC and not otherwise defined herein shall have the meaning set forth in the UCC. Except as permitted by this Section 6.15 or elsewhere in this Indenture, the Indenture Trustee shall not hold Securitization Bond Collateral through an agent or a nominee.

SECTION 7.01. Issuer To Furnish Indenture Trustee Names and Addresses of Holders. The Issuer will furnish or cause to be furnished to the Indenture Trustee (a) not more than five days after the earlier of (i) each Record Date and (ii) six months after the last Record Date, a list, in such form as the Indenture Trustee may reasonably require, of the names and addresses of the Holders as of such Record Date, and (b) at such other times as the Indenture Trustee may request in writing, within 30 days after receipt by the Issuer of any such request, a list of similar form and content as of a date not more than ten days prior to the time such list is furnished; provided, however, that, so long as the Indenture Trustee is the Securitization Bond Registrar, no such list shall be required to be furnished.

SECTION 7.02. Preservation of Information; Communications to Holders.

(a) The Indenture Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of the Holders contained in the most recent list furnished to the Indenture Trustee as provided in Section 7.01 and the names and addresses of Holders received by the Indenture Trustee in its capacity as Securitization Bond Registrar. The Indenture Trustee may destroy any list furnished to it as provided in Section 7.01 upon receipt of a new list so furnished.

(b) Holders may communicate pursuant to Section 312(b) of the Trust Indenture Act with other Holders with respect to their rights under this Indenture or under the Securitization Bonds. In addition, upon the written request of any Holder or group of Holders of Outstanding Securitization Bonds evidencing at least 10 percent of the Outstanding Amount of the Securitization Bonds, the Indenture Trustee shall afford the Holder or Holders making such request a copy of a current list of Holders for purposes of communicating with other Holders with respect to their rights hereunder; provided, that the Indenture Trustee gives prior written notice to the Issuer of such request.

(c) The Issuer, the Indenture Trustee and the Securitization Bond Registrar shall have the protection of Section 312(c) of the Trust Indenture Act.

SECTION 7.03. Reports by Issuer.

(a) The Issuer shall:

(i) so long as the Issuer or the Sponsor is required to file such documents with the SEC, provide to the Indenture Trustee, within 15 days after the Issuer is required to file the same with the SEC, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) that the Issuer or the Sponsor may be required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act;

(ii) provide to the Indenture Trustee and file with the SEC, in accordance with rules and regulations prescribed from time to time by the SEC, such additional information, documents and reports with respect to compliance by the Issuer with the conditions and covenants of this Indenture as may be required from time to time by such rules and regulations; and

(iii) supply to the Indenture Trustee (and the Indenture Trustee shall transmit by mail to all Holders described in Section 313(c) of the Trust Indenture Act), such summaries of any information, documents and reports required to be filed by the Issuer pursuant to Section 7.03(a)(i) and Section 7.03(a)(ii) as may be required by rules and regulations prescribed from time to time by the SEC.

Except as may be provided by Section 313(c) of the Trust Indenture Act, the Issuer may fulfill its obligation to provide the materials described in this Section 7.03(a) by providing such materials in electronic format.

(b) Unless the Issuer otherwise determines, the fiscal year of the Issuer shall end on December 31 of each year.

The Indenture Trustee also shall comply with Section 313(b) of the Trust Indenture Act; provided, however, that the initial report so issued shall be delivered not more than 12 months after the initial issuance of the Securitization Bonds.

A copy of each report at the time of its mailing to Holders shall be filed by the Servicer with the SEC and each stock exchange, if any, on which the Securitization Bonds are listed. The Issuer shall notify the Indenture Trustee in writing if and when the Securitization Bonds are listed on any stock exchange.

ARTICLE VIII

ACCOUNTS, DISBURSEMENTS AND RELEASES

SECTION 8.01. Collection of Money. Except as otherwise expressly provided herein, the Indenture Trustee may demand payment or delivery of, and shall receive and collect, directly and without intervention or assistance of any fiscal agent or other intermediary, all money and other property payable to or receivable by the Indenture Trustee pursuant to this Indenture and the other Basic Documents. The Indenture Trustee shall apply all such money received by it as provided in this Indenture. Except as otherwise expressly provided in this Indenture, if any default occurs in the making of any payment or performance under any agreement or instrument that is part of the Securitization Bond Collateral, the Indenture Trustee may take such action as may be appropriate to enforce such payment or performance, subject to Article VI, including the institution and prosecution of appropriate Proceedings. Any such action

shall be without prejudice to any right to claim a Default or Event of Default under this Indenture and any right to proceed thereafter as provided in Article V.

SECTION 8.02. Collection Account.

(a) Prior to the Closing Date, the Issuer shall open or cause to be opened with the Securities Intermediary located at the Indenture Trustee's office located at the Corporate Trust Office, or at another Eligible Institution, one or more segregated trust accounts in the Indenture Trustee's name for the deposit of Securitization Charge Collections and all other amounts received with respect to the Securitization Bond Collateral (the "Collection Account"). There shall be established by the Indenture Trustee in respect of the Collection Account three subaccounts: a general subaccount (the "General Subaccount"); an excess funds subaccount (the "Excess Funds Subaccount"); and a capital subaccount (the "Capital Subaccount") and, together with the General Subaccount and the Excess Funds Subaccount, the "Subaccounts"). For administrative purposes, the Subaccounts may be established by the Securities Intermediary as separate accounts. Such separate accounts will be recognized individually as a Subaccount and collectively as the "Collection Account". Prior to or concurrently with the issuance of Securitization Bonds, the Member shall deposit into the Capital Subaccount an amount equal to the Required Capital Level. All amounts in the Collection Account not allocated to any other subaccount shall be allocated to the General Subaccount. Prior to the initial Payment Date, all amounts in the Collection Account (other than funds deposited into the Capital Subaccount up to the Required Capital Level) shall be allocated to the General Subaccount. All references to the Collection Account shall be deemed to include reference to all subaccounts contained therein. Withdrawals from and deposits to each of the foregoing subaccounts of the Collection Account shall be made as set forth in Section 8.02(d) and Section 8.02(e). The Collection Account shall at all times be maintained in an Eligible Account and will be under the sole dominion and exclusive control of the Indenture Trustee, through the Securities Intermediary, and only the Indenture Trustee shall have access to the Collection Account for the purpose of making deposits in and withdrawals from the Collection Account in accordance with this Indenture. Funds in the Collection Account shall not be commingled with any other moneys. All moneys deposited from time to time in the Collection Account, all deposits therein pursuant to this Indenture and all investments made in Eligible Investments as directed in writing by the Issuer with such moneys, including all income or other gain from such investments, shall be held by the Securities Intermediary in the Collection Account as part of the Securitization Bond Collateral as herein provided. The Securities Intermediary shall have no liability in respect of losses incurred as a result of the liquidation of any Eligible Investment prior to its stated maturity or its date of redemption or the failure of the Issuer or the Servicer to provide timely written investment direction.

(b) The Securities Intermediary hereby confirms that (i) the Collection Account is, or at inception will be established as, a "securities account" as such term is defined in Section 8-501(a) of the UCC, (ii) it is a "securities intermediary" (as such term is defined in Section 8-102(a)(14) of the UCC) and is acting in such capacity with respect to such accounts, (iii) the Indenture Trustee for the benefit of the Secured Parties is the sole "entitlement holder" (as such term is defined in Section 8-102(a)(7) of the UCC) with respect to such accounts and (iv) no other Person shall have the right to give "entitlement orders" (as such term is defined in Section 8-102(a)(8)) with respect to such accounts. The Securities Intermediary hereby further

agrees that each item of property (whether investment property, financial asset, security, instrument or cash) received by it will be credited to the Collection Account and shall be treated by it as a "financial asset" within the meaning of Section 8-102(a)(9) of the UCC. Notwithstanding anything to the contrary, the State of New York shall be deemed to be the jurisdiction of the Securities Intermediary for purposes of Section 8-110 of the UCC, and the Collection Account (as well as the securities entitlements related thereto) shall be governed by the laws of the State of New York.

(c) The Indenture Trustee shall have sole dominion and exclusive control over all moneys in the Collection Account through the Securities Intermediary and shall apply such amounts therein as provided in this Section 8.02.

(d) Securitization Charge Collections shall be deposited in the General Subaccount as provided in Section 6.11 of the Servicing Agreement. All deposits to and withdrawals from the Collection Account, all allocations to the subaccounts of the Collection Account and any amounts to be paid to the Servicer under Section 8.02(c) shall be made by the Indenture Trustee in accordance with the written instructions provided by the Servicer in the Monthly Servicer's Certificate or the Semi-Annual Servicer's Certificate.

(e) On each Payment Date, the Indenture Trustee shall apply all amounts on deposit in the Collection Account, including all Investment Earnings thereon, in accordance with the Semi-Annual Servicer's Certificate, in the following priority:

(i) payment of the Indenture Trustee's fees, expenses and outstanding indemnity amounts shall be paid to the Indenture Trustee (subject to Section 6.07) in an amount not to exceed the amount set forth in the Series Supplement;

(ii) payment of the Servicing Fee with respect to such Payment Date, plus any unpaid Servicing Fees for prior Payment Dates shall be paid to the Servicer;

(iii) payment of the Administration Fee for such Payment Date shall be paid to the Administrator and the Independent Manager Fee for such Payment Date shall be paid to the Independent Managers, and in each case with any unpaid Administration Fees or Independent Manager Fees from prior Payment Dates;

(iv) payment of all other ordinary periodic Operating Expenses for such Payment Date not described above shall be paid to the parties to which such Operating Expenses are owed;

(v) payment of Periodic Interest for such Payment Date, including any overdue Periodic Interest (together with, to the extent lawful, interest on such overdue Periodic Interest at the applicable Bond Interest Rate), with respect to the Securitization Bonds shall be paid to the Holders of Securitization Bonds;

(vi) payment of the principal required to be paid on the Securitization Bonds on the Final Maturity Date or as a result of an acceleration upon an Event of Default shall be paid to the Holders of Securitization Bonds;

(vii) payment of Periodic Principal for such Payment Date, including any previously unpaid Periodic Principal, with respect to the Securitization Bonds shall be paid to the Holders of Securitization Bonds, pro rata if there is a deficiency;

(viii) payment of any other unpaid Operating Expenses (including any such amounts owed to the Indenture Trustee but unpaid due to the limitation in Section 8.02(e)(i)) and any remaining amounts owed pursuant to the Basic Documents shall be paid to the parties to which such Operating Expenses or remaining amounts are owed;

(ix) replenishment of the amount, if any, by which the Required Capital Level exceeds the amount in the Capital Subaccount as of such Payment Date shall be allocated to the Capital Subaccount;

(x) as long as no Event of Default has occurred or is continuing, the Capital Subaccount Investment Earnings shall be paid to Consumers Energy;

(xi) the balance, if any, shall be allocated to the Excess Funds Subaccount; and

(xii) after the Securitization Bonds have been paid in full and discharged, and all of the other foregoing amounts are paid in full, together with all amounts due and payable to the Indenture Trustee under Section 6.07 or otherwise, the balance (including all amounts then held in the Capital Subaccount and the Excess Funds Subaccount), if any, shall be paid to the Issuer, free from the Lien of this Indenture and the Series Supplement.

All payments to the Holders of the Securitization Bonds pursuant to Section 8.02(e)(v), Section 8.02(e)(vi) and Section 8.02(e)(vii) shall be made to such Holders pro rata based on the respective amounts of interest and/or principal owed, unless, in the case of Securitization Bonds comprised of two or more Tranches, the Series Supplement provides otherwise. Payments in respect of principal of and premium, if any, and interest on any Tranche of Securitization Bonds will be made on a pro rata basis among all the Holders of such Tranche. In the case of an Event of Default, then, in accordance with Section 5.04(c), in respect of any application of moneys pursuant to Section 8.02(e)(v) or Section 8.02(e)(vi), moneys will be applied pursuant to Section 8.02(e)(v) and Section 8.02(e)(vi), as the case may be, in such order, on a pro rata basis, based upon the interest or the principal owed.

(f) If on any Payment Date, or, for any amounts payable under Section 8.02(e)(i), Section 8.02(e)(ii), Section 8.02(e)(iii) and Section 8.02(e)(iv), on any Business Day, funds on deposit in the General Subaccount are insufficient to make the payments contemplated by Section 8.02(e)(i), Section 8.02(e)(ii), Section 8.02(e)(iii), Section 8.02(e)(iv), Section 8.02(e)(v), Section 8.02(e)(vi), Section 8.02(e)(vii) and Section 8.02(e)(viii), the Indenture Trustee shall (i) first, draw from amounts on deposit in the Excess Funds Subaccount, and (ii) second, draw from amounts on deposit in the Capital Subaccount, in each case, up to the amount of such shortfall in order to make the payments contemplated by Section 8.02(e)(i), Section 8.02(e)(ii), Section 8.02(e)(iii), Section 8.02(e)(iv), Section 8.02(e)(v), Section 8.02(e)(vi), Section 8.02(e)(vii) and Section 8.02(e)(viii). In addition, if on any Payment Date funds on deposit in the General Subaccount are insufficient to make the allocations contemplated by Section 8.02(e)(ix), the Indenture Trustee shall draw any amounts on deposit in the Excess Funds Subaccount to make such allocations to the Capital Subaccount.

(g) On any Business Day upon which the Indenture Trustee receives a written request from the Administrator stating that any Operating Expense payable by the Issuer (but only as described in [Section 8.02\(e\)\(i\)](#), [Section 8.02\(e\)\(ii\)](#), [Section 8.02\(e\)\(iii\)](#) and [Section 8.02\(e\)\(iv\)](#)) will become due and payable prior to the next Payment Date, and setting forth the amount and nature of such Operating Expense, as well as any supporting documentation that the Indenture Trustee may reasonably request, the Indenture Trustee, upon receipt of such information, will make payment of such Operating Expenses on or before the date such payment is due from amounts on deposit in the General Subaccount, the Excess Funds Subaccount and the Capital Subaccount, in that order and only to the extent required to make such payment.

SECTION 8.03. General Provisions Regarding the Collection Account.

(a) So long as no Default or Event of Default shall have occurred and be continuing, all or a portion of the funds in the Collection Account shall be invested in Eligible Investments and reinvested by the Indenture Trustee upon Issuer Order; provided, however, that such Eligible Investments shall not mature or be redeemed later than the Business Day prior to the next Payment Date or Special Payment Date, if applicable, for the Securitization Bonds. All income or other gain from investments of moneys deposited in the Collection Account shall be deposited by the Indenture Trustee in the Collection Account, and any loss resulting from such investments shall be charged to the Collection Account. The Issuer will not direct the Indenture Trustee to make any investment of any funds or to sell any investment held in the Collection Account unless the security interest Granted and perfected in such account will continue to be perfected in such investment or the proceeds of such sale, in either case without any further action by any Person, and, in connection with any direction to the Indenture Trustee to make any such investment or sale, if requested by the Indenture Trustee, the Issuer shall deliver to the Indenture Trustee an Opinion of Counsel of external counsel of the Issuer (at the Issuer's cost and expense) to such effect. In no event shall the Indenture Trustee be liable for the selection of Eligible Investments or for investment losses incurred thereon. The Indenture Trustee shall have no liability in respect of losses incurred as a result of the liquidation of any Eligible Investment prior to its stated maturity or its date of redemption or the failure of the Issuer or the Servicer to provide timely written investment direction. The Indenture Trustee shall have no obligation to invest or reinvest any amounts held hereunder in the absence of written investment direction pursuant to an Issuer Order.

(b) Subject to [Section 6.01\(c\)](#), the Indenture Trustee shall not in any way be held liable by reason of any insufficiency in the Collection Account resulting from any loss on any Eligible Investment included therein except for losses attributable to the Indenture Trustee's failure to make payments on such Eligible Investments issued by the Indenture Trustee, in its commercial capacity as principal obligor and not as trustee, in accordance with their terms.

(c) If (i) the Issuer shall have failed to give written investment directions for any funds on deposit in the Collection Account to the Indenture Trustee by 11:00 a.m. New York City time (or such other time as may be agreed by the Issuer and Indenture Trustee) on any Business Day or (ii) a Default or Event of Default shall have occurred and be continuing with respect to the Securitization Bonds but the Securitization Bonds shall not have been declared due and payable pursuant to [Section 5.02](#), then the Indenture Trustee shall, to the fullest extent

practicable, invest and reinvest funds in such Collection Account in Eligible Investments specified in the most recent written investment directions delivered by the Issuer to the Indenture Trustee; provided, that if the Issuer has never delivered written investment directions to the Indenture Trustee, the Indenture Trustee shall not invest or reinvest such funds in any investments.

(d) The parties hereto acknowledge that the Servicer may, pursuant to the Servicing Agreement, select Eligible Investments on behalf of the Issuer.

(e) Except as otherwise provided hereunder or agreed in writing among the parties hereto, the Issuer shall retain the authority to institute, participate and join in any plan of reorganization, readjustment, merger or consolidation with respect to the issuer of any Eligible Investments held hereunder, and, in general, to exercise each and every other power or right with respect to each such asset or investment as Persons generally have and enjoy with respect to their own assets and investment, including power to vote upon any Eligible Investments.

SECTION 8.04. Release of Securitization Bond Collateral.

(a) So long as the Issuer is not in default hereunder and no Default hereunder would occur as a result of such action, the Issuer, through the Servicer, may collect, sell or otherwise dispose of written-off receivables, at any time and from time to time in the ordinary course of business, without any notice to, or release or consent by, the Indenture Trustee, but only as and to the extent permitted by the Basic Documents; provided, however, that any and all proceeds of such dispositions shall become Securitization Bond Collateral and be deposited to the General Subaccount immediately upon receipt thereof by the Issuer or any other Person, including the Servicer. Without limiting the foregoing, the Servicer, may, at any time and from time to time without any notice to, or release or consent by, the Indenture Trustee, sell or otherwise dispose of any Securitization Bond Collateral previously written-off as a defaulted or uncollectible account in accordance with the terms of the Servicing Agreement and the requirements of the proviso in the preceding sentence.

(b) The Indenture Trustee may, and when required by the provisions of this Indenture shall, execute instruments to release property from the Lien of this Indenture, or convey the Indenture Trustee's interest in the same, in a manner and under circumstances that are not inconsistent with the provisions of this Indenture. No party relying upon an instrument executed by the Indenture Trustee as provided in this Article VIII shall be bound to ascertain the Indenture Trustee's authority, inquire into the satisfaction of any conditions precedent or see to the application of any moneys. The Indenture Trustee shall release property from the Lien of this Indenture pursuant to this Section 8.04(b) only upon receipt of an Issuer Request accompanied by an Officer's Certificate, an Opinion of Counsel of external counsel of the Issuer (at the Issuer's cost and expense) and (if required by the Trust Indenture Act) Independent Certificates in accordance with Section 314(c) of the Trust Indenture Act and Section 314(d)(1) of the Trust Indenture Act meeting the applicable requirements of Section 10.01.

(c) The Indenture Trustee shall, at such time as there are no Securitization Bonds Outstanding and all sums payable to the Indenture Trustee pursuant to Section 6.07 or otherwise have been paid, release any remaining portion of the Securitization Bond Collateral

that secured the Securitization Bonds from the Lien of this Indenture and release to the Issuer or any other Person entitled thereto any funds or investments then on deposit in or credited to the Collection Account.

SECTION 8.05. Opinion of Counsel. The Indenture Trustee shall receive at least seven days' notice when requested by the Issuer to take any action pursuant to Section 8.04, accompanied by copies of any instruments involved, and the Indenture Trustee shall also require, as a condition to such action, an Opinion of Counsel of external counsel of the Issuer, in form and substance satisfactory to the Indenture Trustee, stating the legal effect of any such action, outlining the steps required to complete the same, and concluding that all conditions precedent to the taking of such action have been complied with and such action will not materially and adversely impair the security for the Securitization Bonds or the rights of the Holders in contravention of the provisions of this Indenture and the Series Supplement; provided, however, that such Opinion of Counsel shall not be required to express an opinion as to the fair value of the Securitization Bond Collateral. Counsel rendering any such opinion may rely, without independent investigation, on the accuracy and validity of any certificate or other instrument delivered to the Indenture Trustee in connection with any such action.

SECTION 8.06. Reports by Independent Registered Public Accountants. As of the Closing Date, the Issuer shall appoint a firm of Independent registered public accountants of recognized national reputation for purposes of preparing and delivering the reports or certificates of such accountants required by this Indenture and the Series Supplement. In the event such firm requires the Indenture Trustee to agree to the procedures performed by such firm, the Issuer shall direct the Indenture Trustee in writing to so agree, it being understood and agreed that the Indenture Trustee will deliver such letter of agreement in conclusive reliance upon the direction of the Issuer, and the Indenture Trustee makes no independent inquiry or investigation to, and shall have no obligation or liability in respect of, the sufficiency, validity or correctness of such procedures. Upon any resignation by, or termination by the Issuer of, such firm, the Issuer shall provide written notice thereof to the Indenture Trustee and shall promptly appoint a successor thereto that shall also be a firm of Independent registered public accountants of recognized national reputation. If the Issuer shall fail to appoint a successor to a firm of Independent registered public accountants that has resigned or been terminated within 15 days after such resignation or termination, the Indenture Trustee shall promptly notify the Issuer of such failure in writing. If the Issuer shall not have appointed a successor within ten days thereafter, the Indenture Trustee shall promptly appoint a successor firm of Independent registered public accountants of recognized national reputation; provided, that the Indenture Trustee shall have no liability with respect to such appointment. The fees of such Independent registered public accountants and its successor shall be payable by the Issuer.

ARTICLE IX

(a) Without the consent of the Holders of any Securitization Bonds but with prior notice to the Rating Agencies, the Issuer and the Indenture Trustee, when authorized by an

Issuer Order, at any time and from time to time, may enter into one or more indentures supplemental hereto (which shall conform to the provisions of the Trust Indenture Act as in force at the date of the execution thereof), in form satisfactory to the Indenture Trustee, for any of the following purposes:

- (i) to correct or amplify the description of any property, including the Securitization Bond Collateral, at any time subject to the Lien of this Indenture, or better to assure, convey and confirm unto the Indenture Trustee any property subject or required to be subjected to the Lien of this Indenture and the Series Supplement, or to subject to the Lien of this Indenture and the Series Supplement additional property;
- (ii) to evidence the succession, in compliance with the applicable provisions hereof, of another Person to the Issuer, and the assumption by any such successor of the covenants of the Issuer herein and in the Securitization Bonds;

- (iv) to convey, transfer, assign, mortgage or pledge any property to or with the Indenture Trustee;
- (v) to cure any ambiguity, to correct or supplement any provision herein or in any supplemental indenture, including the Series Supplement, that may be inconsistent with any other provision herein or in any supplemental indenture, including the Series Supplement, or to make any other provisions with respect to matters or questions arising under this Indenture or in any supplemental indenture; provided, that (A) such action shall not, as evidenced by an Opinion of Counsel of external counsel of the Issuer, adversely affect in any material respect the interests of the Holders of the Securitization Bonds and (B) the Rating Agency Condition shall have been satisfied with respect thereto;
- (vi) to evidence and provide for the acceptance of the appointment hereunder by a successor trustee with respect to the Securitization Bonds and to add to or change any of the provisions of this Indenture as shall be necessary to facilitate the administration of the trusts hereunder by more than one trustee, pursuant to the requirements of Article VI;
- (vii) to modify, eliminate or add to the provisions of this Indenture to such extent as shall be necessary to effect the qualification of this Indenture under the Trust Indenture Act and to add to this Indenture such other provisions as may be expressly required by the Trust Indenture Act;
- (viii) to evidence the final terms of the Securitization Bonds in the Series Supplement;
- (ix) to qualify the Securitization Bonds for registration with a Clearing Agency; or

(b) The Issuer and the Indenture Trustee, when authorized by an Issuer Order, may, also without the consent of any of the Holders of the Securitization Bonds, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or of modifying in any manner the rights of the Holders of the Securitization Bonds under this Indenture; provided, however, that (i) such action shall not, as evidenced by an Opinion of Counsel of nationally recognized counsel of the Issuer experienced in structured finance transactions, adversely affect in any material respect the interests of the Holders and (ii) the Rating Agency Condition shall have been satisfied with respect thereto.

SECTION 9.02. Supplemental Indentures with Consent of Holders. The Issuer and the Indenture Trustee, when authorized by an Issuer Order, also may, with prior notice to the Rating Agencies and with the consent of the Holders of a majority of the Outstanding Amount of the Securitization Bonds of each Tranche to be affected, by Act of such Holders delivered to the Issuer and the Indenture Trustee, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or of modifying in any manner the rights of the Holders of the Securitization Bonds under this Indenture; provided, however, that no such supplemental indenture shall, without the consent of the Holder of each Outstanding Securitization Bond of each Tranche affected thereby:

- (i) change the date of payment of any installment of principal of or premium, if any, or interest on any Securitization Bond of such Tranche, or reduce the principal amount thereof, the interest rate thereon or premium, if any, with respect thereto;
- (ii) change the provisions of this Indenture and the Series Supplement relating to the application of collections on, or the proceeds of the sale of, the Securitization Bond Collateral to payment of principal of or premium, if any, or interest on the Securitization Bonds, or change any place of payment where, or the coin or currency in which, any Securitization Bond or the interest thereon is payable;
- (iii) reduce the percentage of the Outstanding Amount of the Securitization Bonds or of a Tranche thereof, the consent of the Holders of which is required for any such supplemental indenture, or the consent of the Holders of which is required for any waiver of compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences provided for in this Indenture;
- (iv) reduce the percentage of the Outstanding Amount of the Securitization Bonds or Tranche thereof required to direct the Indenture Trustee to direct the Issuer to sell or liquidate the Securitization Bond Collateral pursuant to Section 5.04;

(v) modify any provision of this Section 9.02 or any provision of the other Basic Documents similarly specifying the rights of the Holders to consent to modification thereof, except to increase any percentage specified herein or to provide that those provisions of this Indenture or the other Basic Documents referenced in this Section 9.02 cannot be modified or waived without the consent of the Holder of each Outstanding Securitization Bond affected thereby;

(vi) modify any of the provisions of this Indenture in such manner as to affect the calculation of the amount of any payment of interest, principal or premium, if any, due on any Securitization Bond on any Payment Date (including the calculation of any of the individual components of such calculation) or change the Expected Amortization Schedule or Final Maturity Date of any Tranche of Securitization Bonds;

(vii) decrease the Required Capital Level;

(viii) permit the creation of any Lien ranking prior to or on a parity with the Lien of this Indenture with respect to any part of the Securitization Bond Collateral or, except as otherwise permitted or contemplated herein, terminate the Lien of this Indenture on any property at any time subject hereto or deprive the Holder of any Securitization Bond of the security provided by the Lien of this Indenture;

(ix) cause any material adverse U.S. federal income tax consequence to the Seller, the Issuer, the Managers, the Indenture Trustee or the then-existing Holders; or

(x) impair the right to institute suit for the enforcement of the provisions of this Indenture regarding payment or application of funds.

It shall not be necessary for any Act of Holders under this Section 9.02 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

Promptly after the execution by the Issuer and the Indenture Trustee of any supplemental indenture pursuant to this Section 9.02, the Issuer shall mail to the Rating Agencies a copy of such supplemental indenture and to the Holders of the Securitization Bonds to which such supplemental indenture relates either a copy of such supplemental indenture or a notice setting forth in general terms the substance of such supplemental indenture. Any failure of the Issuer to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

SECTION 9.03. Execution of Supplemental Indentures. In executing any supplemental indenture permitted by this Article IX or the modifications thereby of the trust created by this Indenture, the Indenture Trustee shall be fully protected in relying upon an Opinion of Counsel stating that the execution of such supplemental indenture is authorized and permitted by this Indenture and all conditions precedent, if any, provided for in this Indenture relating to such supplemental indenture or modification have been satisfied. The Indenture Trustee may, but shall not be obligated to, enter into any such supplemental indenture that affects the Indenture Trustee's own rights, duties, liabilities or immunities under this Indenture or

otherwise. All fees and expenses in connection with any such supplemental indenture shall be paid by the requesting party.

SECTION 9.04. Effect of Supplemental Indenture. Upon the execution of any supplemental indenture pursuant to the provisions hereof, this Indenture shall be and be deemed to be modified and amended in accordance therewith with respect to each Tranche of Securitization Bonds affected thereby, and the respective rights, limitations of rights, obligations, duties, liabilities and immunities under this Indenture of the Indenture Trustee, the Issuer and the Holders shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such supplemental indenture shall be and be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

SECTION 9.05. Conformity with Trust Indenture Act. Every amendment of this Indenture and every supplemental indenture executed pursuant to this Article IX shall conform to the requirements of the Trust Indenture Act as then in effect so long as this Indenture shall then be qualified under the Trust Indenture Act.

SECTION 9.06. Reference in Securitization Bonds to Supplemental Indentures. Securitization Bonds authenticated and delivered after the execution of any supplemental indenture pursuant to this Article IX may, and if required by the Indenture Trustee shall, bear a notation in form approved by the Indenture Trustee as to any matter provided for in such supplemental indenture. If the Issuer or the Indenture Trustee shall so determine, new Securitization Bonds so modified as to conform, in the opinion of the Indenture Trustee and the Issuer, to any such supplemental indenture may be prepared and executed by the Issuer and authenticated and delivered by the Indenture Trustee in exchange for Outstanding Securitization Bonds.

ARTICLE X

MISCELLANEOUS

SECTION 10.01. Compliance Certificates and Opinions, etc.

(a) Upon any application or request by the Issuer to the Indenture Trustee to take any action under any provision of this Indenture, the Issuer shall furnish to the Indenture Trustee (i) an Officer's Certificate stating that all conditions precedent, if any, provided for in this Indenture relating to the proposed action have been complied with, (ii) an Opinion of Counsel stating that in the opinion of such counsel the amendment is authorized and permitted and all such conditions precedent, if any, have been complied with and (iii) (if required by the Trust Indenture Act) an Independent Certificate from a firm of registered public accountants meeting the applicable requirements of this Section 10.01, except that, in the case of any such application or request as to which the furnishing of such documents is specifically required by any provision of this Indenture, no additional certificate or opinion need be furnished.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include:

- (i) a statement that each signatory of such certificate or opinion has read or has caused to be read such covenant or condition and the definitions herein relating thereto;
 - (ii) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;
 - (iii) a statement that, in the opinion of each such signatory, such signatory has made such examination or investigation as is necessary to enable such signatory to express an informed opinion as to whether or not such covenant or condition has been complied with; and
 - (iv) a statement as to whether, in the opinion of each such signatory, such condition or covenant has been complied with.
- (b) Prior to the deposit of any Securitization Bond Collateral or other property or securities with the Indenture Trustee that is to be made the basis for the release of any property or securities subject to the Lien of this Indenture, the Issuer shall, in addition to any obligation imposed in Section 10.01(a) or elsewhere in this Indenture, furnish to the Indenture Trustee an Officer's Certificate certifying or stating the opinion of each person signing such certificate as to the fair value (within 90 days of such deposit) to the Issuer of the Securitization Bond Collateral or other property or securities to be so deposited.
- (c) Whenever the Issuer is required to furnish to the Indenture Trustee an Officer's Certificate certifying or stating the opinion of any signer thereof as to the matters described in Section 10.01(b), the Issuer shall also deliver to the Indenture Trustee an Independent Certificate as to the same matters, if the fair value to the Issuer of the securities to be so deposited and of all other such securities made the basis of any such withdrawal or release since the commencement of the then-current fiscal year of the Issuer, as set forth in the certificates delivered pursuant to Section 10.01(b) and this Section 10.01(c), is ten percent or more of the Outstanding Amount of the Securitization Bonds, but such a certificate need not be furnished with respect to any securities so deposited, if the fair value thereof to the Issuer as set forth in the related Officer's Certificate is less than the lesser of (A) \$25,000 or (B) one percent of the Outstanding Amount of the Securitization Bonds.
- (d) Whenever any property or securities are to be released from the Lien of this Indenture other than pursuant to Section 8.02(e), the Issuer shall also furnish to the Indenture Trustee an Officer's Certificate certifying or stating the opinion of each person signing such certificate as to the fair value (within 90 days of such release) of the property or securities proposed to be released and stating that in the opinion of such person the proposed release will not impair the security under this Indenture in contravention of the provisions hereof.
- (e) Whenever the Issuer is required to furnish to the Indenture Trustee an Officer's Certificate certifying or stating the opinion of any signatory thereof as to the matters described in Section 10.01(d), the Issuer shall also furnish to the Indenture Trustee an Independent Certificate as to the same matters if the fair value of the property or securities with

respect thereto, or securities released from the Lien of this Indenture (other than pursuant to [Section 8.02\(e\)](#)) since the commencement of the then-current calendar year, as set forth in the certificates required by [Section 10.01\(d\)](#) and this [Section 10.01\(e\)](#), equals 10 percent or more of the Outstanding Amount of the Securitization Bonds, but such certificate need not be furnished in the case of any release of property or securities if the fair value thereof as set forth in the related Officer's Certificate is less than the lesser of (A) \$25,000 or (B) one percent of the then Outstanding Amount of the Securitization Bonds.

(f) Notwithstanding any other provision of this [Section 10.01](#), the Indenture Trustee may (A) collect, liquidate, sell or otherwise dispose of the Securitization Property and the other Securitization Bond Collateral as and to the extent permitted or required by the Basic Documents and (B) make cash payments out of the Collection Account as and to the extent permitted or required by the Basic Documents.

SECTION 10.02. [Form of Documents Delivered to Indenture Trustee](#). In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of a Responsible Officer of the Issuer may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his or her certificate or opinion is based are erroneous. Any such certificate of a Responsible Officer or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the Servicer or the Issuer stating that the information with respect to such factual matters is in the possession of the Servicer or the Issuer, unless such counsel knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to such matters are erroneous.

Whenever in this Indenture, in connection with any application or certificate or report to the Indenture Trustee, it is provided that the Issuer shall deliver any document as a condition of the granting of such application, or as evidence of the Issuer's compliance with any term hereof, it is intended that the truth and accuracy, at the time of the granting of such application or at the effective date of such certificate or report (as the case may be), of the facts and opinions stated in such document shall in such case be conditions precedent to the right of the Issuer to have such application granted or to the sufficiency of such certificate or report. The foregoing shall not, however, be construed to affect the Indenture Trustee's right to rely conclusively upon the truth and accuracy of any statement or opinion contained in any such document as provided in [Article VI](#).

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

SECTION 10.03. Acts of Holders.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by agents duly appointed in writing, and except as herein otherwise expressly provided such action shall become effective when such instrument or instruments are delivered to the Indenture Trustee and, where it is hereby expressly required, to the Issuer. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the “Act” of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and (subject to Section 6.01) conclusive in favor of the Indenture Trustee and the Issuer, if made in the manner provided in this Section 10.03.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved in any manner that the Indenture Trustee deems sufficient.

(c) The ownership of Securitization Bonds shall be proved by the Securitization Bond Register.

(d) Any request, demand, authorization, direction, notice, consent, waiver or other action by the Holder of any Securitization Bonds shall bind the Holder of every Securitization Bond issued upon the registration thereof or in exchange therefor or in lieu thereof, in respect of anything done, omitted or suffered to be done by the Indenture Trustee or the Issuer in reliance thereon, whether or not notation of such action is made upon such Securitization Bond.

SECTION 10.04. Notices, etc., to Indenture Trustee, Issuer and Rating Agencies. Any notice, report or other communication given hereunder shall be in writing and shall be effective (i) upon receipt when sent through the mails, registered or certified mail, return receipt requested, postage prepaid, with such receipt to be effective the date of delivery indicated on the return receipt, (ii) upon receipt when sent by an overnight courier, (iii) on the date personally delivered to an authorized officer of the party to which sent or (iv) on the date transmitted by facsimile or other electronic transmission with a confirmation of receipt in all cases, addressed as follows:

(a) in the case of the Issuer, to Consumers 2014 Securitization Funding LLC at One Energy Plaza, Jackson, Michigan 49201, Attention: Corporate Secretary, Telephone: (517) 788-1030, Facsimile: (517) 788-6911;

(b) in the case of the Indenture Trustee, to the Corporate Trust Office;

(c) in the case of Moody's, to Moody's Investors Service, Inc., ABS/RMBS Monitoring Department, 25th Floor, 7 World Trade Center, 250 Greenwich Street, New York, New York 10007, Email: servicesreports@moody.com (all such notices to be delivered to Moody's in writing by email); and

(d) in the case of S&P, to Standard & Poor's Ratings Services, a Standard & Poor's Financial Services LLC business, Structured Credit Surveillance, 55 Water Street, New York, New York 10041, Telephone: (212) 438-8991, Email: services_reports@standardandpoors.com (all such notices to be delivered to S&P in writing by email).

Each party hereto may, by notice given in accordance herewith to the other party or parties hereto, designate any further or different address to which subsequent notices, reports and other communications shall be sent.

SECTION 10.05. Notices to Holders; Waiver. Where this Indenture provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class, postage prepaid to each Holder affected by such event, at such Holder's address as it appears on the Securitization Bond Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Holders is given by mail, neither the failure to mail such notice nor any defect in any notice so mailed to any particular Holder shall affect the sufficiency of such notice with respect to other Holders, and any notice that is mailed in the manner herein provided shall conclusively be presumed to have been duly given.

Where this Indenture provides for notice in any manner, such notice may be waived in writing by any Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Indenture Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such a waiver.

In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event of Holders when such notice is required to be given pursuant to any provision of this Indenture, then any manner of giving such notice as shall be satisfactory to the Indenture Trustee shall be deemed to be a sufficient giving of such notice.

Where this Indenture provides for notice to the Rating Agencies, failure to give such notice shall not affect any other rights or obligations created hereunder and shall not under any circumstance constitute a Default or Event of Default.

SECTION 10.06. Conflict with Trust Indenture Act. If any provision hereof limits, qualifies or conflicts with another provision hereof that is required to be included in this Indenture by any of the provisions of the Trust Indenture Act, such required provision shall control.

The provisions of Sections 310 through 317 of the Trust Indenture Act that impose duties on any Person (including the provisions automatically deemed included herein unless expressly excluded by this Indenture) are a part of and govern this Indenture, whether or not physically contained herein.

SECTION 10.07. Successors and Assigns. All covenants and agreements in this Indenture and the Securitization Bonds by the Issuer shall bind its successors and assigns,

whether so expressed or not. All agreements of the Indenture Trustee in this Indenture shall bind its successors.

SECTION 10.08. Severability. Any provision in this Indenture or in the Securitization Bonds that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remainder of such provision (if any) or the remaining provisions hereof (unless such construction shall be unreasonable), and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 10.09. Benefits of Indenture. Nothing in this Indenture or in the Securitization Bonds, express or implied, shall give to any Person, other than the parties hereto and their successors hereunder, and the Holders, and any other party secured hereunder, and any other Person with an ownership interest in any part of the Securitization Bond Collateral, any benefit or any legal or equitable right, remedy or claim under this Indenture.

SECTION 10.10. Legal Holidays. In any case where the date on which any payment is due shall not be a Business Day, then (notwithstanding any other provision of the Securitization Bonds or this Indenture) payment need not be made on such date, but may be made on the next Business Day with the same force and effect as if made on the date on which nominally due, and no interest shall accrue for the period from and after any such nominal date.

SECTION 10.11. GOVERNING LAW. **This Indenture shall be governed by and construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions (other than Section 5-1401 of the New York General Obligations Law and Sections 9-301 through 9-306 of the NY UCC), and the obligations, rights and remedies of the parties hereunder shall be determined in accordance with such laws; provided, that the creation, attachment and perfection of any Liens created hereunder in Securitization Property, and all rights and remedies of the Indenture Trustee and the Holders with respect to the Securitization Property, shall be governed by the laws of the State of Michigan.**

SECTION 10.12. Counterparts. This Indenture may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

SECTION 10.13. Recording of Indenture. If this Indenture is subject to recording in any appropriate public recording offices, such recording is to be effected by the Issuer and at its expense accompanied by an Opinion of Counsel at the Issuer's cost and expense (which may be counsel to the Indenture Trustee or any other counsel reasonably acceptable to the Indenture Trustee or, if requested by the Indenture Trustee, external counsel of the Issuer) to the effect that such recording is necessary either for the protection of the Holders or any other Person secured hereunder or for the enforcement of any right or remedy granted to the Indenture Trustee under this Indenture.

SECTION 10.14. No Recourse to Issuer. No recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer or the Indenture Trustee on the

Securitization Bonds or under this Indenture or any certificate or other writing delivered in connection herewith or therewith, against (a) any owner of a membership interest in the Issuer (including Consumers Energy) or (b) any shareholder, partner, owner, beneficiary, agent, officer or employee of the Indenture Trustee, the Managers or any owner of a membership interest in the Issuer (including Consumers Energy) in its respective individual capacity, or of any successor or assign of any of them in their respective individual or corporate capacities, except as any such Person may have expressly agreed in writing. Notwithstanding any provision of this Indenture or the Series Supplement to the contrary, Holders shall look only to the Securitization Bond Collateral with respect to any amounts due to the Holders hereunder and under the Securitization Bonds and, in the event such Securitization Bond Collateral is insufficient to pay in full the amounts owed on the Securitization Bonds, shall have no recourse against the Issuer in respect of such insufficiency. Each Holder by accepting a Securitization Bond specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Securitization Bonds.

SECTION 10.15. Basic Documents. The Indenture Trustee is hereby authorized to execute and deliver the Servicing Agreement and to execute and deliver any other Basic Document that it is requested to acknowledge, including, upon receipt of an Issuer Request, the Intercreditor Agreement, so long as the Intercreditor Agreement is substantially in the form of the Intercreditor Agreement dated as of the Closing Date and does not materially and adversely affect any Holder's rights in and to any Securitization Bond Collateral or otherwise hereunder. Such request shall be accompanied by an Opinion of Counsel of external counsel of the Issuer, upon which the Indenture Trustee may rely conclusively with no duty of independent investigation or inquiry, to the effect that all conditions precedent for the execution of the Intercreditor Agreement have been satisfied. The Intercreditor Agreement shall be binding on the Holders.

SECTION 10.16. No Petition. The Indenture Trustee, by entering into this Indenture, and each Holder, by accepting a Securitization Bond (or interest therein) issued hereunder, hereby covenant and agree that they shall not, prior to the date that is one year and one day after the termination of this Indenture, acquiesce, petition or otherwise invoke or cause the Issuer or any Manager to invoke the process of any court or government authority for the purpose of commencing or sustaining a case against the Issuer under any bankruptcy or insolvency law or appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Issuer or any substantial part of its property, or ordering the dissolution, winding up or liquidation of the affairs of the Issuer. Nothing in this Section 10.16 shall preclude, or be deemed to estop, such Holder or the Indenture Trustee (a) from taking or omitting to take any action prior to such date in (i) any case or proceeding voluntarily filed or commenced by or on behalf of the Issuer under or pursuant to any such law or (ii) any involuntary case or proceeding pertaining to the Issuer that is filed or commenced by or on behalf of a Person other than such Holder and is not joined in by such Holder (or any Person to which such Holder shall have assigned, transferred or otherwise conveyed any part of the obligations of the Issuer hereunder) under or pursuant to any such law or (b) from commencing or prosecuting any legal action that is not an involuntary case or proceeding under or pursuant to any such law against the Issuer or any of its properties.

SECTION 10.17. Securities Intermediary. The Securities Intermediary, in acting under this Indenture, is entitled to all rights, benefits, protections, immunities and indemnities accorded to The Bank of New York Mellon, a New York banking corporation, in its capacity as Indenture Trustee under this Indenture.

SECTION 10.18. Rule 17g-5 Compliance.

(a) The Indenture Trustee agrees that any notice, report, request for satisfaction of the Rating Agency Condition, document or other information provided by the Indenture Trustee to any Rating Agency under this Indenture or any other Basic Document to which it is a party for the purpose of determining or confirming the credit rating of the Securitization Bonds or undertaking credit rating surveillance of the Securitization Bonds shall be provided, substantially concurrently, to the Servicer for posting on a password-protected website (the "17g-5 Website"). The Servicer shall be responsible for posting all of the information on the 17g-5 Website.

(b) The Indenture Trustee will not be responsible for creating or maintaining the 17g-5 Website, posting any information to the 17g-5 Website or assuring that the 17g-5 Website complies with the requirements of this Indenture, Rule 17g-5 under the Exchange Act or any other law or regulation. In no event shall the Indenture Trustee be deemed to make any representation in respect of the content of the 17g-5 Website or compliance by the 17g-5 Website with this Indenture, Rule 17g-5 under the Exchange Act or any other law or regulation. The Indenture Trustee shall have no obligation to engage in or respond to any oral communications with respect to the transactions contemplated hereby, any transaction documents relating hereto or in any way relating to the Securitization Bonds or for the purposes of determining the initial credit rating of the Securitization Bonds or undertaking credit rating surveillance of the Securitization Bonds with any Rating Agency or any of its respective officers, directors or employees. The Indenture Trustee shall not be responsible or liable for the dissemination of any identification numbers or passwords for the 17g-5 Website, including by the Servicer, the Rating Agencies, a nationally recognized statistical rating organization ("NRSRO"), any of their respective agents or any other party. Additionally, the Indenture Trustee shall not be liable for the use of the information posted on the 17g-5 Website, whether by the Servicer, the Rating Agencies, an NRSRO or any other third party that may gain access to the 17g-5 Website or the information posted thereon.

SECTION 10.19. Submission to Non-Exclusive Jurisdiction; Waiver of Jury Trial. **Each of the Issuer and the Indenture Trustee hereby irrevocably submits to the non-exclusive jurisdiction of any New York State court sitting in The Borough of Manhattan in The City of New York or any U.S. federal court sitting in The Borough of Manhattan in The City of New York in respect of any suit, action or proceeding arising out of or relating to this Indenture and the Securitization Bonds and irrevocably accepts for itself and in respect of its respective property, generally and unconditionally, jurisdiction of the aforesaid courts. Each of the Issuer and the Indenture Trustee irrevocably waives, to the fullest extent that it may effectively do so under applicable law, trial by jury.**

SECTION 10.20. Certain Tax Laws. In order to comply with applicable tax laws, rules and regulations (inclusive of directives, guidelines and interpretations promulgated by

competent authorities) in effect from time to time to which a foreign financial institution, issuer, trustee, paying agent, holder or other institution is or has agreed to be subject related to the Basic Documents, the Issuer agrees (a) to provide to the Indenture Trustee sufficient information about Holders or other applicable parties and/or transactions (including any modification to the terms of such transactions) so as to enable the Indenture Trustee to determine whether it has tax-related obligations under such applicable tax laws, rules and regulations (inclusive of directives, guidelines and interpretations promulgated by competent authorities) and (b) that the Indenture Trustee shall be entitled to make any withholding or deduction from payments under the Basic Documents to the extent necessary to comply with such applicable tax laws, rules and regulations (inclusive of directives, guidelines and interpretations promulgated by competent authorities) for which the Indenture Trustee shall not have any liability.

All terms used in this Securitization Bond that are defined in the Indenture, as amended, restated, supplemented or otherwise modified from time to time, shall have the meanings assigned to such terms in the Indenture.

All Tranches of Bonds are and will be equally and ratably secured by the Securitization Bond Collateral pledged as security therefor as provided in the Indenture.

The principal of this Securitization Bond shall be payable on each Payment Date only to the extent that amounts in the Collection Account are available therefor, and only until the outstanding principal balance thereof on the preceding Payment Date (after giving effect to all payments of principal, if any, made on the preceding Payment Date) has been reduced to the principal balance specified in the Expected Amortization Schedule that is attached to the Series Supplement as Schedule A, unless payable earlier because an Event of Default shall have occurred and be continuing and the Indenture Trustee or the Holders representing a majority of the Outstanding Amount of the Bonds have declared the Bonds to be immediately due and payable in accordance with Section 5.02 of the Indenture (unless such declaration shall have been rescinded and annulled in accordance with Section 5.02 of the Indenture). However, actual principal payments may be made in lesser than expected amounts and at later than expected times as determined pursuant to Section 8.02 of the Indenture. The entire unpaid principal amount of this Securitization Bond shall be due and payable on the Final Maturity Date hereof. Notwithstanding the foregoing, the entire unpaid principal amount of the Bonds shall be due and payable, if not then previously paid, on the date on which an Event of Default shall have occurred and be continuing and the Indenture Trustee or the Holders of the Bonds representing a majority of the Outstanding Amount of the Bonds have declared the Securitization Bonds to be immediately due and payable in the manner provided in Section 5.02 of the Indenture (unless such declaration shall have been rescinded and annulled in accordance with Section 5.02 of the Indenture). All principal payments on the Securitization Bonds shall be made pro rata to the Holders of the Securitization Bonds entitled thereto based on the respective principal amounts of the Securitization Bonds held by them.

Payments of interest on this Securitization Bond due and payable on each Payment Date, together with the installment of principal or premium, if any, shall be made by

check mailed first-class, postage prepaid, to the Person whose name appears as the Registered Holder of this Securitization Bond (or one or more Predecessor Securitization Bonds) on the Securitization Bond Register as of the close of business on the Record Date or in such other manner as may be provided in the Indenture or the Series Supplement, except that (a) upon application to the Indenture Trustee by any Holder owning a Global Securitization Bond evidencing this Securitization Bond in the principal amount of \$10,000,000 or more not later than the applicable Record Date, payment will be made by wire transfer to an account maintained by such Holder, and (b) if this Securitization Bond is held in Book-Entry Form, payments will be made by wire transfer in immediately available funds to the account designated by the Holder of the applicable Global Securitization Bond evidencing this Securitization Bond unless and until such Global Securitization Bond is exchanged for Definitive Securitization Bonds (in which event payments shall be made as provided above) and except for the final installment of principal and premium, if any, payable with respect to this Securitization Bond on a Payment Date, which shall be payable as provided below. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Securitization Bond Register as of the applicable Record Date without requiring that this Securitization Bond be submitted for notation of payment. Any reduction in the principal amount of this Securitization Bond (or any one or more Predecessor Securitization Bonds) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Securitization Bond and of any Securitization Bond issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then-remaining unpaid principal amount of this Securitization Bond on a Payment Date, then the Indenture Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Registered Holder hereof as of the Record Date preceding such Payment Date by notice mailed no later than five days prior to such final Payment Date and shall specify that such final installment will be payable only upon presentation and surrender of this Securitization Bond and shall specify the place where this Securitization Bond may be presented and surrendered for payment of such installment.

The Issuer shall pay interest on overdue installments of interest at the Bond Interest Rate to the extent lawful.

This Securitization Bond is a "securitization bond" as such term is defined in the Securitization Law. Principal and interest due and payable on this Securitization Bond are payable from and secured primarily by Securitization Property created and established by the Financing Order obtained from the Michigan Public Service Commission pursuant to the Securitization Law. Securitization Property consists of the rights and interests of the Seller in the Financing Order, including the right to impose, collect and receive Securitization Charges, the right to obtain True-Up Adjustments and all revenue, collections, payments, moneys and proceeds arising out of the rights and interests created under the Financing Order.

Under the laws of the State of Michigan in effect on the Closing Date, pursuant to Section 10n(2) of the Securitization Law, the State of Michigan has pledged for the benefit and protection of the Holders, the Indenture Trustee, other Persons acting for the benefit of the Holders and Consumers Energy that the State of Michigan will not take or permit any action that impairs the value of Securitization Property, reduce or alter, except as allowed under Section 10k(3) of the Securitization Law, or impair Securitization Charges to be imposed, collected and

remitted to the Holders, the Indenture Trustee and other Persons acting for the benefit of the Holders, until any principal, interest and premium in respect of Securitization Bonds, and any other charges incurred and contracts to be performed, in connection with Securitization Bonds have been paid or performed in full.

The Issuer and Consumers Energy hereby acknowledge that the purchase of this Securitization Bond by the Holder hereof or the purchase of any beneficial interest herein by any Person are made in reliance on the foregoing pledge.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Securitization Bond may be registered on the Securitization Bond Register upon surrender of this Securitization Bond for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, duly endorsed by, or accompanied by, (a) a written instrument of transfer in form satisfactory to the Indenture Trustee duly executed by the Holder hereof or such Holder's attorney duly authorized in writing, with such signature guaranteed by: (i) The Securities Transfer Agent Medallion Program (STAMP); (ii) The New York Stock Exchange Medallion Program (MSP); (iii) The Stock Exchange Medallion Program (SEMP); or (iv) such other signature guaranty program acceptable to the Indenture Trustee, and (b) such other documents as the Indenture Trustee may require, and thereupon one or more new Securitization Bonds of Authorized Denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Securitization Bond, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange, other than exchanges pursuant to Section 2.04 or Section 2.06 of the Indenture not involving any transfer.

Each Holder, by acceptance of a Securitization Bond, covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer or the Indenture Trustee on the Securitization Bonds or under the Indenture or any certificate or other writing delivered in connection therewith, against (a) any owner of a membership interest in the Issuer (including Consumers Energy) or (b) any shareholder, partner, owner, beneficiary, agent, officer or employee of the Indenture Trustee, the Managers or any owner of a membership interest in the Issuer (including Consumers Energy) in its respective individual or corporate capacities, or of any successor or assign of any of them in their individual or corporate capacities, except as any such Person may have expressly agreed in writing. Each Holder by accepting a Securitization Bond specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Securitization Bonds.

Prior to the due presentment for registration of transfer of this Securitization Bond, the Issuer, the Indenture Trustee and any agent of the Issuer or the Indenture Trustee may treat the Person in whose name this Securitization Bond is registered (as of the day of determination) as the owner hereof for the purpose of receiving payments of principal of and premium, if any, and interest on this Securitization Bond and for all other purposes whatsoever, whether or not this Securitization Bond be overdue, and none of the Issuer, the Indenture Trustee or any such agent shall be affected by notice to the contrary.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Securitization Bonds under the Indenture at any time by the Issuer with the consent of the Holders representing a majority of the Outstanding Amount of all Securitization Bonds at the time outstanding of each Tranche to be affected. The Indenture also contains provisions permitting the Holders representing specified percentages of the Outstanding Amount of the Securitization Bonds, on behalf of the Holders of all the Securitization Bonds, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Securitization Bond (or any one of more Predecessor Securitization Bonds) shall be conclusive and binding upon such Holder and upon all future Holders of this Securitization Bond and of any Securitization Bond issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Securitization Bond. The Indenture also permits the Indenture Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Securitization Bonds issued thereunder.

The Indenture contains provisions for defeasance at any time of (a) the entire indebtedness of the Issuer on this Securitization Bond and (b) certain restrictive covenants and the related Events of Default, upon compliance by the Issuer with certain conditions set forth in the Indenture, which provisions apply to this Securitization Bond.

The term "Issuer" as used in this Securitization Bond includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Indenture Trustee and the Holders under the Indenture.

The Securitization Bonds are issuable only in registered form in denominations as provided in the Indenture and the Series Supplement subject to certain limitations therein set forth.

This Securitization Bond, the Indenture and the Series Supplement shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions (other than Section 5-1401 of the New York General Obligations Law and Sections 9-301 through 9-306 of the NY UCC), and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws; provided, that the creation, attachment and perfection of any Liens created under the Indenture in Securitization Property, and all rights and remedies of the Indenture Trustee and the Holders with respect to the Securitization Property, shall be governed by the laws of the State of Michigan.

No reference herein to the Indenture and no provision of this Securitization Bond or of the Indenture shall alter or impair the obligation, which is absolute and unconditional, to pay the principal of and interest on this Securitization Bond at the times, place and rate and in the coin or currency herein prescribed.

The Issuer and the Indenture Trustee, by entering into the Indenture, and the Holders and any Persons holding a beneficial interest in any Securitization Bond, by acquiring any Securitization Bond or interest therein, (a) express their intention that, solely for the purpose of U.S. federal taxes and, to the extent consistent with applicable state, local and other tax law, solely for the purpose of state, local and other taxes, the Securitization Bonds qualify under applicable tax law as indebtedness of the sole owner of the Issuer secured by the Securitization Bond Collateral and (b) solely for purposes of U.S. federal taxes and, to the extent consistent with applicable state, local and other tax law, solely for purposes of state, local and other taxes, so long as any of the Securitization Bonds are outstanding, agree to treat the Securitization Bonds as indebtedness of the sole owner of the Issuer secured by the Securitization Bond Collateral unless otherwise required by appropriate taxing authorities.

(ii) within 90 days after the beginning of each calendar year beginning with the first calendar year beginning more than three months after the date hereof, an Opinion of Counsel, which counsel may be an employee of or counsel to the Issuer or the Servicer and which shall be reasonably satisfactory to the Indenture Trustee, or, in the Indenture Trustee's sole judgment, external counsel of the Issuer, dated as of a date during such 90-day period, either (A) to the effect that, in the opinion of such counsel, all filings, including filings with the Michigan Department of State and the Secretary of State of the State of Delaware, have

been authorized, executed and filed that are necessary under the UCC and the Securitization Law to fully preserve, protect and perfect the Liens of the Indenture Trustee in the Securitization Property, and reciting the details of such filings or referring to prior Opinions of Counsel in which such details are given, or (B) to the effect that, in the opinion of such counsel, no such action shall be necessary to preserve, protect and perfect such Liens.

Each Opinion of Counsel referred to in [Section 3.01\(c\)\(i\)](#) or [Section 3.01\(c\)\(ii\)](#) above shall specify any action necessary (as of the date of such opinion) to be taken in the following year to preserve, protect and perfect such interest or Lien.

SECTION 3.02. Servicing and Maintenance Standards. On behalf of the Issuer, the Servicer shall: (a) manage, service, administer, bill, collect and post collections in respect of the Securitization Property with reasonable care and in material compliance with each applicable Requirement of Law, including all applicable Commission Regulations and guidelines, using the same degree of care and diligence that the Servicer exercises with respect to similar assets for its own account and, if applicable, for others; (b) follow standards, policies and procedures in performing its duties as Servicer that are customary in the electric distribution industry; (c) use all reasonable efforts, consistent with its customary servicing procedures, to enforce, and maintain rights in respect of, the Securitization Property and to bill, collect and post the Securitization Charges; (d) comply with each Requirement of Law, including all applicable Commission Regulations and guidelines, applicable to and binding on it relating to the Securitization Property; (e) file all reports with the Commission required by the Financing Order; (f) file and maintain the effectiveness of UCC financing statements with respect to the property transferred under the Sale Agreement; and (g) take such other action on behalf of the Issuer to ensure that the Lien of the Indenture Trustee on the Securitization Bond Collateral remains perfected and of first priority. The Servicer shall follow such customary and usual practices and procedures as it shall deem necessary or advisable in its servicing of all or any portion of the Securitization Property, which, in the Servicer's judgment, may include the taking of legal action, at the Issuer's expense but subject to the priority of payments set forth in [Section 8.02\(e\)](#) of the Indenture.

SECTION 3.03. Annual Reports on Compliance with Regulation AB.

(a) The Servicer shall deliver to the Issuer, the Indenture Trustee and the Rating Agencies, on or before the earlier of (a) March 31 of each year or (b) with respect to each calendar year during which the Sponsor's annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, the date on which such annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, certificates from a Responsible Officer of the Servicer (i) containing, and certifying as to, the statements of compliance required by Item 1123 of Regulation AB, as then in effect, and (ii) containing, and certifying as to, the statements and assessment of compliance required by Item 1122(a) of Regulation AB, as then in effect. These certificates may be in the form of, or shall include the forms attached as [Exhibit D](#) and [Exhibit E](#), with, in the case of [Exhibit D](#), such changes as may be required to conform to the applicable securities law.

(b) The Servicer shall use commercially reasonable efforts to obtain, from each other party participating in the servicing function, any additional certifications as to the statements and assessment required under Item 1122 or Item 1123 of Regulation AB to the extent required in connection with the filing of the annual report on Form 10-K; provided, however, that a failure to obtain such certifications shall not be a breach of the Servicer's duties hereunder. The parties acknowledge that the Indenture Trustee's certifications shall be limited to the Item 1122 certifications described in Exhibit C of the Indenture.

(c) The initial Servicer, in its capacity as Sponsor, shall post on its or its parent company's website and file with or furnish to the SEC, in periodic reports and other reports as are required from time to time under Section 13 or Section 15(d) of the Exchange Act, the information described in Section 3.07(g) of the Indenture to the extent such information is reasonably available to the Sponsor. Except to the extent permitted by applicable law, the initial Servicer, in its capacity as Sponsor, shall not voluntarily suspend or terminate its filing obligations as Sponsor with the SEC as described in this Section 3.03(c). The covenants of the initial Servicer, in its capacity as Sponsor, pursuant to this Section 3.03(c) shall survive the resignation, removal or termination of the initial Servicer as Servicer hereunder.

SECTION 3.04. Annual Report by Independent Registered Public Accountants.

(a) The Servicer shall cause a firm of Independent registered public accountants (which may provide other services to the Servicer or the Seller) to prepare annually, and the Servicer shall deliver annually to the Issuer, the Indenture Trustee and the Rating Agencies on or before the earlier of (i) March 31 of each year, beginning March 31, 2015, or (ii) with respect to each calendar year during which the Sponsor's annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, the date on which such annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, a report (the "Annual Accountant's Report") that attests to, and reports on, the assessment of compliance made by the Servicer and delivered pursuant to Section 3.03. Such attestation shall be in accordance with Rules 1-02(a)(3) and 2-02(g) of Regulation S-X under the Securities Act and the Exchange Act.

(b) The Annual Accountant's Report delivered pursuant to Section 3.04(a) shall also indicate that the accounting firm providing such report is independent of the Servicer in accordance with the rules of the Public Company Accounting Oversight Board and shall include any attestation report required under Item 1122(b) of Regulation AB, as then in effect.

ARTICLE IV
SERVICES RELATED TO TRUE-UP ADJUSTMENTS

SECTION 4.01. True-Up Adjustments. From time to time, until the Collection in Full of the Securitization Charges, the Servicer shall identify the need for Annual True-Up Adjustments, Semi-Annual Interim True-Up Adjustments and Additional Interim True-Up Adjustments and shall take all reasonable action to obtain and implement such True-Up Adjustments, all in accordance with the following:

(a) Expected Amortization Schedule. The Expected Amortization Schedule for the Securitization Bonds is attached hereto as Exhibit F. If the Expected Amortization Schedule is revised, the Servicer shall send a copy of such revised Expected Amortization Schedule to the Issuer, the Indenture Trustee and the Rating Agencies promptly thereafter.

(b) True-Up Adjustments.

(i) Annual True-Up Adjustments and Filings. At the beginning of Consumers Energy's billing cycle that is at least three months but no longer than 12 months following Consumers Energy's first complete billing cycle after the Closing Date, and for Consumers Energy's billing cycle every 12 months thereafter, the Servicer shall: (A) update the data and assumptions underlying the calculation of the Securitization Charges, including projected electricity usage during the next Calculation Period for each Securitization Rate Class and including Periodic Principal, interest and estimated expenses and fees of the Issuer to be paid during such period, the Weighted Average Days Outstanding and write-offs; (B) determine the Periodic Payment Requirements and Periodic Billing Requirement for the next Calculation Period based on such updated data and assumptions; (C) determine the Securitization Charges to be allocated to each Securitization Rate Class during the next Calculation Period based on such Periodic Billing Requirement and the terms of the Financing Order, the Tariff and any other tariffs filed pursuant thereto; (D) make all required public notices and other filings with the Commission to reflect the revised Securitization Charges, including any Amendatory Schedule; and (E) take all reasonable actions and make all reasonable efforts to effect such Annual True-Up Adjustment and to enforce the provisions of the Securitization Law and the Financing Order. The Servicer shall implement the revised Securitization Charges, if any, resulting from such Annual True-Up Adjustment as of the Annual True-Up Adjustment Date.

(ii) Semi-Annual Interim True-Up Adjustments and Filings. No later than 45 days prior to the start of the February billing cycle, commencing with respect to the February 2015 billing cycle, and, one year prior to the Scheduled Final Payment Date for the latest maturing Tranche, within 45 days prior to the dates that are nine months, six months and three months prior to, and the date of, such Scheduled Final Payment Date for the latest maturing Tranche, the Servicer shall: (A) update the data and assumptions underlying the calculation of the Securitization Charges, including projected electricity usage during the next Calculation Period for each Securitization Rate Class and including Periodic Principal, interest and estimated expenses and fees of the Issuer to be paid during such period, the rate of delinquencies and write-offs; (B) determine the Periodic Payment Requirement and Periodic Billing Requirement for the next Calculation Period based on such updated data and assumptions; and (C) based upon such updated data and requirements, project whether existing and projected Securitization Charge Collections together with available fund balances in the Excess Funds Subaccount, will be sufficient (x) to make on a timely basis all scheduled payments of Periodic Principal and interest in respect of each Outstanding Tranche of Securitization Bonds during such Calculation Period, (y) to pay other

Ongoing Other Qualified Costs on a timely basis and (z) to maintain the Capital Subaccount at the Required Capital Level; provided, that, in the case of any Semi-Annual Interim True-Up Adjustment following the Scheduled Final Payment Date for the latest maturing tranche of any Securitization Bonds, the True-Up Adjustment will be calculated to ensure that the Securitization Charges are sufficient to pay the Securitization Bonds in full on the next Scheduled Payment Date. If the Servicer determines that Securitization Charges will not be sufficient for such purposes, the Servicer shall, no later than the date described in the first sentence of this Section 4.01(b)(ii): (1) determine the Securitization Charges to be allocated to each Securitization Rate Class during the next Calculation Period based on such Periodic Billing Requirement and the terms of the Financing Order, the Tariff and other tariffs filed pursuant thereto; (2) make all required public notices and other filings with the Commission to reflect the revised Securitization Charges, including any Amendatory Schedule; and (3) take all reasonable actions and make all reasonable efforts to effect such Semi-Annual Interim True-Up Adjustment and to enforce the provisions of the Securitization Law and the Financing Order.

(iii) Additional Interim True-Up Adjustments and Filings. In addition to the True-Up Adjustments described in Section 4.01(b)(i) and Section 4.01(b)(ii), the Servicer shall initiate a proceeding with the Commission to implement an Additional Interim True-Up Adjustment (in the same manner as provided for the Semi-Annual Interim True-Up Adjustments) at any time if the Servicer forecasts that Securitization Charge Collections during the current or succeeding Calculation Period will be insufficient (A) to make all scheduled payments of Periodic Principal and interest due in respect of the Securitization Bonds on a timely basis during such Calculation Period, (B) to pay Ongoing Other Qualified Costs on a timely basis and (C) to replenish any draws on the Capital Subaccount.

(c) Reports.

(i) Notification of Amendatory Schedule Filings and True-Up Adjustments. Whenever the Servicer files an Amendatory Schedule with the Commission or implements revised Securitization Charges with notice to the Commission without filing an Amendatory Schedule if permitted by the Financing Order, the Servicer shall send a copy of such filing or notice (together with a copy of all notices and documents that, in the Servicer's reasonable judgment, are material to the adjustments effected by such Amendatory Schedule or notice) to the Issuer, the Indenture Trustee and the Rating Agencies concurrently therewith. If, for any reason any revised Securitization Charges are not implemented and effective on the applicable date set forth herein, the Servicer shall notify the Issuer, the Indenture Trustee and each Rating Agency by the end of the second Servicer Business Day after such applicable date.

(ii) Semi-Annual Servicer's Certificate. Not later than five Servicer Business Days prior to each Payment Date or Special Payment Date, the Servicer shall deliver a written report substantially in the form of Exhibit C (the "Semi-

Annual Servicer's Certificate") to the Issuer, the Indenture Trustee and the Rating Agencies, which shall include all of the following information (to the extent applicable and including any other information so specified in the Series Supplement) as to the Securitization Bonds with respect to such Payment Date or Special Payment Date or the period since the previous Payment Date, as applicable:

- (A) the amount of the payment to Holders allocable to principal, if any;
- (B) the amount of the payment to Holders allocable to interest;
- (C) the aggregate Outstanding Amount of the Securitization Bonds, before and after giving effect to any payments allocated to principal reported under Section 4.01(c)(ii)(A);
- (D) the difference, if any, between the amount specified in Section 4.01(c)(ii)(C) and the Outstanding Amount specified in the Expected Amortization Schedule;
- (E) any other transfers and payments to be made on such Payment Date or Special Payment Date, including amounts paid to the Indenture Trustee and to the Servicer; and
- (F) the amounts on deposit in the Capital Subaccount and the Excess Funds Subaccount, after giving effect to the foregoing payments.

(iii) Reports to Customers.

(A) After each revised Securitization Charge has gone into effect pursuant to a True-Up Adjustment, the Servicer shall, to the extent and in the manner and time frame required by any applicable Commission Regulations, cause to be prepared and delivered to Customers any required notices announcing such revised Securitization Charges.

(B) The Servicer shall comply with the requirements of the Financing Order with respect to the filing of the Securitization Rate Schedule to ensure that the Securitization Charges are separate and apart from the Servicer's other charges and appear as a separate line item on the Bills sent to Customers.

SECTION 4.02. Limitation of Liability.

(a) The Issuer and the Servicer expressly agree and acknowledge that:

- (i) In connection with any True-Up Adjustment, the Servicer is acting solely in its capacity as the servicing agent hereunder.

(ii) None of the Servicer, the Issuer or the Indenture Trustee is responsible in any manner for, and shall have no liability whatsoever as a result of, any action, decision, ruling or other determination made or not made, or any delay (other than any delay resulting from the Servicer's failure to make any filings required by Section 4.01 in a timely and correct manner or any breach by the Servicer of its duties under this Servicing Agreement that adversely affects the Securitization Property or the True-Up Adjustments), by the Commission in any way related to the Securitization Property or in connection with any True-Up Adjustment, the subject of any filings under Section 4.01, any proposed True-Up Adjustment or the approval of any revised Securitization Charges and the scheduled adjustments thereto.

(iii) Except to the extent that the Servicer is liable under Section 6.02, the Servicer shall have no liability whatsoever relating to the calculation of any revised Securitization Charges and the scheduled adjustments thereto, including as a result of any inaccuracy of any of the assumptions made in such calculation regarding expected energy usage volume and the Weighted Average Days Outstanding, write-offs and estimated expenses and fees of the Issuer, so long as the Servicer has acted in good faith and has not acted in a negligent manner in connection therewith, nor shall the Servicer have any liability whatsoever as a result of any Person, including the Holders, not receiving any payment, amount or return anticipated or expected or in respect of any Securitization Bond generally.

(b) Notwithstanding the foregoing, this Section 4.02 shall not relieve the Servicer of liability for any misrepresentation by the Servicer under Section 6.01 or for any breach by the Servicer of its other obligations under this Servicing Agreement.

ARTICLE V THE SECURITIZATION PROPERTY

SECTION 5.01. Custody of Securitization Property Records. To assure uniform quality in servicing the Securitization Property and to reduce administrative costs, the Issuer hereby revocably appoints the Servicer, and the Servicer hereby accepts such appointment, to act as the agent of the Issuer as custodian of any and all documents and records that the Seller shall keep on file, in accordance with its customary procedures, relating to the Securitization Property, including copies of the Financing Order and Amendatory Schedules relating thereto and all documents filed with the Commission in connection with any True-Up Adjustment and computational records relating thereto (collectively, the "Securitization Property Records"), which are hereby constructively delivered to the Indenture Trustee, as pledgee of the Issuer with respect to all Securitization Property.

SECTION 5.02. Duties of Servicer as Custodian.

(a) Safekeeping. The Servicer shall hold the Securitization Property Records on behalf of the Issuer and the Indenture Trustee and maintain such accurate and complete accounts, records and computer systems pertaining to the Securitization Property Records as shall enable the Issuer and the Indenture Trustee, as applicable, to comply with this Servicing

Agreement, the Sale Agreement and the Indenture. In performing its duties as custodian, the Servicer shall act with reasonable care, using that degree of care and diligence that the Servicer exercises with respect to comparable assets that the Servicer services for itself or, if applicable, for others. The Servicer shall promptly report to the Issuer, the Indenture Trustee and the Rating Agencies any failure on its part to hold the Securitization Property Records and maintain its accounts, records and computer systems as herein provided and promptly take appropriate action to remedy any such failure. Nothing herein shall be deemed to require an initial review or any periodic review by the Issuer or the Indenture Trustee of the Securitization Property Records. The Servicer's duties to hold the Securitization Property Records set forth in this [Section 5.02](#), to the extent the Securitization Property Records have not been previously transferred to a successor Servicer pursuant to [Article VII](#), shall terminate one year and one day after the earlier of (i) the date on which the Servicer is succeeded by a successor Servicer in accordance with [Article VII](#) and (ii) the first date on which no Securitization Bonds are Outstanding.

(b) [Maintenance of and Access to Records](#). The Servicer shall maintain the Securitization Property Records at One Energy Plaza, Jackson, Michigan 49201 or at its facility located at 805 East Morrell Street (formerly known as Bridge Street), Jackson, Michigan 49201, or at such other office as shall be specified to the Issuer and the Indenture Trustee by written notice at least 30 days prior to any change in location. The Servicer shall make available for inspection, audit and copying to the Issuer and the Indenture Trustee or their respective duly authorized representatives, attorneys or auditors the Securitization Property Records at such times during normal business hours as the Issuer or the Indenture Trustee shall reasonably request and that do not unreasonably interfere with the Servicer's normal operations. Nothing in this [Section 5.02\(b\)](#) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this [Section 5.02\(b\)](#).

(c) [Release of Documents](#). Upon instruction from the Indenture Trustee in accordance with the Indenture, the Servicer shall release any Securitization Property Records to the Indenture Trustee, the Indenture Trustee's agent or the Indenture Trustee's designee, as the case may be, at such place or places as the Indenture Trustee may designate, as soon as practicable. Nothing in this [Section 5.02\(c\)](#) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this [Section 5.02\(c\)](#).

(d) [Defending Securitization Property Against Claims](#). The Servicer, on behalf of the Issuer and the Holders, shall institute any action or proceeding necessary under the Securitization Law or the Financing Order with respect to the Securitization Property, and the Servicer agrees to take such legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, as may be reasonably necessary to block or overturn any attempts to cause a repeal of, modification of, judicial invalidation of, or supplement to, the Securitization Law or the Financing Order that would be detrimental to the interests of the Holders or that would cause an impairment of the rights of the Issuer or the Holders.

(e) Additional Litigation to Defend Securitization Property. In addition to its obligations under Section 5.02(d), the Servicer shall, at its own expense, institute any action or proceeding necessary to compel performance by the Commission or the State of Michigan of any of their respective obligations or duties under the Securitization Law and the Financing Order with respect to the Securitization Property and to compel performance by applicable parties under the Tariff or any agreement with the Servicer entered into pursuant to the Tariff.

SECTION 5.03. Custodian's Indemnification. The Servicer as custodian shall indemnify the Issuer, any Independent Manager and the Indenture Trustee (for itself and for the benefit of the Holders) and each of their respective officers, directors, employees and agents for, and defend and hold harmless each such Person from and against, any and all liabilities, obligations, losses, damages, payments and claims, and reasonable costs or expenses, of any kind whatsoever (collectively, "Indemnified Losses") that may be imposed on, incurred by or asserted against each such Person as the result of any negligent act or omission in any way relating to the maintenance and custody by the Servicer, as custodian, of the Securitization Property Records; provided, however, that the Servicer shall not be liable for any portion of any such amount resulting from the willful misconduct, bad faith or negligence of the Issuer, any Independent Manager or the Indenture Trustee, as the case may be.

Indemnification under this Section 5.03 shall survive resignation or removal of the Indenture Trustee or any Independent Manager and shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable attorneys' fees and expenses).

SECTION 5.04. Effective Period and Termination. The Servicer's appointment as custodian shall become effective as of the Closing Date and shall continue in full force and effect until terminated pursuant to this Section 5.04. If the Servicer shall resign as Servicer in accordance with the provisions of this Servicing Agreement or if all of the rights and obligations of the Servicer shall have been terminated under Section 7.01, the appointment of the Servicer as custodian shall be terminated effective as of the date on which the termination or resignation of the Servicer is effective. Additionally, if not sooner terminated as provided above, the Servicer's obligations as custodian shall terminate one year and one day after the date on which no Securitization Bonds are Outstanding.

ARTICLE VI THE SERVICER

SECTION 6.01. Representations and Warranties of Servicer. The Servicer makes the following representations and warranties, as of the Closing Date, and as of such other dates as expressly provided in this Section 6.01, on which the Issuer and the Indenture Trustee are deemed to have relied in entering into this Servicing Agreement relating to the servicing of the Securitization Property. The representations and warranties shall survive the execution and delivery of this Servicing Agreement, the sale of any Securitization Property and the pledge thereof to the Indenture Trustee pursuant to the Indenture.

(a) Organization and Good Standing. The Servicer is duly organized and validly existing and in good standing under the laws of the State of Michigan, with the requisite

corporate or other power and authority to own its properties and to conduct its business as such properties are currently owned and such business is presently conducted and to execute, deliver and carry out the terms of this Servicing Agreement and the Intercreditor Agreement, and had at all relevant times, and has, the requisite power, authority and legal right to service the Securitization Property and to hold the Securitization Property Records as custodian.

(b) Due Qualification. The Servicer is duly qualified to do business and is in good standing, and has obtained all necessary licenses and approvals, in all jurisdictions in which the ownership or lease of property or the conduct of its business (including the servicing of the Securitization Property as required by this Servicing Agreement and the Intercreditor Agreement) shall require such qualifications, licenses or approvals (except where the failure to so qualify would not be reasonably likely to have a material adverse effect on the Servicer's business, operations, assets, revenues or properties or to its servicing of the Securitization Property).

(c) Power and Authority. The execution, delivery and performance of this Servicing Agreement and the Intercreditor Agreement have been duly authorized by all necessary action on the part of the Servicer under its organizational documents and laws.

(d) Binding Obligation. Each of this Servicing Agreement and the Intercreditor Agreement constitutes a legal, valid and binding obligation of the Servicer enforceable against the Servicer in accordance with its respective terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other laws relating to or affecting creditors' rights generally from time to time in effect and to general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law.

(e) No Violation. The consummation of the transactions contemplated by this Servicing Agreement and the Intercreditor Agreement and the fulfillment of the terms of each such transaction will not: (i) conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the organizational documents of the Servicer, or any indenture or other agreement or instrument to which the Servicer is a party or by which it or any of its property is bound; (ii) result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement or other instrument (other than any Lien that may be granted under the Basic Documents); or (iii) violate any existing law or any existing order, rule or regulation applicable to the Servicer of any Governmental Authority having jurisdiction over the Servicer or its properties.

(f) No Proceedings. There are no proceedings pending, and, to the Servicer's knowledge, there are no proceedings threatened, and, to the Servicer's knowledge, there are no investigations pending or threatened, before any Governmental Authority having jurisdiction over the Servicer or its properties involving or relating to the Servicer or the Issuer or, to the Servicer's knowledge, any other Person (i) asserting the invalidity of this Servicing Agreement or the Intercreditor Agreement or any of the other Basic Documents, (ii) seeking to prevent the issuance of the Securitization Bonds or the consummation of any of the transactions contemplated by this Servicing Agreement or any of the other Basic Documents, (iii) seeking

any determination or ruling that could reasonably be expected to materially and adversely affect the performance by the Servicer of its obligations under, or the validity or enforceability of, this Servicing Agreement, any of the other Basic Documents or the Securitization Bonds or (iv) seeking to adversely affect the U.S. federal income tax or state income or franchise tax classification of the Securitization Bonds as debt.

(g) Approvals. No governmental approval, authorization, consent, order or other action of, or filing with, any Governmental Authority is required in connection with the execution and delivery by the Servicer of this Servicing Agreement or the Intercreditor Agreement, the performance by the Servicer of the transactions contemplated hereby or thereby or the fulfillment by the Servicer of the terms of each, except those that have been obtained or made, those that the Servicer is required to make in the future pursuant to Article IV and those that the Servicer may need to file in the future to continue the effectiveness of any financing statement filed under the UCC.

(h) Reports and Certificates. Each report and certificate delivered in connection with any filing made to the Commission by the Issuer with respect to the Securitization Charges or True-Up Adjustments will constitute a representation and warranty by the Servicer that each such report or certificate, as the case may be, is true and correct in all material respects; provided, however, that, to the extent any such report or certificate is based in part upon or contains assumptions, forecasts or other predictions of future events, the representation and warranty of the Servicer with respect thereto will be limited to the representation and warranty that such assumptions, forecasts or other predictions of future events are reasonable based upon historical performance (and facts known to the Servicer on the date such report or certificate is delivered).

SECTION 6.02. Indemnities of Servicer; Release of Claims. The Servicer shall be liable in accordance herewith only to the extent of the obligations specifically undertaken by the Servicer under this Servicing Agreement.

(a) The Servicer shall indemnify the Issuer, the Indenture Trustee (for itself and for the benefit of the Holders) and any Independent Manager, and each of their respective trustees, officers, directors, employees and agents (each, an "Indemnified Party"), for, and defend and hold harmless each such Person from and against, any and all Indemnified Losses imposed on, incurred by or asserted against any such Person as a result of (i) the Servicer's willful misconduct, bad faith or negligence in the performance of its duties or observance of its covenants under this Servicing Agreement and the Intercreditor Agreement or its reckless disregard of its obligations and duties under this Servicing Agreement or the Intercreditor Agreement, (ii) the Servicer's breach of any of its representations and warranties contained in this Servicing Agreement and the Intercreditor Agreement or (iii) any litigation or related expenses relating to the Servicer's status or obligations as Servicer (other than any proceeding the Servicer is required to institute under the Servicing Agreement), except to the extent of Indemnified Losses either resulting from the willful misconduct, bad faith or gross negligence of such Person seeking indemnification hereunder or resulting from a breach of a representation or warranty made by such Person seeking indemnification hereunder in any of the Basic Documents that gives rise to the Servicer's breach.

(b) For purposes of Section 6.02(a), in the event of the termination of the rights and obligations of Consumers Energy (or any successor thereto pursuant to Section 6.03) as Servicer pursuant to Section 7.01, or a resignation by such Servicer pursuant to this Servicing Agreement, such Servicer shall be deemed to be the Servicer pending appointment of a successor Servicer pursuant to Section 7.02.

(c) Indemnification under this Section 6.02 shall survive any repeal of, modification of, or supplement to, or judicial invalidation of, the Securitization Law or the Financing Order and shall survive the resignation or removal of the Indenture Trustee or any Independent Manager or the termination of this Servicing Agreement and shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable attorneys' fees and expenses).

(d) Except to the extent expressly provided in this Servicing Agreement or the other Basic Documents (including the Servicer's claims with respect to the Servicing Fee and the payment of the purchase price of Securitization Property), the Servicer hereby releases and discharges the Issuer, any Independent Manager and the Indenture Trustee, and each of their respective officers, directors and agents (collectively, the "Released Parties"), from any and all actions, claims and demands whatsoever, whenever arising, which the Servicer, in its capacity as Servicer or otherwise, shall or may have against any such Person relating to the Securitization Property or the Servicer's activities with respect thereto, other than any actions, claims and demands arising out of the willful misconduct, bad faith or gross negligence of the Released Parties.

(e) The Servicer shall not be required to indemnify an Indemnified Party for any amount paid or payable by such Indemnified Party in the settlement of any action, proceeding or investigation without the written consent of the Servicer, which consent shall not be unreasonably withheld. Promptly after receipt by an Indemnified Party of notice (or, in the case of the Indenture Trustee, receipt of notice by a Responsible Officer only) of the commencement of any action, proceeding or investigation, such Indemnified Party shall, if a claim in respect thereof is to be made against the Servicer under this Section 6.02, notify the Servicer in writing of the commencement thereof. Failure by an Indemnified Party to so notify the Servicer shall relieve the Servicer from the obligation to indemnify and hold harmless such Indemnified Party under this Section 6.02 only to the extent that the Servicer suffers actual prejudice as a result of such failure. With respect to any action, proceeding or investigation brought by a third party for which indemnification may be sought under this Section 6.02, the Servicer shall be entitled to conduct and control, at its expense and with counsel of its choosing that is reasonably satisfactory to such Indemnified Party, the defense of any such action, proceeding or investigation (in which case the Servicer shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the Indemnified Party except as set forth below); provided, that the Indemnified Party shall have the right to participate in such action, proceeding or investigation through counsel chosen by it and at its own expense. Notwithstanding the Servicer's election to assume the defense of any action, proceeding or investigation, the Indemnified Party shall have the right to employ separate counsel (including local counsel), and the Servicer shall bear the reasonable fees, costs and expenses of such separate counsel, if (i) the defendants in any such action include both the Indemnified Party and the Servicer and the Indemnified Party shall have reasonably concluded that there may be legal

defenses available to it that are different from or additional to those available to the Servicer, (ii) the Servicer shall not have employed counsel reasonably satisfactory to the Indemnified Party to represent the Indemnified Party within a reasonable time after notice of the institution of such action, (iii) the Servicer shall authorize the Indemnified Party to employ separate counsel at the expense of the Servicer or (iv) in the case of the Indenture Trustee, such action exposes the Indenture Trustee to a material risk of criminal liability or forfeiture or a Servicer Default has occurred and is continuing. Notwithstanding the foregoing, the Servicer shall not be obligated to pay for the fees, costs and expenses of more than one separate counsel for the Indemnified Parties other than one local counsel, if appropriate. The Servicer will not, without the prior written consent of the Indemnified Party, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification may be sought under this Section 6.02 (whether or not the Indemnified Party is an actual or potential party to such claim or action) unless such settlement, compromise or consent includes an unconditional release of the Indemnified Party from all liability arising out of such claim, action, suit or proceeding.

SECTION 6.03. Binding Effect of Servicing Obligations. The obligations to continue to provide service and to collect and account for Securitization Charges will be binding upon the Servicer, any Successor and any other entity that provides distribution services to a Person that is a Michigan customer of Consumers Energy or any Successor so long as the Securitization Charges have not been fully collected and posted. Any Person (a) into which the Servicer may be merged, converted or consolidated and that is a Permitted Successor, (b) that may result from any merger, conversion or consolidation to which the Servicer shall be a party and that is a Permitted Successor, (c) that may succeed to the properties and assets of the Servicer substantially as a whole and that is a Permitted Successor or (d) that otherwise is a Permitted Successor, which Person in any of the foregoing cases executes an agreement of assumption to perform all of the obligations of the Servicer hereunder, shall be the successor to the Servicer under this Servicing Agreement without further act on the part of any of the parties to this Servicing Agreement; provided, however, that (i) immediately after giving effect to such transaction, no representation or warranty made pursuant to Section 6.01 shall have been breached and no Servicer Default and no event that, after notice or lapse of time, or both, would become a Servicer Default shall have occurred and be continuing, (ii) the Servicer shall have delivered to the Issuer and the Indenture Trustee an Officer's Certificate and an Opinion of Counsel from external counsel stating that such consolidation, conversion, merger or succession and such agreement of assumption complies with this Section 6.03 and that all conditions precedent, if any, provided for in this Servicing Agreement relating to such transaction have been complied with, (iii) the Servicer shall have delivered to the Issuer, the Indenture Trustee and the Rating Agencies an Opinion of Counsel from external counsel of the Servicer either (A) stating that, in the opinion of such counsel, all filings to be made by the Servicer, including filings with the Commission pursuant to the Securitization Law and the UCC, have been executed and filed and are in full force and effect that are necessary to fully preserve, perfect and maintain the priority of the interests of the Issuer and the Liens of the Indenture Trustee in the Securitization Property and reciting the details of such filings or (B) stating that, in the opinion of such counsel, no such action shall be necessary to preserve and protect such interests, (iv) the Servicer shall have delivered to the Issuer, the Indenture Trustee and the Rating Agencies an Opinion of Counsel from independent tax counsel stating that, for U.S. federal income tax purposes, such consolidation, conversion, merger or succession and such agreement of assumption will not

result in a material adverse U.S. federal income tax consequence to the Issuer or the Holders of Securitization Bonds, (v) the Servicer shall have given the Rating Agencies prior written notice of such transaction and (vi) any applicable requirements of the Intercreditor Agreement have been satisfied. When any Person (or more than one Person) acquires the properties and assets of the Servicer substantially as a whole or otherwise becomes the successor, by merger, conversion, consolidation, sale, transfer, lease or otherwise, to all or substantially all the assets of the Servicer in accordance with the terms of this [Section 6.03](#), then, upon satisfaction of all of the other conditions of this [Section 6.03](#), the preceding Servicer shall automatically and without further notice be released from all its obligations hereunder (except for responsibilities for its actions prior to such release).

SECTION 6.04. Limitation on Liability of Servicer and Others. Except as otherwise provided under this Servicing Agreement, neither the Servicer nor any of the directors, officers, employees or agents of the Servicer shall be liable to the Issuer or any other Person for any action taken or for refraining from the taking of any action pursuant to this Servicing Agreement or for good faith errors in judgment; provided, however, that this provision shall not protect the Servicer or any such Person against any liability that would otherwise be imposed by reason of willful misconduct, bad faith or negligence in the performance of duties or by reason of reckless disregard of obligations and duties under this Servicing Agreement. The Servicer and any director, officer, employee or agent of the Servicer may rely in good faith on the advice of counsel or on any document of any kind, prima facie properly executed and submitted by any Person, respecting any matters arising under this Servicing Agreement.

Except as provided in this Servicing Agreement, including [Section 5.02\(d\)](#) and [Section 5.02\(e\)](#), the Servicer shall not be under any obligation to appear in, prosecute or defend any legal action relating to the Securitization Property that is not directly related to one of the Servicer's enumerated duties in this Servicing Agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability; provided, however, that the Servicer may, in respect of any Proceeding, undertake any action that it is not specifically identified in this Servicing Agreement as a duty of the Servicer but that the Servicer reasonably determines is necessary or desirable in order to protect the rights and duties of the Issuer or the Indenture Trustee under this Servicing Agreement and the interests of the Holders and Customers under this Servicing Agreement.

SECTION 6.05. Consumers Energy Not to Resign as Servicer. Subject to the provisions of [Section 6.03](#), Consumers Energy shall not resign from the obligations and duties hereby imposed on it as Servicer under this Servicing Agreement unless Consumers Energy delivers to the Indenture Trustee an opinion of external counsel to the effect that Consumers Energy's performance of its duties under this Servicing Agreement shall no longer be permissible under applicable law. No such resignation shall become effective until a successor Servicer shall have assumed the responsibilities and obligations of Consumers Energy in accordance with [Section 7.02](#).

SECTION 6.06. Servicing Compensation.

(a) In consideration for its services hereunder, until the Collection in Full of the Securitization Charges, the Servicer shall receive an annual fee (the "Servicing Fee") in an

amount equal to (i) 0.05% of the aggregate initial principal amount of all Securitization Bonds for so long as Consumers Energy or an Affiliate of Consumers Energy is the Servicer or (ii) if Consumers Energy or any of its Affiliates is not the Servicer, an amount agreed upon by the Successor Servicer and the Indenture Trustee, provided, that the Servicing Fee shall not exceed 0.75% of the aggregate initial principal amount of all Securitization Bonds. The Servicing Fee owing shall be calculated based on the initial principal amount of the Securitization Bonds and shall be paid semi-annually, with half of the Servicing Fee being paid on each Payment Date. The Servicer also shall be entitled to retain as additional compensation (A) any interest earnings on Securitization Charge Payments received by the Servicer and invested by the Servicer during each Collection Period prior to remittance to the Collection Account and (B) all late payment charges, if any, collected from Customers to the extent consistent with the Tariff; provided, however, that, if the Servicer has failed to remit the Daily Remittance to the General Subaccount of the Collection Account on the Servicer Business Day that such payment is to be made pursuant to Section 6.11 on more than three occasions during the period that the Securitization Bonds are outstanding, then thereafter the Servicer will be required to pay to the Indenture Trustee interest on each Daily Remittance accrued at the Federal Funds Rate from the Servicer Business Day on which such Daily Remittance was required to be made to the date that such Daily Remittance is actually made.

(b) The Servicing Fee set forth in Section 6.06(a) shall be paid to the Servicer by the Indenture Trustee, on each Payment Date in accordance with the priorities set forth in Section 8.02(e) of the Indenture, by wire transfer of immediately available funds from the Collection Account to an account designated by the Servicer. Any portion of the Servicing Fee not paid on any such date shall be added to the Servicing Fee payable on the subsequent Payment Date. In no event shall the Indenture Trustee be liable for the payment of any Servicing Fee or other amounts specified in this Section 6.06; provided, that this Section 6.06 does not relieve the Indenture Trustee of any duties it has to allocate funds for payment for such fees under Section 8.02 of the Indenture.

(c) Except as expressly provided elsewhere in this Servicing Agreement, the Servicer shall be required to pay from its own account expenses incurred by the Servicer in connection with its activities hereunder (including any fees to and disbursements by its accountants or counsel or any other Person, any taxes imposed on the Servicer and any expenses incurred in connection with reports to Holders) out of the compensation retained by or paid to it pursuant to this Section 6.06, and the Servicer shall not be entitled to any extra payment or reimbursement therefor.

(d) The foregoing Servicing Fee constitutes a fair and reasonable compensation for the obligations to be performed by the Servicer. Such Servicing Fee shall be determined without regard to the income of the Issuer, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Issuer and shall be considered a fixed Operating Expense of the Issuer subject to the limitations on such expenses set forth in the Financing Order.

SECTION 6.07. Compliance with Applicable Law. The Servicer covenants and agrees, in servicing the Securitization Property, to comply in all material respects with all laws applicable to, and binding upon, the Servicer and relating to the Securitization Property, the

noncompliance with which would have a material adverse effect on the value of the Securitization Property; provided, however, that the foregoing is not intended to, and shall not, impose any liability on the Servicer for noncompliance with any Requirement of Law that the Servicer is contesting in good faith in accordance with its customary standards and procedures. It is expressly acknowledged that the payment of fees to the Rating Agencies shall be at the expense of the Issuer and that, if the Servicer advances such payments to the Rating Agencies, the Issuer shall reimburse the Servicer for any such advances.

SECTION 6.08. Access to Certain Records and Information Regarding Securitization Property. The Servicer shall provide to the Indenture Trustee access to the Securitization Property Records as is reasonably required for the Indenture Trustee to perform its duties and obligations under the Indenture and the other Basic Documents and shall provide access to such records to the Holders as required by applicable law. Access shall be afforded without charge, but only upon reasonable request and during normal business hours at the offices of the Servicer. Nothing in this Section 6.08 shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this Section 6.08.

SECTION 6.09. Appointments. The Servicer may at any time appoint any Person to perform all or any portion of its obligations as Servicer hereunder, including a collection agent acting pursuant to the Intercreditor Agreement; provided, however, that, unless such Person is an Affiliate of Consumers Energy, the Rating Agency Condition shall have been satisfied in connection therewith; provided, further, that the Servicer shall remain obligated and be liable under this Servicing Agreement for the servicing and administering of the Securitization Property in accordance with the provisions hereof without diminution of such obligation and liability by virtue of the appointment of such Person and to the same extent and under the same terms and conditions as if the Servicer alone were servicing and administering the Securitization Property. The fees and expenses of any such Person shall be as agreed between the Servicer and such Person from time to time, and none of the Issuer, the Indenture Trustee, the Holders or any other Person shall have any responsibility therefor or right or claim thereto. Any such appointment shall not constitute a Servicer resignation under Section 6.05.

SECTION 6.10. No Servicer Advances. The Servicer shall not make any advances of interest on or principal of the Securitization Bonds.

SECTION 6.11. Remittances.

(a) The Securitization Charge Collections on any Servicer Business Day (the "Daily Remittance") shall be calculated according to the procedures set forth in Exhibit A and remitted by the Servicer as soon as reasonably practicable to the General Subaccount of the Collection Account but in no event later than two Servicer Business Days following such Servicer Business Day. Prior to each remittance to the General Subaccount of the Collection Account pursuant to this Section 6.11, the Servicer shall provide written notice (which may be via electronic means, including electronic mail) to the Indenture Trustee and, upon request, to the Issuer of each such remittance (including the exact dollar amount to be remitted). The Servicer shall also, promptly upon receipt, remit to the Collection Account any other proceeds of the

Securitization Bond Collateral that it may receive from time to time. Reconciliations of bank statements shall be as set forth in Exhibit A.

(b) The Servicer agrees and acknowledges that it holds all Securitization Charge Payments collected by it and any other proceeds for the Securitization Bond Collateral received by it for the benefit of the Indenture Trustee and the Holders and that all such amounts will be remitted by the Servicer in accordance with this Section 6.11 without any surcharge, fee, offset, charge or other deduction except for late fees and interest earnings permitted by Section 6.06. The Servicer further agrees not to make any claim to reduce its obligation to remit all Securitization Charge Payments collected by it in accordance with this Servicing Agreement except for late fees permitted by Section 6.06.

(c) Unless otherwise directed to do so by the Issuer, the Servicer shall be responsible for selecting Eligible Investments in which the funds in the Collection Account shall be invested pursuant to Section 8.03 of the Indenture.

SECTION 6.12. Maintenance of Operations. Subject to Section 6.03, Consumers Energy agrees to continue, unless prevented by circumstances beyond its control, to operate its electric distribution system to provide service so long as it is acting as the Servicer under this Servicing Agreement.

ARTICLE VII DEFAULT

SECTION 7.01. Servicer Default. If any one or more of the following events (a "Servicer Default") shall occur and be continuing:

(a) any failure by the Servicer to remit to the Collection Account on behalf of the Issuer any required remittance that shall continue unremedied for a period of five Business Days after written notice of such failure is received by the Servicer from the Issuer or the Indenture Trustee or after discovery of such failure by a Responsible Officer of the Servicer;

(b) any failure on the part of the Servicer or, so long as the Servicer is Consumers Energy or an Affiliate thereof, any failure on the part of Consumers Energy, as the case may be, duly to observe or to perform in any material respect any covenants or agreements of the Servicer or Consumers Energy, as the case may be, set forth in this Servicing Agreement (other than as provided in Section 7.01(a) or Section 7.01(c)) or any other Basic Document to which it is a party, which failure shall (i) materially and adversely affect the rights of the Holders and (ii) continue unremedied for a period of 60 days after the date on which (A) written notice of such failure, requiring the same to be remedied, shall have been given to the Servicer or Consumers Energy, as the case may be, by the Issuer (with a copy to the Indenture Trustee) or to the Servicer or Consumers Energy, as the case may be, by the Indenture Trustee or (B) such failure is discovered by a Responsible Officer of the Servicer;

(c) any failure by the Servicer duly to perform its obligations under Section 4.01(b) in the time and manner set forth therein, which failure continues unremedied for a period of five Business Days;

(d) any representation or warranty made by the Servicer in this Servicing Agreement or any other Basic Document shall prove to have been incorrect in a material respect when made, which has a material adverse effect on the Holders and which material adverse effect continues unremedied for a period of 60 days after the date on which (i) written notice thereof, requiring the same to be remedied, shall have been delivered to the Servicer (with a copy to the Indenture Trustee) by the Issuer or the Indenture Trustee or (ii) such failure is discovered by a Responsible Officer of the Servicer; or

(e) an Insolvency Event occurs with respect to the Servicer or Consumers Energy;

then, and in each and every case, so long as the Servicer Default shall not have been remedied, either the Indenture Trustee may (if it is actually known by a Responsible Officer of the Indenture Trustee), or shall upon the instruction of Holders evidencing a majority of the Outstanding Amount of the Securitization Bonds, subject to the terms of the Intercreditor Agreement, by notice then given in writing to the Servicer (and to the Indenture Trustee if given by the Holders) (a "Termination Notice"), terminate all the rights and obligations (other than the obligations set forth in Section 6.02 and the obligation under Section 7.02 to continue performing its functions as Servicer until a successor Servicer is appointed) of the Servicer under this Servicing Agreement and under the Intercreditor Agreement. In addition, upon a Servicer Default described in Section 7.01(a), the Holders and the Indenture Trustee as financing parties under the Securitization Law (or any of their representatives) shall be entitled to apply to the Commission or a court of appropriate jurisdiction for an order for sequestration and payment of revenues arising with respect to the Securitization Property. On or after the receipt by the Servicer of a Termination Notice, all authority and power of the Servicer under this Servicing Agreement, whether with respect to the Securitization Bonds, the Securitization Property, the Securitization Charges or otherwise, shall, without further action, pass to and be vested in such successor Servicer as may be appointed under Section 7.02; and, without limitation, the Indenture Trustee is hereby authorized and empowered to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such Termination Notice, whether to complete the transfer of the Securitization Property Records and related documents, or otherwise. The predecessor Servicer shall cooperate with the successor Servicer, the Issuer and the Indenture Trustee in effecting the termination of the responsibilities and rights of the predecessor Servicer under this Servicing Agreement, including the transfer to the successor Servicer for administration by it of all Securitization Property Records and all cash amounts that shall at the time be held by the predecessor Servicer for remittance, or shall thereafter be received by it with respect to the Securitization Property or the Securitization Charges. As soon as practicable after receipt by the Servicer of such Termination Notice, the Servicer shall deliver the Securitization Property Records to the successor Servicer. In case a successor Servicer is appointed as a result of a Servicer Default, all reasonable costs and expenses (including reasonable attorneys' fees and expenses) incurred in connection with transferring the Securitization Property Records to the successor Servicer and amending this Servicing Agreement and the Intercreditor Agreement to reflect such succession as Servicer pursuant to this Section 7.01 shall be paid by the predecessor Servicer upon presentation of reasonable documentation of such costs and expenses. Termination of Consumers

Energy as Servicer shall not terminate Consumers Energy's rights or obligations under the Sale Agreement (except rights thereunder deriving from its rights as the Servicer hereunder).

SECTION 7.02. Appointment of Successor.

(a) Upon the Servicer's receipt of a Termination Notice pursuant to Section 7.01 or the Servicer's resignation or removal in accordance with the terms of this Servicing Agreement, the predecessor Servicer shall continue to perform its functions as Servicer under this Servicing Agreement and shall be entitled to receive the requisite portion of the Servicing Fee, until a successor Servicer shall have assumed in writing the obligations of the Servicer hereunder as described below. In the event of the Servicer's removal or resignation hereunder, the Indenture Trustee may, at the written direction and with the consent of the Holders of a majority of the Outstanding Amount of the Securitization Bonds shall, but subject to the provisions of the Intercreditor Agreement, appoint a successor Servicer with the Issuer's prior written consent thereto (which consent shall not be unreasonably withheld), and the successor Servicer shall accept its appointment by a written assumption in form reasonably acceptable to the Issuer and the Indenture Trustee and provide prompt written notice of such assumption to the Issuer and the Rating Agencies. If, within 30 days after the delivery of the Termination Notice, a new Servicer shall not have been appointed, the Indenture Trustee may petition the Commission or a court of competent jurisdiction to appoint a successor Servicer under this Servicing Agreement. A Person shall qualify as a successor Servicer only if (i) such Person is permitted under Commission Regulations to perform the duties of the Servicer, (ii) the Rating Agency Condition shall have been satisfied, (iii) such Person enters into a servicing agreement with the Issuer having substantially the same provisions as this Servicing Agreement and (iv) such Person agrees to perform the obligations of the Servicer under the Intercreditor Agreement. In no event shall the Indenture Trustee be liable for its appointment of a successor Servicer. The Indenture Trustee's expenses incurred under this Section 7.02(a) shall be at the sole expense of the Issuer and payable from the Collection Account as provided in Section 8.02 of the Indenture.

(b) Upon appointment, the successor Servicer shall be the successor in all respects to the predecessor Servicer and shall be subject to all the responsibilities, duties and liabilities arising thereafter placed on the predecessor Servicer and shall be entitled to the Servicing Fee and all the rights granted to the predecessor Servicer by the terms and provisions of this Servicing Agreement.

SECTION 7.03. Waiver of Past Defaults. The Holders evidencing a majority of the Outstanding Amount of the Securitization Bonds may, on behalf of all Holders, direct the Indenture Trustee to waive in writing any default by the Servicer in the performance of its obligations hereunder and its consequences, except a default in making any required deposits to the Collection Account in accordance with this Servicing Agreement. Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Default arising therefrom shall be deemed to have been remedied for every purpose of this Servicing Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto. Promptly after the execution of any such waiver, the Servicer shall furnish copies of such waiver to each of the Rating Agencies.

SECTION 7.04. Notice of Servicer Default. The Servicer shall deliver to the Issuer, the Indenture Trustee and the Rating Agencies, promptly after having obtained knowledge thereof, but in no event later than five Business Days thereafter, written notice of any event that, with the giving of notice or lapse of time, or both, would become a Servicer Default under Section 7.01.

SECTION 7.05. Cooperation with Successor. The Servicer covenants and agrees with the Issuer that it will, on an ongoing basis, cooperate with the successor Servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the successor Servicer in performing its obligations hereunder.

ARTICLE VIII
MISCELLANEOUS PROVISIONS

SECTION 8.01. Amendment.

(a) This Servicing Agreement may be amended in writing by the Servicer and the Issuer with the prior written consent of the Indenture Trustee and the satisfaction of the Rating Agency Condition; provided, that any such amendment may not adversely affect the interest of any Holder in any material respect without the consent of the Holders of a majority of the Outstanding Amount. Promptly after the execution of any such amendment or consent, the Issuer shall furnish copies of such amendment or consent to each of the Rating Agencies.

(b) Prior to the execution of any amendment to this Servicing Agreement, the Issuer and the Indenture Trustee shall be entitled to receive and conclusively rely upon an Opinion of Counsel of external counsel stating that such amendment is authorized and permitted by this Servicing Agreement and all conditions precedent, if any, provided for in this Servicing Agreement relating to such amendment have been satisfied and upon the Opinion of Counsel from external counsel referred to in Section 3.01(c)(i). The Issuer and the Indenture Trustee may, but shall not be obligated to, enter into any such amendment that affects their own rights, duties, indemnities or immunities under this Servicing Agreement or otherwise.

SECTION 8.02. Maintenance of Accounts and Records.

(a) The Servicer shall maintain accounts and records as to the Securitization Property accurately and in accordance with its standard accounting procedures and in sufficient detail to permit reconciliation between Securitization Charge Payments received by the Servicer and Securitization Charge Collections from time to time deposited in the Collection Account.

(b) The Servicer shall permit the Indenture Trustee and its agents at any time during normal business hours, upon reasonable notice to the Servicer and to the extent it does not unreasonably interfere with the Servicer's normal operations, to inspect, audit and make copies of and abstracts from the Servicer's records regarding the Securitization Property and the Securitization Charges. Nothing in this Section 8.02(b) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this Section 8.02(b).

SECTION 8.03. Notices. Any notice, report or other communication given hereunder shall be in writing and shall be effective (i) upon receipt when sent through the mails, registered or certified mail, return receipt requested, postage prepaid, with such receipt to be effective the date of delivery indicated on the return receipt, (ii) upon receipt when sent by an overnight courier, (iii) on the date personally delivered to an authorized officer of the party to which sent or (iv) on the date transmitted by facsimile or other electronic transmission with a confirmation of receipt in all cases, addressed as follows:

Each party hereto may, by notice given in accordance herewith to the other party or parties hereto, designate any further or different address to which subsequent notices, reports and other communications shall be sent.

SECTION 8.04. Assignment. Notwithstanding anything to the contrary contained herein, except as provided in Section 6.03 and as provided in the provisions of this Servicing Agreement concerning the resignation of the Servicer, this Servicing Agreement may not be assigned by the Servicer. Any assignment of this Servicing Agreement is subject to satisfaction of any conditions set forth in the Intercreditor Agreement.

SECTION 8.05. Limitations on Rights of Others. The provisions of this Servicing Agreement are solely for the benefit of the Servicer and the Issuer and, to the extent provided herein or in the other Basic Documents, the Indenture Trustee and the Holders, and the other Persons expressly referred to herein, and such Persons shall have the right to enforce the relevant provisions of this Servicing Agreement. Nothing in this Servicing Agreement, whether express or implied, shall be construed to give to any other Person any legal or equitable right, remedy or claim in the Securitization Property or Securitization Bond Collateral or under or in respect of this Servicing Agreement or any covenants, conditions or provisions contained herein. Notwithstanding anything to the contrary contained herein, for the avoidance of doubt, any right, remedy or claim to which any Customer may be entitled pursuant to the Financing Order and to

this Servicing Agreement may be asserted or exercised only by the Commission (or by its counsel in the name of the Commission) for the benefit of such Customer.

SECTION 8.06. Severability. Any provision of this Servicing Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remainder of such provision (if any) or the remaining provisions hereof (unless such a construction shall be unreasonable), and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 8.07. Separate Counterparts. This Servicing Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument.

SECTION 8.08. Governing Law. **This Servicing Agreement shall be governed by and construed in accordance with the laws of the State of Michigan, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder shall be determined in accordance with such laws.**

SECTION 8.09. Assignment to Indenture Trustee. The Servicer hereby acknowledges and consents to any mortgage, pledge, assignment and grant of a security interest by the Issuer to the Indenture Trustee for the benefit of the Secured Parties pursuant to the Indenture of any or all of the Issuer's rights hereunder. In no event shall the Indenture Trustee have any liability for the representations, warranties, covenants, agreements or other obligations of the Issuer hereunder or in any of the certificates delivered pursuant hereto, as to all of which any recourse shall be had solely to the assets of the Issuer subject to the availability of funds therefor under Section 8.02 of the Indenture.

SECTION 8.10. Nonpetition Covenants. Notwithstanding any prior termination of this Servicing Agreement or the Indenture, the Servicer shall not, prior to the date that is one year and one day after the satisfaction and discharge of the Indenture, acquiesce, petition or otherwise invoke or cause the Issuer to invoke or join with any Person in provoking the process of any Governmental Authority for the purpose of commencing or sustaining an involuntary case against the Issuer under any U.S. federal or state bankruptcy, insolvency or similar law or appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Issuer for any substantial part of the property of the Issuer or ordering the dissolution, winding up or liquidation of the affairs of the Issuer.

SECTION 8.11. Limitation of Liability. It is expressly understood and agreed by the parties hereto that this Servicing Agreement is executed and delivered by the Indenture Trustee, not individually or personally but solely as Indenture Trustee in the exercise of the powers and authority conferred and vested in it, and that the Indenture Trustee, in acting hereunder, is entitled to all rights, benefits, protections, immunities and indemnities accorded to it under the Indenture.

SECTION 8.12. Rule 17g-5 Compliance. The Servicer agrees that any notice, report, request for satisfaction of the Rating Agency Condition, document or other information provided by the Servicer to any Rating Agency under this Servicing Agreement or any other Basic Document to which it is a party for the purpose of determining the initial credit rating of the Securitization Bonds or undertaking credit rating surveillance of the Securitization Bonds with any Rating Agency, or satisfy the Rating Agency Condition, shall be substantially concurrently posted by the Servicer on the 17g-5 Website.

SERVICING PROCEDURES

The Servicer agrees to comply with the following servicing procedures:

SECTION 1. CAPITALIZED TERMS.

Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in the Securitization Property Servicing Agreement dated as of July 22, 2014 (the "Servicing Agreement") by and between Consumers Energy Company, as servicer, and Consumers 2014 Securitization Funding LLC.

SECTION 2. SERVICING PROCEDURES.

The following procedures will be used by the Servicer under the Servicing Agreement for calculating the Daily Remittance:

- (a) File Creation. Each Servicer Business Day, a file is created from the billing systems containing the billing data (i.e. Securitization Rate Class, total charges billed, total Securitization Charges billed and total kilowatt-hours delivered), and a file is created with collection data (i.e. total collections by Securitization Rate Class).
- (b) Billing Data. For an entire Billing Period, the total Billed Securitization Charges for each Securitization Rate Class are divided by the total charges billed by the Servicer (and Consumers Energy) for each Securitization Rate Class, creating the "Securitization Ratio" for each such Securitization Rate Class.
- (c) Collection Data. Each Servicer Business Day, after giving effect to collections (including Securitization Charge Collections) on such Servicer Business Day, the total collections for each Securitization Rate Class are multiplied by the prior Billing Period's Securitization Ratio for such Securitization Rate Class. The aggregate of such products for all Securitization Rate Classes constitutes the Daily Remittance for such Servicer Business Day.
- (d) Monthly Summary. At the end of each Billing Period, the total of the Daily Remittances for such Billing Period are summarized and reported to the Indenture Trustee.
- (e) Reconciliations. Reconciliations will be prepared within one month after the bank statement cutoff date. Explanations for reconciling items shall be included in the monthly summary and resolved during the State of Michigan escheatment period.

D-1

SERVICER CERTIFICATE

The undersigned hereby certifies that the undersigned is the duly elected and acting { } of CONSUMERS ENERGY COMPANY, as servicer (the “Servicer”) under the Securitization Property Servicing Agreement dated as of July 22, 2014 (the “Servicing Agreement”) by and between the Servicer and CONSUMERS 2014 SECURITIZATION FUNDING LLC, and further certifies that:

1. The undersigned is responsible for assessing the Servicer’s compliance with the servicing criteria set forth in Item 1122(d) of Regulation AB (the “Servicing Criteria”)

2. With respect to each of the Servicing Criteria, the undersigned has made the following assessment of the Servicing Criteria in accordance with Item 1122(d) of Regulation AB, with such discussion regarding the performance of such Servicing Criteria during the fiscal year covered by the Sponsor’s annual report on Form 10-K:

Regulation AB Reference	Servicing Criteria	Assessment
General Servicing Considerations		
1122(d)(1)(i)	Policies and procedures are instituted to monitor any performance or other triggers and events of default in accordance with the transaction agreements.	Applicable; assessment below.
1122(d)(1)(ii)	If any material servicing activities are outsourced to third parties, policies and procedures are instituted to monitor the third party’s performance and compliance with such servicing activities.	Not applicable; no servicing activities were outsourced.
1122(d)(1)(iii)	Any requirements in the transaction agreements to maintain a back-up servicer for pool assets are maintained.	Not applicable; transaction agreements do not provide for a back-up servicer.
1122(d)(1)(iv)	A fidelity bond and errors and omissions policy is in effect on the party participating in the servicing function throughout the reporting period in the amount of coverage required by and otherwise in accordance with the terms of the transaction agreements.	Not applicable; transaction agreements do not require a fidelity bond or errors and omissions policy.
Cash Collection and Administration		
1122(d)(2)(i)	Payments on pool assets are deposited into the appropriate custodial bank accounts and related bank clearing accounts no more than two business days following receipt, or such other number of days specified in the transaction agreements.	Applicable.
1122(d)(2)(ii)	Disbursements made via wire transfer on behalf of an obligor or to an investor are made only by authorized personnel.	Applicable.

Regulation AB Reference	Servicing Criteria	Assessment
1122(d)(2)(iii)	Advances of funds or guarantees regarding collections, cash flows or distributions, and any interest or other fees charged for such advances, are made, reviewed and approved as specified in the transaction agreements.	Applicable; no advances by the Servicer are permitted under the transaction agreements, except for payments of certain indemnities.
1122(d)(2)(iv)	The related accounts for the transaction, such as cash reserve accounts or accounts established as a form of overcollateralization, are separately maintained (e.g., with respect to commingling of cash) as set forth in the transaction agreements.	Applicable, but no current assessment is required since the related accounts are maintained by the Indenture Trustee.
1122(d)(2)(v)	Each custodial account is maintained at a federally insured depository institution as set forth in the transaction agreements. For purposes of this criterion, "federally insured depository institution" with respect to a foreign financial institution means a foreign financial institution that meets the requirements of Rule 13k-1(b)(1) under the Exchange Act.	Applicable, but no current assessment required; all "custodial accounts" are maintained by the Indenture Trustee.
1122(d)(2)(vi)	Unissued checks are safeguarded so as to prevent unauthorized access.	Not applicable; all payments made by wire transfer.
1122(d)(2)(vii)	Reconciliations are prepared on a monthly basis for all asset-backed securities related bank accounts, including custodial accounts and related bank clearing accounts. These reconciliations are: (A) mathematically accurate; (B) prepared within 30 calendar days after the bank statement cutoff date, or such other number of days specified in the transaction agreements; (C) reviewed and approved by someone other than the person who prepared the reconciliation; and (D) contain explanations for reconciling items. These reconciling items are resolved within 90 calendar days of their original identification, or such other number of days specified in the transaction agreements.	Applicable; assessment below.

Regulation AB Reference	Servicing Criteria	Assessment
Investor Remittances and Reporting		
1122(d)(3)(i)	Reports to investors, including those to be filed with the SEC, are maintained in accordance with the transaction agreements and applicable SEC requirements. Specifically, such reports: (A) are prepared in accordance with timeframes and other terms set forth in the transaction agreements; (B) provide information calculated in accordance with the terms specified in the transaction agreements; (C) are filed with the SEC as required by its rules and regulations; and (D) agree with investors' or the trustee's records as to the total unpaid principal balance and number of pool assets serviced by the servicer.	Applicable; assessment below.
1122(d)(3)(ii)	Amounts due to investors are allocated and remitted in accordance with timeframes, distribution priority and other terms set forth in the transaction agreements.	Not applicable; investor records maintained by the Indenture Trustee.
1122(d)(3)(iii)	Disbursements made to an investor are posted within two business days to the servicer's investor records, or such other number of days specified in the transaction agreements.	Applicable.
1122(d)(3)(iv)	Amounts remitted to investors per the investor reports agree with cancelled checks, or other form of payment, or custodial bank statements.	Applicable; assessment below.
Pool Asset Administration		
1122(d)(4)(i)	Collateral or security on pool assets is maintained as required by the transaction agreements or related pool asset documents.	Applicable; assessment below.
1122(d)(4)(ii)	Pool assets and related documents are safeguarded as required by the transaction agreements.	Applicable; assessment below.
1122(d)(4)(iii)	Any additions, removals or substitutions to the asset pool are made, reviewed and approved in accordance with any conditions or requirements in the transaction agreements.	Not applicable; no removals or substitutions of Securitization Property are contemplated or allowed under the transaction documents.
1122(d)(4)(iv)	Payments on pool assets, including any payoffs, made in accordance with the related pool asset documents are posted to the servicer's obligor records maintained no more than two business days after receipt, or such other number of days specified in the transaction agreements, and allocated to principal, interest or other items (e.g., escrow) in accordance with the related pool asset agreements.	Applicable; assessment below.

Regulation AB Reference	Servicing Criteria	Assessment
1122(d)(4)(v)	The servicer's records regarding the pool assets agree with the servicer's records with respect to an obligor's unpaid principal balance.	Not applicable; because underlying obligation (Securitization Charge) is not an interest-bearing instrument.
1122(d)(4)(vi)	Changes with respect to the terms or status of an obligor's pool assets (e.g., loan modifications or re-agings) are made, reviewed and approved by authorized personnel in accordance with the transaction agreements and related pool asset documents.	Applicable; assessment below.
1122(d)(4)(vii)	Loss mitigation or recovery actions (e.g., forbearance plans, modifications and deeds in lieu of foreclosure, foreclosures and repossessions, as applicable) are initiated, conducted and concluded in accordance with the timeframes or other requirements established by the transaction agreements.	Applicable; limited assessment below. Servicer actions governed by Commission regulations.
1122(d)(4)(viii)	Records documenting collection efforts are maintained during the period a pool asset is delinquent in accordance with the transaction agreements. Such records are maintained on at least a monthly basis, or such other period specified in the transaction agreements, and describe the entity's activities in monitoring delinquent pool assets, including, for example, phone calls, letters and payment rescheduling plans in cases where delinquency is deemed temporary (e.g., illness or unemployment).	Applicable, but does not require assessment since no explicit documentation requirement with respect to delinquent accounts are imposed under the transaction agreements due to availability of "true-up" mechanism.
1122(d)(4)(ix)	Adjustments to interest rates or rates of return for pool assets with variable rates are computed based on the related pool asset documents.	Not applicable; Securitization Charges are not interest-bearing instruments.
1122(d)(4)(x)	Regarding any funds held in trust for an obligor (such as escrow accounts): (A) such funds are analyzed, in accordance with the obligor's pool asset documents, on at least an annual basis, or such other period specified in the transaction agreements; (B) interest on such funds is paid, or credited, to obligors in accordance with applicable pool asset documents and state laws; and (C) such funds are returned to the obligor within 30 calendar days of full repayment of the related pool assets, or such other number of days specified in the transaction agreements.	Not applicable.

Regulation AB Reference	Servicing Criteria	Assessment
1122(d)(4)(xi)	Payments made on behalf of an obligor (such as tax or insurance payments) are made on or before the related penalty or expiration dates, as indicated on the appropriate bills or notices for such payments, provided that such support has been received by the servicer at least 30 calendar days prior to these dates, or such other number of days specified in the transaction agreements.	Not applicable; Servicer does not make payments on behalf of obligors.
1122(d)(4)(xii)	Any late payment penalties in connection with any payment to be made on behalf of an obligor are paid from the servicer's funds and not charged to the obligor, unless the late payment was due to the obligor's error or omission.	Not applicable; Servicer cannot make advances of its own funds on behalf of customers under the transaction agreements.
1122(d)(4)(xiii)	Disbursements made on behalf of an obligor are posted within two business days to the obligor's records maintained by the servicer, or such other number of days specified in the transaction agreements.	Not applicable; Servicer cannot make advances of its own funds on behalf of customers to pay principal or interest on the bonds.
1122(d)(4)(xiv)	Delinquencies, charge-offs and uncollectible accounts are recognized and recorded in accordance with the transaction agreements.	Applicable; assessment below.
1122(d)(4)(xv)	Any external enhancement or other support, identified in Item 1114(a)(1) through (3) or Item 1115 of Regulation AB, is maintained as set forth in the transaction agreements.	Not applicable; no external enhancement is required under the transaction agreements.

3. To the best of the undersigned's knowledge, based on such review, the Servicer is in compliance in all material respects with the applicable servicing criteria set forth above as of and for the period ended the end of the fiscal year covered by the Sponsor's annual report on Form 10-K. {If not true, include description of any material instance of noncompliance.}

RECITALS

WHEREAS, the Issuer desires to purchase the Securitization Property created pursuant to the Securitization Law;

WHEREAS, the Seller is willing to sell its rights and interests under the Financing Order to the Issuer, whereupon such rights and interests will become the Securitization Property;

WHEREAS, the Issuer, in order to finance the purchase of the Securitization Property, will issue the Securitization Bonds under the Indenture; and

WHEREAS, the Issuer, to secure its obligations under the Securitization Bonds and the Indenture, will pledge, among other things, all right, title and interest of the Issuer in and to the Securitization Property and this Sale Agreement to the Indenture Trustee for the benefit of the Secured Parties.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the parties hereto agree as follows:

ARTICLE I DEFINITIONS AND RULES OF CONSTRUCTION

SECTION 1.01. Definitions and Rules of Construction. Capitalized terms used but not otherwise defined in this Sale Agreement shall have the respective meanings given to such terms in Appendix A, which is hereby incorporated by reference into this Sale Agreement as if set forth fully in this Sale Agreement. Not all terms defined in Appendix A are used in this Sale Agreement. The rules of construction set forth in Appendix A shall apply to this Sale Agreement and are hereby incorporated by reference into this Sale Agreement as if set forth fully in this Sale Agreement.

ARTICLE II CONVEYANCE OF SECURITIZATION PROPERTY

SECTION 2.01. Conveyance of Securitization Property.

(a) In consideration of the Issuer's delivery to or upon the order of the Seller of \$354,437,762.02, subject to the conditions specified in Section 2.02, the Seller does hereby irrevocably sell, transfer, assign, set over and otherwise convey to the Issuer, without recourse or warranty, except as set forth herein, all right, title and interest of the Seller in and to the Securitization Property (such sale, transfer, assignment, setting over and conveyance of the Securitization Property includes, to the fullest extent permitted by the Securitization Law and

the Michigan UCC, the property, rights and interests of Consumers Energy under the Financing Order, including the right to impose, collect and receive Securitization Charges, the right to obtain True-Up Adjustments and all revenue, collections, payments, moneys and proceeds arising out of the rights and interests created under the Financing Order). Such sale, transfer, assignment, setting over and conveyance is hereby expressly stated to be a sale or other absolute transfer and, pursuant to Section 10(1) of the Securitization Law, shall be treated as a true sale and not as a secured transaction. The Seller and the Issuer agree that after giving effect to the sale, transfer, assignment, setting over and conveyance contemplated hereby the Seller has no right, title or interest in or to the Securitization Property to which a security interest could attach because (i) it has sold, transferred, assigned, set over and conveyed all right, title and interest in and to the Securitization Property to the Issuer, (ii) as provided in Section 10(1) of the Securitization Law, legal and equitable title shall have passed to the Issuer and (iii) as provided in Section 10m(3) of the Securitization Law, appropriate financing statements have been filed and such transfer is perfected against all third parties, including subsequent judicial or other lien creditors. If such sale, transfer, assignment, setting over and conveyance is held by any court of competent jurisdiction not to be a true sale as provided in Section 10(1) of the Securitization Law, then such sale, transfer, assignment, setting over and conveyance shall be treated as a pledge of the Securitization Property and as the creation of a security interest (within the meaning of the Securitization Law and the UCC) in the Securitization Property and, without prejudice to its position that it has absolutely transferred all of its rights in the Securitization Property to the Issuer, the Seller hereby grants a security interest in the Securitization Property to the Issuer (and to the Indenture Trustee for the benefit of the Secured Parties) to secure their respective rights under the Basic Documents to receive the Securitization Charges and all other Securitization Property.

(b) Subject to Section 2.02, the Issuer does hereby purchase the Securitization Property from the Seller for the consideration set forth in Section 2.01(a).

SECTION 2.02. Conditions to Conveyance of Securitization Property. The obligation of the Issuer to purchase Securitization Property on the Closing Date shall be subject to the satisfaction of each of the following conditions:

- (a) on or prior to the Closing Date, the Seller shall have delivered to the Issuer a duly executed Bill of Sale identifying the Securitization Property to be conveyed on the Closing Date;
- (b) on or prior to the Closing Date, the Seller shall have obtained the Financing Order creating the Securitization Property;
- (c) as of the Closing Date, the Seller is not insolvent and will not have been made insolvent by such sale and the Seller is not aware of any pending insolvency with respect to itself;
- (d) as of the Closing Date, (i) the representations and warranties of the Seller set forth in this Sale Agreement shall be true and correct with the same force and effect as if made on the Closing Date (except to the extent that they relate to an earlier date), (ii) on and as of the

Closing Date no breach of any covenant or agreement of the Seller contained in this Sale Agreement has occurred and is continuing and (iii) no Servicer Default shall have occurred and be continuing;

(e) as of the Closing Date, (i) the Issuer shall have sufficient funds available to pay the purchase price for the Securitization Property to be conveyed on such date and (ii) all conditions to the issuance of the Securitization Bonds intended to provide such funds set forth in the Indenture shall have been satisfied or waived;

(f) on or prior to the Closing Date, the Seller shall have taken all action required to transfer to the Issuer ownership of the Securitization Property to be conveyed on such date, free and clear of all Liens other than Liens created by the Issuer pursuant to the Basic Documents and to perfect such transfer, including filing any statements or filings under the Securitization Law or the UCC, and the Issuer or the Servicer, on behalf of the Issuer, shall have taken any action required for the Issuer to grant the Indenture Trustee a first priority perfected security interest in the Securitization Bond Collateral and maintain such security interest as of such date;

(g) the Seller shall have delivered to the Rating Agencies and the Issuer any Opinions of Counsel required by the Rating Agencies;

(h) the Seller shall have received and delivered to the Issuer and the Indenture Trustee an opinion or opinions of outside tax counsel (as selected by the Seller, and in form and substance reasonably satisfactory to the Issuer and the Indenture Trustee) to the effect that, for U.S. federal income tax purposes, (i) the Issuer will not be treated as a taxable entity separate and apart from its sole owner, (ii) the Securitization Bonds will be treated as debt of the Issuer's sole owner and (iii) the Seller will not be treated as recognizing gross income upon the issuance of the Securitization Bonds;

(i) on and as of the Closing Date, each of the Certificate of Formation, the LLC Agreement, the Servicing Agreement, this Sale Agreement, the Indenture, the Financing Order and the Securitization Law shall be in full force and effect;

(j) the Securitization Bonds shall have received any rating or ratings required by the Financing Order; and

(k) the Seller shall have delivered to the Indenture Trustee and the Issuer an Officer's Certificate confirming the satisfaction of each condition precedent specified in this Section 2.02.

ARTICLE III REPRESENTATIONS AND WARRANTIES OF SELLER

Subject to Section 3.09, the Seller makes the following representations and warranties, as of the Closing Date, and the Seller acknowledges that the Issuer has relied thereon in acquiring the Securitization Property. The representations and warranties shall survive the sale and transfer of Securitization Property to the Issuer and the pledge thereof to the Indenture Trustee pursuant to the Indenture. The Seller agrees that (i) the Issuer may assign the right to enforce the

following representations and warranties to the Indenture Trustee and (ii) the following representations and warranties inure to the benefit of the Issuer and the Indenture Trustee.

SECTION 3.03. Power and Authority. The Seller has the requisite corporate power and authority to execute and deliver this Sale Agreement and to carry out its terms. The Seller has full corporate power and authority to own the Securitization Property and to sell and assign the Securitization Property to the Issuer. SECTION 3.05. No Violation. The consummation of the transactions contemplated by this Sale Agreement and the fulfillment of the terms hereof do not: (a) conflict with or result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the Seller's organizational documents or any indenture or other agreement or instrument to which the Seller is a party or by which it or any of its properties is bound; (b) result in the creation or imposition of any Lien upon any of the Seller's properties pursuant to the terms of any such indenture, agreement or other instrument (other than any Lien that may be granted in the Issuer's favor or any Lien created in favor of the Indenture Trustee for the benefit of the Holders pursuant to the Securitization Law or any other Lien that may be granted under the Basic Documents); or (c) violate any existing law or any existing order, rule or regulation applicable to the Seller issued by any Governmental Authority having jurisdiction

over the Seller or its properties.

SECTION 3.06. No Proceedings. There are no proceedings pending, and, to the Seller's knowledge, there are no proceedings threatened, and, to the Seller's knowledge, there are no investigations pending or threatened, in each case, before any Governmental Authority having jurisdiction over the Seller or its properties involving or relating to the Seller or the Issuer or, to the Seller's knowledge, any other Person: (a) asserting the invalidity of the Securitization Law, the Financing Order, this Sale Agreement, any of the other Basic Documents or the Securitization Bonds; (b) seeking to prevent the issuance of the Securitization Bonds or the consummation of any of the transactions contemplated by this Sale Agreement or any of the other Basic Documents; (c) seeking any determination or ruling that could reasonably be expected to materially and adversely affect the performance by the Seller of its obligations under, or the validity or enforceability of, the Securitization Law, the Financing Order, this Sale Agreement, any of the other Basic Documents or the Securitization Bonds; or (d) seeking to adversely affect the U.S. federal income tax or state income or franchise tax classification of the Securitization Bonds as debt.

No portion of the Securitization Property has been sold, transferred, assigned, pledged or otherwise conveyed by the Seller to any Person other than the Issuer, and, to the Seller's knowledge (after due inquiry), no security agreement, financing statement or equivalent security or lien instrument listing the Seller as debtor covering all or any part of the Securitization Property is on file or of record in any jurisdiction, except such as may have been filed, recorded or made in favor of the Issuer or the Indenture Trustee in connection with the

Basic Documents. The Seller has not authorized the filing of and is not aware (after due inquiry) of any financing statement against it that includes a description of collateral including the Securitization Property other than any financing statement filed, recorded or made in favor of the Issuer or the Indenture Trustee in connection with the Basic Documents. At the Closing Date, immediately prior to the sale of the Securitization Property hereunder, the Seller is the original and the sole owner of the Securitization Property free and clear of all Liens and rights of any other Person, and no offsets, defenses or counterclaims exist or have been asserted with respect thereto.

(c) Transfer Filings. On the Closing Date, immediately upon the sale hereunder, the Securitization Property shall be validly transferred and sold to the Issuer, the Issuer shall own all the Securitization Property free and clear of all Liens (except for the Lien created in favor of the Indenture Trustee granted under the Indenture and perfected pursuant to the Securitization Law) and all filings and actions to be made or taken by the Seller (including filings with the Michigan Department of State pursuant to the Securitization Law) necessary in any jurisdiction to give the Issuer a perfected ownership interest (subject to any Lien created in favor of the Indenture Trustee for the benefit of the Holders pursuant to the Indenture and perfected pursuant to the Securitization Law) in the Securitization Property have been made or taken. All filings and action have also been made or taken to perfect the security interest in the Securitization Property granted by the Seller to the Issuer (subject to any Lien created in favor of the Indenture Trustee for the benefit of the Holders pursuant to the Indenture and perfected pursuant to the Securitization Law) and, to the extent necessary, the Indenture Trustee pursuant to Section 2.01.

(d) Financing Order; Other Approvals. On the Closing Date, under the laws of the State of Michigan and the United States in effect on the Closing Date: (i) the Financing Order pursuant to which the rights and interests of the Seller, including the right of Consumers Energy and any Successor to impose, collect and receive the Securitization Charges and the interest in and to the Securitization Property transferred on such date have been created, is Final and is in full force and effect; (ii) as of the issuance of the Securitization Bonds, the Securitization Bonds are entitled to the protection of the Securitization Law and, accordingly, the Financing Order and the Securitization Charges are not revocable by the Commission; (iii) as of the issuance of the Securitization Bonds, the Securitization Rate Schedule has been filed and is in full force and effect, the Securitization Rate Schedule is consistent with the Financing Order, and any electric tariff implemented consistent with a financing order issued by the Commission is not subject to modification by the Commission except for true-up adjustments made in accordance with the Securitization Law; (iv) the process by which the Financing Order creating the Securitization Property transferred on such date was adopted and approved complies with all applicable laws, rules and regulations; (v) the Financing Order is not subject to appeal and is legally enforceable, and the process by which it was issued complied with all applicable laws, rules and regulations; and (vi) no other approval, authorization, consent, order or other action of, or filing with, any Governmental Authority is required in connection with

the creation of the Securitization Property transferred on such date, except those that have been obtained or made.

(e) State Action. Under the Securitization Law, the State of Michigan may not take or permit any action that would impair the value of the Securitization Property, reduce or alter, except as allowed under Section 10k(3) of the Securitization Law, or impair the Securitization Charges to be imposed, collected and remitted to the Issuer, until the principal, interest and premium, and any other charges incurred and contracts to be performed, in connection with the Securitization Bonds have been paid and performed in full. Under the contract clauses of the State of Michigan and United States Constitutions, the State of Michigan, including the Commission, could not constitutionally take any action of a legislative character, including the repeal or amendment of the Securitization Law or the Financing Order (including repeal or amendment by voter initiative as defined in the Michigan Constitution or by amendment of the Michigan Constitution), that would substantially impair the value of the Securitization Property or substantially reduce or alter, except as allowed under Section 10k(3) of the Securitization Law, or substantially impair the Securitization Charges to be imposed, collected and remitted to the Issuer, unless this action is a reasonable exercise of the State of Michigan's sovereign powers and of a character reasonable and appropriate to the public purpose justifying this action and, under the takings clauses of the State of Michigan and United States Constitutions, the State of Michigan, including the Commission, could not repeal or amend the Securitization Law or the Financing Order (including repeal or amendment by voter initiative as defined in the Michigan Constitution or by amendment of the Michigan Constitution) or take any other action in contravention of its pledge described in the first sentence of this Section 3.08(e), without paying just compensation to the Holders, as determined by a court of competent jurisdiction, if this action would constitute a permanent appropriation of a substantial property interest of the Holders in the Securitization Property and deprive the Holders of their reasonable expectations arising from their investment in the Securitization Bonds. However, there is no assurance that, even if a court were to award just compensation, it would be sufficient to pay the full amount of principal of and interest on the Securitization Bonds.

(f) Assumptions. On the Closing Date, based upon the information available to the Seller on such date, the assumptions used in calculating the Securitization Charges are reasonable and are made in good faith. Notwithstanding the foregoing, the Seller makes no representation or warranty, express or implied, that amounts actually collected arising from those Securitization Charges will in fact be sufficient to meet the payment obligations on the related Securitization Bonds or that the assumptions used in calculating such Securitization Charges will in fact be realized.

(g) Creation of Securitization Property. Upon the effectiveness of the Financing Order and the transfer of the Securitization Property pursuant to this Sale Agreement: (i) the rights and interests of the Seller under the Financing Order, including the right of the Seller and any Successor to impose, collect and receive the Securitization Charges authorized in the Financing Order, become "securitization property" as defined in the Securitization Law; (ii) the Securitization Property constitutes a present property right vested in the Issuer; (iii) the Securitization Property includes (A) the rights and interests of the Seller in the Financing Order, including the right of the Seller and any Successor to impose, collect and receive Securitization Charges from Customers, and including the right to obtain True-Up

Adjustments, and all revenue, collections, payments, money and proceeds arising out of rights and interests created under the Financing Order, and (B) the right of the Seller and any Successor to impose, collect and receive periodic adjustments (with respect to adjustments, in the manner and with the effect provided in [Section 4.01\(b\)](#) of the Servicing Agreement) of such Securitization Charges, and the rates and other charges authorized by the Financing Order and all revenue, collections, payments, money and proceeds of or arising out of the Securitization Charges; (iv) the owner of the Securitization Property is legally entitled to bill Securitization Charges for a period not greater than 15 years after the date the Securitization Charges are first billed and to collect and post payments in respect of the Securitization Charges in the aggregate sufficient to pay the interest on and principal of the Securitization Bonds in accordance with the Indenture, to pay Ongoing Other Qualified Costs and to replenish the Capital Subaccount to the Required Capital Level until the Securitization Bonds are paid in full; and (v) the Securitization Property is not subject to any Lien other than any Lien created in favor of the Indenture Trustee for the benefit of the Holders pursuant to the Indenture and perfected pursuant to the Securitization Law.

(h) **Nature of Representations and Warranties.** The representations and warranties set forth in this [Section 3.08](#), insofar as they involve conclusions of law, are made not on the basis that the Seller purports to be a legal expert or to be rendering legal advice, but rather to reflect the parties' good faith understanding of the legal basis on which the parties are entering into this Sale Agreement and the other Basic Documents and the basis on which the Holders are purchasing the Securitization Bonds, and to reflect the parties' agreement that, if such understanding turns out to be incorrect or inaccurate, the Seller will be obligated to indemnify the Issuer and its permitted assigns (to the extent required by and in accordance with [Section 5.01](#)), and that the Issuer and its permitted assigns will be entitled to enforce any rights and remedies under the Basic Documents on account of such inaccuracy to the same extent as if the Seller had breached any other representations or warranties hereunder.

(i) **Prospectus.** As of the date hereof, the information describing the Seller under the caption "The Depositor, Seller, Initial Servicer and Sponsor" in the prospectus dated July 14, 2014 relating to the Securitization Bonds is true and correct in all material respects.

(j) **Solvency.** After giving effect to the sale of the Securitization Property hereunder, the Seller:

- (i) is solvent and expects to remain solvent;
- (ii) is adequately capitalized to conduct its business and affairs considering its size and the nature of its business and intended purpose;
- (iii) is not engaged in nor does it expect to engage in a business for which its remaining property represents unreasonably small capital;
- (iv) reasonably believes that it will be able to pay its debts as they come due; and

(v) is able to pay its debts as they mature and does not intend to incur, or believes that it will not incur, indebtedness that it will not be able to repay at its maturity.

(k) No Court Order. There is no order by any court providing for the revocation, alteration, limitation or other impairment of the Securitization Law, the Financing Order, the Securitization Property or the Securitization Charges or any rights arising under any of them or that seeks to enjoin the performance of any obligations under the Financing Order.

(l) Survival of Representations and Warranties. The representations and warranties set forth in this Section 3.08 shall survive the execution and delivery of this Sale Agreement and may not be waived by any party hereto except pursuant to a written agreement executed in accordance with Article VI and as to which the Rating Agency Condition has been satisfied.

SECTION 3.09. Limitations on Representations and Warranties. Without prejudice to any of the other rights of the parties, the Seller will not be in breach of any representation or warranty as a result of a change in law by means of any legislative enactment, constitutional amendment or voter initiative. **The Seller makes no representation or warranty, express or implied, that Billed Securitization Charges will be actually collected from Customers.**

ARTICLE IV COVENANTS OF THE SELLER

SECTION 4.01. Existence. Subject to Section 5.02, so long as any of the Securitization Bonds are Outstanding, the Seller (a) will keep in full force and effect its existence and remain in good standing under the laws of the jurisdiction of its organization, (b) will obtain and preserve its qualification to do business in each jurisdiction where such existence or qualification is or shall be necessary to protect the validity and enforceability of this Sale Agreement, the other Basic Documents to which the Seller is a party and each other instrument or agreement necessary or appropriate to the proper administration of this Sale Agreement and the transactions contemplated hereby or to the extent necessary for the Seller to perform its obligations hereunder or thereunder and (c) will continue to operate its electric distribution system to provide service to its Customers.

SECTION 4.02. No Liens. Except for the conveyances hereunder or any Lien pursuant to the Indenture in favor of the Indenture Trustee for the benefit of the Holders and any Lien that may be granted under the Basic Documents, the Seller will not sell, pledge, assign or transfer, or grant, create, incur, assume or suffer to exist any Lien on, any of the Securitization Property, or any interest therein, and the Seller shall defend the right, title and interest of the Issuer and the Indenture Trustee, on behalf of the Secured Parties, in, to and under the Securitization Property against all claims of third parties claiming through or under the Seller. Consumers Energy, in its capacity as the Seller, will not at any time assert any Lien against, or with respect to, any of the Securitization Property.

SECTION 4.03. Delivery of Collections. In the event that the Seller receives any Securitization Charge Collections or other payments in respect of the Securitization Charges or the proceeds thereof other than in its capacity as the Servicer, the Seller agrees to pay to the

Servicer, on behalf of the Issuer, all payments received by it in respect thereof as soon as practicable after receipt thereof. Prior to such remittance to the Servicer by the Seller, the Seller agrees that such amounts are held by it in trust for the Issuer and the Indenture Trustee.

SECTION 4.04. Notice of Liens. The Seller shall notify the Issuer and the Indenture Trustee promptly after becoming aware of any Lien on any of the Securitization Property, other than the conveyances hereunder and any Lien pursuant to the Basic Documents, including the Lien in favor of the Indenture Trustee for the benefit of the Holders.

SECTION 4.05. Compliance with Law. The Seller hereby agrees to comply with its organizational documents and all laws, treaties, rules, regulations and determinations of any Governmental Authority applicable to it, except to the extent that failure to so comply would not materially adversely affect the Issuer's or the Indenture Trustee's interests in the Securitization Property or under any of the Basic Documents to which the Seller is party or the Seller's performance of its obligations hereunder or under any of the other Basic Documents to which it is party.

SECTION 4.06. Covenants Related to Securitization Bonds and Securitization Property.

(a) So long as any of the Securitization Bonds are Outstanding, the Seller shall treat the Securitization Property as the Issuer's property for all purposes other than financial reporting, state or U.S. federal regulatory or tax purposes, and the Seller shall treat the Securitization Bonds as debt for all purposes and specifically as debt of the Issuer, other than for financial reporting, state or U.S. federal regulatory or tax purposes.

(b) Solely for the purposes of U.S. federal taxes and, to the extent consistent with applicable state, local and other tax law, for purposes of state, local and other taxes, so long as any of the Securitization Bonds are Outstanding, the Seller agrees to treat the Securitization Bonds as indebtedness of the Seller (as the sole owner of the Issuer) secured by the Securitization Bond Collateral unless otherwise required by appropriate taxing authorities.

(c) So long as any of the Securitization Bonds are Outstanding, the Seller shall disclose in its financial statements that the Issuer and not the Seller is the owner of the Securitization Property and that the assets of the Issuer are not available to pay creditors of the Seller or its Affiliates (other than the Issuer).

(d) So long as any of the Securitization Bonds are Outstanding, the Seller shall not own or purchase any Securitization Bonds.

(e) So long as the Securitization Bonds are Outstanding, the Seller shall disclose the effects of all transactions between the Seller and the Issuer in accordance with generally accepted accounting principles.

(f) The Seller agrees that, upon the sale by the Seller of the Securitization Property to the Issuer pursuant to this Sale Agreement, (i) to the fullest extent permitted by law, including

applicable Commission Regulations and the Securitization Law, the Issuer shall have all of the rights originally held by the Seller with respect to the Securitization Property, including the right (subject to the terms of the Servicing Agreement) to exercise any and all rights and remedies to collect any amounts payable by any Customer in respect of the Securitization Property, notwithstanding any objection or direction to the contrary by the Seller (and the Seller agrees not to make any such objection or to take any such contrary action) and (ii) any payment by any Customer directly to the Issuer shall discharge such Customer's obligations, if any, in respect of the Securitization Property to the extent of such payment, notwithstanding any objection or direction to the contrary by the Seller.

(g) So long as any of the Securitization Bonds are Outstanding, (i) in all proceedings relating directly or indirectly to the Securitization Property, the Seller shall affirmatively certify and confirm that it has sold all of its rights and interests in and to such property (other than for financial reporting, regulatory or tax purposes), (ii) the Seller shall not make any statement or reference in respect of the Securitization Property that is inconsistent with the ownership interest of the Issuer (other than for financial accounting or tax purposes or as required for state or U.S. federal regulatory purposes), (iii) the Seller shall not take any action in respect of the Securitization Property except solely in its capacity as the Servicer thereof pursuant to the Servicing Agreement or as otherwise contemplated by the Basic Documents and (iv) neither the Seller nor the Issuer shall take any action, file any tax return or make any election inconsistent with the treatment of the Issuer, for U.S. federal income tax purposes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, as a disregarded entity that is not separate from the Seller (or, if relevant, from another sole owner of the Issuer).

SECTION 4.07. Protection of Title. The Seller shall execute and file such filings, including filings with the Michigan Department of State pursuant to the Securitization Law, and cause to be executed and filed such filings, all in such manner and in such places as may be required by law to fully preserve, maintain, protect and perfect the ownership interest of the Issuer, and the back-up precautionary security interest of the Issuer pursuant to Section 2.01, and the first priority security interest of the Indenture Trustee in the Securitization Property, including all filings required under the Securitization Law and the UCC relating to the transfer of the ownership of the rights and interest in the Securitization Property by the Seller to the Issuer or the pledge of the Issuer's interest in the Securitization Property to the Indenture Trustee. The Seller shall deliver or cause to be delivered to the Issuer and the Indenture Trustee file-stamped copies of, or filing receipts for, any document filed as provided above, as soon as available following such filing. The Seller shall institute any action or proceeding necessary to compel performance by the Commission, the State of Michigan or any of their respective agents of any of their obligations or duties under the Securitization Law or the Financing Order, and the Seller agrees to take such legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, in each case as may be reasonably necessary (a) to seek to protect the Issuer and the Secured Parties from claims, state actions or other actions or proceedings of third parties that, if successfully pursued, would result in a breach of any representation set forth in Article III or any covenant set forth in Article IV and (b) to seek to block or overturn any attempts to cause a repeal of, modification of or supplement to the Securitization Law or the Financing Order or the rights of Holders by legislative enactment or constitutional amendment that would be materially adverse to the Issuer

or the Secured Parties or that would otherwise cause an impairment of the rights of the Issuer or the Secured Parties. The costs of any such actions or proceedings will be payable by the Seller.

SECTION 4.08. Nonpetition Covenants. Notwithstanding any prior termination of this Sale Agreement or the Indenture, the Seller shall not, prior to the date that is one year and one day after the termination of the Indenture and payment in full of the Securitization Bonds or any other amounts owed under the Indenture, petition or otherwise invoke or cause the Issuer to invoke the process of any Governmental Authority for the purpose of commencing or sustaining an involuntary case against the Issuer under any U.S. federal or state bankruptcy, insolvency or similar law, appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of the Issuer or any substantial part of the property of the Issuer, or ordering the winding up or liquidation of the affairs of the Issuer.

SECTION 4.09. Taxes. So long as any of the Securitization Bonds are outstanding, the Seller shall, and shall cause each of its subsidiaries to, pay all taxes, assessments and governmental charges imposed upon it or any of its properties or assets or with respect to any of its franchises, business, income or property before any penalty accrues thereon if the failure to pay any such taxes, assessments and governmental charges would, after any applicable grace periods, notices or other similar requirements, result in a Lien on the Securitization Property; provided, that no such tax need be paid if the Seller or one of its Affiliates is contesting the same in good faith by appropriate proceedings promptly instituted and diligently conducted and if the Seller or such Affiliate has established appropriate reserves as shall be required in conformity with generally accepted accounting principles.

SECTION 4.10. Notice of Breach to Rating Agencies, Etc. Promptly after obtaining knowledge thereof, in the event of a breach in any material respect (without regard to any materiality qualifier contained in such representation, warranty or covenant) of any of the Seller's representations, warranties or covenants contained herein, the Seller shall promptly notify the Issuer, the Indenture Trustee and the Rating Agencies of such breach. For the avoidance of doubt, any breach that would adversely affect scheduled payments on the Securitization Bonds will be deemed to be a material breach for purposes of this Section 4.10.

SECTION 4.11. Use of Proceeds. The Seller shall use the proceeds of the sale of the Securitization Property in accordance with the Financing Order and the Securitization Law.

SECTION 4.12. Further Assurances. Upon the request of the Issuer, the Seller shall execute and deliver such further instruments and do such further acts as may be reasonably necessary to carry out the provisions and purposes of this Sale Agreement.

SECTION 4.13. Intercreditor Agreement. The Seller shall not become a party to any (i) trade receivables purchase and sale agreement or similar arrangement under which it sells all or any portion of its accounts receivables owing from Michigan electric distribution customers unless the Indenture Trustee, the Seller and the other parties to such additional arrangement shall have entered into the Intercreditor Agreement in connection therewith and the

terms of the documentation evidencing such trade receivables purchase and sale arrangement or similar arrangement shall expressly exclude Securitization Property (including Securitization Charges) from any receivables or other assets pledged or sold under such arrangement or (ii) sale agreement selling to any other Affiliate property consisting of charges similar to the securitization charges sold pursuant to this Sale Agreement, payable by Customers pursuant to the Securitization Law or any similar law, unless the Seller and the other parties to such arrangement shall have entered into the Intercreditor Agreement in connection with any agreement or similar arrangement described in this Section 4.13.

ARTICLE V
THE SELLER

SECTION 5.01. Liability of Seller; Indemnities.

(a) The Seller shall be liable in accordance herewith only to the extent of the obligations specifically undertaken by the Seller under this Sale Agreement.

(b) The Seller shall indemnify the Issuer and the Indenture Trustee (for the benefit of the Secured Parties) and each of their respective officers, directors, employees, trustees, managers and agents for, and defend and hold harmless each such Person from and against, any and all taxes (other than taxes imposed on Holders as a result of their ownership of a Securitization Bond) that may at any time be imposed on or asserted against any such Person as a result of the sale of the Securitization Property to the Issuer, including any franchise, sales, gross receipts, general corporation, tangible personal property, privilege or license taxes, but excluding any taxes imposed as a result of a failure of such Person to withhold or remit taxes with respect to payments on any Securitization Bond, it being understood that the Holders shall be entitled to enforce their rights against the Seller under this Section 5.01(b) solely through a cause of action brought for their benefit by the Indenture Trustee.

(c) The Seller shall indemnify the Issuer and the Indenture Trustee (for the benefit of the Secured Parties) and each of their respective officers, directors, employees, trustees, managers and agents for, and defend and hold harmless each such Person from and against, any and all taxes (other than taxes imposed on Holders as a result of their ownership of a Securitization Bond) that may at any time be imposed on or asserted against any such Person as a result of the Issuer's ownership and assignment of the Securitization Property, the issuance and sale by the Issuer of the Securitization Bonds or the other transactions contemplated in the Basic Documents, including any franchise, sales, gross receipts, general corporation, tangible personal property, privilege or license taxes, but excluding any taxes imposed as a result of a failure of such Person to withhold or remit taxes with respect to payments on any Securitization Bond.

(d) The Seller shall indemnify the Issuer, the Indenture Trustee (for the benefit of the Secured Parties) and each of their respective officers, directors, employees and agents for, and defend and hold harmless each such Person from and against, all Losses that may be imposed on, incurred by or asserted against each such Person, in each such case, as a result of the

Seller's breach of any of its representations, warranties or covenants contained in this Sale Agreement.

(e) Indemnification under Section 5.01(b), Section 5.01(c), Section 5.01(d) and Section 5.01(f) shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable attorneys' fees and expenses), except as otherwise expressly provided in this Sale Agreement.

(f) The Seller shall indemnify the Indenture Trustee (for itself) and each Independent Manager, and any of their respective officers, directors, employees and agents (each, an "Indemnified Person"), for, and defend and hold harmless each such Person from and against, any and all Losses incurred by any of such Indemnified Persons as a result of the Seller's breach of any of its representations and warranties or covenants contained in this Sale Agreement, except to the extent of Losses either resulting from the willful misconduct, bad faith or gross negligence of such Indemnified Person or resulting from a breach of a representation or warranty made by such Indemnified Person in any of the Basic Documents that gives rise to the Seller's breach. The Seller shall not be required to indemnify an Indemnified Person for any amount paid or payable by such Indemnified Person in the settlement of any action, proceeding or investigation without the prior written consent of the Seller, which consent shall not be unreasonably withheld. Promptly after receipt by an Indemnified Person of notice of the commencement of any action, proceeding or investigation, such Indemnified Person shall, if a claim in respect thereof is to be made against the Seller under this Section 5.01(f), notify the Seller in writing of the commencement thereof. Failure by an Indemnified Person to so notify the Seller shall relieve the Seller from the obligation to indemnify and hold harmless such Indemnified Person under this Section 5.01(f) only to the extent that the Seller suffers actual prejudice as a result of such failure. With respect to any action, proceeding or investigation brought by a third party for which indemnification may be sought under this Section 5.01(f), the Seller shall be entitled to conduct and control, at its expense and with counsel of its choosing that is reasonably satisfactory to such Indemnified Person, the defense of any such action, proceeding or investigation (in which case the Seller shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the Indemnified Person except as set forth below); provided, that the Indemnified Person shall have the right to participate in such action, proceeding or investigation through counsel chosen by it and at its own expense. Notwithstanding the Seller's election to assume the defense of any action, proceeding or investigation, the Indemnified Person shall have the right to employ separate counsel (including local counsel), and the Seller shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the defendants in any such action include both the Indemnified Person and the Seller and the Indemnified Person shall have reasonably concluded that there may be legal defenses available to it that are different from or additional to those available to the Seller, (ii) the Seller shall not have employed counsel reasonably satisfactory to the Indemnified Person to represent the Indemnified Person within a reasonable time after notice of the institution of such action, (iii) the Seller shall authorize the Indemnified Person to employ separate counsel at the expense of the Seller or (iv) in the case of the Indenture Trustee, such action exposes the Indenture Trustee to a material risk of criminal liability or forfeiture or a Servicer Default has occurred and is continuing. Notwithstanding the foregoing, the Seller shall not be obligated to pay for the fees, costs and expenses of more than one separate counsel for the Indemnified Persons other than one local counsel, if appropriate.

(g) The Seller shall indemnify the Servicer (if the Servicer is not the Seller) for the costs of any action instituted by the Servicer pursuant to Section 5.02(d) of the Servicing Agreement that are not paid as Operating Expenses in accordance with the priorities set forth in Section 8.02(e) of the Indenture.

(h) The remedies provided in this Sale Agreement are the sole and exclusive remedies against the Seller for breach of its representations and warranties in this Sale Agreement.

(i) Indemnification under this Section 5.01 shall survive any repeal of, modification of, or supplement to, or judicial invalidation of, the Securitization Law or the Financing Order and shall survive the resignation or removal of the Indenture Trustee or the termination of this Sale Agreement and will rank in priority with other general, unsecured obligations of the Seller. The Seller shall not indemnify any party under this Section 5.01 for any changes in law after the Closing Date, whether such changes in law are effected by means of any legislative enactment, any constitutional amendment or any final and non-appealable judicial decision.

SECTION 5.02. Merger, Conversion or Consolidation of, or Assumption of the Obligations of, Seller. Any Person (a) into which the Seller may be merged, converted or consolidated, (b) that may result from any merger, conversion or consolidation to which the Seller shall be a party, (c) that may succeed to the electric distribution properties and assets of the Seller substantially as a whole or (d) that otherwise succeeds to all or substantially all of the electric distribution assets of the Seller (a "Permitted Successor"), and which Person in any of the foregoing cases executes an agreement of assumption to perform all of the obligations of the Seller hereunder (including the Seller's obligations under Section 5.01 incurred at any time prior to or after the date of such assumption), shall be the successor to the Seller under this Sale Agreement without further act on the part of any of the parties to this Sale Agreement; provided, however, that (i) immediately after giving effect to such transaction, no representation, warranty or covenant made pursuant to Article III or Article IV shall be breached and no Servicer Default, and no event that, after notice or lapse of time, or both, would become a Servicer Default, shall have occurred and be continuing, (ii) the Seller shall have delivered to the Issuer, the Indenture Trustee and each Rating Agency an Officer's Certificate and an Opinion of Counsel from external counsel stating that such consolidation, conversion, merger or succession and such agreement of assumption comply with this Section 5.02 and that all conditions precedent, if any, provided for in this Sale Agreement relating to such transaction have been complied with, (iii) the Seller shall have delivered to the Issuer, the Indenture Trustee and each Rating Agency an Opinion of Counsel from external counsel of the Seller either (A) stating that, in the opinion of such counsel, all filings to be made by the Seller and the Issuer, including any filings with the Commission pursuant to the Securitization Law, have been authorized, executed and filed that are necessary to fully preserve and protect the respective interest of the Issuer and the Indenture Trustee in all of the Securitization Property and reciting the details of such filings, or (B) stating that, in the opinion of such counsel, no such action shall be necessary to preserve and protect such interests, (iv) the Seller shall have delivered to the Issuer, the Indenture Trustee and the Rating Agencies an Opinion of Counsel from external tax counsel stating that, for U.S. federal income tax purposes, such consolidation, conversion, merger or succession and such agreement of assumption will not result in a material U.S. federal income tax consequence to the Issuer or the Holders of Securitization Bonds and (v) the Seller shall have given the Rating Agencies prior written notice of such transaction. When any Person (or more than one Person) acquires the

properties and assets of the Seller substantially as a whole or otherwise becomes the successor, whether by merger, conversion, consolidation, sale, transfer, lease, management contract or otherwise, to all or substantially all of the assets of the Seller in accordance with the terms of this [Section 5.02](#), then, upon satisfaction of all of the other conditions of this [Section 5.02](#), the preceding Seller shall automatically and without further notice be released from all of its obligations hereunder.

SECTION 5.03. [Limitation on Liability of Seller and Others](#). The Seller and any director, officer, employee or agent of the Seller may rely in good faith on the advice of counsel or on any document of any kind, prima facie properly executed and submitted by any Person, respecting any matters arising hereunder. Subject to [Section 4.07](#), the Seller shall not be under any obligation to appear in, prosecute or defend any legal action that is not incidental to its obligations under this Sale Agreement and that in its opinion may involve it in any expense or liability.

ARTICLE VI MISCELLANEOUS PROVISIONS

SECTION 6.01. [Amendment](#). This Sale Agreement may be amended in writing by the Seller and the Issuer with (a) the prior written consent of the Indenture Trustee, (b) the satisfaction of the Rating Agency Condition and (c) if any amendment would adversely affect in any material respect the interest of any Holder of the Securitization Bonds, the consent of a majority of the Holders of each affected Tranche of Securitization Bonds. In determining whether a majority of Holders have consented, Securitization Bonds owned by the Issuer or any Affiliate of the Issuer shall be disregarded, except that, in determining whether the Indenture Trustee shall be protected in relying upon any such consent, the Indenture Trustee shall only be required to disregard any Securitization Bonds it actually knows to be so owned. Promptly after the execution of any such amendment or consent, the Issuer shall furnish copies of such amendment or consent to each of the Rating Agencies.

Prior to the execution of any amendment to this Sale Agreement, the Issuer and the Indenture Trustee shall be entitled to receive and rely upon (i) an Opinion of Counsel, which counsel may be an employee of or counsel to the Issuer or the Seller and which shall be reasonably satisfactory to the Indenture Trustee, or, in the Indenture Trustee's sole judgment, external counsel of the Seller stating that the execution of such amendment is authorized and permitted by this Sale Agreement and that all conditions precedent provided for in this Sale Agreement relating to such amendment have been complied with and (ii) the Opinion of Counsel referred to in [Section 3.01\(c\)\(i\)](#) of the Servicing Agreement. The Issuer and the Indenture Trustee may, but shall not be obligated to, enter into any such amendment that affects the Indenture Trustee's own rights, duties or immunities under this Sale Agreement or otherwise.

SECTION 6.02. [Notices](#). Any notice, report or other communication given hereunder shall be in writing and shall be effective (i) upon receipt when sent through the mails, registered or certified mail, return receipt requested, postage prepaid, with such receipt to be effective the date of delivery indicated on the return receipt, (ii) upon receipt when sent by an overnight courier, (iii) on the date personally delivered to an authorized officer of the party to

In consideration of the Issuer's delivery to or upon the order of the Seller of \$354,437,762.02, the Seller does hereby irrevocably sell, transfer, assign, set over and otherwise convey to the Issuer, without recourse or warranty, except as set forth in the Sale Agreement, all right, title and interest of the Seller in and to the Securitization Property created or arising under the Financing Order dated December 9, 2013 issued by the Michigan Public Service Commission under the Securitization Law (such sale, transfer, assignment, setting over and conveyance of the Securitization Property includes, to the fullest extent permitted by the Securitization Law, the property, rights and interests of Consumers Energy under the Financing Order, including the right to impose, collect and receive Securitization Charges, the right to obtain True-Up Adjustments and all revenue, collections, payments, moneys and proceeds arising out of the rights and interests created under the Financing Order. The Seller and the Issuer agree that after giving effect to the sale, transfer, assignment, setting over and conveyance contemplated hereby the Seller has no right, title or interest in or to the Securitization Property to which a security interest could attach because (i) it has sold, transferred, assigned, set over and conveyed all right, title and interest in and to the Securitization Property to the Issuer, (ii) as provided in Section 10l(1) of the Securitization Law, legal and equitable title shall have passed to the Issuer and (iii) as provided in Section 10m(3) of the Securitization Law, appropriate financing statements have been filed and such transfer is perfected against all third parties, including subsequent judicial or other lien creditors. If such sale, transfer, assignment, setting over and conveyance is held by any court of competent jurisdiction not to be a true sale as provided in Section 10l(1) of the Securitization Law, then such sale, transfer, assignment, setting over and conveyance shall be treated as a pledge of the Securitization Property and as the creation of a security interest (within the meaning of the Securitization Law and the UCC) in the Securitization Property and, without prejudice to its position that it has absolutely transferred all of its rights in the Securitization Property to the Issuer, the Seller hereby grants a security interest in the Securitization Property to the Issuer (and to the Indenture Trustee for the benefit of the Secured Parties) to secure their respective rights under the Basic Documents to receive the Securitization Charges and all other Securitization Property.

The Issuer does hereby purchase the Securitization Property from the Seller for the consideration set forth in the preceding paragraph.

Each of the Seller and the Issuer acknowledges and agrees that the purchase price for the Securitization Property sold pursuant to this Bill of Sale and the Sale Agreement is equal to its fair market value at the time of sale.

This Bill of Sale shall be construed in accordance with the laws of the State of Michigan, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder shall be determined in accordance with such law.

Any successor in such capacities shall be agreed to by each of the 2001 Bond Trustee, the 2014 Bond Trustee and the Administrative Agent within ten Business Days of the date of the Servicer Notice and shall be subject to the 2001 Rating Agency Condition and the 2014 Rating Agency Condition. In recognition of the fact that the rights and duties of the 2001 Bond Servicer under the 2001 Servicing Agreement, the 2014 Bond Servicer under the 2014 Servicing Agreement and of the Receivables Servicer under the RPA overlap in certain circumstances, the parties agree that, except as provided in Section 5(b) of this Agreement, the 2001 Bond Servicer, the 2014 Bond Servicer and the Receivables Servicer shall be the same person or entity. The person or entity named as replacement 2001 Bond Servicer, replacement 2014 Bond Servicer and replacement Receivables Servicer in accordance with this Section 5(a) is referred to herein as the "Replacement Servicer". In the event that the 2001 Bond Trustee, the 2014 Bond Trustee and the Administrative Agent cannot agree on a Replacement Servicer, any of such parties may petition a court of competent jurisdiction for appointment of a Replacement Servicer and, absent such agreement on a Replacement Servicer, the parties shall accept the Replacement Servicer appointed through such judicial action. In furtherance of the foregoing entitlements, the parties hereto agree to cooperate with each other and make available to each other or any Replacement Servicer any and all records and other data relevant to the Receivables Collections, the 2001 Securitization Charge Collections and the 2014 Securitization Charge Collections, and to the Accounts that they may have in their possession or may from time to time receive from Consumers, the Receivables Servicer, the 2001 Bond Servicer and the 2014 Bond Servicer, including, without limitation, any and all computer programs, data files, documents, instruments, files and records and any receptacles and cabinets containing the same. Consumers hereby consents to the release of information regarding Consumers in connection with the foregoing.

(b) In the event that the 2001 Bond Trustee is entitled to and desires to exercise its rights to take control of 2001 Securitization Charge Collections, the 2014 Bond Trustee is entitled to and desires to exercise its rights to take control of 2014 Securitization Charge Collections, or the Administrative Agent is entitled to and desires to exercise its rights to take control of Receivables Collections, then the parties hereto agree that BNS, if and for so long as it is rated not less than A+ by S&P and A1 by Moody's, or, if BNS is unable or unwilling to act in that capacity, such other financial institution as is selected by the 2001 Bond Trustee, the 2014 Bond Trustee and the Administrative Agent subject to satisfaction of the 2001 Rating Agency Condition and the 2014 Rating Agency Condition (the "Designated Account Holder") shall (i) use commercially reasonable efforts to take control of the Accounts (by delivering to each of the banks holding one or more of the Accounts a notice in the appropriate form set forth in Exhibit VI to the RPA, a conformed copy of which is attached hereto as Exhibit A (a "Collection Notice")), (ii) cooperate with the 2001 Bond Trustee and the 2014 Bond Trustee and provide to the 2001 Bond Trustee and the 2014 Bond Trustee any necessary information in the Designated Account Holder's possession in connection with the delivery by the 2001 Bond Trustee and the 2014 Bond Trustee to the obligors under the Receivables, the 2001 Securitization Charges and the 2014 Securitization Charges of a

notification to the effect that the 2001 Securitization Charge Collections are owned by the 2001 Bond Issuer and have been pledged to the 2001 Bond Trustee and that the 2014 Securitization Charge Collections are owned by the 2014 Bond Issuer and have been pledged to the 2014 Bond Trustee, (iii) allocate Receivables Collections, 2001 Securitization Charge Collections and 2014 Securitization Charge Collections in accordance with Section 2(a) of this Agreement in accordance with the calculation methodology set forth in Annex 2 to the 2001 Servicing Agreement and Exhibit A to the 2014 Servicing Agreement on the basis of billing information provided to the Designated Account Holder by Consumers or the Replacement Servicer, as applicable; provided, that if Consumers or the Replacement Servicer, as applicable, fails to provide such billing information for any billing month, the Designated Account Holder shall make such allocation on the basis of the billing information for the last month for which such information was provided, (iv) remit Receivables Collections in accordance with the instructions of the Receivables Servicer, remit 2001 Securitization Charge Collections in accordance with the instructions of the 2001 Bond Servicer and remit 2014 Securitization Charge Collections in accordance with the instructions of the 2014 Bond Servicer, and (v) maintain records as to the amounts deposited into the Accounts, the amounts remitted therefrom and the application and allocation of such amounts as provided in Section 5(b)(iii) and Section 5(b)(iv) of this Agreement; provided, that the Designated Account Holder shall not be required to take any action at the request of the Administrative Agent, the 2001 Bond Trustee or the 2014 Bond Trustee unless the Designated Account Holder has been assured to its satisfaction that it will be indemnified by Consumers against any and all liability and expense that it may incur in taking or continuing to take such action. The fees and expenses of the Designated Account Holder shall be payable from amounts deposited into the Accounts on a pro rata basis as among Receivables Collections, 2001 Securitization Charge Collections and 2014 Securitization Charge Collections; provided, that the portion of those fees and expenses allocable to 2001 Securitization Charge Collections shall be payable by the 2001 Bond Servicer from the servicer fees provided for in the 2001 Servicing Agreement and the portion of those fees and expenses allocable to 2014 Securitization Charge Collections shall be payable by the 2014 Bond Servicer from the servicer fees provided for in the 2014 Servicing Agreement. The 2001 Bond Trustee, the 2001 Bond Issuer, the 2014 Bond Trustee, the 2014 Bond Issuer, the Administrative Agent and CRF shall each have the right to require an accounting from time to time (but not more frequently than monthly) of collections, allocations and remittances by the Designated Account Holder.

(c) Subject to the provisions of this Section 5, the parties hereto recognize the existence of rights in favor of the 2001 Bond Trustee under the 2001 Indenture to assume control of 2001 Securitization Charge Collections as provided in the 2001 Indenture, the 2001 Servicing Agreement, the Michigan Customer Choice and Electricity Reliability Act, 2000 PA 141 and 2000 PA 142, and the financing order issued to Consumers Energy Company by the Michigan Public Service Commission on October 24, 2000, as amended (whether by means of court ordered sequestration or otherwise), of the 2014 Bond Trustee under the 2014 Indenture to assume control of 2014 Securitization Charge Collections as provided in the 2014 Indenture, the 2014 Servicing Agreement, the Michigan Customer Choice and Electricity Reliability Act, 2000 PA 141 and 2000 PA 142, and the financing order issued to Consumers Energy Company by the Michigan

Public Service Commission on December 6, 2013, as amended (whether by means of court ordered sequestration or otherwise), and of the Administrative Agent under the RPA to assume control of Receivables Collections as provided in the RPA. Notwithstanding the foregoing, in no event may the 2001 Bond Trustee take any action with respect to the 2001 Securitization Charge Collections in a manner that would result in the 2001 Bond Trustee obtaining possession of, or any control over, 2014 Securitization Charge Collections or Receivables Collections. In the event that the 2001 Bond Trustee obtains possession of any Receivables Collections, the 2001 Bond Trustee shall notify the Administrative Agent of such fact, shall hold them in trust and shall promptly deliver them to the Administrative Agent upon request. In the event that the 2001 Bond Trustee obtains possession of any 2014 Securitization Charge Collections, the 2001 Bond Trustee shall notify the 2014 Bond Trustee of such fact, shall hold them in trust and shall promptly deliver them to the 2014 Bond Trustee upon request. Notwithstanding the foregoing, in no event may the 2014 Bond Trustee take any action with respect to the 2014 Securitization Charge Collections in a manner that would result in the 2014 Bond Trustee obtaining possession of, or any control over, 2001 Securitization Charge Collections or Receivables Collections. In the event that the 2014 Bond Trustee obtains possession of any Receivables Collections, the 2014 Bond Trustee shall notify the Administrative Agent of such fact, shall hold them in trust and shall promptly deliver them to the Administrative Agent upon request. In the event that the 2014 Bond Trustee obtains possession of any 2001 Securitization Charge Collections, the 2014 Bond Trustee shall notify the 2001 Bond Trustee of such fact, shall hold them in trust and shall promptly deliver them to the 2001 Bond Trustee upon request. Notwithstanding the foregoing, in no event may the Administrative Agent or CRF take any action with respect to the Receivables Collections in a manner that would result in the Administrative Agent or CRF, as applicable, obtaining possession of, or any control over, 2001 Securitization Charge Collections, 2014 Securitization Charge Collections or any Account, except as provided in Section 5(b) of this Agreement. In the event that the Administrative Agent or CRF obtains possession of any 2001 Securitization Charge Collections, the Administrative Agent or CRF, as applicable, shall notify the 2001 Bond Trustee of such fact, shall hold them in trust and shall promptly deliver them to the 2001 Bond Trustee upon request. In the event that the Administrative Agent or CRF obtains possession of any 2014 Securitization Charge Collections, the Administrative Agent or CRF, as applicable, shall notify the 2014 Bond Trustee of such fact, shall hold them in trust and shall promptly deliver them to the 2014 Bond Trustee upon request.

(d) Anything in this Agreement to the contrary notwithstanding, any action taken by the 2001 Bond Trustee, the 2014 Bond Trustee or the Administrative Agent pursuant to Section 5(a) of this Agreement shall be subject to the 2001 Rating Agency Condition, the 2014 Rating Agency Condition and the consent, if required by law, regulation or regulatory order, of the Michigan Public Service Commission. For the purposes of this Agreement, the “2001 Rating Agency Condition” means, with respect to any action, at least ten business days’ prior written notification to each rating agency of such action, and written confirmation from each of S&P and Moody’s to the 2001 Bond Servicer, the 2001 Bond Trustee and the 2001 Bond Issuer that such action will not result in a suspension, reduction or withdrawal of the then current rating by such rating agency of any tranche of the 2001 Securitization Bonds issued by the 2001 Bond Issuer;

provided, that, if within such ten business day period, any rating agency (other than S&P) has neither replied to such notification nor responded in a manner that indicates that such rating agency is reviewing and considering the notification, then (i) the 2001 Bond Issuer shall be required to confirm that such rating agency has received the 2001 Rating Agency Condition request, and if it has, promptly request the related 2001 Rating Agency Condition confirmation and (ii) if the rating agency neither replies to such notification nor responds in a manner that indicates it is reviewing and considering the notification within five business days following such second request, the applicable 2001 Rating Agency Condition requirement shall not be deemed to apply to such rating agency; and, for the purposes of this definition, any confirmation, request, acknowledgment or approval that is required to be in writing may be in the form of electronic mail or a press release (which may contain a general waiver of a rating agency's right to review or consent). For the purposes of this Agreement, the "2014 Rating Agency Condition" means, with respect to any action, at least ten business days' prior written notification to each rating agency of such action, and written confirmation from each of S&P and Moody's to the 2014 Bond Servicer, the 2014 Bond Trustee and the 2014 Bond Issuer that such action will not result in a suspension, reduction or withdrawal of the then current rating by such rating agency of any tranche of the 2014 Securitization Bonds issued by the 2014 Bond Issuer; provided, that, if within such ten business day period, any rating agency (other than S&P) has neither replied to such notification nor responded in a manner that indicates that such rating agency is reviewing and considering the notification, then (i) the 2014 Bond Issuer shall be required to confirm that such rating agency has received the 2014 Rating Agency Condition request, and if it has, promptly request the related 2014 Rating Agency Condition confirmation and (ii) if the rating agency neither replies to such notification nor responds in a manner that indicates it is reviewing and considering the notification within five business days following such second request, the applicable 2014 Rating Agency Condition requirement shall not be deemed to apply to such rating agency; and, for the purposes of this definition, any confirmation, request, acknowledgment or approval that is required to be in writing may be in the form of electronic mail or a press release (which may contain a general waiver of a rating agency's right to review or consent). The parties hereto acknowledge and agree that the approval or the consent of the rating agencies that is required in order to satisfy the 2001 Rating Agency Condition or the 2014 Rating Agency Condition is not subject to any standard of commercial reasonableness, and the parties are bound to satisfy this condition whether or not the rating agencies are unreasonable or arbitrary.

ARTICLE I PURCHASE ARRANGEMENTS

Notwithstanding the foregoing, no provision of this Agreement or the Fee Letter shall require the payment or permit the collection of any amounts hereunder in excess of the maximum permitted by applicable law. If at any time the Seller receives any Collections or is deemed to receive any Collections, the Seller shall immediately pay such Collections or Deemed Collections to the Servicer for application in accordance with the terms and conditions hereof and, at all times prior to such payment, such Collections or Deemed Collections shall be held in trust by the Seller for the exclusive benefit of the Purchasers, the Managing Agents and the Administrative Agent.

Section 2.2 Collections Prior to Amortization.

(a) Subject to the following paragraph (b), prior to the Amortization Date, any Collections and/or Deemed Collections received by the Servicer shall be set aside and held in

trust by the Servicer for the payment of any accrued and unpaid Aggregate Unpaid or for a Reinvestment as provided in this Section 2.2.

(b) At any time any Collections or Deemed Collections are received by the Servicer prior to the Amortization Date:

(i) the Servicer shall set aside the Termination Percentage of Collections and Deemed Collections evidenced by the Purchaser Interests of each Terminating Financial Institution, and

(ii) the Seller hereby requests and the Purchasers (other than any Terminating Financial Institutions) hereby agree to make (subject to the conditions precedent set forth in Section 6.2 and the requirements of Section 2.7), simultaneously with such receipt, a reinvestment (each a "Reinvestment") with that portion of the balance of each and every Collection received or Deemed Collection deemed received by the Servicer that is part of any Purchaser Interest, such that after giving effect to such Reinvestment, the amount of Aggregate Capital immediately after such receipt and corresponding Reinvestment shall be equal to the amount of Aggregate Capital immediately prior to such receipt.

(c) On each Settlement Date prior to the occurrence of the Amortization Date, the Servicer shall remit to the appropriate accounts the amounts set aside during the preceding Settlement Period that have not been subject to a Reinvestment and apply such amounts (if not previously paid in accordance with Section 2.1):

first, to the Servicer for the payment of the Servicer's reasonable out-of-pocket costs and expenses in connection with servicing, administering and collecting the Receivables, including the Servicing Fee,

third, to the Managing Agents for the account of the Purchasers ratably to the payment of all accrued and unpaid fees under the Fee Letter,

fourth, to the Managing Agents for the account of the Purchasers to reduce the Capital of all Purchaser Interests of Terminating Financial Institutions to zero, applied ratably to each Terminating Financial Institution according to its respective Termination Percentage,

fifth, to the Managing Agents for the account of the Purchasers to reduce Capital of outstanding Purchaser Interests in an amount, if any, necessary so that the aggregate of the Purchaser Interests does not exceed the Applicable Maximum Purchaser Interest applied ratably in accordance with the Capital Pro Rata Share of the Purchasers,

sixth, to each applicable Person for the ratably payment of all other unpaid Obligations,

seventh, to the Managing Agents for the account of the Purchasers to fund any Aggregate Reduction on such Settlement Date applied ratably in accordance with the Capital Pro Rata Share of the Purchasers, and

eighth, any balance remaining thereafter shall be remitted from the Servicer to the Seller on such Settlement Date.

In the event that, pursuant to Section 1.3, an Aggregate Reduction is to take place on a date other than a Settlement Date, on the date of such Aggregate Reduction, the Servicer shall remit to each Managing Agent's account ratably in accordance with the Pro Rata Share of such Managing Agent's Purchaser Group, out of the amounts set aside pursuant to this Section 2.2, an amount equal to such Aggregate Reduction to be applied in accordance with Section 1.3.

Section 2.3 Terminating Financial Institutions. Each Terminating Financial Institution shall be allocated a ratable portion of Collections and Deemed Collections from the date of its becoming a Terminating Financial Institution (the "Termination Date") until such Terminating Financial Institution's Capital shall be paid in full. This ratable portion shall be calculated on the Termination Date of each Terminating Financial Institution as a percentage equal to (i) Capital of such Terminating Financial Institution outstanding on its Termination Date, divided by (ii) the Aggregate Capital outstanding on such Termination Date (the "Termination Percentage"). Each Terminating Financial Institution's Termination Percentage shall remain constant prior to the Amortization Date. On and after the Amortization Date, each Termination Percentage shall be disregarded, and each Terminating Financial Institution's Capital shall be reduced ratably with all Purchasers in accordance with Section 2.4.

Section 2.4 Collections Following Amortization. On the Amortization Date and on each day thereafter, the Servicer shall set aside and hold in trust, for the holder of each Purchaser Interest, all Collections and Deemed Collections received on such day and an additional amount of funds of the Seller for the payment of any accrued and unpaid Obligations owed by the Seller and not previously paid by the Seller in accordance with Section 2.1. On and after the Amortization Date, the Servicer shall (i) remit to the each Managing Agent's account ratably in accordance with the Pro Rata Share of such Managing Agent's Purchaser Group the amounts set aside pursuant to the preceding sentence, and (ii) apply such amounts to reduce the Aggregate Capital and any other Aggregate Unpaid.

Section 2.5 Application of Collections. All Collections received on and after the Amortization Date shall be distributed by the Servicer (or the Administrative Agent) on each Settlement Date and on such additional days as the Administrative Agent may elect (which election shall be made by the Administrative Agent at the direction of any Managing Agent or Financial Institution), in the following order of priority:

first, to the Servicer to the payment of the Servicer's reasonable out-of-pocket costs and expenses in connection with servicing, administering and collecting the Receivables, including the Servicing Fee,

second, to the applicable Person to the reimbursement of the Administrative Agent's and each Managing Agent's costs of collection and enforcement of this Agreement,

third, to each Managing Agent for the benefit of the Purchasers for the ratable payment of all accrued and unpaid fees under the Fee Letter and Yield,

fourth, to each Managing Agent for the account of the applicable Purchasers, to the ratable reduction of the Aggregate Capital (without regard to any Termination Percentage),

fifth, to each applicable Person for the ratable payment of all other unpaid Obligations, and

sixth, after the Aggregate Unpays have been indefeasibly reduced to zero, to Seller.

Collections applied to the payment of Aggregate Unpays shall be distributed in accordance with the aforementioned provisions, and, giving effect to each of the priorities set forth above in this Section 2.5, shall be shared ratably (within each priority) among the Administrative Agent, the Managing Agents and the Purchasers in accordance with the amount of such Aggregate Unpays owing to each of them in respect of each such priority.

Section 2.6 Payment Rescission. No payment of any of the Aggregate Unpays shall be considered paid or applied hereunder to the extent that, at any time, all or any portion of such payment or application is rescinded by application of law or judicial authority, or must otherwise be returned or refunded for any reason. The Seller shall remain obligated for the amount of any payment or application so rescinded, returned or refunded, and shall promptly pay to the Administrative Agent (for application to the Person or Persons who suffered such rescission, return or refund) the full amount thereof, plus the Default Fee from the date of any such rescission, return or refunding.

Section 2.7 Maximum Purchaser Interests. The Seller shall ensure that the Purchaser Interests of the Purchasers shall at no time exceed in the aggregate the Applicable Maximum Purchaser Interest. If the aggregate of the Purchaser Interests of the Purchasers exceeds the Applicable Maximum Purchaser Interest, the Seller shall pay to each Managing Agent for the account of the applicable Purchasers (ratably according to the aggregate Purchaser Interests of the Purchasers), within one (1) Business Day, an amount such that, after giving effect to such payment, the aggregate of the Purchaser Interests equals or is less than the Applicable Maximum Purchaser Interest. Amounts paid by the Seller under this Section 2.7 shall be applied to the outstanding Capital of the Purchasers ratably in accordance with such Purchasers' respective Capital Pro Rata Shares.

Section 2.8 Clean Up Call. In addition to Seller's rights pursuant to Section 1.3, Seller shall have the right (after providing written notice to each Managing Agent and the Administrative Agent in accordance with the Required Notice Period), at any time following the reduction of the Aggregate Capital to a level that is less than 10.0% of the original Purchase Limit, to repurchase from the Purchasers all, but not less than all, of the then outstanding

Purchaser Interests. The purchase price in respect thereof shall be an amount equal to the Aggregate Unpaid through the date of such repurchase, payable in immediately available funds. Such repurchase shall be without representation, warranty or recourse of any kind by, on the part of, or against any Purchaser, any Managing Agent or the Administrative Agent.

Section 2.9 Payment Allocations. The Servicer shall, upon receipt of payments of amounts billed and collected from Obligor on their utility bills, allocate those receipts on a daily basis among Collections of Receivables, 2001 Securitization Charge Collections and 2014 Securitization Charge Collections in accordance with the calculation methodologies specified in Annex 2 to the 2001 Servicing Agreement and Exhibit A to the 2014 Servicing Agreement.(3) The Servicer will apply the Collections from Receivables as provided in this Article II.

ARTICLE III CONDUIT FUNDING

Each Purchaser Interest that is not funded substantially with Pooled Commercial Paper will accrue Yield as described in Article IV.

Section 3.2 Payments. On each Yield Payment Date, the Seller shall pay to each Managing Agent for the benefit of the Conduit in such Managing Agent's Purchaser Group an aggregate amount equal to all accrued and unpaid Yield in respect of the Capital associated with all Purchaser Interests of the related Conduit for the immediately preceding Accrual Period in accordance with Article II.

If any

(3) The first sentence in Section 2.9 was restated by Amendment No. 6.

Financial Institution acquires by assignment from the Conduit in its Purchaser Group all or any portion of such Conduit's Purchaser Interest (or an undivided interest therein) or otherwise funds such Purchaser Interest pursuant to such Conduit's Liquidity Agreement, such Purchaser Interest so assigned or funded shall each be deemed to have a new Tranche Period commencing on the date of any such assignment or funding.

Section 4.2 Yield Payments. On each Yield Payment Date for each Purchaser Interest of the Financial Institutions, the Seller shall pay to each Managing Agent for the benefit of the Financial Institutions in its Purchaser Group an aggregate amount equal to the accrued and unpaid Yield for the entire Tranche Period of such Purchaser Interest in accordance with Article II.

Section 4.3 Selection and Continuation of Tranche Periods.

(a) With consultation from and adequate prior notice to each related Managing Agent, the Seller shall from time to time request Tranche Periods for the Purchaser Interests funded, directly or indirectly, by the Financial Institutions, provided that, (i) if at any time the Financial Institutions shall have a Purchaser Interest, the Seller shall always request Tranche Periods such that at least one Tranche Period shall end on the date specified in clause (A) of the definition of Yield Payment Date and (ii) no more than three (3) Tranche Periods shall be outstanding at any time.

(b) The Seller, upon notice to and consultation with the Managing Agents received at least three (3) Business Days prior to the last day of a Tranche Period (the "Terminating Tranche") for any Purchaser Interest, may, effective on such last day of the Terminating Tranche: (i) divide any such Purchaser Interest into multiple Purchaser Interests or (ii) combine any such Purchaser Interest with one or more other Purchaser Interests which either have a Terminating Tranche ending on such day or are newly created on such day (subject to such Conduit's ability to accommodate such division or combination), provided, that in no event may a Purchaser Interest funded by Pooled Commercial Paper issued by a Conduit be combined with a Purchaser Interest funded by any Financial Institution.

The Seller shall by 12:00 noon (New York time): (i) at least three (3) Business Days prior to the expiration of any Terminating Tranche with respect to which the LIBO Rate is being requested as a new Bank Rate and (ii) at least one (1) Business Day prior to the expiration of any Terminating Tranche with respect to which the Alternate Base Rate is being requested as a new Bank Rate, give each applicable Managing Agent irrevocable notice of the new Bank Rate for the Purchaser Interest associated with such Terminating Tranche. Until the Seller gives notice to such applicable Managing Agent of another Bank Rate, the initial Bank Rate for any Purchaser Interest transferred to or otherwise funded by any Financial Institution pursuant to the terms and conditions hereof shall be the Alternate Base Rate.

Section 4.5 Suspension of the LIBO Rate.

(a) If any Financial Institution notifies its related Managing Agent that it has determined that funding its Pro Rata Share of the Purchaser Interests at a LIBO Rate would violate any applicable law, rule, regulation, or directive of any governmental or regulatory authority, whether or not having the force of law, or that (i) deposits of a type and maturity appropriate to fund its Purchaser Interests at such LIBO Rate are not available or (ii) such LIBO Rate does not accurately reflect the cost of acquiring or maintaining a Purchaser Interest at such LIBO Rate, then such Managing Agent shall notify the Administrative Agent and shall suspend the availability of such LIBO Rate for the Financial Institutions in such Managing Agent's Purchaser Group and select the Alternate Base Rate for any Purchaser Interest accruing Yield at such LIBO Rate, and the then current Tranche Period for any Purchaser Interest funded by a Financial Institution in such Managing Agent's Purchaser Group shall thereupon be terminated and a new Tranche Period based upon the Alternate Base Rate shall commence.

(b) If less than all of the Managing Agents give a notice to the Administrative Agent pursuant to Section 4.5(a), the Financial Institution in the Purchaser Group which gave such a notice shall be obligated, at the request of the Seller or the related Conduit in such Purchaser Group, to assign all of its rights and obligations hereunder to (i) another Financial Institution or (ii) another funding entity nominated by the Seller or its related Managing Agent that is acceptable to the related Conduit and willing to participate in this Agreement and the related Liquidity Agreement through the Liquidity Termination Date in the place of such notifying Financial Institution; provided that (i) the notifying Financial Institution receives payment in full, pursuant to an Assignment Agreement, of an amount equal to such notifying Financial Institution's Capital Pro Rata Share of the Capital and Yield owing to all of the Purchasers and all accrued but unpaid fees and other costs and expenses payable in respect of its Capital Pro Rata Share of the Purchaser Interests of such Financial Institution, and (ii) the replacement Financial Institution otherwise satisfies the requirements of Section 12.1(b).

The fundings under such Liquidity Agreement will accrue interest at the Bank Rate in accordance with this Article IV. Regardless of whether a funding of Purchaser Interests by any Financial Institution constitutes the direct purchase of a Purchaser Interest hereunder, an assignment under the related Liquidity Agreement of a Purchaser Interest originally funded by a Conduit, the sale of one or more participations under the related Liquidity Agreement in a Purchaser Interest originally funded by a Conduit or a loan made under a Liquidity Agreement in respect of a Conduit's Purchaser Interest, each Financial Institution participating in a funding of a Purchaser Interest shall have the rights and obligations of a "Purchaser" hereunder with the same force and effect as if it had directly purchased such Purchaser Interest from the Seller hereunder.

(f) Compliance with Contracts and Credit and Collection Policy. Such Seller Party will (and will cause the Originator to) timely and fully (i) perform and comply with all provisions, covenants and other promises required to be observed by it under the Contracts related to the Receivables, except where the failure to so perform or comply could not reasonably be expected to have a Material Adverse Effect, and (ii) comply in all respects with the Credit and Collection Policy in regard to each Receivable and the related Contract, except where the failure to so comply could not reasonably be expected to have a Material Adverse Effect.

(g) Performance and Enforcement of Receivables Sale Agreement. The Seller will, and will require the Originator to, perform each of their respective obligations and undertakings under and pursuant to the Receivables Sale Agreement, will purchase Receivables thereunder in compliance with the terms thereof and will enforce the rights and remedies accorded to the Seller under the Receivables Sale Agreement. The Seller will take all actions to perfect and enforce its rights and interests (and the rights and interests of the Administrative Agent and the Purchasers as assignees of the Seller) under the Receivables Sale Agreement as the Administrative Agent, any Managing Agent or any Financial Institution may from time to time reasonably request, including, without limitation, making claims to which it may be entitled under any indemnity, reimbursement or similar provision contained in the Receivables Sale Agreement.

(h) Ownership. The Seller will (or will cause the Originator to) take all necessary action to (i) vest legal and equitable title to the Receivables, the Related Security and the Collections purchased under the Receivables Sale Agreement irrevocably in Seller, free and clear of any Adverse Claims other than Adverse Claims in favor of the Administrative Agent, the Managing Agents and the Purchasers (including, without limitation, the filing of all financing statements or other similar instruments or documents necessary under the UCC (or any comparable law) of all appropriate jurisdictions to perfect the Seller's interest in such Receivables, Related Security and Collections and such other action to perfect, protect or more fully evidence the interest of the Seller therein as the Administrative Agent or any Managing Agent may reasonably request), and (ii) establish and maintain, in favor of the Administrative Agent, for the benefit of the Managing Agents and the Purchasers, a valid and perfected first priority undivided percentage ownership interest (and/or a valid and perfected first priority security interest) in all Receivables, Related Security and Collections to the full extent contemplated herein, free and clear of any Adverse Claims other than Adverse Claims in favor of the Administrative Agent for the benefit of the Managing Agents and the Purchasers (including, without limitation, the filing of all financing statements or other similar instruments or documents necessary under the UCC (or any comparable law) of all appropriate jurisdictions to perfect the Administrative Agent's (for the benefit of the Managing Agents and the Purchasers) interest in such Receivables, Related Security and Collections and such other action to perfect, protect or more fully evidence the interest of the Administrative Agent for the benefit of the Managing Agents and the Purchasers as the Administrative Agent or any Managing Agent may reasonably request).

(i) Purchasers' Reliance. The Seller acknowledges that the Purchasers are entering into the transactions contemplated by this Agreement in reliance upon the Seller's identity as a legal entity that is separate from Originator or any Affiliate thereof (each, a "CMS Entity"). Therefore, from and after the date of execution and delivery of this Agreement, Seller shall take all reasonable steps, including, without limitation, all steps that the Administrative Agent, any Managing Agent or any Purchaser may from time to time reasonably request, to maintain the Seller's identity as a separate legal entity and to make it manifest to third parties that the Seller is an entity with assets and liabilities distinct from those of any CMS Entity and not just a division of a CMS Entity. Without limiting the generality of the foregoing and in addition to the other covenants set forth herein, the Seller will:

- (i) conduct its own business in its own name and require that all full-time employees of the Seller, if any, identify themselves as such and not as employees of any CMS Entity (including, without limitation, by means of providing appropriate employees with business or identification cards identifying such employees as the Seller's employees);
- (ii) compensate all employees, consultants and agents directly, from Seller's own funds, for services provided to the Seller by such employees, consultants and agents and, to the extent any employee, consultant or agent of the Seller is also an employee, consultant or agent of any CMS Entity, allocate the compensation of such employee, consultant or agent between the Seller and such CMS Entity, as applicable, on a basis that reflects the services rendered to the Seller and such CMS Entity, as applicable;
- (iii) maintain separate offices and, if such office is located in the offices of any CMS Entity, the Seller shall lease such office at a fair market rent;
- (iv) have separate stationery, invoices and checks in its own name;
- (v) conduct all transactions with each CMS Entity (including, without limitation, any delegation of its obligations hereunder as Servicer) strictly on an arm's-length basis, allocate all overhead expenses for items shared between the Seller and any CMS Entity fairly and reasonably;
- (vi) at all times have at least three Managers, at least one of which is an Independent Manager;
- (vii) observe all limited liability company formalities as a distinct entity, and ensure that all limited liability company actions relating to (A) the selection, maintenance or replacement of the Independent Manager, (B) the dissolution or liquidation of the Seller or (C) the initiation of, participation in, acquiescence in or consent to any bankruptcy, insolvency, reorganization or similar proceeding involving the Seller, are duly authorized by unanimous vote of its Managers (including the Independent Manager);

(viii) maintain the Seller's books and records separate from those of any CMS Entity thereof and otherwise readily identifiable as its own assets rather than assets of a CMS Entity;

(ix) prepare its financial statements separately from those of any CMS Entity and insure that any consolidated financial statements of any CMS Entity that include Seller and that are filed with the Securities and Exchange Commission or any other governmental agency have notes clearly stating that the Seller is a separate corporate entity and that its assets will be available first and foremost to satisfy the claims of the creditors of the Seller;

(x) except as herein specifically otherwise provided, maintain the funds or other assets of Seller separate from, and not commingled with, those of any CMS Entity and only maintain bank accounts or other depository accounts to which Seller alone is the account party, into which only the Seller or Servicer makes deposits and from which only the Seller or Servicer (or the Administrative Agent hereunder) has the power to make withdrawals;

(xi) pay all of the Seller's operating expenses from the Seller's own assets (except for certain payments by a CMS Entity or other Persons pursuant to allocation arrangements that comply with the requirements of this [Section 7.1\(i\)](#));

(xii) maintain its corporate separateness such that it does not merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of (whether in one transaction or in a series of transactions, and except as otherwise contemplated herein) all or substantially all of its assets (whether now owned or hereafter acquired) to, or acquire all or substantially all of the assets of, any Person, nor at any time create, have, acquire, maintain or hold any interest in any Subsidiary;

(xiii) take such other actions as are necessary on its part to ensure that the facts and assumptions set forth in the opinion dated May 22, 2003 and issued by Skadden, Arps, Slate, Meagher & Flom, LLP, as counsel for the Seller, in connection with the Original RPA and relating to substantive consolidation issues, and in the certificates accompanying such opinion, remain true and correct in all material respects at all times; and

(xiv) maintain its Certificate of Formation and Limited Liability Company Agreement in conformity with this Agreement, such that it does not amend, restate, supplement or otherwise modify its Certificate of Formation or Limited Liability Company Agreement in any respect that would impair its ability to comply with the terms or provisions of any of the Transaction Documents, including, without limitation, [Section 7.1\(i\)](#) of this Agreement.

(j) [Collections](#). Such Seller Party will cause (i) all checks representing Collections, 2001 Securitization Charge Collections and 2014 Securitization Charge Collections to be remitted to a Lock-Box, (ii) all other amounts in respect of Collections, 2001 Securitization

Charge Collections and 2014 Securitization Charge Collections to be deposited directly to a Collection Account, (iii) all proceeds from all Lock-Boxes to be deposited by the Servicer into a Collection Account, (iv) all funds in each Collection Account which is not a Specified Account to be remitted to a Specified Account as soon as is reasonably practicable and (v) each Specified Account to be subject at all times to a Collection Account Agreement that is in full force and effect. In the event any payments relating to Receivables are remitted directly to Seller or any Affiliate of the Seller, the Seller will remit (or will cause all such payments to be remitted) directly to a Collection Bank and deposited into a Collection Account within two (2) Business Days following receipt thereof, and, at all times prior to such remittance, the Seller will itself hold or, if applicable, will cause such payments to be held in trust for the exclusive benefit of the Administrative Agent, the Managing Agents and the Purchasers. The Seller will maintain exclusive ownership, dominion and control (subject to the terms of this Agreement) of each Lock-Box and Collection Account and shall not grant the right to take dominion and control of any Lock-Box or Collection Account at a future time or upon the occurrence of a future event to any Person, except to the Administrative Agent as contemplated by this Agreement and the Intercreditor Agreement. Upon not less than 30 days prior written notice to the Seller and the Servicer, the Administrative Agent may, in its reasonable discretion, designate additional Collection Accounts as Specified Accounts and such Specified Accounts shall be subject to the requirement set forth in clause (v) above. On the date which is 30 days after the first day of a Level Three Enhancement Period, all Collection Accounts shall be Specified Accounts and such Specified Accounts shall be subject to the requirement set forth in clause (v) above.(10)

(k) Taxes. The Seller will file all tax returns and reports required by law to be filed by it and will promptly pay all taxes and governmental charges at any time owing, except any such taxes which are not yet delinquent or are being diligently contested in good faith by appropriate proceedings and for which adequate reserves in accordance with GAAP shall have been set aside on its books. The Seller will pay when due any taxes payable in connection with the Receivables, exclusive of taxes on or measured by income or gross receipts of any Conduit, the Administrative Agent or any Financial Institution. The Servicer will pay and discharge before the same shall become delinquent, all taxes and governmental charges imposed upon it or its property, provided that the Servicer shall not be required to pay or discharge any such tax or governmental charge (i) which is being contested by it in good faith and by proper procedures or (ii) the non-payment of which will not have a Material Adverse Effect.

(l) Insurance. The Seller will maintain in effect, or cause to be maintained in effect, at the Seller's own expense, such casualty and liability insurance as the Seller shall deem appropriate in its good faith business judgment.

(m) Payment to Originator. With respect to any Receivable purchased by the Seller from the Originator, such sale shall be effected under, and in compliance with the terms of, the Receivables Sale Agreement, including, without limitation, the terms relating to the method of payment and amount and timing of payments to be made to the Originator in respect of the purchase price for such Receivable.

(10) Clauses (i) and (ii) in Section 7.01(j) were modified by Amendment No. 6.

(n) Restrictions on Activities. The Seller will operate its business and activities such that: it does not engage in any business or activity of any kind, or enter into any transaction or indenture, mortgage, instrument, agreement, contract, lease or other undertaking, other than the transactions contemplated and authorized by this Agreement and the Receivables Sale Agreement; and does not create, incur, guarantee, assume or suffer to exist any indebtedness or other liabilities, whether direct or contingent, other than (i) as a result of the endorsement of negotiable instruments for deposit or collection or similar transactions in the ordinary course of business, (ii) the incurrence of obligations under this Agreement, (iii) the incurrence of obligations, as expressly contemplated in the Receivables Sale Agreement, to make payment to the Originator thereunder for the purchase of Receivables under the Receivables Sale Agreement, and (iv) the incurrence of operating expenses in the ordinary course of business of the type otherwise contemplated by this Agreement.

(o) Modification of Limited Liability Company Agreement. The Seller will maintain its limited liability company agreement in conformity with this Agreement, such that it does not amend, restate, supplement or otherwise modify its limited liability company agreement in any respect that would impair its ability to comply with the terms or provisions of any of the Transaction Documents, including, without limitation, Section 7.1(i) of this Agreement;

(p) Modification of Receivables Sale Agreement. The Seller will maintain the effectiveness of, and continue to perform under the Receivables Sale Agreement, such that it does not amend, restate, supplement, cancel, terminate or otherwise modify the Receivables Sale Agreement, or give any consent, waiver, directive or approval thereunder or waive any default, action, omission or breach under the Receivables Sale Agreement or otherwise grant any indulgence thereunder, without (in each case) the prior written consent of the Administrative Agent, each Managing Agent and each Financial Institution.

(q) Maintenance of Required Capital Amount. The Seller will maintain at all times the Required Capital Amount (as defined in the Receivables Sale Agreement) and refrain from making any dividend, distribution, redemption of capital stock or payment of any subordinated indebtedness which would cause the Required Capital Amount to cease to be so maintained.

(r) Performance under Servicing Agreements. The Servicer will perform and comply with all obligations of the Servicer as "Servicer" under each Servicing Agreement, including, without limitation, its duties and responsibilities relating to the calculations and allocations required by the Intercreditor Agreement and each Servicing Agreement.(11)

(s) Financing Statements for Supplement Indentures. The Seller will (or will cause Originator to) cause the collateral description in each UCC-1 Financing Statement filed pursuant to any Supplement Indenture to expressly exclude all Receivables, all Related Security, all Collections, each Lock-Box, each Collection Account and the proceeds thereof in a manner acceptable to the Administrative Agent.

(11) Section 7.01(r) was retitled and modified by Amendment No. 6.

(u) Certification of Receivables Classification. In connection with the delivery of each Monthly Report, the Servicer shall certify to the Administrative Agent and each Managing Agent that it has made diligent inquiry and that the accounts receivable included in such report as Receivables are identified on the books and records of the Originator and the Seller with the account code "Account 1460000 Customer Receivables" or "Account 1460201 — A/R Other".

The Seller hereby authorizes the Administrative Agent, and agrees that the Administrative Agent shall be entitled (i) when an Amortization Event exists or (ii) during a Level Three Enhancement Period to (A) endorse the Seller's name on checks and other instruments representing Collections, (B) enforce the Receivables, the related Contracts and the Related Security and (C) take such action as shall be necessary or desirable to cause all cash, checks and other instruments constituting Collections of Receivables to come into the possession of the Administrative Agent rather than the Seller.

Without limiting any other rights that the Administrative Agent, any Managing Agent or any Purchaser may have hereunder or under applicable law, the Seller hereby agrees to indemnify (and pay upon demand to) the Administrative Agent, each Managing Agent and each Purchaser and their respective assigns, officers, directors, agents and employees (each an "Indemnified Party") from and against any and all damages, losses, claims, taxes, liabilities, costs, expenses and for all other amounts payable, including reasonable attorneys' fees (which attorneys may be employees of the Administrative Agent, such Managing Agent or such Purchaser) and disbursements (all of the foregoing being collectively referred to as "Indemnified Amounts") awarded against or incurred by any of them arising out of or as a result of this Agreement or the acquisition, either directly or indirectly, by a Purchaser of an interest in the Receivables, excluding, however, in all of the foregoing instances:

- (a) Indemnified Amounts to the extent a final judgment of a court of competent jurisdiction holds that such Indemnified Amounts resulted from gross negligence or willful misconduct on the part of the Indemnified Party seeking indemnification;
- (b) Indemnified Amounts to the extent the same includes losses in respect of Receivables that are uncollectible on account of the insolvency, bankruptcy or lack of creditworthiness of the related Obligor; or
- (c) taxes imposed by the jurisdiction in which such Indemnified Party's principal executive office is located, on or measured by the overall net income of such Indemnified Party to the extent that the computation of such taxes is consistent with the intended characterization for income tax purposes of the acquisition by the Purchasers of

provided, however, that nothing contained in this sentence shall limit the liability of the Seller or limit the recourse of any Indemnified Party to the Seller for amounts otherwise specifically provided to be paid by the Seller under the terms of this Agreement. Without limiting the generality of the foregoing indemnification, but subject to the exclusions in clauses (a), (b) and (c) above, the Seller shall indemnify the Indemnified Parties for Indemnified Amounts (including, without limitation, losses in respect of uncollectible receivables, regardless of whether reimbursement therefor would constitute recourse to the Seller) relating to or resulting from:

- (i) the failure of any Receivable included in the calculation of the Net Receivables Balance as an Eligible Receivable to be an Eligible Receivable at the time so included;
- (ii) any representation or warranty made by the Seller or the Originator (or any officers of any such Person) under or in connection with this Agreement, any other Transaction Document or any other written information or report delivered by any such Person pursuant hereto or thereto, which shall have been false or incorrect when made or deemed made;
- (iii) the failure by the Seller or the Originator to comply with any applicable law, rule or regulation with respect to any Receivable or Contract related thereto, or the nonconformity of any Receivable or Contract included therein with any such applicable law, rule or regulation, the violation of which shall cause the Receivables to be uncollectible or unenforceable by the Seller, the Administrative Agent, the Managing Agents or the Purchasers in whole or in part, or any failure of the Originator to keep or perform any of its obligations, express or implied, with respect to any Contract;
- (iv) any failure of the Seller or the Originator to perform its duties, covenants or other obligations in accordance with the provisions of this Agreement or any other Transaction Document;
- (v) any products liability, personal injury or damage suit, or other similar claim arising out of or in connection with merchandise, insurance or services that are the subject of any Contract or any Receivable;
- (vi) any dispute, claim, offset or defense (other than discharge in bankruptcy of the Obligor) of the Obligor to the payment of any Receivable (including, without limitation, a defense based on such Receivable or the related Contract not being a legal, valid and binding obligation of such Obligor enforceable against it in accordance with its terms), or any other claim resulting from the provision of goods, electricity, gas or services related to such Receivable or the furnishing or failure to furnish such goods, electricity, gas or services;
- (vii) the commingling of Collections of Receivables at any time with other funds;

(viii) any investigation, litigation or proceeding initiated by a party other than a Purchaser, a Managing Agent or the Administrative Agent related to or arising from this Agreement, any other Transaction Document, either Servicing Agreement or any other Basic Document (as defined in either Servicing Agreement), the transactions contemplated hereby, the use of the proceeds of an Incremental Purchase or a Reinvestment, the ownership of the Purchaser Interests or any other investigation, litigation or proceeding relating to the Seller or the Originator in which any Indemnified Party becomes involved as a result of any of the transactions contemplated hereby, provided that the Seller shall have no obligation to indemnify any Indemnified Party under this paragraph (viii) for Indemnified Amounts to the extent a final judgment of a court of competent jurisdiction holds that such Indemnified Amounts resulted from gross negligence or willful misconduct on the part of the Indemnified Party seeking indemnification;(19)

(ix) any inability to litigate any claim against any Obligor in respect of any Receivable as a result of such Obligor being immune from civil and commercial law and suit on the grounds of sovereignty or otherwise from any legal action, suit or proceeding;

(x) any Amortization Event described in Section 9.1(d);

(xi) any failure of the Seller to acquire and maintain legal and equitable title to, and ownership of any Receivable and the Related Security and Collections with respect thereto from the Originator, free and clear of any Adverse Claim (other than as created hereunder); or any failure of the Seller to give reasonably equivalent value to the Originator under the Receivables Sale Agreement in consideration of the transfer by the Originator of any Receivable, or any attempt by any Person to void such transfer under statutory provisions or common law or equitable action;

(xii) any failure to vest and maintain vested in the Administrative Agent for the benefit of the Managing Agents and the Purchasers, or to transfer to the Administrative Agent for the benefit of the Managing Agents and the Purchasers, legal and equitable title to, and ownership of, a first priority perfected undivided percentage ownership interest (to the extent of the Purchaser Interests contemplated hereunder) or security interest in the Receivables, the Related Security and the Collections, free and clear of any Adverse Claim (except as created by the Transaction Documents);

(xiii) the failure to have filed, or any delay in filing, financing statements or other similar instruments or documents under the UCC of any applicable jurisdiction or other applicable laws with respect to any Receivable, the Related Security and Collections with respect thereto, and the proceeds of any thereof, whether at the time of any Incremental Purchase or Reinvestment or at any subsequent time;

(xiv) any action or omission by the Seller (other than in accordance with or as contemplated by this Agreement or any other Transaction Document) which reduces or

impairs the rights of the Administrative Agent, the Managing Agents or the Purchasers with respect to any Receivable and the Related Security and Collections with respect thereto or the value of any such Receivable and the Related Security and Collections with respect thereto; and

(xv) any attempt by any Person to void any Incremental Purchase or Reinvestment hereunder under statutory provisions or common law or equitable action.

Section 10.2 Indemnities by the Servicer. Without limiting any other rights that an Indemnified Party may have hereunder or under applicable law, the Servicer hereby agrees to indemnify each Indemnified Party from and against any and all Indemnified Amounts that may be imposed on, incurred by or asserted against an Indemnified Party in any way arising out of or relating to:

- (a) any representation or warranty made by the Servicer (or any officers of Servicer) under or in connection with this Agreement, any other Transaction Document or any other written information or report delivered by the Servicer pursuant hereto or thereto, which shall have been false or incorrect when made or deemed made;
- (b) the failure by the Servicer to comply with any applicable law, rule or regulation with respect to any Receivable or Contract related thereto, the violation of which shall cause the Receivables to be uncollectible or unenforceable by Seller, the Administrative Agent, the Managing Agents or the Purchasers in whole or in part;
- (c) any failure of the Servicer to perform its duties, covenants or other obligations in accordance with the provisions of this Agreement or any other Transaction Document;
- (d) the commingling of Collections of Receivables at any time with other funds;
- (e) any action or omission by the Servicer (other than in accordance with or as contemplated by this Agreement or any other Transaction Document) which reduces or impairs the rights of the Administrative Agent, the Managing Agents or the Purchasers with respect to any Receivable and the Related Security and Collections with respect thereto or the value of any Receivable and the Related Security and Collections with respect thereto; and
- (f) the failure of any Receivable treated as or represented by the Servicer to be an Eligible Receivable to be an Eligible Receivable at the time so treated or represented;

excluding, however, in all of the foregoing instances Indemnified Amounts to the extent a final judgment of a court of competent jurisdiction holds that such Indemnified Amounts resulted from gross negligence or willful misconduct on the part of the Indemnified Party seeking indemnification.

Section 10.3 Increased Cost and Reduced Return.(20)

(a) If any Regulatory Change (i) subjects any Purchaser or any Funding Source to any charge or withholding on or with respect to any Funding Agreement or this Agreement or a Purchaser's or Funding Source's obligations under a Funding Agreement or this Agreement, or on or with respect to the Receivables, or changes the basis of taxation of payments to any Purchaser or any Funding Source of any amounts payable under any Funding Agreement or this Agreement (except for changes in the rate of tax on the overall net income of a Purchaser or Funding Source or taxes excluded by Section 10.1) or (ii) imposes, modifies or deems applicable any reserve, assessment, fee, tax, insurance charge, special deposit or similar requirement against assets of, deposits with or for the account of, or liabilities of a Funding Source or a Purchaser, or credit extended by a Funding Source or a Purchaser pursuant to a Funding Agreement or this Agreement or (iii) imposes any other condition the result of which is to increase the cost to a Funding Source or a Purchaser of performing its obligations under a Funding Agreement or this Agreement, or to reduce the rate of return on a Funding Source's or Purchaser's capital or assets as a consequence of its obligations under a Funding Agreement or this Agreement, or to reduce the amount of any sum received or receivable by a Funding Source or a Purchaser under a Funding Agreement or this Agreement, or to require any payment calculated by reference to the amount of interests or loans held or interest received by it, then, within 30 days after demand by the Administrative Agent, Seller shall pay to the Program Agent, for the benefit of the relevant Funding Source or Purchaser, such amounts charged to such Funding Source or Purchaser or such amounts to otherwise compensate such Funding Source or such Purchaser for such increased cost or such reduction. The term "Regulatory Change" shall mean (i) the adoption after the date hereof of any applicable law, rule or regulation (including any applicable law, rule or regulation regarding capital adequacy or liquidity coverage) or any change therein after the date hereof, (ii) any change after the date hereof in the interpretation or administration thereof by any Governmental Authority, Accounting Authority, central bank or comparable agency charged with the interpretation or administration thereof, or compliance with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency, or (iii) compliance with any request or directive (whether or not having the force of law) of any such authority, central bank or comparable agency; provided that for purposes of this definition, compliance with, (x) the United States bank regulatory rule titled Risk-Based Capital Guidelines; Capital Adequacy Guidelines; Capital Maintenance: Regulatory Capital; Impact of Modification to Generally Accepted Accounting Principles; Consolidation of Asset-Backed Commercial Paper Programs; and Other Related Issues, adopted on December 15, 2009, (y) the Dodd-Frank Wall Street Reform and Consumer Protection Act and all requests, rules, guidelines or directives thereunder, issued in connection therewith or in implementation thereof, and (z) all requests, rules, guidelines and directives, including without limitation, Basel III, promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any successor or similar authority) or the United States or foreign regulatory authorities, shall in each case be deemed to be a "Regulatory Change", regardless of the date enacted, adopted, issued or implemented. Seller acknowledges that any Purchaser or Conduit Funding Source may institute measures in anticipation of a Regulatory Change, and may commence allocating charges to or seeking compensation from Seller under this Section 10.3, in

Seller further acknowledges that any charge or compensation demanded hereunder may take the form of a monthly charge to be assessed by such Purchaser. (21)

(b) Prior to making any demand for payment under this Section 10.3, a certificate of the applicable Purchaser or Funding Source setting forth the amount or amounts reasonably determined necessary to compensate such Purchaser or Funding Source pursuant to paragraph (a) of this Section 10.3 shall be delivered to the Seller, which shall be conclusive absent manifest error.

(c) Notwithstanding the foregoing, no Person shall be entitled to receive any amount under this Section to the extent that such amount relates to an increased cost or reduction incurred for a date that is more than 90 days prior to the date that the Seller first receives notice thereof, provided, that if such increased cost or reduction is imposed retroactively, such 90-day period shall be extended to include the period of the retroactive effect thereof.

Section 10.4 Other Costs and Expenses. The Seller shall pay to the Administrative Agent, each Managing Agent and each Purchaser on demand all reasonable costs and out-of-pocket expenses in connection with the preparation, execution, delivery and administration of this Agreement, the transactions contemplated hereby and the other documents to be delivered hereunder, including without limitation, the reasonable cost of such Person's auditors auditing the books, records and procedures of the Seller, reasonable fees and out-of-pocket expenses of legal counsel for such Person (which such counsel may be employees of such Person) with respect thereto and with respect to advising such Person as to their respective rights and remedies under this Agreement. ARTICLE XI
THE AGENT

Section 11.1 Authorization and Action. Each Purchaser hereby (i) designates and appoints BNS to act as its administrative agent hereunder and under each other Transaction Document, (ii) designates and appoints its related Managing Agent as its managing agent, and (iii) authorizes the Administrative Agent and such Managing Agent to take such actions as agent on its behalf and to exercise such powers as are delegated to the Administrative Agent or the Managing Agent, as applicable, by the terms of this Agreement and the other Transaction Documents together with such powers as are reasonably incidental thereto. Neither the Administrative Agent nor any Managing Agent shall have any duties or responsibilities, except those expressly set forth herein or in any other Transaction Document, nor any fiduciary relationship with any Purchaser, and no implied covenants, functions, responsibilities, duties, obligations or liabilities on the part of the Administrative Agent or any Managing Agent shall be read into this Agreement or any other Transaction Document or otherwise exist for the Administrative Agent or any Managing Agent. In performing its functions and duties hereunder and under the other Transaction Documents, the Administrative Agent and each Managing Agent shall act solely as agent for the Purchasers designating such agent and does not assume nor shall be deemed to have assumed any obligation or relationship of trust or agency with or for any Seller Party or any of such Seller Party's successors or assigns. Neither the Administrative Agent nor any Managing Agent shall be required to take any action that exposes the such Person to personal liability or that is contrary to this Agreement, any other Transaction Document or applicable law. The appointment and authority of the Administrative Agent and the Managing Agents hereunder shall terminate upon the indefeasible payment in full of all Aggregate Unpaid. Each Purchaser hereby authorizes the Administrative Agent to execute each of the UCC financing statements, the Intercreditor Agreement and such other Transaction Documents as may require the Administrative Agent's signature on behalf of such Purchaser (the terms of which shall be binding on such Purchaser). Each Purchaser hereby authorizes its related Managing Agent to execute the Fee Letter on behalf of such Purchaser (the terms of which shall be binding on such Purchaser).

Section 11.2 Delegation of Duties. The Administrative Agent and the Managing Agents may execute any of their respective duties under this Agreement and each other Transaction Document by or through agents or attorneys-in-fact and shall be entitled to advice of counsel concerning all matters pertaining to such duties. Neither the Administrative Agent nor any Managing Agent shall be responsible for the negligence or misconduct of any agents or attorneys-in-fact selected by it with reasonable care.

Section 11.3 Exculpatory Provisions. None of the Administrative Agent, the Managing Agents, or any of their respective directors, officers, agents or employees shall be (i) liable for any action lawfully taken or omitted to be taken by it or them under or in connection with this Agreement or any other Transaction Document (except for its, their or such Person's own gross negligence or willful misconduct), or (ii) responsible in any manner to any of the Purchasers for any recitals, statements, representations or warranties made by any Seller Party contained in this Agreement, any other Transaction Document or any certificate, report, statement or other document referred to or provided for in, or received under or in connection with, this Agreement, or any other Transaction Document or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement, or any other Transaction Document or any other document furnished in connection herewith or therewith, or for any failure of any Seller Party to perform its obligations hereunder or thereunder, or for the satisfaction of any condition specified in Article VI, or for the perfection, priority, condition, value or sufficiency of any collateral pledged in connection herewith. Neither the Administrative Agent nor any Managing Agent shall be under any obligation to any Purchaser to ascertain or to inquire as to the observance or performance of any of the agreements or covenants contained in, or conditions of, this Agreement or any other Transaction Document, or to inspect the properties, books or records of the Seller Parties. Neither the Administrative Agent nor any Managing Agent shall be deemed to have knowledge of any Amortization Event or Potential Amortization Event unless the Administrative Agent or such Managing Agent, as applicable, has received notice of such Amortization Event or Potential Amortization Event from the Seller or a Purchaser. No Managing Agent shall have any responsibility hereunder to any Purchaser other than the Purchasers in its Purchaser Group.

Section 11.4 Reliance by the Administrative Agent and the Managing Agents. The Administrative Agent and the Managing Agents shall in all cases be entitled to rely, and shall be fully protected in relying, upon any document or conversation believed by it to be genuine and correct and to have been signed, sent or made by the proper Person or Persons and upon advice and statements of legal counsel (including, without limitation, counsel to the Seller), independent accountants and other experts selected by the Administrative Agent or any Managing Agent. Each of the Administrative Agent and each Managing Agent shall in all cases be fully justified in failing or refusing to take any action under this Agreement or any other Transaction Document unless it shall first receive such advice or concurrence of the related Purchaser Group or the Required Financial Institutions or all of the Purchasers, as applicable, as it deems appropriate and it shall first be indemnified to its satisfaction by the Purchasers, provided that unless and until the Administrative Agent or such Managing Agent shall have received such advice, the Administrative Agent or such Managing Agent may take or refrain from taking any action, as the Administrative Agent or such Managing Agent shall deem advisable and in the best interests of the Purchasers. The Administrative Agent and the Managing Agents shall in all cases be fully protected in acting, or in refraining from acting, in accordance with a request of its related Purchaser Group or the Required Financial Institutions or all of the Purchasers, as applicable, and such request and any action taken or failure to act pursuant thereto shall be binding upon all the Purchasers.

Section 11.5 Non-Reliance on Administrative Agent, the Managing Agents and Other Purchasers.

(a) Each Purchaser expressly acknowledges that none of the Administrative Agent, the Managing Agents, or any of their respective officers, directors, employees, agents, attorneys-in-fact or affiliates has made any representations or warranties to it and that no act by the Administrative Agent or any Managing Agent hereafter taken, including, without limitation, any review of the affairs of any Seller Party, shall be deemed to constitute any representation or warranty by the Administrative Agent or such Managing Agent. Each Purchaser represents and warrants to the Administrative Agent and the Managing Agents that it has and will, independently and without reliance upon the Administrative Agent, any Managing Agent or any other Purchaser and based on such documents and information as it has deemed appropriate, made its own appraisal of and investigation into the business, operations, property, prospects, financial and other conditions and creditworthiness of the Seller and made its own decision to enter into this Agreement, the other Transaction Documents and all other documents related hereto or thereto.

(b) Without limiting clause (a) above, each Purchaser acknowledges and agrees that neither such Purchaser nor any of its Affiliates, participants or assignees may rely on the Administrative Agent or any Managing Agent to carry out such Purchaser's or other Person's customer identification program, or other obligations required or imposed under or pursuant to the USA Patriot Act or the regulations thereunder, including the regulations contained in 31 C.F.R. 103.121 (as amended or replaced, the "CIP Regulations"), or any other applicable law, rule, regulation or order of any governmental authority, including any program involving any of the following items relating to or in connection with any Seller Party or any of their Affiliates or agents, the Transaction Documents or the transactions contemplated hereby: (i) any identity verification procedure; (ii) any recordkeeping; (iii) any comparison with a government list; (iv) any customer notice or (v) any other procedure required under the CIP Regulations or such other law, rule, regulation or order.

Section 11.6 Reimbursement and Indemnification. The Financial Institutions agree to reimburse and indemnify the Administrative Agent and the Financial Institutions in each Purchaser Group agree to reimburse and indemnify the Managing Agent for such Purchaser Group, and their respective officers, directors, employees, representatives and agents ratably according to their Pro Rata Shares, to the extent not paid or reimbursed by the Seller Parties (i) for any amounts for which the Administrative Agent or such Managing Agent, acting in its capacity as the Administrative Agent or a Managing Agent, is entitled to reimbursement by the Seller Parties hereunder and (ii) for any other expenses incurred by the Administrative Agent, in its capacity as Administrative Agent, or any Managing Agent, acting in its capacity as a Managing Agent and acting on behalf of its related Purchasers, in connection with the administration and enforcement of this Agreement and the other Transaction Documents.

Section 11.7 Administrative Agent and Managing Agents in their Individual Capacity. The Administrative Agent, each Managing Agent and each of their respective Affiliates may make loans to, accept deposits from and generally engage in any kind of business with the Seller or any Affiliate of the Seller as though it were not the Administrative Agent or a Managing Agent hereunder. With respect to the acquisition of Purchaser Interests pursuant to

this Agreement, the Administrative Agent and each Managing Agent shall have the same rights and powers under this Agreement in its individual capacity as any Purchaser and may exercise the same as though it were not the Administrative Agent or a Managing Agent, and the terms “Financial Institution,” “Purchaser,” “Financial Institutions” and “Purchasers” shall include the Administrative Agent or such Managing Agent in its individual capacity, as applicable.

Section 11.8 Successor Administrative Agent. The Administrative Agent may, upon five (5) days’ notice to the Seller and the Purchasers, and the Administrative Agent will, upon the direction of all of the Purchasers (other than the Administrative Agent, in its individual capacity) resign as Administrative Agent. If the Administrative Agent shall resign, then the Required Financial Institutions during such five-day period shall appoint from among the Purchasers a successor administrative agent. If for any reason no successor Administrative Agent is appointed by the Required Financial Institutions during such five-day period, then effective upon the termination of such five day period, the Purchasers shall perform all of the duties of the Administrative Agent hereunder and under the other Transaction Documents and Seller and the Servicer (as applicable) shall make all payments in respect of the Aggregate Unpaid directly to the applicable Purchasers and for all purposes shall deal directly with the Purchasers. After the effectiveness of any retiring Administrative Agent’s resignation hereunder as Administrative Agent, the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Transaction Documents and the provisions of this Article XI and Article X shall continue in effect for its benefit with respect to any actions taken or omitted to be taken by it while it was Administrative Agent under this Agreement and under the other Transaction Documents.

Section 11.9 Successor Managing Agent. A Managing Agent may, upon five- days’ notice to the Seller, the Administrative Agent and the Purchasers in its Purchaser Group, and a Managing Agent will, upon the direction of all of the Purchasers in such Managing Agent’s Purchaser Group (other than such Managing Agent, in its individual capacity) resign as Managing Agent. If a Managing Agent shall resign, then the Financial Institutions in such Purchaser Group during such five-day period shall appoint from among such Financial Institutions a successor Managing Agent. If for any reason no successor Managing Agent is appointed by such Financial Institutions during such five-day period, then effective upon the termination of such five-day period, the Purchasers in such Purchaser Group shall perform all of the duties of the resigning Managing Agent hereunder and under the other Transaction Documents and the Seller, the Servicer and the Administrative Agent (as applicable) shall make all payments in respect of the Aggregate Unpaid directly to the applicable Purchasers and for all purposes shall deal directly with such Purchasers. After the effectiveness of any retiring Managing Agent’s resignation hereunder, the retiring Managing Agent shall be discharged from its duties and obligations hereunder and under the other Transaction Documents and the provisions of this Article XI and Article X shall continue in effect for its benefit with respect to any actions taken or omitted to be taken by it while it was a Managing Agent under this Agreement and under the other Transaction Documents.

ARTICLE XII
ASSIGNMENTS; PARTICIPATIONS

Section 12.1 Assignments.

(a) The Seller and each Financial Institution hereby agree and consent to the complete or partial assignment by a Conduit of all or any portion of its rights under, interest in, title to and obligations under this Agreement (i) to the Financial Institutions in such Conduit's Purchaser Group pursuant to this Agreement or pursuant to a Liquidity Agreement, (ii) to any other issuer of commercial paper notes sponsored or administered by a Financial Institution or (iii) to any other Person; provided that, except (A) after the occurrence and during the continuation of an Amortization Event or (B) during a Level Two Enhancement Period or a Level Three Enhancement Period, such Conduit may not make any such assignment pursuant to this clause (iii), except in the event that the circumstances described in Section 12.1(c) occur, without the consent of the Seller (which consent shall not be unreasonably withheld or delayed). Upon such assignment, such Conduit shall be released from its obligations so assigned. Further, the parties hereto hereby agree that any assignee of a Conduit of this Agreement or all or any of the Purchaser Interests of any Conduit shall have all of the rights and benefits under this Agreement as if the term "Conduit" explicitly referred to such party, and no such assignment shall in any way impair the rights and benefits of such Conduit hereunder. Neither the Seller nor the Servicer shall have the right to assign its rights or obligations under this Agreement.

(b) Any Financial Institution may at any time and from time to time assign to one or more Persons ("Purchasing Financial Institutions") all or any part of its rights and obligations under this Agreement pursuant to an assignment agreement, substantially in the form set forth in Exhibit VII hereto (the "Assignment Agreement") executed by such Purchasing Financial Institution and such selling Financial Institution, provided, that an assignment made by an Affected Financial Institution pursuant to paragraph (c) below may occur at any time. The consent of the Conduit in such Financial Institution's Purchaser Group and, other than (A) after the occurrence and during the continuation of an Amortization Event or (B) during a Level Two Enhancement Period or a Level Three Enhancement Period, the Seller (such consent not to be unreasonably withheld or delayed) shall be required prior to the effectiveness of any such assignment. Notwithstanding the foregoing, an assignment made by an Affected Financial Institution pursuant to paragraph (c) below may occur without the consent of the Seller; provided that if the Affected Financial Institution is not a Financial Institution or Managing Agent on the date hereof or an Affiliate of such Person, the applicable Managing Agent agrees to use reasonable efforts to choose an assignee of such Affected Financial Institution that is acceptable to the Seller; provided further however, that if such Managing Agent and the Seller do not agree on such an assignee within ten (10) Business Days after such Affected Financial Institution becomes an Affected Financial Institution, such Managing Agent may choose an assignee in its sole discretion. Each assignee of a Financial Institution must (i) have a short-term debt rating of A-1 or better by S&P and P-1 by Moody's and (ii) agree to deliver to the related Managing Agent, promptly following any request therefor by the Managing Agent for its Purchaser Group or the affected Conduit, an enforceability opinion in form and substance satisfactory to such Managing Agent and such Conduit. Upon delivery of the executed Assignment Agreement to the related Managing Agent and the Administrative Agent, such selling Financial Institution shall be released from its obligations hereunder to the extent of such assignment. Thereafter the

Purchasing Financial Institution shall for all purposes be a Financial Institution party to this Agreement and shall have all the rights and obligations of a Financial Institution under this Agreement to the same extent as if it were an original party hereto and no further consent or action by the Seller, the Purchasers, the Managing Agents or the Administrative Agent shall be required.

(c) Each of the Financial Institutions agrees that in the event that it shall cease to have a short-term debt rating of A-1 or better by S&P and P-1 by Moody's (an "Affected Financial Institution"), such Affected Financial Institution shall be obligated, at the request of the Conduit in such Financial Institution's Purchaser Group or the applicable Managing Agent, to assign all of its rights and obligations hereunder to (x) another Financial Institution or (y) another funding entity nominated by such Managing Agent and acceptable to such affected Conduit, and willing to participate in this Agreement through the Liquidity Termination Date in the place of such Affected Financial Institution; provided that the Affected Financial Institution receives payment in full, pursuant to an Assignment Agreement, of an amount equal to such Financial Institution's Pro Rata Share of the Aggregate Capital and Yield owing to the Financial Institutions and all accrued but unpaid fees and other costs and expenses payable in respect of its Pro Rata Share of the Purchaser Interests of the Financial Institutions.

Section 12.2 Participations. Any Financial Institution may, in the ordinary course of its business at any time sell to one or more Persons (each a "Participant") participating interests in its Pro Rata Share of the Purchaser Interests of such Financial Institutions or any other interest of such Financial Institution hereunder. Notwithstanding any such sale by a Financial Institution of a participating interest to a Participant, such Financial Institution's rights and obligations under this Agreement shall remain unchanged, such Financial Institution shall remain solely responsible for the performance of its obligations hereunder, and the Seller, the Conduits, the Managing Agents and the Administrative Agent shall continue to deal solely and directly with such Financial Institution in connection with such Financial Institution's rights and obligations under this Agreement. Each Financial Institution agrees that any agreement between such Financial Institution and any such Participant in respect of such participating interest shall not restrict such Financial Institution's right to agree to any amendment, supplement, waiver or modification to this Agreement, except for any amendment, supplement, waiver or modification described in Section 13.1(b)(i).

Section 12.3 Additional Purchaser Groups. Upon the Seller's request with written consent of the Administrative Agent and each Managing Agent, an additional Purchaser Group may be added to this Agreement at any time by the execution and delivery of a Joinder Agreement by the members of such proposed additional Purchaser Group, the Seller, the Servicer, the Administrative Agent and each Managing Agent. Upon the effective date of such Joinder Agreement, (i) each Person specified therein as a "Conduit" shall become a party hereto as a Conduit, entitled to the rights and subject to the obligations of a Conduit hereunder, (ii) each Person specified therein as a "Financial Institution" shall become a party hereto as a Financial Institution, entitled to the rights and subject to the obligations of a Financial Institution hereunder, (iii) each Person specified therein as a "Managing Agent" shall become a party hereto as a Managing Agent, entitled to the rights and subject to the obligations of a Managing Agent hereunder and (iv) the Purchase Limit shall be increased by an amount equal to the aggregate Commitments of the Financial Institutions party to such Joinder Agreement.

Section 12.4 Extension of Liquidity Termination Date. The Seller may advise the Administrative Agent and each Managing Agent in writing of its desire to extend the Liquidity Termination Date for an additional 364 days, provided such request is made not more than 90 days prior to, and not less than 60 days prior to, the then current Liquidity Termination Date. Each Managing Agent, upon being so advised by the Seller, shall promptly notify each Financial Institution in such Managing Agent's Purchaser Group of any such request and each such Financial Institution shall notify the Administrative Agent, its related Managing Agent and the Seller of its decision to accept or decline the request for such extension no later than 30 days prior to the then current Liquidity Termination Date (it being understood that each Financial Institution may accept or decline such request in its sole discretion and on such terms as it may elect, and the failure to so notify the Administrative Agent, its related Managing Agent and the Seller shall be deemed an election not to extend by such Financial Institution). In the event that at least one Financial Institution agrees to extend the Liquidity Termination Date, the Seller Parties, the Administrative Agent, the related Managing Agents and the extending Financial Institutions shall enter into such documents as such extending Financial Institutions may deem necessary or appropriate to reflect such extension, and all reasonable costs and expenses incurred by such Financial Institutions, the related Managing Agents and the Administrative Agent (including reasonable attorneys' fees) shall be paid by the Seller. In the event that any Financial Institution declines the request to extend the Liquidity Termination Date (each such Financial Institution being referred to herein as a "Non-Renewing Financial Institution"), and, in the case of a Non-Renewing Financial Institution described in clause (a), the Commitment of such Non-Renewing Financial Institution is not assigned to another Person in accordance with the terms of this Article XII prior to the then current Liquidity Termination Date, the Purchase Limit shall be reduced by an amount equal to each such Non-Renewing Financial Institution's Commitment on the then current Liquidity Termination Date.

Section 12.5 Terminating Financial Institutions.

(a) Any Affected Financial Institution or Non-Renewing Financial Institution which has not assigned its rights and obligations hereunder if requested pursuant to this Article XII shall be a "Terminating Financial Institution" for purposes of this Agreement as of the then current Liquidity Termination Date (or, in the case of any Affected Financial Institution, such earlier date as declared by the Administrative Agent).

(b) The Commitment of any Financial Institution shall terminate on the date it becomes a Terminating Financial Institution. Upon reduction to zero of the Capital of all of the Purchaser Interests of a Terminating Financial Institution (after application of Collections thereto pursuant to Sections 2.2, 2.4 and 2.5) all rights and obligations of such terminating Financial Institution hereunder shall be terminated and such terminating Financial Institution shall no longer be a "Financial Institution" hereunder; provided, however, that the provisions of Article X shall continue in effect for its benefit with respect to Purchaser Interests or the Commitment held by such Terminating Financial Institution prior to its termination as a Financial Institution.

Section 12.6 USA Patriot Act Certification. Within 10 days after the date of this Agreement and at such other times as are required under the USA Patriot Act, each Purchaser and each assignee and participant that is not incorporated under the laws of the United States of America or a state thereof (and is not excepted from the certification requirement

contained in Section 313 of the USA Patriot Act and the applicable regulations) shall deliver to the Administrative Agent a certification, or, if applicable, recertification, certifying that such Purchaser is not a "shell" and certifying as to other matters as required by Section 313 of the USA Patriot Act and the applicable regulations.

Section 12.7 Federal Reserve. Notwithstanding any other provision of this Agreement to the contrary, any Financial Institution may at any time pledge or grant a security interest in all or any portion of its rights (including, without limitation, any Purchaser Interest and any rights to payment of Capital and Yield) under this Agreement to secure obligations of such Financial Institution to a Federal Reserve Bank, without notice to or consent of the Seller or the Administrative Agent or any other Person; provided that no such pledge or grant of a security interest shall release a Financial Institution from any of its obligations hereunder, or substitute any such pledgee or grantee for such Financial Institution as a party hereto.

Section 12.8 Closing Date Assignments.

(a) On the date hereof, (i) Falcon hereby assigns to Victory Receivables Corporation, \$100,000,000 of its Purchase Limit and (ii) JPMC hereby assigns to Union Bank, N.A., \$100,000,000 of its Commitment, such that after giving effect to such assignments, each of the Purchasers party hereto on the date hereof have the respective amounts of the Conduit Purchase Limit or Commitment, as applicable, as set forth on Schedule A hereto. All accrued fees due to Falcon and JPMC through the date hereof shall be paid to the Administrative Agent for the benefit of Falcon and JPMC by the Seller on the Settlement Date in December of 2010.

(b) Each of Falcon, JPMC and each New Purchaser hereby confirms to and agrees with each other, the Administrative Agent and each Managing Agent hereto as follows: (i) other than the representation and warranty that it has not created any Adverse Claim upon any interest being transferred hereunder, neither Falcon nor JPMC makes any representation or warranty or assumes any responsibility with respect to any statements, warranties or representations made by any other Person in or in connection with this Agreement or the Transaction Documents or the execution, legality, validity, enforceability, genuineness, sufficiency or value of Purchaser Interests, this Agreement or any other instrument or document furnished pursuant thereto or the perfection, priority, condition, value or sufficiency of any collateral; (ii) neither Falcon nor JPMC makes any representation or warranty or assumes any responsibility with respect to the financial condition of the Seller, any Obligor, the Servicer, the Originator, Consumers, any Affiliate of the Seller or the performance or observance by the Seller, any Obligor, the Servicer, the Originator, any Affiliate of the Seller of any of their respective obligations under the Transaction Documents or any other instrument or document furnished pursuant thereto or in connection therewith; (iii) each New Purchaser confirms that it has received a copy of this Agreement and copies of such other Transaction Documents, and other documents and information as it has requested and deemed appropriate to make its own credit analysis and decision to enter into this Agreement; and (iv) each New Purchaser will, independently and without reliance upon the Administrative Agent, any Managing Agent, any Purchaser or the Seller and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement and the Transaction Documents.

ARTICLE XIII
MISCELLANEOUS

Section 13.1 Waivers and Amendments.

(a) No failure or delay on the part of the Administrative Agent, any Managing Agent or any Purchaser in exercising any power, right or remedy under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or remedy preclude any other further exercise thereof or the exercise of any other power, right or remedy. The rights and remedies herein provided shall be cumulative and nonexclusive of any rights or remedies provided by law. Any waiver of this Agreement shall be effective only in the specific instance and for the specific purpose for which given.

(b) No provision of this Agreement may be amended, supplemented, modified or waived except in writing in accordance with the provisions of this Section 13.1(b). The Seller and the Administrative Agent, at the direction of the Required Financial Institutions, may enter into written modifications or waivers of any provisions of this Agreement, provided, however, that no such modification or waiver shall:

(i) without the consent of each Purchaser, (A) extend the Liquidity Termination Date or the date of any payment or deposit of Collections by Seller or the Servicer, (B) reduce the rate or extend the time of payment of Yield (or any component thereof), (C) reduce any fee payable to any Managing Agent for the benefit of the Purchasers, (D) except pursuant to Article XII hereof, change the amount of the Capital of any Purchaser, any Financial Institution's Pro Rata Share (except as may be required pursuant to a Liquidity Agreement) or any Financial Institution's Commitment, (E) amend, modify or waive any provision of the definition of Required Financial Institutions, this Section 13.1(b) or Section 9.1, (F) consent to or permit the assignment or transfer by the Seller of any of its rights and obligations under this Agreement, (G) change the definition of "Applicable Maximum Purchaser Interest," "Applicable Stress Factor," "Dilution Percentage," "Dilution Reserve," "Eligible Receivable," "Level One Enhancement Period," "Level Two Enhancement Period," "Level Three Enhancement Period," "Loss Reserve," "Loss Percentage," "Net Receivables Balance," "Yield and Servicer Fee Reserve," or "Yield and Servicer Fee Percentage," or (H) amend or modify any defined term (or any defined term used directly or indirectly in such defined term) used in clauses (A) through (G) above in a manner that would circumvent the intention of the restrictions set forth in such clauses;

(ii) without the written consent of the then Administrative Agent, amend, modify or waive any provision of this Agreement if the effect thereof is to affect the rights or duties of the Administrative Agent; or

(iii) without the written consent of each Managing Agent, amend, modify or waive any provision of this Agreement if the effect thereof is to affect the rights or duties of such Managing Agent.

Any modification or waiver made in accordance with this Section 13.1 shall apply to each of the Purchasers equally and shall be binding upon the Seller, the Servicer, the Purchasers, the Managing Agents and the Administrative Agent.

Section 13.2 Notices. Except as provided in this Section 13.2, all communications and notices provided for hereunder shall be in writing (including bank wire, teletype or electronic facsimile transmission or similar writing) and shall be given to the other parties hereto at their respective addresses or teletype numbers set forth on the signature pages hereof or at such other address or teletype number as such Person may hereafter specify for the purpose of notice to each of the other parties hereto. Each such notice or other communication shall be effective if given by facsimile transmission, upon confirmation of receipt thereof, if given by mail, three (3) Business Days after the time such communication is deposited in the mail with first class postage prepaid or if given by any other means, when received at the address specified in this Section 13.2. The Seller and the Servicer hereby authorize each Managing Agent to effect purchases and each Managing Agent to make Tranche Period and Bank Rate selections based on telephonic notices made by any Person whom such Managing Agent in good faith believes to be acting on behalf of the Seller. The Seller agrees to deliver promptly to the applicable Managing Agent a written confirmation of each telephonic notice signed by an authorized officer of the Seller; provided, however, the absence of such confirmation shall not affect the validity of such notice. If the written confirmation differs from the action taken by such Managing Agent, the records of such Managing Agent shall govern absent manifest error.

Section 13.3 Ratable Payments. If any Purchaser, whether by setoff or otherwise, has payment made to it with respect to any portion of the Aggregate Unpaid owing to such Purchaser (other than payments received pursuant to Section 10.3, 10.4 or 10.5) in a greater proportion than that received by any other Purchaser entitled to receive a ratable share of such Aggregate Unpaid, such Purchaser agrees, promptly upon demand, to purchase for cash without recourse or warranty a portion of such Aggregate Unpaid held by the other Purchasers so that after such purchase each Purchaser will hold its ratable proportion of such Aggregate Unpaid; provided that if all or any portion of such excess amount is thereafter recovered from such Purchaser, such purchase shall be rescinded and the purchase price restored to the extent of such recovery, but without interest.

Section 13.4 Protection of Ownership Interests of the Purchasers.

(a) The Seller agrees that from time to time, at its expense, it will promptly execute and deliver all instruments and documents, and take all actions, that may be necessary or desirable, or that the Administrative Agent or any Managing Agent may request, to perfect, protect or more fully evidence the Purchaser Interests, or to enable the Administrative Agent, the Managing Agents or the Purchasers to exercise and enforce their rights and remedies hereunder. At any time after the occurrence and during the continuation of an Amortization Event, the Administrative Agent may, or the Administrative Agent may direct the Seller or the Servicer to, notify the Obligors of Receivables, at the Seller's expense, of the ownership or security interests of the Purchasers under this Agreement and may also direct that payments of all amounts due or that become due under any or all Receivables be made directly to the Administrative Agent or its designee. The Seller or the Servicer (as applicable) shall, at any Purchaser's request, withhold the identity of such Purchaser in any such notification.

(b) If any Seller Party fails to perform any of its obligations hereunder, the Administrative Agent, any Managing Agent or any Purchaser may (but shall not be required to), after providing notice to such Seller Party, perform, or cause performance of, such obligations, and the Administrative Agent's, such Managing Agent's or such Purchaser's costs and expenses incurred in connection therewith shall be payable by Seller as provided in Section 10.4. Each Seller Party irrevocably authorizes the Administrative Agent at any time and from time to time in the sole discretion of the Administrative Agent, and appoints the Administrative Agent as its attorney-in-fact, to act on behalf of such Seller Party to (i) execute on behalf of the Seller as debtor and to file financing statements necessary or desirable in the Administrative Agent's sole discretion, after providing notice to such Seller Party, to perfect and to maintain the perfection and priority of the interest of the Purchasers in the Receivables and (ii) file a carbon, photographic or other reproduction of this Agreement or any financing statement with respect to the Receivables as a financing statement in such offices as the Administrative Agent in its sole discretion deems necessary or desirable to perfect and to maintain the perfection and priority of the interests of the Purchasers in the Receivables. This appointment is coupled with an interest and is irrevocable.

Section 13.5 Confidentiality.

(a) Each party hereto shall maintain and shall cause each of its employees and officers to maintain the confidentiality of this Agreement and the other confidential or proprietary information with respect to each other party and their respective businesses obtained by it or them in connection with the structuring, negotiating and execution of the transactions contemplated herein, except that such party and its officers and employees may disclose such information to such party's external accountants and attorneys and as required by any applicable law, regulation or order of any judicial, regulatory or administrative proceeding (whether or not having the force of law). Anything herein to the contrary notwithstanding, each Seller Party, each Purchaser, the Administrative Agent, each Managing Agent and each Indemnified Party and any successor or assign of any of the foregoing (and each employee, representative or other agent of any of the foregoing) may disclose to any and all Persons, without limitation of any kind, the "tax treatment" and "tax structure" (in each case, within the meaning of Treasury Regulation Section 1.6011-4) of the transactions contemplated herein and all materials of any kind (including opinions or other tax analyses) that are or have been provided to any of the foregoing relating to such tax treatment or tax structure, and it is hereby confirmed that each of the foregoing have been so authorized since the commencement of discussions regarding the transactions.

(b) Anything herein to the contrary notwithstanding, each Seller Party hereby consents to the disclosure of any nonpublic information with respect to it (i) to the Administrative Agent, the Managing Agents, the Financial Institutions or the Conduits by each other, (ii) by the Administrative Agent, the Managing Agents or the Purchasers to any prospective or actual assignee or participant of any of them and (iii) by the Administrative Agent, any Managing Agent or any Conduit to any rating agency (including, without limitation, in compliance with Rule 17g-5 under the Securities Exchange Act of 1934), Commercial Paper dealer or provider of a surety, guaranty or credit or liquidity enhancement to its related Conduit or any entity organized for the purpose of purchasing, or making loans secured by, financial assets for which any Managing Agent acts as the administrative agent and to any officers,

directors, employees, outside accountants and attorneys of any of the foregoing, provided each such Person is informed of the confidential nature of such information. In addition, the Purchasers, the Managing Agents and the Administrative Agent may disclose any such nonpublic information pursuant to any law, rule, regulation, direction, request or order of any judicial, administrative or regulatory authority or proceedings (whether or not having the force or effect of law).

Section 13.6 Bankruptcy Petition. The Seller, the Servicer, the Administrative Agent, each Managing Agent and each Purchaser hereby covenants and agrees that, prior to the date that is one year and one day after the payment in full of all outstanding senior indebtedness of a Conduit, it will not institute against, or join any other Person in instituting against, such Conduit any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings or other similar proceeding under the laws of the United States or any state of the United States.

Section 13.7 Limitation of Liability.

(a) No claim may be made by any party to this Agreement or any other Person against any other party hereto or any Financial Institution or their respective Affiliates, directors, officers, employees, attorneys or agents for any special, indirect, consequential or punitive damages in respect of any claim for breach of contract or any other theory of liability arising out of or related to the transactions contemplated by this Agreement, or any act, omission or event occurring in connection therewith; and each party to this Agreement hereby waives, releases, and agrees not to sue upon any claim for any such damages, whether or not accrued and whether or not known or suspected to exist in its favor, except, with respect to any claim against any party hereto (other than a Conduit) arising due to such Person's gross negligence or willful misconduct.

(b) Notwithstanding any provisions contained in this Agreement or any other Transaction Document to the contrary, a Conduit shall not be obligated to pay any amount pursuant to this Agreement or any other Transaction Document unless such Conduit has excess cash flow from operations or has received funds which may be used to make such payment and which funds or excess cash flow are not required to repay any of such Conduit's Commercial Paper when due. Any amount which a Conduit does not pay pursuant to the operation of the preceding sentence shall not constitute a claim against such Conduit for any such insufficiency. The agreements in this section shall survive the termination of this Agreement and the other Transaction Documents.

Section 13.8 CHOICE OF LAW. THIS AGREEMENT SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS (INCLUDING, WITHOUT LIMITATION, SECTION 5-1401 OF THE GENERAL OBLIGATIONS LAW OF NEW YORK, BUT OTHERWISE WITHOUT REGARD TO THE LAW OF CONFLICTS) OF THE STATE OF NEW YORK, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

Section 13.9 CONSENT TO JURISDICTION. EACH SELLER PARTY HEREBY IRREVOCABLY SUBMITS TO THE NON-EXCLUSIVE JURISDICTION OF ANY UNITED STATES FEDERAL OR NEW YORK STATE COURT SITTING IN NEW YORK,

NEW YORK IN ANY ACTION OR PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY DOCUMENT EXECUTED BY SUCH PERSON PURSUANT TO THIS AGREEMENT AND EACH SELLER PARTY HEREBY IRREVOCABLY AGREES THAT ALL CLAIMS IN RESPECT OF SUCH ACTION OR PROCEEDING MAY BE HEARD AND DETERMINED IN ANY SUCH COURT AND IRREVOCABLY WAIVES ANY OBJECTION IT MAY NOW OR HEREAFTER HAVE AS TO THE VENUE OF ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN SUCH A COURT OR THAT SUCH COURT IS AN INCONVENIENT FORUM. NOTHING HEREIN SHALL LIMIT THE RIGHT OF THE ADMINISTRATIVE AGENT, ANY MANAGING AGENT OR ANY PURCHASER TO BRING PROCEEDINGS AGAINST ANY SELLER PARTY IN THE COURTS OF ANY OTHER JURISDICTION. ANY JUDICIAL PROCEEDING BY ANY SELLER PARTY AGAINST THE ADMINISTRATIVE AGENT, ANY MANAGING AGENT OR ANY PURCHASER OR ANY AFFILIATE OF THE ADMINISTRATIVE AGENT, ANY MANAGING AGENT OR ANY PURCHASER INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH THIS AGREEMENT OR ANY DOCUMENT EXECUTED BY SUCH SELLER PARTY PURSUANT TO THIS AGREEMENT SHALL BE BROUGHT ONLY IN A COURT IN NEW YORK, NEW YORK.

Section 13.10 WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY WAIVES TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF, RELATED TO, OR CONNECTED WITH THIS AGREEMENT, ANY DOCUMENT EXECUTED BY ANY SELLER PARTY PURSUANT TO THIS AGREEMENT OR THE RELATIONSHIP ESTABLISHED HEREUNDER OR THEREUNDER.

Section 13.11 Integration; Binding Effect; Survival of Terms.

(a) This Agreement and each other Transaction Document contain the final and complete integration of all prior expressions by the parties hereto with respect to the subject matter hereof and shall constitute the entire agreement among the parties hereto with respect to the subject matter hereof superseding all prior oral or written understandings.

(b) This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns (including any trustee in bankruptcy). This Agreement shall create and constitute the continuing obligations of the parties hereto in accordance with its terms and shall remain in full force and effect until terminated in accordance with its terms; provided, however, that the rights and remedies with respect to (i) any breach of any representation and warranty made by any Seller Party pursuant to Article V, (ii) the indemnification and payment provisions of Article X, and Sections 13.5, 13.6 and 13.7 shall be continuing and shall survive any termination of this Agreement.

Section 13.12 Counterparts; Severability; Section References. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute one and the same agreement. Any provisions of this

Agreement which are prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Unless otherwise expressly indicated, all references herein to "Article," "Section," "Schedule" or "Exhibit" shall mean articles and sections of, and schedules and exhibits to, this Agreement.

Section 13.13 Agent Roles. Each of the Financial Institutions acknowledges that each Person party hereto as the Administrative Agent or a Managing Agent acts, or may in the future act, (i) as administrative agent for a Conduit or a Financial Institution, (ii) as issuing and paying agent for the Commercial Paper, (iii) to provide credit or liquidity enhancement for the timely payment for the Commercial Paper and (iv) to provide other services from time to time for a Conduit or a Financial Institution (collectively, the "Agent Roles"). Without limiting the generality of this Section 13.13, each Financial Institution hereby acknowledges and consents to any and all Agent Roles and agrees that in connection with any Agent Role, a Managing Agent or the Administrative Agent, as applicable, may take, or refrain from taking, any action that it, in its discretion, deems appropriate, including, without limitation, in its role as administrative agent for a Conduit.

Section 13.14 Characterization.

(a) It is the intention of the parties hereto that each purchase hereunder shall constitute and be treated as an absolute and irrevocable sale, which purchase shall provide the applicable Purchaser with the full benefits of ownership of the applicable Purchaser Interest. Except as specifically provided in this Agreement, each sale of a Purchaser Interest hereunder is made without recourse to the Seller; provided, however, that (i) the Seller shall be liable to each Purchaser, each Managing Agent and the Administrative Agent for all representations, warranties, covenants and indemnities made by the Seller pursuant to the terms of this Agreement, and (ii) such sale does not constitute and is not intended to result in an assumption by any Purchaser, any Managing Agent or the Administrative Agent or any assignee thereof of any obligation of the Seller, the Originator or any other Person arising in connection with the Receivables, the Related Security, or the related Contracts, or any other obligations of the Seller or the Originator.

(b) In addition to any ownership interest which the Administrative Agent may from time to time acquire pursuant hereto, the Seller hereby grants to the Administrative Agent for the ratable benefit of the Managing Agents and the Purchasers a valid and perfected security interest in all of the Seller's right, title and interest in, to and under the following, whether now existing or hereafter arising, all Receivables, the Collections, each Lock-Box, each Collection Account, all Related Security, all other rights and payments relating to such Receivables, all of the Seller's rights, title and interest in, to and under the Receivables Sale Agreement (including, without limitation, (a) all rights to indemnification arising thereunder and (b) all UCC financing statements filed pursuant thereto), and all proceeds of any thereof and all other assets in which the Administrative Agent on behalf of the Managing Agents and the Purchasers has acquired, may hereafter acquire and/or purports to have acquired an interest under this Agreement prior to all other liens on and security interests therein to secure the prompt and complete payment of the Aggregate Unpaid. The Administrative Agent, the Managing Agents and the Purchasers shall

have, in addition to the rights and remedies that they may have under this Agreement, all other rights and remedies provided to a secured creditor under the UCC and other applicable law, which rights and remedies shall be cumulative. The Seller hereby authorizes the Administrative Agent, within the meaning of 9-509 of any applicable enactment of the UCC, as secured party for the benefit of itself and of the Purchasers, (x) to file, without the signature of the Seller or the Originator, as debtors, the UCC financing statements contemplated herein and under the Receivables Sale Agreement and (y) to include, on any financing statement filed against the Seller, the collateral description: "All of the Debtor's personal property and other assets, whether now owned or existing or hereafter acquired or arising, together with all products and proceeds thereof, substitutions and replacements therefor, and additions and accessions thereto." The Administrative Agent shall promptly deliver a copy of any such UCC financing statements so filed to the Seller, provided that the Administrative Agent's failure to deliver such copy shall not effect the validity of such filing.

(c) In connection with the Seller's transfer of its right, title and interest in, to and under the Receivables Sale Agreement, from and after the occurrence of an Amortization Event and during the continuation thereof, the Seller agrees that the Administrative Agent shall have the right to enforce the Seller's rights and remedies under the Receivables Sale Agreement, to receive all amounts payable thereunder or in connection therewith, to consent to amendments, modifications or waivers thereof, and to direct, instruct or request any action thereunder, but in each case without any obligation on the part of the Administrative Agent, any Managing Agent or any Purchaser or any of its or their respective Affiliates to perform any of the obligations of the Seller under the Receivables Sale Agreement. To the extent that the Seller enforces the Seller's rights and remedies under the Receivables Sale Agreement, from and after the occurrence of an Amortization Event, and during the continuance thereof, the Administrative Agent shall have the exclusive right to direct such enforcement by the Seller.

(d) If, notwithstanding the intention of the parties expressed above, any sale or transfer by the Seller hereunder shall be characterized as a secured loan and not a sale or such sale shall for any reason be ineffective or unenforceable (any of the foregoing being a "Recharacterization"), then this Agreement shall be deemed to constitute a security agreement under the UCC and other applicable law. In the case of any Recharacterization, each of the Seller and the Administrative Agent and each Purchaser represents and warrants as to itself that each remittance of Collections by the Seller to the Administrative Agent, any Managing Agent or any Purchaser hereunder will have been (i) in payment of a debt incurred by the Seller in the ordinary course of business or financial affairs of the Seller, the Administrative Agent and each Purchaser and (ii) made in the ordinary course of business or financial affairs of the Seller, the Administrative Agent and each Purchaser.

generally accepted accounting principles with respect to any Off-Balance Sheet Liabilities, in each case with the agreement of its independent certified public accountants, and such changes result in a change in the method of calculation of any of the financial covenants, tests, restrictions or standards herein or in the related definitions or terms used therein (“Accounting Changes”), the parties hereto agree, at Consumers’ request, to enter into negotiations, in good faith, in order to amend such provisions in a credit neutral manner so as to reflect equitably such changes with the desired result that the criteria for evaluating Consumers and its Subsidiaries’ financial condition shall be the same after such changes as if such changes had not been made; provided, however, until such provisions are amended in a manner reasonably satisfactory to the Administrative Agent, each Managing Agent and each Purchaser, no Accounting Change shall be given effect in such calculations. Each of the Seller and the Servicer agree that they shall cooperate with such Requesting Party’s efforts to obtain the Required Ratings, and shall provide such Requesting Party, for distribution to the applicable credit rating agencies, any information reasonably requested by such credit rating agencies for purposes of providing the Required Ratings. Such Requesting Party shall pay the initial fees payable to the credit rating agencies for providing the Required Ratings.

Section 13.19 Amendment and Restatement. The amendment and restatement of the Original RPA pursuant to this Agreement shall be effective as of the Closing Date, subject to the satisfaction of the conditions precedent set forth in Section 6.1. This Agreement shall amend and restate in its entirety the Original RPA and shall have the effect of a substitution of terms of the Original RPA, but this Agreement will not have the effect of causing a novation, refinancing or other repayment of the Original Obligations or a termination or extinguishment of the liens securing such Original Obligations, which Original Obligations shall remain outstanding and repayable pursuant to the terms of this Agreement and which liens shall remain attached.

RECEIVABLES SALE AGREEMENT

THIS RECEIVABLES SALE AGREEMENT, dated as of May 22, 2003, is by and between CONSUMERS ENERGY COMPANY, a Michigan corporation (“Originator”), and CONSUMERS RECEIVABLES FUNDING II, LLC, a Delaware limited liability company (“Buyer”). Unless defined elsewhere herein, capitalized terms used in this Agreement shall have the meanings assigned to such terms in Exhibit I.

PRELIMINARY STATEMENTS

Originator now owns, and from time to time hereafter will own, Receivables. Originator wishes to sell and assign to Buyer, and Buyer wishes to purchase from Originator, all of Originator’s right, title and interest in and to such Receivables, together with the Related Security and Collections with respect thereto.

Originator and Buyer intend the transactions contemplated hereby to be true sales of the Receivables from Originator to Buyer, providing Buyer with the full benefits of ownership of the Receivables, and Originator and Buyer do not intend these transactions to be, or for any purpose to be characterized as, loans from Buyer to Originator.

Buyer will sell undivided interests in the Receivables and in the associated Related Security and Collections pursuant to that certain Amended and Restated Receivables Purchase Agreement dated as of November 23, 2010 (as the same may from time to time be amended, restated, supplemented or otherwise modified, the “Purchase Agreement”) among Buyer, Originator, as Servicer, the Conduits party thereto from time to time, the Financial Institutions party thereto from time to time, the Managing Agents party thereto from time to time and The Bank of Nova Scotia(1) or any successor agent appointed pursuant to the terms of the Purchase Agreement, as administrative agent for the Purchasers (in such capacity, the “Administrative Agent”).(2)

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

(1) The Bank of Nova Scotia replaced JPMorgan Chase Bank, N.A., within the Receivables Sale Agreement, with the exception of Section 2.1(w) and Exhibit III to the Receivables Sale Agreement, by Amendment No. 8.

(2) This paragraph was replaced in its entirety by Amendment No. 7.

ARTICLE I

AMOUNTS AND TERMS

Section 1.1 Purchases of Receivables.

(a) Effective on the date hereof, in consideration for the Purchase Price and upon the terms and subject to the conditions set forth herein, Originator does hereby sell, assign, transfer, set-over and otherwise convey to Buyer, without recourse (except to the extent expressly provided herein), and Buyer does hereby purchase from Originator, all of Originator's right, title and interest in and to all Receivables existing as of the close of business on the Business Day immediately prior to the date hereof and all Receivables thereafter arising through and including the Termination Date, together, in each case, with all Related Security relating thereto and all Collections thereof. In accordance with the preceding sentence, on the date hereof Buyer shall acquire all of Originator's right, title and interest in and to all Receivables existing as of the close of business on the Business Day immediately prior to the date hereof and thereafter arising through and including the Termination Date, together with all Related Security relating thereto and all Collections thereof. Buyer shall be obligated to pay the Purchase Price for each Receivable, its Related Security and Collections in accordance with Section 1.2. In connection with the payment of the Purchase Price for any Receivables purchased hereunder, Buyer may request that Originator deliver, and Originator shall deliver, such approvals, opinions, information, reports or documents as Buyer may reasonably request.

(b) It is the intention of the parties hereto that each Purchase of Receivables made hereunder shall constitute a sale of "accounts" (as such term is used in Article 9 of the UCC), which sale is absolute and irrevocable and provides Buyer with the full benefits of ownership of the Receivables. Except for the Purchase Price Credits owed pursuant to Section 1.3, the sales of Receivables hereunder are made without recourse to Originator; provided, however, that (i) Originator shall be liable to Buyer for all representations, warranties and covenants made by Originator pursuant to the terms of the Transaction Documents to which Originator is a party, and (ii) such sale does not constitute and is not intended to result in an assumption by Buyer or any assignee thereof of any obligation of Originator or any other Person arising in connection with the Receivables, the related Contracts and/or other Related Security or any other obligations of Originator. In view of the intention of the parties hereto that the Purchases of Receivables made hereunder shall constitute sales of such Receivables rather than loans secured thereby, Originator agrees to note in its financial statements that its Receivables have been sold to Buyer. Upon the request of Buyer or the Administrative Agent (as Buyer's assignee), Originator will execute and file such financing or continuation statements, or amendments thereto or assignments thereof, and such other instruments or notices, as may be necessary or appropriate to perfect and maintain the perfection of Buyer's ownership interest in the Receivables and the Related Security and Collections with respect thereto, or as Buyer or the Administrative Agent (as Buyer's assignee) may reasonably request.

Section 1.2 Payment for the Purchases.

(a) The Purchase Price for the Purchase of Receivables in existence on the close of business on the Business Day immediately preceding the date hereof (the "Initial Cutoff")

Date”) shall be payable in full by Buyer to Originator on the date hereof, and shall be paid to Originator in the following manner:

(i) by delivery of immediately available funds, to the extent of funds made available to Buyer in connection with its subsequent sale of an interest in such Receivables to the Purchasers under the Purchase Agreement; provided that a portion of such funds shall be offset by amounts owed by Originator to Buyer on account of the issuance of equity having a total value of not less than the Required Capital Amount, and

(ii) the balance, by delivery of the proceeds of a subordinated revolving loan from Originator to Buyer (a “Subordinated Loan”) in an amount not to exceed the least of (A) the remaining unpaid portion of such Purchase Price, (B) the maximum Subordinated Loan that could be borrowed without rendering Buyer’s Net Worth less than the Required Capital Amount and (C) the maximum Subordinated Loan that could be borrowed without rendering the Net Value less than the aggregate outstanding principal balance of the Subordinated Loans (including the Subordinated Loan proposed to be made on such date).

Each Receivable coming into existence after the Initial Cutoff Date shall be sold to the Buyer on the Business Day occurring immediately after the day such Receivable is originated and the Purchase Price for such Receivable shall be due and owing in full by Buyer to Originator or its designee on such Business Day (except that Buyer may, with respect to any such Purchase Price, offset against such Purchase Price any amounts owed by Originator to Buyer hereunder and which have become due but remain unpaid) and shall be paid to Originator in the manner provided in the following paragraphs (b), (c) and (d).

(b) With respect to any Receivables sold hereunder after the date hereof, on the first Business Day after such Receivable is originated, such Receivable shall be sold to Buyer and on such date of Purchase, Buyer shall pay the Purchase Price therefor in accordance with Section 1.2(d) and in the following manner:

first, by delivery of immediately available funds, to the extent of funds available to Buyer from its subsequent sale of an interest in the Receivables to the Administrative Agent for the benefit of the Purchasers under the Purchase Agreement or other cash on hand;

second, by delivery of the proceeds of a Subordinated Loan, provided that the making of any such Subordinated Loan shall be subject to the provisions set forth in Section 1.2(a)(ii); and

third, unless Originator has declared the Termination Date to have occurred pursuant to Section 5.2, by accepting a contribution to its capital in an amount equal to the remaining unpaid balance of such Purchase Price.

Subject to the limitations set forth in Section 1.2(a)(ii), Originator irrevocably agrees to advance each Subordinated Loan requested by Buyer on or prior to the Termination Date. The Subordinated Loans shall be evidenced by, and shall be payable in accordance with the terms and

provisions of the Subordinated Note and shall be payable solely from funds which Buyer is not required under the Purchase Agreement to set aside for the benefit of, or otherwise pay over to, the Administrative Agent, the Managing Agents or the Purchasers.(3) Originator is hereby authorized by Buyer to endorse on the schedule attached to the Subordinated Note an appropriate notation evidencing the date and amount of each advance thereunder, as well as the date of each payment with respect thereto, provided that the failure to make such notation shall not affect any obligation of the Buyer thereunder.

(c) From and after the Termination Date, Originator shall not be obligated to (but may, at its option) sell Receivables to Buyer unless Originator reasonably determines that the Purchase Price therefor will be satisfied with funds available to Buyer from sales of interests in the Receivables pursuant to the Purchase Agreement, Collections, proceeds of Subordinated Loans, other cash on hand or otherwise.

(d) Although the Purchase Price for each Receivable coming into existence after the Initial Cutoff Date shall be paid in full by Buyer to Originator on the date such Receivable is purchased, a precise reconciliation of the Purchase Price between Buyer and Originator shall be effected on a monthly basis on Settlement Dates with respect to all Receivables sold during the same Calculation Period most recently ended prior to such Settlement Date and based on the information contained in the Monthly Report delivered by the Servicer pursuant to Article VIII of the Purchase Agreement for such Calculation Period. Although such reconciliation shall be effected on Settlement Dates, increases or decreases in the amount owing under the Subordinated Note made pursuant to Section 1.2(b) and any contribution of capital by Originator to Buyer made pursuant to Section 1.2(b) shall be deemed to have occurred and shall be effective as of the date that the Purchase Price is paid. On each Settlement Date, Originator shall determine the net increase or the net reduction in the outstanding principal amount of its Subordinated Note occurring during the immediately preceding Calculation Period and shall account for such net increase or net reduction in its books and records. Originator hereby agrees that within three (3) Business Days after Buyer so requests, Originator will provide Buyer with a current report of daily sales giving rise to Receivables purchased hereunder and a current daily report of Collections received.

(e) Each contribution of a Receivable by Originator to Buyer shall be deemed to be a Purchase of such Receivable by Buyer for all purposes of this Agreement. Buyer hereby acknowledges that Originator shall have no obligations to make further capital contributions to Buyer, in respect of Originator's equity interest in Buyer or otherwise, in order to provide funds to pay the Purchase Price to Originator under this Agreement or for any other reason.

Section 1.3 Purchase Price Credit Adjustments.

(a) If on any day the Outstanding Balance of a Receivable is:

(3) This sentence was replaced in its entirety by Amendment No. 7.

- (i) reduced as a result of any defective or rejected goods or services, any discount or any adjustment or otherwise by Originator (other than cash Collections on account of the Receivables),
- (ii) reduced or canceled as a result of a setoff in respect of any claim by any Person (whether such claim arises out of the same or a related transaction or an unrelated transaction), or
- (b) if any of the representations and warranties set forth in Article II were not true with respect to any Receivable on the date of its Purchase hereunder,

then, in such event, Buyer shall be entitled to a credit (each, a "Purchase Price Credit") against the Purchase Price otherwise payable hereunder in an amount equal to the amount of such reduction or cancellation in the case of clause (a) or the Outstanding Balance of such Receivable in the case of clause (b). If such Purchase Price Credit exceeds the Purchase Price for the Receivables sold on such day, then Originator shall pay the remaining amount of such Purchase Price Credit in cash within five (5) Business Days thereafter, provided that if the Termination Date has not occurred, Originator shall be allowed to deduct the remaining amount of such Purchase Price Credit from any indebtedness owed to it under the Subordinated Note to the extent permitted thereunder.

Section 1.4 Payments and Computations, Etc. All amounts to be paid or deposited by Buyer hereunder shall be paid or deposited in accordance with the terms hereof on the day when due in immediately available funds to the account of Originator designated from time to time by Originator or as otherwise directed by Originator. In the event that any payment owed by any Person hereunder becomes due on a day that is not a Business Day, then such payment shall be made on the next succeeding Business Day. If any Person fails to pay any amount hereunder when due, such Person agrees to pay, on demand, the Default Fee in respect thereof until paid in full; provided, however, that such Default Fee shall not at any time exceed the maximum rate permitted by applicable law. All computations of interest payable hereunder shall be made on the basis of a year of 360 days for the actual number of days (including the first but excluding the last day) elapsed.

Section 1.5 Transfer of Records.

(a) In connection with the Purchases of Receivables hereunder, Originator hereby sells, transfers, assigns and otherwise conveys to Buyer all of Originator's right and title to and interest in the Records relating to all Receivables sold hereunder, without the need for any further documentation in connection with the Purchases. In connection with such transfer, Originator hereby grants to each of Buyer, the Administrative Agent and the Servicer an irrevocable, non-exclusive license to use, without royalty or payment of any kind, all software used by Originator to account for the Receivables, to the extent necessary to administer the Receivables, whether such software is owned by Originator or is owned by others and used by Originator under license agreements with respect thereto, provided that should the consent of any licensor of such software be required for the grant of the license described herein to be effective, Originator hereby agrees that upon the request of Buyer (or the Administrative Agent as Buyer's assignee), Originator will use its reasonable efforts to obtain the consent of such third-party

licensor. The license granted hereby shall be irrevocable, and shall terminate on the date this Agreement terminates in accordance with its terms.

(b) Originator (i) shall take such action reasonably requested by Buyer and/or the Administrative Agent (as Buyer's assignee), from time to time hereafter, that may be necessary or appropriate to ensure that Buyer and its assigns under the Purchase Agreement have an enforceable ownership interest in the Records relating to the Receivables purchased from Originator hereunder, and (ii) shall use its reasonable efforts to ensure that Buyer, the Administrative Agent and the Servicer each has an enforceable right (whether by license or sublicense or otherwise) to use all of the computer software used to account for the Receivables and/or to recreate such Records.

Section 1.6 Characterization.

(a) If, notwithstanding the intention of the parties expressed in Section 1.1(b), any sale or contribution by Originator to Buyer of Receivables hereunder shall be characterized as a secured loan and not a sale or such sale shall for any reason be ineffective or unenforceable, then this Agreement shall be deemed to constitute a security agreement under the UCC and other applicable law. For this purpose and without being in derogation of the parties' intention that the sale of Receivables hereunder shall constitute a true sale thereof, Originator hereby grants to Buyer a valid and perfected security interest in all of Originator's right, title and interest, now owned or hereafter acquired, in, to and under all Receivables now existing and hereafter arising, and in all Collections, Related Security and Records with respect thereto, each Lock-Box and Collection Account, all other rights and payments relating to the Receivables and all proceeds of the foregoing to secure the prompt and complete payment of a loan deemed to have been made in an amount equal to the Purchase Price of the Receivables originated by Originator together with all other obligations of Originator hereunder, which security interest shall be prior to all other Adverse Claims thereto. After the occurrence of a Termination Event, Buyer and its assigns shall have, in addition to the rights and remedies which they may have under this Agreement, all other rights and remedies provided to a secured creditor after default under the UCC and other applicable law, which rights and remedies shall be cumulative. Originator hereby authorizes the Buyer (or its assigns), within the meaning of Section 9-509 of any applicable enactment of the UCC, as secured party, to file without the signature of the debtor, the UCC financing statements contemplated hereby.

(b) Originator acknowledges that Buyer, pursuant to the Purchase Agreement, shall assign to the Administrative Agent, for the benefit of the Administrative Agent, the Managing Agents and the Purchasers thereunder, all of its rights, remedies, powers and privileges under this Agreement and that the Administrative Agent may further assign such rights, remedies, powers and privileges to the extent permitted by the Purchase Agreement. AMENDED AND RESTATED SUBORDINATED NOTE

November 23, 2010

1. Note. FOR VALUE RECEIVED, the undersigned, CONSUMERS RECEIVABLES FUNDING II, LLC, a Delaware limited liability company (“SPV”), hereby unconditionally promises to pay to the order of CONSUMERS ENERGY COMPANY, a Michigan corporation (“Originator”), in lawful money of the United States of America and in immediately available funds, on the date following the Termination Date which is one year and one day after the date on which (i) the Outstanding Balance of all Receivables sold under the “Sale Agreement” referred to below has been reduced to zero and (ii) Originator has paid to the Buyer all indemnities, adjustments and other amounts which may be owed thereunder in connection with the Purchases (the “Collection Date”), the aggregate unpaid principal sum outstanding of all “Subordinated Loans” made from time to time by Originator to SPV pursuant to and in accordance with the terms of that certain Receivables Sale Agreement dated as of May 22, 2003 between Originator and SPV (as amended, restated, supplemented or otherwise modified with time to time, the “Sale Agreement”). Reference to Section 1.2 of the Sale Agreement is hereby made for a statement of the terms and conditions under which the loans evidenced hereby have been and will be made. All terms which are capitalized and used herein and which are not otherwise specifically defined herein shall have the meanings ascribed to such terms in the Sale Agreement or the Purchase Agreement (as hereinafter defined).

2. Interest. SPV further promises to pay interest on the outstanding unpaid principal amount hereof from the date hereof until payment in full hereof at a rate equal to the Bank Rate; provided, however, that if SPV shall default in the payment of any principal hereof, SPV promises to pay, on demand, interest at the rate of the Bank Rate plus 2.00% per annum on any such unpaid amounts, from the date such payment is due to the date of actual payment. Interest shall be payable on the first Business Day of each month in arrears; provided, however, that SPV may elect on the date any interest payment is due hereunder to defer such payment and upon such election the amount of interest due but unpaid on such date shall constitute principal under this Amended and Restated Subordinated Note (the “Subordinated Note”). The outstanding principal of any loan made under this Subordinated Note shall be due and payable on the Collection Date and may be repaid or prepaid at any time without premium or penalty.

3. Principal Payments. Originator is authorized and directed by SPV to enter on the grid attached hereto, or, at its option, in its books and records, the date and amount of each loan made by it which is evidenced by this Subordinated Note and the amount of each payment of principal made by SPV, and absent manifest error, such entries shall constitute prima facie evidence of the accuracy of the information so entered; provided that neither the failure of

Exh. VI-1

Originator to make any such entry or any error therein shall expand, limit or affect the obligations of SPV hereunder.

4. Subordination. The indebtedness evidenced by this Subordinated Note is subordinated to the prior payment in full of all of SPV's recourse obligations under that certain Amended and Restated Receivables Purchase Agreement dated as of November 23, 2010 by and among SPV, Originator, as Servicer, the entities from time to time party thereto as Conduits, the entities from time to time party thereto as Financial Institutions, the entities from time to time party thereto as Managing Agents, and The Bank of Nova Scotia, as the "Administrative Agent" (as amended, restated, supplemented or otherwise modified from time to time, the "Purchase Agreement"). The subordination provisions contained herein are for the direct benefit of, and may be enforced by, the Administrative Agent, the Managing Agents and the Purchasers and/or any of their respective assignees (collectively, the "Senior Claimants") under the Purchase Agreement. Until the date on which all "Capital" outstanding under the Purchase Agreement has been repaid in full and all other obligations of SPV and/or the Servicer thereunder and under the "Fee Letter" referenced therein (all such obligations, collectively, the "Senior Claim") have been indefeasibly paid and satisfied in full, Originator shall not demand, accelerate, sue for, take, receive or accept from SPV, directly or indirectly, in cash or other property or by set-off or any other manner (including, without limitation, from or by way of collateral) any payment or security of all or any of the indebtedness under this Subordinated Note or exercise any remedies or take any action or proceeding to enforce the same; provided, however, that (i) Originator hereby agrees that it will not institute against SPV any proceeding of the type described in Section 5.1(d) of the Sale Agreement unless and until the Collection Date has occurred and (ii) nothing in this paragraph shall restrict SPV from paying, or Originator from requesting, any payments under this Subordinated Note so long as SPV is not required under the Purchase Agreement to set aside for the benefit of, or otherwise pay over to, the funds used for such payments to any of the Senior Claimants and further provided that the making of such payment would not otherwise violate the terms and provisions of the Purchase Agreement. Should any payment, distribution or security or proceeds thereof be received by Originator in violation of the immediately preceding sentence, Originator agrees that such payment shall be segregated, received and held in trust for the benefit of, and deemed to be the property of, and shall be immediately paid over and delivered to the Administrative Agent for the benefit of the Senior Claimants.

5. Bankruptcy; Insolvency. 6. Amendments. This Subordinated Note shall not be amended or modified except in accordance with Section 7.1 of the Sale Agreement. The terms of this Subordinated Note may not be amended or otherwise modified without the prior written consent of the Administrative Agent and each Managing Agent.

7. **GOVERNING LAW. THIS SUBORDINATED NOTE SHALL BE INTERPRETED AND THE RIGHTS AND LIABILITIES OF THE PARTIES HERETO DETERMINED IN ACCORDANCE WITH THE LAWS AND DECISIONS OF THE STATE OF NEW YORK. WHEREVER POSSIBLE EACH PROVISION OF THIS SUBORDINATED NOTE SHALL BE INTERPRETED IN SUCH MANNER AS TO BE EFFECTIVE AND VALID UNDER APPLICABLE LAW, BUT IF ANY PROVISION OF THIS SUBORDINATED NOTE SHALL BE PROHIBITED BY OR INVALID UNDER APPLICABLE LAW, SUCH PROVISION SHALL BE INEFFECTIVE TO THE EXTENT OF SUCH PROHIBITION OR INVALIDITY, WITHOUT INVALIDATING THE REMAINDER OF SUCH PROVISION OR THE REMAINING PROVISIONS OF THIS SUBORDINATED NOTE.**

8. Waivers. All parties hereto, whether as makers, endorsers, or otherwise, severally waive presentment for payment, demand, protest and notice of dishonor. Originator additionally expressly waives all notice of the acceptance by any Senior Claimant of the subordination and other provisions of this Subordinated Note and expressly waives reliance by any Senior Claimant upon the subordination and other provisions herein provided.

9. Assignment. This Subordinated Note may not be assigned, pledged or otherwise transferred to any party other than Originator without the prior written consent of the Administrative Agent, and any such attempted transfer shall be void.

10. Amendment and Restatement. This Subordinated Note amends and restates in full that certain Subordinated Note dated May 22, 2003 (the "Existing Subordinated Note") made by SPV in favor of Originator and evidences all amounts outstanding thereunder as of the date hereof as well as amounts hereafter incurred as described above, which Existing Subordinated Note shall, from and after the date hereof, be of no further force and effect. This Subordinated Note is given in substitution for, and not in payment of, such Existing Subordinated Note, and is not intended to constitute a novation of the Existing Subordinated Note.

Anything to the contrary notwithstanding, the duties of the Servicer set forth in this Agreement shall be limited in their entirety by the provisions of the Customer Choice Act, the Financing Order and any applicable MPSC Regulations, as in effect at the time such duties are to be performed. Without limiting the generality of this Section 3.01(a), in furtherance of the foregoing, the Servicer hereby agrees that it shall also have, and shall comply with, the duties and responsibilities relating to Securitization Charge Adjustments, data acquisition, usage and bill calculation, billing, customer service functions, collections, payment processing and remittance set forth in Annex 1 hereto.

(b) Notification of Laws and Regulations. The Servicer shall promptly notify the Issuer, the Trustee and the Rating Agencies in writing of any laws or MPSC Regulations hereafter promulgated that have a material adverse effect on the Servicer's ability to perform its duties under this Agreement.

(c) Other Information. Upon the reasonable request of the Issuer, the Trustee or any Rating Agency, the Servicer shall provide to the Issuer, the Trustee or the Rating Agencies, as the case may be, any public financial information in respect of the Servicer, or any material information regarding the Transferred Securitization Property to the extent it is reasonably available to the Servicer, that may be reasonably necessary and permitted by law for the Issuer, the Trustee or the Rating Agencies to monitor the performance by the Servicer hereunder. In addition, so long as any of the Securitization Bonds of any Series are outstanding, the Servicer shall provide to the Issuer and to the Trustee, within a reasonable time after written request therefor, any information available to the Servicer or reasonably obtainable by it that is necessary to calculate the Securitization Charges.

(d) Alternative Electric Suppliers. The Servicer shall not permit Alternative Electric Suppliers to bill and collect the Securitization Charge unless it is required to do so by law.

SECTION 3.02 Collection and Allocation of the Securitization Charges.

(a) The Servicer shall use all reasonable efforts, consistent with its customary servicing procedures, to collect all amounts owed in respect of the Securitization Charges as and when the same shall become due and shall follow such collection procedures as it follows with respect to collection activities that Consumers conducts for itself or others. The Servicer shall not change the amount of or reschedule the due date of any scheduled payment by customers of the Securitization Charges, except as contemplated in this Agreement or as required by law or court order or MPSC Regulations; provided, however, that the Servicer may take any of the foregoing actions to the extent that such action would be in accordance with customary billing and collection practices of Consumers with respect to billing and collection activities that it conducts for itself or others.

(b) The amount of Securitization Charge Collections during any Billing Month of the Servicer shall be determined in accordance with the allocation methodology set forth in Annex 2 hereto.

(c) Consumers' other charges may include gas charges which may be billed together with electric charges and all other charges which Consumers may be permitted to bill and collect from customers on their utility bills. If there is more than one Series of Securitization Bonds, the Servicer shall allocate Securitization Charge Collections among such Series, pro rata, based on the respective outstanding amounts payable and scheduled to be paid with respect to such Series.

(d) The Servicer is without authority or responsibility to collect tax charges authorized by the Financing Order, nor does the Servicer have any control over any amounts received with respect to such tax charges.

SECTION 3.03 Payment of Securitization Charge Collections.

(a) On each Monthly Remittance Date, for so long as the Servicer has satisfied the conditions of Section 5.11(b), the Servicer shall remit to the Trustee the Securitization Charge Collections in accordance with Section 5.11(b) (each, a "Monthly Remittance"). On each Daily Remittance Date, for so long as the Servicer has not satisfied the conditions of Section 5.11(b), the Servicer shall remit to the Trustee the Securitization Charge Collections in accordance with Section 5.11(a) (each, a "Daily Remittance").

(b) The Servicer agrees and acknowledges that it holds all Securitization Charge Collections collected by it for the benefit of the Issuer and that all amounts will be remitted by the Servicer in accordance with this Agreement without any surcharge, fee (other than the Servicing Fee under Section 5.07 hereunder), offset, charge or other deduction and without making any claim to reduce its obligation to remit all Securitization Charge Collections collected by it.

SECTION 3.04 Servicing and Maintenance Standards. The Servicer shall, on behalf of the Issuer:

(a) manage, service, administer and make collections in respect of the Transferred Securitization Property with reasonable care and in material compliance with applicable law, including all applicable MPSC Regulations, using the same degree of care and diligence that the Servicer exercises with respect to billing and collection activities that the Servicer conducts for itself and others;

(b) follow standards, policies and procedures in performing its duties as Servicer that are customary in the electric distribution industry;

(c) use all reasonable efforts, consistent with its customary servicing procedures, to enforce and maintain the Issuer's and the Trustee's rights in respect of the Transferred Securitization Property; and

(d) calculate the Securitization Charges in compliance with the

Customer Choice Act, the Financing Order and any applicable tariffs;

except where the failure to comply with any of the foregoing would not materially and adversely affect the Issuer's or the Trustee's interest in the Transferred Securitization Property. The Servicer shall follow such customary and usual practices and procedures as it shall deem necessary or advisable in its servicing of the Transferred Securitization Property, which, in the Servicer's judgment, may include the taking of legal action pursuant to Section 3.10 or otherwise. Notwithstanding the foregoing, the Servicer shall not change its customary and usual practices and procedures in any manner that would materially and adversely affect the Issuer's or the Trustee's interest in the Transferred Securitization Property unless it shall have provided the Rating Agencies with prior written notice.

SECTION 3.05 Servicer's Certificates. The Servicer will provide to the Issuer and to the Trustee the statements and data specified in Annex 1.

SECTION 3.06 Annual Statement as to Compliance. The Servicer shall deliver to the Issuer, the Trustee and each Rating Agency, on or before March 31 of each year, beginning March 31, 2002 to and including March 31 succeeding the retiring of the Securitization Bonds, an Officers' Certificate, stating that:

(a) a review of the activities of the Servicer during the preceding calendar year (or relevant portion thereof in the case of the first such Officer's Certificate) and of its performance under this Agreement has been made under such officers' supervision, and

(b) to the best of such officers' knowledge, based on such review, the Servicer has fulfilled all its obligations under this Agreement throughout such period or, if there has been a default in the fulfillment of any such obligation, describing each such default.

SECTION 3.07 Annual Independent Certified Public Accountants' Report.

(a) The Servicer shall cause a firm of independent certified public accountants (which may also provide other services to the Servicer or Consumers) to prepare, and the Servicer shall deliver to the Issuer, to the Trustee and to each Rating Agency, on or before March 31 of each year, beginning March 31, 2002 to and including the March 31 succeeding the retirement of all Securitization Bonds, a report addressed to the Servicer (the "Annual Accountant's Report"), which may be included as part of the Servicer's customary auditing activities, to the effect that such firm has performed certain procedures in connection with the Servicer's compliance with its obligations under this Agreement during the preceding calendar year (or, in the case of the first Annual Accountant's Report, the period of time from the Initial Transfer Date until December 31, 2002), identifying the results of such procedures and including any exceptions noted. In the event such accounting firm requires the Trustee or the Issuer to agree or consent to the procedures performed by such firm, the Issuer shall direct the Trustee in writing to so agree; it being understood and agreed that the Trustee will deliver such letter of agreement or consent in conclusive reliance upon the direction of the Issuer, and the Trustee will not make any independent inquiry or investigation as to, and shall have no obligation or liability in respect of, the sufficiency, validity or correctness of such procedures.

(b) The Annual Accountant's Report shall also indicate that the accounting firm providing such report is independent of the Servicer within the meaning of the Code of Professional Ethics of the American Institute of Certified Public Accountants in effect from time to time.

SECTION 3.08 Securitization Property Documentation. To assure uniform quality in servicing the Transferred Securitization Property and to reduce administrative costs, the Servicer shall keep on file, in accordance with its customary procedures, all Securitization Property Documentation.

SECTION 3.09 Computer Records; Audits of Documentation.

(a) Safekeeping. The Servicer shall maintain accurate and complete accounts, records and computer systems pertaining to the Transferred Securitization Property and the Securitization Property Documentation in accordance with its standard accounting procedures and in sufficient detail to permit calculation of the Securitization Charge Collections to be remitted from time to time to the Trustee pursuant to Section 3.03 and to enable the Issuer to comply with this Agreement and the Indenture. The Servicer shall conduct, or cause to be conducted, periodic audits of the Securitization Property Documentation held by it under this Agreement and of the related accounts, records and computer systems, in such a manner as shall enable the Issuer and the Trustee, as pledgee of the Issuer, to verify the accuracy of the Servicer's record keeping. The Servicer shall promptly report to the Issuer and to the Trustee any failure on the Servicer's part to hold the Securitization Property Documentation and maintain its accounts, records and computer systems as herein provided and promptly take appropriate action to remedy any such failure. Nothing herein shall be deemed to require an initial review or any periodic review by the Issuer or the Trustee of the Securitization Property Documentation. The Servicer's duties to hold the Securitization Property Documentation on behalf of the Issuer set forth in this Section 3.09(a), to the extent such Securitization Property Documentation has not been previously transferred to a successor Servicer, shall terminate three years after the earlier of the date on which (i) the Servicer is succeeded by a successor Servicer pursuant to the provisions of this Agreement or (ii) no Securitization Bonds of any Series are outstanding.

(b) Maintenance of and Access to Records. The Servicer shall maintain the Securitization Property Documentation at 212 W. Michigan Avenue, Jackson, Michigan 49201, or at such other office as shall be specified to the Issuer and to the Trustee by written notice not later than 30 days prior to any change in location. The Servicer shall permit the Issuer and the Trustee or their respective duly authorized representatives, attorneys, agents or auditors at any time during normal business hours to inspect, audit and make copies of and abstracts from the Servicer's records regarding the Transferred Securitization Property, the Securitization Charges and the Securitization Property Documentation. The failure of the Servicer to provide access to such information as a result of an obligation or applicable law (including MPSC Regulations) prohibiting disclosure of information regarding Customers shall not constitute a breach of this Section 3.09(b).

SECTION 3.10 Defending Transferred Securitization Property Against Claims. The Servicer shall institute and maintain any action or proceeding necessary to compel performance by the MPSC or the State of Michigan of any of their obligations or duties under the Customer Choice Act or the Financing Order with respect to the Transferred Securitization Property, and the Servicer agrees to take such legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, as may be reasonably necessary to block or overturn any attempts to cause a repeal of, modification of or supplement to the Customer Choice Act or the Financing Order, as the case may be, or the rights of holders of Transferred Securitization Property that would be adverse to Securitization Bondholders. In any proceedings related to the exercise of the power of eminent domain by any municipality to acquire a portion of Consumers' electric distribution facilities, the Servicer shall assert that the court ordering such condemnation must treat such municipality as a successor to

Consumers under the Customer Choice Act and the Financing Order. The costs of any such action reasonably allocated by the Servicer to the Transferred Securitization Property shall be payable from Securitization Charge Collections as an Operating Expense in accordance with the Indenture. The Servicer's obligations pursuant to this Section 3.10 shall survive and continue notwithstanding the fact that the payment of Operating Expenses pursuant to the Indenture may be delayed (it being understood that the Servicer may be required to advance its own funds to satisfy its obligations under this Section 3.10).

SECTION 3.11 Opinions of Counsel. The Servicer shall deliver to the Issuer and to the Trustee:

(a) promptly after the execution and delivery of this Agreement and of the Sale Agreement and of each amendment hereto or thereto, and on each Transfer Date, an Opinion of Counsel either:

(i) to the effect that, in the opinion of such counsel, all UCC filings that are necessary to perfect or maintain the perfection of the security interest of the Trustee in the Transferred Securitization Property have been executed and filed, and reciting the details of such filings or referring to prior Opinions of Counsel in which such details are given, or

(ii) to the effect that, in the opinion of such counsel, no such action is necessary to perfect or maintain the perfection of such security interest based on law in existence on the date of such Opinion of Counsel; and

(b) within 90 days after the beginning of each calendar year beginning with the first calendar year beginning more than three full calendar months after the Initial Transfer Date, an Opinion of Counsel, dated as of a date during such 90-day period, either:

(i) to the effect that, in the opinion of such counsel, all UCC filings have been executed and filed that are necessary to perfect or maintain the perfection of the security interest of the Trustee in the Transferred Securitization Property, and reciting the details of such filings or referring to prior Opinions of Counsel in which such details are given, or

(ii) to the effect that, in the opinion of such counsel, no such action is necessary to perfect or maintain the perfection of such security interest based on law in existence on the date of such Opinion of Counsel.

Each Opinion of Counsel referred to in clause (a) or (b) above shall specify any action necessary (as of the date of such Opinion of Counsel) to be taken in the following year to perfect or maintain the perfection of such security interest based on law in existence on the date of such Opinion of Counsel.

ARTICLE IV

Services Related to Securitization Charge Adjustments

SECTION 4.01 Securitization Charge Adjustments. The Servicer shall perform the calculations and take the actions relating to adjusting the Securitization Charges, as set forth in Annex 1.

ARTICLE V

The Servicer

SECTION 5.01 Representations and Warranties of Servicer. The Servicer makes the following representations and warranties as of each Transfer Date, on which the Issuer has relied and will rely in acquiring Transferred Securitization Property and in entering into this Agreement. The representations and warranties shall survive the execution and delivery of this Agreement, the sale of any of the Transferred Securitization Property to the Issuer and the pledge thereof to the Trustee pursuant to the Indenture.

(a) Organization and Good Standing. The Servicer is a corporation duly organized and in good standing under the laws of the state of its incorporation, with the corporate power and authority to own its properties and to conduct its business as such properties are currently owned and such business is presently conducted and to execute, deliver and carry out the terms of this Agreement, and has the power, authority and legal right to service the Transferred Securitization Property.

(b) Due Qualification. The Servicer has duly qualified to do business as a foreign corporation in good standing, and has obtained all necessary licenses and approvals in all jurisdictions, in which the ownership or lease of property or the conduct of its business (including the servicing of the Transferred Securitization Property as required by this Agreement) requires such qualifications, licenses or approvals (except where the failure to so qualify would not be reasonably likely to have a material adverse effect on the Servicer's business, operations, assets, revenues, properties or prospects or adversely affect the servicing of the Transferred Securitization Property).

(c) Power and Authority. The Servicer has the corporate power and authority to execute and deliver this Agreement and to carry out its terms; and the execution, delivery and performance of this Agreement have been duly authorized by the Servicer by all necessary corporate action.

(d) Binding Obligation. This Agreement constitutes a legal, valid and binding obligation of the Servicer enforceable against the Servicer in accordance with its terms subject to bankruptcy, receivership, insolvency, reorganization, moratorium or other laws affecting creditors' rights generally from time to time in effect and to general principles of equity (regardless of whether considered in a proceeding in equity or at law).

(e) No Violation. The consummation of the transactions contemplated by this Agreement and the fulfillment of the terms hereof will not conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the articles of incorporation or by-laws of the Servicer, or any material indenture, material agreement or other material instrument to which the Servicer is a party or by which it is bound; or result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement or other instrument; or violate any law or any order, rule or regulation applicable to the Servicer or its properties of any court or of any federal or state regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Servicer or its properties.

(f) Approvals. Except for filings with the MPSC for adjusting the Securitization Charges pursuant to Section 4.01 and Annex 1, filing of financing statements under the Michigan UCC and the Delaware UCC and UCC continuation filings, no approval, authorization, consent, order or other action of, or filing with, any court, federal or state regulatory body, administrative agency or other governmental instrumentality is required in connection with the execution and delivery by the Servicer of this Agreement, the performance by the Servicer of the transactions contemplated hereby or the fulfillment by the Servicer of the terms hereof, except those that have been obtained or made.

(g) No Proceedings. There are no proceedings or investigations pending or, to the Servicer's best knowledge, threatened before any court, federal or state regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Servicer or its properties:

(i) seeking to prevent the issuance of the Securitization Bonds or the consummation of any of the transactions contemplated by this Agreement or any of the other Basic Documents;

(ii) except as disclosed in writing by the Servicer to the Issuer, seeking any determination or ruling that might materially and adversely affect the performance by the Servicer of its obligations under, or the validity or enforceability against the Servicer of, this Agreement or any of the other Basic Documents; or

(iii) relating to the Servicer and which might materially and adversely affect the federal or state tax attributes of the Securitization Bonds.

(h) Reports and Certificates. Each report and certificate delivered in connection with any filing made to the MPSC by the Servicer on behalf of the Issuer with respect to the Securitization Charges or Securitization Charge Adjustments will constitute a representation and warranty by the Servicer that each such report or certificate, as the case may be, is true and correct in all material respects; provided, however, that to the extent any such report or certificate is based in part upon or contains assumptions, forecasts or other predictions of future events, the representation and warranty of the Servicer with respect thereto will be limited to the representation and warranty that such assumptions, forecasts or other predictions of future events are based upon historical performance, current conditions and reasonable expectations.

SECTION 5.02 Indemnities of Servicer; Release of Claims.

(a) The Servicer shall be liable in accordance herewith only to the extent of the obligations specifically undertaken by the Servicer under this Agreement.

(b) The Servicer shall indemnify the Issuer and the Trustee (for itself and on behalf of the Securitization Bondholders) and each of their respective trustees, members, managers, officers, directors, employees and agents for, and defend and hold harmless each such Person from and against, any and all Losses that may be imposed upon, incurred by or asserted against any such Person as a result of:

(i) the Servicer's wilful misconduct, bad faith or gross negligence in the performance of its duties or observance of its covenants under this Agreement or the Servicer's reckless disregard of its obligations and duties under this Agreement;

(ii) the Servicer's breach of any of its representations or warranties in this Agreement; and

(iii) litigation and related expenses relating to its status and obligations as Servicer,

provided, however, that the Servicer shall not be liable for any Losses resulting from the willful misconduct, bad faith or gross negligence of any Person indemnified pursuant to this Section 5.02(b) (each, an "Indemnified Person") or resulting from a breach of a representation or warranty made by such Indemnified Person in any of the Basic Documents that gives rise to the Servicer's breach.

Promptly after receipt by an Indemnified Person of notice of its involvement in any action, proceeding or investigation, such Indemnified Person shall, if a claim for indemnification in respect thereof is to be made against the Servicer under this Section 5.02(b), notify the Servicer in writing of such involvement. Failure by an Indemnified Person to so notify the Servicer shall relieve the Servicer from the obligation to indemnify and hold harmless such Indemnified Person under this Section 5.02 only to the extent that the Servicer suffers actual prejudice as a result of such failure. With respect to any action, proceeding or investigation brought by a third party against an Indemnified Person for which indemnification may be sought under this Section 5.02, the Servicer shall be entitled to assume the defense of any such action, proceeding or investigation. Upon assumption by the Servicer of the defense of any such action, proceeding or investigation, the Indemnified Person shall have the right to participate in such action or proceeding and to retain its own counsel (including local counsel), and the Servicer shall bear the reasonable fees, costs and expenses of such separate counsel. The Indemnified Person shall not settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification may be sought under this Section 5.02 (whether or not the Servicer is an actual or potential party to such claim or action) unless the Servicer agrees in writing to such settlement, compromise or consent and such settlement, compromise or consent includes an unconditional release of the Servicer from all liability arising out of such claim, action, suit or proceeding.

(c) The Servicer shall indemnify the Trustee and its respective officers, directors and agents for, and defend and hold harmless each such Person from and against, any and all Losses that may be imposed upon, incurred by or asserted against any such Person as a result of the acceptance or performance of the trusts and duties contained herein and in the Indenture, except to the extent that any such Loss is due to the wilful misconduct, bad faith or gross negligence of the Trustee; provided, however, that the foregoing indemnity is extended to the Trustee solely in its individual capacity and not for the benefit of the Securitization Bondholders or any other Person. Any such amounts payable under this Section 5.02(c) with respect to the Trustee shall be deposited in the General Subaccount and distributed in accordance with the Indenture.

(d) The Servicer's indemnification obligations under Section 5.02(b) and (c) for events occurring prior to the removal or resignation of the Trustee or the termination of this Agreement shall survive the resignation or removal of the Trustee or the termination of this Agreement and shall include reasonable costs, fees and expenses of investigation and litigation (including the Issuer's and the Trustee's reasonable attorneys' fees and expenses).

(e) Except to the extent expressly provided for in the Basic Documents (including the Servicer's claims with respect to the Monthly Servicing Fees and Consumers' claim for payment of the purchase price of the Transferred Securitization Property), the Servicer hereby releases and discharges the Issuer (including its Member, Managers, officers, employees and agents, if any), and the Trustee (including its respective officers, directors and agents) (collectively, the "Released Parties") from any and all actions, claims and demands whatsoever, which the Servicer shall or may have against any such Person relating to the Transferred Securitization Property or the Servicer's activities with respect thereto other than any actions, claims and demands arising out of the willful misconduct, bad faith or gross negligence of the Released Parties.

(f) The indemnification obligation of the Servicer under this

Section 5.02 shall be pari passu with all other general unsecured obligations of the Servicer.

SECTION 5.03 Merger or Consolidation of, or Assumption of the Obligations of, Servicer. Any Person:

- (a) into which the Servicer may be merged or consolidated and which succeeds to all or the major part of the electric distribution business of the Servicer,
- (b) which results from the division of the Servicer into two or more Persons and which succeeds to all or the major part of the electric distribution business of the Servicer,
- (c) which may result from any merger or consolidation to which the Servicer shall be a party and which succeeds to all or the major part of the electric distribution business of the Servicer,
- (d) which may succeed to the properties and assets of the Servicer substantially as a whole and which succeeds to all or the major part of the electric distribution business of the Servicer, or
- (e) which may otherwise succeed to all or the major part of the electric distribution business of the Servicer, which Person in any of the foregoing cases (a) through (e) executes an agreement of assumption to perform every obligation of the Servicer under this Agreement, shall be the successor to the Servicer hereunder without the execution or filing of any document or any further act by any of the parties to this Agreement, provided that:
 - (i) immediately after giving effect to such transaction, no representation or warranty made pursuant to Section 5.01 shall have been breached and no Servicer Default, and no event that, after notice or lapse of time, or both, would become a Servicer Default, shall have occurred and be continuing;
 - (ii) the successor Servicer shall have delivered to the Issuer and the Trustee an Officers' Certificate and an Opinion of Counsel each stating that such consolidation, merger or succession and such agreement of assumption comply with this Section 5.03 and that all conditions precedent, if any, provided for in this Agreement relating to such transaction have been complied with;
 - (iii) the successor Servicer shall have delivered to the Issuer and to the Trustee an Opinion of Counsel either:
 - (A) stating that, in the opinion of such counsel, all filings to be made by the Servicer, including UCC filings, that are necessary to perfect or maintain the perfection of the security interest of the Trustee in the Transferred Securitization Property have been executed and filed and reciting the details of such filings, or
 - (B) stating that, in the opinion of such counsel, no such action is necessary to perfect or maintain the perfection of such security interest based on law in existence on the date of such opinion;
 - (iv) the Rating Agencies shall have received prior written notice of such transaction (although there is no requirement of any Rating Agency Confirmation);
 - (v) the successor Servicer shall have delivered to the Issuer and the Trustee an opinion of independent tax counsel (as selected by, and in form and substance reasonably satisfactory to, the Issuer and the Trustee), which may be based on a ruling from the Internal Revenue Service, to the effect that, for federal income tax purposes, such consolidation or merger will not result in a material adverse federal income tax consequence to the Issuer, the Trustee or the then existing Securitization Bondholders; and
 - (vi) any applicable requirements of the Intercreditor Agreement have been satisfied.

The Servicer shall not consummate any transaction referred to in subclauses (a), (b), (c), (d) or (e) above except upon execution of the above described agreement of assumption and compliance with subclauses (i) through (vi) above. When any Person acquires the properties and assets of the Servicer substantially as a whole and becomes the successor to the Servicer in accordance with the terms of this Section 5.03, then upon the satisfaction of all of the other conditions of this Section 5.03, the Servicer shall automatically and without further notice be released from its obligations hereunder.

SECTION 5.04 Assignment of Servicer's Obligations. The Servicer may not assign its rights or obligations hereunder to any successor unless the Rating Agency Condition and any other condition specified in the Financing Order and the Intercreditor Agreement have been satisfied.

SECTION 5.05 Limitation on Liability of Servicer. The Servicer shall not be liable to the Issuer or the Trustee, except as provided under this Agreement, for any action taken or for refraining from the taking of any action pursuant to this Agreement or for errors in judgment; provided, however, that this provision shall not protect the Servicer against any liability that would otherwise be imposed by reason of willful misconduct, bad faith or gross negligence in the performance of its duties or by reason of reckless disregard of obligations and duties under this Agreement. The Servicer and any director, officer, employee or agent of the Servicer may rely in good faith on the advice of counsel reasonably acceptable to the Trustee or on any document of any kind, prima facie properly executed and submitted by any Person, respecting any matters arising under this Agreement.

Except as provided in this Agreement, the Servicer shall not be under any obligation to appear in, prosecute or defend any legal action that is not incidental to its duties to service the Transferred Securitization Property in accordance with this Agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability.

SECTION 5.06 Consumers Not To Resign as Servicer. Subject to the provisions of Sections 5.03 and 5.04, Consumers shall not resign from the obligations and duties imposed on it as Servicer under this Agreement except upon a determination that the performance of its duties under this Agreement shall no longer be permissible under applicable law. Notice of any such determination permitting the resignation of Consumers shall be communicated to the Issuer, the Trustee and each Rating Agency at the earliest practicable time (and, if such communication is not in writing, shall be confirmed in writing at the earliest practicable time), and any such determination shall be evidenced by an Opinion of Counsel to such effect delivered to the Issuer and the Trustee concurrently with or promptly after such notice. No such resignation shall become effective until a successor Servicer has assumed the servicing obligations and duties hereunder of the Servicer in accordance with Section 6.04.

SECTION 5.07 Monthly Servicing Fee. The Issuer agrees to pay the Servicer the Monthly Servicing Fee with respect to all Series of Securitization Bonds. For so long as Consumers is the Servicer, the Monthly Servicing Fee shall be one-twelfth times 0.25% times the total Outstanding Amount as of the date of payment of such Monthly Servicing Fee. The foregoing Monthly Servicing Fee constitutes a fair and reasonable price for the obligations to be performed by the Servicer.

SECTION 5.08 Servicer Expenses. Except as otherwise expressly provided herein, the Servicer shall be required to pay all expenses incurred by it in connection with its activities hereunder, including fees and disbursements of independent accountants and counsel, taxes imposed on the Servicer and expenses incurred in connection with reports to Securitization Bondholders.

SECTION 5.09 Subservicing. The Servicer may at any time appoint a subservicer to perform all or any portion of its obligations as Servicer hereunder; provided, however, that the Rating Agency Condition shall have been satisfied in connection therewith; and provided further that the Servicer shall remain obligated and be liable to the Issuer, the Trustee and the Securitization Bondholders for the servicing and administering of the Transferred Securitization Property in accordance with the provisions hereof without diminution of such obligation and liability by virtue of the appointment of such subservicer and to the same extent and under the same terms and conditions as if the Servicer alone were servicing and administering the Transferred Securitization Property. The fees and expenses of the subservicer shall be as agreed between the Servicer and its subservicer from time to time, and none of the Issuer, the Trustee or the Securitization Bondholders shall have any responsibility therefor. Any such appointment shall not constitute a Servicer resignation under Section 5.06.

SECTION 5.10 No Servicer Advances. The Servicer shall not make any advances of interest on or principal of the Securitization Bonds.

SECTION 5.11 Remittances.

(a) The Servicer shall remit Securitization Charge Collections (from whatever source) not later than each Daily Remittance Date, and all proceeds of other Collateral of the Issuer, if any, received by the Servicer during the second preceding Business Day, to the Trustee for deposit pursuant to the Indenture. The Servicer shall promptly remit any Indemnity Amounts paid or received by it immediately to the Trustee for deposit pursuant to the Indenture.

(b) Notwithstanding the foregoing clause (a), as long as:

- (i) Consumers or any successor to Consumers' electric distribution business remains the Servicer, and
- (ii) no Servicer Default has occurred and is continuing, and
 - (A) Consumers or such successor obtains and maintains a short-term rating of "A-1" or better by Standard & Poor's, "P-1" or better by Moody's and "F-1" or better by Fitch (and for five Business Days following a reduction in any such rating), or
 - (B) the Rating Agency Condition has been otherwise satisfied (and any conditions or limitations imposed by the Rating Agencies in connection therewith are complied with),

the Servicer need not make the Daily Remittances, but in lieu thereof, may remit all Securitization Charge Collections (from whatever source), and all proceeds of other Collateral of the Issuer, if any, received by the Servicer during the preceding Billing Month, (or, in the case of the first Monthly Remittance following a Daily Remittance, since the second Business Day preceding such Daily Remittance) to the Trustee for deposit pursuant to the Indenture, not later than the corresponding Monthly Remittance Date.

(c) If the Servicer has been making Monthly Remittances but fails to continue to satisfy the requirements of clause (b) above, the Servicer shall begin making Daily Remittances pursuant to clause (a) above immediately following such failure; provided, that, on the first Daily Remittance Date following such Monthly Remittances, the Servicer shall remit all Securitization Charge Collections (from whatever source), and all proceeds of other Collateral of the Issuer, if any, received by the Servicer since the last day of the preceding Billing Month, to the Trustee for deposit pursuant to the Indenture.

SECTION 5.12 Protection of Title. The Servicer shall execute and file such filings and cause to be executed and filed such filings, all in such manner and in such places as may be required by law fully to preserve, maintain and protect the interests of the Trustee in the Transferred Securitization Property, including all filings required under the UCC relating to the transfer of ownership of or a security interest in the Transferred Securitization Property by the Seller to the Issuer or the security interest granted by the Issuer to the Trustee in the Transferred Securitization Property. The Servicer shall deliver (or cause to be delivered) to the Issuer and the Trustee file-stamped copies of, or filing receipts for, any document filed as provided above, as soon as available following such filing.

ARTICLE VI

Servicer Default

SECTION 6.01 Servicer Default. If any one of the following events (a "Servicer Default") occurs and is continuing:

- (a) any failure by the Servicer to remit to the Trustee, on behalf of the Issuer, any required remittance that continues unremedied for a period of five Business Days after written notice of such failure is received by the Servicer from the Issuer or the Trustee; or
- (b) any failure by the Servicer duly to observe or perform in any material respect any other covenant or agreement of the Servicer set forth in this Agreement, which failure:
 - (i) materially and adversely affects the Transferred Securitization Property or the rights of the Securitization Bondholders, and
 - (ii) continues unremedied for a period of 60 days after written notice of such failure has been given to the Servicer by the Issuer or by the Trustee or after discovery of such failure by an officer of the Servicer; or
- (c) any representation or warranty made by the Servicer in this Agreement proves to have been incorrect when made, which has a material adverse effect on the Issuer or the Securitization Bondholders and which material adverse effect continues unremedied for a period of 60 days after

the date on which written notice thereof has been given to the Servicer by the Issuer or the Trustee or after discovery of such failure by an officer of the Servicer, as the case may be; or

(d) an Insolvency Event occurs with respect to the Servicer;

then, and in each and every case, so long as the Servicer Default shall not have been remedied, the Trustee, with the consent of the Holders of a majority of the outstanding principal amount of the Securitization Bonds of all Series, but subject to the provisions of the Intercreditor Agreement, by notice then given in writing to the Servicer (a "Termination Notice") may terminate all the rights and obligations (other than the indemnification obligations set forth in Section 5.02 hereof and the obligation under Section 6.04 to continue performing its functions as Servicer until a successor Servicer is appointed) of the Servicer under this Agreement. In addition, upon a Servicer Default specified in Section 6.01(a) above, the Issuer and the Trustee shall be entitled to apply to the MPSC or any court of competent jurisdiction for sequestration and payment to the Trustee of revenues arising with respect to the Transferred Securitization Property.

On or after the receipt by the Servicer of a Termination Notice, all authority and power of the Servicer under this Agreement, whether with respect to the Transferred Securitization Property, the related Securitization Charges or otherwise, shall, upon appointment of a successor Servicer pursuant to Section 6.04, without further action, pass to and be vested in such successor Servicer and, without limitation, the Trustee is hereby authorized and empowered to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such Termination Notice, whether to complete the transfer of the Securitization Property Documentation and related documents, or otherwise. The predecessor Servicer shall cooperate with the successor Servicer, the Trustee and the Issuer in effecting the termination of the responsibilities and rights of the predecessor Servicer under this Agreement, including the transfer to the successor Servicer for administration by it of all cash amounts that shall at the time be held by the predecessor Servicer for remittance, or shall thereafter be received by it with respect to the Transferred Securitization Property or the related Securitization Charges. As soon as practicable after receipt by the Servicer of such Termination Notice, the Servicer shall deliver the Securitization Property Documentation to the successor Servicer. All reasonable costs and expenses (including attorneys fees and expenses) incurred in connection with transferring the Securitization Property Documentation to the successor Servicer and amending this Agreement to reflect such succession as Servicer pursuant to this Section 6.01 shall be paid by the predecessor Servicer upon presentation of reasonable documentation of such costs and expenses. Termination of Consumers as Servicer shall not terminate Consumers' rights or obligations under the Sale Agreement.

SECTION 6.02 Notice of Servicer Default. The Servicer shall deliver to the Issuer, the Trustee and each Rating Agency promptly after having obtained knowledge thereof, but in no event later than five Business Days thereafter, written notice in an Officer's Certificate of any event or circumstance which, with the giving of notice or the passage of time, would become a Servicer Default under Section 6.01. Such notice shall also be given by publication in an Authorized Newspaper, so long as any Securitization Bonds are listed on the Luxembourg Stock Exchange and the rules of that exchange so require.

SECTION 6.03 Waiver of Past Defaults. The Trustee, with the consent of Holders of the majority of the outstanding principal amount of the Securitization Bonds of all Series, may waive in writing any default by the Servicer in the performance of its obligations hereunder and its consequences, except a default in making any required remittances to the Trustee of Securitization Charge Collections in accordance with Section 3.03. Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Default arising therefrom shall be deemed to have been remedied for every purpose of this Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto.

SECTION 6.04 Appointment of Successor.

(a) Upon the Servicer's receipt of a Termination Notice pursuant to Section 6.01 or the Servicer's resignation in accordance with the terms of this Agreement, the predecessor Servicer shall continue to perform its functions as Servicer under this Agreement and shall be entitled to receive the requisite portion of the Monthly Servicing Fees, until a successor Servicer has assumed in writing the obligations of the Servicer hereunder as described below. In the event of the Servicer's removal or resignation hereunder, the Trustee, as assignee of the Issuer, shall appoint a successor Servicer, with the consent of the Holders of a majority of the outstanding principal amount of the Securitization Bonds of all Series, but subject to the provisions of the Intercreditor Agreement, and the successor Servicer shall accept its appointment by a written assumption in form acceptable to the Issuer and the Trustee. If, within 30 days after the delivery of the Termination Notice, a new Servicer has not been appointed and accepted such appointment, the Trustee may petition the MPSC or a court of competent jurisdiction to appoint a successor Servicer under this Agreement. A Person shall qualify as a successor Servicer only if:

(i) such Person is not prevented from performing the duties of the Servicer pursuant to the Customer Choice Act, the MPSC Regulations, the Financing Order and this Agreement;

(ii) the Rating Agency Condition has been satisfied; and

(iii) such Person enters into a servicing agreement with the Issuer having substantially the same provisions as this Agreement.

(b) Upon appointment, the successor Servicer shall be the successor in all respects to the predecessor Servicer under this Agreement and shall be subject to all the responsibilities, duties and liabilities arising thereafter relating thereto placed on the predecessor Servicer and shall be entitled to the Monthly Servicing Fee and all the rights granted to the predecessor Servicer by the terms and provisions of the Agreement.

(c) The successor Servicer may resign only if it is prohibited from serving as such by applicable law.

SECTION 6.05 Cooperation with Successor. The Servicer covenants and agrees with the Issuer that it will, on an ongoing basis, cooperate with the successor Servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the successor Servicer in performing its obligations hereunder, including, without limitation, furnishing to the successor Servicer all information necessary to calculate the Securitization Charge Collections.

SECTION 3. Payment Date Statements. At least one Business Day before each Payment Date, the Servicer shall provide to the Issuer, the Trustee, each Rating Agency and for so long as any Securitization Bonds are listed on the Luxembourg Stock Exchange, any listing agent in Luxembourg and notice that such report is available shall be published in an Authorized Newspaper, a statement indicating:

SECTION 4. Remittance Date Statements. At least one Business Day before each Remittance Date, but not more frequently than monthly, the Servicer shall prepare and furnish to the Issuer and the Trustee a statement setting forth the amount to be remitted by the Servicer to the Trustee for deposit on such Remittance Date pursuant to the Indenture.

SECTION 5. Securitization Charge Adjustments.

(a) Prior to each Calculation Date, the Servicer shall calculate

(i) the Securitization Bond Balance as of the Payment Date immediately preceding the next Adjustment Date (a written copy of which shall be delivered by the Servicer to the Trustee within five days following such Calculation Date), and

(ii) the revised Securitization Charges with respect to the Transferred Securitization Property in respect of each Adjustment Date such that the Servicer projects that Securitization Charge Collections therefrom allocable to the Issuer will be sufficient so that:

Such filings shall be made at least 90 days prior to the proposed effective date of the proposed adjustments.

ANNEX 2 to the Servicing Agreement
Dated as of November 8, 2001

Consumers Energy Company
Securitization Calculation Process

The following three processes will be used by Consumers Energy Company, as Servicer, under the Servicing Agreement for calculating the daily amounts of Securitization Charges to be remitted to the Trustee for deposit in the Collection Account not later than the Remittance Date:

Standard Process

Initial Start-Up Process

Process for Securitization Charge Rate Changes Resulting from a True-Up Adjustment

Terms are used herein as defined in Appendix A - Master Definitions to the Servicing Agreement. The customer billing and collections referred to in this Annex 2 are billings to and collections from Consumers' electric and combined electric and gas customers (but not gas only customers).

Standard Process

1. Each business day that customer billing and collections are processed, a file is created from the billing systems containing the billing data (rate class, total charges billed, Securitization Charges billed and KWh delivered) and a file is created with collection data (collection amount by rate class).
2. Billing Data: For an entire Billing Month the total Securitization Charges billed by the Servicer for each rate class are divided by the total charges billed by Consumers and the Servicer for each rate class to customers for such Billing Month, creating the Securitization Ratio. This information will be used for the subsequent Billing Month's calculation process. (Monthly Ratio Analysis)
3. Collection Data: Each business day after collections are received the total dollar amount collected by rate class is multiplied by the prior Billing Month's Securitization Ratio for each rate class. This amount is the total Securitization Charges collected, which will be remitted to the Trustee on a daily basis. (Daily Servicer's Report)
4. Monthly Summary: At the end of each Billing Month the total of the daily collections for that period are summarized and reported to the Trustee. (Monthly Servicer's Report)

Initial Start-Up

The standard process will be modified during the first three Billing Months following the Transfer Date of the Initial Transferred Securitization Property under the Sale Agreement. The first such Billing Month requires the calculation of the amount of Securitization Charges for the prior Billing Month and collections for all three of those Billing Months must take into account payment history by adjustment based on the Collection Curve for the applicable Billing Month.

First Billing Month

1. Billing Data: The amount of Securitization Charges that would have been billed during the Billing Month prior to actual securitization billing is calculated. The total Securitization Charges that would have been billed for each rate class are divided by the total charges billed by Consumers and the Servicer for each rate class to provide the Securitization Ratio. This will be done to the input files from the billing systems and then processed as described above. (Monthly Ratio Analysis)
2. Collection Data: For the first of the three Billing Months, the daily amounts of Securitization Charges collected are adjusted to reflect the time lag between the customer receiving the bill and

the Servicer receiving payment. To accomplish this, the amounts collected from the billing systems will be multiplied by the First Billing Month's Collection Curve Percentage. Standard processing is then performed. (Daily Servicer's Report)

3. Monthly Summary: At the end of each Billing Month the total Securitization Charges collected are summarized and reported to the Trustee. (Monthly Servicer's Report)

Months Two and Three

1. Billing Data: For the preceding Billing Month the total Securitization Charges for each rate class are divided by the total charges billed by Consumers and the Servicer for each rate class. This billing rate information is then used for the current Billing Month's calculation process. (Monthly Ratio Analysis)
2. Collection Data: For the second and third Billing Months, the daily amounts of Securitization Charges collected are adjusted to reflect the time lag between the customer receiving the bill and the Servicer receiving payment. To accomplish this, the amounts collected from the billing systems during the Second Billing Month are multiplied by the cumulative First and Second Billing Months' Collection Curve Percentage, and the amounts collected from the billing systems during the Third Billing Month are multiplied by the cumulative First, Second and Third Billing Months' Collection Curve Percentage. Standard processing is then performed. (Daily Servicer's Report)

In the fourth Billing Month and thereafter, standard processing is performed based upon 100% of the amounts billed and collected.

3. Monthly Summary: At the end of each Billing Month the total Securitization Charges collected are summarized and reported to the Trustee. (Monthly Servicer's Report)

Securitization Charge Rate Changes Resulting from a True-Up Adjustment

The first two Billing Months after a Securitization Charge Rate change resulting from an annual or quarterly true-up, special processing is required to (a) reflect the fact that during the Billing Month prior to the change the Securitization Charge was billed under the prior Securitization Charge Rate and (b) amounts collected for the first two Billing Months after the Securitization Charge Rate change will reflect payments for both old and new billing amounts resulting from the prior and new Securitization Charge Rates.

First Securitization Charge Rate-Change Billing Month

To calculate the appropriate Securitization Ratio for the first Billing Month after the Securitization Charge Rate change:

Collections Applicable to Prior Securitization Charge Rate

1. Collection Data: For the first Billing Month, the daily amounts of Securitization Charges collected must be adjusted to reflect the collections of the Securitization Charges billed under the prior Securitization Charge Rate. To accomplish this, the collection amounts from the billing systems are multiplied by 1 minus the first Billing Month's Collection Curve Percentage. Standard processing is then performed on these amounts using the prior Billing Month's Securitization Ratio. (Daily Servicer's Report)

Collections Applicable to New Securitization Charge Rate

2. Billing Data: For the first Billing Month, the amount of Securitization Charges billed is recalculated by multiplying the KWh delivered for each rate class by the new Securitization Charge Rate. The total calculated Securitization Charges billed for each rate class are divided by the total charges billed by Consumers and the Servicer for each rate class. This information is then used for the First Billing Month's second calculation process (point 3 below). (Monthly Ratio Analysis)
3. Collection Data: For the first Billing Month, the daily amounts of Securitization Charges collected must be adjusted to reflect the collections billed under the new Securitization Charge Rate. To accomplish this, the collection amounts from the billing systems are multiplied by the First Billing Month's Collection Curve Percentage. Standard processing is then performed using the recalculated prior month's Securitization Ratio. (Daily Servicer's Report)
4. Summarized Collection Data: For the first Billing Month, the Daily Servicer's Reports (points 1 and 3 above) are summarized into one set of reports. This summarized amount is the total Securitization Charges collected, which will be remitted to the Trustee on a daily basis. (Daily Servicer's Report)

Second Securitization Charge Rate Change Month

To calculate the appropriate Securitization Ratio for the second Billing Month after the Securitization Charge Rate change:

Collection Applicable to Prior Securitization Charge Rate

1. Billing Data: For the second Billing Month, the amount of Securitization Charges collected is recalculated by multiplying the KWh billed by the prior Securitization Charge Rate. The total calculated Securitization Charges billed are divided by the total charges billed by Consumers and the Servicer for each rate class. This information is then used for the second Billing Month's second calculation process (point 2). (Monthly Ratio Analysis)
2. Collection Data: For the second Billing Month, the daily amounts of Securitization Charges collected must be adjusted to reflect the collections billed under the prior Securitization Charge Rate applicable to each rate class. To accomplish this, the collection amounts from the billing systems are multiplied by 1 minus the cumulative First and Second Billing Months' Collection Curve Percentage. Standard processing on these amounts is then performed using the recalculated prior month's Securitization Ratio. (Daily Servicer's Report)

Collection Applicable to New Securitization Charge Rate

3. Collection Data: For the second Billing Month, the daily amounts of Securitization Charges collected must be adjusted to reflect the collections billed under the new Securitization Charge Rate. To accomplish this, the collection amounts from the billing systems are multiplied

by the cumulative First and Second Billing Months' Collection Curve Percentage. Standard processing is then performed using the prior month's Securitization Ratio. (Daily Servicer's Report)

4. Summarized Collection Data: For the second Billing Month, the Daily Servicer's Reports (points 2 and 3 above) are summarized into one set of reports. This summarized amount is the total Securitization Charges collected, which will be remitted to the Trustee on a daily basis. (Daily Servicer's Report)

Each Opinion of Counsel referred to in [Section 3.01\(c\)\(i\)](#) or [Section 3.01\(c\)\(ii\)](#) above shall specify any action necessary (as of the date of such opinion) to be taken in the following year to preserve, protect and perfect such interest or Lien.

SECTION 3.02. Servicing and Maintenance Standards. On behalf of the Issuer, the Servicer shall: (a) manage, service, administer, bill, collect and post collections in respect of the Securitization Property with reasonable care and in material compliance with each applicable Requirement of Law, including all applicable Commission Regulations and guidelines, using the same degree of care and diligence that the Servicer exercises with respect to similar assets for its own account and, if applicable, for others; (b) follow standards, policies and procedures in performing its duties as Servicer that are customary in the electric distribution industry; (c) use all reasonable efforts, consistent with its customary servicing procedures, to enforce, and maintain rights in respect of, the Securitization Property and to bill, collect and post the Securitization Charges; (d) comply with each Requirement of Law, including all applicable Commission Regulations and guidelines, applicable to and binding on it relating to the Securitization Property; (e) file all reports with the Commission required by the Financing Order; (f) file and maintain the effectiveness of UCC financing statements with respect to the property transferred under the Sale Agreement; and (g) take such other action on behalf of the Issuer to ensure that the Lien of the Indenture Trustee on the Securitization Bond Collateral remains perfected and of first priority. SECTION 3.03. Annual Reports on Compliance with Regulation AB.

(a) The Servicer shall deliver to the Issuer, the Indenture Trustee and the Rating Agencies, on or before the earlier of (a) March 31 of each year or (b) with respect to each calendar year during which the Sponsor's annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, the date on which such annual report on Form 10-K is required to be filed in accordance with the Exchange Act and the rules and regulations thereunder, certificates from a Responsible Officer of the Servicer (i) containing, and certifying as to, the statements of compliance required by Item 1123 of Regulation AB, as then in effect, and (ii) containing, and certifying as to, the statements and assessment of compliance required by Item 1122(a) of Regulation AB, as then in effect. These certificates may be in the form of, or shall include the forms attached as [Exhibit D](#) and [Exhibit E](#), with, in the case of [Exhibit D](#), such changes as may be required to conform to the applicable securities law.

(b) The Servicer shall use commercially reasonable efforts to obtain, from each other party participating in the servicing function, any additional certifications as to the statements and assessment required under Item 1122 or Item 1123 of Regulation AB to the extent required in connection with the filing of the annual report on Form 10-K; provided, however, that a failure to obtain such certifications shall not be a breach of the Servicer's duties hereunder. The parties acknowledge that the Indenture Trustee's certifications shall be limited to the Item 1122 certifications described in Exhibit C of the Indenture.

(c) The initial Servicer, in its capacity as Sponsor, shall post on its or its parent company's website and file with or furnish to the SEC, in periodic reports and other reports as are required from time to time under Section 13 or Section 15(d) of the Exchange Act, the information described in Section 3.07(g) of the Indenture to the extent such information is reasonably available to the Sponsor. Except to the extent permitted by applicable law, the initial Servicer, in its capacity as Sponsor, shall not voluntarily suspend or terminate its filing obligations as Sponsor with the SEC as described in this Section 3.03(c). The covenants of the initial Servicer, in its capacity as Sponsor, pursuant to this Section 3.03(c) shall survive the resignation, removal or termination of the initial Servicer as Servicer hereunder.

ARTICLE IV
SERVICES RELATED TO TRUE-UP ADJUSTMENTS

SECTION 4.01. True-Up Adjustments. From time to time, until the Collection in Full of the Securitization Charges, the Servicer shall identify the need for Annual True-Up Adjustments, Semi-Annual Interim True-Up Adjustments and Additional Interim True-Up Adjustments and shall take all reasonable action to obtain and implement such True-Up Adjustments, all in accordance with the following:

(a) Expected Amortization Schedule. The Expected Amortization Schedule for the Securitization Bonds is attached hereto as Exhibit F. If the Expected Amortization Schedule is revised, the Servicer shall send a copy of such revised Expected Amortization Schedule to the Issuer, the Indenture Trustee and the Rating Agencies promptly thereafter.

(b) True-Up Adjustments.

(i) Annual True-Up Adjustments and Filings. At the beginning of Consumers Energy's billing cycle that is at least three months but no longer than 12 months following Consumers Energy's first complete billing cycle after the Closing Date, and for Consumers Energy's billing cycle every 12 months thereafter, the Servicer shall: (A) update the data and assumptions underlying the calculation of the Securitization Charges, including projected electricity usage during the next Calculation Period for each Securitization Rate Class and including Periodic Principal, interest and estimated expenses and fees of the Issuer to be paid during such period, the Weighted Average Days Outstanding and write-offs; (B) determine the Periodic Payment Requirements and Periodic Billing Requirement for the next Calculation Period based on such updated data and assumptions; (C) determine the Securitization Charges to be allocated to each Securitization Rate Class during the next Calculation Period based on such Periodic Billing Requirement and the terms of the Financing Order, the Tariff and any other tariffs filed pursuant thereto; (D) make all required public notices and other filings with the Commission to reflect the revised Securitization Charges, including any Amendatory Schedule; and (E) take all reasonable actions and make all reasonable efforts to effect such Annual True-Up Adjustment and to enforce the provisions of the Securitization Law and the Financing Order. The Servicer shall implement the revised Securitization Charges, if any, resulting from such Annual True-Up Adjustment as of the Annual True-Up Adjustment Date.

(ii) Semi-Annual Interim True-Up Adjustments and Filings. No later than 45 days prior to the start of the February billing cycle, commencing with respect to the February 2015 billing cycle, and, one year prior to the Scheduled Final Payment Date for the latest maturing Tranche, within 45 days prior to the dates that are nine months, six months and three months prior to, and the date of, such Scheduled Final Payment Date for the latest maturing Tranche, the Servicer shall: (A) update the data and assumptions underlying the calculation of the Securitization Charges, including projected electricity usage during the next Calculation Period for each Securitization Rate Class and including Periodic Principal, interest and estimated expenses and fees of the Issuer to be paid during such period, the rate of delinquencies and write-offs; (B) determine the Periodic Payment Requirement and Periodic Billing Requirement for the next Calculation Period based on such updated data and assumptions; and (C) based upon such updated data and requirements, project whether existing and projected Securitization Charge Collections together with available fund balances in the Excess Funds Subaccount, will be sufficient (x) to make on a timely basis all scheduled payments of Periodic Principal and interest in respect of each Outstanding Tranche of Securitization Bonds during such Calculation Period, (y) to pay other

Ongoing Other Qualified Costs on a timely basis and (z) to maintain the Capital Subaccount at the Required Capital Level; provided, that, in the case of any Semi-Annual Interim True-Up Adjustment following the Scheduled Final Payment Date for the latest maturing tranche of any Securitization Bonds, the True-Up Adjustment will be calculated to ensure that the Securitization Charges are sufficient to pay the Securitization Bonds in full on the next Scheduled Payment Date. If the Servicer determines that Securitization Charges will not be sufficient for such purposes, the Servicer shall, no later than the date described in the first sentence of this Section 4.01(b)(ii): (1) determine the Securitization Charges to be allocated to each Securitization Rate Class during the next Calculation Period based on such Periodic Billing Requirement and the terms of the Financing Order, the Tariff and other tariffs filed pursuant thereto; (2) make all required public notices and other filings with the Commission to reflect the revised Securitization Charges, including any Amendatory Schedule; and (3) take all reasonable actions and make all reasonable efforts to effect such Semi-Annual Interim True-Up Adjustment and to enforce the provisions of the Securitization Law and the Financing Order.

(iii) Additional Interim True-Up Adjustments and Filings. In addition to the True-Up Adjustments described in Section 4.01(b)(i) and Section 4.01(b)(ii), the Servicer shall initiate a proceeding with the Commission to implement an Additional Interim True-Up Adjustment (in the same manner as provided for the Semi-Annual Interim True-Up Adjustments) at any time if the Servicer forecasts that Securitization Charge Collections during the current or succeeding Calculation Period will be insufficient (A) to make all scheduled payments of Periodic Principal and interest due in respect of the Securitization Bonds on a timely basis during such Calculation Period, (B) to pay Ongoing Other Qualified Costs on a timely basis and (C) to replenish any draws on the Capital Subaccount.

(c) Reports.

(i) Notification of Amendatory Schedule Filings and True-Up Adjustments. Whenever the Servicer files an Amendatory Schedule with the Commission or implements revised Securitization Charges with notice to the Commission without filing an Amendatory Schedule if permitted by the Financing Order, the Servicer shall send a copy of such filing or notice (together with a copy of all notices and documents that, in the Servicer's reasonable judgment, are material to the adjustments effected by such Amendatory Schedule or notice) to the Issuer, the Indenture Trustee and the Rating Agencies concurrently therewith. If, for any reason any revised Securitization Charges are not implemented and effective on the applicable date set forth herein, the Servicer shall notify the Issuer, the Indenture Trustee and each Rating Agency by the end of the second Servicer Business Day after such applicable date.

(ii) Semi-Annual Servicer's Certificate. Not later than five Servicer Business Days prior to each Payment Date or Special Payment Date, the Servicer shall deliver a written report substantially in the form of Exhibit C (the "Semi-

Annual Servicer's Certificate") to the Issuer, the Indenture Trustee and the Rating Agencies, which shall include all of the following information (to the extent applicable and including any other information so specified in the Series Supplement) as to the Securitization Bonds with respect to such Payment Date or Special Payment Date or the period since the previous Payment Date, as applicable:

- (B) the amount of the payment to Holders allocable to interest;
- (C) the aggregate Outstanding Amount of the Securitization Bonds, before and after giving effect to any payments allocated to principal reported under Section 4.01(c)(ii)(A);
- (D) the difference, if any, between the amount specified in Section 4.01(c)(ii)(C) and the Outstanding Amount specified in the Expected Amortization Schedule;
- (E) any other transfers and payments to be made on such Payment Date or Special Payment Date, including amounts paid to the Indenture Trustee and to the Servicer; and
- (F) the amounts on deposit in the Capital Subaccount and the Excess Funds Subaccount, after giving effect to the foregoing payments.

(iii) Reports to Customers.

(A) After each revised Securitization Charge has gone into effect pursuant to a True-Up Adjustment, the Servicer shall, to the extent and in the manner and time frame required by any applicable Commission Regulations, cause to be prepared and delivered to Customers any required notices announcing such revised Securitization Charges.

(B) The Servicer shall comply with the requirements of the Financing Order with respect to the filing of the Securitization Rate Schedule to ensure that the Securitization Charges are separate and apart from the Servicer's other charges and appear as a separate line item on the Bills sent to Customers.

SECTION 4.02. Limitation of Liability.

(a) The Issuer and the Servicer expressly agree and acknowledge that:

- (i) In connection with any True-Up Adjustment, the Servicer is acting solely in its capacity as the servicing agent hereunder.

(ii) None of the Servicer, the Issuer or the Indenture Trustee is responsible in any manner for, and shall have no liability whatsoever as a result of, any action, decision, ruling or other determination made or not made, or any delay (other than any delay resulting from the Servicer's failure to make any filings required by Section 4.01 in a timely and correct manner or any breach by the Servicer of its duties under this Servicing Agreement that adversely affects the Securitization Property or the True-Up Adjustments), by the Commission in any way related to the Securitization Property or in connection with any True-Up Adjustment, the subject of any filings under Section 4.01, any proposed True-Up Adjustment or the approval of any revised Securitization Charges and the scheduled adjustments thereto.

(iii) Except to the extent that the Servicer is liable under Section 6.02, the Servicer shall have no liability whatsoever relating to the calculation of any revised Securitization Charges and the scheduled adjustments thereto, including as a result of any inaccuracy of any of the assumptions made in such calculation regarding expected energy usage volume and the Weighted Average Days Outstanding, write-offs and estimated expenses and fees of the Issuer, so long as the Servicer has acted in good faith and has not acted in a negligent manner in connection therewith, nor shall the Servicer have any liability whatsoever as a result of any Person, including the Holders, not receiving any payment, amount or return anticipated or expected or in respect of any Securitization Bond generally.

(b) Notwithstanding the foregoing, this Section 4.02 shall not relieve the Servicer of liability for any misrepresentation by the Servicer under Section 6.01 or for any breach by the Servicer of its other obligations under this Servicing Agreement.

ARTICLE V THE SECURITIZATION PROPERTY

SECTION 5.01. Custody of Securitization Property Records. To assure uniform quality in servicing the Securitization Property and to reduce administrative costs, the Issuer hereby revocably appoints the Servicer, and the Servicer hereby accepts such appointment, to act as the agent of the Issuer as custodian of any and all documents and records that the Seller shall keep on file, in accordance with its customary procedures, relating to the Securitization Property, including copies of the Financing Order and Amendatory Schedules relating thereto and all documents filed with the Commission in connection with any True-Up Adjustment and computational records relating thereto (collectively, the "Securitization Property Records"), which are hereby constructively delivered to the Indenture Trustee, as pledgee of the Issuer with respect to all Securitization Property.

SECTION 5.02. Duties of Servicer as Custodian.

(a) Safekeeping. The Servicer shall hold the Securitization Property Records on behalf of the Issuer and the Indenture Trustee and maintain such accurate and complete accounts, records and computer systems pertaining to the Securitization Property Records as shall enable the Issuer and the Indenture Trustee, as applicable, to comply with this Servicing

Agreement, the Sale Agreement and the Indenture. In performing its duties as custodian, the Servicer shall act with reasonable care, using that degree of care and diligence that the Servicer exercises with respect to comparable assets that the Servicer services for itself or, if applicable, for others. The Servicer shall promptly report to the Issuer, the Indenture Trustee and the Rating Agencies any failure on its part to hold the Securitization Property Records and maintain its accounts, records and computer systems as herein provided and promptly take appropriate action to remedy any such failure. Nothing herein shall be deemed to require an initial review or any periodic review by the Issuer or the Indenture Trustee of the Securitization Property Records. The Servicer's duties to hold the Securitization Property Records set forth in this [Section 5.02](#), to the extent the Securitization Property Records have not been previously transferred to a successor Servicer pursuant to [Article VII](#), shall terminate one year and one day after the earlier of (i) the date on which the Servicer is succeeded by a successor Servicer in accordance with [Article VII](#) and (ii) the first date on which no Securitization Bonds are Outstanding.

(b) [Maintenance of and Access to Records](#). The Servicer shall maintain the Securitization Property Records at One Energy Plaza, Jackson, Michigan 49201 or at its facility located at 805 East Morrell Street (formerly known as Bridge Street), Jackson, Michigan 49201, or at such other office as shall be specified to the Issuer and the Indenture Trustee by written notice at least 30 days prior to any change in location. The Servicer shall make available for inspection, audit and copying to the Issuer and the Indenture Trustee or their respective duly authorized representatives, attorneys or auditors the Securitization Property Records at such times during normal business hours as the Issuer or the Indenture Trustee shall reasonably request and that do not unreasonably interfere with the Servicer's normal operations. Nothing in this [Section 5.02\(b\)](#) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this [Section 5.02\(b\)](#).

(c) [Release of Documents](#). Upon instruction from the Indenture Trustee in accordance with the Indenture, the Servicer shall release any Securitization Property Records to the Indenture Trustee, the Indenture Trustee's agent or the Indenture Trustee's designee, as the case may be, at such place or places as the Indenture Trustee may designate, as soon as practicable. Nothing in this [Section 5.02\(c\)](#) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this [Section 5.02\(c\)](#).

(d) [Defending Securitization Property Against Claims](#). The Servicer, on behalf of the Issuer and the Holders, shall institute any action or proceeding necessary under the Securitization Law or the Financing Order with respect to the Securitization Property, and the Servicer agrees to take such legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, as may be reasonably necessary to block or overturn any attempts to cause a repeal of, modification of, judicial invalidation of, or supplement to, the Securitization Law or the Financing Order that would be detrimental to the interests of the Holders or that would cause an impairment of the rights of the Issuer or the Holders.

(e) Additional Litigation to Defend Securitization Property. In addition to its obligations under Section 5.02(d), the Servicer shall, at its own expense, institute any action or proceeding necessary to compel performance by the Commission or the State of Michigan of any of their respective obligations or duties under the Securitization Law and the Financing Order with respect to the Securitization Property and to compel performance by applicable parties under the Tariff or any agreement with the Servicer entered into pursuant to the Tariff.

SECTION 5.03. Custodian's Indemnification. The Servicer as custodian shall indemnify the Issuer, any Independent Manager and the Indenture Trustee (for itself and for the benefit of the Holders) and each of their respective officers, directors, employees and agents for, and defend and hold harmless each such Person from and against, any and all liabilities, obligations, losses, damages, payments and claims, and reasonable costs or expenses, of any kind whatsoever (collectively, "Indemnified Losses") that may be imposed on, incurred by or asserted against each such Person as the result of any negligent act or omission in any way relating to the maintenance and custody by the Servicer, as custodian, of the Securitization Property Records; provided, however, that the Servicer shall not be liable for any portion of any such amount resulting from the willful misconduct, bad faith or negligence of the Issuer, any Independent Manager or the Indenture Trustee, as the case may be.

Indemnification under this Section 5.03 shall survive resignation or removal of the Indenture Trustee or any Independent Manager and shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable attorneys' fees and expenses).

SECTION 5.04. Effective Period and Termination. The Servicer's appointment as custodian shall become effective as of the Closing Date and shall continue in full force and effect until terminated pursuant to this Section 5.04. If the Servicer shall resign as Servicer in accordance with the provisions of this Servicing Agreement or if all of the rights and obligations of the Servicer shall have been terminated under Section 7.01, the appointment of the Servicer as custodian shall be terminated effective as of the date on which the termination or resignation of the Servicer is effective. Additionally, if not sooner terminated as provided above, the Servicer's obligations as custodian shall terminate one year and one day after the date on which no Securitization Bonds are Outstanding.

ARTICLE VI THE SERVICER

SECTION 6.01. Representations and Warranties of Servicer. The Servicer makes the following representations and warranties, as of the Closing Date, and as of such other dates as expressly provided in this Section 6.01, on which the Issuer and the Indenture Trustee are deemed to have relied in entering into this Servicing Agreement relating to the servicing of the Securitization Property. The representations and warranties shall survive the execution and delivery of this Servicing Agreement, the sale of any Securitization Property and the pledge thereof to the Indenture Trustee pursuant to the Indenture.

(a) Organization and Good Standing. The Servicer is duly organized and validly existing and in good standing under the laws of the State of Michigan, with the requisite

corporate or other power and authority to own its properties and to conduct its business as such properties are currently owned and such business is presently conducted and to execute, deliver and carry out the terms of this Servicing Agreement and the Intercreditor Agreement, and had at all relevant times, and has, the requisite power, authority and legal right to service the Securitization Property and to hold the Securitization Property Records as custodian.

(b) Due Qualification. The Servicer is duly qualified to do business and is in good standing, and has obtained all necessary licenses and approvals, in all jurisdictions in which the ownership or lease of property or the conduct of its business (including the servicing of the Securitization Property as required by this Servicing Agreement and the Intercreditor Agreement) shall require such qualifications, licenses or approvals (except where the failure to so qualify would not be reasonably likely to have a material adverse effect on the Servicer's business, operations, assets, revenues or properties or to its servicing of the Securitization Property).

(c) Power and Authority. The execution, delivery and performance of this Servicing Agreement and the Intercreditor Agreement have been duly authorized by all necessary action on the part of the Servicer under its organizational documents and laws.

(d) Binding Obligation. Each of this Servicing Agreement and the Intercreditor Agreement constitutes a legal, valid and binding obligation of the Servicer enforceable against the Servicer in accordance with its respective terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other laws relating to or affecting creditors' rights generally from time to time in effect and to general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law.

(e) No Violation. The consummation of the transactions contemplated by this Servicing Agreement and the Intercreditor Agreement and the fulfillment of the terms of each such transaction will not: (i) conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the organizational documents of the Servicer, or any indenture or other agreement or instrument to which the Servicer is a party or by which it or any of its property is bound; (ii) result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement or other instrument (other than any Lien that may be granted under the Basic Documents); or (iii) violate any existing law or any existing order, rule or regulation applicable to the Servicer of any Governmental Authority having jurisdiction over the Servicer or its properties.

(f) No Proceedings. There are no proceedings pending, and, to the Servicer's knowledge, there are no proceedings threatened, and, to the Servicer's knowledge, there are no investigations pending or threatened, before any Governmental Authority having jurisdiction over the Servicer or its properties involving or relating to the Servicer or the Issuer or, to the Servicer's knowledge, any other Person (i) asserting the invalidity of this Servicing Agreement or the Intercreditor Agreement or any of the other Basic Documents, (ii) seeking to prevent the issuance of the Securitization Bonds or the consummation of any of the transactions contemplated by this Servicing Agreement or any of the other Basic Documents, (iii) seeking

any determination or ruling that could reasonably be expected to materially and adversely affect the performance by the Servicer of its obligations under, or the validity or enforceability of, this Servicing Agreement, any of the other Basic Documents or the Securitization Bonds or (iv) seeking to adversely affect the U.S. federal income tax or state income or franchise tax classification of the Securitization Bonds as debt.

(g) Approvals. No governmental approval, authorization, consent, order or other action of, or filing with, any Governmental Authority is required in connection with the execution and delivery by the Servicer of this Servicing Agreement or the Intercreditor Agreement, the performance by the Servicer of the transactions contemplated hereby or thereby or the fulfillment by the Servicer of the terms of each, except those that have been obtained or made, those that the Servicer is required to make in the future pursuant to Article IV and those that the Servicer may need to file in the future to continue the effectiveness of any financing statement filed under the UCC.

(h) Reports and Certificates. Each report and certificate delivered in connection with any filing made to the Commission by the Issuer with respect to the Securitization Charges or True-Up Adjustments will constitute a representation and warranty by the Servicer that each such report or certificate, as the case may be, is true and correct in all material respects; provided, however, that, to the extent any such report or certificate is based in part upon or contains assumptions, forecasts or other predictions of future events, the representation and warranty of the Servicer with respect thereto will be limited to the representation and warranty that such assumptions, forecasts or other predictions of future events are reasonable based upon historical performance (and facts known to the Servicer on the date such report or certificate is delivered).

SECTION 6.02. Indemnities of Servicer; Release of Claims. The Servicer shall be liable in accordance herewith only to the extent of the obligations specifically undertaken by the Servicer under this Servicing Agreement.

(a) The Servicer shall indemnify the Issuer, the Indenture Trustee (for itself and for the benefit of the Holders) and any Independent Manager, and each of their respective trustees, officers, directors, employees and agents (each, an "Indemnified Party"), for, and defend and hold harmless each such Person from and against, any and all Indemnified Losses imposed on, incurred by or asserted against any such Person as a result of (i) the Servicer's willful misconduct, bad faith or negligence in the performance of its duties or observance of its covenants under this Servicing Agreement and the Intercreditor Agreement or its reckless disregard of its obligations and duties under this Servicing Agreement or the Intercreditor Agreement, (ii) the Servicer's breach of any of its representations and warranties contained in this Servicing Agreement and the Intercreditor Agreement or (iii) any litigation or related expenses relating to the Servicer's status or obligations as Servicer (other than any proceeding the Servicer is required to institute under the Servicing Agreement), except to the extent of Indemnified Losses either resulting from the willful misconduct, bad faith or gross negligence of such Person seeking indemnification hereunder or resulting from a breach of a representation or warranty made by such Person seeking indemnification hereunder in any of the Basic Documents that gives rise to the Servicer's breach.

(b) For purposes of Section 6.02(a), in the event of the termination of the rights and obligations of Consumers Energy (or any successor thereto pursuant to Section 6.03) as Servicer pursuant to Section 7.01, or a resignation by such Servicer pursuant to this Servicing Agreement, such Servicer shall be deemed to be the Servicer pending appointment of a successor Servicer pursuant to Section 7.02.

(c) Indemnification under this Section 6.02 shall survive any repeal of, modification of, or supplement to, or judicial invalidation of, the Securitization Law or the Financing Order and shall survive the resignation or removal of the Indenture Trustee or any Independent Manager or the termination of this Servicing Agreement and shall include reasonable out-of-pocket fees and expenses of investigation and litigation (including reasonable attorneys' fees and expenses).

(d) Except to the extent expressly provided in this Servicing Agreement or the other Basic Documents (including the Servicer's claims with respect to the Servicing Fee and the payment of the purchase price of Securitization Property), the Servicer hereby releases and discharges the Issuer, any Independent Manager and the Indenture Trustee, and each of their respective officers, directors and agents (collectively, the "Released Parties"), from any and all actions, claims and demands whatsoever, whenever arising, which the Servicer, in its capacity as Servicer or otherwise, shall or may have against any such Person relating to the Securitization Property or the Servicer's activities with respect thereto, other than any actions, claims and demands arising out of the willful misconduct, bad faith or gross negligence of the Released Parties.

(e) The Servicer shall not be required to indemnify an Indemnified Party for any amount paid or payable by such Indemnified Party in the settlement of any action, proceeding or investigation without the written consent of the Servicer, which consent shall not be unreasonably withheld. Promptly after receipt by an Indemnified Party of notice (or, in the case of the Indenture Trustee, receipt of notice by a Responsible Officer only) of the commencement of any action, proceeding or investigation, such Indemnified Party shall, if a claim in respect thereof is to be made against the Servicer under this Section 6.02, notify the Servicer in writing of the commencement thereof. Failure by an Indemnified Party to so notify the Servicer shall relieve the Servicer from the obligation to indemnify and hold harmless such Indemnified Party under this Section 6.02 only to the extent that the Servicer suffers actual prejudice as a result of such failure. With respect to any action, proceeding or investigation brought by a third party for which indemnification may be sought under this Section 6.02, the Servicer shall be entitled to conduct and control, at its expense and with counsel of its choosing that is reasonably satisfactory to such Indemnified Party, the defense of any such action, proceeding or investigation (in which case the Servicer shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the Indemnified Party except as set forth below); provided, that the Indemnified Party shall have the right to participate in such action, proceeding or investigation through counsel chosen by it and at its own expense. Notwithstanding the Servicer's election to assume the defense of any action, proceeding or investigation, the Indemnified Party shall have the right to employ separate counsel (including local counsel), and the Servicer shall bear the reasonable fees, costs and expenses of such separate counsel, if (i) the defendants in any such action include both the Indemnified Party and the Servicer and the Indemnified Party shall have reasonably concluded that there may be legal

defenses available to it that are different from or additional to those available to the Servicer, (ii) the Servicer shall not have employed counsel reasonably satisfactory to the Indemnified Party to represent the Indemnified Party within a reasonable time after notice of the institution of such action, (iii) the Servicer shall authorize the Indemnified Party to employ separate counsel at the expense of the Servicer or (iv) in the case of the Indenture Trustee, such action exposes the Indenture Trustee to a material risk of criminal liability or forfeiture or a Servicer Default has occurred and is continuing. Notwithstanding the foregoing, the Servicer shall not be obligated to pay for the fees, costs and expenses of more than one separate counsel for the Indemnified Parties other than one local counsel, if appropriate. The Servicer will not, without the prior written consent of the Indemnified Party, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification may be sought under this Section 6.02 (whether or not the Indemnified Party is an actual or potential party to such claim or action) unless such settlement, compromise or consent includes an unconditional release of the Indemnified Party from all liability arising out of such claim, action, suit or proceeding.

SECTION 6.03. Binding Effect of Servicing Obligations. The obligations to continue to provide service and to collect and account for Securitization Charges will be binding upon the Servicer, any Successor and any other entity that provides distribution services to a Person that is a Michigan customer of Consumers Energy or any Successor so long as the Securitization Charges have not been fully collected and posted. Any Person (a) into which the Servicer may be merged, converted or consolidated and that is a Permitted Successor, (b) that may result from any merger, conversion or consolidation to which the Servicer shall be a party and that is a Permitted Successor, (c) that may succeed to the properties and assets of the Servicer substantially as a whole and that is a Permitted Successor or (d) that otherwise is a Permitted Successor, which Person in any of the foregoing cases executes an agreement of assumption to perform all of the obligations of the Servicer hereunder, shall be the successor to the Servicer under this Servicing Agreement without further act on the part of any of the parties to this Servicing Agreement; provided, however, that (i) immediately after giving effect to such transaction, no representation or warranty made pursuant to Section 6.01 shall have been breached and no Servicer Default and no event that, after notice or lapse of time, or both, would become a Servicer Default shall have occurred and be continuing, (ii) the Servicer shall have delivered to the Issuer and the Indenture Trustee an Officer's Certificate and an Opinion of Counsel from external counsel stating that such consolidation, conversion, merger or succession and such agreement of assumption complies with this Section 6.03 and that all conditions precedent, if any, provided for in this Servicing Agreement relating to such transaction have been complied with, (iii) the Servicer shall have delivered to the Issuer, the Indenture Trustee and the Rating Agencies an Opinion of Counsel from external counsel of the Servicer either (A) stating that, in the opinion of such counsel, all filings to be made by the Servicer, including filings with the Commission pursuant to the Securitization Law and the UCC, have been executed and filed and are in full force and effect that are necessary to fully preserve, perfect and maintain the priority of the interests of the Issuer and the Liens of the Indenture Trustee in the Securitization Property and reciting the details of such filings or (B) stating that, in the opinion of such counsel, no such action shall be necessary to preserve and protect such interests, (iv) the Servicer shall have delivered to the Issuer, the Indenture Trustee and the Rating Agencies an Opinion of Counsel from independent tax counsel stating that, for U.S. federal income tax purposes, such consolidation, conversion, merger or succession and such agreement of assumption will not

result in a material adverse U.S. federal income tax consequence to the Issuer or the Holders of Securitization Bonds, (v) the Servicer shall have given the Rating Agencies prior written notice of such transaction and (vi) any applicable requirements of the Intercreditor Agreement have been satisfied. When any Person (or more than one Person) acquires the properties and assets of the Servicer substantially as a whole or otherwise becomes the successor, by merger, conversion, consolidation, sale, transfer, lease or otherwise, to all or substantially all the assets of the Servicer in accordance with the terms of this Section 6.03, then, upon satisfaction of all of the other conditions of this Section 6.03, the preceding Servicer shall automatically and without further notice be released from all its obligations hereunder (except for responsibilities for its actions prior to such release).

SECTION 6.04. Limitation on Liability of Servicer and Others. Except as otherwise provided under this Servicing Agreement, neither the Servicer nor any of the directors, officers, employees or agents of the Servicer shall be liable to the Issuer or any other Person for any action taken or for refraining from the taking of any action pursuant to this Servicing Agreement or for good faith errors in judgment; provided, however, that this provision shall not protect the Servicer or any such Person against any liability that would otherwise be imposed by reason of willful misconduct, bad faith or negligence in the performance of duties or by reason of reckless disregard of obligations and duties under this Servicing Agreement. The Servicer and any director, officer, employee or agent of the Servicer may rely in good faith on the advice of counsel or on any document of any kind, prima facie properly executed and submitted by any Person, respecting any matters arising under this Servicing Agreement.

Except as provided in this Servicing Agreement, including Section 5.02(d) and Section 5.02(e), the Servicer shall not be under any obligation to appear in, prosecute or defend any legal action relating to the Securitization Property that is not directly related to one of the Servicer's enumerated duties in this Servicing Agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability; provided, however, that the Servicer may, in respect of any Proceeding, undertake any action that it is not specifically identified in this Servicing Agreement as a duty of the Servicer but that the Servicer reasonably determines is necessary or desirable in order to protect the rights and duties of the Issuer or the Indenture Trustee under this Servicing Agreement and the interests of the Holders and Customers under this Servicing Agreement.

SECTION 6.05. Consumers Energy Not to Resign as Servicer. Subject to the provisions of Section 6.03, Consumers Energy shall not resign from the obligations and duties hereby imposed on it as Servicer under this Servicing Agreement unless Consumers Energy delivers to the Indenture Trustee an opinion of external counsel to the effect that Consumers Energy's performance of its duties under this Servicing Agreement shall no longer be permissible under applicable law. No such resignation shall become effective until a successor Servicer shall have assumed the responsibilities and obligations of Consumers Energy in accordance with Section 7.02.

SECTION 6.06. Servicing Compensation.

(a) In consideration for its services hereunder, until the Collection in Full of the Securitization Charges, the Servicer shall receive an annual fee (the "Servicing Fee") in an

amount equal to (i) 0.05% of the aggregate initial principal amount of all Securitization Bonds for so long as Consumers Energy or an Affiliate of Consumers Energy is the Servicer or (ii) if Consumers Energy or any of its Affiliates is not the Servicer, an amount agreed upon by the Successor Servicer and the Indenture Trustee, provided, that the Servicing Fee shall not exceed 0.75% of the aggregate initial principal amount of all Securitization Bonds. The Servicing Fee owing shall be calculated based on the initial principal amount of the Securitization Bonds and shall be paid semi-annually, with half of the Servicing Fee being paid on each Payment Date. The Servicer also shall be entitled to retain as additional compensation (A) any interest earnings on Securitization Charge Payments received by the Servicer and invested by the Servicer during each Collection Period prior to remittance to the Collection Account and (B) all late payment charges, if any, collected from Customers to the extent consistent with the Tariff; provided, however, that, if the Servicer has failed to remit the Daily Remittance to the General Subaccount of the Collection Account on the Servicer Business Day that such payment is to be made pursuant to Section 6.11 on more than three occasions during the period that the Securitization Bonds are outstanding, then thereafter the Servicer will be required to pay to the Indenture Trustee interest on each Daily Remittance accrued at the Federal Funds Rate from the Servicer Business Day on which such Daily Remittance was required to be made to the date that such Daily Remittance is actually made.

(b) The Servicing Fee set forth in Section 6.06(a) shall be paid to the Servicer by the Indenture Trustee, on each Payment Date in accordance with the priorities set forth in Section 8.02(e) of the Indenture, by wire transfer of immediately available funds from the Collection Account to an account designated by the Servicer. Any portion of the Servicing Fee not paid on any such date shall be added to the Servicing Fee payable on the subsequent Payment Date. In no event shall the Indenture Trustee be liable for the payment of any Servicing Fee or other amounts specified in this Section 6.06; provided, that this Section 6.06 does not relieve the Indenture Trustee of any duties it has to allocate funds for payment for such fees under Section 8.02 of the Indenture.

(c) Except as expressly provided elsewhere in this Servicing Agreement, the Servicer shall be required to pay from its own account expenses incurred by the Servicer in connection with its activities hereunder (including any fees to and disbursements by its accountants or counsel or any other Person, any taxes imposed on the Servicer and any expenses incurred in connection with reports to Holders) out of the compensation retained by or paid to it pursuant to this Section 6.06, and the Servicer shall not be entitled to any extra payment or reimbursement therefor.

(d) The foregoing Servicing Fee constitutes a fair and reasonable compensation for the obligations to be performed by the Servicer. Such Servicing Fee shall be determined without regard to the income of the Issuer, shall not be deemed to constitute distributions to the recipient of any profit, loss or capital of the Issuer and shall be considered a fixed Operating Expense of the Issuer subject to the limitations on such expenses set forth in the Financing Order.

SECTION 6.07. Compliance with Applicable Law. The Servicer covenants and agrees, in servicing the Securitization Property, to comply in all material respects with all laws applicable to, and binding upon, the Servicer and relating to the Securitization Property, the

noncompliance with which would have a material adverse effect on the value of the Securitization Property; provided, however, that the foregoing is not intended to, and shall not, impose any liability on the Servicer for noncompliance with any Requirement of Law that the Servicer is contesting in good faith in accordance with its customary standards and procedures. It is expressly acknowledged that the payment of fees to the Rating Agencies shall be at the expense of the Issuer and that, if the Servicer advances such payments to the Rating Agencies, the Issuer shall reimburse the Servicer for any such advances.

SECTION 6.08. Access to Certain Records and Information Regarding Securitization Property. The Servicer shall provide to the Indenture Trustee access to the Securitization Property Records as is reasonably required for the Indenture Trustee to perform its duties and obligations under the Indenture and the other Basic Documents and shall provide access to such records to the Holders as required by applicable law. Access shall be afforded without charge, but only upon reasonable request and during normal business hours at the offices of the Servicer. Nothing in this Section 6.08 shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this Section 6.08.

SECTION 6.09. Appointments. The Servicer may at any time appoint any Person to perform all or any portion of its obligations as Servicer hereunder, including a collection agent acting pursuant to the Intercreditor Agreement; provided, however, that, unless such Person is an Affiliate of Consumers Energy, the Rating Agency Condition shall have been satisfied in connection therewith; provided, further, that the Servicer shall remain obligated and be liable under this Servicing Agreement for the servicing and administering of the Securitization Property in accordance with the provisions hereof without diminution of such obligation and liability by virtue of the appointment of such Person and to the same extent and under the same terms and conditions as if the Servicer alone were servicing and administering the Securitization Property. The fees and expenses of any such Person shall be as agreed between the Servicer and such Person from time to time, and none of the Issuer, the Indenture Trustee, the Holders or any other Person shall have any responsibility therefor or right or claim thereto. Any such appointment shall not constitute a Servicer resignation under Section 6.05.

SECTION 6.10. No Servicer Advances. The Servicer shall not make any advances of interest on or principal of the Securitization Bonds.

SECTION 6.11. Remittances.

(a) The Securitization Charge Collections on any Servicer Business Day (the "Daily Remittance") shall be calculated according to the procedures set forth in Exhibit A and remitted by the Servicer as soon as reasonably practicable to the General Subaccount of the Collection Account but in no event later than two Servicer Business Days following such Servicer Business Day. Prior to each remittance to the General Subaccount of the Collection Account pursuant to this Section 6.11, the Servicer shall provide written notice (which may be via electronic means, including electronic mail) to the Indenture Trustee and, upon request, to the Issuer of each such remittance (including the exact dollar amount to be remitted). The Servicer shall also, promptly upon receipt, remit to the Collection Account any other proceeds of the

Securitization Bond Collateral that it may receive from time to time. Reconciliations of bank statements shall be as set forth in Exhibit A.

(b) The Servicer agrees and acknowledges that it holds all Securitization Charge Payments collected by it and any other proceeds for the Securitization Bond Collateral received by it for the benefit of the Indenture Trustee and the Holders and that all such amounts will be remitted by the Servicer in accordance with this Section 6.11 without any surcharge, fee, offset, charge or other deduction except for late fees and interest earnings permitted by Section 6.06. The Servicer further agrees not to make any claim to reduce its obligation to remit all Securitization Charge Payments collected by it in accordance with this Servicing Agreement except for late fees permitted by Section 6.06.

(c) Unless otherwise directed to do so by the Issuer, the Servicer shall be responsible for selecting Eligible Investments in which the funds in the Collection Account shall be invested pursuant to Section 8.03 of the Indenture.

SECTION 6.12. Maintenance of Operations. Subject to Section 6.03, Consumers Energy agrees to continue, unless prevented by circumstances beyond its control, to operate its electric distribution system to provide service so long as it is acting as the Servicer under this Servicing Agreement.

ARTICLE VII DEFAULT

SECTION 7.01. Servicer Default. If any one or more of the following events (a "Servicer Default") shall occur and be continuing:

(a) any failure by the Servicer to remit to the Collection Account on behalf of the Issuer any required remittance that shall continue unremedied for a period of five Business Days after written notice of such failure is received by the Servicer from the Issuer or the Indenture Trustee or after discovery of such failure by a Responsible Officer of the Servicer;

(b) any failure on the part of the Servicer or, so long as the Servicer is Consumers Energy or an Affiliate thereof, any failure on the part of Consumers Energy, as the case may be, duly to observe or to perform in any material respect any covenants or agreements of the Servicer or Consumers Energy, as the case may be, set forth in this Servicing Agreement (other than as provided in Section 7.01(a) or Section 7.01(c)) or any other Basic Document to which it is a party, which failure shall (i) materially and adversely affect the rights of the Holders and (ii) continue unremedied for a period of 60 days after the date on which (A) written notice of such failure, requiring the same to be remedied, shall have been given to the Servicer or Consumers Energy, as the case may be, by the Issuer (with a copy to the Indenture Trustee) or to the Servicer or Consumers Energy, as the case may be, by the Indenture Trustee or (B) such failure is discovered by a Responsible Officer of the Servicer;

(c) any failure by the Servicer duly to perform its obligations under Section 4.01(b) in the time and manner set forth therein, which failure continues unremedied for a period of five Business Days;

(d) any representation or warranty made by the Servicer in this Servicing Agreement or any other Basic Document shall prove to have been incorrect in a material respect when made, which has a material adverse effect on the Holders and which material adverse effect continues unremedied for a period of 60 days after the date on which (i) written notice thereof, requiring the same to be remedied, shall have been delivered to the Servicer (with a copy to the Indenture Trustee) by the Issuer or the Indenture Trustee or (ii) such failure is discovered by a Responsible Officer of the Servicer; or

(e) an Insolvency Event occurs with respect to the Servicer or Consumers Energy;

then, and in each and every case, so long as the Servicer Default shall not have been remedied, either the Indenture Trustee may (if it is actually known by a Responsible Officer of the Indenture Trustee), or shall upon the instruction of Holders evidencing a majority of the Outstanding Amount of the Securitization Bonds, subject to the terms of the Intercreditor Agreement, by notice then given in writing to the Servicer (and to the Indenture Trustee if given by the Holders) (a "Termination Notice"), terminate all the rights and obligations (other than the obligations set forth in Section 6.02 and the obligation under Section 7.02 to continue performing its functions as Servicer until a successor Servicer is appointed) of the Servicer under this Servicing Agreement and under the Intercreditor Agreement. In addition, upon a Servicer Default described in Section 7.01(a), the Holders and the Indenture Trustee as financing parties under the Securitization Law (or any of their representatives) shall be entitled to apply to the Commission or a court of appropriate jurisdiction for an order for sequestration and payment of revenues arising with respect to the Securitization Property. On or after the receipt by the Servicer of a Termination Notice, all authority and power of the Servicer under this Servicing Agreement, whether with respect to the Securitization Bonds, the Securitization Property, the Securitization Charges or otherwise, shall, without further action, pass to and be vested in such successor Servicer as may be appointed under Section 7.02; and, without limitation, the Indenture Trustee is hereby authorized and empowered to execute and deliver, on behalf of the predecessor Servicer, as attorney-in-fact or otherwise, any and all documents and other instruments, and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such Termination Notice, whether to complete the transfer of the Securitization Property Records and related documents, or otherwise. The predecessor Servicer shall cooperate with the successor Servicer, the Issuer and the Indenture Trustee in effecting the termination of the responsibilities and rights of the predecessor Servicer under this Servicing Agreement, including the transfer to the successor Servicer for administration by it of all Securitization Property Records and all cash amounts that shall at the time be held by the predecessor Servicer for remittance, or shall thereafter be received by it with respect to the Securitization Property or the Securitization Charges. As soon as practicable after receipt by the Servicer of such Termination Notice, the Servicer shall deliver the Securitization Property Records to the successor Servicer. In case a successor Servicer is appointed as a result of a Servicer Default, all reasonable costs and expenses (including reasonable attorneys' fees and expenses) incurred in connection with transferring the Securitization Property Records to the successor Servicer and amending this Servicing Agreement and the Intercreditor Agreement to reflect such succession as Servicer pursuant to this Section 7.01 shall be paid by the predecessor Servicer upon presentation of reasonable documentation of such costs and expenses. Termination of Consumers

Energy as Servicer shall not terminate Consumers Energy's rights or obligations under the Sale Agreement (except rights thereunder deriving from its rights as the Servicer hereunder).

SECTION 7.02. Appointment of Successor.

(a) Upon the Servicer's receipt of a Termination Notice pursuant to Section 7.01 or the Servicer's resignation or removal in accordance with the terms of this Servicing Agreement, the predecessor Servicer shall continue to perform its functions as Servicer under this Servicing Agreement and shall be entitled to receive the requisite portion of the Servicing Fee, until a successor Servicer shall have assumed in writing the obligations of the Servicer hereunder as described below. In the event of the Servicer's removal or resignation hereunder, the Indenture Trustee may, at the written direction and with the consent of the Holders of a majority of the Outstanding Amount of the Securitization Bonds shall, but subject to the provisions of the Intercreditor Agreement, appoint a successor Servicer with the Issuer's prior written consent thereto (which consent shall not be unreasonably withheld), and the successor Servicer shall accept its appointment by a written assumption in form reasonably acceptable to the Issuer and the Indenture Trustee and provide prompt written notice of such assumption to the Issuer and the Rating Agencies. If, within 30 days after the delivery of the Termination Notice, a new Servicer shall not have been appointed, the Indenture Trustee may petition the Commission or a court of competent jurisdiction to appoint a successor Servicer under this Servicing Agreement. A Person shall qualify as a successor Servicer only if (i) such Person is permitted under Commission Regulations to perform the duties of the Servicer, (ii) the Rating Agency Condition shall have been satisfied, (iii) such Person enters into a servicing agreement with the Issuer having substantially the same provisions as this Servicing Agreement and (iv) such Person agrees to perform the obligations of the Servicer under the Intercreditor Agreement. In no event shall the Indenture Trustee be liable for its appointment of a successor Servicer. The Indenture Trustee's expenses incurred under this Section 7.02(a) shall be at the sole expense of the Issuer and payable from the Collection Account as provided in Section 8.02 of the Indenture.

(b) Upon appointment, the successor Servicer shall be the successor in all respects to the predecessor Servicer and shall be subject to all the responsibilities, duties and liabilities arising thereafter placed on the predecessor Servicer and shall be entitled to the Servicing Fee and all the rights granted to the predecessor Servicer by the terms and provisions of this Servicing Agreement.

SECTION 7.03. Waiver of Past Defaults. The Holders evidencing a majority of the Outstanding Amount of the Securitization Bonds may, on behalf of all Holders, direct the Indenture Trustee to waive in writing any default by the Servicer in the performance of its obligations hereunder and its consequences, except a default in making any required deposits to the Collection Account in accordance with this Servicing Agreement. Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Default arising therefrom shall be deemed to have been remedied for every purpose of this Servicing Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto. Promptly after the execution of any such waiver, the Servicer shall furnish copies of such waiver to each of the Rating Agencies.

SECTION 7.04. Notice of Servicer Default. The Servicer shall deliver to the Issuer, the Indenture Trustee and the Rating Agencies, promptly after having obtained knowledge thereof, but in no event later than five Business Days thereafter, written notice of any event that, with the giving of notice or lapse of time, or both, would become a Servicer Default under Section 7.01.

SECTION 7.05. Cooperation with Successor. The Servicer covenants and agrees with the Issuer that it will, on an ongoing basis, cooperate with the successor Servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the successor Servicer in performing its obligations hereunder.

ARTICLE VIII
MISCELLANEOUS PROVISIONS

SECTION 8.01. Amendment.

(a) This Servicing Agreement may be amended in writing by the Servicer and the Issuer with the prior written consent of the Indenture Trustee and the satisfaction of the Rating Agency Condition; provided, that any such amendment may not adversely affect the interest of any Holder in any material respect without the consent of the Holders of a majority of the Outstanding Amount. (b) The Servicer shall permit the Indenture Trustee and its agents at any time during normal business hours, upon reasonable notice to the Servicer and to the extent it does not unreasonably interfere with the Servicer's normal operations, to inspect, audit and make copies of and abstracts from the Servicer's records regarding the Securitization Property and the Securitization Charges. Nothing in this Section 8.02(b) shall affect the obligation of the Servicer to observe any applicable law (including any Commission Regulation) prohibiting disclosure of information regarding Customers, and the failure of the Servicer to provide access to such information as a result of such obligation shall not constitute a breach of this Section 8.02(b).

SECTION 8.03. Notices. SECTION 8.07. Separate Counterparts. This Servicing Agreement may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts shall together constitute but one and the same instrument.

In no event shall the Indenture Trustee have any liability for the representations, warranties, covenants, agreements or other obligations of the Issuer hereunder or in any of the certificates delivered pursuant hereto, as to all of which any recourse shall be had solely to the assets of the Issuer subject to the availability of funds therefor under Section 8.02 of the Indenture.

SECTION 8.11. Limitation of Liability. It is expressly understood and agreed by the parties hereto that this Servicing Agreement is executed and delivered by the Indenture Trustee, not individually or personally but solely as Indenture Trustee in the exercise of the powers and authority conferred and vested in it, and that the Indenture Trustee, in acting hereunder, is entitled to all rights, benefits, protections, immunities and indemnities accorded to it under the Indenture.

SERVICING PROCEDURES

The Servicer agrees to comply with the following servicing procedures:

SECTION 1. CAPITALIZED TERMS.

Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in the Securitization Property Servicing Agreement dated as of July 22, 2014 (the "Servicing Agreement") by and between Consumers Energy Company, as servicer, and Consumers 2014 Securitization Funding LLC.

SECTION 2. SERVICING PROCEDURES.

The following procedures will be used by the Servicer under the Servicing Agreement for calculating the Daily Remittance:

- (a) File Creation. Each Servicer Business Day, a file is created from the billing systems containing the billing data (i.e. Securitization Rate Class, total charges billed, total Securitization Charges billed and total kilowatt-hours delivered), and a file is created with collection data (i.e. total collections by Securitization Rate Class).
- (b) Billing Data. For an entire Billing Period, the total Billed Securitization Charges for each Securitization Rate Class are divided by the total charges billed by the Servicer (and Consumers Energy) for each Securitization Rate Class, creating the "Securitization Ratio" for each such Securitization Rate Class.
- (c) Collection Data. Each Servicer Business Day, after giving effect to collections (including Securitization Charge Collections) on such Servicer Business Day, the total collections for each Securitization Rate Class are multiplied by the prior Billing Period's Securitization Ratio for such Securitization Rate Class. The aggregate of such products for all Securitization Rate Classes constitutes the Daily Remittance for such Servicer Business Day.
- (d) Monthly Summary. At the end of each Billing Period, the total of the Daily Remittances for such Billing Period are summarized and reported to the Indenture Trustee.
- (e) Reconciliations. Reconciliations will be prepared within one month after the bank statement cutoff date. Explanations for reconciling items shall be included in the monthly summary and resolved during the State of Michigan escheatment period.

SERVICER CERTIFICATE

The undersigned hereby certifies that the undersigned is the duly elected and acting { } of CONSUMERS ENERGY COMPANY, as servicer (the “Servicer”) under the Securitization Property Servicing Agreement dated as of July 22, 2014 (the “Servicing Agreement”) by and between the Servicer and CONSUMERS 2014 SECURITIZATION FUNDING LLC, and further certifies that:

1. The undersigned is responsible for assessing the Servicer’s compliance with the servicing criteria set forth in Item 1122(d) of Regulation AB (the “Servicing Criteria”)

2. With respect to each of the Servicing Criteria, the undersigned has made the following assessment of the Servicing Criteria in accordance with Item 1122(d) of Regulation AB, with such discussion regarding the performance of such Servicing Criteria during the fiscal year covered by the Sponsor’s annual report on Form 10-K:

Regulation AB Reference	Servicing Criteria	Assessment
General Servicing Considerations		
1122(d)(1)(i)	Policies and procedures are instituted to monitor any performance or other triggers and events of default in accordance with the transaction agreements.	Applicable; assessment below.
1122(d)(1)(ii)	If any material servicing activities are outsourced to third parties, policies and procedures are instituted to monitor the third party’s performance and compliance with such servicing activities.	Not applicable; no servicing activities were outsourced.
1122(d)(1)(iii)	Any requirements in the transaction agreements to maintain a back-up servicer for pool assets are maintained.	Not applicable; transaction agreements do not provide for a back-up servicer.
1122(d)(1)(iv)	A fidelity bond and errors and omissions policy is in effect on the party participating in the servicing function throughout the reporting period in the amount of coverage required by and otherwise in accordance with the terms of the transaction agreements.	Not applicable; transaction agreements do not require a fidelity bond or errors and omissions policy.
Cash Collection and Administration		
1122(d)(2)(i)	Payments on pool assets are deposited into the appropriate custodial bank accounts and related bank clearing accounts no more than two business days following receipt, or such other number of days specified in the transaction agreements.	Applicable.
1122(d)(2)(ii)	Disbursements made via wire transfer on behalf of an obligor or to an investor are made only by authorized personnel.	Applicable.

Regulation AB Reference	Servicing Criteria	Assessment
1122(d)(2)(iii)	Advances of funds or guarantees regarding collections, cash flows or distributions, and any interest or other fees charged for such advances, are made, reviewed and approved as specified in the transaction agreements.	Applicable; no advances by the Servicer are permitted under the transaction agreements, except for payments of certain indemnities.
1122(d)(2)(iv)	The related accounts for the transaction, such as cash reserve accounts or accounts established as a form of overcollateralization, are separately maintained (e.g., with respect to commingling of cash) as set forth in the transaction agreements.	Applicable, but no current assessment is required since the related accounts are maintained by the Indenture Trustee.
1122(d)(2)(v)	Each custodial account is maintained at a federally insured depository institution as set forth in the transaction agreements. For purposes of this criterion, "federally insured depository institution" with respect to a foreign financial institution means a foreign financial institution that meets the requirements of Rule 13k-1(b)(1) under the Exchange Act.	Applicable, but no current assessment required; all "custodial accounts" are maintained by the Indenture Trustee.
1122(d)(2)(vi)	Unissued checks are safeguarded so as to prevent unauthorized access.	Not applicable; all payments made by wire transfer.
1122(d)(2)(vii)	Reconciliations are prepared on a monthly basis for all asset-backed securities related bank accounts, including custodial accounts and related bank clearing accounts. These reconciliations are: (A) mathematically accurate; (B) prepared within 30 calendar days after the bank statement cutoff date, or such other number of days specified in the transaction agreements; (C) reviewed and approved by someone other than the person who prepared the reconciliation; and (D) contain explanations for reconciling items. These reconciling items are resolved within 90 calendar days of their original identification, or such other number of days specified in the transaction agreements.	Applicable; assessment below.

Regulation AB Reference	Servicing Criteria	Assessment
Investor Remittances and Reporting		
1122(d)(3)(i)	Reports to investors, including those to be filed with the SEC, are maintained in accordance with the transaction agreements and applicable SEC requirements. Specifically, such reports: (A) are prepared in accordance with timeframes and other terms set forth in the transaction agreements; (B) provide information calculated in accordance with the terms specified in the transaction agreements; (C) are filed with the SEC as required by its rules and regulations; and (D) agree with investors' or the trustee's records as to the total unpaid principal balance and number of pool assets serviced by the servicer.	Applicable; assessment below.
1122(d)(3)(ii)	Amounts due to investors are allocated and remitted in accordance with timeframes, distribution priority and other terms set forth in the transaction agreements.	Not applicable; investor records maintained by the Indenture Trustee.
1122(d)(3)(iii)	Disbursements made to an investor are posted within two business days to the servicer's investor records, or such other number of days specified in the transaction agreements.	Applicable.
1122(d)(3)(iv)	Amounts remitted to investors per the investor reports agree with cancelled checks, or other form of payment, or custodial bank statements.	Applicable; assessment below.
Pool Asset Administration		
1122(d)(4)(i)	Collateral or security on pool assets is maintained as required by the transaction agreements or related pool asset documents.	Applicable; assessment below.
1122(d)(4)(ii)	Pool assets and related documents are safeguarded as required by the transaction agreements.	Applicable; assessment below.
1122(d)(4)(iii)	Any additions, removals or substitutions to the asset pool are made, reviewed and approved in accordance with any conditions or requirements in the transaction agreements.	Not applicable; no removals or substitutions of Securitization Property are contemplated or allowed under the transaction documents.
1122(d)(4)(iv)	Payments on pool assets, including any payoffs, made in accordance with the related pool asset documents are posted to the servicer's obligor records maintained no more than two business days after receipt, or such other number of days specified in the transaction agreements, and allocated to principal, interest or other items (e.g., escrow) in accordance with the related pool asset agreements.	Applicable; assessment below.

Regulation AB Reference	Servicing Criteria	Assessment
1122(d)(4)(v)	The servicer's records regarding the pool assets agree with the servicer's records with respect to an obligor's unpaid principal balance.	Not applicable; because underlying obligation (Securitization Charge) is not an interest-bearing instrument.

Consumers 2014 Securitization Funding LLC, or the **issuing entity**, is issuing \$378,000,000 of Senior Secured Securitization Bonds, Series 2014A, referred to in this prospectus supplement as the **securitization bonds** or the **bonds**, in three tranches. Consumers Energy Company, or **Consumers Energy**, is the **depositor, seller, initial servicer and sponsor** with regard to the bonds. The bonds are senior secured obligations of the issuing entity supported by the securitization property, described in this prospectus supplement, which includes the right to a special, irrevocable nonbypassable charge, known as a **securitization charge**, paid by Michigan retail electric distribution customers of Consumers Energy (or any successor) based on their electricity usage as discussed in this prospectus supplement and the accompanying prospectus. Act 142 (defined in this prospectus supplement) mandates that securitization charges be adjusted at least annually, and the Michigan Public Service Commission, or the **MPSC**, further permits true-up adjustments to occur semi-annually (and in certain circumstances quarterly or more frequently) if necessary, in each case to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds, as described further in this prospectus supplement and the accompanying prospectus. Credit enhancement for the bonds will be provided by these true-up adjustments as well as by accounts held under the indenture described in this prospectus supplement and the accompanying prospectus.

The bonds represent obligations only of the issuing entity and do not represent obligations of Consumers Energy or any of its affiliates other than the issuing entity. The bonds are secured by the assets of the issuing entity, consisting principally of the securitization property and funds on deposit in the collection account for the bonds and related subaccounts. Please read “The Bonds—The Collateral” and “—The Securitization Property” and “Credit Enhancement” in this prospectus supplement. The bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power.

In its financing order, the MPSC affirms that it will act pursuant to its financing order to ensure that the expected securitization charges are sufficient to pay on a timely basis scheduled principal of and interest on the bonds and the ongoing other qualified costs as described below in this prospectus supplement and the accompanying prospectus. The financing order, together with the securitization charges authorized by the financing order, are irrevocable and not subject to reduction, impairment, postponement, termination or adjustment by further action of the MPSC, except by use of the true-up adjustment procedures approved in the financing order.

Additional information is contained in the accompanying prospectus. You should read this prospectus supplement and the accompanying prospectus carefully before you decide to invest in the bonds. This prospectus supplement may not be used to offer or sell the bonds unless accompanied by the prospectus.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS SUPPLEMENT AND THE ACCOMPANYING PROSPECTUS ARE TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The underwriters expect to deliver the bonds through the book-entry facilities of The Depository Trust Company, or **DTC**, against payment in immediately available funds on or about July 22, 2014. Each bond will be entitled to interest on May 1 and November 1 of each year. The first scheduled payment date is May 1, 2015. Interest will accrue from July 22, 2014 and must be paid by the purchaser if the bonds are delivered after that date. There currently is no secondary market for the bonds, and we cannot assure you that one will develop.

The bonds are secured only by our assets, including the securitization property and also the funds on deposit in the **collection account** (as defined under “Glossary of Defined Terms” in the accompanying prospectus) for the bonds and related subaccounts. The subaccounts consist of a **general subaccount** (as defined under “Glossary of Defined Terms” in the accompanying prospectus), into which the servicer will deposit all securitization charge collections, a capital subaccount, which will be funded at closing in the amount of 0.5% of the initial aggregate principal amount of the bonds, and an excess funds subaccount, into which we will transfer any amounts collected and remaining on a payment date after all payments to bondholders and other parties (including Consumers Energy) have been made and any amounts drawn from the capital subaccount are replenished through the true-up mechanism. Amounts on deposit in each of these subaccounts will be available to make payments on the bonds on each payment date. For a description of the securitization property, please read “The Bonds—The Securitization Property” in this prospectus supplement.

State pledge: The State of Michigan has pledged in Act 142, for the benefit and protection of the holders of securitization bonds, including trustees, collateral agents and other persons acting for the benefit of the holders of securitization bonds, or the **financing parties**, under the financing order and Consumers Energy, that it will not take or permit any action that would impair the value of the securitization property, reduce or alter, except as allowed in connection with a **true-up adjustment** (as defined under “Glossary of Defined Terms” in the accompanying prospectus), or impair the securitization charges to be imposed, collected and remitted to the financing parties, until the principal, interest and premium, and any other charges incurred and contracts to be performed, in connection with the securitization bonds have been paid and performed in full.

Michigan has both a voter initiative and a referendum process. The time for challenging Act 142 through a referendum has expired, but the right of voters in Michigan to enact laws by initiative can be exercised at any time, provided a prescribed process is followed and successfully concluded. Constitutional protections against actions that violate the pledge of the State of Michigan should apply whether legislation is passed by the Michigan legislature or is brought about by a voter initiative.

Please read “Act 142—Electric Utilities May Securitize Qualified Costs” in the accompanying prospectus.

[Table of Contents](#)

True-up mechanism for payment of scheduled principal and interest:

Act 142 and the financing order mandate that securitization charges on covered electric customers be reviewed and adjusted by the MPSC at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. In addition, the financing order provides that true-up adjustments are required on a semi-annual basis (or, one year prior to the last scheduled final payment date for the latest maturing tranche, on a quarterly basis) if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed. Please read “Consumers Energy’s Financing Order—True-Up Mechanism” in the accompanying prospectus. In the financing order, the MPSC affirms that it will act pursuant to the financing order to ensure that expected securitization charges are sufficient to pay on a timely basis all scheduled principal of and interest on the bonds and ongoing other qualified costs in connection with the securitization bonds.

There is no cap on the level of securitization charges that may be imposed on covered electric customers to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs. Such securitization charges may continue to be imposed, charged and collected until the bonds are paid in full, except that securitization charges may not be billed more than 15 years after the beginning of the first complete billing cycle during which securitization charges were initially placed on any covered electric customer’s bill. Through the true-up mechanism, which adjusts for undercollections of securitization charges due to any reason, and during that 15-year period, covered electric customers share in the liabilities of all other covered electric customers for the payment of securitization charges.

Please read “Act 142—Electric Utilities May Securitize Qualified Costs” and “The Servicing Agreement—True-Up Adjustment Process” in the accompanying prospectus.

[Table of Contents](#)

Nonbypassable securitization charges:

Act 142 provides that the securitization charges are nonbypassable, and the financing order requires the imposition and the collection of securitization charges from all existing and future covered electric customers. Covered electric customers do not include (i) current choice customers, (ii) customers to the extent they obtain or use self-service power or (iii) customers to the extent engaged in affiliate wheeling. Any successor to Consumers Energy under Act 142, whether pursuant to any bankruptcy, reorganization or other insolvency proceeding or pursuant to any merger, acquisition, sale or transfer, by operation of law, as a result of electric utility restructuring or otherwise, must perform and satisfy all obligations of Consumers Energy under Act 142. The securitization charges are applied to covered electric customers individually and are adjusted and reallocated among all such covered electric customers as necessary under the true-up mechanism. Please read “The Securitization Charges” in this prospectus supplement and “Consumers Energy’s Financing Order” and “The Servicing Agreement—True-Up Adjustment Process” in the accompanying prospectus. Please also read “Risk Factors—Other Risks Associated with an Investment in the Securitization Bonds” in the accompanying prospectus.

Priority of payments:

On each payment date for the bonds, the trustee will allocate or pay all amounts on deposit in the general subaccount of the collection account in the following order of priority:

1. payment of the trustee’s fees, expenses and outstanding indemnity amounts in an amount not to exceed \$500,000 annually;
2. payment of the servicing fee relating to the bonds, which will be a fixed amount specified in the servicing agreement, plus any unpaid servicing fees from prior payment dates as described under “The Servicing Agreement—Servicing Compensation” in the accompanying prospectus;
3. payment of the administration fee, which will be a fixed amount specified in the administration agreement between us and Consumers Energy, and of the fees of our independent managers, which will be in an amount specified in an agreement between us and our independent managers, each as described in the table on page S-16, plus any unpaid administration or management fees from prior payment dates;
4. payment of all of our other ordinary periodic operating expenses relating to the bonds, such as accounting and audit fees, rating agency and related fees (i.e. website provider fees), legal fees and certain reimbursable costs of the administrator under the administration agreement;
5. payment of the interest then due on the bonds, including any past-due interest (together with, to the extent lawful, interest thereon);
6. payment of the principal required to be paid on the bonds on the final maturity date or as a result of acceleration upon an **event of default** (as defined under “Description of the Securitization Bonds—Events of Default; Rights Upon Event of Default” in the accompanying prospectus);
7. payment of the principal then scheduled to be paid on the bonds in accordance with the expected sinking fund schedule, including any previously unpaid scheduled principal, paid pro rata among the bonds if there is a deficiency;

[Table of Contents](#)

8. payment of any of our remaining unpaid operating expenses (including any such amounts owed to the trustee but unpaid due to the limitation in clause 1 above) and any remaining amounts owed pursuant to the **basic documents** (as defined under “Glossary of Defined Terms” in the accompanying prospectus);
9. replenishment of any amounts drawn from the capital subaccount;
10. so long as no event of default has occurred and is continuing, release to Consumers Energy of an amount equal to investment earnings since the previous payment date (or, in the case of the first payment date, since the issuance date) on the initial amount deposited by it into the capital subaccount;
11. allocation of the remainder, if any, to the excess funds subaccount; and
12. after the bonds have been paid in full and discharged and all of the foregoing amounts are paid in full, the balance, together with all amounts in the capital subaccount and the excess funds subaccount, to us free and clear of the lien of the indenture.

The annual servicing fee for the bonds in clause 2 payable to Consumers Energy or any affiliate thereof while it is acting as servicer shall not at any time exceed 0.05% of the original principal amount of the bonds. The annual servicing fee for the bonds payable to any other servicer not affiliated with Consumers Energy shall not at any time exceed 0.75% of the original principal amount of the bonds. Please read “Credit Enhancement—How Funds in the Collection Account Will Be Allocated” in this prospectus supplement.

Other securitization bonds being serviced by Consumers Energy:

Consumers Energy will be the initial servicer of the securitization bonds. Consumers Energy currently acts as servicer with respect to the Securitization Bonds, Series 2001-1, or the **2001-1 securitization bonds**, issued by Consumers Funding LLC, a wholly-owned subsidiary of Consumers Energy, or the **2001-1 securitization bond issuer**. Please read “Relationship to the 2001-1 securitization bonds” in this prospectus supplement.

Relationship to the 2001-1 securitization bonds:

In November 2001, the 2001-1 securitization bond issuer issued and sold \$468,592,000 of 2001-1 securitization bonds in accordance with a financing order and order on rehearing issued by the MPSC on October 24, 2000 and January 4, 2001, respectively. After giving effect to payments on the 2001-1 securitization bonds on the April 20, 2014 quarterly payment date, the 2001-1 securitization bonds had \$70,614,670 in aggregate principal amount outstanding, which was equal to the amount set forth in the expected amortization schedule for the 2001-1 securitization bonds. The final legal maturity date of the 2001-1 securitization bonds is October 20, 2016, and the expected final payment date of the 2001-1 securitization bonds is October 20, 2015. Consumers Energy currently acts as servicer with respect to the 2001-1 securitization bonds. The 2001-1 securitization bond issuer will have no obligations under the securitization bonds, and we have no obligations under the 2001-1 securitization bonds. The security pledged to secure the securitization bonds will be separate from the security that is securing the 2001-1 securitization bonds. Please read “Relationship to the 2001-1 Securitization Bonds” in the accompanying prospectus.

Initial securitization charge as a percentage of covered electric customer's total electricity bill:	The initial securitization charge for the bonds is expected to represent approximately 1% of the total monthly electric bill received by an average 656 kilowatt-hour, or kWh , Michigan residential covered electric customer served by Consumers Energy as of March 31, 2014. When combined with the securitization charges for the 2001-1 securitization bonds, the cumulative securitization charges would be expected to represent approximately 2.6% of the total monthly electric bill by an average 656 kWh Michigan residential covered electric customer served by Consumers Energy as of March 31, 2014.

Risk factors:	You should consider carefully the risk factors beginning on page 10 of the accompanying prospectus before you invest in the bonds.

[Table of Contents](#)**THE BONDS**

We will issue the bonds and secure their payment under an indenture that we will enter into with The Bank of New York Mellon, as trustee, referred to in this prospectus supplement and the accompanying prospectus as the **trustee**. We will issue the bonds in minimum denominations of \$100,000 and in integral multiples of \$1,000 in excess thereof, except that we may issue one bond in each tranche in a smaller denomination. The initial principal balance, scheduled final payment date, final maturity date and interest rate for each tranche of the bonds are stated in the table below:

Tranche	Expected Weighted Average Life (Years)	Principal Amount Issued	Scheduled Final Payment Date	Final Maturity Date	Interest Rate
A-1	3.00	\$ 124,500,000	11/01/2019	11/01/2020	1.334%
A-2	8.00	\$ 139,000,000	11/01/2024	11/01/2025	2.962%
A-3	12.26	\$ 114,500,000	05/01/2028	05/01/2029	3.528%

The scheduled final payment date for each tranche of the bonds is the date when the outstanding principal balance of that tranche will be reduced to zero if we make payments according to the expected amortization schedule for that tranche. The final maturity date for each tranche of bonds is the date when we are required to pay the entire remaining unpaid principal balance, if any, of all outstanding bonds of that tranche. The failure to pay principal of any tranche of the bonds by the final maturity date for that tranche is an event of default, but the failure to pay principal of any tranche of the bonds by the related scheduled final payment date will not be an event of default. Please read “Description of the Securitization Bonds—Interest and Principal on the Securitization Bonds” and “Description of the Securitization Bonds—Events of Default; Rights Upon Event of Default” in the accompanying prospectus.

The Collateral

The bonds will be secured under the indenture by all of our assets relating to the bonds. The principal asset pledged will be the securitization property relating to the bonds, which will constitute a present property right created under Act 142 by the financing order. The **collateral** includes all of our right, title and interest (whether owned on the issuance date or thereafter acquired or arising) in and to the following property:

- the securitization property created under and pursuant to the financing order and Act 142, and transferred by the seller to us pursuant to the **sale agreement** (as defined under “Glossary of Defined Terms” in the accompanying prospectus) (including, to the fullest extent permitted by law, the right to impose, collect and receive securitization charges, the right to obtain periodic adjustments to those charges, and all revenue, collections, payments, money and proceeds arising out of the rights and interests created under the financing order);
- all securitization charges related to the securitization property;
- the sale agreement and the bill of sale executed in connection therewith and all property and interests in property transferred under the sale agreement and the bill of sale with respect to the securitization property and the securitization bonds;
- the servicing agreement, the administration agreement, the **intercreditor agreement** (as defined under “Glossary of Defined Terms” in the accompanying prospectus) and any subservicing, agency, administration or collection agreements executed in connection therewith, to the extent related to the foregoing securitization property and the securitization bonds;
- the collection account, all subaccounts thereof and all amounts of cash, instruments, investment property or other assets on deposit therein or credited thereto from time to time and all financial assets and securities entitlements carried therein or credited thereto;
- all rights to compel the servicer to file for and obtain true-up adjustments to the securitization charges in accordance with Act 142 and the financing order;
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing, whether such claims, demands, causes and choses in action constitute securitization property, accounts,

general intangibles, instruments, contract rights, chattel paper or proceeds of such items or any other form of property;

- all accounts, chattel paper, deposit accounts, documents, general intangibles, goods, instruments, investment property, letters of credit, letters-of-credit rights, money, commercial tort claims and supporting obligations related to the foregoing; and
- all payments on or under and all proceeds in respect of any or all of the foregoing.

The collateral does not include:

- cash that has been released pursuant to the terms of the indenture; and
- amounts deposited with us on the issuance date, for payment of costs of issuance with respect to the bonds (together with any interest earnings thereon).

Please read “Security for the Securitization Bonds” in the accompanying prospectus.

The Securitization Property

In general terms, all of the rights and interests of Consumers Energy established pursuant to the financing order, upon transfer to us pursuant to the sale agreement, are referred to in this prospectus supplement as the **securitization property**. The securitization property includes the right to impose, collect and receive securitization charges payable by all covered electric customers in an amount necessary to provide the full recovery of all qualified costs. Under the financing order, the customers responsible for paying securitization charges consist of all of Consumers Energy’s covered electric customers. Covered electric customers do not include (i) current choice customers, (ii) customers to the extent they obtain or use self-service power or (iii) customers to the extent engaged in affiliate wheeling. Any successor to Consumers Energy under Act 142, whether pursuant to any bankruptcy, reorganization or other insolvency proceeding or pursuant to any merger, acquisition, sale or transfer, by operation of law, as a result of electric utility restructuring or otherwise, must perform and satisfy all obligations of Consumers Energy under Act 142.

During the twelve months ended December 31, 2013, approximately 39% of Consumers Energy’s total electric usage (as measured by billed gigawatt-hour sales) in the State of Michigan was to residential customers, approximately 23% was to secondary customers and approximately 37% was to primary customers.

We will purchase the securitization property from Consumers Energy. Neither the securitization property nor the other collateral securing the bonds is or will be a static pool of assets. Securitization charges authorized in the financing order are irrevocable and not subject to reduction, impairment, postponement, termination or, except for the specified true-up adjustments to correct any overcollections or undercollections, adjustment by further action of the MPSC. Securitization charges on covered electric customers will be adjusted at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. Securitization charges will be adjusted semi-annually (or, one year prior to the last scheduled final payment date for the latest maturing tranche, quarterly) if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments to securitization charges may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed. Please read “Credit Enhancement—True-Up Mechanism for Payment of Scheduled Principal and Interest” in this prospectus supplement. All revenues and collections resulting from securitization charges provided for in the financing order are part of the securitization property. The securitization property relating to the bonds is described in more detail under “Description of the Securitization Property” in the accompanying prospectus.

The servicer will bill, collect and post securitization charges allocable to the bonds from covered electric customers. Prior to the date on which the servicer remits the securitization charges to the trustee, the securitization

charges may be commingled with the servicer's other funds, although the servicer will remit collections within two business days following the receipt of such securitization charges.

Because the amount of securitization charge collections will depend on the amount of covered electric customer usage of electricity, the amount of collections may vary substantially from year to year. Please read "The Depositor, Seller, Initial Servicer and Sponsor" in the accompanying prospectus.

Under the indenture, the trustee or the holders of the bonds have the right to foreclose or otherwise enforce the lien on the securitization property. However, in the event of foreclosure, there is likely to be a limited market, if any, for the securitization property. Therefore, foreclosure might not be a realistic or practical remedy. Please read "Risk Factors—Risk Associated with the Unusual Nature of the Securitization Property—Foreclosure of the trustee's lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect" in the accompanying prospectus.

Financing Order

On December 6, 2013, the MPSC issued the financing order relating to the bonds. The financing order authorizes Consumers Energy to securitize and cause to be issued bonds in one or more series in an aggregate principal amount not to exceed \$389,600,000, representing qualified costs, as defined in Act 142, of the remaining book value of certain generating units and transaction and debt retirement costs. Consumers Energy unconditionally accepted all conditions and limitations requested by such order in a letter dated January 24, 2014 from Consumers Energy to the MPSC. As of January 24, 2014, the financing order was final and not subject to appeal.

The financing order also authorizes securitization charges in amounts sufficient to recover the principal of and interest on the bonds plus ongoing other qualified costs. The MPSC affirms that it will act pursuant to the financing order to ensure that expected securitization charges are sufficient to timely pay scheduled principal of and interest on the bonds and ongoing other qualified costs in connection with the securitization bonds. Please read "Consumers Energy's Financing Order" in the accompanying prospectus.

Payment Dates, Record Dates and Payment Sources

Beginning May 1, 2015, we will make payments on the bonds semi-annually on each payment date, which is May 1 and November 1 of each year, or, if that day is not a business day, the following business day. On each payment date, we will make interest and principal payments to the persons or entities that are the holders of record as of the business day immediately prior to that payment date, which is referred to as the **record date**. On each payment date, we will pay amounts on outstanding bonds from amounts available in the collection account and the related subaccounts held pursuant to the indenture in the priority set forth under "Credit Enhancement—How Funds in the Collection Account Will Be Allocated" in this prospectus supplement. These available amounts, which will include amounts collected by the servicer for us with respect to the securitization charges, are described in greater detail under "Security For The Securitization Bonds—How Funds in the Collection Account will be Allocated" and "The Servicing Agreement—Remittances to Collection Account" in the accompanying prospectus.

Principal Payments

On each payment date, we will pay principal of the bonds to the bondholders equal to the sum, without duplication, of:

- the unpaid principal amount of any bond whose final maturity date is on that payment date;
- the unpaid principal amount of any bond upon acceleration following an event of default relating to the bonds;
- any overdue payments of principal;
- any unpaid and previously scheduled payments of principal; and
- the principal scheduled to be paid on any bond on that payment date,

but only to the extent funds are available in the collection account after payment of certain of our fees and expenses and after payment of interest as described under "—Interest Payments". To the extent funds are so available, we will make scheduled payments of principal of the bonds in the following order:

Table of Contents

1. to the holders of the tranche A-1 bonds, until the principal balance of that tranche has been reduced to zero;
2. to the holders of the tranche A-2 bonds, until the principal balance of that tranche has been reduced to zero; and
3. to the holders of the tranche A-3 bonds, until the principal balance of that tranche has been reduced to zero.

However, unless the bonds have been accelerated following an event of default, we will not pay principal of any tranche of bonds on any payment date if making the payment would reduce the principal balance of that tranche to an amount lower than the amount specified in the expected amortization schedule below for that tranche on that payment date. Unless the bonds have been accelerated following an event of default, any excess funds remaining in the collection account after payment of principal, interest, ongoing other qualified costs and other applicable fees and expenses, replenishment of any amounts drawn from the capital subaccount and release of investment earnings on funds in the capital subaccount will be retained in the excess funds subaccount. The entire unpaid principal balance of each tranche of the bonds will be due and payable on the final maturity date for that tranche.

If an event of default under the indenture has occurred and is continuing, the trustee or the holders of a majority in principal amount of the bonds then outstanding may declare the unpaid principal balance of the bonds, together with accrued interest thereon, to be due and payable. However, the nature of our business will result in payment of principal upon an acceleration of the bonds being made as funds become available. Please read “Risk Factors—Risk Associated with the Unusual Nature of the Securitization Property—Foreclosure of the trustee’s lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect” and “Risk Factors—Risk Associated with Limited Source of Funds—You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited” in the accompanying prospectus. If there is a shortfall in the amounts available to make principal payments on the bonds that are due and payable, including upon an acceleration following an event of default, the trustee will distribute principal from the collection account pro rata to each tranche of bonds based on the principal amount then due and payable on the payment date.

The expected sinking fund schedule below sets forth the corresponding principal payment that is scheduled to be made on each payment date for each tranche of the bonds from the issuance date to the scheduled final payment date. Similarly, the expected amortization schedule below sets forth the principal balance that is scheduled to remain outstanding on each payment date for each tranche of the bonds from the issuance date to the scheduled final payment date.

The actual reduction in tranche principal balances may occur more slowly. The actual reduction in tranche principal balances will not occur more quickly than indicated in the above table, except in the case of acceleration due to an event of default under the indenture. The bonds will not be in default if principal is not paid as specified in the schedule above, except that the bonds will be in default if the principal of any tranche is not paid in full on or before the final maturity date of that tranche.

On each payment date, the trustee will make principal payments to the extent the principal balance of each tranche of the bonds exceeds the amount indicated for that payment date in the table above and to the extent of funds available in the collection account after payment of certain of our fees and expenses and after payment of interest.

Weighted Average Life Sensitivity

Weighted average life refers to the average amount of time from the date of issuance of a security until each dollar of principal of the security has been repaid to the investor. The rate of principal payments on each tranche of bonds, the aggregate amount of each interest payment on each tranche of bonds and the actual final payment date of each tranche of bonds will depend on the timing of the servicer's receipt of securitization charges from covered electric customers. Please read "Weighted Average Life and Yield Considerations for the Securitization Bonds" in the accompanying prospectus for further information. Changes in the expected weighted average lives of the tranches of the bonds in relation to variances in actual energy consumption levels (electric sales) from forecast levels are shown below.

[Table of Contents](#)**Weighted Average Life Sensitivity**

Tranche	Expected Weighted Average Life (Years)	-5% (1.82 Standard Deviations from Mean)		-15% (6.69 Standard Deviations from Mean)	
		Weighted Average Life (Years)	Change (Days)	Weighted Average Life (Years)	Change (Days)

A-2	8.00	8.00	0	8.00	0
A-3	12.26	12.26	0	12.26	0

Assumptions

For the purposes of preparing the above chart, the following assumptions, among others, have been made: (i) the forecast error stays constant over the life of the bonds and is equal to an overestimate of electricity usage of -5% (1.82 standard deviations from mean) or -15% (6.69 standard deviations from mean); (ii) the servicer makes timely and accurate filings to make a true-up adjustment to the securitization charges semi-annually; (iii) customer charge-off rates are held constant at approximately 3.37% for the residential **securitization rate class** (as defined under "Glossary of Defined Terms" in the accompanying prospectus) (comprised of approximately 1,574,000 customers as of December 31, 2013), approximately 0.93% for the secondary securitization rate class (comprised of approximately 207,000 customers as of December 31, 2013), approximately 0.93% for the primary securitization rate class (comprised of approximately 4,000 customers as of December 31, 2013) and approximately 0.93% for the streetlighting securitization rate class (comprised of approximately 5,000 customers as of December 31, 2013); (iv) days sales outstanding are based upon historical averages; (v) operating expenses are equal to projections; (vi) there is no acceleration of the final maturity date of the bonds; (vii) a permanent loss of all covered electric customers has not occurred; and (viii) the issuance date is July 22, 2014. There can be no assurance that the weighted average lives of the bonds will be as shown.

Fees and Expenses

As set forth in the table below, the issuing entity is obligated to pay fees to the servicer, the trustee, its independent managers and Consumers Energy as administrator and to pay certain ongoing expenses. These obligations are included in ongoing other qualified costs and are components of the calculation of the securitization charges to be collected. The following table illustrates this arrangement.

Recipient	Source of Payment	Fees and Expenses Payable
Servicer	Securitization charge collections and investment earnings	\$189,000 per annum (so long as servicer is Consumers Energy or an affiliate)
Trustee	Securitization charge collections and investment earnings	\$15,000 per annum, plus out-of-pocket expenses
Independent managers	Securitization charge collections and investment earnings	\$7,000 per annum, plus out-of-pocket expenses
Administration fee	Securitization charge collections and investment earnings	\$50,000 per annum, plus out-of-pocket expenses

The annual servicing fee payable to any servicer not affiliated with Consumers Energy shall not at any time exceed 0.75% of the original principal amount of the bonds.

Distribution Following Acceleration

Upon an acceleration of the maturity of the bonds, the total outstanding principal balance of and interest accrued on the bonds will be payable, without priority of interest over principal or principal over interest. Although

[Table of Contents](#)

principal will be due and payable upon acceleration, the nature of our business will result in principal being paid as funds become available. Please read “Risk Factors—Risk Associated with the Unusual Nature of the Securitization Property—Foreclosure of the trustee’s lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect” and “Risk Factors—Risk Associated with Limited Source of Funds—You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited” in the accompanying prospectus.

Interest Payments

Interest on each tranche of bonds will accrue from and including the issue date to but excluding the first payment date, and thereafter from and including the previous payment date to but excluding the applicable payment date until the bonds have been paid in full, at the interest rate indicated on the cover of this prospectus supplement and in the table on page S-10. On each payment date, we will pay interest on each tranche of the bonds equal to the following amounts:

- if there has been a payment default, any interest payable but unpaid on any prior payment date, together with interest on any such unpaid interest; and
- accrued interest on the principal balance of each tranche of the bonds as of the close of business on the preceding payment date (or, with respect to the initial payment date, the date of the original issuance of the bonds) after giving effect to all payments of principal made on the preceding payment date, if any.

Except as provided under “—Distribution Following Acceleration” in this prospectus supplement, we will pay interest on the bonds before we pay principal on the bonds. Please read “Description of the Securitization Bonds—Interest and Principal on the Securitization Bonds” in the accompanying prospectus. If there is a shortfall in the amounts available in the collection account to make interest payments on the bonds, the trustee will distribute interest pro rata to each tranche of bonds based on the amount of interest payable on each such outstanding tranche. Please read “Credit Enhancement—Collection Account and Subaccounts” in this prospectus supplement. We will calculate interest on tranches of the bonds on the basis of a 360-day year of twelve 30-day months.

No Optional Redemption

We may not voluntarily redeem any tranche of the bonds.

THE TRUSTEE

The Bank of New York Mellon, a New York banking corporation, will be the indenture trustee (**trustee**). The Bank of New York Mellon will also act as paying agent and registrar.

The Bank of New York Mellon's corporate trust businesses have office locations in various domestic and international cities. The indenture will be administered from The Bank of New York Mellon's corporate trust office located at 101 Barclay Street, New York, New York 10286, Attention: Asset Backed Securities Unit.

The Bank of New York Mellon serves or has served as indenture trustee, paying agent and registrar on several issues of similar asset-backed securities, including the 2001-1 securitization bonds issued by the 2001-1 securitization bond issuer.

The issuing entity, Consumers Energy and their respective affiliates may from time to time enter into normal banking and trustee relationships with The Bank of New York Mellon and its affiliates. No relationships currently exist or existed during the past two years between the issuing entity, Consumers Energy and their respective affiliates, on the one hand, and The Bank of New York Mellon and its affiliates, on the other hand, that would be outside the ordinary course of business or on terms other than would be obtained in an arm's length transaction with an unrelated third party.

CREDIT ENHANCEMENT

Credit enhancement for the bonds is intended to protect you against losses or delays in scheduled payments on your bonds. Please read “Risk Factors—Risk Associated with Limited Source of Funds—You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited” in the accompanying prospectus.

True-Up Mechanism for Payment of Scheduled Principal and Interest

Act 142 and the financing order mandate that securitization charges on covered electric customers be reviewed and adjusted by the MPSC at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. In addition, the financing order provides that true-up adjustments are required on a semi-annual basis (or, one year prior to the last scheduled final payment date for the latest maturing tranche, on a quarterly basis) if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed. In the financing order, the MPSC affirms that it will act pursuant to the financing order to ensure that expected securitization charges are sufficient to pay on a timely basis all scheduled principal of and interest on the bonds and ongoing other qualified costs in connection with the securitization bonds.

There is no cap on the level of securitization charges that may be imposed on covered electric customers to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs, and such securitization charges may continue to be imposed, charged and collected until the bonds are paid in full, except that securitization charges may not be billed more than 15 years after the beginning of the first complete billing cycle during which securitization charges were initially placed on any covered electric customer’s bill. Through the true-up mechanism, which adjusts for undercollections of securitization charges due to any reason, covered electric customers share in the liabilities of all other covered electric customers for the payment of securitization charges.

Please read “The Securitization Charges” in this prospectus supplement and “Consumers Energy’s Financing Order—True-Up Mechanism” and “The Servicing Agreement—True-Up Adjustment Process” in the accompanying prospectus.

Collection Account and Subaccounts

A collection account will be established for the bonds to hold the capital contribution from Consumers Energy and collected securitization charges periodically remitted by the servicer. The collection account will consist of the following subaccounts:

- the general subaccount;
- the excess funds subaccount; and
- the capital subaccount.

For administrative purposes, the subaccounts may be established as separate accounts that will be recognized individually as subaccounts and collectively as the collection account. Withdrawals from and deposits to these subaccounts will be made as described below in this prospectus supplement and under “Security for the Securitization Bonds—Description of Indenture Accounts” and “Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated” in the accompanying prospectus.

The General Subaccount. The trustee will deposit collected securitization charges remitted to it by the servicer with respect to the bonds into the general subaccount. On each payment date, the trustee will allocate amounts in the general subaccount as described under “—How Funds in the Collection Account Will Be Allocated” below.

[Table of Contents](#)

The Excess Funds Subaccount. The excess funds subaccount will be funded with collected securitization charges and earnings on amounts in the collection account in excess of the amount necessary to pay on any payment date:

- fees and expenses, including any indemnity payments, of the trustee, our independent managers, the servicer and the administrator and other fees, expenses, costs and charges;
- principal and interest payments on the bonds required to be paid or scheduled to be paid on that payment date; and
- any amount required to replenish any amounts drawn from the capital subaccount.

The periodic true-up adjustments of the securitization charges will be calculated to eliminate any amounts held in the excess funds subaccount.

If amounts available in the general subaccount are not sufficient to pay the fees and expenses due on any payment date, to make required or scheduled payments to the bondholders and to replenish any amounts drawn from the capital subaccount, the trustee will first draw on any amounts in the excess funds subaccount to make those payments.

The Capital Subaccount. On the date we issue the bonds, Consumers Energy will deposit \$1,890,000 into the capital subaccount as a capital contribution to us, which is equal to 0.5% of the initial principal balance of the bonds. The capital contribution has been set at a level sufficient to obtain the ratings on the bonds described in the accompanying prospectus under "Ratings for the Securitization Bonds". If amounts available in the general subaccount and the excess funds subaccount are not sufficient to make required or scheduled payments to the bondholders and to pay the fees and expenses specified in the indenture due on any payment date, the trustee will draw on amounts in the capital subaccount to make those payments.

How Funds in the Collection Account Will Be Allocated

Amounts remitted by the servicer to the trustee with respect to the bonds, including any indemnity amounts and all investment earnings on amounts in the subaccounts in the collection account will be deposited into the general subaccount of the collection account.

On each payment date, the trustee will allocate or pay all amounts on deposit in the general subaccount of the collection account for the bonds in the following priority:

1. payment of the trustee's fees, expenses and outstanding indemnity amounts in an amount not to exceed \$500,000 annually;
2. payment of the servicing fee relating to the bonds, which will be a fixed amount specified in the servicing agreement, plus any unpaid servicing fees from prior payment dates as described under "The Servicing Agreement—Servicing Compensation" in the accompanying prospectus;
3. payment of the administration fee, which will be a fixed amount specified in the administration agreement between us and Consumers Energy, and of the fees of our independent managers, which will be in an amount specified in an agreement between us and our independent managers, each as described in the table on page S-16, plus any unpaid administration or management fees from prior payment dates;
4. payment of all of our other ordinary periodic operating expenses relating to the bonds, such as accounting and audit fees, rating agency and related fees (i.e. website provider fees), legal fees and certain reimbursable costs of the administrator under the administration agreement;
5. payment of the interest then due on the bonds, including any past-due interest (together with, to the extent lawful, interest thereon);
6. payment of the principal required to be paid on the bonds on the final maturity date or as a result of acceleration upon an event of default;
7. payment of the principal then scheduled to be paid on the bonds in accordance with the expected sinking fund schedule, including any previously unpaid scheduled principal, paid pro rata among the bonds if there is a deficiency;

[Table of Contents](#)

8. payment of any of our remaining unpaid operating expenses (including any such amounts owed to the trustee but unpaid due to the limitation in clause 1 above) and any remaining amounts owed pursuant to the basic documents;
9. replenishment of any amounts drawn from the capital subaccount;
10. so long as no event of default has occurred and is continuing, release to Consumers Energy of an amount equal to investment earnings since the previous payment date (or, in the case of the first payment date, since the issuance date) on the initial amount deposited by it into the capital subaccount;
11. allocation of the remainder, if any, to the excess funds subaccount; and
12. after the bonds have been paid in full and discharged and all of the foregoing amounts are paid in full, the balance, together with all amounts in the capital subaccount and the excess funds subaccount, to us free and clear of the lien of the indenture.

The amounts paid during any calendar year in respect of the servicing fee in clause 2 may not exceed 0.05% of the original principal balance of the bonds (for so long as Consumers Energy or any of its affiliates is the servicer) and may not exceed 0.75% of the original principal balance of the bonds if Consumers Energy or any of its affiliates is not the servicer. The administrator is also entitled to reimbursement of certain out-of-pocket expenses, such as those of accountants and counsel. Please read “Risk Factors—Other Risks Associated with an Investment in the Securitization Bonds—Consumers Energy’s indemnification obligations under the sale agreement and servicing agreement are limited and might not be sufficient to protect your investment in the securitization bonds” in the accompanying prospectus.

If, on any payment date, funds in the general subaccount are insufficient to make the allocations or payments contemplated by clauses 1 through 9 of the second paragraph of this subsection, the trustee will draw from amounts on deposit in the following subaccounts in the following order up to the amount of the shortfall:

1. from the excess funds subaccount for allocations and payments contemplated in such clauses 1 through 9; and
2. from the capital subaccount for allocations and payments contemplated in such clauses 1 through 8.

If, on any payment date, available collections of securitization charges allocable to the bonds, together with available amounts in the related subaccounts, are not sufficient to pay all amounts due on all outstanding bonds on that payment date, amounts available will be allocated sequentially in the following order, in each case to the extent of available funds:

1. pro rata to interest, based on the amount of interest then due and payable on each tranche of the bonds;
2. pro rata to principal, based on the principal amount of each tranche then due and payable; and
3. pro rata to principal, based upon the principal amount of each tranche then scheduled to be paid, including any previously unpaid scheduled principal.

If the trustee uses amounts on deposit in the capital subaccount to pay those amounts or make those transfers, as the case may be, subsequent adjustments to the related securitization charges will take into account, among other things, the need to replenish those amounts.

THE SECURITIZATION CHARGES

Consumers Energy will be the initial servicer of the bonds. Beginning with the first billing cycle after the date we issue the bonds, the initial securitization charges will be imposed on covered electric customers in each securitization rate class at the applicable rate for the class determined pursuant to the financing order. These securitization charges will be adjusted at least annually, or more frequently under certain circumstances, by the servicer in accordance with its filings with, and, when required, approvals granted by, the MPSC. Securitization charges may not be billed more than 15 years after the beginning of the first complete billing cycle during which securitization charges were initially placed on any covered electric customer's bill. Please read "Description of the Securitization Property—Creation of Securitization Property" in the accompanying prospectus.

Listed in the table below are the estimated initial securitization charges by securitization rate class. The actual initial securitization charge assessed to each securitization rate class may be different.

Initial Securitization Charges

Securitization Rate Class	Initial Securitization Charge Rate (\$ per kWh)
Residential	\$ 0.001187
Secondary	0.001186
Primary	0.000927
Streetlighting	0.000566

All covered electric customers are responsible for securitization charges. True-up adjustments will be made on a proportionate basis based on the securitization charge rate applicable among the securitization rate classes.

Please read "Description of the Securitization Property—Creation of Securitization Property" and "Description of the Securitization Property—Securitization Rate Classes" in the accompanying prospectus.

[Table of Contents](#)**UNDERWRITING THE BONDS**

Subject to the terms and conditions in the underwriting agreement among us, Consumers Energy and the underwriters, for whom Citigroup Global Markets Inc. and Goldman, Sachs & Co. are acting as representatives, we have agreed to sell to the underwriters, and the underwriters have severally agreed to purchase, the principal amount of the bonds listed opposite each underwriter's name below:

Underwriter	Tranche A-1	Tranche A-2	Tranche A-3	Total
Citigroup Global Markets Inc.	\$ 62,200,000.00	\$ 69,500,000.00	\$ 57,200,000.00	\$ 188,900,000.00
Goldman, Sachs & Co.	43,600,000.00	48,700,000.00	40,100,000.00	132,400,000.00
PNC Capital Markets LLC	18,700,000.00	20,800,000.00	17,200,000.00	56,700,000.00
Total	\$ 124,500,000.00	\$ 139,000,000.00	\$ 114,500,000.00	\$ 378,000,000.00

Under the underwriting agreement, the underwriters will take and pay for all of the bonds we offer, if any are taken. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

The Underwriters' Sales Price for the Bonds

The bonds sold by the underwriters to the public will be initially offered at the prices to the public set forth on the cover of this prospectus supplement. The underwriters propose initially to offer the bonds to dealers at such prices, less a selling concession not to exceed the percentage listed below for each tranche. The underwriters may allow, and dealers may reallocate, a discount not to exceed the percentage listed below for each tranche.

	Selling Concession	Reallowance Discount
Tranche A-1	0.24%	0.12%
Tranche A-2	0.24%	0.12%
Tranche A-3	0.24%	0.12%

After the initial public offering, the public offering prices, selling concessions and reallocation discounts may change.

No Assurance as to Resale Price or Resale Liquidity for the Bonds

The bonds are a new issue of securities with no established trading market. They will not be listed on any securities exchange. The underwriters have advised us that they intend to make a market in the bonds, but they are not obligated to do so and may discontinue market making at any time without notice. We cannot assure you that a liquid trading market will develop for the bonds.

Various Types of Underwriter Transactions That May Affect the Price of the Bonds

The underwriters may engage in overallotment transactions, stabilizing transactions, syndicate covering transactions and penalty bids with respect to the bonds in accordance with Regulation M under the Securities Exchange Act of 1934, as amended, or the **Exchange Act**. Overallotment transactions involve syndicate sales in excess of the offering size, which create a syndicate short position. Stabilizing transactions are bids to purchase the bonds, which are permitted, so long as the stabilizing bids do not exceed a specific maximum price. Syndicate covering transactions involve purchases of the bonds in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the bonds originally sold by the syndicate member are purchased in a syndicate covering transaction. These overallotment transactions, stabilizing transactions, syndicate covering transactions and penalty bids may cause the prices of the bonds to be higher than they would otherwise be. None of us, Consumers Energy, the trustee, our managers or any of the underwriters represents that the underwriters will engage in any of these transactions or that these transactions, if commenced, will not be discontinued without notice at any time. Neither we nor Consumers Energy has entered into any arrangement with any underwriter under which an underwriter may purchase additional bonds in connection with this offering.

The underwriters and their affiliates have in the past provided, and may in the future from time to time provide, investment banking and general financing and banking services to Consumers Energy and its affiliates for which they have in the past received, and in the future may receive, customary fees. In addition, each underwriter may from time to time take positions in the bonds. Citigroup Global Markets Inc., as financial advisor, has rendered certain financial advisory/structuring services to us and has received \$175,000 and will receive the additional

[Table of Contents](#)

amount set forth in “Use of Proceeds” below for such services, which additional amount is a component of the underwriting discount and expenses. In accordance with FINRA Rule 5110, both of these amounts and the reimbursement of the financial advisor’s expenses are deemed underwriting compensation in connection with the offering.

We and Consumers Energy have agreed to indemnify the underwriters against some liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the bonds, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters, including the validity of the bonds and other conditions contained in the underwriting agreement, such as receipt of ratings confirmations, officers’ certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject offers in whole or in part.

We expect to deliver the bonds against payment for the bonds on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the sixth business day following the date of pricing of the bonds. Since trades in the secondary market generally settle in three business days, purchasers who wish to trade bonds on the date of pricing or the succeeding two business days will be required, by virtue of the fact that the bonds initially will settle in T+6, to specify alternative settlement arrangements to prevent a failed settlement.

USE OF PROCEEDS

We will use the net proceeds from the sale of the bonds to pay our costs of issuance of the bonds and for our other initial costs of the transaction, or to reimburse Consumers Energy for expenses of authorization, issuance and sale of the bonds, and the balance will be used by us to purchase the securitization property from Consumers Energy. Consumers Energy will use the proceeds from the sale of the securitization property to retire a portion of its existing debt and/or equity.

The costs of issuance of the securitization bonds and other initial costs of the transaction, net of underwriting discounts and commissions of \$1,512,000, are expected to be approximately \$22,041,532.98. An aggregate of approximately \$25,000 of such costs are payable to the servicer in connection with set-up costs, including costs incurred in connection with establishing the issuing entity and building the necessary information technology systems, processes and reports. The costs of issuance of the securitization bonds and other initial costs of the transaction include the financial advisory fee, including \$325,000 payable to Citigroup Global Markets Inc. in respect of the additional portion of the financial advisory fee referenced above under "Underwriting the Bonds" in this prospectus supplement and \$5,000 payable to Citigroup Global Markets Inc. for reimbursement of expenses incurred as financial/structuring advisor for the transaction.

PROSPECTUS**Consumers 2014 Securitization Funding LLC
Issuing Entity****Senior Secured Securitization Bonds, Series 2014A****Consumers Energy Company
Depositor, Seller, Initial Servicer and Sponsor**

You should carefully consider the Risk Factors beginning on page 10 of this prospectus before you invest in the Senior Secured Securitization Bonds, Series 2014A.

We, the issuing entity, will issue the Senior Secured Securitization Bonds, Series 2014A (referred to in this prospectus as the **bonds**) in one or more tranches as described in this prospectus. The bonds are senior secured obligations of the issuing entity supported by the securitization property, described in this prospectus and the related prospectus supplement, which includes the right to a special, irrevocable nonbypassable charge, known as a **securitization charge**, paid by Michigan retail electric distribution customers of Consumers Energy (or any successor) based on their electricity usage as discussed in this prospectus and the related prospectus supplement. Act 142 (defined in this prospectus) mandates that securitization charges be adjusted at least annually, and the Michigan Public Service Commission, or the **MPSC**, further permits true-up adjustments to occur semi-annually (and in certain circumstances quarterly or more frequently) if necessary, in each case to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds, as described further in this prospectus and the related prospectus supplement. Credit enhancement for the bonds will be provided by these true-up adjustments as well as by accounts held under the indenture described in this prospectus and the related prospectus supplement. The bonds represent only our obligations and are backed only by our assets. Consumers Energy Company and its affiliates, other than us, are not liable for any payments on the bonds. The bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power.

We are a special purpose entity and own no property other than the collateral described in this prospectus. The collateral is the sole source of payment for the bonds.

We may offer and sell the bonds by use of this prospectus. We will provide the specific terms of the offering of the bonds in a supplement to this prospectus. You should read this prospectus and the related prospectus supplement carefully before you invest in the bonds. This prospectus may not be used to offer and sell the bonds unless accompanied by a prospectus supplement.

Consumers Energy Company is our sole member and owns all of our equity interests. We have no commercial operations. We were formed solely to purchase and own securitization property (as defined under “Glossary of Defined Terms”), to issue the bonds secured by securitization property and to perform any activity incidental thereto, and our organizational documents prohibit us from engaging in any other activity except as specifically authorized by the financing order issued by the MPSC on December 6, 2013, or the financing order .
<i>Purpose of transaction:</i>	This issuance of securitization bonds will enable Consumers Energy to recover certain qualified costs in the State of Michigan. Please read “Act 142” in this prospectus.
<i>Our address:</i>	One Energy Plaza Jackson, Michigan 49201
<i>Our telephone number:</i>	(517) 788-1030
<i>Depositor, Seller, Initial Servicer and Sponsor:</i>	Consumers Energy Company, referred to as Consumers Energy , a wholly-owned subsidiary of CMS Energy Corporation, referred to as CMS Energy , is an electric and gas utility company serving Michigan’s lower peninsula. Consumers Energy owns and operates electric distribution and generation facilities and gas transmission, storage and distribution facilities. Consumers Energy serves individuals and businesses operating in the alternative energy, automotive, chemical, metal and food products industries, as well as a diversified group of other industries. Consumers Energy provides electricity and/or natural gas to approximately 6.5 million of Michigan’s 10 million residents. Consumers Energy’s rates and certain other aspects of its business are subject to the jurisdiction of the MPSC and the Federal Energy Regulatory Commission. Neither Consumers Energy nor CMS Energy is an obligor of the bonds. Consumers Energy will sell the securitization property created by the financing order to us in return for our payment of a price equal to the net proceeds of the bonds. Consumers Energy, acting as the initial servicer, and any successor servicer, referred to in this prospectus as the servicer , will service the securitization property under a servicing agreement with us. Consumers Energy currently acts as servicer with respect to the Securitization Bonds, Series 2001-1, or the 2001-1 securitization bonds , issued by Consumers Funding LLC, a wholly-owned subsidiary of Consumers Energy, or the 2001-1 securitization bond issuer . <i>Transaction overview:</i>	Act 142 allows the recovery of qualified costs by certain electric utilities through the issuance of securitization bonds. Act 142 establishes a process to obtain a financing order under which the MPSC is allowed to impose an irrevocable, nonbypassable, securitization charge (as each is defined under “Glossary of Defined Terms”) for

[Table of Contents](#)

payment of the bonds on customers of an electric utility (or its successors). The amount and terms for collections of these securitization charges are governed by one or more financing orders issued to an electric utility by the MPSC. Act 142 permits an electric utility to transfer its rights and interests under a financing order, including the right to impose, collect and receive securitization charges, to a special purpose entity formed by the electric utility to issue securitization bonds secured by the right to receive revenues arising from the securitization charges. The electric utility's right to impose, collect, receive and adjust the securitization charges, and all revenue, collections, payments, money and proceeds arising out of the rights and interests created under the financing order, upon transfer to the issuing entity, constitute securitization property. The financing order applicable to the bonds, which was issued by the MPSC on December 6, 2013, is further described below. Please read "Consumers Energy's Financing Order" in this prospectus.

On December 6, 2013, the MPSC issued the financing order to Consumers Energy to enable Consumers Energy to recover certain qualified costs through the issuance of securitization bonds, in an aggregate principal amount not to exceed \$389,600,000, representing qualified costs, as defined in Act 142, of the remaining book value of certain generating units and transaction and debt retirement costs. Please read "Consumers Energy's Financing Order" in this prospectus for a discussion of the qualified costs authorized in the financing order, which we refer to in this prospectus and the prospectus supplement as **qualified costs**.

The primary transactions underlying the offering of the bonds are as follows:

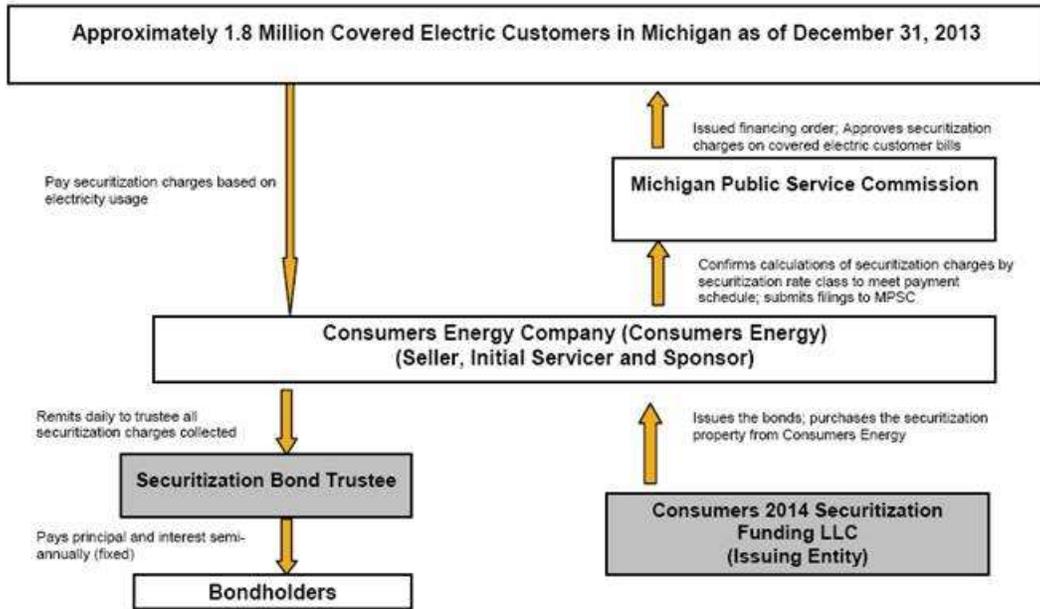

- Consumers Energy will sell securitization property to us in exchange for an amount equal to the proceeds from the sale of the bonds after paying issuance and certain other initial costs of the transaction;
- we will sell the bonds, which will be secured primarily by the securitization property, to the underwriters named in the prospectus supplement; and
- Consumers Energy will act as the initial servicer of the securitization property.

The bonds are not obligations of the trustee, our managers, Consumers Energy, CMS Energy or of any of their affiliates other than us. The bonds are also not obligations of the State of Michigan or any county, municipality or other political subdivision of the State of Michigan.

The Collateral

The principal asset securing the bonds will be securitization property, which is a present property right created under Act 142 by a financing order issued by the MPSC. The **collateral** includes all of our right, title and interest (whether owned on the issuance date or thereafter acquired or arising) in and to the following property:

- the securitization property created under and pursuant to the financing order and Act 142, and transferred by the seller to us pursuant to the **sale agreement** (as defined under “Glossary of Defined Terms”) (including, to the fullest extent permitted by law, the right to impose, collect and receive securitization charges, the right to obtain periodic adjustments to those charges, and all revenue, collections, payments, money and proceeds arising out of the rights and interests created under the financing order);
- all securitization charges related to the securitization property;
- the sale agreement and the bill of sale executed in connection therewith and all property and interests in property transferred under the sale agreement and the bill of sale with respect to the securitization property and the securitization bonds;
- the servicing agreement, the administration agreement, the **intercreditor agreement** (as defined under “Glossary of Defined Terms”) and any subservicing, agency, administration or collection agreements executed in connection therewith, to the extent related to the foregoing securitization property and the securitization bonds;
- the **collection account** (as defined under “Glossary of Defined Terms”), all subaccounts thereof and all amounts of cash, instruments, investment property or other assets on deposit therein or credited thereto from time to time and all financial assets and securities entitlements carried therein or credited thereto;
- all rights to compel the servicer to file for and obtain **true-up adjustments** (as defined under “Glossary of Defined Terms”) to the securitization charges in accordance with Act 142 and the financing order;
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing, whether such claims, demands, causes and choses in action constitute securitization property, accounts, general intangibles, instruments, contract rights, chattel paper or proceeds of such items or any other form of property;
- all accounts, chattel paper, deposit accounts, documents, general intangibles, goods, instruments, investment property, letters of credit, letters-of-credit rights, money, commercial tort claims and supporting obligations related to the foregoing; and
- all payments on or under and all proceeds in respect of any or all of the foregoing.

The collateral does not include:

- cash that has been released pursuant to the terms of the **indenture** (as defined under “Glossary of Defined Terms”); and
- amounts deposited with us on the issuance date, for payment of costs of issuance with respect to the bonds (together with any interest earnings thereon).

Please read “Security for the Securitization Bonds” in this prospectus.

The Securitization Property

In general terms, all of the rights and interests of Consumers Energy established pursuant to the financing order that are transferred to us pursuant to the sale agreement are referred to in this prospectus and the prospectus supplement as the **securitization property**. Securitization property includes the right to impose, collect, receive and adjust securitization charges in amounts sufficient to pay principal and interest and to replenish the **capital subaccount** (as defined under “Glossary of Defined Terms”) in connection with the bonds and to pay **ongoing other qualified costs** (as defined under “Glossary of Defined Terms”). Securitization charges are payable by all covered electric customers in an amount necessary to provide the full recovery of all qualified costs, including debt service. Under the financing order, the customers responsible for paying securitization charges consist of all of Consumers Energy’s covered electric customers. Covered electric customers who subsequently receive electric delivery service from a successor to Consumers Energy pursuant to bankruptcy, reorganization or other insolvency proceeding or any merger, acquisition, sale or transfer must pay the securitization charge. Covered electric customers do not include (i) current choice customers, (ii) customers to the extent they obtain or use self-service power or (iii)

[Table of Contents](#)

customers to the extent engaged in affiliate wheeling. During the twelve months ended December 31, 2013, approximately 39% of Consumers Energy's total electric usage (as measured by billed gigawatt-hour, or **GWh**, sales) in the State of Michigan was to residential customers, approximately 23% was to secondary customers and approximately 37% was to primary customers.

Neither the securitization property nor the other collateral securing the bonds is or will be a static pool of assets. The securitization charges are irrevocable and not subject to reduction, impairment, postponement, termination or adjustment by further action of the MPSC, except for annual, semi-annual (or, one year prior to the last scheduled final payment date for the latest maturing tranche, quarterly) and interim true-up adjustments to correct overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. Please read "The Servicing Agreement—True-Up Adjustment Process". All revenues and collections resulting from the securitization charges are part of the securitization property.

We will purchase securitization property from Consumers Energy to support the issuance of the bonds. The servicer will collect the applicable securitization charges from covered electric customers, and will remit the collections to the trustee.

Because the amount of securitization charge collections will depend on the amount of electricity consumed by covered electric customers within Consumers Energy's **service territory** (as defined under "Glossary of Defined Terms"), the amount of collections may vary substantially from year to year. Please read "The Depositor, Seller, Initial Servicer and Sponsor".

Interest Payments

Interest on each tranche of bonds will accrue from the issue date at the interest rate stated in the prospectus supplement. On each **payment date** (as defined under "Glossary of Defined Terms"), we will pay interest on each tranche of bonds equal to the following amounts:

- if there has been a payment default, any interest payable but unpaid on any prior payment dates, together with interest on any such unpaid interest; and
- accrued interest on the principal balance of each tranche of bonds as of the close of business on the preceding payment date (or, in the case of the first payment date, on the date of the original issuance of each tranche of bonds) after giving effect to all payments of principal made on the preceding payment date, if any.

We will pay interest on each tranche of bonds before we pay the principal of each tranche of bonds. Please read "Description of the Securitization Bonds—Interest and Principal on the Securitization Bonds". If there is a shortfall in the amounts available in the collection account to make interest payments, the trustee will distribute interest pro rata to each tranche of bonds based on the amount of interest payable on each outstanding tranche. Unless otherwise specified in the prospectus supplement, we will calculate interest on the basis of a 360-day year of twelve 30-day months.

Principal Payments, Record Dates and Payment Sources

On each payment date specified in the prospectus supplement, we will pay amounts then due or scheduled to be paid on the outstanding bonds from amounts available in the collection account and the related subaccounts held pursuant to the indenture. We will make these payments to the holders of record of the bonds on the related **record date** specified in the prospectus supplement. Amounts available to make these payments, which will include the applicable securitization charges collected by the servicer for us since the last payment date, are described in greater detail under "Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated" and "The Servicing Agreement—Remittances to Collection Account".

Priority of Payments

On each payment date, the trustee will allocate or pay all amounts on deposit in the **general subaccount** (as defined under "Glossary of Defined Terms") of the collection account in the following order of priority:

1. payment of the trustee's fees, expenses and outstanding indemnity amounts in an amount not to exceed annually the amount set forth in the prospectus supplement;
2. payment of the servicing fee, which will be a fixed amount specified in the servicing agreement, plus any unpaid servicing fees from prior payment dates as described under "The Servicing Agreement—Servicing Compensation";

[Table of Contents](#)

3. payment of the administration fee, which will be a fixed amount specified in the administration agreement between us and Consumers Energy, and of the fees of our independent managers, which will be in an amount specified in an agreement between us and our independent managers, plus any unpaid administration or management fees from prior payment dates;
4. payment of all of our other ordinary periodic operating expenses relating to the bonds, such as accounting and audit fees, rating agency and related fees (i.e. website provider fees), legal fees and certain reimbursable costs of the administrator under the administration agreement;
5. payment of the interest then due on the bonds, including any past-due interest (together with, to the extent lawful, interest thereon);
6. payment of the principal required to be paid on the bonds on the final maturity date or as a result of acceleration upon an **event of default** (as defined under “Description of the Securitization Bonds—Events of Default; Rights Upon Event of Default”);
7. payment of the principal then scheduled to be paid on the bonds in accordance with the expected sinking fund schedule, including any previously unpaid scheduled principal, paid pro rata among the bonds if there is a deficiency;
8. payment of any of our remaining unpaid operating expenses (including any such amounts owed to the trustee but unpaid due to the limitation in clause 1 above) and any remaining amounts owed pursuant to the **basic documents** (as defined under “Glossary of Defined Terms”);
9. replenishment of any amounts drawn from the capital subaccount;
10. so long as no event of default has occurred and is continuing, release to Consumers Energy of an amount equal to investment earnings since the previous payment date (or, in the case of the first payment date, since the issuance date) on the initial amount deposited by it into the capital subaccount;
11. allocation of the remainder, if any, to the **excess funds subaccount** (as defined under “Glossary of Defined Terms”); and
12. after the bonds have been paid in full and discharged and all of the foregoing amounts are paid in full, the balance, together with all amounts in the capital subaccount and the excess funds subaccount, to us free and clear of the lien of the indenture.

The trustee’s fees referred to in clause 1 above, the amount of the servicer’s fee referred to in clause 2 above and the amount of the administration fee referred to in clause 3 above will be described in the prospectus supplement and, in the case of the servicer’s fee, may not exceed the amounts approved in the financing order. The priority of payments for the collected securitization charges, as well as available amounts in the subaccounts, are described in more detail under “Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated”, as well as in the prospectus supplement.

Credit Enhancement

Credit enhancement for the bonds, which is intended to protect you against losses or delays in scheduled payments on the bonds, will be as follows:

- Act 142 and the financing order mandate that securitization charges on covered electric customers be reviewed and adjusted by the MPSC at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. In addition, the financing order provides that adjustments are required on a semi-annual basis (or, one year prior to the last scheduled final payment date for the latest maturing tranche, on a quarterly basis) if the servicer determines that an adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. Adjustments may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that an adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year adjustments to be implemented immediately without additional MPSC approval if the proposed adjustment is not opposed. We sometimes refer to these adjustments as the **true-up adjustments** and the process for making such adjustments as the **true-up mechanism**. Please read “Consumers Energy’s Financing Order—True-Up Mechanism”.

[Table of Contents](#)

- Collection Account—Under the indenture, the trustee will maintain a collection account for the bonds, divided into various subaccounts. The primary subaccounts for credit enhancement purposes are:
 - the general subaccount—the trustee will deposit into the general subaccount all securitization charge collections remitted to it by the servicer;
 - the capital subaccount—Consumers Energy will deposit an amount specified in the prospectus supplement into the capital subaccount on the date of issuance of the bonds; and
 - the excess funds subaccount—any excess amount of collected securitization charges and investment earnings not released to us will be held in the excess funds subaccount.

State Pledge

The State of Michigan has pledged in Act 142, for the benefit and protection of the holders of securitization bonds, including trustees, collateral agents and other persons acting for the benefit of the holders of securitization bonds, or the **financing parties**, under the financing order and Consumers Energy, that it will not take or permit any action that would impair the value of the securitization property, reduce or alter, except as allowed in connection with a true-up adjustment, or impair the securitization charges to be imposed, collected and remitted to the financing parties, until the principal, interest and premium, and any other charges incurred and contracts to be performed, in connection with the securitization bonds have been paid and performed in full.

Michigan has both a voter initiative and a referendum process. The time for challenging Act 142 through a referendum has expired, but the right of voters in Michigan to enact laws by initiative can be exercised at any time, provided a prescribed process is followed and successfully concluded. Constitutional protections against actions that violate the pledge of the State of Michigan should apply whether legislation is passed by the Michigan legislature or is brought about by a voter initiative.

The bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power.

No Optional Redemption

We will not have the option to redeem or otherwise prepay any bonds.

Payment and Record Dates

The payment and record dates for the bonds will be specified in the prospectus supplement.

Scheduled Final Payment Dates and Final Maturity Dates

Failure to pay a scheduled principal payment on any payment date or the entire outstanding amount of the bonds of any tranche by the scheduled final payment date for such tranche will not result in a default with respect to that tranche. The failure to pay the entire outstanding principal balance of the bonds of any tranche will result in a default only if such payment has not been made by the final maturity date for the tranche. We will specify the scheduled final payment date and the final maturity date of each tranche of bonds in the prospectus supplement.

Ratings for the Securitization Bonds

We expect the bonds will receive credit ratings from two nationally recognized statistical rating organizations (**NRSROs**). Please read “Ratings for the Securitization Bonds”.

Reports to Bondholders

Pursuant to the indenture, we will make available on our website to the holders of record of the bonds regular reports prepared by the servicer containing information concerning, among other things, us and the collateral. The reports will be available to beneficial owners of the bonds upon written request to the trustee or the servicer. These reports will not be examined and reported upon by an independent public accountant. In addition, no independent public accountant will provide an opinion thereon. Please read “Description of the Securitization Bonds—Reports to Bondholders”.

[Table of Contents](#)**Servicing Compensation**

We will pay the servicer on each payment date the servicing fee with respect to the bonds. As long as Consumers Energy or any affiliated entity acts as servicer, this fee, which will be set forth in the prospectus supplement, will be no more than the lowest rate between 0.05% and 0.10% on an annualized basis of the original principal amount of securitization bonds consistent with market conditions at the time of the bond issuance. If a successor servicer that is not an affiliate of Consumers Energy is appointed, the servicing fee will be negotiated by the successor servicer and the trustee, but will not exceed 0.75% of the original principal amount of the bonds on an annualized basis. In no event will the trustee be liable for any servicing fee in its individual capacity.

U.S. Federal Income Tax Status

In the opinion of Pillsbury Winthrop Shaw Pittman LLP, special tax counsel to us and to Consumers Energy, for U.S. federal income tax purposes, the bonds will be treated as debt of Consumers Energy, our sole member. If you purchase a beneficial interest in any bond, you agree by your purchase to treat the bonds as debt of our sole member for U.S. federal income tax purposes.

ERISA Considerations

Investors who are acting on behalf of or using assets of certain employee benefit plans or arrangements subject to the Employee Retirement Income Security Act of 1974, as amended, known as **ERISA**, or Section 4975 of the Internal Revenue Code of 1986, as amended, or the **Internal Revenue Code**, may acquire the bonds subject to specified conditions. The acquisition and holding of the bonds could be treated as a direct or indirect prohibited transaction under ERISA. Accordingly, each purchaser or holder of the bonds purchasing or holding those bonds on behalf of or with assets of such an employee benefit plan or arrangement will be deemed to certify that the purchase and subsequent holding of the bonds would not result in a non-exempt prohibited transaction under the rules of ERISA, the Internal Revenue Code or other similar applicable law. Please read "ERISA Considerations".

RISK FACTORS

Please carefully consider all the information we have included or incorporated by reference in this prospectus and the prospectus supplement, including the risks described below, before deciding whether to invest in the bonds.

Risk Associated with Limited Source of Funds

You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited.

The only source of funds for payment of the bonds will be our assets, which consist of:

- the securitization property securing the bonds, including the right to impose, collect and receive the securitization charges and our right to adjust them under the true-up mechanism;
- the funds on deposit in the accounts held pursuant to the indenture; and
- our rights under various contracts we describe in this prospectus.

The bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power, nor will the bonds be insured or guaranteed by Consumers Energy, including in its capacity as the servicer, or by its parent, CMS Energy, any of their respective affiliates (other than us), the trustee or any other person or entity. Thus, you must rely for payment of the bonds solely upon Act 142, state and federal constitutional rights to enforcement of Act 142, the financing order, collections of the securitization charges and funds on deposit in the related accounts held pursuant to the indenture. Our organizational documents restrict our right to acquire other assets unrelated to the transactions described in this prospectus. Please read “Consumers 2014 Securitization Funding LLC, The Issuing Entity”.

Risks Associated with Potential Judicial, Legislative or Regulatory Actions

We are not obligated to indemnify you for changes in law.

Neither we nor Consumers Energy will indemnify you for any changes in the law, including any federal preemption or repeal or amendment of Act 142, that may affect the value of your bonds. Consumers Energy will agree in the servicing agreement to institute any action or proceeding as may be reasonably necessary to block or overturn any attempts to cause a repeal, modification or amendment to Act 142 that would be materially adverse to us, the trustee or bondholders. Please read “The Sale Agreement—Covenants of the Seller” and “The Servicing Agreement—Servicing Standards and Covenants”. However, we cannot assure you that Consumers Energy would be able to take this action or that this action would be successful.

Future judicial action could reduce the value of your investment in the securitization bonds.

The securitization property securing the bonds is the creation of Act 142 and the financing order that has been issued by the MPSC to Consumers Energy. There is uncertainty associated with investing in bonds payable from an asset that depends for its existence on legislation because there is limited judicial or regulatory experience implementing and interpreting the legislation. Because the securitization property is a creation of Act 142, any judicial determination affecting the validity of or interpreting Act 142, the securitization property or our ability to make payments on the bonds might have an adverse effect on the bonds. A federal or state court could be asked in the future to determine whether the relevant provisions of Act 142 are unlawful or invalid. If Act 142 is invalidated, the financing order might also be invalidated.

Other states have passed legislation similar to Act 142 to authorize recoveries by utilities of specified costs, such as environmental control costs, hurricane recovery costs, or costs associated with deregulation of the electricity market, and some of those laws have been challenged by judicial actions or utility commission proceedings. To date, none of those challenges has succeeded, but future judicial challenges might be made. An unfavorable decision regarding another state’s law would not automatically invalidate Act 142 or the financing order, but it might provoke a challenge to Act 142, establish a legal precedent for a successful challenge to Act 142 or heighten awareness of the political and other risks of the bonds, and in that way may limit the liquidity and value of the bonds. Therefore, legal activity in other states may indirectly affect the value of your investment in the bonds.

Future state legislative action might attempt to reduce the value of your investment in the securitization bonds.

Despite its pledge in Act 142 not to take or permit certain actions that would impair the value of the securitization property or the securitization charges, the Michigan legislature might in the future attempt to repeal or amend Act 142 in a

[Table of Contents](#)

manner that limits or alters the securitization property so as to reduce its value. For a description of the pledge of the State of Michigan, please read “Act 142—Electric Utilities May Securitizate Qualified Costs—State Pledge”. It might be possible for the Michigan legislature to repeal or amend Act 142 notwithstanding the pledge of the State of Michigan if the legislature acts in order to serve a significant and legitimate public purpose. Any of these actions, as well as the costly and time-consuming litigation that likely would ensue, might adversely affect the price and liquidity of, the dates of payment of interest on and principal of, and the weighted average lives of, the bonds. Moreover, the outcome of any litigation cannot be predicted. Accordingly, you might incur a loss on or delay in recovery of your investment in the bonds.

If an action of the Michigan legislature adversely affecting the securitization property or the ability to collect securitization charges were considered a taking under the United States or Michigan Constitutions, the State of Michigan might be obligated to pay compensation for the taking. However, even in that event, there is no assurance that any amount provided as compensation would be sufficient for you to recover fully your investment in the bonds or to offset interest lost pending that recovery.

Under the Michigan Constitution, the Michigan electorate has the power of initiative, which gives the electorate the ability to propose laws and to enact and repeal laws that the legislature has the power otherwise to enact. Among other requirements, qualifying an initiative for an election requires petitions signed by registered electors constituting at least 8% of the total votes cast for governor at the immediately preceding general election at which a governor was elected. An initiative proposal that is not subsequently approved by the legislature will become effective only if it is approved by a majority of the electors voting at the next general election. As of the date of this prospectus, no voter initiative or petition affecting the securitization bonds was pending or certified, and Consumers Energy is unaware of any efforts to circulate petitions for action.

The enforcement of any rights against the State of Michigan or the MPSC under the pledge of the State of Michigan may be subject to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against state and local governmental entities in Michigan. These limitations might include, for example, the necessity to exhaust administrative remedies prior to bringing suit in a court or limitations on type and locations of courts in which the State of Michigan or the MPSC may be sued.

The federal government might preempt Act 142 without full compensation.

Federal preemption of Act 142 could prevent bondholders from receiving payments on the bonds. In the past, bills have been introduced in Congress to prohibit the recovery of charges similar to the securitization charges, although Congress has not enacted any law to that effect. As of the date of this prospectus, we are not aware of the House or the Senate, or any of their committees having primary relevant jurisdiction, having considered legislation that would prohibit the recovery of charges similar to the securitization charges. However, we can give no assurances that Congress may not do so in the future. Enactment of a federal law prohibiting the recovery of charges similar to the securitization charges might have the effect of preempting Act 142 and thereby prohibiting the recovery of the securitization charges, which would cause delays and losses on payments on the bonds.

We can give no assurances that a court would consider the preemption by federal law of Act 142 to be a taking of property from us or the bondholders under the U.S. Constitution or under the Constitution of the State of Michigan. Moreover, even if this preemption of Act 142 by the federal government were considered a taking under the U.S. Constitution or under the Constitution of the State of Michigan for which the federal government had to pay just compensation, we can give no assurance that this compensation would be sufficient to pay the full amount of principal of and interest on the bonds or to pay those amounts on a timely basis.

The MPSC might attempt to take actions that could reduce the value of your investment in the securitization bonds.

Act 142 provides that a financing order together with the securitization charges authorized in the financing order are irrevocable and that the MPSC may not impair, reduce or alter, except for the true-up adjustments, the securitization charges authorized under a financing order. However, the MPSC retains the power to adopt, revise or rescind rules or regulations affecting Consumers Energy. The MPSC also retains the power to interpret the financing order granted to Consumers Energy, and in that capacity might be called upon to rule on the meanings of provisions of the financing order that might need further elaboration. Any new or amended regulations or orders from the MPSC might attempt to affect the ability of the servicer to collect the securitization charges in full and on a timely basis, affecting the amortization of the bonds and their weighted average lives, and, accordingly, the rating of the bonds or their price. However, in the financing order, the MPSC reaffirmed that it shall not reduce, impair, postpone, terminate or otherwise adjust the securitization charges approved in the financing order or impair the securitization property or the collection of securitization charges or the recovery of the qualified costs and ongoing other qualified costs and that it will act pursuant to the financing order to ensure that the expected securitization

[Table of Contents](#)

charges are sufficient to pay on a timely basis scheduled principal of and interest on the securitization bonds issued pursuant to the financing order and the ongoing other qualified costs in connection with the securitization bonds.

The servicer is required to file with the MPSC, on our behalf, certain adjustments of the securitization charges. Please read “Consumers Energy’s Financing Order—True-Up Mechanism” and “The Servicing Agreement—True-Up Adjustment Process”. True-up adjustment procedures may be challenged in the future. Challenges to or delays in the true-up adjustment process might adversely affect the market perception and valuation of the bonds. Also, any litigation might materially delay securitization charge collections due to delayed implementation of true-up adjustments and might result in missing payments or payment delays and lengthened weighted average life of the bonds.

Servicing Risks

Inaccurate forecasting of electric usage or collections might reduce scheduled payments on the securitization bonds.

The securitization charges are assessed based on forecasted covered electric customer usage. The amount and the rate of securitization charge collections will depend in part on actual electricity usage and the amount of collections and write-offs for each **securitization rate class** (as defined under “Glossary of Defined Terms”). If the servicer inaccurately forecasts either electricity usage or customer delinquency or charge-offs when setting or adjusting the securitization charges, there could be a shortfall or material delay in securitization charge collections, which might result in missed or delayed payments of principal and interest and lengthened weighted average life of the bonds. Please read “Consumers Energy’s Financing Order—True-Up Mechanism” and “The Servicing Agreement—True-Up Adjustment Process”.

Inaccurate forecasting of electricity usage by the servicer might result from, among other things:

- unanticipated weather or economic conditions, resulting in less electricity usage than forecast;
- general economic conditions being worse than expected, causing covered electric customers to migrate from Consumers Energy’s service territory or reduce their electricity usage;
- the occurrence of a natural disaster, such as a hurricane, wind storm or an act of terrorism, cyber attack or other catastrophic event;
- unanticipated changes in the market structure of the electric industry;
- covered electric customers consuming less electricity than anticipated because of increased energy prices, unanticipated increases in conservation efforts or unanticipated increases in electric usage efficiency;
- differences or changes in forecasting methodology; or
- future access to alternative sources of energy, including self-generation of electric power.

Inaccurate forecasting of delinquency or charge-off rates by the servicer might result also from, among other things, unexpected deterioration of the economy or the unanticipated declaration of a moratorium on terminating electric service to covered electric customers in the event of extreme weather, either of which would cause greater delinquencies or charge-offs than expected or force Consumers Energy to grant additional payment relief to more covered electric customers, or any other unanticipated change in law that makes it more difficult for Consumers Energy to terminate service to nonpaying covered electric customers or that requires Consumers Energy to apply more lenient credit standards in accepting covered electric customers.

Your investment in the securitization bonds depends on Consumers Energy or its successors or assignees acting as servicer of the securitization property.

Consumers Energy, as servicer, will be responsible for, among other things, calculating, billing, collecting and posting the securitization charges from covered electric customers, submitting requests to the MPSC to adjust these charges, monitoring the collateral for the bonds and taking certain actions in the event of non-payment by a covered electric customer. The trustee’s receipt of collections in respect of the securitization charges, which will be used to make payments on bonds, will depend in part on the skill and diligence of the servicer in performing these functions. The systems that the servicer has in place for securitization charge billings, collections and postings, as the same may be modified by any applicable current or future MPSC regulations, might, in particular circumstances, cause the servicer to experience difficulty in performing these functions in a timely and completely accurate manner. If the servicer fails to make collections for any reason, then the servicer’s payments to the trustee in respect of the securitization charges might be delayed or reduced. In that event, our payments on the bonds might be delayed or reduced.

[Table of Contents](#)

If we need to replace Consumers Energy as the servicer, we may experience difficulties finding and using a replacement servicer.

If Consumers Energy ceases to service the securitization property related to the bonds, it might be difficult to find a successor servicer. Also, any successor servicer might have less experience and ability than Consumers Energy and might experience difficulties in collecting securitization charges and determining appropriate adjustments to the securitization charges and billing and/or payment arrangements may change, resulting in delays or disruptions of collections. A successor servicer might not be willing to perform except for fees higher than those approved in the financing order and might charge fees that, while permitted under the financing order, are substantially higher than the fees paid to Consumers Energy as servicer. Although a true-up adjustment would be required to allow for the increase in fees, there could be a gap between the incurrence of those fees and the implementation of a true-up adjustment to adjust for that increase that might adversely affect distributions to bondholders. In the event of the commencement of a case by or against the servicer under Title 11 of the United States Code, as amended, or the **Bankruptcy Code**, or similar laws, we and the trustee might be prevented from effecting a transfer of servicing due to operation of the Bankruptcy Code. Any of these factors might delay the timing of payments and reduce the value of your investment.

Consumers Energy currently has an accounts receivable sale arrangement under which it sells substantially all of its accounts receivable on a revolving basis (other than the securitization charges in respect of the 2001-1 securitization bonds and the securitization charges, which are entitlements of the 2001-1 securitization bond issuer and ours, respectively, and not Consumers Energy, and all of which are excluded from this arrangement). In addition, Consumers Energy has sold certain securitization property (which is separate from the securitization property described in this prospectus and the prospectus supplement) to the 2001-1 securitization bond issuer. Under the intercreditor agreement to be entered into at the time of issuance of the bonds among Consumers Energy, the issuing entity, the trustee, the parties to Consumers Energy's accounts receivable sale program, the 2001-1 securitization bond issuer and the trustee for the 2001-1 securitization bonds, replacement of the servicer would require the agreement of the trustee, the trustee for the 2001-1 securitization bonds and the administrative agent under the accounts receivable sale program. In the event of a default by the servicer under the servicing agreement, if the trustee, the trustee for the 2001-1 securitization bonds and the administrative agent under the accounts receivable sale program are unable to agree on a replacement servicer, the trustee would not be able to replace Consumers Energy or any successor as servicer. Any of these events could adversely affect the billing, collection and posting of the securitization charges and the value of your investment in the securitization bonds. See "The Servicing Agreement—Intercreditor Agreement".

In addition to the above, it is possible that Consumers Energy may, in the future, cause subsidiaries to issue other securities, similar to the bonds, that are backed by securitization charges owing from covered electric customers or similar types of property. Consumers Energy has covenanted in the sale agreement that, in the event of any issuance of that sort, it will also enter into an intercreditor agreement with the trustee and the trustees for those other issuances, which would provide that the servicer for the bonds and those other issuances must be one and the same entity. Any expansion of the intercreditor agreement to include those subsequent issuances could further impair the ability of the bondholders to appoint a successor servicer in the event of a servicer default.

Changes to billing, collection and posting practices might reduce the value of your investment in the securitization bonds.

The financing order specifies the methodology for determining the amount of the securitization charges we may impose. However, subject to any required MPSC approval, the servicer may set its own billing, collection and posting arrangements with covered electric customers from whom it collects securitization charges, provided that these arrangements comply with any applicable MPSC customer safeguards and the provisions of the servicing agreement. For example, to recover part of an outstanding bill, the servicer may agree to extend a covered electric customer's payment schedule or to write off the remaining portion of the bill, including the securitization charges. Also, subject to any required MPSC approval, the servicer may change billing, collection and posting practices, which might adversely impact the timing and amount of covered electric customer payments and might reduce securitization charge collections, thereby limiting our ability to make scheduled payments on the bonds. Separately, the MPSC might require changes to these practices. Any changes in billing, collection and posting practices or regulations might make it more difficult for the servicer to collect the securitization charges and adversely affect the value of your investment in the bonds.

It may be difficult for successor servicers to collect the securitization charge from Consumers Energy's covered electric customers.

Any successor servicer may bring an action against a covered electric customer for non-payment of the securitization charge, but only a successor servicer that is a successor electric utility may terminate service for failure to pay the securitization charge. A successor servicer that does not have the threat of termination of service available to enforce payment of the

[Table of Contents](#)

securitization charge may not be able to fully collect total securitization charges. This inability may reduce the value of your investment.

Future adjustments to securitization charges by securitization rate class might result in insufficient collections.

The covered electric customers who pay securitization charges are divided into separate securitization rate classes. Securitization charges for the bonds will be allocated among securitization rate classes in accordance with the 4CP 50/25/25 production cost allocation methodology, as required by the MPSC and approved in Case No. U-17087. This methodology allocates 50% of charges based upon each rate class' average contribution to summer system peak demands, 25% of charges based upon each rate class' average contribution to on-peak energy consumption and 25% of charges based upon each rate class' contribution to total energy consumption. Average rate class contribution levels reflect the most recent available three year historical load profiles, applied to the most recent sales forecast. Any shortfall in collections from any securitization rate class will be included in the true-up mechanism and collected from all covered electric customers subject to the securitization charge. The percentage allocation of cost to any particular securitization rate class may change to reflect changing average contribution levels relative to system levels. If enough covered electric customers in a securitization rate class fail to pay securitization charges or cease to be covered electric customers, the servicer might have to substantially increase the securitization charges for the remaining covered electric customers. Other factors, such as economic conditions, could lead to non-residential customers reducing their usage of electricity or to abandon operation of their facilities. The inability to impose, collect and receive securitization charges from those covered electric customers could lead to increases in securitization charges for the remaining covered electric customers. These increases could lead to further unanticipated failures by the remaining covered electric customers to pay securitization charges, thereby increasing the risk of a shortfall in funds to pay the bonds. Please see "Consumers Energy's Financing Order—True-up Mechanism" for more detail.

Risk Associated with the Unusual Nature of the Securitization Property

Securitization charges may not be billed more than 15 years after the beginning of the first complete billing cycle during which securitization charges were initially placed on any covered electric customer's bill.

Securitization charges may not be billed more than 15 years after the beginning of the first complete billing cycle during which securitization charges were initially placed on any covered electric customer's bill. If securitization charges collected from billings through this period are not sufficient to repay the securitization bonds in full, no other funds will be available to pay the unpaid balance due on the securitization bonds.

Foreclosure of the trustee's lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect.

Under Act 142 and the indenture, the trustee or the bondholders have the right to foreclose or otherwise enforce the lien on the securitization property securing the bonds. However, in the event of foreclosure, there is likely to be a limited market, if any, for the securitization property. Therefore, foreclosure might not be a realistic or practical remedy. Moreover, although principal of the bonds will be due and payable upon acceleration of the bonds before maturity, securitization charges likely would not be accelerated and the nature of our business will result in principal of the bonds being paid as funds become available. If there is an acceleration of the bonds, all tranches of the bonds will be paid pro rata; therefore, some tranches might be paid earlier than expected and some tranches might be paid later than expected.

Risk Associated with Storms

Storm damage to Consumers Energy's operations could impair payment of the securitization bonds.

Consumers Energy's operations could be impacted by hurricanes, tropical storms, wind storms or ice storms. Distribution and generation facilities could be damaged or destroyed and usage of electricity could be interrupted temporarily, reducing the collections of securitization charges. There could be longer-lasting weather-related adverse effects on residential and commercial development and economic activity among Consumers Energy's covered electric customers, which could cause the securitization charges to be greater than expected.

Risks Associated with Potential Bankruptcy Proceedings of the Seller or the Servicer

For a more detailed discussion of the following bankruptcy risks, please read "How a Bankruptcy May Affect Your Investment". In addition, the risk factors enumerated below in this subsection are based on general legal principles and outcomes; each bankruptcy case is factually unique, and the outcome of any bankruptcy case is based upon the application of legal principles to the specific facts of that bankruptcy case.

[Table of Contents](#)

The servicer will commingle the securitization charges with other revenues it collects, which might obstruct access to the securitization charges in case of the servicer's bankruptcy and reduce the value of your investment in the securitization bonds.

The servicer will be required to remit collections to the trustee within two **business days** (as defined under "Glossary of Defined Terms") of receipt. The servicer will not segregate the securitization charges from the other funds it collects from covered electric customers or its general funds, including funds in respect of Consumers Energy's accounts receivable sale program and amounts relating to the 2001-1 securitization bonds. The securitization charges will be segregated only when the servicer remits them to the trustee.

Despite this requirement, the servicer might fail to pay the full amount of the securitization charges to the trustee or might fail to do so on a timely basis. This failure, whether voluntary or involuntary, might materially reduce the amount of securitization charge collections available to make payments on the bonds.

Act 142 provides that the priority of a lien and security interest perfected in securitization property is not impaired by the commingling of the funds arising from securitization charges with other funds. In a bankruptcy of the servicer, however, a bankruptcy court might rule that federal bankruptcy law takes precedence over Act 142 and might decline to recognize our right to collections of the securitization charges that are commingled with other funds of the servicer as of the date of bankruptcy. If so, the collections of the securitization charges held by the servicer as of the date of bankruptcy would not be available to pay amounts owing on the bonds. In this case, we would have only a general unsecured claim against the servicer for those amounts. This decision could cause material delays in payments of principal or interest, or losses, on your bonds and could materially reduce the value of your investment in the bonds.

The bankruptcy of Consumers Energy or any successor seller might result in losses or delays in payments on the securitization bonds.

Act 142 and the financing order provide that as a matter of Michigan state law:

- that securitization property constitutes a present property right even though the imposition and collection of securitization charges depends on the further acts of the electric utility or others that have not yet occurred; and
- that the rights of an electric utility to securitization property before its sale to any assignee shall be considered a property interest in a contract;
- that the financing order shall remain in effect and the securitization property shall continue to exist until the securitization bonds and expenses related to the securitization bonds have been paid in full;
- that an agreement by an electric utility or assignee to transfer securitization property that expressly states that the transfer is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the securitization property is transferred.

These provisions are important to maintaining payments on the bonds in accordance with their terms during any bankruptcy of Consumers Energy. In addition, the transaction has been structured with the objective of keeping us legally separate from Consumers Energy and its other affiliates in the event of a bankruptcy of Consumers Energy or any of those other affiliates.

A bankruptcy court generally follows state property law on issues such as those addressed by the state law provisions described above. However, a bankruptcy court does not follow state law if it determines that the state law is contrary to a paramount federal bankruptcy policy or interest. If a bankruptcy court in a Consumers Energy bankruptcy refused to enforce one or more of the state property law provisions described above, the effect of this decision on you as a beneficial owner of the bonds might be similar to the treatment you would receive in a Consumers Energy bankruptcy if the bonds had been issued directly by Consumers Energy. A decision by the bankruptcy court that, despite our separateness from Consumers Energy, our assets and liabilities and those of Consumers Energy should be consolidated would have a similar effect on you as a bondholder.

We have taken steps together with Consumers Energy, as the seller, to reduce the risk that, in the event the seller or an affiliate of the seller were to become the debtor in a bankruptcy case, a court would order that our assets and liabilities be substantively consolidated with those of the seller or an affiliate of the seller. Nonetheless, these steps might not be completely effective, and thus if the seller or an affiliate of the seller were to become a debtor in a bankruptcy case, a court might order that our assets and liabilities be consolidated with those of the seller or an affiliate of the seller. This might cause material delays in payment of, or losses on, your bonds and might materially reduce the value of your investment in the bonds. For example:

[Table of Contents](#)

- without permission from the bankruptcy court, the trustee might be prevented from taking actions against Consumers Energy or recovering or using funds on your behalf or replacing Consumers Energy as the servicer;
- the bankruptcy court might order the trustee to exchange the securitization property for other property, of lower value;
- tax or other government liens on Consumers Energy's property might have priority over the trustee's lien and might be paid from collected securitization charges before payments on the bonds;
- the trustee's lien might not be properly perfected in the collected securitization property collections prior to or as of the date of Consumers Energy's bankruptcy, with the result that the bonds would represent only general unsecured claims against Consumers Energy;
- the bankruptcy court might rule that neither our property interest nor the trustee's lien extends to securitization charges in respect of electricity consumed after the commencement of Consumers Energy's bankruptcy case, with the result that the bonds would represent only general unsecured claims against Consumers Energy;
- we and Consumers Energy might be relieved of any obligation to make any payments on the bonds during the pendency of the bankruptcy case and might be relieved of any obligation to pay interest accruing after the commencement of the bankruptcy case;
- Consumers Energy might be able to alter the terms of the bonds as part of its plan of reorganization;
- the bankruptcy court might rule that the securitization charges should be used to pay, or that we should be charged for, a portion of the cost of providing electric service; or
- the bankruptcy court might rule that the remedy provisions of the sale agreement are unenforceable, leaving us with an unsecured claim for actual damages against Consumers Energy that may be difficult to prove or, if proven, to collect in full.

Furthermore, if Consumers Energy enters bankruptcy proceedings, it might be permitted to stop acting as servicer and it may be difficult to find a third party to act as servicer. The failure of the servicer to perform its duties or the inability to find a successor servicer might cause payment delays or losses on your investment in the bonds. Also, the mere fact of a servicer or seller bankruptcy proceeding might have an adverse effect on the resale market for the bonds and on the value of the bonds.

The sale of the securitization property might be construed as a financing and not a sale in a case of Consumers Energy's bankruptcy, which might delay or limit payments on the securitization bonds.

Act 142 provides that an agreement by an electric utility to transfer securitization property that expressly states that the transfer is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the securitization property is transferred and that a true sale applies regardless of, among other things, the treatment of the transfer as a financing for tax, financial reporting or other purposes. We and Consumers Energy will treat the transaction as a sale under applicable law, although for financial reporting and federal and state income tax purposes the transaction will be treated as a financing. In the event of a bankruptcy of Consumers Energy, a party in interest in the bankruptcy might assert that the sale of the securitization property to us was a financing transaction and not a sale or other absolute transfer and that the treatment of the transaction for financial reporting and tax purposes as a financing and not a sale lends weight to that position. If a court were to characterize the transaction as a financing, we expect that we would, on behalf of ourselves and the trustee, be treated as a secured creditor of Consumers Energy in the bankruptcy proceedings, although a court might determine that we only have an unsecured claim against Consumers Energy. Even if we had a security interest in the securitization property (which the sale agreement purports to provide in the event sale treatment is disallowed), we would not likely have access to the related securitization charge collections during the bankruptcy and would be subject to the risks of a secured creditor in a bankruptcy case, including the possible bankruptcy risks described under "—The bankruptcy of Consumers Energy or any successor seller might result in losses or delays in payments on the securitization bonds". As a result, repayment of the bonds might be significantly delayed and a plan of reorganization in the bankruptcy might permanently modify the amount and timing of payments to us of the related securitization charge collections and therefore the amount and timing of funds available to us to pay bondholders.

If the servicer enters bankruptcy proceedings, the remittances of the securitization charges by the servicer prior to the date of bankruptcy might constitute preferences, which means these funds might be unavailable to pay amounts owing on the securitization bonds.

In the event of a bankruptcy of the servicer, a party in interest might take the position that the remittance to the trustee of funds prior to the bankruptcy of the servicer pursuant to the servicing agreement was a payment on account of antecedent

[Table of Contents](#)

debt owed by the servicer and therefore constitutes a preference under bankruptcy law. If a court were to hold that the remittance of funds constitutes a preference, any remittance of that sort within 90 days of the filing of the bankruptcy petition (or within one year if the remittance was on account of antecedent debt owed to us as opposed to the bondholders) could be avoidable, and the funds could be required to be returned to the bankruptcy estate of the servicer. To the extent that securitization charges have been commingled with the general funds of the servicer prior to the transfer of funds to the trustee, the risk that a court would hold that a remittance of funds was a preference would increase. The trustee would merely be an unsecured creditor of the servicer. If any funds were required to be returned to the bankruptcy estate of the servicer, we would expect that the amount of any future securitization charges would be increased through the true-up mechanism to recover that amount.

Claims against Consumers Energy or any successor seller might be limited in the event of a bankruptcy of the seller.

If the seller were to become a debtor in a bankruptcy case, claims, including indemnity claims, by us against the seller under the sale agreement and the other documents executed in connection with the sale agreement would be unsecured claims and would be adjudicated in the bankruptcy case. In addition, the bankruptcy court might estimate any contingent claims that we have against the seller and, if it determines that the contingency giving rise to these claims is unlikely to occur, estimate the claims at a lower amount. A party in interest in the bankruptcy of the seller might challenge the enforceability of the indemnity provisions in a sale agreement. If a court were to hold that the indemnity provisions were unenforceable, we would be left with a claim for actual damages against the seller based on breach of contract principles, which would be subject to estimation and/or calculation by the court. We cannot give any assurance as to the result if any of the above-described actions or claims were made. Furthermore, we cannot give any assurance as to what percentage of their claims, if any, unsecured creditors would receive in any bankruptcy proceeding involving the seller.

The bankruptcy of Consumers Energy or any successor seller might limit the remedies available to the trustee.

If an event of default is caused by the electric utility or its successors in paying revenues arising with respect to securitization property to the collection account, Act 142 provides that the MPSC or a court of appropriate jurisdiction, upon the application of a financing party, including the trustee, and without limiting any other remedies available to the financing party, including the trustee, shall order the sequestration and payment to the financing party, including the trustee, of revenues arising with respect to the securitization property. Act 142 further provides that the order shall remain in full force and effect notwithstanding any bankruptcy, reorganization or other insolvency proceedings with respect to the debtor, pledgor or transferor of the property. There can be no assurance, however, that a court or the MPSC would issue this order after a Consumers Energy bankruptcy in light of the automatic stay provisions of Section 362 of the Bankruptcy Code. In that event, the trustee would be required to seek an order from the bankruptcy court lifting the automatic stay to permit this action by the MPSC or court of appropriate jurisdiction and an order requiring an accounting and segregation of the revenues arising from the securitization property. There can be no assurance that a court would grant either order.

Other Risks Associated with an Investment in the Securitization Bonds

Consumers Energy's indemnification obligations under the sale agreement and servicing agreement are limited and might not be sufficient to protect your investment in the securitization bonds.

Consumers Energy is obligated under the sale agreement to indemnify us and the trustee, for itself and on behalf of the bondholders, only in specified circumstances and will not be obligated to repurchase any securitization property in the event of a breach of any of its representations, warranties or covenants regarding the securitization property. Similarly, Consumers Energy is obligated under the servicing agreement to indemnify us and the trustee, for itself and on behalf of the bondholders. Please read "The Sale Agreement" and "The Servicing Agreement".

Neither the trustee nor the bondholders will have the right to accelerate payments on the bonds as a result of a breach under the sale agreement or servicing agreement, absent an event of default under the indenture relating to the bonds as described in "Description of the Securitization Bonds—Events of Default; Rights Upon Event of Default". Furthermore, Consumers Energy might not have sufficient funds available to satisfy its indemnification obligations under the basic documents, and the amount of any indemnification paid by Consumers Energy might not be sufficient to pay all obligations and/or costs owed by us or for you to recover all of your investment in the bonds. In addition, if Consumers Energy becomes obligated to indemnify bondholders, the then-current ratings on the bonds will likely be downgraded as a result of the circumstances causing the breach and the fact that bondholders will be unsecured creditors of Consumers Energy with respect to any of these indemnification amounts.

[Table of Contents](#)

Self-service power may result in fewer customers for Consumers Energy and reduce the population of customers responsible for securitization charges.

Broader use of covered electric customers availing themselves to self-service power may result from those customers' changing perceptions of the merits of utilizing Consumers Energy's service, from tax or other economic incentives or from technological developments resulting in smaller-scale, more fuel-efficient, more environmentally-friendly and/or more cost-effective sources of power. Moreover, an increase in self-service power may result if extreme weather conditions result in shortages of grid-supplied energy or if other factors cause grid-supplied energy to be less reliable. These developments may result in greater numbers of covered electric customers reducing or eliminating their payment of securitization charges, thereby causing securitization charges to the remaining covered electric customers to increase.

The credit ratings are no indication of the expected rate of payment of principal on the securitization bonds.

We expect the bonds will receive credit ratings from two NRSROs. A rating is not a recommendation to buy, sell or hold the bonds. The ratings merely analyze the probability that we will repay the total principal amount of the bonds at the final maturity date (which is later than the scheduled final payment date) and will make timely interest payments. The ratings are not an indication that the **rating agencies** (as defined under "Glossary of Defined Terms") believe that principal payments are likely to be paid on time according to the expected sinking fund schedule.

Under Rule 17g-5 under the Securities Exchange Act of 1934, as amended, or the **Exchange Act**, NRSROs providing the sponsor with the requisite certification will have access to all information posted on a website by the sponsor for the purpose of determining the initial rating and monitoring the rating after the issuance date in respect of the bonds. As a result, an NRSRO other than the NRSROs hired by the sponsor (the **hired NRSROs**) may issue ratings on the bonds (**unsolicited ratings**), which may be lower, and could be significantly lower, than the ratings assigned by the hired NRSROs. The unsolicited ratings may be issued prior to, or after, the issuance date in respect of the bonds. Issuance of any unsolicited rating will not affect the issuance of the bonds. Issuance of an unsolicited rating lower than the ratings assigned by the hired NRSROs on the bonds might adversely affect the value of the bonds and, for regulated entities, could affect the status of the bonds as a legal investment or the capital treatment of the bonds. Investors in the bonds should consult with their legal counsel regarding the effect of the issuance of a rating by a non-hired NRSRO that is lower than the rating of a hired NRSRO. None of Consumers Energy, us, the underwriters or any of their affiliates will have any obligation to inform you of any unsolicited ratings assigned after the date of this prospectus. In addition, if we or Consumers Energy fail to make available to a non-hired NRSRO any information provided to any hired NRSRO for the purpose of assigning or monitoring the ratings on the bonds, a hired NRSRO could withdraw its ratings on the bonds, which could adversely affect the market value of your bonds and/or limit your ability to resell your bonds.

The absence of a secondary market for the securitization bonds might limit your ability to resell your securitization bonds.

The underwriters for the bonds might assist in resales of the bonds, but they are not required to do so. A secondary market for the bonds might not develop, and we do not expect to list the bonds on any securities exchange. If a secondary market does develop, it might not continue or it might not be sufficiently liquid to allow you to resell any of your bonds. Please read "Plan of Distribution".

You might receive principal payments for the securitization bonds later than you expect.

The amount and the rate of collection of the securitization charges for the bonds, together with the related securitization charge adjustments, will generally determine whether there is a delay in the scheduled repayments of bond principal. If the servicer collects the securitization charges at a slower rate than expected, it might have to request adjustments of the securitization charges to correct for those delays. If those adjustments are not timely and accurate, you might experience a delay in payments of principal and interest and a decrease in the value of your investment in the bonds.

Consumers Energy may sell property similar to the securitization property through another affiliated entity in the future.

Consumers sold property similar to the securitization property to the 2001-1 securitization bond issuer in 2001. Consumers Energy may in the future without your review or approval sell property similar to the securitization property to one or more entities other than us in connection with a new issuance of bonds similar to the bonds or similarly authorized types of bonds. Any new issuance may include terms and provisions that would be unique to that particular issue. We may not issue additional bonds.

Consumers Energy has covenanted in the sale agreement not to sell securitization property owing from covered electric customers or similar property to other entities if the sale would result in the credit ratings on the bonds being reduced or withdrawn. Consumers Energy has also covenanted in the sale agreement that, in the event of any sale, it will have also entered into an intercreditor agreement with the trustee and the trustees for those other issuances, which would provide that the servicer for the bonds and those other issuances must be one and the same entity. In the event a covered electric customer does not pay in full all amounts owed under any bill, including securitization charges, Consumers Energy, as servicer, is required to allocate any resulting shortfalls in securitization charges ratably based on the amounts of securitization charges owing in respect of the bonds, and the total amounts owed by that covered electric customer. However, we cannot assure you that a new sale would not cause reductions or delays in payment of your bonds.

Regulatory provisions affecting certain investors could adversely affect the liquidity of the securitization bonds.

Articles 404 through 410 of the European Union Capital Requirements Regulation (Regulation (EU) No 575/2013) apply, in general, to securitizations issued on or after January 1, 2011. The European Union Capital Requirements Regulation (Regulation (EU) No 575/2013) restricts a credit institution and investment firm regulated in a Member State of the European Economic Area and its consolidated group affiliates from investing in a securitization (as defined by the European Union Capital Requirements Regulation (Regulation (EU) No 575/2013)) unless the originator, sponsor or original lender in respect of that securitization has explicitly disclosed to the credit institution and investment firm regulated in a Member State of the European Economic Area and its consolidated group affiliates that it will retain, on an ongoing basis, a material net economic interest of not less than 5% in that securitization in the manner contemplated by Article 405 of the European Union Capital Requirements Regulation (Regulation (EU) No 575/2013). The European Union Capital Requirements Regulation (Regulation (EU) No 575/2013) also requires that a credit institution and investment firm regulated in a Member State of the European Economic Area and its consolidated group affiliates be able to demonstrate that they have undertaken certain due diligence in respect of, among other things, the bonds they have acquired and the underlying exposures and that procedures have been established for monitoring the performance of the underlying exposures on an ongoing basis. Failure to comply with one or more of the requirements set out in the European Union Capital Requirements Regulation (Regulation (EU) No 575/2013) may result in the imposition of a penal capital charge with respect to the investment made in the securitization by a credit institution and investment firm regulated in a Member State of the European Economic Area and its consolidated group affiliates.

Article 17 of the European Union Alternative Investment Fund Managers Directive (Directive 2011/61/EU) (as supplemented by Section 5 of Commission Delegated Regulation (EU) No 231/2013) contains requirements similar to those set out in Articles 404 through 410 of the European Union Capital Requirements Regulation (Regulation (EU) No 575/2013) and applies to European Economic Area regulated alternative investment fund managers. Similar requirements are also scheduled to apply in the future to investment in securitizations by European Economic Area regulated UCITS fund managers and European Economic Area regulated insurance and reinsurance undertakings.

None of Consumers Energy, us, any underwriter or any other party to the transaction of which this offering is a part intends to retain a material net economic interest in the transaction of which this offering is a part for the purposes of the requirements discussed in the prior two paragraphs or take any other action that may be required by investors for the purposes of their compliance with the requirements discussed in the prior two paragraphs. This may have a negative impact on the regulatory capital position of a credit institution and investment firm regulated in a Member State of the European Economic Area and its consolidated group affiliates and on the value and liquidity of the bonds in the secondary market.

Investors in the bonds are responsible for analyzing their own regulatory position and are encouraged to consult their own investment and legal advisors regarding compliance with the requirements discussed in the prior three paragraphs and the suitability of the bonds for investment. None of Consumers Energy, us or any other party to the transaction of which this offering is a part makes any representation to any prospective investor or purchaser of the bonds regarding the regulatory capital treatment of their investment in the bonds now or at any time in the future.

If the investment of collected securitization charges and other funds held pursuant to the indenture in the collection account results in investment losses or the investments become illiquid, you may receive payment of principal of and interest on the securitization bonds later than you expect.

Funds held pursuant to the indenture in the collection account will be invested in eligible investments. Eligible investments include money market funds having a rating from Moody's Investors Service, Inc. (or any successor in interest), or **Moody's**, and Standard & Poor's Ratings Services, a Standard & Poor's Financial Services LLC business (or any successor in interest), or **S&P**, of Aaa and AAA, respectively. Although investments in these money market funds have traditionally been viewed as highly liquid with a low probability of principal loss, illiquidity and principal losses have been experienced by investors in certain of these funds as a result of disruptions in the financial markets in recent years. If investment losses or

[Table of Contents](#)

illiquidity are experienced, you might experience a delay in payments of principal and interest and a decrease in the value of your investment in the bonds.

REVIEW OF SECURITIZATION PROPERTY

Pursuant to the rules of the SEC, Consumers Energy, as sponsor, has performed, as described below, a review of the securitization property underlying the bonds. As required by these rules, the review was designed and effected to provide reasonable assurance that disclosure regarding the securitization property is accurate in all material respects. Consumers Energy did not engage a third party in conducting its review.

The bonds will be secured under the indenture by the indenture's trust estate. The principal asset of the indenture's trust estate is the securitization property relating to the bonds. The securitization property is a present property right authorized and created pursuant to Act 142 and the financing order. The securitization property includes the right to impose, collect and receive nonbypassable irrevocable securitization charges in amounts necessary to provide the full recovery of all qualified costs, the right under the financing order to obtain periodic adjustments of securitization charges under Act 142 and all revenue, collections, payments, money and proceeds arising out of the rights and interests in such property. The securitization charges are payable by covered electric customers. Under the financing order, all covered electric customers are responsible for paying securitization charges. Covered electric customers do not include (i) current choice customers, (ii) customers to the extent they obtain or use self-service power or (iii) customers to the extent engaged in affiliate wheeling.

The securitization property is not a static pool of assets. Securitization charges that relate to the securitization property are irrevocable and not subject to reduction, impairment, postponement, termination or, except for the specified true-up adjustments to correct any overcollections or undercollections, adjustment by further action of the MPSC. Securitization charges on covered electric customers will be adjusted at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. Securitization charges will be adjusted semi-annually (or, one year prior to the last scheduled final payment date for the latest maturing tranche, quarterly) if the servicer determines that a true-up adjustment is needed to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments to securitization charges may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is needed to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. There is no cap on the level of securitization charges that may be imposed on covered electric customers as a result of the true-up adjustment process to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs. All revenues and collections resulting from securitization charges provided for in the financing order are part of the securitization property. The securitization property relating to the bonds is described in more detail under "Description of the Securitization Property" in this prospectus.

In the financing order, the MPSC, among other things:

- orders that Consumers Energy is authorized to impose and collect from all covered electric customers taking retail electric distribution service from Consumers Energy or its successor securitization charges in amounts sufficient to provide for the full and timely recovery of debt service and other required amounts and charges in connection with the securitization bonds;
- reaffirms that it shall not reduce, impair, postpone, terminate or otherwise adjust the securitization charges approved in the financing order or impair the securitization property or the collection of securitization charges or the recovery of the qualified costs and ongoing other qualified costs; and
- affirms that it will act pursuant to the financing order to ensure that the expected securitization charges are sufficient to pay on a timely basis scheduled principal of and interest on the securitization bonds issued pursuant to the financing order and the ongoing other qualified costs in connection with the securitization bonds.

Please read "Act 142" and "Consumers Energy's Financing Order" in this prospectus for more information.

The characteristics of securitization property are unlike the characteristics of assets underlying mortgage and other commercial asset securitizations because securitization property is a creature of statute and state regulatory commission proceedings. Because the nature and characteristics of the securitization property and many elements of the bond securitization are set forth in and constrained by Act 142, Consumers Energy, as sponsor, does not select the assets to be securitized in ways common to many securitizations. Moreover, the bonds do not contain origination or underwriting elements similar to typical mortgage or other loan transactions involved in other forms of asset-backed securities. The financing order requires the imposition on, and collection of securitization charges from, existing and future covered electric customers. Since the securitization charges are assessed against all such covered electric customers and the true-up mechanism adjusts for the impact

[Table of Contents](#)

of customer defaults, the collectability of the securitization charges is not ultimately dependent upon the credit quality of particular Consumers Energy covered electric customers, as would be the case in the absence of the true-up mechanism.

The review by Consumers Energy of the securitization property underlying the bonds has involved a number of discrete steps and elements as described in more detail below. First, Consumers Energy has analyzed and applied Act 142's requirements for securitization of qualified costs in seeking approval of the MPSC for the issuance of the financing order and in its proposal with respect to the characteristics of the securitization property to be created pursuant to the financing order. In preparing this proposal, Consumers Energy worked with its counsel and its financial advisor in preparing the application for a financing order and with the MPSC on the terms of the financing order. Moreover, Consumers Energy worked with its counsel, its financial advisor and counsel to the financial advisor and the underwriters in preparing the legal agreements that provide for the terms of the bonds and the security for the bonds. Consumers Energy has analyzed economic issues and practical issues for the scheduled payment of the bonds, including the impact of economic factors, potential for disruptions due to weather or catastrophic events and its own forecasts for covered electric customer growth as well as the historic accuracy of its prior forecasts.

In light of the unique nature of the securitization property, Consumers Energy has taken (or, prior to the offering of the bonds, will take) the following actions in connection with its review of the securitization property and the preparation of the disclosure for inclusion in this prospectus and the prospectus supplement describing the securitization property, the bonds and the proposed securitization:

- reviewed Act 142, other relevant provisions of Michigan statutes and any applicable rules, regulations and orders of the MPSC as they relate to the securitization property in connection with the preparation and filing of the application with the MPSC for the approval of the financing order in order to confirm that the application and proposed financing order satisfied applicable statutory and regulatory requirements;
- actively participated in the proceeding before the MPSC relating to the approval of the requested financing order;
- compared the process by which the financing order was adopted and approved by the MPSC to Act 142 and any applicable rules and regulations of the MPSC as they relate to the securitization property to confirm that it met such requirements;
- compared the proposed terms of the bonds to the applicable requirements in Act 142, other relevant provisions of Michigan statutes, the financing order and any applicable regulations of the MPSC to confirm that they met such requirements;
- prepared and reviewed the agreements to be entered into in connection with the issuance of the bonds and compared such agreements to the applicable requirements in Act 142, other relevant provisions of Michigan statutes, the financing order and any applicable regulations of the MPSC to confirm that they met such requirements;
- reviewed the disclosure in this prospectus and the prospectus supplement regarding Act 142, other relevant provisions of Michigan statutes, the financing order and the agreements to be entered into in connection with the issuance of the bonds, and compared such descriptions to the relevant provisions of Act 142, other relevant provisions of Michigan statutes, the financing order and such agreements to confirm the accuracy of such descriptions;
- consulted with legal counsel to assess if there is a basis upon which the bondholders (or the trustee acting on their behalf) could successfully challenge the constitutionality of any legislative action by the State of Michigan (including the MPSC) that could repeal or amend the securitization provisions of Act 142 that could substantially impair the value of the securitization property, or substantially reduce, alter or impair the securitization charges;
- reviewed the process and procedures in place for it, as servicer, to perform its obligations under the servicing agreement, including billing, collecting and posting the securitization charges to be provided for under the securitization property, forecasting securitization charges, and preparing and filing applications for true-up adjustments to the securitization charges;
- reviewed the operation of the true-up mechanism for adjusting securitization charge levels to meet the scheduled payments on the bonds and in this context took into account its experience with the MPSC; and
- with the assistance of its financial advisor and the underwriters, prepared financial models in order to set the initial securitization charges to be provided for under the securitization property at a level sufficient to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs.

In connection with the preparation of such models, Consumers Energy:

[Table of Contents](#)

- reviewed (i) the historical electric usage and covered electric customer growth within its service territory and (ii) forecasts of expected energy sales and covered electric customer growth;
- reviewed its historical collection of securitization charges with respect to the 2001-1 securitization bonds and reviewed the resulting payment history and annual true-up adjustment experience with respect to the 2001-1 securitization bonds; and
- analyzed the sensitivity of the weighted average life of the bonds in relation to variances in actual energy consumption levels (electric sales) from forecasted levels and in relation to the true-up mechanism in order to assess the probability that the weighted average life of the bonds may be extended as a result of such variances, and in the context of the operation of the true-up mechanism for adjustment of securitization charges to address undercollections or overcollections in light of scheduled payments on the bonds.

As a result of this review, Consumers Energy has concluded that:

- the securitization property, the financing order and the agreements to be entered into in connection with the issuance of the bonds meet in all material respects the applicable statutory and regulatory requirements;
- the disclosure in this prospectus and the prospectus supplement regarding Act 142, other relevant provisions of Michigan statutes, the financing order and the agreements to be entered into in connection with the issuance of the bonds is, or in the case of the prospectus supplement, will be, as of its respective date, accurate in all material respects;
- the servicer has adequate processes and procedures in place to perform its obligations under the servicing agreement;
- securitization charges, as adjusted from time to time as provided in Act 142 and the financing order, are expected to generate sufficient revenues to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs; and
- the design and scope of Consumers Energy's review of the securitization property as described above is effective to provide reasonable assurance that the disclosure regarding the securitization property in this prospectus and the prospectus supplement is accurate in all material respects.

ACT 142**Purpose of Act 142**

Act 142 was enacted into Michigan law on June 5, 2000. Act 142 provides an electric utility (such as Consumers Energy) the opportunity to recover qualified costs through the securitization charge, as approved by the MPSC. Qualified costs are:

- an electric utility's regulatory assets as determined by the MPSC, adjusted by the applicable portion of related investment tax credits;
- any costs that the MPSC determines that the electric utility would be unlikely to collect in a competitive market, including, but not limited to, retail open access implementation costs and the costs of an MPSC-approved restructuring, buyout or buy-down of a power purchase contract;
- the costs of issuing, supporting and servicing securitization bonds;
- any costs of retiring and refunding the electric utility's existing debt and equity securities in connection with the issuance of securitization bonds; and
- taxes related to the recovery of the securitization charge.

Recovery of Qualified Costs Is Allowed for Michigan Electric Utilities

Upon the application of an electric utility, if the MPSC finds that the net present value of the revenues to be collected under a financing order is less than the amount that would be recovered over the remaining life of the qualified costs using conventional financing methods and that the financing order is consistent with the following standards, the MPSC is required under Act 142 to issue that financing order to allow the utility to recover qualified costs. In issuing a financing order, the MPSC is required to ensure all of the following:

- that the proceeds of the securitization bonds are used solely for the purposes of the refinancing or retirement of debt or equity;
- that the securitization provides tangible and quantifiable benefits to customers of the electric utility;
- that the expected structuring and expected pricing of the securitization bonds will result in the lowest securitization charges consistent with market conditions and the terms of the financing order; and
- that the amount securitized does not exceed the net present value of the revenue requirement over the life of the proposed securitization bonds associated with the qualified costs sought to be securitized.

Act 142 allows electric utilities an opportunity to recover their qualified costs. As a mechanism to recover qualified costs, Act 142 provides for the imposition and collection of securitization charges on covered electric customers' bills.

Electric Utilities May Securitizate Qualified Costs*Qualified Costs May be Recovered by the Issuance of Securitization Bonds*

Act 142 authorizes the MPSC to issue financing orders (such as the financing order described in this prospectus) approving, among other things, the issuance of securitization bonds to recover the qualified costs of an electric utility. An electric utility, its successor or an assignee under the financing order may issue securitization bonds, and that successor or assignee may use the proceeds to purchase the electric utility's rights and interests under the financing order, which is the securitization property. Under Act 142, proceeds of securitization bonds are required to be used solely to refinance or retire an electric utility's debt or equity. Securitization bonds are secured by and payable from the securitization property (rights and interests of the electric utility, or its successor, under the financing order, including the right to impose, collect and receive securitization charges authorized in the financing order in an amount necessary to provide the full recovery of all qualified costs, the right under the financing order to obtain periodic adjustments of securitization charges under Act 142 and all revenue, collections, payments, money and proceeds arising out of the rights and interests in such property). Securitization charges may be billed over a period not to exceed 15 years.

Act 142 contains a number of provisions designed to facilitate the securitization of qualified costs.

[Table of Contents](#)

A Financing Order is Irrevocable

Act 142 provides that a financing order, together with the securitization charges authorized in the financing order, are irrevocable, subject to rehearing by the MPSC only on the motion of the electric utility. Notwithstanding its irrevocability, a party to the MPSC proceeding may appeal a financing order to the Michigan court of appeals within 30 days after the financing order is issued by the MPSC. Under Act 142, a financing order and the securitization charges authorized in the financing order are also not subject to reduction, impairment or adjustment by further action of the MPSC, other than pursuant to the securitization charge adjustment provisions of Act 142.

State Pledge

In addition, under Act 142, the State of Michigan pledges, for the benefit and protection of the financing parties, such as the bondholders, and the electric utility, that it will not take or permit any action that would impair the value of securitization property, reduce or alter, except as allowed by the securitization charge adjustment provisions of Act 142, or impair the securitization charges to be imposed, collected and remitted to the financing parties until the principal, interest and premium, and any other charges incurred and contracts to be performed in connection with the related securitization bonds, have been paid and performed in full. See “—The Securitization Charge is Adjusted Periodically” below. See also “Risk Factors—Risks Associated with Potential Judicial, Legislative or Regulatory Actions” and “The Servicing Agreement—True-Up Adjustment Process” in this prospectus. Securitization bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power.

The Securitization Charge is Adjusted Periodically

Act 142 requires each financing order to include a mechanism requiring that securitization charges be reviewed and adjusted by the MPSC at least annually, within 45 days of the anniversary date of the issuance of the securitization bonds, to correct any overcollections or undercollections of the preceding 12 months. See “The Servicing Agreement—True-Up Adjustment Process” in this prospectus.

Covered Electric Customers Cannot Avoid Paying the Securitization Charge

Act 142 provides that the imposition and collection of securitization charges are a nonbypassable charge, which means that the charge will be payable by customers of an electric utility or its assignees or successors regardless of the identity of the customer’s electric generation supplier.

Act 142 Provides Procedures for Perfecting the Transfer and Pledge of Securitization Property

Act 142 specifies the procedures for perfecting the transfer of the securitization property from an electric utility to the issuing entity under Michigan law and perfecting the security interest granted by the issuing entity to the trustee in the securitization property under Michigan law. Act 142 provides that a transfer of an interest in securitization property shall be perfected against all third parties, including subsequent judicial and other lien creditors, when a financing statement with respect to the transfer has been filed in accordance with the Michigan Uniform Commercial Code.

A security interest in securitization property may be created only by a financing order and the execution and delivery of a security agreement (such as the indenture). A security interest in securitization property attaches automatically from the time that value is received for the securitization bonds and is perfected upon the filing of a financing statement under the Michigan Uniform Commercial Code, whether or not the revenue or proceeds thereof have accrued. Act 142 provides that priority of security interests in securitization property will not be impaired by commingling of funds arising from securitization charges with other funds or later modification of the financing order.

Act 142 provides that Act 142 shall control in any conflict between Act 142 and any other law of the State of Michigan regarding the attachment and perfection and the effect of perfection and the priority of any security interest in securitization property.

Act 142 Characterizes the Transfer of Securitization Property as a True Sale and not a Secured Transaction

Act 142 provides that an agreement by an electric utility or assignee to transfer securitization property that expressly states that the transfer is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the securitization property is transferred. The characterization of the transfer as a true sale is not affected by the fact that:

[Table of Contents](#)

- the purchaser has any recourse against the seller or any other term of the parties' agreement, including the seller's retention of an equity interest in the securitization property;
- the electric utility acts as a collector of securitization charges relating to the securitization property; or
- the transfer is treated as a financing for tax, financial reporting or other purposes.

See "Risk Factors—Risks Associated With Potential Bankruptcy Proceedings of the Seller or the Servicer" in this prospectus.

Act 142 Provides Ownership of Securitization Bonds Not Taken Into Account for Certain Michigan Tax Purposes

Act 142 provides that the acquisition, ownership and disposition of any direct interest in any securitization bond shall not be taken into account in determining whether a person is subject to any income tax, franchise tax, business activities tax, intangible property tax, excise tax, stamp tax or any other tax imposed by the State of Michigan or any agency or political subdivision of the State of Michigan.

Constitutional Matters

To date, no U.S. federal or Michigan cases addressing the repeal or amendment of securitization provisions analogous to those contained in Act 142 have been decided. There have been cases in which U.S. federal courts have applied the Contract Clause of the United States constitution or Michigan courts have applied the Contract Clause of the Michigan constitution to strike down legislation regarding similar matters, such as legislation reducing or eliminating taxes, public charges or other sources of revenues servicing other types of bonds issued or contracts entered into by public instrumentalities or private issuers, or otherwise substantially impairing or eliminating the security for bonds or other indebtedness or contractual obligations. Based upon this case law, Pillsbury Winthrop Shaw Pittman LLP expects to deliver an opinion, prior to the closing of the offering of the bonds, to the effect that a federal district court of competent jurisdiction, in a properly prepared and presented case, (i) would hold that the language of the State of Michigan's pledge creates a contractual relationship between the State of Michigan and the bondholders for purposes of the Contract Clause of the United States constitution and (ii) would hold that, absent a demonstration by the State of Michigan that a limit, alteration, impairment or reduction of the type described below is justified by a significant and legitimate public purpose and that such a limit, alteration, impairment or reduction is reasonable and necessary, the bondholders (or the trustee acting on their behalf) would be successful in a federal court in challenging under the Contract Clause of the United States constitution the constitutionality of any legislation passed by the Michigan legislature that becomes law or any action of the MPSC exercising legislative powers prior to the time that the securitization bonds and related financing costs are fully paid and discharged that in either case limits, alters, impairs or reduces the value of the securitization property or the securitization charges. Based upon this case law, Miller Canfield Paddock and Stone, P.L.C. expects to deliver an opinion substantially to the same effect under the contract clause of the Michigan constitution. It may be possible for the Michigan legislature to repeal or amend Act 142 or for the MPSC to amend or revoke the financing order notwithstanding the pledge of the State of Michigan, if the legislature or the MPSC acts in order to serve a significant and legitimate public purpose, such as protecting the public health and safety or responding to a national or regional catastrophe affecting Consumers Energy's service territory, or if the legislature otherwise acts in the valid exercise of the State of Michigan's police power. We will file a copy of each of the Pillsbury Winthrop Shaw Pittman LLP and Miller Canfield Paddock and Stone, P.L.C. opinions as exhibits to an amendment to the registration statement of which this prospectus is a part or to one of our periodic or current filings with the SEC.

In addition, any action of the Michigan legislature adversely affecting the securitization property or the ability to collect securitization charges may be considered a taking under the United States constitution or the Michigan constitution. Each of Pillsbury Winthrop Shaw Pittman LLP and Miller Canfield Paddock and Stone, P.L.C. has advised us that they are not aware of any U.S. federal or Michigan court cases addressing the applicability of the Takings Clause of the United States constitution or Michigan constitution in a situation analogous to that which would be involved in an amendment or repeal of Act 142. It is possible that a court would decline even to apply a Takings Clause analysis to a claim based on an amendment or repeal of Act 142, since, for example, a court might determine that a Contract Clause analysis rather than a Takings Clause analysis should be applied. Pillsbury Winthrop Shaw Pittman LLP expects to deliver an opinion, prior to the closing of the offering of the bonds, to the effect that a federal district court of competent jurisdiction, in a properly prepared and presented case, would hold that the Takings Clause of the United States constitution would require the State of Michigan to pay just compensation to the bondholders if the court determines that the State of Michigan's repeal or amendment of Act 142, or any other action taken by the State of Michigan in contravention of the State of Michigan's pledge, completely deprived the bondholders of all economically beneficial use of the securitization property or unduly interfered with the reasonable expectations of the bondholders arising from their investment in the bonds. In determining what is an undue interference, a court would consider the nature of the governmental action, the economic impact of the governmental action on the

[Table of Contents](#)

bondholders and the extent to which the governmental action interferes with distinct investment-backed expectations of the bondholders. In addition, Miller Canfield Paddock and Stone, P.L.C. expects to deliver an opinion substantially to the same effect under the takings clause of the Michigan constitution. In examining whether action of the Michigan legislature amounts to a regulatory taking, both U.S. federal and state courts will consider the character of the governmental action and whether such action substantially advances the legitimate governmental interests of the State of Michigan, the economic impact of the governmental action on the bondholders and the extent to which the governmental action interferes with distinct investment-backed expectations. There is no assurance, however, that, even if a court were to award just compensation, it would be sufficient for you to recover fully your investment in the bonds.

In connection with the foregoing, each of Pillsbury Winthrop Shaw Pittman LLP and Miller Canfield Paddock and Stone, P.L.C. has advised us that issues relating to the Contract Clause and Takings Clause of the United States constitution and Michigan constitution are essentially decided on a case-by-case basis and that the courts' determinations, in most cases, appear to be strongly influenced by the facts and circumstances of the particular case, and both firms have further advised us that there are no reported controlling judicial precedents that are directly on point. The opinions described above will be subject to the qualifications included in them. The degree of impairment necessary to meet the standards for relief under a Takings Clause analysis or Contract Clause analysis could be substantially in excess of what a bondholder would consider material.

CONSUMERS ENERGY'S FINANCING ORDER**Consumers Energy's Financing Order**

On September 9, 2013, Consumers Energy filed an application with the MPSC for a financing order pursuant to Act 142 in MPSC Docket No. U-17473. In its application, Consumers Energy requested that it be given the authority, among other things, to securitize, through the issuance of securitization bonds, up to \$454,300,000 in qualified costs. Under its application, Consumers Energy alone was proposed to be the sole sponsor and seller into the securitization.

On December 6, 2013, the MPSC issued a financing order (the **financing order**). Under the financing order, Consumers Energy was given the authority, among other things, to securitize, through the issuance of securitization bonds, not to exceed \$389,600,000 in qualified costs.

Act 142 allows a party to appeal the financing order to the Michigan Court of Appeals within 30 days after the financing order is issued. On January 3, 2014, the Association of Businesses Advocating Tariff Equity, one of the parties that participated in MPSC Docket No. U-17473, appealed the financing order to the Michigan Court of Appeals pursuant to Act 142. On January 16, 2014, the Association of Businesses Advocating Tariff Equity submitted the stipulation of all parties to MPSC Docket No. U-17473 to voluntarily dismiss its appeal. The Michigan Court of Appeals issued an order on January 22, 2014 dismissing the Association of Businesses Advocating Tariff Equity's appeal. As provided by Act 142, no further appeals could be filed after January 6, 2014.

Consumers Energy unconditionally accepted all conditions and limitations requested by the financing order in a letter dated January 24, 2014 from Consumers Energy to the MPSC.

As of January 24, 2014, the financing order was final and not subject to appeal.

In the financing order, the MPSC reaffirmed that it shall not reduce, impair, postpone, terminate or otherwise adjust the securitization charges approved in the financing order or impair the securitization property or the collection of securitization charges or the recovery of the qualified costs and ongoing other qualified costs and that it will act pursuant to the financing order to ensure that the expected securitization charges are sufficient to pay on a timely basis scheduled principal of and interest on the securitization bonds issued pursuant to the financing order and the ongoing other qualified costs in connection with the securitization bonds. Pursuant to the provisions of Act 142 and, by its terms, the financing order, together with the securitization charges authorized by the financing order, are irrevocable and not subject to reduction, impairment or adjustment by further action of the MPSC, except by use of the true-up adjustment procedures approved in the financing order.

The financing order also approves the structure and other key terms of the securitization bonds.

We have filed the financing order with the SEC as an exhibit to the registration statement of which this prospectus forms a part. The statements summarizing the financing order in this prospectus do not purport to be complete and are subject to and qualified by reference to the provisions of the financing order.

Collection of Securitization Charges

The financing order authorizes Consumers Energy to collect securitization charges from the covered electric customers in an amount sufficient to pay on a timely basis scheduled principal of and interest on the bonds and all ongoing other qualified costs in connection with the securitization bonds. There is no cap on the level of securitization charges that may be imposed on covered electric customers to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs. The securitization charges related to the securitization bonds shall be billed to each covered electric customer for recovery over a period of not greater than 15 years after the beginning of the first complete billing cycle during which the securitization charges were initially placed on any covered electric customer's bill. However, Consumers Energy may continue to collect any billed but uncollected securitization charges after the close of this 15-year period. Amounts of the securitization charges remaining unpaid after the close of this 15-year period may be recovered through use of collection activities, including the use of the judicial process.

Revisions to Electric Tariffs

Consumers Energy shall revise its electric tariffs in accordance with the financing order before any securitization bonds are issued. Consumers Energy shall also file, no less than seven days prior to the initial imposition and billing of its securitization charges, revised tariff sheets reflecting all the terms of the financing order, including those necessary to implement the bill credit proposed by Consumers Energy. Consumers Energy shall also include necessary language in its electric tariffs to periodically provide for true-up adjustments to securitization charges. Please see "Description of the Securitization Property—Securitization Rate Classes".

[Table of Contents](#)

Securitization Rate Classes and Cost Allocations; Nonbypassability

Act 142 provides that the securitization charges are nonbypassable. The financing order provides that securitization charges are payable by all existing and future covered electric customers. Covered electric customers do not include (i) current choice customers, (ii) customers to the extent they obtain or use self-service power or (iii) customers to the extent engaged in affiliate wheeling.

Allocation of Payment Responsibility Among Customer Classes

Under the terms of the financing order, responsibility for the payment of the securitization charges associated with the bonds is allocated among covered electric customer classes (which we refer to as **securitization rate classes**) based upon the most recent MPSC-approved production cost allocation methodology (4CP 50/25/25). This methodology allocates 50% of charges to each rate class' average contribution to summer system peak demands, 25% of charges to each rate class' average contribution to on-peak energy consumption and 25% of charges to each rate class' contribution to total energy consumption. Average rate class contribution levels reflect the most recent available three year historical load profiles, applied to the most recent sales forecast. Under the financing order, each securitization rate class is allocated a percentage responsibility for the payment of the bonds and related costs. The securitization charge shall be a uniform per kilowatt-hour, or **kWh**, surcharge within each class. The initial percentage allocations are shown below under "Description of the Securitization Property—Securitization Rate Classes".

True-Up Mechanism

The financing order authorizes adjustments to securitization charges to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. There is no cap on the level of securitization charges that may be imposed on covered electric customers as a result of the true-up adjustment process.

Act 142 and the financing order mandate that securitization charges on covered electric customers be reviewed and adjusted by the MPSC at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. In addition, the financing order provides that true-up adjustments are required on a semi-annual basis (or, one year prior to the last scheduled final payment date for the latest maturing tranche, on a quarterly basis) if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed.

State Pledge

The State of Michigan has pledged in Act 142, for the benefit and protection of the financing parties, including the bondholders, and Consumers Energy, that it will not take or permit any action that would impair the value of the securitization property, reduce or alter, except as allowed in connection with a true-up adjustment, or impair the securitization charges to be imposed, collected and remitted, until the principal, interest and premium, and any other charges incurred and contracts to be performed, in connection with the securitization bonds have been paid and performed in full. In the financing order, the MPSC reaffirmed that it shall not reduce, impair, postpone, terminate or otherwise adjust the securitization charges approved in the financing order or impair the securitization property or the collection of securitization charges or the recovery of the qualified costs and ongoing other qualified costs and that it will act pursuant to the financing order to ensure that the expected securitization charges are sufficient to pay on a timely basis scheduled principal of and interest on the securitization bonds issued pursuant to the financing order and the ongoing other qualified costs in connection with the securitization bonds.

Servicing Agreement

In the financing order, the MPSC authorized Consumers Energy, as the servicer, to enter into a servicing agreement. The servicing agreement to be entered into by Consumers Energy is described under "The Servicing Agreement" in this prospectus.

Binding on Successors

Act 142 provides that any successor to an electric utility, whether pursuant to any bankruptcy, reorganization or other insolvency proceeding or pursuant to any merger, acquisition, sale or transfer, by operation of law, as a result of electric utility restructuring or otherwise, shall perform and satisfy all obligations of the electric utility under Act 142 in the same manner and to the same extent as the electric utility, including, but not limited to, collecting and paying to the person entitled to revenues with respect to the securitization property. The financing order provides that the financing order, together with the securitization charges authorized by the financing order, shall be binding upon Consumers Energy and any of its successors or affiliates that provide distribution service directly to customers in Consumers Energy's service area as of the initial date of issuance of the securitization bonds.

DESCRIPTION OF THE SECURITIZATION PROPERTY**Creation of Securitization Property**

Act 142 defines securitization property as the rights and interests of an electric utility or its successor under a financing order, including, without limitation, the right to impose, collect and receive securitization charges authorized in the financing order in an amount necessary to provide full recovery of all qualified costs, including the right to obtain true-up adjustments to those charges, and all revenue, collections, payments, money and proceeds arising out of the rights and interests described above. The bonds will be secured by securitization property, as well as the other collateral described under "Security for the Securitization Bonds".

In addition to the right to impose, collect and receive securitization charges, the financing order:

- authorizes the sale of securitization property to us and the issuance of securitization bonds;
- establishes procedures for periodic true-up adjustments to securitization charges in the event of overcollection or undercollection; and
- provides that the financing order, together with the securitization charges, are irrevocable and not subject to reduction, impairment, postponement, termination or adjustment by further act of the MPSC (except for the periodic true-up adjustments to the securitization charges).

A form of the revisions to Consumers Energy's electric tariffs described below is attached to the financing order. Consumers Energy will so revise its electric tariffs with the MPSC prior to the issuance date of the bonds.

The initial securitization charges will be placed on customers' bills beginning with the first billing cycle after the sale of the securitization bonds. The initial securitization charges will be more fully described in the prospectus supplement. The initial securitization charges will also be set forth in revisions to Consumers Energy's electric tariff, which will be initially filed prior to the issuance of the bonds and thereafter will be modified in connection with any true-up adjustment to reflect any modifications in the securitization charges resulting therefrom.

As described above, in determining the securitization charge, responsibility for the payment of the costs associated with the securitization bonds will be allocated among securitization rate classes based upon the allocation methodology approved by the MPSC in the financing order to recover the qualified costs.

The defined securitization rate classes are as follows:

Residential Rate Class

- This class is comprised of all covered electric customers subject to Consumers Energy's tariffs for residential customers. This class excludes current choice customers.

Secondary Rate Class

- This class is comprised of covered electric customers subject to Consumers Energy's tariff for secondary service and is comprised of non-residential customers taking service at a nominal voltage of less than 2,400 volts. This class excludes current choice customers.

Primary Rate Class

- This class is comprised of covered electric customers subject to Consumers Energy's tariff for primary service and is applicable to non-residential customers whose service is provided at a nominal voltage of 2,400 volts or greater. This class excludes current choice customers.

Streetlighting Rate Class

- This class is comprised of covered electric customers subject to Consumers Energy's metered and nonmetered streetlighting tariffs and is applicable to non-residential customers. This class excludes current choice customers.

Under the terms of the financing order, Consumers Energy will initially allocate the securitization charges among the securitization rate classes approximately as follows:

[Table of Contents](#)**Securitization Rate Classes**

Securitization Rate Class	Allocation Percentage
Residential	42.4%
Secondary	24.6%
Primary	32.6%
Streetlighting	0.4%

Because of differences in cost responsibility as shown above, the securitization rate for each securitization rate class will differ. The above securitization rate class initial allocation percentages are estimated amounts, and actual amounts may differ.

The financing order provides that the securitization charge will be a kWh charge uniformly applied to all customers within each securitization rate class.

The initial securitization charge rates that will be assessed to covered electric customers comprising each of the above securitization rate classes, as of beginning of the first billing cycle following the issuance date for the bonds as well as the estimated percentage of the total bill received by an average retail residential customer that such securitization charge and all other securitization charges represent, will be set forth in the prospectus supplement.

Billing and Collection

Securitization charges will be collected by the servicer from covered electric customers as part of its normal collection activities. Securitization charges will be deposited by the servicer into the collection account under the terms of the indenture and the servicing agreement. The servicer will deposit in the collection accounts payments of securitization charges on each business day based on estimated collections in accordance with the procedures described below under “The Servicing Agreement—Remittances to Collection Account”.

Act 142 provides that the interest of an assignee or pledgee in securitization property and in the revenues and collections arising from that property are not subject to setoff, counterclaim, surcharge or defense by the applicable electric utility or any other person or in connection with the bankruptcy of the electric utility or any other entity. Act 142 provides that securitization charges are nonbypassable. The financing order provides that partial payments of bills by customers should be allocated ratably among the securitization and tax charges authorized pursuant to the financing order relating to the 2001-1 securitization bonds, the securitization charges authorized by the financing order relating to the securitization bonds offered by this prospectus and the prospectus supplement and other billed amounts based on the ratio of each component of the bill to the total bill.

Act 142 provides that securitization charges shall be collected by an electric utility, its successors, an assignee or other collection agents as provided for in the financing order. The financing order provides that the servicer shall remit all collections of the securitization charges to the trustee for our account, in accordance with the terms of the servicing agreement. The servicing agreement provides that Consumers Energy as the initial servicer is permitted to commingle the securitization charges with other funds collected prior to remitting such charges to the trustee and requires that the collected securitization charges commingled with other funds will be remitted from Consumers Energy’s bank account to the trustee for deposit in the applicable collection account within two business days.

THE DEPOSITOR, SELLER, INITIAL SERVICER AND SPONSOR

General

Consumers Energy will be the seller and initial servicer of the securitization property securing the bonds, and will be the depositor and sponsor of the securitization in which bonds covered by this prospectus are issued.

Consumers Energy, a Michigan corporation and wholly-owned subsidiary of CMS Energy, is an electric and gas utility company serving Michigan's lower peninsula. Consumers Energy owns and operates electric distribution and generation facilities and gas transmission, storage and distribution facilities. Consumers Energy serves individuals and businesses operating in the alternative energy, automotive, chemical, metal and food products industries, as well as a diversified group of other industries. Consumers Energy provides electricity and/or natural gas to approximately 6.5 million of Michigan's 10 million residents. During the twelve months ended December 31, 2013, Consumers Energy billed approximately 32.5 billion kilowatt hours of electricity to its covered electric customers in Michigan, resulting in revenues of approximately \$3.957 billion.

Consumers Energy is subject to the jurisdiction of the Federal Energy Regulatory Commission under the Federal Power Act with respect to acquisitions, operations and disposals of certain assets and facilities, services provided and rates charged, conduct among affiliates and other matters. Consumers Energy is regulated by the MPSC with respect to retail utility rates, accounting, utility services, certain facilities, certain asset transfers, corporate mergers and other matters.

Servicing Experience

Consumers Energy is currently an originator, sponsor and servicer of a structured financing arrangement involving the sale of accounts receivable, which is the subject of the intercreditor agreement described in this prospectus. Consumers Energy also has experience since November 2001 acting as a depositor, sponsor and servicer in one similarly-structured securitization transaction in the State of Michigan under Act 142, i.e. the 2001-1 securitization bonds issued by the 2001-1 securitization bond issuer. Since the date of issuance of the 2001-1 securitization bonds, Consumers Energy has filed on a timely basis all true-up adjustment filings required for the 2001-1 securitization bonds, and the 2001-1 securitization bond issuer has satisfied on a timely basis all interest payments on the 2001-1 securitization bonds and has made all principal payments on the 2001-1 securitization bonds in accordance with their expected amortization schedules. Consumers Energy services the 2001-1 securitization bonds in accordance with servicing standards that are substantially similar to those set forth in Consumers Energy's servicing agreement with us. Please read "Relationship to the 2001-1 Securitization Bonds".

Consumers Energy Covered Electric Customer Base and Electric Energy Consumption

Consumers Energy's covered electric customer base consists of four broad customer rate classes: residential, secondary, primary and streetlighting. The securitization rate classes share this same delineation as reflected in the four different consumption-based securitization rate designs. These designs consider the wide range of load characteristics served under each customer class.

The following tables show the electricity delivered to covered electric customers, electric delivery revenues and number of covered electric customers for each of the four securitization rate classes for the years ended December 31, 2013, 2012, 2011, 2010 and 2009. There can be no assurances that the electricity sales, electric revenues and number of covered electric customers or the composition of any of the foregoing will remain at or near the levels reflected in the following tables.

Forecasting Electricity kWh Consumption

Consumers Energy produces its kilowatt-hour forecast in the first and third quarters of each year, or more frequently when deemed necessary, for planning purposes. These forecasts are the basis for earnings projections as well as capacity/generation planning. The forecast cycle completed during the third quarter each year is typically adopted as Consumers Energy's official budget. Consumers Energy monitors the accuracy of each forecast by conducting variance analysis at the customer class level on a monthly basis, taking into account abnormal weather impacts on kWh consumption.

Consumers Energy uses econometric models to predict kWh use per covered electric customer and covered electric customer counts for the residential and secondary securitization rate classes. The kWh consumption forecast for these two classes is the product of the kWh use per customer and customer count forecasts. Econometric models are also used to predict the primary securitization rate class kWh consumption. Kilowatt-hour consumptions are estimated for all other customer classes based on current trends and forward-looking assumptions. Weather, in the form of cooling and heating degree days, is used as the primary explanatory driver in the econometric models. Air conditioning equipment saturation, demographics and economic trends are also included as explanatory drivers. The econometric methods used to predict kWh use per customer, customer counts and kWh consumptions are widely used throughout the electric utility industry. Consumers Energy uses current kWh consumption trends and forward-looking assumptions to allocate the kWh and customer count forecasts down to the rate classification level (residential, secondary, primary and streetlighting classes) used in forecasting revenue collections.

Variances among the four securitization rate classes, which are used to allocate payment responsibility for the bonds, may differ from the variances shown above, as the classifications are more specific.

Billing and Collections

The servicer of the bonds will bill covered electric customers for the securitization charges attributable to them and the servicer will also collect payments of the securitization charges as described under "The Servicing Agreement—Servicing Procedures". The servicer will not pay any shortfalls resulting from the failure of any covered electric customer to pay securitization charge collections. If a covered electric customer defaults in the payment of securitization charges, the servicer will implement collection procedures as described below under "—Billing" and "—Collection Process".

Credit Policy

Consumers Energy's Michigan credit and collections policies are regulated by the MPSC. Under MPSC's regulations, Consumers Energy is obligated to provide electric distribution service to all covered electric customers within its Michigan service territory.

On application for service, the identification and credit standing of all covered electric customers is verified by previous payment history if available. A new applicant for service will generally be assessed a security deposit if the applicant has a previous bankruptcy, charge-off or poor payment history. If an applicant for residential service refuses to provide a Social Security number, drivers' license number or some other acceptable form of identification, service will not be provided. If the covered electric customer has been terminated for nonpayment, a security deposit will generally be required. The residential deposit is set at 1/12th of estimated annual usage. A new applicant for nonresidential service will generally be assessed a security deposit if the applicant has a previous bankruptcy, charge-off or poor payment history. This can be done through providing a security deposit (twice the average estimated monthly electricity bill), furnishing a surety bond and/or a bank letter of credit.

According to MPSC regulations, Consumers Energy may refuse to provide service, at any location, to an applicant who is indebted to it for any service previously furnished to the applicant. Consumers Energy will commence service, however,

[Table of Contents](#)

if a reasonable payment plan for the indebtedness is agreed to by the residential applicant and the company, and it may likewise commence service for an industrial or commercial applicant.

MPSC regulations and Consumers Energy's tariff allow certain classes of covered electric customers to elect to be billed on an Equal Payment Plan budget billing program. For Equal Payment Plan covered electric customers, Consumers Energy estimates total service in advance for an equal payment period, typically one year, and bills are rendered monthly on the basis of one eleventh of that estimate (or for payment periods of less than one year, one divided by the number of months in the applicable period). If the charges for actual service during the equal payment period exceed the bills as rendered, the amount of such excess must be paid on or before the due date of the bill covering the last month of the payment period; if the charges for actual service used are less than the amount paid by the Equal Payment Plan covered electric customer, the amount of such overpayment must be refunded to the covered electric customer or credited on the last bill of the equal payment period. For Equal Payment Plan covered electric customers, all refunds and credits will be applied based on the portion of their bills not constituting securitization charges, and therefore no payments of securitization charges will be refunded or credited to these covered electric customers in the event of overpayment.

Billing

Consumers Energy bills its customers about once every 30 days in 21 billing portions, with approximately an equal number of electricity bills being distributed each business day. For the year ending December 31, 2013, Consumers Energy made available an average of 150,000 electricity bills plus notices of disconnection on each business day to customers in various categories.

As of December 31, 2013, approximately 322,070 of Consumers Energy's residential and small business customers in Michigan, who constitute approximately 17% of Consumers Energy's Michigan customers, had chosen to be billed using the Equal Payment Plan budget billing program described above.

For accounts with potential billing errors, exception alerts and reports are generated for manual review by billing personnel. This review examines accounts that have abnormally high or low electricity bills, potential meter-reading errors and possible meter malfunctions.

Collection Process

Consumers Energy historically received, and expects that it will continue to receive, the majority of covered electric customer payments via the U.S. mail, direct payment offices and authorized paystations; however, other payment options are also available. These options include payment by electronic fund transfers or credit/debit cards through third party providers.

Consumers Energy considers residential customer electricity bills to be delinquent if they are unpaid five days after the bill due date. Consumers Energy considers nonresidential customer electricity bills to be delinquent if they are unpaid five days after the bill due date. In general, Consumers Energy's collection process begins when balances are unpaid for 27 days or more from the billing date. At that time Consumers Energy begins collection activities, including multiple delinquency notice mailings and telephone calls, and ending with electricity shut-off. Consumers Energy uses collection agencies as needed throughout the collection process.

The servicer may change its collection policies and procedures, consistent with MPSC guidelines and the financing order, from time to time.

[Table of Contents](#)**CONSUMERS 2014 SECURITIZATION FUNDING LLC, THE ISSUING ENTITY**

We are a special purpose limited liability company formed under the Delaware Limited Liability Company Act pursuant to a limited liability company agreement executed by our sole member, Consumers Energy, and the filing of a certificate of formation with the Secretary of State of the State of Delaware. The limited liability company agreement will be amended and restated prior to the issuance date in respect of the bonds, and references in this prospectus to our limited liability company agreement mean the amended and restated agreement. Our limited liability company agreement restricts us from engaging in activities other than those described in this section. We do not have any employees, but we will pay our member for out-of-pocket expenses incurred by the member in connection with its services to us in accordance with our limited liability company agreement. We have summarized selected provisions of our limited liability company agreement below, a copy of which has been filed as an exhibit to the registration statement of which this prospectus is a part. On the date of issuance of the bonds, our capital will be equal to 0.5% of the principal amount of such bonds issued or such other amount as may allow the bonds to achieve the desired security rating and treat the bonds as debt under applicable guidance issued by the Internal Revenue Service, or **IRS**.

As of the date of this prospectus, we have not carried on any business activities and have no operating history. We are not an agency or instrumentality of the State of Michigan.

Our assets will consist of:

- the securitization property;
- our rights under the sale agreement, under the administration agreement and under the bill of sale delivered by Consumers Energy pursuant to the sale agreement;
- our rights under the servicing agreement and any subservicing, agency, administration, intercreditor or collection agreements executed in connection with such servicing agreement;
- the collection account and all subaccounts of such collection account;
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing; and
- all payments on or under and all proceeds in respect of any or all of the foregoing.

The indenture provides that the securitization property, as well as our other assets, other than any investment earnings on funds in the capital subaccount that will be periodically released to us if funds are available after paying principal, interest and fees and expenses required to be paid on each payment date, will be pledged by us to the trustee to secure our obligations in respect of the bonds. Pursuant to the indenture, the collected securitization charges remitted by the servicer must be used to pay principal of and interest on the bonds and ongoing other qualified costs and our other obligations specified in the indenture.

Restricted Purpose

We have been created for the sole purpose of:

- acquiring, owning, holding, administering, servicing or entering into agreements regarding the receipt and servicing of securitization property and the other collateral, along with certain other related assets;
- managing, selling, assigning, pledging, collecting amounts due on or otherwise dealing with the securitization property and the other collateral and related assets to be so acquired in accordance with the terms of the basic documents;
- negotiating, authorizing, executing, delivering, assuming the obligations under and performing our duties under the basic documents and any other agreement or instrument or document relating to the activities set forth in the first two bullet points above; provided, that each party to any such agreement under which material obligations are imposed upon us shall covenant that it shall not, prior to the date that is one year and one day after the termination of the indenture and the payment in full of the securitization bonds and any other amounts owed under the indenture, acquiesce, petition or otherwise invoke or cause us to invoke the process of any court or other governmental authority for the purposes of commencing or sustaining an involuntary case against us under any federal or state bankruptcy, insolvency or similar law or appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official of ours or any substantial part of our property, or ordering the winding up or liquidation of our affairs; provided, further, that we shall be permitted to incur additional indebtedness or other liabilities payable to service providers and trade creditors in the ordinary course of business in connection with the foregoing activities;

- filing with the SEC one or more registration statements, including any pre-effective or post-effective amendments thereto and any registration statement filed pursuant to Rule 462(b) under the Securities Act of 1933, as amended (including any prospectus supplement and prospectus and exhibits contained therein) and filing such applications, reports, surety bonds, irrevocable consents, appointments of attorney for service of process and other papers and documents necessary or desirable to register the securitization bonds under the securities or blue sky laws of various jurisdictions;
- authorizing, executing, delivering, issuing and registering the securitization bonds;
- making payments on the securitization bonds;
- pledging our interest in the securitization property and other collateral to the trustee under the indenture in order to secure the securitization bonds; and
- engaging in any lawful act or activity and exercising any powers permitted to limited liability companies formed under the laws of the State of Delaware that, in either case, are incidental to, or necessary, suitable or convenient for, the accomplishment of the above-mentioned purposes.

Our limited liability company agreement does not permit us to engage in any activities not directly related to these purposes, including issuing securities (other than the bonds), borrowing money or making loans to other persons or entities. The list of permitted activities set forth in our limited liability company agreement may not be altered, amended or repealed without the affirmative vote of a majority of our managers, which vote must include the affirmative vote of our independent managers. Our limited liability company agreement and the indenture will prohibit us from issuing any securitization bonds (as such term is defined in Act 142) other than the bonds that we will offer pursuant to the prospectus supplement.

Our Relationship with Consumers Energy

On the issue date for the bonds Consumers Energy will sell securitization property to us pursuant to a sale agreement between us and Consumers Energy. Consumers Energy will service the securitization property pursuant to a servicing agreement between us and Consumers Energy and will provide administrative services to us pursuant to an administration agreement between us and Consumers Energy.

Our Management

Pursuant to our limited liability company agreement, our business will be managed by five or more managers, of whom at least two will be independent managers, in each case appointed from time to time by Consumers Energy or, in the event that Consumers Energy transfers its interest in us, by our owner or owners. Following the issuance of the bonds, we will have at least two independent managers, each of whom, among other things, (i) is an individual who has prior experience as an independent director, independent manager or independent member for special-purpose entities, (ii) is employed by a nationally-recognized company that provides professional independent managers and other corporate services, (iii) is duly appointed as an independent manager and (iv) is not and has not been for at least five years from the date of his or her appointment, and while serving as an independent manager will not be, any of the following:

- a member, partner or equity holder of us, Consumers Energy, any of our respective affiliates or any of our owner's affiliates;
- an officer, employee, director or manager (other than as an independent director or independent manager for a special purpose bankruptcy-remote entity) of Consumers Energy or any of our affiliates or any of our owner's affiliates;
- a creditor, supplier or service provider (including provider of professional services) to us, Consumers Energy or any of their respective equity holders or affiliates, other than a nationally recognized company that routinely provides professional independent managers and other corporate services to us, Consumers Energy or any of its affiliates in the ordinary course of its business;
- a family member of any member, partner, equity holder, manager, officer, employee, creditor, supplier or service provider; or
- a person or entity that controls (whether directly, indirectly or otherwise) any person or entity listed in the bullet points above.

[Table of Contents](#)

Consumers Energy, as our sole member, will appoint the independent managers prior to the issuance of the bonds. None of our managers or officers has been involved in any legal proceedings specified in Item 401(f) of the SEC's Regulation S-K.

Manager Fees and Limitation on Liabilities

We have not paid any compensation to any manager since we were formed. We will not compensate our managers, other than the independent managers, for their services on our behalf. We will pay the annual fees of the independent managers from our revenues and will reimburse them for reasonable out-of-pocket expenses. These expenses include the reasonable compensation, expenses and disbursements of the agents, representatives, experts and counsel that the independent managers may employ in connection with the exercise and performance of their rights and duties under our limited liability company agreement.

Our limited liability company agreement provides that, to the extent permitted by law, the managers will not be personally liable for any of our debts, obligations or liabilities. Our limited liability company agreement further provides that, except as described below, to the fullest extent permitted by law, we will indemnify the managers against any liability incurred in connection with their services as managers for us if they acted in good faith and in a manner that they reasonably believed to be in or not opposed to our best interests. With respect to a criminal action, the managers will be indemnified unless they had reasonable cause to believe their conduct was unlawful. Under our limited liability company agreement we will not indemnify the managers for any judgment, penalty, fine or other expense directly caused by their fraud, gross negligence or willful misconduct or, in the case of an independent manager, bad faith or willful misconduct. We will pay any indemnification amounts owed to the managers out of funds in the collection accounts, subject to the priority of payments described in "Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated".

We Are a Separate and Distinct Legal Entity from Consumers Energy

Under our limited liability company agreement, we may not file a voluntary petition for relief under the Bankruptcy Code, without the affirmative vote of our member and the affirmative vote of all of our managers, including the independent managers. Consumers Energy has agreed that it will not cause us to file a voluntary petition for relief under the Bankruptcy Code. Our limited liability company agreement requires us, except for financial reporting purposes (to the extent required by generally accepted accounting principles) and for U.S. federal income tax purposes, and, to the extent consistent with applicable state law, state income tax purposes, to maintain our existence separate from Consumers Energy, including:

- taking all necessary steps to continue our identity as a separate legal entity;
- making it apparent to third persons that we are an entity with assets and liabilities distinct from those of Consumers Energy, other affiliates of Consumers Energy, the managers or any other person or entity; and
- making it apparent to third persons that, except for federal and certain other tax purposes, we are not a division of Consumers Energy or any of its affiliated entities or any other person or entity.

Administration Agreement

Consumers Energy will, pursuant to an administration agreement between Consumers Energy and us, provide administrative services to us, including services relating to the preparation of financial statements, required filings with the SEC, any tax returns we might be required to file under applicable law, qualifications to do business, and minutes of our managers' meetings. We will pay Consumers Energy a fixed fee of \$50,000 per annum, payable in installments of \$25,000 on each payment date, for performing these services, plus we will reimburse Consumers Energy for all costs and expenses for services performed by unaffiliated third parties and actually incurred by Consumers Energy in performing such services described above.

[Table of Contents](#)**USE OF PROCEEDS**

We will use the net proceeds from the sale of the bonds to pay our costs of issuance of the bonds and for our other initial costs of the transaction, or to reimburse Consumers Energy for expenses of authorization, issuance and sale of the bonds, and the balance will be used by us to purchase the securitization property from Consumers Energy. In accordance with Act 142 and the financing order, Consumers Energy will use the proceeds from the sale of the securitization property to retire a portion of its existing debt and/or equity.

RELATIONSHIP TO THE 2001-1 SECURITIZATION BONDS

In November 2001, the 2001-1 securitization bond issuer issued \$468,592,000 of 2001-1 securitization bonds. The 2001-1 securitization bonds were issued to securitize Consumers Energy's generation-related regulatory assets recoverable through irrevocable nonbypassable securitization charges provided for under Michigan law and a financing order and order on rehearing issued by the MPSC on October 24, 2000 and January 4, 2001, respectively. After giving effect to payments on the 2001-1 securitization bonds on the April 20, 2014 quarterly payment date, the 2001-1 securitization bonds had \$70,614,670 in aggregate principal amount outstanding, which was equal to the amount set forth in the expected amortization schedule for the 2001-1 securitization bonds. The final legal maturity date of the 2001-1 securitization bonds is October 20, 2016, and the expected final payment date of the 2001-1 securitization bonds is October 20, 2015.

Although Consumers Energy is the servicer with respect to the 2001-1 securitization bonds and will be the initial servicer with respect to the securitization bonds, as more fully described under "The Depositor, Seller, Initial Servicer and Sponsor", we are a separate legal entity from the 2001-1 securitization bond issuer, and the securitization bonds described in this prospectus and the prospectus supplement will be payable from collateral that is separate from that securing the 2001-1 securitization bonds. The 2001-1 securitization bond issuer will have no obligations under our securitization bonds, and we will have no obligations under the 2001-1 securitization bonds. Please read "Act 142—Electric Utilities May Securitise Qualified Costs", "Consumers Energy's Financing Order" and "Security for the Securitization Bonds".

DESCRIPTION OF THE SECURITIZATION BONDS**General**

We will issue the bonds pursuant to the terms of an indenture between us and the trustee specified in the prospectus supplement to finance the purchase by us of the securitization property. The particular terms of the bonds will be described in the indenture and the **series supplement** (as defined under “Glossary of Defined Terms”). We have summarized below selected provisions of the indenture and the bonds. This summary does not purport to be complete and is subject to the terms and provisions of the indenture and series supplement, forms of which are filed as exhibits to the registration statement of which this prospectus forms a part. Please read “Where You Can Find More Information”.

The aggregate principal amount of the bonds that may be authenticated and delivered under the indenture and the financing order is not to exceed \$389,600,000, representing qualified costs, as defined in Act 142, of the remaining book value of certain generating units and transaction and debt retirement costs. The bonds may include one or more tranches. Tranches of bonds may differ from each other as to the interest rate, maturity and the timing, sequential order and amount of payments of principal or interest, or both.

The prospectus supplement will describe the terms of the bonds and, if applicable, the tranches thereof, including, among other things:

- the designation of any tranches of the bonds;
- the principal amount (and, if more than one tranche is issued, the respective principal amounts of the tranches of the bonds);
- the rate at which interest accrues and, if more than one tranche is issued, such information for the respective tranches;
- the payment dates;
- the scheduled payment dates, the scheduled final payment date and the final maturity date of the bonds and, if more than one tranche is issued, such information for the respective tranches;
- the issuance date of the bonds;
- the authorized denominations;
- the expected sinking fund schedule for principal of the bonds and, if more than one tranche is issued, such schedule for the respective tranches;
- the place or places for the payment of interest, principal and premium, if any;
- any additional secured parties;
- the identity of the trustee;
- the securitization charges and the collateral;
- whether or not the bonds are to be in book-entry form; and
- any other terms of the tranches that are not inconsistent with the provisions of the indenture and that will not result in any rating agency reducing or withdrawing its rating of any outstanding tranche of bonds.

The bonds are not a debt or obligation of the State of Michigan and are not a charge on its full faith and credit or taxing power. Neither Consumers Energy nor any of its affiliates will guarantee or insure the bonds. Financing orders authorizing the issuance of securitization bonds do not constitute a pledge of the faith and credit of the State of Michigan or of any of its political subdivisions. The issuance of the bonds under Act 142 will not directly, indirectly or contingently obligate the State of Michigan or any county, municipality or other political subdivision of the State of Michigan to levy or to pledge any form of taxation for the bonds or to make any appropriation for their payment.

Interest and Principal on the Securitization Bonds

Interest will accrue on the principal balance of each bond at the interest rate specified in or determined in the manner specified in the prospectus supplement. Interest will be payable on each payment date, commencing on the date specified in the prospectus supplement. Interest payments will be made from collections of securitization charges, including amounts available in the excess funds subaccount and, if necessary, the amounts available in the capital subaccount. Please read “Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated”.

[Table of Contents](#)

Principal of the bonds of each tranche will be payable in the amounts and on the payment dates specified in the prospectus supplement, but only to the extent that amounts in the collection account are available, and subject to the other limitations described below, under “Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated”. Accordingly, principal of the bonds may be paid later, but not sooner, than reflected in the expected sinking fund schedule, except in the case of an acceleration. The prospectus supplement will set forth the expected sinking fund schedule and expected amortization schedule for the bonds and, if applicable, the tranches thereof. If principal of any tranche is not paid in full on the final maturity date for such tranche, an event or default will occur. On any payment date, unless an event of default has occurred and is continuing and the bonds have been declared due and payable, the trustee will make principal payments on the bonds only until the outstanding principal balances of those bonds have been reduced to the principal balances specified in the applicable expected amortization schedule for that payment date. The trustee will retain in the excess funds subaccount any collections of securitization charges in excess of amounts then due and payable in respect of our obligations and expenses (all as described under “Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated”).

If the trustee receives insufficient collections of securitization charges for any payment date, and amounts in the collection account (and the applicable subaccounts of the collection account) are not sufficient to make up the shortfall, principal of any tranche of bonds may be payable later than expected, as described in this prospectus. Please read “Risk Factors—Other Risks Associated with an Investment in the Securitization Bonds”. The failure to make a scheduled payment of principal on the bonds because there are not sufficient funds in the collection account does not constitute a default or an event of default under the indenture, except for the failure to pay in full the unpaid balance of any tranche upon the final maturity date for such tranche. If an event of default (other than a breach by the State of Michigan of its pledge) has occurred and is continuing, then the trustee or the holders of a majority in principal amount of the bonds then outstanding may declare the bonds to be immediately due and payable, in which event the entire unpaid principal amount of the bonds will become due and payable. Please read “—Events of Default; Rights Upon Event of Default”.

Payments on the Securitization Bonds

The trustee will pay on each payment date to the holders of each tranche of bonds, to the extent of available funds in the collection account, all payments of principal and interest then due. The trustee will make each payment other than the final payment with respect to any bonds to the holders of record of the bonds of the applicable tranche on the record date for that payment date. The trustee will make the final payment for each tranche of bonds, however, only upon presentation and surrender of the bonds of that tranche at the office or agency of the trustee specified in the notice given by the trustee of the final payment. The trustee will mail notice of the final payment to the bondholders no later than five days prior to the final payment date, specifying the date set for the final payment and the amount of the payment.

The failure to pay accrued interest on any payment date (even if the failure is caused by a shortfall in securitization charges received) will result in an event of default for the bonds unless such failure is cured within five business days. Please read “—Events of Default; Rights Upon Event of Default”. Any interest not paid when due (plus interest on the defaulted interest at the applicable interest rate to the extent lawful) will be payable to the bondholders on a special record date. The special record date will be at least 15 business days prior to the date on which the trustee is to make such special payment (a **special payment date**). We will fix any special record date and special payment date. At least 10 days before any special record date, the trustee will mail to each affected bondholder a notice that states the special record date, the special payment date and the amount of defaulted interest (plus interest on the defaulted interest) to be paid.

The entire unpaid principal amount of the bonds will be due and payable (i) on the final maturity date or (ii) if an event of default under the indenture occurs and is continuing and the trustee or the holders of a majority in principal amount of the bonds have declared the bonds to be immediately due and payable.

However, the nature of our business will result in payment of principal upon an acceleration of the bonds being made as funds become available. Please read “Risk Factors—Risk Associated with the Unusual Nature of the Securitization Property—Foreclosure of the trustee’s lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect” and “Risk Factors—Risk Associated with Limited Source of Funds—You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited”.

At the time, if any, we issue the bonds in the form of definitive bonds and not to The Depository Trust Company, or **DTC**, or its nominee, the trustee will make payments with respect to that tranche on a payment date or a special payment date by check mailed to each holder of a definitive bond of the tranche of record on the applicable record date at its address appearing on the register maintained with respect to the bonds. Upon written application by a holder of any tranche of bonds in

[Table of Contents](#)

physical form to the trustee not later than the applicable record date, the trustee will make payments by wire transfer to an account maintained by the payee.

If any special payment date or other date specified for any payments to bondholders is not a business day, the trustee will make payments scheduled to be made on that special payment date or other date on the next business day, and no interest will accrue upon the payment during the intervening period.

Registration and Transfer of the Securitization Bonds

Bonds in definitive form will be transferable and exchangeable at the office of the registrar identified in the prospectus supplement. Unless otherwise specified in the prospectus supplement, there will be no service charge for any registration or transfer of the bonds, but the trustee may require the owner to pay a sum sufficient to cover any tax or other governmental charge.

We will issue each tranche of the bonds in the minimum initial denominations set forth in the prospectus supplement.

The trustee will make payments of interest and principal on each payment date to the bondholders in whose names the bonds were registered on the record date.

Securitization Bonds Will Be Issued in Book-Entry Form

Unless we specify otherwise in the prospectus supplement, the bonds will be available to investors only in the form of book-entry bonds. You may hold your bonds through DTC in the United States, Clearstream Banking, société anonyme, or **Clearstream**, or Euroclear Bank S.A./N.V., as operator of the Euroclear system, or **Euroclear**, in Europe or in any other manner we describe in the prospectus supplement. You may hold your bonds directly with one of these systems if you are a participant in the system or indirectly through organizations that are participants.

The Role of DTC, Clearstream and Euroclear

Cede & Co., as nominee for DTC, will hold the global bond or bonds representing the bonds. Clearstream and Euroclear will hold omnibus positions on behalf of the Clearstream customers and Euroclear participants, respectively, through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories. These depositories will, in turn, hold these positions in customers' securities accounts in the depositories' names on the books of DTC.

The Function of DTC

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that DTC's participants (**direct participants**) deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (**DTCC**). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly (**indirect participants**). The DTC rules applicable to its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com and www.dtc.org.

The Function of Clearstream

Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between Clearstream customers through electronic book-entry changes in accounts of Clearstream customers, thereby eliminating the need for physical movement of securities. Transactions may be settled by Clearstream in any of various currencies, including United States dollars. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing.

[Table of Contents](#)

Clearstream also deals with domestic securities markets in various countries through established depository and custodial relationships. Clearstream is registered as a bank in Luxembourg and therefore is subject to regulation by the Luxembourg *Commission de Surveillance du Secteur Financier*, which supervises Luxembourg banks. Clearstream's customers are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations, among others, and may include the underwriters of the bonds. Clearstream's U.S. customers are limited to securities brokers and dealers and banks. Clearstream has customers located in various countries. Indirect access to Clearstream is also available to other institutions that clear through or maintain a custodial relationship with an account holder of Clearstream. Clearstream has established an electronic bridge with Euroclear to facilitate settlement of trades between Clearstream and Euroclear.

The Function of Euroclear

Euroclear holds securities and book-entry interests in securities for Euroclear participants and facilitates the clearance and settlement of securities transactions between Euroclear participants, and between Euroclear participants and participants of certain other securities intermediaries through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of securities and any risk from lack of simultaneous transfers of securities and cash. Such transactions may be settled in any of various currencies, including United States dollars. The Euroclear System includes various other services, including, among other things, safekeeping, administration, clearance and settlement, securities lending and borrowing and interfaces with domestic markets in several countries generally similar to the arrangements for cross-market transfers with DTC described below. The Euroclear System is operated by Euroclear Bank S.A./N.V. Euroclear participants include central banks and other banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters of the bonds. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Terms and Conditions of Euroclear

Securities clearance accounts and cash accounts with Euroclear are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the **Euroclear terms and conditions**). These Euroclear terms and conditions govern transfers of securities and cash within the Euroclear System, withdrawals of securities and cash from the Euroclear System and receipts of payments with respect to securities in the Euroclear System. All securities in Euroclear are held on a fungible basis without attribution of specific securities to specific securities clearance accounts. Euroclear acts under the Euroclear terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons or entities holding through Euroclear participants.

The Rules for Transfers Among DTC, Clearstream or Euroclear Participants

Transfers between DTC participants will occur in accordance with DTC rules. Transfers between Clearstream customers or Euroclear participants will occur in the ordinary way in accordance with their applicable rules and operating procedures and will be settled using procedures applicable to conventional securities held in registered form.

Cross-market transfers between persons or entities holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its depository; however, those cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines, which will be based on European time. The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its depository to take action to effect final settlement on its behalf by delivering or receiving bonds in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to Clearstream's and Euroclear's depositories.

Because of time-zone differences, credits of securities in Clearstream or Euroclear as a result of a transaction with a participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date, and those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream customer or Euroclear participant on that business day. Cash received in Clearstream or Euroclear as a result of sales of securities by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

[Table of Contents](#)

DTC's Nominee Will Be the Holder of the Securitization Bonds

Bondholders that are not participants or indirect participants but desire to purchase, sell or otherwise transfer ownership of, or other interest in, bonds may do so only through participants and indirect participants. In addition, bondholders will receive all payments of principal of and interest on the bonds from the trustee through the participants, who in turn will receive them from DTC. Under a book-entry format, bondholders may experience some delay in their receipt of payments because payments will be forwarded by the trustee to Cede & Co., as nominee for DTC. DTC will forward those payments to its participants, who thereafter will forward them to indirect participants or bondholders. It is anticipated that the only bondholder will be Cede & Co., as nominee of DTC. The trustee will not recognize beneficial owners of interest in bonds held by DTC or its nominee as bondholders, as that term is used in the indenture, and such beneficial owners will be permitted to exercise the rights of bondholders only indirectly through the participants, who in turn will exercise the rights of bondholders through DTC.

Under the rules, regulations and procedures creating and affecting DTC and its operations, DTC is required to make book-entry transfers of book-entry certificates among participants on whose behalf it acts with respect to the bonds and is required to receive and transmit payments of principal of and interest on the bonds. Participants and indirect participants with whom bondholders have accounts with respect to the bonds similarly are required to make book-entry transfers and receive and transmit those payments on behalf of their respective bondholders. Accordingly, although bondholders will not possess bonds, bondholders will receive payments and will be able to transfer their interests.

Because DTC can act only on behalf of participants, who in turn act on behalf of indirect participants and certain banks, the ability of a bondholder to pledge bonds to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of those bonds, may be limited due to the lack of a physical certificate for those bonds.

DTC has advised us that it will take any action permitted to be taken by a bondholder under the indenture only at the direction of one or more participants to whose account with DTC the bonds are credited. Additionally, DTC has advised us that it will take those actions with respect to specified percentages of the collateral amount only at the direction of and on behalf of participants whose holdings include interests that satisfy those specified percentages. DTC may take conflicting actions with respect to other interests to the extent that those actions are taken on behalf of participants whose holdings include those interests.

Except as required by law, none of any underwriter, the servicer, Consumers Energy, the trustee, us or any other party will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the certificates held by Cede & Co., as nominee for DTC, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

How Securitization Bond Payments Will Be Credited by Clearstream and Euroclear

Payments with respect to bonds held through Clearstream or Euroclear will be credited to the cash accounts of Clearstream customers or Euroclear participants in accordance with the applicable system's rules and operating procedures, to the extent received by its depository. Those payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Please read "Material U.S. Federal Income Tax Consequences" in this prospectus. Clearstream or the Euroclear operator, as the case may be, will take any other action permitted to be taken by a bondholder under the indenture on behalf of a Clearstream customer or Euroclear participant only in accordance with its applicable rules and operating procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the bonds among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform those procedures, and those procedures may be discontinued at any time.

Definitive Securitization Bonds

Unless otherwise specified in the prospectus supplement, we will issue bonds in registered, certificated form to bondholders, or their nominees, rather than to DTC, or its nominee, only under the circumstances provided in the indenture, which will include: (i) us advising the trustee in writing that DTC is no longer willing or able to properly discharge its responsibilities as nominee and depository with respect to the book-entry bonds and that we are unable to locate a qualified successor; (ii) our electing to terminate the book-entry system through DTC, with written notice to the trustee; or (iii) after the occurrence of an event of default under the indenture, holders of bonds aggregating a majority of the aggregate outstanding principal amount of the bonds maintained as book-entry bonds advising us, the trustee and DTC in writing that the continuation of a book-entry system through DTC (or a successor) is no longer in the best interests of those bondholders. Upon surrender by DTC of the definitive securities representing the bonds and instructions for registration, the trustee will issue the bonds in the

[Table of Contents](#)

form of definitive bonds, and thereafter the trustee will recognize the registered holders of the definitive bonds as bondholders under the indenture. Upon issuance of definitive bonds, the bonds evidenced by such definitive bonds will be transferable directly (and not exclusively on a book-entry basis) and registered holders will deal directly with the trustee with respect to transfers, notices and payments.

The trustee will make payment of principal of and interest on the bonds directly to bondholders in accordance with the procedures set forth herein and in the indenture and the prospectus supplement. The trustee will make interest payments and principal payments to bondholders in whose names the definitive bonds were registered at the close of business on the related record date. The trustee will make payments by wire transfer to an account maintained by the bondholder in accordance with payment instructions delivered to the trustee by such bondholders. The trustee will make the final payment on any bond (whether definitive bonds or notes registered in the name of Cede & Co.), however, only upon presentation and surrender of the bond on the final payment date at the office or agency that is specified in the notice of final payment to bondholders. The trustee will provide the notice to registered bondholders not later than the fifth day prior to the final payment date.

Definitive bonds will be transferable and exchangeable at the offices of the transfer agent and registrar, which initially will be the trustee. There will be no service charge for any registration of transfer or exchange, but the transfer agent and registrar may require payment of a sum sufficient to cover any tax or other governmental charge imposed in connection therewith.

No Optional Redemption

The indenture does not permit an optional redemption of bonds under any circumstances.

Access of Bondholders

Upon written request of any bondholder or group of bondholders of bonds evidencing at least 10% of the aggregate outstanding principal amount of the bonds, the trustee will afford the bondholder or bondholders making such request a copy of a current list of bondholders for purposes of communicating with other bondholders with respect to their rights under the indenture; provided, that the trustee gives prior written notice to us of such request.

The indenture does not provide for any annual or other meetings of bondholders.

Reports to Bondholders

On or prior to each payment date, special payment date or any other date specified in the indenture for payments with respect to any tranche of bonds, the servicer will deliver to us, and we will make available on our website, a statement prepared by the servicer with respect to the payment to be made on the payment date, special payment date or other date, as the case may be, setting forth the following information:

- the amount of the payment to bondholders allocable to (i) principal and (ii) interest;
- the aggregate outstanding principal balance of the bonds, before and after giving effect to payments allocated to principal reported immediately above;
- the difference, if any, between the amount specified immediately above and the principal amount scheduled to be outstanding on that date according to the related expected amortization schedule;
- any other transfers and payments to be made on such payment date, including amounts paid to the trustee and the servicer; and
- the amounts on deposit in the capital subaccount and the excess funds subaccount, after giving effect to the foregoing payments.

The reports will be available to bondholders upon request to the trustee or the servicer. Such reports will not constitute financial statements prepared in accordance with generally accepted accounting principles. The financial information provided to bondholders will not be examined and reported upon by an independent public accountant. In addition, an independent public accountant will not provide an opinion on the financial information.

Within the prescribed period of time for tax reporting purposes after the end of each calendar year during the term of the bonds, the trustee, so long as it is acting as paying agent and transfer agent and registrar for the bonds, will, upon written request by us or any bondholder, mail to persons or entities that at any time during the calendar year were bondholders and

received any payment on the bonds, a statement containing certain information for the purposes of the bondholder's preparation of United States federal and state income tax returns.

Website Disclosure

We will, to the extent permitted by and consistent with our legal obligations under applicable law, cause to be posted on a website associated with us or our affiliates, currently located at www.cmsenergy.com, periodic reports containing to the extent such information is reasonably available to us:

- a statement of securitization charge remittances made to the trustee;
- the semi-annual servicer's certificate delivered for the bonds pursuant to the servicing agreement;
- the text (or a link to the website where a reader can find the text) of each true-up adjustment filing in respect of the outstanding bonds and the results of each such true-up adjustment filing;
- any change in the long-term or short-term credit ratings of the servicer assigned by the rating agencies;
- material legislative or regulatory developments directly relevant to the bonds; and
- any reports and other information that we are required to file with the SEC under the Exchange Act.

We and the Trustee May Modify the Indenture

Modifications of the Indenture that do not Require Consent of Securitization Bondholders

From time to time, and without the consent of the bondholders (but with prior notice to the trustee and the rating agencies), we may enter into one or more agreements supplemental to the indenture for various purposes described in the indenture, including:

- to correct or amplify the description of any property, including the collateral subject to the indenture, or to better convey, assure and confirm to the trustee the property subject to the indenture, or to add additional property;
- to add to the covenants for the benefit of the bondholders and the trustee, or surrender any right or power conferred to us by the indenture;
- to convey, transfer, assign, mortgage or pledge any property to or with the trustee;
- to cure any ambiguity or correct or supplement any provision in the indenture or in any supplemental indenture that may be inconsistent with any other provision in the indenture or in any supplemental indenture or to make any other provisions with respect to matters or questions arising under the indenture or in any supplemental indenture, provided however, that (i) such action will not, as evidenced by an opinion of counsel, adversely affect in any material respect the interests of the bondholders and (ii) the **rating agency condition** (as defined under "Glossary of Defined Terms") shall have been satisfied with respect thereto;
- to evidence and provide for the acceptance of the appointment under the indenture of a successor trustee with respect to the bonds and to add or change any of the provisions of the indenture as shall be necessary to facilitate the administration of the trusts thereunder by more than one trustee;
- to evidence the succession of another person or entity to us in accordance with the terms of the indenture and the assumption by any such successor of the covenants in the indenture and in the bonds;
- to modify, eliminate or add to the provisions of the indenture to such extent as shall be necessary to effect qualification under the Trust Indenture Act of 1939, as amended, or the **Trust Indenture Act**, and to add provisions expressly required by the Trust Indenture Act;
- to qualify the bonds for registration with a clearing agency; and

[Table of Contents](#)

- to satisfy any rating agency requirements.

We may also, without the consent of the bondholders, enter into one or more other agreements supplemental to the indenture with the effect of adding, changing or eliminating provisions of the indenture or modifying the rights of bondholders so long as (i) the supplemental agreement does not, as evidenced by an opinion of nationally recognized counsel of the issuing entity experienced in structured finance transactions, adversely affect the interests of any holders of bonds then outstanding in any material respect and (ii) the rating agency condition shall have been satisfied with respect thereto.

Modifications of the Indenture that Require the Approval of Securitization Bondholders

We may, with the consent of bondholders holding a majority of the aggregate outstanding principal amount of the bonds of each tranche to be affected (and with prior notice to the rating agencies), enter into one or more indentures supplemental to the indenture for the purpose of, among other things, adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture or modifying in any manner the rights of bondholders. In determining whether a majority of holders have consented, bonds owned by us, Consumers Energy or any other affiliate of us shall be disregarded, except that, in determining whether the trustee shall be protected in relying upon any such consent, the trustee shall only be required to disregard any bonds it actually knows to be so owned. No supplement, however, may, without the consent of each bondholder of each tranche affected thereby, take certain actions enumerated in the indenture, including:

- change the date of payment of any installment of principal or of premium, if any, or interest on any bond of such tranche, or reduce in any manner the principal amount thereof, the interest rate thereon or the premium, if any, with respect thereto;
- change the provisions of the indenture and any applicable supplemental indenture relating to the application of collections on, or the proceeds of the sale of, the collateral to payment of principal or of premium, if any, or interest on the bonds or tranche, or change the place of payment where, or coin or currency in which, any bond or any interest thereon is payable;
- reduce the percentage of the aggregate amount of the outstanding bonds, or of a tranche thereof, the consent of the bondholders of which is required for any supplemental indenture, or the consent of the bondholders of which is required for any waiver of compliance with those provisions of the indenture specified therein or of defaults specified therein and their consequences provided for in the indenture;
- reduce the percentage of the outstanding amount of the bonds or tranche the holders of which are required to direct the trustee to direct the issuing entity to sell or liquidate the collateral;
- modify any of the provisions of the indenture in a manner so as to affect the amount of any payment of interest, principal or premium, if any, payable on any bond of such tranche on any payment date or change the expected sinking fund schedules or final maturity dates of any bonds of such tranche;
- decrease the required capital amount;
- permit the creation of any lien ranking prior to or on a parity with the lien of the indenture with respect to any of the collateral for the bonds or tranche or, except as otherwise permitted or contemplated in the indenture, terminate the lien of the indenture on any property at any time subject thereto or deprive the holder of any bond of the security provided by the lien of the indenture;
- cause any material adverse U.S. federal income tax consequence to the seller, the issuing entity, the manager, the trustee or the beneficial owners of the bonds;
- modify the provisions of the indenture with respect to amendments to the indenture and to certain of the other basic documents requiring consent of bondholders except to increase any percentage specified; or
- impair the right to institute suit for enforcement of the provisions of the indenture regarding payment or application of funds.

Promptly following the execution of any supplement to the indenture, the trustee will furnish either a copy of such supplement or written notice of the substance of the supplement to each bondholder of a bond to which such supplement relates, and a copy of such supplement to each rating agency.

Notification of the Rating Agencies, the Trustee and the Securitization Bondholders of Any Modification

If we, Consumers Energy, the administrator or the servicer or any other party to the applicable agreement:

[Table of Contents](#)

- proposes to amend, modify, waive, supplement, terminate or surrender, or agree to any amendment, modification, waiver, supplement, termination or surrender of, the terms of the sale agreement, the administration agreement, the servicing agreement or the intercreditor agreement; or
- waives timely performance or observance by Consumers Energy, the administrator or the servicer under the sale agreement, the administration agreement, the servicing agreement or the intercreditor agreement,

in each case in a way that would materially and adversely affect the interests of bondholders, we must first notify the rating agencies and satisfy the rating agency condition. Upon receiving notification regarding satisfaction of the rating agency condition, we must thereafter notify the trustee and the bondholders in writing of the proposed amendment, modification, waiver, supplement, termination or surrender and whether the rating agency condition has been satisfied with respect thereto (or, upon our written request, the trustee shall so notify the bondholders on our behalf). The trustee will consent to this proposed amendment, modification, supplement, waiver, termination or surrender only if the rating agency condition has been satisfied and only with the written consent of the holders of a majority of the outstanding principal amount of the bonds of the tranches materially and adversely affected thereby. In determining whether a majority of holders have consented, bonds owned by us, Consumers Energy or any other affiliate of us shall be disregarded, except that, in determining whether the trustee shall be protected in relying upon any such consent, the trustee shall only be required to disregard any bonds it actually knows to be so owned.

Modifications to the Sale Agreement, the Administration Agreement, the Servicing Agreement and Other Basic Documents

Except as set forth under “Notification of the Rating Agencies, the Trustee and the Securitization Bondholders of Any Modification”, the sale agreement, the administration agreement, the servicing agreement and the intercreditor agreement may be amended, so long as the rating agency condition is satisfied in connection therewith, at any time and from time to time, without the consent of the bondholders, but with the consent of the trustee upon receipt by the trustee of an officer’s certificate evidencing satisfaction of such rating agency condition and an opinion of counsel of external counsel evidencing that such amendment is in accordance with the provisions of such basic document. The servicing agreement does not provide any bondholder or any other person or entity with any legal or equitable right, remedy or claim in the securitization property, the servicing agreement or any covenants, conditions or provisions contained therein.

Enforcement of the Sale Agreement, the Administration Agreement, the Servicing Agreement and Other Basic Documents

The indenture provides that we will take all lawful actions to enforce our rights under the sale agreement, the administration agreement, the servicing agreement, the intercreditor agreement and the other basic documents. The indenture also provides that, promptly following a default, we will take all lawful actions the trustee may request to compel or secure the performance and observance by each of Consumers Energy, each other party under the intercreditor agreement, the administrator and the servicer of their respective obligations to us under or in connection with the sale agreement, the administration agreement, the servicing agreement and the intercreditor agreement. So long as no event of default occurs and is continuing, we may exercise any and all rights, remedies, powers and privileges lawfully available to us under or in connection with the sale agreement, the administration agreement, the servicing agreement and the intercreditor agreement. However, if we or the servicer propose to amend, modify, waive, supplement, terminate or surrender, or agree to any amendment, modification, supplement, termination, waiver or surrender of, the process for adjusting the securitization charges, we must notify the trustee and the bondholders and, when required, the MPSC in writing of this proposal (or, upon our written request, the trustee shall so notify the bondholders on our behalf). In addition, the trustee may consent to this proposal only with the written consent of the holders of a majority of the principal amount of the outstanding bonds of the tranches affected thereby and only if the rating agency condition is satisfied. In determining whether a majority of holders have consented, bonds owned by us, Consumers Energy or any other affiliate of us shall be disregarded, except that, in determining whether the trustee shall be protected in relying upon any such consent, the trustee shall only be required to disregard any bonds it actually knows to be so owned.

If an event of default occurs and is continuing, the trustee may, and, at the written direction of the holders of a majority of the outstanding amount of all affected tranches of bonds, shall exercise all of our rights, remedies, powers, privileges and claims against Consumers Energy, the administrator and the servicer, under or in connection with the sale agreement, the administration agreement, the servicing agreement and the intercreditor agreement, and any right of ours to take this action shall be suspended.

Our Covenants

We may not consolidate with or merge into any other entity, unless:

Table of Contents

- the entity formed by or surviving the consolidation or merger is organized under the laws of the United States or any State;
- the entity expressly assumes, by a supplemental indenture, the performance or observance of all of our agreements and covenants under the indenture and the series supplement;
- the entity expressly assumes all of our obligations and succeeds to all of our rights under the sale agreement, the servicing agreement and any other basic document to which we are a party;
- no default, event of default or servicer default under the indenture has occurred and is continuing immediately after the merger or consolidation;
- the rating agency condition will have been satisfied with respect to the merger or consolidation;
- we have delivered to Consumers Energy, the trustee and the rating agencies an opinion or opinions of outside tax counsel (as selected by us, in form and substance reasonably satisfactory to Consumers Energy and the trustee, and which may be based on a ruling from the IRS) to the effect that the consolidation or merger will not result in a material adverse federal or state income tax consequence to us, Consumers Energy, the trustee or the then existing bondholders;
- any action as is necessary to maintain the lien and the perfected security interest in the collateral created by the indenture and the series supplement has been taken, as evidenced by an opinion of counsel of our external counsel; and
- we have delivered to the trustee an officer's certificate and an opinion of counsel of our external counsel, each stating that all conditions precedent in the indenture provided for relating to the transaction have been complied with.

We may not sell, convey, exchange, transfer or otherwise dispose of any of our properties or assets included in the collateral to any person or entity, unless:

- the person or entity acquiring the properties and assets:
 - is a United States citizen or an entity organized under the laws of the United States or any State;
 - expressly assumes, by a supplemental indenture, the performance or observance of all of our agreements and covenants under the indenture and the series supplement;
 - expressly agrees by the supplemental indenture that all right, title and interest so conveyed or transferred will be subject and subordinate to the rights of bondholders;
 - unless otherwise specified in the supplemental indenture referred to above, expressly agrees to indemnify, defend and hold us and the trustee harmless against and from any loss, liability or expense arising under or related to the indenture, the series supplement and the bonds;
 - expressly agrees by means of the supplemental indenture that the person or entity (or if a group of persons or entities, then one specified person or entity) will make all filings with the SEC (and any other appropriate person or entity) required by the Exchange Act in connection with the bonds; and
 - if such sale, conveyance, exchange, transfer or disposal relates to our rights and obligations under the sale agreement or the servicing agreement, such person or entity assumes all obligations and succeeds to all of our rights under the sale agreement and the servicing agreement, as applicable;
- no default, event of default or servicer default under the indenture has occurred and is continuing immediately after the transactions;
- the rating agency condition has been satisfied with respect to such transaction;
- we have delivered to Consumers Energy, the trustee and the rating agencies an opinion or opinions of outside tax counsel (as selected by us, in form and substance reasonably satisfactory to Consumers Energy and the trustee, and which may be based on a ruling from the IRS) to the effect that the disposition will not result in a material adverse federal or state income tax consequence to us, Consumers Energy, the trustee or the then existing bondholders;
- any action as is necessary to maintain the lien and the perfected security interest in the collateral created by the indenture and the series supplement has been taken as evidenced by an opinion of counsel of external counsel; and

[Table of Contents](#)

- we have delivered to the trustee an officer's certificate and an opinion of counsel of our external counsel, each stating that the conveyance or transfer complies with the indenture and the series supplement and all conditions precedent therein provided for relating to the transaction have been complied with.

We will not, among other things, for so long as any bonds are outstanding:

- except as expressly permitted by the indenture and the other basic documents, sell, transfer, exchange or otherwise dispose of any of our assets unless in accordance with the remedies provisions of the indenture;
- claim any credit on, or make any deduction from the principal or premium, if any, or interest payable in respect of, the bonds (other than amounts properly withheld from such payments under the Internal Revenue Code of 1986, as amended, or the **Internal Revenue Code**, the Treasury regulations promulgated thereunder or other tax laws) or assert any claim against any present or former bondholder by reason of the payment of the taxes levied or assessed upon any part of the collateral;
- terminate our existence, or dissolve or liquidate in whole or in part;
- permit the validity or effectiveness of the indenture or the series supplement or the other basic documents to be impaired;
- permit the lien of the indenture and the series supplement to be amended, hypothecated, subordinated, terminated or discharged or permit any person or entity to be released from any covenants or obligations with respect to the bonds except as may be expressly permitted by the indenture;
- permit any lien, charge, excise, claim, security interest, mortgage or other encumbrance, other than the lien and security interest granted under the indenture or the series supplement, to be created on or extend to or otherwise arise upon or burden the collateral or any part thereof or any interest therein or the proceeds thereof (other than tax liens arising by operation of law with respect to amounts not yet due);
- permit the lien granted under the indenture or the series supplement not to constitute a valid first priority perfected security interest in the collateral;
- enter into any swap, hedge or similar financial arrangement;
- elect to be classified as an association taxable as a corporation for U.S. federal income tax purposes, file any tax return or take any other action inconsistent with our treatment for U.S. federal income tax purposes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, as a disregarded entity that is not separate from our sole member;
- change our name, identity or structure or the location of our chief executive office unless, at least ten business days prior to the effective date of any such change, we deliver to the trustee (with copies to each rating agency) such documents, instruments or agreements, executed by us, as are necessary to reflect such change and to continue the perfection of the security interest of the indenture or the series supplement;
- take any action that is subject to the rating agency condition without satisfying the rating agency condition;
- except to the extent permitted by applicable law, voluntarily suspend or terminate our SEC filing obligations; or
- issue any securitization bonds under Act 142 or any similar law (other than the securitization bonds offered hereby) or issue any other debt obligations.

We may not engage in any business other than financing, purchasing, owning, administering, managing and servicing the securitization property and the other collateral and the issuance of the bonds in the manner contemplated by the financing order and the basic documents, or certain related activities incidental thereto.

We will not issue, incur, assume, guarantee or otherwise become liable for any indebtedness except for the bonds. Also, we will not, except as contemplated by the bonds and the basic documents, make any loan or advance or credit to, or guarantee, endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other person or entity. We will not, except for the acquisition of securitization property as contemplated by the bonds and the basic documents, make any expenditure (by long-term or operating lease or otherwise) for capital assets (either realty or personalty).

Except for the release to Consumers Energy of certain investment earnings on amounts initially deposited by Consumers Energy into the capital subaccount as permitted under the indenture, we will not (i) pay any dividend or make any

[Table of Contents](#)

distribution (by reduction of capital or otherwise), whether in cash, property, securities or a combination thereof, to any owner of an interest in the issuing entity or otherwise with respect to any ownership or equity interest or similar security in or of the issuing entity, (ii) redeem, purchase, retire or otherwise acquire for value any such ownership or equity interest or similar security or (iii) set aside or otherwise segregate any amounts for any such purpose.

We will not, directly or indirectly, make payments to or distributions from the collection account except in accordance with the indenture and the other basic documents.

We will cause the servicer to deliver to the trustee the annual accountant's certificates, compliance certificates, reports regarding distributions and statements to bondholders required by the servicing agreement.

Events of Default; Rights Upon Event of Default

An **event of default** with respect to the bonds is defined in the indenture as any one of the following events:

- a default for five business days in the payment when due of any interest on any bond (whether such failure to pay interest is caused by a shortfall in securitization charges received or otherwise);
- a default in the payment of the then unpaid principal of any bond of any tranche on the final maturity date for that tranche;
- a default in the observance or performance of any of our covenants or agreements made in the indenture (other than defaults described above) and the continuation of any default for a period of 30 days after the earlier of (i) the date that written notice of the default is given to us by registered or certified mail by the trustee or to us and the trustee by the holders of at least 25% in principal amount of the bonds then outstanding or (ii) the date that we had actual knowledge of the default;
- any representation or warranty made by us in the indenture or in any certificate or other writing delivered pursuant to the indenture or in connection with the indenture having been incorrect in any material respect as of the time made, and such breach not having been cured within 30 days after the earlier of (i) the date that notice of the breach is given by registered or certified mail to us by the trustee or to us and the trustee by the holders of at least 25% in principal amount of the bonds then outstanding or (ii) the date that we had actual knowledge of the default;
- certain events of bankruptcy, insolvency, receivership or liquidation;
- a breach by the State of Michigan or any of its agencies (including the MPSC), officers or employees that violates the pledge of the State of Michigan or is not in accordance with the pledge of the State of Michigan; or
- any other event designated as such in the series supplement as described in the prospectus supplement.

If an event of default (other than as specified in the sixth bullet point above) should occur and be continuing with respect to the bonds, the trustee or holders of a majority in principal amount of the bonds then outstanding may declare the unpaid principal of the bonds and all accrued and unpaid interest thereon to be immediately due and payable. However, the nature of our business will result in payment of principal upon an acceleration of the bonds being made as funds become available. Please read "Risk Factors—Risk Associated with the Unusual Nature of the Securitization Property—Foreclosure of the trustee's lien on the securitization property for the securitization bonds might not be practical, and acceleration of the securitization bonds before maturity might have little practical effect" and "Risk Factors—Risk Associated with Limited Source of Funds—You may experience material payment delays or incur a loss on your investment in the securitization bonds because the source of funds for payment is limited". The holders of a majority in principal amount of the bonds may rescind and annul that declaration and its consequences so long as we deposit with the trustee any past due amounts and expenses of the trustee and all events of default, other than the nonpayment caused by acceleration, have been cured. Additionally, the trustee may exercise all of our rights, remedies, powers, privileges and claims against the seller or the servicer under or in connection with the sale agreement, the servicing agreement and the administration agreement. If an event of default as specified in the sixth bullet above has occurred, the servicer will be obligated under the servicing agreement to institute (and the trustee, for the benefit of the bondholders, will be entitled and empowered to institute) any suits, actions or proceedings at law, in equity or otherwise, to enforce the pledge of the State of Michigan and to collect any monetary damages as a result of a breach thereof, and each of the servicer and the trustee may prosecute any suit, action or proceeding to final judgment or decree. The servicer will be required to advance its own funds in order to bring any suits, actions or proceedings and, for so long as the legal actions were pending, the servicer will be required, unless otherwise prohibited by applicable law or court or regulatory order in effect at that time, to bill, collect and post the securitization charges, perform adjustments and discharge its obligations under the servicing agreement. The costs of any such action not paid as ongoing other qualified costs would be payable by the seller pursuant to the sale agreement.

[Table of Contents](#)

If an event of default (other than a breach by the State of Michigan or any of its agencies of the pledge of the State of Michigan as specified in the sixth bullet point above) shall have occurred and be continuing, the trustee may, at the written direction of the holders of a majority in principal amount of the bonds then outstanding, either sell the securitization property or elect to have us maintain possession of all or a portion of such securitization property and continue to apply securitization charge collections as if there had been no declaration of acceleration. There is likely to be a limited market, if any, for the securitization property following a foreclosure, in light of the event of default, the unique nature of the securitization property as an asset and other factors discussed in this prospectus. In addition, the trustee is prohibited from selling the securitization property following an event of default, other than a default in the payment of any principal or a default for five business days or more in the payment of any interest on any bond, unless:

- the holders of all the outstanding bonds consent to the sale;
- the proceeds of the sale are sufficient to pay in full the principal of and the accrued interest on the outstanding bonds; or
- the trustee determines that the proceeds of the collateral would not be sufficient on an ongoing basis to make all payments on the bonds as those payments would have become due if the bonds had not been declared due and payable, and the trustee obtains the consent of the holders of at least two-thirds of the aggregate outstanding amount of the bonds.

Subject to the provisions of the indenture relating to the duties of the trustee, if an event of default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the bonds at the request or direction of any of the holders of bonds if the trustee believes in its discretion it will not be adequately indemnified against the costs, expenses and liabilities that might be incurred by it in complying with the request. Subject to the provisions for indemnification and certain limitations contained in the indenture:

- the holders of a majority in principal amount of the outstanding bonds of an affected tranche will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee; and
- prior to the acceleration of the bonds, the holders of a majority in principal amount of the bonds then outstanding of an affected tranche may, in certain cases, waive any default with respect thereto, except a default in the payment of principal or interest or a default in respect of a covenant or provision of the indenture that cannot be modified without the consent of all of the holders of the outstanding bonds of all tranches affected thereby.

No holder of any bond will have the right to institute any proceeding, to avail itself of any remedies provided in Act 142 or of the right to foreclose on the collateral, or otherwise to enforce the lien and security interest on the collateral or to seek the appointment of a receiver or trustee, or for any other remedy under the indenture, unless:

- the holder previously has given to the trustee written notice of a continuing event of default;
- the holders of a majority in principal amount of the outstanding bonds have made written request of the trustee to institute the proceeding in its own name as trustee;
- the holder or holders have offered the trustee satisfactory indemnity;
- the trustee has for 60 days failed to institute the proceeding; and
- no direction inconsistent with the written request has been given to the trustee during the 60-day period by the holders of a majority in principal amount of the outstanding bonds.

In addition, the trustee and the servicer will covenant and each bondholder will be deemed to covenant that it will not, prior to the date that is one year and one day after the termination of the indenture, institute against us or against our managers or our member or members any bankruptcy, reorganization or other proceeding under any federal or state bankruptcy or similar law.

Neither any manager nor the trustee in its individual capacity, nor any holder of any ownership interest in us, nor any of their respective owners, beneficiaries, agents, officers, directors, employees, successors or assigns will, in the absence of an express agreement to the contrary, be personally liable for the payment of the principal of or interest on the bonds or for our agreements contained in the indenture.

Actions by Bondholders

Subject to certain exceptions, the holders of a majority of the aggregate outstanding amount of the bonds of the affected tranche or tranches will have the right to direct the time, method and place of (i) conducting any proceeding for any

[Table of Contents](#)

remedy available to the trustee and (ii) exercising any trust or power conferred on the trustee under the indenture; provided, that:

- the direction is not in conflict with any rule of law or with the indenture and would not involve the trustee in personal liability or expense;
- subject to any other conditions specified in the indenture, any direction to the trustee to sell or liquidate the collateral shall be by holders of 100% of the bonds; and
- the trustee may take any other action deemed proper by the trustee that is not inconsistent with the direction.

Notwithstanding the foregoing, the indenture allows each bondholder to institute suit for the enforcement of payment of (i) the interest, if any, on its bonds that remains unpaid as of the applicable due date and (ii) the unpaid principal, if any, of its bonds on the final maturity date therefor.

Annual Report of Trustee

If required by the Trust Indenture Act, the trustee will be required to mail each year to all bondholders a brief report, commencing in March 2015. The report must state, among other things:

- any change in the trustee's eligibility and qualification to continue as the trustee under the indenture;
- any amounts advanced by it under the indenture;
- any change in the amount, interest rate and maturity date of specific indebtedness owing by us to the trustee in the trustee's individual capacity;
- any change in the property and funds physically held pursuant to the indenture; and
- any action taken by it that materially affects the bonds and that has not been previously reported.

Annual Compliance Statement

We will file annually, with the trustee and the rating agencies, a written statement as to whether we have fulfilled our obligations under the indenture.

Satisfaction and Discharge of Indenture

The indenture will cease to be of further effect with respect to the bonds and the trustee, on our written demand and at our expense, will execute instruments acknowledging satisfaction and discharge of the indenture with respect to the bonds, when:

- either all bonds that have already been authenticated or delivered, with certain exceptions set forth in the indenture, have been delivered to the trustee for cancellation or either the scheduled final payment date for bonds not delivered for cancellation has occurred or will occur within one year and we have irrevocably deposited or cause to be deposited in trust with the trustee cash and/or U.S. government obligations that through the scheduled payments of principal and interest in accordance with their terms are in an amount sufficient to pay principal, interest and premiums, if any, on the bonds and ongoing other qualified costs and all other sums payable by us with respect to the bonds when scheduled to be paid and to discharge the entire indebtedness on such bonds when due;
- we have paid all other sums payable by us under the indenture; and
- we have delivered to the trustee an officer's certificate, an opinion of our external counsel and, if required by the Trust Indenture Act or the trustee, a certificate from a firm of independent registered public accountants, each stating that there has been compliance with the conditions precedent in the indenture relating to the satisfaction and discharge of the indenture.

Our Legal and Covenant Defeasance Options

We may, at any time, terminate all of our obligations under the indenture, referred to herein as the **legal defeasance option**, or terminate our obligations to comply with some of the covenants in the indenture, including some of the covenants described under "—Our Covenants", referred to herein as our **covenant defeasance option**.

We may exercise the legal defeasance option of the bonds notwithstanding our prior exercise of the covenant defeasance option. If we exercise the legal defeasance option, the bonds will be entitled to payment only from the funds or

[Table of Contents](#)

other obligations set aside under the indenture for payment thereof as described below. The bonds of any tranche will not be subject to payment through redemption or acceleration prior to the scheduled final payment date or redemption date, as applicable, for such tranche. If we exercise the legal defeasance option, the maturity of the bonds may not be accelerated because of an event of default. If we exercise the covenant defeasance option, the maturity of the bonds may not be accelerated because of an event of default relating to a default in the observance or performance of any of our covenants or agreements made in the indenture.

The indenture provides that we may exercise our legal defeasance option or our covenant defeasance option of bonds only if:

- we irrevocably deposit or cause to be irrevocably deposited in trust with the trustee cash and/or U.S. government obligations that through the scheduled payments of principal and interest in accordance with their terms are in an amount sufficient to pay principal, interest and premium, if any, on the bonds and ongoing other qualified costs and any other sums payable by us under the indenture with respect to the bonds when scheduled to be paid and to discharge the entire indebtedness on the bonds when due;
- we deliver to the trustee a certificate from a nationally recognized firm of independent registered public accountants expressing its opinion that the payments of principal of and interest on the U.S. government obligations when due and without reinvestment plus any deposited cash will provide cash at times and in sufficient amounts to pay in respect of the bonds:
 - principal in accordance with the expected sinking fund schedule therefor;
 - interest when due; and
 - ongoing other qualified costs and all other sums payable by us under the indenture with respect to the bonds;
- in the case of the legal defeasance option, 95 days pass after the deposit is made and during the 95-day period no default relating to events of our bankruptcy, insolvency, receivership or liquidation occurs and is continuing at the end of the period;
- no default has occurred and is continuing on the day of this deposit and after giving effect thereto;
- in the case of the legal defeasance option, we deliver to the trustee an opinion of our external counsel stating that we have received from, or there has been published by, the IRS a ruling, or since the date of execution of the indenture, there has been a change in the applicable U.S. federal income tax law, and in either case confirming that the holders of the bonds will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the exercise of the legal defeasance option and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the legal defeasance had not occurred;
- in the case of the covenant defeasance option, we deliver to the trustee an opinion of our external counsel to the effect that the holders of the bonds will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the exercise of the covenant defeasance option and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;
- we deliver to the trustee a certificate of one of our officers and an opinion of our counsel, each stating that the amendment is authorized and permitted and that all conditions precedent to the legal defeasance option or the covenant defeasance option, as applicable, have been complied with as required by the indenture;
- we deliver to the trustee an opinion of our external counsel to the effect that: (i) in a case under the Bankruptcy Code in which Consumers Energy (or any of its affiliates, other than us) is the debtor, the court would hold that the deposited cash or U.S. government obligations would not be in the bankruptcy estate of Consumers Energy (or any of its affiliates, other than us, that deposited the cash or U.S. government obligations); and (ii) in the event Consumers Energy (or any of its affiliates, other than us, that deposited the cash or U.S. government obligations) were to be a debtor in a case under the Bankruptcy Code, the court would not disregard the separate legal existence of Consumers Energy (or any of its affiliates, other than us, that deposited the cash or U.S. government obligations) and us so as to order substantive consolidation under the Bankruptcy Code of our assets and liabilities with the assets and liabilities of Consumers Energy or such other affiliate; and
- the rating agency condition has been satisfied with respect to the exercise of any legal defeasance option or covenant defeasance option.

[Table of Contents](#)**No Recourse to Others**

No recourse may be taken directly or indirectly, by the holders with respect to our obligations on the bonds, under the indenture or any supplement thereto or any certificate or other writing delivered in connection therewith, against (i) any owner of a beneficial interest in us (including Consumers Energy) or (ii) any shareholder, partner, owner, beneficiary, agent, officer, director, employee or agent of the trustee, the managers or any owner of a beneficial interest in us (including Consumers Energy) in its individual capacity, or of any successors or assigns or any of them in their respective individual or corporate capacities, except as any such person or entity may have expressly agreed. Each holder by accepting a bond specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. The waiver and release are part of the consideration for issuance of the bonds.

Notwithstanding any provision of the indenture or the series supplement to the contrary, bondholders shall look only to the bond collateral with respect to any amounts due to the bondholders under the indenture and the bonds, and, in the event such collateral is insufficient to pay in full the amounts owed on the bonds, shall have no recourse against us in respect of such insufficiency. Each bondholder by accepting a bond specifically confirms the nonrecourse nature of these obligations and waives and releases all such liability. The waiver and release are part of consideration for issuance of bonds.

THE TRUSTEE

The trustee for the bonds will be identified in the prospectus supplement. You will find the address of the principal office of the trustee, as well as a description of its experience as a trustee, in the prospectus supplement. The trustee may resign at any time upon 30 days' prior written notice to us. The holders of a majority in principal amount of the bonds then outstanding may remove the trustee by so notifying the trustee and may appoint a successor trustee. We will remove the trustee if the trustee: (i) ceases to be eligible under the Trust Indenture Act; (ii) ceases to satisfy certain credit standards set forth in the indenture; (iii) becomes a debtor in a bankruptcy proceeding or is adjudicated insolvent or a receiver or other public officer takes charge of the trustee or its property; (iv) becomes incapable of acting; or (v) fails to provide to us certain information we reasonably request that is necessary for us to satisfy our reporting obligations under the securities laws. If the trustee resigns or is removed or a vacancy exists in the office of trustee for any reason, we will be obligated promptly to appoint a successor trustee eligible under the indenture, and notice of such appointment is required to be promptly given to each rating agency by the successor trustee. No resignation or removal of the trustee will become effective until acceptance of the appointment by a successor trustee.

The trustee will at all times satisfy the requirements of the Trust Indenture Act and Section 26(a)(1) of the Investment Company Act of 1940 and have a combined capital and surplus of at least \$50,000,000 and a long-term debt rating of BBB- (or the equivalent thereof) or better by all of the rating agencies rating the bonds and from which a rating is available. If the trustee consolidates with, merges or converts into, or transfers all or substantially all of its corporate trust business or assets to, another entity, the resulting, surviving or transferee entity will without any further action be the successor trustee.

The trustee shall not be liable for any action it takes or omits to take in good faith that it believes to be authorized or within its rights or powers, provided that its conduct does not constitute willful misconduct, negligence or bad faith. We have agreed to indemnify the trustee and its officers, directors, employees and agents against any and all loss, liability or expense (including reasonable attorney's fees and expenses) incurred by it in connection with the administration of the trust and the performance of its duties under the indenture, provided that we are not required to pay any expense or indemnify against any loss, liability or expense incurred by the trustee through the trustee's own willful misconduct, negligence or bad faith.

[Table of Contents](#)**SECURITY FOR THE SECURITIZATION BONDS****General**

The bonds issued under the indenture will be non-recourse obligations and are payable solely from and secured solely by a pledge of and lien on the securitization property and the other collateral as provided in the indenture. If and to the extent the securitization property and the other assets of the trust estate are insufficient to pay all amounts owing with respect to the bonds, then the bondholders will generally have no claim in respect of such insufficiency against us or any other person or entity. By the acceptance of the bonds, the bondholders waive any such claim.

As noted under “Description of the Securitization Bonds”, we will issue the bonds pursuant to the terms of the indenture. We will establish the particular terms of the bonds in the series supplement. We will describe the material terms of the bonds in the prospectus supplement.

Pledge of Collateral

To secure the payment of principal of and interest on the bonds, we will grant to the trustee a security interest in all of our right, title and interest (whether owned on the issuance date or thereafter acquired or arising) in and to the following property:

- the securitization property created under and pursuant to the financing order and Act 142, and transferred by the seller to us pursuant to the sale agreement (including, to the fullest extent permitted by law, the right to impose, collect and receive securitization charges, the right to obtain periodic adjustments to those charges, and all revenue, collections, payments, money and proceeds arising out of the rights and interests created under the financing order);
- all securitization charges related to the securitization property;
- the sale agreement and the bill of sale executed in connection therewith and all property and interests in property transferred under the sale agreement and the bill of sale with respect to the securitization property and the securitization bonds;
- the servicing agreement, the administration agreement, the intercreditor agreement and any subservicing, agency, administration or collection agreements executed in connection therewith, to the extent related to the foregoing securitization property and the securitization bonds;
- the collection account, all subaccounts thereof and all amounts of cash, instruments, investment property or other assets on deposit therein or credited thereto from time to time and all financial assets and securities entitlements carried therein or credited thereto;
- all rights to compel the servicer to file for and obtain true-up adjustments to the securitization charges in accordance with Act 142 and the financing order;
- all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing, whether such claims, demands, causes and choses in action constitute securitization property, accounts, general intangibles, instruments, contract rights, chattel paper or proceeds of such items or any other form of property;
- all accounts, chattel paper, deposit accounts, documents, general intangibles, goods, instruments, investment property, letters of credit, letters-of-credit rights, money, commercial tort claims and supporting obligations related to the foregoing; and
- all payments on or under and all proceeds in respect of any or all of the foregoing.

Our collateral does not include:

- cash that has been released pursuant to the terms of the indenture; and
- amounts deposited with us on the issuance date, for payment of costs of issuance with respect to the bonds (together with any interest earnings thereon).

We refer to the foregoing assets in which we, as assignee of the seller, will grant the trustee a security interest as the **collateral**. Please read “—How Funds in the Collection Account will be Allocated”.

Security Interest in the Collateral

Act 142 provides that securitization property shall constitute an account as that term is defined under the Michigan Uniform Commercial Code. Act 142 further provides that, notwithstanding the provisions of the Michigan Uniform Commercial Code, the law of the State of Michigan shall govern the perfection and the effect of perfection and priority of any security interest in the securitization property, and that Act 142 shall control in any conflict between Act 142 and any other law of the State of Michigan regarding the attachment and perfection and the effect of perfection and priority of any security interest in securitization property. In addition, Act 142 provides that a valid and enforceable lien and security interest in securitization property may be created only by a financing order and the execution and delivery of a security agreement with a financing party in connection with the issuance of securitization bonds. Act 142 provides that the lien and security interest shall attach automatically from the time that value is received for the bonds and shall be a continuously perfected lien and security interest in the securitization property, and all proceeds of the property, whether accrued or not, shall have priority in the order of filing when a financing statement has been filed with respect to the security interest in accordance with the Michigan Uniform Commercial Code and take precedence over any subsequent judicial and other lien creditor. In addition to the rights and remedies provided by Act 142, Act 142 provides that all rights and remedies with respect to a security interest provided by the Michigan Uniform Commercial Code shall apply to the securitization property and that the transfer of an interest in securitization property to an assignee shall be perfected against all third parties, including subsequent judicial and other lien creditors, when a financing statement has been filed with respect to the transfer in accordance with the Michigan Uniform Commercial Code. Act 142 further provides that the priority of a lien and security interest under Act 142 is not impaired by any later modification of the financing order or by the commingling of funds arising from securitization charges with other funds, that any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party and that, if securitization property has been transferred to an assignee, any proceeds of that property shall be held in trust for the assignee.

The indenture states that it constitutes a security agreement within the meaning of Act 142. The servicer's duties under the servicing agreement include the filing with the Michigan Department of State of the filing required by Act 142 to perfect the lien of the trustee in the securitization property. The seller will represent, at the time of issuance of the bonds, that no prior filing has been made under the terms of Act 142 with respect to the securitization property securing the bonds to be issued other than a filing that provides the trustee with a first priority perfected security interest in such securitization property.

Right of Sequestration

Act 142 provides that, in the event of default by the electric utility or its successors in payment of revenues arising with respect to securitization property, the MPSC or a court of appropriate jurisdiction, upon the application of the financing party, and without limiting any other remedies available to the financing party, shall order the sequestration and payment to the financing party of revenues arising with respect to the securitization property and that an order shall remain in full force and effect notwithstanding any bankruptcy, reorganization or other insolvency proceedings with respect to the debtor, pledgor or transferor of the property.

Description of Indenture Accounts

Collection Account

Pursuant to the indenture, we will establish a segregated trust account for the bonds called the **collection account** with an eligible institution (as defined below) for the benefit of the trustee. The collection account will be under the sole dominion and exclusive control of the trustee. There shall be established by the trustee in respect of the collection account three subaccounts: a **general subaccount**, an **excess funds subaccount** and a **capital subaccount**, which need not be separate bank accounts. For administrative purposes, the subaccounts may be established by the trustee as separate accounts that will be recognized individually as subaccounts and collectively as the collection account. All amounts in the collection account not allocated to any other subaccount will be allocated to the general subaccount. Unless the context indicates otherwise, references in this prospectus and the prospectus supplement to the collection account include the collection account and each of the subaccounts contained therein.

The following institutions are **eligible institutions** for the establishment of the collection account:

- the corporate trust department of the trustee, so long as any of the securities of the trustee has a credit rating from each rating agency in one of its generic rating categories that signifies investment grade; or
- a depository institution organized under the laws of the United States of America or any State (or any domestic branch of a foreign bank) (i) that has either (A) a long-term issuer rating of AA- or higher by S&P and A2 or higher by

[Table of Contents](#)

Moody's or (B) a short-term issuer rating of A-1+ or higher by S&P and P-1 or higher by Moody's or any other long-term, short-term or certificate of deposit rating acceptable to the rating agencies and (ii) whose deposits are insured by the Federal Deposit Insurance Corporation.

If so qualified under the second bullet point above, the trustee may be considered an eligible institution for the first bullet point above.

Permitted Investments for Funds in the Collection Account

Funds in the collection account may be invested only in such investments as meet the criteria set forth in the indenture.

The trustee will have access to the collection account for the purpose of making deposits in and withdrawals from the collection account in accordance with the indenture. The servicer will select the eligible investments in which funds will be invested, unless otherwise directed by us.

The servicer will remit securitization charge payments to the collection account in the manner described under "The Servicing Agreement — Remittances to Collection Account".

General Subaccount

The general subaccount will hold all funds held in the collection account that are not held in the other two subaccounts. The servicer will remit all securitization charge payments to the general subaccount. On each payment date, the trustee will draw on amounts in the general subaccount to pay our expenses and to pay interest and make scheduled payments on the bonds, and to make other payments and transfers in accordance with the terms of the indenture. Funds in the general subaccount will be invested in the eligible investments described above.

Excess Funds Subaccount

The trustee, at the direction of the servicer, will allocate to the excess funds subaccount securitization charge collections available with respect to any payment date in excess of amounts necessary to make the payments specified on such payment date. The excess funds subaccount will also hold all investment earnings on the collection account in excess of such amounts.

Capital Subaccount

In connection with the issuance of the bonds, the seller, in its capacity as our sole owner, will contribute capital to us in an amount equal to the **required capital level**, which will be at least 0.5% of the initial principal amount of the bonds issued. This amount will be funded by the seller and not from the proceeds of the sale of the bonds, and will be deposited into the capital subaccount on the issuance date. In the event that amounts on deposit in the general subaccount and the excess funds subaccount are insufficient to make scheduled payments of principal of and interest on the bonds and payments of fees and expenses contemplated by the first eight bullet points under "How Funds in the Collection Account will be Allocated" below, the trustee will draw on amounts in the capital subaccount to make such payments up to the amount of such insufficiency. In the event of any such withdrawal, collected securitization charges available on any subsequent payment date that are not necessary to pay scheduled payments of principal of and interest on the bonds and payments of fees and expenses will be used to replenish any amounts drawn from the capital subaccount. If the bonds have been retired as of any payment date, the amounts on deposit in the capital subaccount will be released to us, free of the lien of the indenture.

How Funds in the Collection Account will be Allocated

On each payment date, the trustee will with respect to the bonds, pay or allocate, at the direction of the servicer, all amounts on deposit in the collection account (including investment earnings thereon) to pay the following amounts in the following priority:

1. payment of the trustee's fees, expenses and outstanding indemnity amounts in an amount not to exceed annually the amount set forth in the prospectus supplement;
2. payment of the servicing fee, which will be a fixed amount specified in the servicing agreement, plus any unpaid servicing fees from prior payment dates as described under "The Servicing Agreement—Servicing Compensation";
3. payment of the administration fee, which will be a fixed amount specified in the administration agreement between us and Consumers Energy, and of the fees of our independent managers, which will be in an amount specified in an

[Table of Contents](#)

agreement between us and our independent managers, plus any unpaid administration or management fees from prior payment dates;

4. payment of all of our other ordinary periodic operating expenses relating to the bonds, such as accounting and audit fees, rating agency and related fees (i.e. website provider fees), legal fees and certain reimbursable costs of the administrator under the administration agreement;
5. payment of the interest then due on the bonds, including any past-due interest (together with, to the extent lawful, interest thereon);
6. payment of the principal required to be paid on the bonds on the final maturity date or as a result of acceleration upon an event of default;
7. payment of the principal then scheduled to be paid on the bonds in accordance with the expected sinking fund schedule, including any previously unpaid scheduled principal, paid pro rata among the bonds if there is a deficiency;
8. payment of any of our remaining unpaid operating expenses (including any such amounts owed to the trustee but unpaid due to the limitation in clause 1 above) and any remaining amounts owed pursuant to the basic documents;
9. replenishment of any amounts drawn from the capital subaccount;
10. so long as no event of default has occurred and is continuing, release to Consumers Energy of an amount equal to investment earnings since the previous payment date (or, in the case of the first payment date, since the issuance date) on the initial amount deposited by it into the capital subaccount;
11. allocation of the remainder, if any, to the excess funds subaccount; and
12. after the bonds have been paid in full and discharged and all of the foregoing amounts are paid in full, the balance, together with all amounts in the capital subaccount and the excess funds subaccount, to us free and clear of the lien of the indenture.

The amounts of the limit on trustee fees and expenses and indemnity amounts referred to in clause (1) above and the servicing fee referred to in clause (2) above, and the amount of the administrative fee referred to in clause (3) above, will be described in the prospectus supplement.

If on any payment date funds on deposit in the general subaccount are insufficient to make the payments contemplated by clauses (1) through (8) above, the trustee will first, draw from amounts on deposit in the excess funds subaccount, and second, draw from amounts on deposit in the capital subaccount, up to the amount of the shortfall, in order to make those payments in full. If the trustee uses amounts on deposit in the capital subaccount to pay those amounts or make those transfers, as the case may be, subsequent adjustments to the securitization charges will take into account, among other things, the need to replenish those amounts. In addition, if on any payment date funds on deposit in the general subaccount are insufficient to make the transfers described in clause (9) above, the trustee will draw from any amounts on deposit in the excess funds subaccount to make such transfers.

If, on any payment date, available collections of the securitization charges, together with available amounts in the subaccounts, are not sufficient to pay interest due on all outstanding bonds on that payment date, amounts available will be allocated pro rata based on the amount of interest payable. If, on any payment date, remaining collections of the securitization charges, together with available amounts in the subaccounts, are not sufficient to pay principal due and payable on all outstanding bonds on that payment date, amounts available will be allocated pro rata based on the principal amount then due and payable. If, on any payment date, remaining collections of the securitization charges, together with available amounts in the subaccounts, are not sufficient to pay principal scheduled to be paid on all outstanding bonds, amounts available will be allocated pro rata based on the principal amounts then scheduled to be paid on the payment date.

On any business day on which the trustee receives a written request from the administrator stating that any operating expense payable by us (but only as described in clauses (1) through (4) above) will become due and payable prior to the next payment date, and setting forth the amount and nature of such operating expense, as well as any supporting documentation that the trustee may reasonably request, the trustee, upon receipt of such information will make payment of such operating expenses on or before the date such payment is due from amounts on deposit in the general subaccount, the excess funds subaccount and the capital subaccount, in that order and only to the extent required to make such payment.

State Pledge

Section 10n(1) of Act 142 provides: "Securitization bonds are not a debt or obligation of the state and are not a charge on its full faith and credit or taxing power." Under Section 10n(2) of Act 142, "The state pledges, for the benefit and protection

[Table of Contents](#)

of the financing parties and the electric utility, that it will not take or permit any action that would impair the value of securitization property, reduce or alter, except as allowed under section 10k(3) {which provides for the true-up mechanism}, or impair the securitization charges to be imposed, collected, and remitted to financing parties, until the principal, interest and premium, and any other charges incurred and contracts to be performed in connection with the related securitization bonds have been paid and performed in full.” Act 142 further provides that any party issuing securitization bonds is authorized to include this pledge in any documentation relating to those bonds.

Act 142 provides that the financing parties, including the bondholders and the trustee, for the benefit of the bondholders, and the electric utility will be entitled to the benefit of the pledge of the State of Michigan set forth above. We have included the pledge in the indenture and the bonds for the benefit of the trustee and the bondholders, and acknowledge that any purchase by a bondholder of a bond is made in reliance on the pledge of the State of Michigan.

[Table of Contents](#)

WEIGHTED AVERAGE LIFE AND YIELD CONSIDERATIONS FOR THE SECURITIZATION BONDS

The rate of principal payments, the amount of each interest payment and the actual final payment date of each tranche of the bonds and the weighted average life thereof will depend primarily on the timing of receipt of collected securitization charges by the trustee and the true-up mechanism. The aggregate amount of collected securitization charges and the rate of principal amortization on the bonds will depend, in part, on actual energy usage and the rate of delinquencies and write-offs. The securitization charges are required to be adjusted from time to time based in part on the actual rate of collected securitization charges. However, we can give no assurance that the servicer will be able to forecast accurately actual electricity usage and the rate of delinquencies and write-offs or implement adjustments to the securitization charges that will cause collected securitization charges to be received at any particular rate. Please read “Risk Factors—Servicing Risks—Inaccurate forecasting of electric usage or collections might reduce scheduled payments on the securitization bonds” and “Consumers Energy’s Financing Order—True-Up Mechanism”.

The bonds may be retired later than expected. Except in the event of an acceleration of the final payment date of the bonds after an event of default, however, the bonds will not be paid at a rate faster than that contemplated in the expected sinking fund schedule for each tranche of the bonds even if the receipt of collected securitization charges is accelerated. Instead, receipts in excess of the amounts necessary to amortize the bonds in accordance with the applicable expected sinking fund schedules to pay interest and ongoing other qualified costs and any other related fees and expenses and to fund deficiencies in the capital subaccount of the collection account will be allocated to the excess funds subaccount. Amounts on deposit in the excess funds subaccount will be taken into consideration in calculating the next true-up adjustment. Acceleration of the final maturity date after an event of default in accordance with the terms thereof will result in payment of principal earlier than the related scheduled final payment dates. A payment on a date that is earlier than forecast might result in a shorter weighted average life, and a payment on a date that is later than forecast might result in a longer weighted average life. In addition, if a larger portion of the delayed payments on the bonds is received in later years, the bonds may have a longer weighted average life.

[Table of Contents](#)**THE SALE AGREEMENT**

The following summary describes particular material terms and provisions of the sale agreement pursuant to which we will purchase securitization property from the seller. The form of the sale agreement is being filed as an exhibit to the registration statement of which this prospectus forms a part. This summary does not purport to be complete and is subject and qualified by reference to the provisions of the sale agreement.

Sale and Assignment of the Securitization Property

On the issuance date the seller will irrevocably sell, transfer, assign, set over and otherwise convey the securitization property to us, subject to the satisfaction of the conditions specified in the sale agreement and the indenture. We will finance the purchase of the securitization property through the issuance of the bonds. On the issuance date, the seller will sell to us, without recourse, its entire right, title and interest in and to the securitization property. The securitization property will include all of the seller's rights under the financing order related to such securitization property to impose, collect and receive securitization charges, and including the right to obtain true-up adjustments and all revenue, collections, payments, money and proceeds arising out of rights and interests under the financing order.

Act 142 provides that securitization property shall constitute our present property right even though the imposition and collection of securitization charges depends on the further acts of the electric utility or others that have not yet occurred. Act 142 also provides that an agreement by an electric utility or assignee to transfer securitization property that expressly states that the transfer is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the securitization property is transferred, and that a true sale under this section of Act 142 applies regardless of whether the issuer has any recourse against the seller, or any other term of the parties' agreement, including the seller's retention of an equity interest in the securitization property, the fact that the seller acts as a collector of securitization charges relating to the securitization property or the treatment of the transfer as a financing for tax, financial reporting or other purposes.

Act 142 further provides that, upon the issuance of the financing order, the execution and delivery of the sale agreement and the related bill of sale and the filing of a financing statement with the Michigan Department of State in accordance with the Michigan Uniform Commercial Code, the transfer of the securitization property will be perfected as against all third persons, including subsequent judicial or other lien creditors.

Conditions to the Sale of Securitization Property

Our obligation to purchase and the seller's obligation to sell securitization property on the issuance date is subject to the satisfaction of each of the following conditions:

- on or prior to the issuance date, the seller shall have delivered to us a duly executed bill of sale identifying the securitization property to be conveyed on that date;
- on or prior to the issuance date, the seller shall have obtained the financing order from the MPSC creating the securitization property;
- as of the issuance date, the seller may not be insolvent and may not be made insolvent by the sale of securitization property to us, and the seller may not be aware of any pending insolvency with respect to itself;
- as of the issuance date, the representations and warranties of the seller in the sale agreement must be true and correct with the same force and effect as if made on that date (except to the extent they relate to an earlier date), the seller may not have breached any covenant or agreement in the sale agreement, and the servicer shall not have defaulted or be in default under the servicing agreement;
- as of the issuance date, we must have sufficient funds available to pay the purchase price for securitization property to be conveyed and all conditions to the issuance of the bonds intended to provide the funds set forth in the indenture must have been satisfied or waived;
- on or prior to the issuance date, the seller must have taken all action required to transfer ownership of securitization property to be conveyed to us on the issuance date, free and clear of all liens other than liens created by us pursuant to the basic documents and to perfect such transfer, including filing any statements or filings under Act 142 or the Michigan Uniform Commercial Code; and we or the servicer, on our behalf, must have taken any action required for us to grant the trustee a lien and first priority perfected security interest in the collateral and maintain that security interest as of the issuance date;
- the seller must deliver to us and to the rating agencies any opinions of counsel required by the rating agencies;

[Table of Contents](#)

- the seller must receive and deliver to us and the trustee an opinion or opinions of outside tax counsel (as selected by the seller, and in form and substance reasonably satisfactory to us and the trustee) to the effect that (i) we will not be subject to U.S. federal income tax as an entity separate from our sole owner and that the bonds will be treated as debt of our sole owner for U.S. federal income tax purposes and (ii) for U.S. federal income tax purposes, the issuance of the bonds will not result in gross income to the seller;
- on and as of the issuance date, our certificate of formation, our limited liability company agreement, the servicing agreement, the sale agreement, the indenture, Act 142 and the financing order must be in full force and effect;
- the securitization bonds shall have received any rating or ratings required by the financing order; and
- the seller must deliver to us and to the trustee an officer's certificate confirming the satisfaction of each of these conditions.

Seller Representations and Warranties

In the sale agreement, the seller will represent and warrant to us, as of the issuance date, to the effect, among other things, that:

- subject to the clause below regarding assumptions used in calculating the securitization charges as of the issuance date, all written information, as amended or supplemented from time to time, provided by the seller to us with respect to the securitization property (including the expected amortization schedule and the financing order relating to the securitization property) is true and correct in all material respects;
- no portion of the transferred securitization property has been sold, transferred, assigned or pledged or otherwise conveyed by the seller to any person or entity other than us, and, to the seller's knowledge (after due inquiry), no security agreement, financing statement or equivalent security or lien instrument listing the seller as debtor covering all or any part of the securitization property is on file or of record in any jurisdiction, except as may have been filed, recorded or made in favor of us or the trustee in connection with the basic documents;
- the seller has not authorized the filing of and is not aware (after due inquiry) of any financing statement against it that includes a description of collateral including the securitization property other than any financing statement filed, recorded or made in favor of us or the trustee in connection with the basic documents;
- the seller is not aware (after due inquiry) of any judgment or tax lien filings against us or the seller;
- on the issuance date, immediately upon the sale under the sale agreement, the securitization property will be validly transferred and sold to us, we will own the securitization property free and clear of all liens (except for liens created in favor of the trustee granted under the indenture and perfected under Act 142) and all filings and action to be made or taken by the seller (including filings with the Michigan Department of State under Act 142) necessary in any jurisdiction to give us a perfected ownership interest (subject to any lien created by us in your favor under the indenture or Act 142) in the securitization property will have been made or taken;
- under the laws of the State of Michigan (including Act 142) and the United States in effect on the issuance date:
 - the financing order pursuant to which the rights and interests of the seller have been created, including the right to impose, collect and receive the securitization charges and the interest in and to the securitization property, has become final and non-appealable and is in full force and effect;
 - as of the issuance of the bonds, those bonds are entitled to the protection provided in Act 142 and, accordingly, the financing order and securitization charges are not revocable by the MPSC;
 - as of the issuance of the bonds, revisions to Consumers Energy's electric tariff to implement the securitization charges have been filed and are in full force and effect, such revisions are consistent with the financing order, and any electric tariff implemented consistent with a financing order issued by the MPSC is not subject to modification by the MPSC except for true-up adjustments made in accordance with Act 142;
 - the process by which the financing order was adopted and approved complies with all applicable laws, rules and regulations;
 - the financing order is not subject to appeal and is legally enforceable, and the process by which it was issued complied with all applicable laws, rules and regulations; and

[Table of Contents](#)

- no other approval, authorization, consent, order or other action of, or filing with, any governmental authority is required in connection with the creation of the securitization property, except those that have been obtained or made;
- under Act 142, the State of Michigan may not take or permit any action that would impair the value of the securitization property, reduce or alter, except as allowed in connection with a true-up adjustment, or impair the securitization charges to be imposed, collected and remitted to us, until the principal, interest and premium, and any other charges incurred and contracts to be performed, in connection with the securitization bonds have been paid and performed in full; and, under the contract clauses of the State of Michigan and United States Constitutions, the State of Michigan, including the MPSC, could not constitutionally take any action of a legislative character, including the repeal or amendment of Act 142 or the financing order (including repeal or amendment by voter initiative as defined in the Michigan Constitution or by amendment of the Michigan Constitution), that would substantially impair the value of the securitization property or substantially reduce or alter, except as allowed in connection with a true-up adjustment, or substantially impair the securitization charges to be imposed, collected and remitted to us, unless this action is a reasonable exercise of the State of Michigan's sovereign powers and of a character reasonable and appropriate to the public purpose justifying this action and, under the takings clauses of the State of Michigan and United States Constitutions, the State of Michigan, including the MPSC, could not repeal or amend Act 142 or the financing order (including repeal or amendment by voter initiative as defined in the Michigan Constitution or by amendment of the Michigan Constitution) or take any other action in contravention of its pledge described in the first clause of this bullet point, without paying just compensation to the holders, as determined by a court of competent jurisdiction, if this action would constitute a permanent appropriation of a substantial property interest of the holders in the securitization property and deprive the holders of their reasonable expectations arising from their investment in the securitization bonds; however, there is no assurance that, even if a court were to award just compensation, it would be sufficient to pay the full amount of principal of and interest on the securitization bonds;
- based on information available to the seller on the issuance date, the assumptions used in calculating the securitization charges as of the issuance date are reasonable and are made in good faith; however, notwithstanding the foregoing, Consumers Energy makes no representation or warranty, express or implied, that amounts actually collected arising from those securitization charges will in fact be sufficient to meet the payment obligations on the bonds or that the assumptions used in calculating such securitization charges will in fact be realized; and
- upon the effectiveness of the financing order and the transfer of the securitization property to us:
 - the rights and interests of the seller under the financing order, including the right to impose, collect and receive the securitization charges established in the financing order, become securitization property;
 - the securitization property constitutes a present property right vested in us;
 - the securitization property includes the rights and interests of the seller in the financing order and the securitization charges, the right to impose, collect and receive securitization charges, and including the right to obtain true-up adjustments (with respect to adjustments, in the manner and with the effect provided in the servicing agreement) and all revenue, collections, payments, money and proceeds arising out of the rights and interests created under the financing order and the right of the seller to impose, collect and receive periodic adjustments of such securitization charges;
 - the owner of the securitization property is legally entitled to bill securitization charges for a period not greater than 15 years after the date securitization charges are first billed and to collect and post payments in respect of the securitization charges in the aggregate sufficient to pay the interest on and principal of the bonds and ongoing other qualified costs in accordance with the indenture, to pay the fees and expenses of servicing the bonds and ongoing other qualified costs, and to replenish the capital subaccount to the required capital level until the bonds are paid in full, and the securitization rate class allocation percentages in the financing order do not prohibit the owner of the transferred securitization property from obtaining adjustments and effecting allocations to the securitization charges in order to collect payments of such amounts; and
 - the securitization property is not subject to any lien other than the lien created by the basic documents or pursuant to Act 142.

These representations and warranties made above by the seller will survive the execution and delivery of the sale agreement and our pledge of the securitization property to the trustee. The seller will further represent and warrant that:

The seller will not make any representation or warranty, express or implied, that billed securitization charges will be actually collected from covered electric customers.

Certain of the representations and warranties that the seller will make in the sale agreement involve conclusions of law. The seller will make those representations and warranties in order to reflect the good faith understanding of the legal basis on which the bondholders are purchasing the bonds and to reflect the agreement that, if this understanding proves to be incorrect, the seller will be obligated to indemnify us.

The seller will not be in breach of any representation or warranty as a result of any change in law occurring after the issuance date, including by means of any legislative enactment, constitutional amendment or voter initiative (if subsequently authorized) that renders any of the representations or warranties untrue.

Covenants of the Seller

In the sale agreement, the seller will make the following covenants:

- Subject to its right to assign its rights and obligations to a successor utility under the sale agreement, so long as any of the bonds are outstanding, the seller will (i) keep in full force and effect its existence and remain in good standing under the laws of the jurisdiction of its organization, (ii) obtain and preserve its qualifications to do business in those jurisdictions necessary to protect the validity and enforceability of the sale agreement and the other basic documents or to the extent necessary to perform its obligations under the sale agreement and the other basic documents and (iii) continue to operate its electric distribution system to provide electric service to its covered electric customers.
- Except for the conveyances under the sale agreement or any lien pursuant to the indenture in favor of the trustee for the benefit of the bondholders or any lien that may be granted under the basic documents, the seller will not sell, pledge, assign or transfer, or grant, create, incur, assume or suffer to exist any lien on, any of the securitization property, or any interest therein, and the seller will defend the right, title and interest of us and of the trustee on behalf of the bondholders, in, to and under the securitization property against all claims of third parties claiming through or under the seller. The seller also covenants that, in its capacity as seller, it will not at any time assert any lien against, or with respect to, any of the securitization property.
- If the seller receives any payments in respect of the securitization charges or the proceeds thereof other than in its capacity as the servicer, the seller agrees to pay all those payments to the servicer as soon as practicable after receipt thereof, on behalf of us, and to hold such amounts in trust for us and the trustee prior to such payment.
- The seller will notify us and the trustee promptly after becoming aware of any lien on any of the securitization property, other than the conveyances under the sale agreement, and any lien pursuant to the basic documents, or any lien under Act 142 created for our benefit or for the benefit of the bondholders and the trustee.
- The seller agrees to comply with its organizational documents and all laws, treaties, rules, regulations and determinations of any governmental authority applicable to it, except to the extent that failure to so comply would not materially adversely affect our or the trustee's interests in the securitization property or under the basic documents to which the seller is a party or the seller's performance of its obligations under the basic documents to which the seller is a party.
- So long as any of the bonds are outstanding, the seller will:
 - treat the securitization property as our property for all purposes other than for financial reporting or state or federal regulatory or tax purposes and treat the bonds as debt for all purposes and specifically as our debt, other than for financial reporting or state or federal regulatory or tax purposes;

[Table of Contents](#)

- solely for the purposes of U.S. federal income taxes and, to the extent consistent with applicable state, local or other tax law, for purposes of state, local or other tax law, treat the bonds as indebtedness of the seller (as our sole owner) secured by the collateral unless otherwise required by an appropriate taxing authority;
- disclose in its financial statements that we and not the seller are the owner of the securitization property and that our assets are not available to pay creditors of the seller or its affiliates (other than us);
- not own or purchase any bonds; and
- disclose the effects of all transactions between us and the seller in accordance with generally accepted accounting principles.
- The seller agrees that, upon the sale by the seller of securitization property to us pursuant to the sale agreement:
 - to the fullest extent permitted by law, including any applicable MPSC regulations and Act 142, we will have all of the rights originally held by the seller with respect to the securitization property, including the right (subject to the terms of the servicing agreement) to exercise any and all rights and remedies to collect any amounts payable by any covered electric customer in respect of the securitization property, notwithstanding any objection or direction to the contrary by the seller (and the seller agrees not to make any such objection or to take any such contrary action); and
 - any payment by any covered electric customer to us will discharge that covered electric customer's obligations, if any, in respect of the securitization property to the extent of that payment, notwithstanding any objection or direction to the contrary by the seller.
- So long as any of the bonds are outstanding:
 - in all proceedings relating directly or indirectly to the securitization property, the seller will affirmatively certify and confirm that it has sold all of its rights and interests in and to such property (other than for financial reporting or tax purposes);
 - the seller will not make any statement or reference in respect of the securitization property that is inconsistent with our ownership interest (other than for financial accounting or state or regulatory or tax purposes);
 - the seller will not take any action in respect of the securitization property except solely in its capacity as servicer pursuant to the servicing agreement or as otherwise contemplated by the basic documents; and
 - neither the seller nor the issuing entity will make any election, file any tax return or take any other action inconsistent with the treatment of the issuing entity, for U.S. federal income tax purposes and, to the extent consistent with applicable state tax law, state income and franchise tax purposes, as a disregarded entity that is not separate from the seller (or, if relevant, from another sole owner of us, as the issuing entity).
- The seller will execute and file the filings required by law to fully preserve, maintain, protect and perfect our ownership interest in and the trustee's lien on the securitization property, including all filings required under Act 142 and the Michigan Uniform Commercial Code relating to the transfer of the ownership of the rights and interests related to the bonds under the financing order by the seller to us and the pledge of the securitization property to the trustee. The seller will deliver or cause to be delivered to us and the trustee file-stamped copies of, or filing receipts for, any document so filed. The seller will institute any action or proceeding necessary to compel performance by the MPSC, the State of Michigan or any of their respective agents of any of their obligations or duties under Act 142 or the financing order. The seller also will take those legal or administrative actions, including defending against or instituting and pursuing legal actions and appearing or testifying at hearings or similar proceedings, in each case, as may be reasonably necessary (i) to protect us, the bondholders and the trustee from claims, state actions or other actions or proceedings of third parties that, if successfully pursued, would result in a breach of any representation or warranty or covenant of the seller in the sale agreement and (ii) to block or overturn any attempts to cause a repeal of, modification of or supplement to Act 142, the financing order or the rights of holders by legislative enactment or constitutional amendment that would be materially adverse to us, the trustee or the bondholder or that would otherwise cause an impairment of our rights or those of the bondholders and the trustee, and the seller will pay the costs of any such actions or proceedings.
- Even if the sale agreement or the indenture is terminated, the seller will not, prior to the date that is one year and one day after the termination of the indenture and payment in full of the bonds or any other amounts owed under the indenture, petition or otherwise invoke or cause us to invoke the process of any court or government authority for the purpose of commencing or sustaining a case against us under any federal or state bankruptcy, insolvency or similar

[Table of Contents](#)

law, appointing a receiver, liquidator, assignee, trustee, custodian, sequestrator or other similar official or any substantial part of our property, or ordering the winding up or liquidation of our affairs.

- So long as any of the bonds are outstanding, the seller will, and will cause each of its subsidiaries to, pay all taxes, assessments and governmental charges imposed upon it or any of its properties or assets or with respect to any of its business, income or property before any penalty accrues if the failure to pay any such taxes, assessments and governmental charges would, after any applicable grace periods, notices or other similar requirements, result in a lien on the transferred securitization property; provided, that no such tax need be paid if the seller or any of its affiliates is contesting the same in good faith by appropriate proceedings promptly instituted and diligently conducted and if the seller or such affiliate has established appropriate reserves as shall be required in conformity with generally accepted accounting principles.
- Promptly after obtaining knowledge of any breach in any material respect (without regard to any materiality qualifier contained in such representation, warranty or covenant) of its representations, warranties or covenants in the sale agreement, the seller will notify us, the trustee and the rating agencies of the breach.
- The seller will use the proceeds of the sale of the securitization property in accordance with the financing order and Act 142.
- The seller shall not become a party to any (i) trade receivables purchase and sale agreement or similar arrangement under which it sells all or any portion of its accounts receivables owing from Michigan electric distribution customers unless the trustee, the seller and the other parties to such additional arrangement shall have entered into an intercreditor agreement in connection therewith and the terms of the documentation evidencing such trade receivables purchase and sale arrangement or similar arrangement shall expressly exclude securitization property (including securitization charges) from any receivables or other assets pledged or sold under such arrangement or (ii) sale agreement selling to any other affiliate property consisting of charges payable, other than the sale of securitization charges pursuant to the sale agreement, by covered electric customers pursuant to Act 142 or any similar law, unless the seller has entered into an intercreditor agreement with the trustee and the trustee for such other issuance.
- Upon our request, the seller will execute and deliver such further instruments and do such further acts as may be necessary to carry out more effectively the provisions and purposes of the sale agreement.

Indemnification

The seller will indemnify, defend and hold harmless us, the trustee (for itself and for the benefit of the bondholders) and any of our and the trustee's respective officers, directors, employees and agents against:

- any and all amounts of principal of and interest on the bonds not paid when due or when scheduled to be paid;
- any deposits required to be made by or to us under the basic documents or the financing order that are not made when required; and
- any and all other liabilities, obligations, losses, claims, damages, payments, costs or expenses incurred by any of these persons or entities,

in each case, as a result of a breach by the seller of any of its representations, warranties and covenants in the sale agreement.

The seller will indemnify us and the trustee (for itself and for the benefit of the bondholders) and each of their respective officers, directors, employees, trustees, managers and agents for, and defend and hold harmless each such person or entity from and against, any and all taxes (other than taxes imposed on the bondholders as a result of their ownership of bonds) that may at any time be imposed on or asserted against any such person or entity as a result of (i) the sale of the securitization property to us, (ii) our ownership and assignment of the securitization property, (iii) the issuance and sale by us of the bonds or (iv) the other transactions contemplated in the basic documents, including any franchise, sales, gross receipts, general corporation, tangible personal property, privilege or license taxes, but excluding any taxes imposed as a result of a failure of such person or entity to withhold or remit taxes with respect to payments on the bonds.

In addition, the seller will indemnify, defend and hold harmless the trustee (for itself), our independent managers and any of their respective officers, directors, employees and agents against any and all liabilities, obligations, losses, claims, damages, payments, costs or expenses incurred by any of these parties as a result of the seller's breach of any of its representations and warranties or covenants contained in the sale agreement, except to the extent of such losses either resulting from the willful misconduct, bad faith or gross negligence of such indemnified persons or resulting from a breach of a representation or warranty made by such indemnified persons in any of the basic documents that gives rise to the seller's breach. The seller shall not be required to indemnify any person or entity otherwise indemnified under the sale agreement for

[Table of Contents](#)

any amount paid or payable by such person or entity in the settlement of any action, proceeding or investigation without the prior written consent of the seller, which consent shall not be unreasonably withheld.

The seller will indemnify the servicer (if the servicer is not the seller) for the costs of any action instituted by the servicer pursuant to the servicing agreement that are not paid as an operating expense under the indenture.

The indemnification provided for in the sale agreement will survive any repeal of, modification of, supplement to, or judicial invalidation of, Act 142 or the financing order and will survive the resignation or removal of the trustee or the termination of the sale agreement and will rank in priority with other general, unsecured obligations of the seller. The seller shall not indemnify any person or entity otherwise indemnified under the sale agreement for any changes in law after the issuance date, whether such changes in law are effected by means of any legislative enactment, any constitutional amendment or any final and non-appealable judicial decision.

Consumers Energy's indemnification obligations will rank equally in right of payment with other general unsecured obligations of Consumers Energy.

Successors to the Seller

Any entity that becomes the successor by merger, conversion or consolidation or by otherwise succeeding to all or substantially all of the electric distribution assets of Consumers Energy may assume the rights and obligations of Consumers Energy under the sale agreement. So long as the conditions of any such assumption are met, Consumers Energy will automatically be released from its obligations under the sale agreement. The conditions include that:

- immediately after giving effect to any transaction referred to in this paragraph, no representation, warranty or covenant made in the sale agreement will have been breached, and no servicer default, and no event that, after notice or lapse of time, or both, would become a servicer default will have occurred and be continuing;
- the successor must execute an agreement of assumption to perform all of the obligations of the seller under the sale agreement;
- officer's certificates and opinions of counsel specified in the sale agreement will have been delivered to us, the trustee and the rating agencies; and
- the rating agencies specified in the sale agreement will have received prior written notice of the transaction.

Amendment

The sale agreement to be entered into upon or before the issuance of the bonds may be amended in writing by the seller and us, if a copy of the amendment is provided by us to each rating agency and the rating agency condition is satisfied, with the consent of the trustee. If any such amendment would adversely affect the interest of any bondholder in any material respect, the consent of a majority of bondholders of each affected tranche of bonds is also required. In determining whether a majority of bondholders have consented, bonds owned by us, Consumers Energy or any other affiliate of us shall be disregarded, except that, in determining whether the trustee shall be protected in relying upon any such consent, the trustee shall only be required to disregard any bonds it actually knows to be so owned.

[Table of Contents](#)**THE SERVICING AGREEMENT**

The following summary describes the material terms and provisions of the servicing agreement pursuant to which the servicer is undertaking to service the securitization property. The form of the servicing agreement is being filed as an exhibit to the registration statement of which this prospectus forms a part. This summary does not purport to be complete and is subject and qualified by reference to the provisions of the servicing agreement.

Servicing Procedures

The servicer, as our agent, will manage, service and administer, bill, collect and post all payments in respect of, the securitization property according to the terms of the servicing agreement. The servicer's duties will include:

- calculating usage, billing the securitization charges, collecting the securitization charges from covered electric customers and posting all collections;
- responding to inquiries of covered electric customers, the MPSC or any other governmental authority regarding the securitization property;
- investigating and handling delinquencies (and furnishing reports with respect to such delinquencies to us);
- processing and depositing collections and making periodic remittances;
- furnishing periodic reports and statements to us, the rating agencies and the trustee;
- making all filings with the MPSC and taking all other actions necessary to perfect our ownership interests in and the trustee's lien on the securitization property;
- making all filings and taking such other action as may be necessary to perfect the trustee's lien on and security interest in all collateral;
- selling, as our agent, as our interests may appear, defaulted or written off accounts;
- taking all necessary action in connection with true-up adjustments; and
- performing other duties specified under the financing order.

The servicer will be required to notify us, the trustee and the rating agencies in writing of any laws or MPSC regulations promulgated after the execution of the servicing agreement that have a material adverse effect on the servicer's ability to perform its duties under the servicing agreement. The servicer is also authorized to execute and deliver documents and to make filings and participate in proceedings on our behalf.

In addition, upon our reasonable request or the reasonable request of the trustee or any rating agency, the servicer will provide to us, the trustee or any rating agency public financial information about the servicer and any material information about the securitization property that is reasonably available, as may be reasonably necessary and permitted by law to enable us, the trustee or any rating agency to monitor the servicer's performance, and, so long as any bonds are outstanding, within a reasonable time after written request thereof, any information available to the servicer or reasonably obtainable by it that is necessary to calculate the securitization charges applicable to each securitization rate class. The servicer will also prepare any reports required to be filed by us with the SEC and will cause to be delivered required opinions of counsel to the effect that all filings with the State of Michigan and the Secretary of State of the State of Delaware necessary to preserve and protect the interests of the trustee in the securitization property have been made.

Servicing Standards and Covenants

The servicing agreement will require the servicer, in servicing and administering the securitization property, to employ or cause to be employed procedures and exercise or cause to be exercised the same care and diligence it customarily employs and exercises with respect to billing, collection and posting activities it conducts for its own account and, if applicable, for others.

The servicing agreement will require the servicer to implement procedures and policies to ensure that covered electric customers remit the securitization charges to the servicer on behalf of us and the bondholders. The servicer will also monitor payments and will impose collection policies on covered electric customers, as permitted under the financing order and the rules of the MPSC.

The servicing agreement will require the servicer to (i) manage, service, administer, bill, collect and post collections in respect of the securitization property with reasonable care and in material compliance with applicable requirements of law,

[Table of Contents](#)

including all applicable regulations of the MPSC, (ii) follow standards, policies and procedures in performing its duties as servicer that are customary in the electric distribution industry, (iii) use all reasonable efforts, consistent with its customary servicing procedures, to enforce, and maintain rights in respect of, the securitization property and to bill, collect and post the securitization charges, (iv) comply with all requirements of law, including all applicable regulations of the MPSC applicable to and binding on it relating to the securitization property, (v) file all reports with the MPSC required by the financing order, (vi) file and maintain the effectiveness of Michigan Uniform Commercial Code financing statements with respect to the property transferred under the sale agreement and (vii) take such other action on our behalf to ensure that the lien of the trustee on the collateral remains perfected and of first priority. The servicer shall follow customary and usual practices and procedures as it deems necessary or advisable in servicing the securitization property, which, in the servicer's judgment, may include taking legal action at the issuing entity's expense but subject to the priority of payments set forth in the indenture.

The servicing agreement will also require the servicer to provide various reports regarding the securitization charges and allocation of the securitization charges among various classes of covered electric customers and payments to the bondholders, in each case as are necessary to effect collection, allocation and remittance of payments in respect of securitization charges and other collected funds as required under the basic documents.

The servicer will be responsible for instituting any action or proceeding to compel performance by the State of Michigan or the MPSC of their respective obligations under Act 142, the financing order or any true-up adjustment. The servicer is also responsible for instituting any action or proceeding as may be reasonably necessary to block or overturn any attempts, including by legislative enactment, voter initiative or constitutional amendment, to cause a repeal, modification or judicial invalidation of Act 142 or the financing order that would be detrimental to the interest of the holders or that would cause an impairment of the rights of the issuing entity or the holders. The servicing agreement also designates the servicer as the custodian of our records and documents. The servicing agreement requires the servicer to indemnify us, our independent managers and the trustee (for itself and for the benefit of bondholders) for any negligent act or omission relating to the servicer's duties as custodian.

True-Up Adjustment Process

Act 142 and the financing order mandate that securitization charges on covered electric customers be reviewed and adjusted by the MPSC at least annually to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. In addition, the financing order provides that true-up adjustments are required on a semi-annual basis (or, one year prior to the last scheduled final payment date for the latest maturing tranche, on a quarterly basis) if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. True-up adjustments may also be made by the servicer more frequently at any time, without limits as to frequency, if the servicer determines that a true-up adjustment is necessary to ensure the expected recovery during the succeeding annual period of amounts required for the timely payment of debt service and other required amounts and charges in connection with the securitization bonds. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed. In the financing order, the MPSC affirms that it will act pursuant to the financing order to ensure that expected securitization charges are sufficient to pay on a timely basis all scheduled principal of and interest on the bonds and ongoing other qualified costs in connection with the securitization bonds. For more information on the true-up adjustment process, please read "Consumers Energy's Financing Order—True-Up Mechanism".

As part of each true-up adjustment, the servicer will calculate the securitization charges that must be billed in order to generate the revenues for the ensuing annual period necessary to result in:

- all accrued and unpaid interest on the bonds being paid in full;
- the outstanding principal balance of the bonds equaling the amount provided in the expected amortization schedule;
- the amount on deposit in the capital subaccount equaling the required capital level; and
- all other fees, expenses and indemnities of the issuing entity (up to any authorized amounts of any such payments set forth in the financing order) being paid.

In calculating the necessary true-up adjustment, the servicer will use its most recent forecast of energy consumption and its most current estimates of ongoing transaction-related expenses. The true-up adjustment will reflect any projected covered electric customer defaults or charge-offs and allowances for projected payment lags between the billing, collection and posting of securitization charges based upon the servicer's most recent experience regarding collection of securitization

[Table of Contents](#)

charges. The true-up adjustment will also take into account any reconciliation of overcollections or undercollections due to any reason.

There is no cap on the level of securitization charges that may be imposed on covered electric customers as a result of the true-up adjustment process to pay on a timely basis scheduled principal of and interest on the bonds and ongoing other qualified costs.

The financing order states that the MPSC's role in the true-up adjustment process is largely a mathematical one, and the more expeditiously the true-up adjustment occurs, the better for all parties. The financing order permits mid-year true-up adjustments to be implemented immediately without additional MPSC approval if the proposed true-up adjustment is not opposed. In calculating any true-up adjustment, the servicer will allocate payment responsibility among securitization rate classes in accordance with the requirements of the financing order.

Remittances to Collection Account

The servicer will remit securitization charge collections to the trustee for deposit in the general subaccount of the collection account. Each such remittance shall be remitted as soon as reasonably practicable, but in no event later than two business days following the business day on which payment is received from covered electric customers. For a description of the allocation of the deposits, please read "Security for the Securitization Bonds—How Funds in the Collection Account will be Allocated". Until securitization charge collections are remitted to the collection account, the servicer will not segregate them from its general funds. Please read "Risk Factors—Risks Associated with Potential Bankruptcy Proceedings of the Seller or the Servicer" in this prospectus.

The amount so remitted in respect of each business day will be equal to the aggregate securitization charge collections received from all securitization rate classes in respect of that business day. The securitization charge collections received from a securitization rate class in respect of any given business day will be calculated to be equal to the total collections received on that business day from that securitization rate class multiplied by a ratio, the numerator of which is the total securitization charges billed to that securitization rate class during the prior 21-business-day billing period, and the denominator of which is the total amounts billed to that securitization rate class during that same 21-business-day billing period.

The servicer is not obligated to make any payments on the bonds. In the case of any shortfall, Consumers Energy will allocate that shortfall ratably based on the amount owed to Consumers Energy or other parties and the total amounts owed. As described in the first paragraph above, the servicer will not segregate the securitization charges from amounts relating to the 2001-1 securitization bonds. The securitization charges will be segregated only when the servicer remits them to the trustee. Although Consumers Energy is the servicer with respect to the 2001-1 securitization bonds and will be the initial servicer with respect to the securitization bonds, as more fully described under "The Depositor, Seller, Initial Servicer and Sponsor", we are a separate legal entity from the 2001-1 securitization bond issuer, and the securitization bonds described in this prospectus and the prospectus supplement will be payable from collateral that is separate from that securing the 2001-1 securitization bonds. The 2001-1 securitization bond issuer will have no obligations under our securitization bonds, and we will have no obligations under the 2001-1 securitization bonds. Please read "Act 142—Electric Utilities May Securitize Qualified Costs", "Consumers Energy's Financing Order" and "Security for the Securitization Bonds".

Servicing Compensation

The servicer will be entitled to receive an annual servicing fee in an amount equal to:

- no more than the lowest rate between 0.05% and 0.10% on an annualized basis of the original principal amount of securitization bonds consistent with market conditions at the time of the bond issuance so long as the servicer remains Consumers Energy or an affiliate; or
- if Consumers Energy or any of its affiliates is not the servicer, an amount agreed upon by the successor servicer and the trustee, provided, that the fee shall not exceed 0.75% of the initial aggregate principal amount of the bonds.

The servicing fee shall be paid semi-annually, with half of the servicing fee being paid on each payment date. The servicer may invest securitization charge collections prior to remittance to the collection account and will be entitled to retain any interest earnings on securitization charge collections prior to remittance to the collection account, as well as all late payment charges, if any, collected from covered electric customers and to be reimbursed for ongoing other qualified costs as described in the servicing agreement. However, if the servicer has failed to remit the securitization charge collections to the collection account on the day that such payment is to be made on more than three occasions during the period that the bonds are outstanding, then thereafter the servicer will be required to pay to the trustee interest on each daily remittance accrued at the Federal Funds Rate from the business day on which such daily remittance was required to be made to the date that such daily remittance is actually made. The trustee will pay the servicing fee on each payment date (together with any portion of the servicing fee that remains unpaid from prior payment dates) to the extent of available funds prior to the distribution of any interest on and principal of the bonds.

[Table of Contents](#)**Servicer Representations and Warranties**

In the servicing agreement, the servicer will represent and warrant to us, as of the issuance date of the bonds, among other things, that:

- the servicer is duly organized, validly existing and is in good standing under the laws of the state of its organization, with requisite corporate or other power and authority to own its properties, to conduct its business as such properties are currently owned and such business is presently conducted by it, to service the securitization property and hold the records related to the securitization property, and to execute, deliver and carry out the terms of the servicing agreement and the intercreditor agreement;
- the servicer is duly qualified to do business, is in good standing and has obtained all necessary licenses and approvals in all jurisdictions in which the ownership or lease of property or the conduct of its business (including the servicing of the securitization property as required under the servicing agreement) requires such qualifications, licenses or approvals (except where a failure to qualify would not be reasonably likely to have a material adverse effect on the servicer's business, operations, assets, revenues or properties or to its servicing of the securitization property);
- the execution, delivery and performance of the terms of the servicing agreement have been duly authorized by all necessary action on the part of the servicer under its organizational or governing documents and laws;
- each of the servicing agreement and the intercreditor agreement constitutes a legal, valid and binding obligation of the servicer, enforceable against it in accordance with its respective terms, subject to applicable insolvency, reorganization, moratorium, fraudulent transfer and other laws relating to or affecting creditors' rights generally from time to time in effect and to general principles of equity (including concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding in equity or at law;
- the consummation of the transactions contemplated by the servicing agreement and the intercreditor agreement do not conflict with, result in any breach of or constitute (with or without notice or lapse of time) a default under the servicer's organizational documents or any indenture or other agreement or instrument to which the servicer is a party or by which it or any of its property is bound, result in the creation or imposition of any lien upon the servicer's properties pursuant to the terms of any such indenture or agreement or other instrument (other than any lien that may be granted in favor of the trustee for the benefit of bondholders under the basic documents) or violate any existing law or any existing order, rule or regulation applicable to the servicer of any governmental authority having jurisdiction over the servicer or its properties;
- each report or certificate delivered in connection with any filing made to the MPSC by us with respect to the securitization charges or true-up adjustments will be true and correct in all material respects, or, if based in part on or containing assumptions, forecasts or other predictions of future events, such assumptions, forecasts or predictions are reasonable based on historical performance (and facts known to the servicer on the date such report or certificate is delivered);
- no governmental approvals, authorizations, consents, orders or other actions or filings with any governmental authority are required for the servicer to execute, deliver and perform its obligations under the servicing agreement except those that have previously been obtained or made, those that are required to be made by the servicer in the future pursuant to the servicing agreement or the intercreditor agreement and those that the servicer may need to file in the future to continue the effectiveness of any financing statements; and
- no proceeding or, to the servicer's knowledge, investigation is pending and, to the servicer's knowledge, no proceeding or investigation is threatened before any governmental authority having jurisdiction over the servicer or its properties involving or relating to the servicer or the issuing entity or, to the servicer's knowledge, any other person or entity, asserting the invalidity of the servicing agreement or the other basic documents, seeking to prevent issuance of the bonds or the consummation of the transactions contemplated by the servicing agreement or other basic documents, seeking a determination that could reasonably be expected to materially and adversely affect the performance by the servicer of its obligations under or the validity or enforceability of the servicing agreement, the other basic documents or the bonds or seeking to adversely affect the U.S. federal income tax or state income tax classification of bonds as debt.

The servicer, the trustee and we are not responsible as a result of any action, decision, ruling or other determination made or not made, or any delay (other than any delay resulting from the servicer's failure to make any filings with the MPSC required by the servicing agreement in a timely and correct manner or any breach by the servicer of its duties under the servicing agreement that adversely affects the securitization property or the true-up adjustments), by the MPSC in any way related to the securitization property or in connection with any true-up adjustment, the subject of any such filings, any proposed

[Table of Contents](#)

true-up adjustment or the approval of any revised securitization charges and the scheduled adjustments thereto. Except to the extent that the servicer otherwise is liable under the provisions of the servicing agreement, the servicer shall have no liability whatsoever relating to the calculation of any revised securitization charges and the scheduled adjustments thereto, including as a result of any inaccuracy of any of the assumptions made in such calculations, so long as the servicer has acted in good faith and has not acted in a negligent manner in connection therewith, nor shall the servicer have any liability whatsoever as a result of any person or entity, including the bondholders, not receiving any payment, amount or return anticipated or expected or in respect of any bond generally.

The Servicer Will Indemnify Us and Other Entities in Limited Circumstances

The servicer will indemnify, defend and hold harmless us and the trustee (for itself and for your benefit) and the independent managers and each of their respective officers, directors, employees and agents from any and all liabilities, obligations, losses, damages, payments and claims, and reasonable costs or expenses, arising as a result of:

- the servicer's willful misconduct, bad faith or negligence in the performance of, or reckless disregard of, its duties or observance of its covenants under the servicing agreement and the intercreditor agreement;
- the servicer's breach of any of its representations or warranties under the servicing agreement or the intercreditor agreement; and
- litigation and related expenses relating to its status and obligations as servicer (other than any proceeding the servicer is required to institute under the servicing agreement).

The servicer will not be liable, however, for any liabilities, obligations, losses, damages, payments or claims, or reasonable costs or expenses, resulting from the willful misconduct, bad faith or gross negligence of the party seeking indemnification, or resulting from a breach of a representation or warranty made by any such person or entity in any of the basic documents that give rise to the servicer's breach.

Except for payment of the servicing fee and payment of the purchase price of the securitization property, the servicing agreement also provides that the servicer releases us and our independent managers, the trustee and each of our respective officers, directors and agents from any and all actions, claims and demands that the servicer, in the capacity of servicer or otherwise, may have against those parties relating to the securitization property or the servicer's activities with respect to the securitization property, other than actions, claims and demands arising from the willful misconduct, bad faith or gross negligence of the parties.

Notwithstanding the foregoing, however, except as expressly provided in the servicing agreement, the servicer shall not be under any obligation to appear in, prosecute or defend any legal action relating to the securitization property that is not directly related to one of the servicer's enumerated duties in the servicing agreement or related to its obligation to pay indemnification, and that in its reasonable opinion may cause it to incur any expense or liability; provided, however, that the servicer may, in respect of any proceeding, undertake any action that it is not specifically identified in the servicing agreement as a duty of the servicer but that the servicer reasonably determines is necessary or desirable in order to protect the rights and duties of the issuing entity or the trustee and the interests of the bondholders and covered electric customers under the servicing agreement.

Evidence as to Compliance

The servicing agreement will provide that the servicer will furnish annually to us, the trustee and the rating agencies, on or before the earlier of March 31 of each year, beginning March 31, 2015 or on the date on which the sponsor's annual report on Form 10-K relating to the bonds is required to be filed with the SEC, certificates from a responsible officer of the servicer containing and certifying compliance with specified servicing criteria as required by Item 1122(a) and Item 1123 of the rules of the SEC known as Regulation AB promulgated under Subpart 229.1100 — Asset-Backed Securities (Regulation AB), 17 C.F.R. §§229.1100-229.1123, as such may be amended from time to time (or any successor or similar item or rule), during the preceding 12 months ended December 31 (or preceding period since the issuance date of the bonds in the case of the first statement), together with a certificate by an officer of the servicer certifying the statements set forth therein.

The servicing agreement also provides that a firm of independent certified public accountants will furnish annually to us, the trustee and the rating agencies on or before the earlier of March 31 of each year, beginning March 31, 2015 or on the date on which the sponsor's annual report on Form 10-K relating to the bonds is required to be filed with the SEC, an annual accountant's report, which will include any required attestation report that attests to and reports on the servicer's assessment report described in the preceding paragraph, and such attestation shall be in accordance with Rules 1-02(a)(3) and 2-02(g) of Regulation S-X under the Securities Act of 1933, as amended, and the Exchange Act.

[Table of Contents](#)

The report will also indicate that the accounting firm providing the report is independent of the servicer within the meaning of the rules of the Public Company Accounting Oversight Board. The cost of the annual accountant's report will be reimbursable as an ongoing other qualified cost.

Copies of the above reports will be filed with the SEC. You may also obtain copies of the above statements and certificates by sending a written request addressed to the trustee.

The servicer will also be required to deliver to us, the trustee and the rating agencies monthly reports setting forth certain information relating to collections of securitization charges received during the preceding calendar month and, shortly before each payment date, a report setting forth the amount of principal and interest payable to bondholders on such date, the aggregate outstanding amount of the bonds, before and after giving effect to any payment of principal on such payment date, the difference between the principal outstanding on the bonds and the amounts specified in the related expected amortization schedule after giving effect to any such payments and the amounts on deposit in the capital subaccount and excess funds subaccount after giving effect to all transfers and payments to be made on such payment date. The servicer is required to file copies of these reports with the SEC.

In addition, the servicer is required to send copies of each filing or notice evidencing a true-up adjustment to us, the trustee and the rating agencies. The servicer is also required to prepare and deliver certain disclosures to its covered electric customers and to provide to the rating agencies any non-confidential and non-proprietary information as is reasonably requested by the rating agencies.

Matters Regarding the Servicer

The servicing agreement will provide that Consumers Energy may not resign from its obligations and duties as servicer thereunder, except when Consumers Energy delivers to the trustee an opinion of external legal counsel to the effect that Consumers Energy's performance of its duties under the servicing agreement is no longer permissible under applicable law. No resignation by Consumers Energy as servicer will become effective until a successor servicer has assumed Consumers Energy's servicing obligations and duties under the servicing agreement.

The servicing agreement further provides that neither the servicer nor any of its directors, officers, employees, and agents will be liable to us or to the trustee, our managers, you or any other person or entity, except as provided under the servicing agreement, for taking any action or for refraining from taking any action under the servicing agreement or for good faith errors in judgment. However, neither the servicer nor any person or entity will be protected against any liability that would otherwise be imposed by reason of willful misconduct, bad faith or gross negligence in the performance of its duties. The servicer and any of its directors, officers, employees or agents may rely in good faith on the advice of counsel or on any document submitted by any person or entity respecting any matters under the servicing agreement. Except as provided in the servicing agreement, the servicer is under no obligation to appear in, prosecute or defend any legal action that is not directly related to one of its duties in the servicing agreement or otherwise related to its indemnification obligations.

Under the circumstances specified in the servicing agreement, any entity that becomes the successor by merger, or through the sale, transfer, lease, management contract or otherwise of or for substantially all of the servicer's electric distribution assets, may assume all of the rights and obligations of the servicer under the servicing agreement. The following are conditions to the transfer of the duties and obligations to a successor servicer:

- the successor to the servicer must execute an agreement of assumption to perform every obligation of the servicer under the servicing agreement;
- immediately after the transfer, no representation or warranty made by the servicer in the servicing agreement will have been breached and no servicer default or event that after notice, lapse of time or both, would become a servicer default, has occurred and is continuing;
- the servicer has delivered to us and to the trustee an officer's certificate and an opinion of external counsel stating that the transfer complies with the servicing agreement and all conditions to the transfer under the servicing agreement have been complied with;
- the servicer has delivered to us, the trustee and the rating agencies an opinion of external counsel stating either that all necessary filings, including those with the MPSC, to preserve, perfect and maintain the priority of our interests in and the trustee's lien on the securitization property have been made or that no filings are required;
- the servicer has given prior written notice to the rating agencies;
- any applicable requirements of the intercreditor agreement have been satisfied; and

[Table of Contents](#)

- the servicer has delivered to us, the trustee and the rating agencies an opinion of independent tax counsel to the effect that, for U.S. federal income tax purposes, such transaction will not result in a material adverse U.S. federal income tax consequence to the issuing entity or the bondholders.

So long as the conditions of any such assumptions are met, then the prior servicer will automatically be released from its obligations under the servicing agreement.

The servicing agreement will permit the servicer to appoint any person or entity to perform any or all of its obligations. However, unless the appointed person or entity is an affiliate of Consumers Energy, the appointment must satisfy the rating agency condition. In all cases, the servicer must remain obligated and liable under the servicing agreement.

Servicer Defaults

Servicer defaults under the servicing agreement will include:

- any failure by the servicer to remit any amount, including payments arising from the securitization charges into the collection account as required under the servicing agreement, which failure continues unremedied for five business days after written notice from us or the trustee is received by the servicer or after discovery of the failure by a responsible officer of the servicer;
- any failure by the servicer to duly perform its obligations to make securitization charge adjustment filings in the time and manner set forth in the servicing agreement, which failure continues unremedied for a period of five business days;
- any failure by the servicer or, if the servicer is Consumers Energy or an affiliate of Consumers Energy, by Consumers Energy to observe or perform in any material respect any covenants or agreements in the servicing agreement or the other basic documents to which it is a party, which failure materially and adversely affects the rights of bondholders and which failure continues unremedied for 60 days after written notice of this failure has been given to the servicer or, if the servicer is Consumers Energy or an affiliate of Consumers Energy, by us or by the trustee or after such failure is discovered by a responsible officer of the servicer;
- any representation or warranty made by the servicer in the servicing agreement or any other basic document proves to have been incorrect in a material respect when made, which has a material adverse effect on the bondholders and which material adverse effect continues unremedied for a period of 60 days after the giving of written notice to the servicer by us or the trustee after such failure is discovered by a responsible officer of the servicer; and
- events of bankruptcy, insolvency, receivership or liquidation of the servicer.

Rights Upon a Servicer Default

In the event of a servicer default that remains unremedied, the trustee may, or upon the instruction of the holders of bonds evidencing a majority in principal amount of then outstanding bonds, the trustee will, subject to the terms of the intercreditor agreement, by written notice given to the servicer, terminate all the rights and obligations of the servicer under the servicing agreement, other than the servicer's indemnity obligation and obligation to continue performing its functions as servicer until a successor servicer is appointed. After the termination, the trustee may and, upon the instruction of the holders of bonds evidencing a majority in principal amount of then outstanding bonds, the trustee will appoint a successor servicer with our prior written consent (not to be unreasonably withheld) who will, subject to the terms and provisions of the intercreditor agreement, succeed to all the responsibilities, duties and liabilities of the servicer under the servicing agreement, provide prompt written notice to us and the rating agencies and be entitled to similar compensation arrangements.

In addition, when a servicer defaults by failing to remit securitization charges to the collection account as required by the servicing agreement, the MPSC or a court of appropriate jurisdiction, upon the application of the trustee or another interested party, shall order the sequestration and payment to bondholders of all revenues arising with respect to the securitization property. If, however, a bankruptcy trustee or similar official has been appointed for the servicer, and no servicer default other than an appointment of a bankruptcy trustee or similar official has occurred, that trustee or official may have the power to prevent the trustee or the bondholders from effecting a transfer of servicing. Please read "Risk Factors—Risks Associated with Potential Bankruptcy Proceedings of the Seller or the Servicer" and "How a Bankruptcy May Affect Your Investment" in this prospectus.

If, within 30 days after the delivery of the termination notice, a new servicer shall not have been appointed, the trustee may appoint, or petition the MPSC or a court of competent jurisdiction for the appointment of, a successor servicer that satisfies the rating agency condition, is permitted under the MPSC's regulations and enters into a new agreement with us with

[Table of Contents](#)

substantially the same provisions. In no event will the trustee be liable for its appointment of a successor servicer. The trustee may make arrangements for compensation to be paid to the successor servicer.

Waiver of Past Defaults

Holders of bonds evidencing a majority in principal amount of the then outstanding bonds, on behalf of all bondholders, may direct the trustee to waive in writing any default by the servicer in the performance of its obligations under the servicing agreement and its consequences, except a default in making any required deposits to the collection account under the servicing agreement. The servicing agreement provides that no waiver will impair the bondholders' rights relating to subsequent defaults. Promptly after executing such a waiver, the servicer will furnish a copy of such waiver to each rating agency.

Successor Servicer

If for any reason a third party assumes the role of the servicer under the servicing agreement, the servicing agreement will require the servicer to cooperate with us, the trustee and the successor servicer and provide whatever information is, and take whatever actions are, reasonably necessary to assist the successor servicer in performing its obligations under the servicing agreement. The servicing agreement will provide that the servicer will be liable for the reasonable costs and expenses incurred in transferring the securitization property records to the successor servicer and amending the servicing agreement to reflect such succession if such transfer is the result of a servicer default. In all other cases such costs and expenses will be paid by the party incurring them.

Amendment

The servicing agreement may be amended in writing by the servicer and us, if a copy of the amendment is provided by us to each rating agency and if the rating agency condition has been satisfied, with the prior written consent of the trustee; provided, that such amendment may not adversely affect the interest of any bondholder in any material respect without the consent of the bondholders of a majority of the outstanding principal amount of bonds.

Intercreditor Agreement

Consumers Energy currently has an accounts receivable sale arrangement under which it sells substantially all of its accounts receivable on a revolving basis (other than the securitization charges in respect of the 2001-1 securitization bonds and the securitization charges, which are entitlements of the 2001-1 securitization bond issuer and ours, respectively, and not the servicer, and all of which are excluded from this arrangement). In addition, Consumers Energy has sold certain securitization property (which is separate from the securitization property described in this prospectus and the prospectus supplement) to the 2001-1 securitization bond issuer. Under the intercreditor agreement to be entered into at the time of issuance of the bonds among Consumers Energy, the issuing entity, the trustee, the parties to Consumers Energy's accounts receivable sale program, the 2001-1 securitization bond issuer and the trustee for the 2001-1 securitization bonds, (i) the securitization charges are excluded from the assets sold under the accounts receivable sale program and the securitization property of the 2001-1 securitization bond issuer and (ii) replacement of the servicer would require the agreement of the trustee, the trustee for the 2001-1 securitization bonds and the administrative agent under the accounts receivable sale program. In the sale agreement, Consumers Energy has covenanted that it will not enter into any future sale of charges owing by covered electric customers to affiliates for the purpose of issuing bonds backed by such charges without causing the parties to such issuance to become party to an intercreditor agreement. Please refer to "Risk Factors — Servicing Risks — If we need to replace Consumers Energy as the servicer, we may experience difficulties finding and using a replacement servicer".

HOW A BANKRUPTCY MAY AFFECT YOUR INVESTMENT

Challenge to True Sale Treatment

Consumers Energy will represent and warrant that the transfer of the securitization property in accordance with the sale agreement constitutes a true and valid sale and assignment of that securitization property by Consumers Energy to us. It will be a condition of closing for the sale of the securitization property pursuant to the sale agreement that Consumers Energy will take the appropriate actions under Act 142 to perfect this sale. Act 142 provides that a transfer of securitization property by an electric utility to an assignee that the parties have in the governing documentation expressly stated to be a sale or other absolute transfer, in a transaction approved in a financing order, signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the securitization property is transferred. We and Consumers Energy will treat such a transaction as a sale under applicable law. However, we expect that bonds will be reflected as debt on Consumers Energy's consolidated financial statements. In addition, we anticipate that the bonds will be treated as debt of Consumers Energy for U.S. federal income tax purposes. Please read "Material U.S. Federal Income Tax Consequences". In the event of a bankruptcy of a party to a sale agreement, if a party in interest in the bankruptcy were to take the position that the transfer of the securitization property to us pursuant to that sale agreement was a financing transaction and not a true sale under applicable creditors' rights principles, there can be no assurance that a court would not adopt this position. Even if a court did not ultimately recharacterize the transaction as a financing transaction, the mere commencement of a bankruptcy of Consumers Energy and the attendant possible uncertainty surrounding the treatment of the transaction could result in delays in payments on the bonds.

In that regard, we note that the bankruptcy court in *In re LTV Steel Company, Inc.*, et al., 274 B.R. 278 (Bankr. N. D. Oh. 2001), issued an interim order that observed that a debtor, LTV Steel Company, Inc., which had previously entered into securitization arrangements with respect both to its inventory and its accounts receivable, may have "at least some equitable interest in the inventory and receivables, and that this interest is property of the Debtor's estate. . . . sufficient to support the entry of" an interim order permitting the debtor to use proceeds of the property sold in the securitization. 274 B.R. at 285. The court based its decision in large part on its view of the equities of the case.

LTV Steel Company, Inc. and the securitization investors subsequently settled their dispute over the terms of the interim order and the bankruptcy court entered a final order in which the parties admitted and the court found that the pre-petition transactions constituted true sales. The court did not otherwise overrule its earlier ruling. The LTV Steel Company, Inc. memorandum opinion serves as an example of the pervasive equity powers of bankruptcy courts and the importance that such courts may ascribe to the goal of reorganization, particularly where the assets sold are integral to the ongoing operation of the debtor's business.

Even if creditors did not challenge the sale of securitization property as a true sale, a bankruptcy filing by Consumers Energy could trigger a bankruptcy filing by us with similar negative consequences for bondholders. In a more recent bankruptcy case, *In re General Growth Properties, Inc.*, 409 B.R. 43, 54 (Bankr. S.D.N.Y. 2009), General Growth Properties, Inc. filed for bankruptcy together with many of its direct and indirect subsidiaries, including many subsidiaries that were organized as special purpose vehicles. The Southern District of New York bankruptcy court upheld the validity of the filings of these special purpose subsidiaries and allowed the subsidiaries, over the objections of their creditors, to use the lenders' cash collateral to make loans to the parent for general corporate purposes. The creditors received adequate protection in the form of current interest payments and replacement liens to mitigate any diminution in value resulting from the use of the cash collateral, but the opinion serves as a reminder that bankruptcy courts may subordinate legal rights of creditors to the interests of helping debtors reorganize.

We and Consumers Energy have attempted to mitigate the impact of a possible recharacterization of a sale of securitization property as a financing transaction under applicable creditors' rights principles. The sale agreement will provide that if the transfer of the applicable securitization property is thereafter recharacterized by a court as a financing transaction and not a true sale, the transfer by Consumers Energy will be deemed to have granted to us on behalf of ourselves and the trustee a first priority security interest in all of Consumers Energy's right, title and interest in and to the securitization property and all proceeds thereof. In addition, the sale agreement will require the filing of a financing statement describing the securitization property and the proceeds thereof as collateral in accordance with Act 142. As a result of this filing, we would, in the event of a recharacterization, be a secured creditor of Consumers Energy and entitled to recover against the collateral or its value. This does not, however, eliminate the risk of payment delays or reductions and other adverse effects caused by a Consumers Energy bankruptcy. Further, if, for any reason, a proper financing statement is not filed under Act 142 or we fail to otherwise perfect our interest in the securitization property, and the transfer is thereafter deemed not to constitute a true sale, we would be an unsecured creditor of Consumers Energy.

Act 142 provides that securitization property shall constitute an account as that term is defined under the Michigan Uniform Commercial Code. Act 142 further provides that, notwithstanding the provisions of the Michigan Uniform Commercial Code, the law of the State of Michigan shall govern the perfection and the effect of perfection and priority of any security interest in the securitization property, and that Act 142 shall control in any conflict between Act 142 and any other law of the State of Michigan regarding the attachment and perfection and the effect of perfection and priority of any security interest in securitization property. In addition, under Act 142, a valid and enforceable lien and security interest in securitization property may be created only by a financing order and the execution and delivery of a security agreement with a financing party in connection with the issuance of securitization bonds. The lien and security interest shall attach automatically from the time that value is received for the bonds and shall be a continuously perfected lien and security interest in the securitization property, and all proceeds of the property, whether accrued or not, shall have priority in the order of filing when a financing statement has been filed with respect to the security interest in accordance with the Michigan Uniform Commercial Code and take precedence over any subsequent judicial and other lien creditor. In addition to the rights and remedies provided by Act 142, all rights and remedies with respect to a security interest provided by the Michigan Uniform Commercial Code shall apply to the securitization property. Transfer of an interest in securitization property to an assignee shall be perfected against all third parties, including subsequent judicial and other lien creditors, when a financing statement has been filed with respect to the transfer in accordance with the Michigan Uniform Commercial Code. The priority of a lien and security interest under Act 142 is not impaired by any later modification of the financing order or by the commingling of funds arising from securitization charges with other funds, and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party. If securitization property has been transferred to an assignee, any proceeds of that property shall be held in trust for the assignee. None of this, however, mitigates the risk of payment delays and other adverse effects caused by a Consumers Energy bankruptcy. Further, if, for any reason, a properly filed financing statement related to the securitization property is not filed with the Michigan Department of State or we fail to otherwise perfect our interest in the securitization property sold pursuant to the sale agreement, and the transfer is thereafter deemed not to constitute a true sale, we would be an unsecured creditor of Consumers Energy.

Consolidation of the Issuing Entity and Consumers Energy

If Consumers Energy were to become a debtor in a bankruptcy case, a party in interest might attempt to substantively consolidate the assets and liabilities of Consumers Energy and us. We and Consumers Energy have taken steps to attempt to minimize this risk. Please read “Consumers 2014 Securitization Funding LLC, The Issuing Entity” in this prospectus. However, no assurance can be given that if Consumers Energy were to become a debtor in a bankruptcy case, a court would not order that our assets and liabilities be substantively consolidated with those of Consumers Energy. Substantive consolidation would result in payment of the claims of the beneficial owners of the bonds to be subject to substantial delay and to adjustment in timing and amount under a plan of reorganization in the bankruptcy case.

Status of Securitization Property as Present Property

Consumers Energy will represent in the sale agreement that the securitization property sold pursuant to such sale agreement constitutes a present property right on the date that it is first transferred to us in connection with the issuance of securitization bonds. Nevertheless, no assurance can be given that, in the event of a bankruptcy of Consumers Energy, a court would not rule that the applicable securitization property comes into existence only as covered electric customers use electricity.

If a court were to accept the argument that the applicable securitization property comes into existence only as covered electric customers use electricity, no assurance can be given that a security interest in favor of the bondholders would attach to the securitization charges in respect of electricity consumed after the commencement of the bankruptcy case or that the securitization property has been sold to us. If it were determined that the securitization property had not been sold to us, and the security interest in favor of the bondholders did not attach to the applicable securitization charges in respect of electricity consumed after the commencement of the bankruptcy case, then we would have an unsecured claim against Consumers Energy. If so, there would be delays and/or reductions in payments on the bonds. Whether or not a court determined that securitization property had been sold to us pursuant to a sale agreement, no assurances can be given that a court would not rule that any securitization charges relating to electricity consumed after the commencement of the bankruptcy could not be transferred to us or the trustee.

In addition, in the event of a bankruptcy of Consumers Energy, a party in interest in the bankruptcy could assert that we should pay, or that we should be charged for, a portion of Consumers Energy’s costs associated with the distribution of the electricity, consumption of which gave rise to the securitization charge receipts used to make payments on the bonds.

Regardless of whether Consumers Energy is the debtor in a bankruptcy case, if a court were to accept the argument that securitization property sold pursuant to the sale agreement comes into existence only as covered electric customers use

[Table of Contents](#)

electricity, a tax or government lien or other nonconsensual lien on property of Consumers Energy arising before that securitization property came into existence could have priority over our interest in that securitization property. Adjustments to the securitization charges may be available to mitigate this exposure, although there may be delays in implementing these adjustments.

Estimation of Claims; Challenges to Indemnity Claims

If Consumers Energy were to become a debtor in a bankruptcy case, claims, including indemnity claims, by us or the trustee against Consumers Energy as seller under the sale agreement and the other documents executed in connection therewith would be unsecured claims and would be subject to being discharged in the bankruptcy case. In addition, a party in interest in the bankruptcy may request that the bankruptcy court estimate any contingent claims that we or the trustee have against Consumers Energy. That party may then take the position that these claims should be estimated at zero or at a low amount because the contingency giving rise to these claims is unlikely to occur. If a court were to hold that the indemnity provisions were unenforceable, we would be left with a claim for actual damages against Consumers Energy based on breach of contract principles. The actual amount of these damages would be subject to estimation and/or calculation by the court.

No assurances can be given as to the result of any of the above-described actions or claims. Furthermore, no assurance can be given as to what percentage of their claims, if any, unsecured creditors would receive in any bankruptcy proceeding involving Consumers Energy.

Enforcement of Rights by the Trustee

Upon an event of default under the indenture, the trustee may enforce the security interest in the securitization property sold pursuant to the sale agreement in accordance with the terms of the indenture. In this capacity, the trustee or the MPSC is permitted to request that a Michigan court order the sequestration and payment to bondholders of all revenues arising with respect to the securitization property. There can be no assurance, however, that a judge would issue this order after a seller bankruptcy in light of the automatic stay provisions of Section 362 of the Bankruptcy Code. In that event, the trustee may under the indenture seek an order from the bankruptcy court lifting the automatic stay with respect to this action by the MPSC or a district court judge and an order requiring an accounting and segregation of the revenues arising from the securitization property sold pursuant to the sale agreement. There can be no assurance that a court would grant either order.

Bankruptcy of the Servicer

The servicer is entitled to commingle the securitization charges that it receives with its own funds until each date on which the servicer is required to remit funds to the trustee as specified in the servicing agreement. Act 142 provides that the priority of a lien and security interest created under Act 142 is not impaired by the commingling of funds arising from securitization charges with other funds. In the event of a bankruptcy of the servicer, a party in interest in the bankruptcy might assert, and a court might rule, that the securitization charges commingled by the servicer with its own funds and held by the servicer, prior to and as of the date of bankruptcy were property of the servicer as of that date, and are therefore property of the servicer's bankruptcy estate, rather than our property. If the court so rules, then the court would likely rule that the trustee has only a general unsecured claim against the servicer for the amount of commingled securitization charges held as of that date and could not recover the commingled securitization charges held as of the date of the bankruptcy.

However, if the court were to rule on the ownership of the commingled securitization charges, the automatic stay arising upon the bankruptcy of the servicer could delay the trustee from receiving the commingled securitization charges held by the servicer as of the date of the bankruptcy until the court grants relief from the stay. A court ruling on any request for relief from the stay could be delayed pending the court's resolution of whether the commingled securitization charges are our property or are property of the servicer, including resolution of any tracing of proceeds issues.

The servicing agreement will provide that the trustee, as our assignee, together with the other persons and entities specified therein, may vote to appoint a successor servicer that satisfies the rating agency condition. The servicing agreement will also provide that the trustee, together with the other persons and entities specified therein, may petition the MPSC or a court of competent jurisdiction to appoint a successor servicer that meets this criterion. However, the automatic stay in effect during a servicer bankruptcy might delay or prevent a successor servicer's replacement of the servicer. Even if a successor servicer may be appointed and may replace the servicer, a successor may be difficult to obtain and may not be capable of performing all of the duties that Consumers Energy as servicer was capable of performing. Furthermore, should the servicer enter into bankruptcy, it may be permitted to stop acting as servicer.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES**General**

The following is a general discussion of the material U.S. federal income tax consequences of the purchase, ownership and disposition of the bonds. Except as specifically provided below with respect to non-U.S. holders (as defined below), this discussion does not address the tax consequences to persons or entities other than initial purchasers who are U.S. holders (as defined below) that hold their bonds as capital assets within the meaning of section 1221 of the Internal Revenue Code, and it does not address all of the tax consequences relevant to investors that are subject to special treatment under the U.S. federal income tax laws (such as financial institutions, life insurance companies, retirement plans, regulated investment companies, persons or entities that hold bonds as part of a straddle, a hedge or a conversion transaction, persons or entities that have a functional currency other than the United States dollar, investors in pass-through entities and tax-exempt organizations). This summary also does not address the consequences to holders of the bonds under state, local or foreign tax laws. However, by acquiring a bond, a bondholder agrees to treat the bond as debt of Consumers Energy to the extent consistent with applicable state, local and other tax law unless otherwise required by appropriate taxing authorities.

This summary is based on current provisions of the Internal Revenue Code, the Treasury regulations promulgated and proposed thereunder, judicial decisions and published administrative rulings and pronouncements of the IRS and interpretations thereof. All of these authorities and interpretations are subject to change, and any change may apply retroactively and affect the accuracy of the opinions, statements and conclusions set forth in this discussion.

U.S. Holder and Non-U.S. Holder Defined

A **U.S. holder** means a beneficial owner of a bond that, for U.S. federal income tax purposes, is (i) a citizen or individual resident of the United States, (ii) a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source or (iv) a trust if (A) a court in the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) it has a valid election in place to be treated as a U.S. person. A **non-U.S. holder** means a beneficial owner of a bond that is not a U.S. holder but does not include (x) an entity or arrangement treated as a partnership for U.S. federal income tax purposes, (y) a former citizen of the United States or (z) a former resident of the United States.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes is a holder of a bond, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Partners are encouraged to consult their tax advisors about the particular U.S. federal income tax consequences applicable to them. Similarly, former citizens and former residents of the United States are encouraged to consult their tax advisors about the particular U.S. federal income tax consequences that may be applicable to them.

ALL PROSPECTIVE INVESTORS ARE ENCOURAGED TO CONSULT THEIR TAX ADVISORS REGARDING THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF BONDS IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES, AS WELL AS THE EFFECT OF ANY FOREIGN, STATE, LOCAL OR OTHER LAWS.

Taxation of the Issuing Entity and Characterization of the Securitization Bonds

It is the opinion of Pillsbury Winthrop Shaw Pittman LLP, as special tax counsel to us and Consumers Energy, that, for U.S. federal income tax purposes, (i) we will not be treated as a taxable entity separate and apart from Consumers Energy and (ii) the bonds will be treated as debt of Consumers Energy. By acquiring a bond, a beneficial owner agrees to treat the bond as debt of Consumers Energy for U.S. federal income tax purposes. This opinion is based on certain representations made by us and Consumers Energy and on the application of current law to the facts as established by the indenture and other relevant documents and assumes compliance with the indenture and such other documents as in effect on the date of issuance of the bonds.

Tax Consequences to U.S. Holders*Interest*

Interest income on the bonds, payable at a fixed rate, will be includible in income by a U.S. holder when it is received, in the case of a U.S. holder using the cash receipts and disbursements method of tax accounting, or as it accrues, in the case of a U.S. holder using the accrual method of tax accounting. We expect that the bonds will not be issued with original issue

[Table of Contents](#)

discount. If the bonds are issued with original issue discount, the prospectus supplement will address the material tax consequences of purchasing and holding bonds with original issue discount.

Sale, Exchange or Retirement

On a sale, exchange or retirement of a bond, a U.S. holder will generally have taxable gain or loss equal to the difference between the amount received by the U.S. holder and the U.S. holder's tax basis in the bond. A U.S. holder's tax basis in a bond is generally the U.S. holder's cost, subject to adjustments such as reductions in basis for principal payments received previously. Gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if the bond was held for more than one year at the time of disposition. Long-term capital gains of non-corporate U.S. holders may be eligible for reduced rates of taxation. The deductibility of capital losses by both corporate and non-corporate U.S. holders is subject to limitations. If a U.S. holder sells the bond between interest payment dates, a portion of the amount received will reflect interest that has accrued on the bond but that has not yet been paid by the sale date. To the extent that amount has not already been included in the U.S. holder's income, it will be treated as ordinary interest income and not as capital gain.

Medicare Tax

A 3.8% Medicare tax will, in general, be imposed on a portion or all of the net investment income of certain U.S. holders who are individuals with a modified adjusted gross income of over \$200,000 (or \$250,000 in the case of joint filers or \$125,000 in the case of married individuals filing separate returns) and on the undistributed net investment income of certain estates and trusts. For these purposes, net investment income generally will include interest (including interest paid with respect to a bond), dividends, annuities, royalties, rents, net gain attributable to the disposition of property not held in a trade or business (including net gain from the sale, exchange or other taxable disposition of a bond) and certain other income, but will be reduced by any deductions properly allocable to such income or net gain. Holders should consult their own tax advisors regarding the effect, if any, of this tax on their ownership or disposition of a bond.

Tax Consequences to Non-U.S. Holders

Payments of Interest

Subject to the discussion of backup withholding and FATCA below, the 30% U.S. federal withholding tax will not be applied to any payment of interest on a bond to a non-U.S. holder provided that:

- interest paid on the bond is not effectively connected with the non-U.S. holder's conduct of a trade or business in the United States;
- the non-U.S. holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our (or Consumers Energy's) stock that are entitled to vote within the meaning of Section 871(h)(3) of the Internal Revenue Code;
- the non-U.S. holder is not a controlled foreign corporation that is related to us or Consumers Energy (actually or constructively through stock ownership); and
- the non-U.S. holder provides its name and address and certifies, under penalties of perjury, that it is not a U.S. person (which certification may be made on an IRS Form W-8BEN, IRS Form W-8BEN-E or other applicable form) or the non-U.S. holder holds the bonds through certain foreign intermediaries or certain foreign partnerships, and the non-U.S. holder and the foreign intermediary or foreign partnership satisfy the certification requirements of applicable Treasury regulations promulgated under the Internal Revenue Code.

If a non-U.S. holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax, unless the non-U.S. holder provides us with a properly executed (i) IRS Form W-8BEN or IRS Form W-8BEN-E (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (ii) IRS Form W-8ECI (or other applicable form) stating that interest paid on the bonds is not subject to withholding tax because it is effectively connected with the non-U.S. holder's conduct of a trade or business in the United States and includible in the non-U.S. holder's gross income for the taxable year. If a non-U.S. holder is engaged in a trade or business in the United States and interest on the bonds is effectively connected with the conduct of that trade or business and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment, then, although the non-U.S. holder will be exempt from the 30% withholding tax, provided the certification requirements discussed above are satisfied, the non-U.S. holder will be subject to U.S. federal income tax on that interest on a net income basis in generally the same manner as if the non-U.S. holder were a U.S. holder. In addition, if a non-U.S. holder is a foreign corporation, it may be subject to a branch profits tax equal to 30% (or lower rate under an applicable income tax treaty).

[Table of Contents](#)

Sale, Exchange or Retirement

Subject to the discussions of backup withholding and FATCA below, a non-U.S. holder generally will not be subject to United States federal income or withholding tax on gain realized on the sale or exchange of bonds, unless:

- the non-U.S. holder is an individual who is present in the United States for 183 days or more during the taxable year and certain other conditions are met; or
- the gain is effectively connected with the conduct by the non-U.S. holder of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States).

Except to the extent that an applicable income tax treaty otherwise provides, generally a non-U.S. holder will be taxed in the same manner as a U.S. holder with respect to gain that is effectively connected with the non-U.S. holder's conduct of a U.S. trade or business. A corporate non-U.S. holder may also, under certain circumstances, be subject to an additional branch profits tax at a 30% rate (or such lower rate as may be specified by an applicable income tax treaty) on any effectively connected gain on the bonds. A non-U.S. holder who is an individual present in the United States for 183 days or more in the taxable year and meets certain other conditions will be subject to U.S. federal income tax at a rate of 30% (or at a reduced rate under an applicable income tax treaty) on the amount by which capital gains from U.S. sources (including gains from the sale or other disposition of the bonds) exceed capital losses allocable to U.S. sources. To claim the benefit of an applicable income tax treaty, a non-U.S. holder may be required to file an income tax return and disclose its position under the Treasury regulations concerning treaty-based return positions.

Information Reporting and Backup Withholding

Information reporting will generally apply to reportable payments, including payments of interest and principal on a bond, to U.S. holders that are not exempt recipients (such as individuals). In addition, backup withholding will apply if the U.S. holder, among other things, (i) fails to furnish a social security number or other taxpayer identification number certified under penalties of perjury within a reasonable time after the request therefor, (ii) furnishes an incorrect taxpayer identification number, (iii) fails to properly report the receipt of interest or dividends or (iv) under certain circumstances, fails to provide a certified statement, signed under penalties of perjury, that the taxpayer identification number furnished is the correct number and that the holder is not subject to backup withholding. A U.S. holder that does not provide its correct taxpayer identification number also may be subject to penalties imposed by the IRS.

Generally, if you are a non-U.S. holder, we or our agent must report annually to you and to the IRS the amount of any payments of interest to you, your name and address, and the amount of tax withheld, if any. Copies of the information returns reporting those interest payments and amounts withheld may be available to the tax authorities in the country in which you reside under the provisions of any applicable income tax treaty or exchange of information agreement.

If you provide the applicable IRS Form W-8BEN, IRS Form W-8BEN-E, IRS Form W-8IMY or other applicable form, together with all appropriate attachments, signed under penalties of perjury, identifying yourself and stating that you are not a U.S. person, you generally will not be subject to U.S. backup withholding with respect to interest payments (provided that neither we nor an applicable paying agent knows or has reason to know that you are a U.S. person or that the conditions of any other exemptions are not in fact satisfied).

Under current Treasury regulations, payments on the sale, exchange or other taxable disposition of a bond made to or through a U.S. office of a broker generally will be subject to information reporting and backup withholding unless you either certify your status as a non-U.S. holder under penalties of perjury on the applicable IRS Form W-8BEN, IRS Form W-8BEN-E, IRS Form W-8IMY or other applicable form (as described above) or otherwise establish an exemption. The payment of the proceeds on the disposition of a bond by you to or through a non-U.S. office of a non-U.S. broker generally will not be subject to backup withholding or information reporting. However, the payment of proceeds on the disposition of a bond to or through a non-U.S. office of a U.S. broker, or (i) a controlled foreign corporation for U.S. federal income tax purposes, (ii) a foreign person 50% or more of whose gross income from all sources for a specified three-year period is derived from activities that are effectively connected with the conduct of a U.S. trade or business, (iii) a foreign partnership with certain connections to the United States or (iv) a U.S. branch of a foreign bank or insurance company, generally will be subject to information reporting (but not backup withholding) unless you certify your status as a non-U.S. holder under penalties of perjury or otherwise establish an exemption, or unless the broker has certain documentary evidence in its files as to your foreign status and has no actual knowledge or reason to know that you are a U.S. person or that the conditions of any other exemptions are not in fact satisfied.

The current backup withholding rate is 28%. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner would be allowed as a refund or a credit against such beneficial owner's U.S. federal income tax provided the required information is timely furnished to the IRS.

[Table of Contents](#)**FATCA**

Subject to certain transition rules announced in IRS Notice 2014-33 relating to “preexisting obligations”, legislation enacted in March 2010 and related Treasury guidance (commonly referred to as **FATCA**) will, when applicable, impose U.S. federal withholding tax at a rate of 30% on U.S. source interest paid after June 30, 2014 and the gross proceeds from the sale or other disposition of an obligation that produces U.S. source interest made after December 31, 2016 to certain foreign entities. In the case of payments made to a foreign financial institution as defined under FATCA (including, among other entities, an investment fund), as a beneficial owner or as an intermediary, the tax generally will be imposed, subject to certain exceptions, unless such institution (i) enters into (or is otherwise subject to) and complies with an agreement with the U.S. government or (ii) complies with applicable foreign law enacted in connection with an intergovernmental agreement between the United States and a foreign jurisdiction, in either case to, among other things, collect and provide to U.S. or other relevant tax authorities certain information regarding U.S. account holders of such institution. In the case of payments made to a foreign entity that is not a foreign financial institution (as a beneficial owner), the tax generally will be imposed, subject to certain exceptions, unless such foreign entity provides the withholding agent with a certification that it does not have any substantial U.S. owner (generally, any specified U.S. person that directly or indirectly owns more than a specified percentage of such entity) or that identifies its substantial U.S. owners. U.S. holders that own their interests in a bond through foreign entities and intermediaries, and non-U.S. holders are encouraged to consult their tax advisor regarding FATCA.

ERISA CONSIDERATIONS

General

ERISA and the Internal Revenue Code impose certain requirements on plans subject to ERISA and/or Section 4975 of the Internal Revenue Code and on persons or entities that are fiduciaries with respect to such plans. For purposes of this discussion, **plans** include employee benefit plans and other plans and arrangements that provide retirement income, including individual retirement accounts and annuities and Keogh plans, as well as some collective investment funds and insurance company general or separate accounts or other entities that may be deemed to hold the assets of those plans, accounts or arrangements. A fiduciary of a plan is any person or entity that in connection with the assets of the plan:

- exercises discretionary authority or control over the management or disposition of plan assets; or
- provides investment advice for a fee.

Some plans, such as governmental plans, and certain church plans, and the fiduciaries of those plans, may not be subject to the fiduciary responsibility provisions of ERISA or the prohibited transaction rules of ERISA or Section 4975 of the Internal Revenue Code. Accordingly, assets of these plans may be invested in the bonds without regard to the ERISA considerations described below, but any such plan that is qualified and exempt from taxation under Sections 401(a) and 501(a) of the Internal Revenue Code is subject to the prohibited transaction rules in Section 503 of the Internal Revenue Code. In addition, such plans may be subject to the provisions of other similar federal, state or local laws. Accordingly, any fiduciary of such plans must determine whether purchasing the bonds is permitted under any applicable similar federal, state or local laws.

ERISA imposes certain general fiduciary requirements on plan fiduciaries, including:

- investment prudence and diversification; and
- the investment of the assets of the plan in accordance with the documents governing the plan.

ERISA and the Internal Revenue Code also prohibit a broad range of transactions involving the assets of a plan and persons or entities that have certain specified relationships to the plan, referred to as parties in interest or disqualified persons, unless a statutory or administrative exemption is available. For purposes of this discussion, **parties in interest** include parties in interest under ERISA and disqualified persons under the Internal Revenue Code. The types of transactions between a plan and a party in interest that are prohibited include:

- sales, exchanges or leases of property;
- loans or other extensions of credit; and
- the furnishing of goods or services.

Certain persons or entities that participate in a prohibited transaction may be subject to an excise tax under Section 4975 of the Internal Revenue Code or a penalty imposed under Section 502(i) of ERISA, unless a statutory or administrative exemption is available. In addition, the persons or entities involved in the prohibited transaction may have to cancel the transaction and pay an amount to the plan for any losses realized by the plan or profits realized by these persons or entities. In addition, individual retirement accounts involved in the prohibited transaction may be disqualified, which would result in adverse tax consequences to the owner of the account.

Regulation of Assets Included in a Plan

A fiduciary's investment of the assets of a plan in the bonds may cause our assets to be deemed assets of the plan. Section 2510.3-101 of the regulations of the United States Department of Labor, as modified by Section 3(42) of ERISA, known as the **plan asset regulations**, provides that the assets of an entity will be deemed to be assets of a plan that purchases an interest in the entity if the interest that is purchased by the plan is an equity interest, equity participation by benefit plan investors is significant and none of the other exceptions contained in Section 2510.3-101 of the regulations applies. An equity interest is defined in Section 2510.3-101 of the regulations as an interest in an entity other than an instrument that is treated as indebtedness under applicable local law and that has no substantial equity features. Although there is no authority directly on point and unless otherwise stated in the prospectus supplement, it is anticipated that the bonds will be treated as indebtedness under local law without any substantial equity features for purposes of the plan asset regulations.

If the bonds were deemed to be equity interests in us and none of the exceptions contained in Section 2510.3-101 of the regulations were applicable, then our assets would be considered to be assets of any plans that purchase the bonds. The extent to which the bonds are owned by benefit plan investors (as defined in the plan asset regulations) will not be monitored. If our assets were deemed to constitute plan assets pursuant to the plan asset regulations, transactions we might enter into, or

[Table of Contents](#)

may have entered into in the ordinary course of business, might constitute non-exempt prohibited transactions under ERISA and/or Section 4975 of the Internal Revenue Code.

In addition, the acquisition or holding of the bonds by or on behalf of a plan could give rise to a prohibited transaction if we or the trustee, Consumers Energy, any other servicer, CMS Energy, any underwriter or certain of their affiliates has, or acquires, a relationship to the investing plan. Each purchaser and holder of a bond will be deemed to have represented and warranted by virtue of its acquisition and holding of a bond that either (i) it is not and is not acting on behalf of, or using assets of, (a) a plan that is subject to ERISA or Section 4975 of the Internal Revenue Code or (b) an entity that holds or is deemed to hold the assets of such plan or (ii) its purchase and holding of the bond will not result in a non-exempt prohibited transaction under ERISA or the Internal Revenue Code.

Before purchasing any bonds by or on behalf of, or with assets of, a plan, you should consider whether the purchase and holding of bonds might result in a prohibited transaction under ERISA or the Internal Revenue Code and, if so, whether any prohibited transaction exemption might apply to the purchase and holding of the bonds.

Prohibited Transaction Exemptions

If you are a fiduciary of a plan or any other person or entity proposing to purchase the bonds on behalf of or using assets of a plan, before purchasing any bonds, you should consider the availability of one of the United States Department of Labor's prohibited transaction class exemptions, referred to as **PTCEs**, or one of the statutory exemptions provided by ERISA or Section 4975 of the Internal Revenue Code, which include:

- PTCE 75-1, which exempts certain transactions between a plan and certain broker-dealers, reporting dealers and banks;
- PTCE 84-14, which exempts certain transactions effected on behalf of a plan by a qualified professional asset manager;
- PTCE 90-1, which exempts certain transactions between insurance company separate accounts and parties in interest;
- PTCE 91-38, which exempts certain transactions between bank collective investment funds and parties in interest;
- PTCE 95-60, which exempts certain transactions between insurance company general accounts and parties in interest;
- PTCE 96-23, which exempts certain transactions effected on behalf of a plan by an in-house asset manager; and
- the statutory service provider exemption provided under Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Internal Revenue Code, which exempts certain transactions between plans and certain parties in interest that are not fiduciaries with respect to the transaction.

We cannot provide any assurance that any of these class exemptions or statutory exemptions will apply with respect to any particular investment in the bonds by, on behalf of or using assets of a plan or, even if it were deemed to apply, that any exemption would apply to all transactions that may occur in connection with the investment. Even if one of these class exemptions or statutory exemptions were deemed to apply, bonds may not be purchased with assets of any plan if we or the trustee, Consumers Energy, any other servicer, CMS Energy, any underwriter or any of their affiliates:

- has investment discretion over the assets of the plan used to purchase the bonds;
- has authority or responsibility to give, or regularly gives, investment advice regarding the assets of the plan used to purchase the bonds, for a fee and under an agreement or understanding that the advice will serve as a primary basis for investment decisions for the assets of the plan, and will be based on the particular investment needs of the plan; or
- unless PTCE 90-1 or PTCE 91-38 applied to the purchase and holding of the bonds, is an employer maintaining or contributing to the plan.

Consultation with Counsel

If you are a fiduciary of a plan or any other person or entity that proposes to purchase the bonds on behalf of, or with assets of, a plan, you should consult with your legal counsel as to the potential applicability of the plan asset regulations, the general fiduciary responsibility provisions of ERISA, the prohibited transaction provisions of ERISA and the Internal Revenue Code to any such investment and the availability of any prohibited transaction exemption in connection with any investment and/or the applicability of any similar federal, state or local laws.

PLAN OF DISTRIBUTION

We may sell the bonds to or through the underwriters named in the prospectus supplement by a negotiated firm commitment underwriting and public reoffering by the underwriters or another underwriting arrangement specified in the prospectus supplement. We may also offer or place the bonds either directly or through agents. We intend that bonds will be offered through these various methods from time to time and that offerings may be made concurrently through more than one of these methods or that an offering of the bonds may be made through a combination of these methods.

The distribution of the bonds may be effected in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to prevailing market prices or in negotiated transactions or otherwise at varying prices to be determined at the time of sale.

In connection with the sale of the bonds, underwriters or agents may receive compensation in the form of discounts, concessions or commissions. Underwriters may sell bonds to dealers at prices less a concession. Underwriters may allow, and the dealers may reallow, a concession to other dealers. Underwriters, dealers and agents that participate in the distribution of the bonds may be deemed to be underwriters, and any discounts or commissions received by them from the issuing entity and any profit on the resale of the bonds by them may be deemed to be underwriting discounts and commissions under the Securities Act of 1933, as amended. We will identify any of these underwriters or agents, and describe any compensation we give them, in the prospectus supplement.

RATINGS FOR THE SECURITIZATION BONDS

We expect that the bonds will receive credit ratings from two NRSROs. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning NRSRO. Each rating should be evaluated independently of any other rating. No person or entity is obligated to maintain the rating on any bonds and, accordingly, we can give no assurance that the ratings assigned to any tranche of the bonds upon initial issuance will not be lowered or withdrawn by an NRSRO at any time thereafter. If a rating of any tranche of bonds is lowered or withdrawn, the liquidity of this tranche of the bonds may be adversely affected. In general, ratings address credit risk and do not represent any assessment of any particular rate of principal payments on the bonds other than the payment in full of each tranche of the bonds by the final maturity date or tranche final maturity date, as well as the timely payment of interest.

Under Rule 17g-5 under the Exchange Act, NRSROs providing the sponsor with the requisite certification will have access to all information posted on a website by the sponsor for the purpose of determining the initial rating and monitoring the rating after the issuance date in respect of the bonds. As a result, an NRSRO other than the hired NRSROs may issue unsolicited ratings on the bonds, which may be lower, and could be significantly lower, than the ratings assigned by the hired NRSROs. The unsolicited ratings may be issued prior to, or after, the issuance date in respect of the bonds. Issuance of any unsolicited rating will not affect the issuance of the bonds. Issuance of an unsolicited rating lower than the ratings assigned by the hired NRSRO on the bonds might adversely affect the value of the bonds and, for regulated entities, could affect the status of the bonds as a legal investment or the capital treatment of the bonds. Investors in the bonds should consult with their legal counsel regarding the effect of the issuance of a rating by a non-hired NRSRO that is lower than the rating of a hired NRSRO.

A portion of the fees paid by Consumers Energy to an NRSRO that is hired to assign a rating on the bonds is contingent upon the issuance of the bonds. In addition to the fees paid by Consumers Energy to an NRSRO at closing, Consumers Energy will pay a fee to the NRSRO for ongoing surveillance for so long as the bonds are outstanding. However, no NRSRO is under any obligation to continue to monitor or provide a rating on the bonds.
